HOUSE JOURNAL No. 1

Wednesday, January 7, 1998

This day, January 7, 1998, the first Wednesday following the first Tuesday in January being the day designated by the Constitution (Art. 3rd, Part 2nd) for assembling of the second-year session of the 155th General Court of the State of New Hampshire, at the Capitol in the city of Concord, the Speaker convened the 1998 House of Representatives and called the session to order at 10:00 a.m.

Prayer was offered by House Chaplain, Reverend Edward G. Horstmann.

As we gather together in the freshness of a New Year, grant unto us, O God, a sense of the questions You are asking, the needs You are perceiving, and the hopes You are planting. Enable these representatives and those who support them to work with energy and imagination for Your coming justice so that our common life may be inspired by their vision and nourished by their labors. Amen.

Reps. Knowles and Norelli led the Pledge of Allegiance.

LEAVES OF ABSENCE

Reps. George Brown, Jane Clemons, Earle Chandler, David Cote, Patricia Cote, Ferguson, Robert Foster, Healy, Claudette Jean, Spear, Paul Taylor, Donald Welch and Wright, the day, illness.

Reps. Adams, Briefs, Flint, Hart and Langley, the day, important business.

Rep. MacAuslan, the day, death in the family.

INTRODUCTION OF GUESTS

Withee, guest of Rep. Flora. Mary and Dick Barnes, guests of Rep. Alger.

SPECIAL GUESTS

The Raymond High School Boys' Varsity Soccer Team, 1997 Class "M" champions, guests of the House.

PRESENTATION AND REMARKS

On behalf of the House of Representatives, the Speaker presented Donn Tibbetts, State House Bureau Chief for the Manchester Union Leader with a Declaration on the occasion of his retirement.

Rep. Simmons moved that the remarks of Mr. Tibbetts be printed in the Journal.

Hearing no objection, the Speaker so ordered.

Mr. Tibbetts addressed the House.

Madam Speaker, the honorable Majority Leader, the honorable Democratic Leader and the Libertarians if they are here, too. I just want to thank you very much and to publicly applaud not only those of you that are here today, but your predecessors who over the years have answered some of the tough questions that we posed on behalf of the public; also to commend you and your predecessors for the public service that you truly perform in this state. When you get \$100 per year for what you do, for the sacrifices that you have to make in order to serve, the State of New Hampshire should be very grateful to each and every one of you. You have a tough session ahead. I guess it was a good time for me to decide to step down. I wish you luck. I'm confident that you will come up with a solution to the problem as has been the case in years gone by. Fight the good fight, but please be kind to each other. God bless you. Thank you very much.

COMMUNICATIONS

September 1, 1997

Hon. Donna Sytek, Speaker of the House

It is with much regret that I offer my resignation as State Representative.

Since I have accepted employment as a consultant with a lobbying firm, naturally part of my responsibilities will involve lobbying.

Because I wish to avoid a conflict, or even the appearance of a conflict, I believe my resignation to be the most prudent course of action.

Cynthia A. McGovern, Rock. 35

The Speaker accepted the resignation with regret.

September 12, 1997

Hon. Donna Sytek, Speaker of the House

It is with deep regrets that I inform you of my resignation from the New Hampshire House of Representatives effective today at 12:00 noon. My recent appointment with the New Hampshire Liquor Commission and my future educational goals no longer afford me the much needed time to effectively manage and represent my district.

The Legislature and all the wonderful friends I have made while serving the General Court will truly be missed and will always be in my memories.

Dana S. Hilliard, Straf. 14

The Speaker accepted the resignation with regret.

October 7, 1997

Hon. Donna Sytek, Speaker of the House

Due to personal reasons and employment constraints, I regret to inform you that I must submit my resignation from the New Hampshire Legislature. This will be effective immediately.

Whereas I no longer reside in District 12, I have removed the plates from my car and have attended no committee or subcommittee meetings in recent weeks. I will notify the Town of Pembroke of my decision.

I wish to thank you for your assistance during this past session. My one year in the Legislature has truly been a marvelous education and a worthwhile experience. Thank you and best of luck for the next session.

Kathleen A. Colburn, Merr. 12

The Speaker accepted the resignation with regret.

November 13, 1997

Hon. Donna Sytek, Speaker of the House

It is with mixed emotions that I write to inform you of our most recent purchase. Susan and I have recently purchased a new home. Although we love our new home, sadly, we will no longer reside in my district. This is the same district, neighborhood, and home I've lived in all my life.

I began my service in the New Hampshire House in 1991 in a special election as a result of a vacancy due to a move out of the district. How ironic it is now that I must resign for the same reason.

I want to express to you, and to all members of this House, my sincere thanks for your many acts of kindness and mutual respect. To the members of the Democratic Party, I thank them for their support and confidence in my abilities. To the members of the Executive Departments and Administration Committee, whom I will especially miss, I thank you for your friendships and your abilities to disagree without being disagreeable, your ability to compromise and common sense. Finally, Madam Speaker, I want to publicly thank my constituents for their confidence in me and allowing me to be their voice in the General Court. I will always cherish the many fond memories of this honorable institution and all those who serve the fine citizens of this great state.

My resignation will be effective today, November 13, 1997.

I will keep you all in my prayers and wish you well.

Robert Paul Asselin, Hills. 47

The Speaker accepted the resignation with regret.

October 8, 1997

Karen Wadsworth, Clerk of the House

Please be advised that the following representatives-elect were sworn into office by the Governor and Executive Council on this day:

Rockingham 13, Frank Sapareto, r, Derry (14 Oxbow Lane) 03038

Rockingham 26, Janeen Dalrymple, r, Salem (82 Lake St.) 03079

Sullivan 9, Amy Robb-Theroux, d, Claremont (68 Ridge Ave.) 03743

William M. Gardner, Secretary of State

November 6, 1997

Karen Wadsworth, Clerk of the House

Please be advised that the following representative-elect was sworn into office by the Governor and Executive Council on this day:

Rockingham 16, Marie N. Rabideau, r, Plaistow (54 Forrest St.) 03865

William M. Gardner, Secretary of State

November 19, 1997

Karen Wadsworth, Clerk of the House

Please be advised that the following representatives-elect were sworn into office by the Governor and Executive Council on this day:

Rockingham 35, Jacqueline Pitts, d, Portsmouth (110 Ledgewood Dr.) 03801

Hillsborough 33, Chris Konys, d, Nashua (10 Decatur Dr.) 03062

Hillsborough 14 Robert H. Rowe, r, Amherst (Box 1117) 03031

William M. Gardner, Secretary of State

December 17, 1997

Karen Wadsworth, Clerk of the House

Please be advised that the following representative-elect was sworn into office by the Governor and Executive Council on this day:

Strafford 14, Richard F. Heon, d, Somersworth (PO Box 269) 03878

William M. Gardner, Secretary of State

The House of Representatives offered the following:

HOUSE RESOLUTION NO. 50

memorializing State Representative LeRoy S. Dube of Plaistow

WHEREAS, it is with great sadness we have learned of the death of our esteemed colleague, LeRoy S. Dube, who was in the midst of his fifth consecutive term as an honorable and dedicated member of the House of Representatives, and

WHEREAS, during his distinguished nine-year legislative tenure, which began in January of 1989, LeRoy S. Dube, with competence and great energy, did serve as a member of the Standing Committees on Constitutional & Statutory Revision, and Election Law, and also did serve as a member of the Rockingham County Delegation Executive Committee, and

WHEREAS, having been born in Haverhill, Massachusetts, LeRoy S. Dube, fifty years ago, did choose to settle and make his home in the Town of Plaistow, where over that time he faithfully did serve the citizenry in a myriad of ways, including as Chairman of the Board of Selectman, as a member of the Town Budget Committee and as Town Auditor, as well as energetically having led the way to computerize the Town's tax-billing process, and

WHEREAS, having been an amicable man blessed with an abundance of energy and the credentials of leadership, LeRoy S. Dube did establish, in 1974, the New Hampshire Housing Finance Commission, and did sit as a diligent member of the Site Committee for the Plaistow District Courthouse, and

WHEREAS, LeRoy S. Dube never abandoned or forgot the city of his birth, having served with the United Fund of Greater Haverhill and as a Director of the Rotary Club of Haverhill, having recorded forty years of perfect attendance, and

WHEREAS, LeRoy S. Dube was an active and devoted supporter of the Boy Scouts of America, and a faithful communicant and leader at Holy Angels Parish in Plaistow, and was the recipient of numerous awards and honors from the Town Fathers and from many organizations, now therefore be it

RESOLVED, by the House of Representatives, in regular session convened, that LeRoy S. Dube be granted highest praise and recognition for his dedicated and exemplary legislative service, and for his like service to the Community, and that he be acknowledged for his gentlemanliness and integrity, and be it further

RESOLVED, that expressions of heartfelt sympathy be extended to his family, and that a suitable copy of this Resolution be prepared for presentation to his family.
Unanimously adopted by a rising vote.

HOUSE RESOLUTION NO. 51

memorializing State Representative David S. Feng of Hudson

WHEREAS, it is with profound sadness and deep regret that word has come to us of the death of our esteemed legislative colleague, David S. Feng, who was in the midst of his second term as an honorable and diligent member of the House of Representatives, and

WHEREAS, David S. Feng easily did earn the esteem of his fellow Representatives while sitting on the Standing Committees on Finance and Science & Technology, faithfully serving with great enthusiasm and devotion, his constituency of District 23 of Hillsborough County, and

WHEREAS, having been blessed with a great sense of community spirit fueled by high energy, David S. Feng did serve the people of Hudson as chairman of the School Board, as a member of the Budget Committee and as a member of the State Board of Education, and

WHEREAS, David S. Feng was an erudite man who did place a high value on education and who did matriculate and earn degrees at Tamkang College in Taipei, Taiwan, Rutgers University and Boston University, and did study at Massachusetts Institute of Technology, and,

WHEREAS, David S. Feng was a well respected member of the engineering community and was an active member of the American Society of Engineering Education and the Institute of Electrical and Electronic Engineers, and

WHEREAS, David S. Feng was born in Shanghai, China, and was widely known as an amicable family man, devoted to his wife, Helen and their three children, now therefore be it

RESOLVED, by the House of Representatives, in regular session convened, that David S. Feng be granted highest praise and recognition for his dedicated and exemplary legislative service, and for his major service to the Town of Hudson, and be it further

RESOLVED, that expressions of heartfelt sympathy be extended to his family, and that a suitable copy of this Resolution be prepared for presentation to his family.
Unanimously adopted by a rising vote.

CALL OF THE ROLL

With 309 members having answered the call of the roll, a quorum was declared present.

REMARKS

Rep. Lozeau moved that the remarks made by Speaker Sytek be printed in the Journal.
Hearing no objection, the Speaker so ordered.

I want to welcome you all back. It is kind of like the first day of school. Everybody is in their fancy duds and bright shiny faces and ready to work. I told you last year that you were serving in an historic session. I didn't know quite how historic it was going to be. Given the additionally complex issues that were added to our agenda, I think it falls under the heading of "no good deed goes unpunished." We are here to earn our \$100 this year. But you need to think about a few things. This isn't the first time we've had to grapple with complex issues. We've done it before and we've done it successfully. We can do it again. I also want to remind us all that we shouldn't be so consumed with one or two issues that we forget the other 800 or so other bills that have been introduced. There are committees that have a lot of work to do that are equally important. We don't know which of the bills we pass this year will have the long-term impact. Only hindsight will be able to determine that. We need to concentrate our efforts on all the bills that are before us. To echo a little bit of what Donn Tibbetts said, I think that we need to be guided at all times by a sense of civility and propriety. The more contentious the issue is the more vital it is that we not let our emotions overcome our good sense. We are elected to govern, not to grandstand. And lastly, on a little personal note, I want to address one theme that has emerged over the past few weeks. That theme is bi-partisanship. The pundits are asking me on the Claremont decision: "Well, what is it going to be, Madam Speaker? Is it going to

be politics or is it going to be bi-partisanship?" The answer to this is right before you today. Look around. We are Republicans; we are Democrats. We are, in effect, a 400-member blue-ribbon committee to solve the problems that the Supreme Court has laid at our doorstep. We've done this before. We have the expertise in our standing committees. We have the history of 400 member's life experience. We have the expertise of the people who have been working with these policies for years. We have the infusion of new ideas in the part of our new members. We have the stuff to get the job done and we will do it in a bi-partisan way as we always have in this House. Each of us has opinions on the pivotal issues of the day, myself included. And from time-to-time I'll be speaking out in favor of or opposed to something. I think that is nothing more than the prerogative that each one of us has and I encourage you to exercise it. But, I want to ensure that our process of deliberating is at all times open and fair. That is my responsibility as your presiding officer. It is a responsibility I am privileged to have and enjoy doing. It is going to be a challenging year. We can get the job done and we can do it in a manner that makes the public proud for having elected us to serve them at this important time. Thank you.

RESOLUTION

Rep. Wheeler offered the following: **RESOLVED**, that in accordance with the list in the possession of the Clerk, House Bills numbered 1011, 1040 and 1100 through 1657, House Concurrent Resolutions numbered 20 through 25, House Joint Resolutions numbered 20 through 24, House Resolutions numbered 52 thorough 54, and Constitutional Amendment Concurrent Resolutions numbered 30 through 43, shall be by this resolution read a first and second time by the therein listed titles, sent for printing, and referred to the therein designated committees.

Adopted.

INTRODUCTION OF HOUSE BILLS, HCRs, HJR, HRs and CACRs

First, second reading and referral

- HB 1470**, relative to protection of religious freedoms. (Guay, Coos 6: Judiciary and Family Law)
- HB 1471**, allowing loss of familial relationship damages in wrongful death actions. (Keans, Straf 16; Wall, Straf 9: Judiciary and Family Law)
- HB 1472**, relative to employment of prisoners. (Cushing, Rock 22: Criminal Justice and Public Safety)
- HB 1473-FN-A**, establishing a wildlife damage control program and making an appropriation therefor. (Mock, Carr 3; L'Heureux, Hills 18; Melcher, Hills 11; Patenaude, Dist 7: Wildlife and Marine Resources)
- HB 1474**, establishing a study committee on a unified corrections system. (K. Rogers, Merr 22; G. Chandler, Carr 1; Calawa, Hills 17; Knowles, Straf 11: Criminal Justice and Public Safety)
- HB 1475**, relative to revising certain programs within the postsecondary education commission. (Belvin, Hills 14: Education)
- HB 1476-L**, enabling school districts to allow parental choice among public and nonpublic schools. (M. Brown, Merr 10; F. Riley, Hills 44; Arnold, Hills 20; Alger, Graf 9; Boyce, Belk 5; Cooper, Carr 2; Burke, Hills 15; Lavoie, Merr 12; Rubens, Dist 5: Education)
- HB 1477**, clarifying the waste reduction goals for the state of New Hampshire. (Hall, Hills 20; Alger, Graf 9; Philbrick, Carr 4; Davis, Coos 1: Environment and Agriculture)
- HB 1478**, recognizing American sign language as the primary language of deaf citizens. (Gagnon, Hills 48; Batula, Hills 18; S. Holley, Hills 28; Podles, Dist 16: Education)
- HB 1479**, establishing education partnership agreements to encourage and enhance the study of scientific and technological discipline in the public schools. (Franks, Hills 26; Ferguson, Hills 13; Dawe, Hills 33; MacAuslan, Hills 30; Trelfa, Graf 2; Gordon, Dist 2; McCarley, Dist 6: Education)
- HB 1480-L**, allowing a city or town to petition the liquor commission to revoke the liquor license of a licensee located within the city or town. (Pepino, Hills 40; W. McCarthy, Hills 41; Buckley, Hills 44; J. King, Dist 18; Podles, Dist 16: Local and Regulated Revenues)
- HB 1481**, granting rulemaking authority to the executive director of fish and game to determine the legal length of lobsters. (Malcolm, Rock 22; J. McCarthy, Rock 24; Francoeur, Rock 22; Cohen, Dist 24: Wildlife and Marine Resources)

- HB 1482**, providing a mechanism for optional fiscal year towns to use the official ballot voting procedures. (Pfaff, Merr 11; Hess, Merr 11; Langer, Merr 11: Municipal and County Government)
- HB 1483**, authorizing secret ballot voting at annual meeting. (Hurt, Belk 4: Municipal and County Government)
- HB 1484**, relative to motor vehicle insurance. (Christiansen, Hills 23: Commerce)
- HB 1485**, establishing a redistricting commission. (Cushing, Rock 22; A. Merrill, Straf 8: Election Law)
- HB 1486**, establishing a committee to study joint physical custody and child support guidelines. (Merritt, Straf 8; Woods, Rock 25; Bickford, Straf 1; Richardson, Ches 12: Judiciary and Family Law)
- HB 1487**, allowing a receiving district to withdraw from an authorized regional enrollment area school. (Dickinson, Carr 2: Education)
- HB 1488**, amending the definition of candidate and requiring additional reporting under the political expenditures and contributions act. (J. Foster, Hills 33: Election Law)
- HB 1489**, eliminating the duty of a public employee labor organization to represent employees who elect not to join the employee organization. (Cossette, Straf 19: Labor, Industrial and Rehabilitative Services)
- HB 1490**, requiring defendants charged with certain crimes to turn over firearms to law enforcement agencies; requiring a protective order for surrender of firearms in cases of abuse; and allowing protective orders on behalf of public servants and witnesses who are victims of stalking or criminal threatening. (Dunn, Merr 24; Pilliod, Belk 3; Knowles, Straf 11; Wiggins, Sull 4: Criminal Justice and Public Safety)
- HB 1491**, making the second Tuesday in April, rather than the second Tuesday in March, the election day for all local offices and for official ballot voting. (Fesh, Rock 13; Dodge, Rock 4; Letourneau, Rock 13; G. Katsakiores, Rock 13: Municipal and County Government)
- HB 1492-L**, relative to limiting increases in the assessed valuation of property. (Fesh, Rock 13; Sapareto, Rock 13; Mirski, Graf 12: Local and Regulated Revenues)
- HB 1493-L**, relative to clarifying school district liability for children placed in homes for children, health care facilities, or state institutions. (O'Hearn, Hills 26; Dearborn, Rock 23; Durham, Hills 22; Gordon, Dist 2: Education)
- HB 1494**, relative to public/private department of transportation partnership projects. (Nowe, Rock 3; Gleason, Rock 13; G. Katsakiores, Rock 13; Barnes, Dist 17: Public Works and Highways)
- HB 1495**, relative to procedures for apportioning state representatives among counties and among legislative districts. (MacGillivray, Hills 21: Election Law)
- HB 1496**, relative to energy facility evaluation. (MacGillivray, Hills 21; Below, Graf 13; Lynde, Hills 24; J. Bradley, Carr 8: Science, Technology and Energy)
- HB 1497**, establishing a committee to study adoption of a single factor method of apportionment for business taxation purposes. (Mercer, Hills 27; Mittelman, Hills 37; F. King, Dist 1: Finance)
- HB 1498**, requiring emergency medical care providers to inform patients of transport options. (McGough, Hills 18; Burling, Sull 1: Health, Human Services and Elderly Affairs)
- HB 1499**, establishing a committee to study the circumstances and investigation of the deaths of Janet and Steven Dow; providing an exception from statutes of limitations for certain unlawful acts related to murders; relative to false reports to law enforcement officers; and nullifying the adoption of Steven Medeiros. (Cushing, Rock 22; Wiggins, Sull 4; Chase, Graf 6; Cohen, Dist 24: Criminal Justice and Public Safety)
- HB 1500**, relative to powers of appointment. (Mock, Carr 3; Johnson, Dist 3: Judiciary and Family Law)
- HB 1501**, relative to amending certain provisions of the charter school law. (Hunt, Ches 10; Champagne, Ches 19; Belvin, Hills 14; Rubens, Dist 5: Education)
- HB 1502**, extending the reporting date for the statewide school technology plan study committee. (Belvin, Hills 14; Vaughn, Rock 35; Major, Rock 16; Larsen, Dist 15: Education)
- HB 1503-FN-A-L**, relative to intergenerational homeshare programs and making an appropriation therefor. (Seldin, Merr 17; Micklon, Rock 26; Jacobson, Merr 2; Larsen, Dist 15; Podles, Dist 16: Health, Human Services and Elderly Affairs)
- HB 1504-FN**, repealing the authority of the chief justice of the supreme court to assign superior court judges to hear cases in the district court. (Pepino, Hills 40: Judiciary and Family Law)
- HB 1505-FN**, removing judges from the state defense and indemnification provisions. (Hemon, Straf 11: Judiciary and Family Law)

- HB 1506-FN**, changing the composition of the liquor commission. (Burling, Sull 1: Executive Departments and Administration)
- HB 1507-FN-A**, providing for a graduated reduction in the temporary increases in the communications services tax, meals and rooms tax, and the real estate transfer tax. (Leber, Merr 1; Weyler, Rock 18; M. Brown, Merr 10: Finance)
- HB 1508-FN**, regulating the practice of hypnotherapy. (Dunn, Merr 24; Brundige, Hills 18; Milligan, Hills 18; Seldin, Merr 17; K. Wheeler, Dist 21: Executive Departments and Administration)
- HB 1509-FN**, relative to the content of motor vehicle registrations. (Hess, Merr 11; J. Bradley, Carr 8; Johnson, Dist 3; Pignatelli, Dist 13: Criminal Justice and Public Safety)
- HB 1510-FN**, requiring probate court judges to report attorneys who are fiduciaries and have been cited for delinquencies in accounting by the probate court to the professional conduct committee of the supreme court. (Mirski, Graf 12; Roberge, Dist 9: Judiciary and Family Law)
- HB 1511-FN**, requiring registers of probate to send a notice to each beneficiary when a fiduciary is delinquent in filing an inventory or account. (Mirski, Graf 12; Roberge, Dist 9: Judiciary and Family Law)
- HB 1512-FN**, relative to credit card rates and payments. (Lynde, Hills 24: Commerce)
- HB 1513-FN-L**, extending the start date for the auto emissions testing program and requiring the commissioner of environmental services to propose for legislative consideration a diesel opacity testing program and a mobile source remote sensing pilot program. (J. Bradley, Carr 8; Below, Graf 13; MacGillivray, Hills 21; Pignatelli, Dist 13; Russman, Dist 19: Science, Technology and Energy)
- HB 1514-FN**, setting the biennial rate for the medicaid enhancement tax. (Weyler, Rock 18: Finance)
- HB 1515-FN**, relative to discharge of persons imprisoned for failure to pay a penalty assessment or an administrative fee. (Hansen, Hills 2: Criminal Justice and Public Safety)
- HB 1516**, requiring a criminal background investigation for all department of health and human services personnel who deal directly with children. (Lyman, Carr 5: Judiciary and Family Law)
- HB 1517-FN-A-L**, establishing a fund for maintaining, dredging, and improving harbors in New Hampshire. (Alukonis, Hills 23; W. McCarty, Hills 38; Leber, Merr 1; F. Torr, Straf 12; M. Whalley, Merr 5; Vaillancourt, Hills 44: Public Works and Highways)
- HB 1518-L**, increasing the minimum purchase amount by a county requiring competitive bidding. (Rice, Belk 7; Fraser, Merr 21; Stone, Rock 7; Metzger, Ches 13; Patten, Carr 9; Johnson, Dist 3; Whipple, Dist 8: Municipal and County Government)
- HB 1519**, requiring registers of probate to be consistent and uniform in the enforcement of delinquency notices, citations, and contempt charges. (Mirski, Graf 12; Roberge, Dist 9: Judiciary and Family Law)
- HB 1520-FN**, relative to primary petitions, political expenditures, and the jurisdiction of the ballot law commission. (Pfaff, Merr 11; Arnold, Hills 20; J. Foster, Hills 33; Patenaude, Dist 7; Rubens, Dist 5: Election Law)
- HB 1521-FN-A**, making supplemental appropriations to certain academic institutions within the university system of New Hampshire for fiscal years 1998 and 1999. (Hinman, Graf 7; K. Smith, Rock 29; Bernier, Hills 47; Rollo, Straf 10; MacNeil, Graf 7: Finance)
- HB 1522-FN**, establishing the offices of inspector general. (Cobbin, Graf 11: Executive Departments and Administration)
- HB 1523-FN**, adding security officers of the New Hampshire hospital campus security force to group II of the New Hampshire retirement system. (Dunn, Merr 24; Calawa, Hills 17; O'Keefe, Rock 21; Larsen, Dist 15: Executive Departments and Administration)
- HB 1524-FN**, licensing bail recovery agents. (Akins, Graf 14; Cushing, Rock 22; Dokmo, Hills 14: Executive Departments and Administration)
- HB 1525-FN**, establishing an office of administrative hearings. (Keans, Straf 16; Woods, Rock 25; M. Smith, Straf 8; Gordon, Dist 2; McCarley, Dist 6: Executive Departments and Administration)
- HB 1526-FN-A**, requiring the department of education to publish an annual report of special education statistics. (Root, Graf 8; Alger, Graf 9; D. White, Hills 25; Rubens, Dist 5; D. Wheeler, Dist 11: Education)
- HB 1527**, relative to unauthorized switching of service providers by utilities and clarifying the definition of "telephone cloning paraphernalia." (J. Bradley, Carr 8; Thomas, Belk 3; MacGillivray, Hills 21; Norelli, Rock 31; Lynde, Hills 24; J. King, Dist 18; F. King, Dist 1; Rubens, Dist 5; Larsen, Dist 15; Patenaude, Dist 7: Science, Technology and Energy)
- HB 1528**, relative to the transfer of certain administratively attached agencies from the secretary of state to the department of administrative services. (Dodge, Rock 4: Executive Departments and Administration)

- HB 1529**, reinstating the corporate charter of Hampstead Garage, Inc. (Flanagan, Rock 14: Commerce)
- HB 1530**, regarding the reappointment of teachers in their probationary period. (Alger, Graf 9; Gordon, Dist 2: Education)
- HB 1531-FN**, relative to reimbursement for removal of petroleum storage facilities from the oil pollution control fund. (Holbrook, Belk 7: Resources, Recreation and Development)
- HB 1532**, establishing a committee to study the village plan alternative to municipal subdivision procedures for the purpose of retaining open space in the development process. (Mirski, Graf 12: Municipal and County Government)
- HB 1533-L**, requiring court diversion programs to provide an accounting of funds appropriated by municipalities, requiring municipalities to publish such accounting in the annual report of the municipality, and requiring municipalities to separately state anticipated expenditures for court diversion programs in the budget. (McRae, Hills 7: Municipal and County Government)
- HB 1534**, granting an accused or aggrieved party the right to inform the jury of its right to find the defendant not guilty under certain circumstances when the state or a political subdivision is the opposing party. (P. Taylor, Hills 34: Judiciary and Family Law)
- HB 1535**, relative to local telephone calling areas and long distance access charges. (MacGillivray, Hills 21; Below, Graf 13; J. Bradley, Carr 8: Science, Technology and Energy)
- HB 1536**, establishing a committee to study women's health care and relative to breast feeding a baby. (Fuller Clark, Rock 36; Nordgren, Graf 10; Keans, Straf 16; Pilliod, Belk 3; Norelli, Rock 31; Rabideau, Rock 16; Woods, Rock 25; Larsen, Dist 15; K. Wheeler, Dist 21; Hollingworth, Dist 23; Cohen, Dist 24: Commerce)
- HB 1537**, relative to aeronautics enforcement authority. (LaMott, Graf 5; Leber, Merr 1; Gleason, Rock 13; Vaillancourt, Hills 44: Transportation)
- HB 1538-FN-A**, extending the reporting date for the committee to study judicial pensions, increasing the duties of the committee, and making an appropriation therefor. (Dyer, Hills 8; Kurk, Hills 5; Wheeler, Hills 7; Roberge, Dist 9; Fraser, Dist 4; Podles, Dist 16: Judiciary and Family Law)
- HB 1539**, relative to property tax billing procedures for land parcels having multiple owners. (Metzger, Ches 13: Municipal and County Government)
- HB 1540-FN**, allowing non-banks to establish cash dispensing machines. (Mittelman, Hills 37; T. Reardon, Merr 23; Fraser, Dist 4; Johnson, Dist 3: Commerce)
- HB 1541-FN-A**, creating a position in the insurance department. (Kurk, Hills 5; Sargent, Hills 3; J. King, Dist 18; Squires, Dist 12: Commerce)
- HB 1542-FN**, permitting the state to commit certain persons convicted of sexually violent crimes for psychiatric treatment after they have completed their sentences. (Knowles, Straf 11; Sabella, Rock 13; Mittelman, Hills 37: Criminal Justice and Public Safety)
- HB 1543-FN-L**, relative to disbursement of income of persons held or imprisoned in a county department of corrections facility. (Knowles, Straf 11; McCarley, Dist 6: Criminal Justice and Public Safety)
- HB 1544-FN**, prohibiting a prosecutor from testifying voluntarily as a character witness in a criminal case. (Mock, Carr 3: Criminal Justice and Public Safety)
- HB 1545-FN**, increasing the salaries of the labor commissioner and the deputy labor commissioner. (F. Torr, Straf 12; Klemm, Rock 28; Fraser, Dist 4: Executive Departments and Administration)
- HB 1546-FN**, extending consumer protection rights to purchasers of farm equipment. (G. Brown, Straf 17; Peter Cote, Hills 32; Callaghan, Straf 15: Commerce)
- HB 1547-FN-L**, relative to mandatory incarceration for violators of protective orders. (Dolan, Rock 12; Dodge, Rock 4; Coes, Rock 19: Criminal Justice and Public Safety)
- HB 1548-FN-A**, providing for the health care of New Hampshire children and making an appropriation therefor. (Burling, Sull 1; Wallner, Merr 24; A. Torr, Straf 12; Pilliod, Belk 3; McCarley, Dist 6; Larsen, Dist 15: Finance)
- HB 1549-FN**, granting a right to trial by jury in any controversy between a person or persons and a state board, commission, or agency when the amount in controversy is at least \$1,500. (L. Jean, Hills 17: Judiciary and Family Law)
- HB 1550-FN**, justifying the use of force against persons armed with deadly weapons engaging in illegal drug transactions and permitting life imprisonment as an enhanced sentence for persons who engaged in an illegal drug transaction while armed with deadly weapons. (Cobbin, Graf 11; McCann, Straf 11: Criminal Justice and Public Safety)

- HB 1551-FN**, adding dental insurance to the continuing insurance coverage for certain employees. (Allen, Hills 1: Commerce)
- HB 1552-FN-L**, relative to standards for juvenile court diversion programs. (McRae, Hills 7: Criminal Justice and Public Safety)
- HB 1553-FN**, prohibiting the possession or use of rohypnol, ketamine, and GHB. (Flora, Hills 15; Phinney, Graf 8; Pilliod, Belk 3; Estabrook, Straf 8; Francoeur, Rock 22; Hollingworth, Dist 23; Squires, Dist 12: Criminal Justice and Public Safety)

HB 1620, relative to the issuance of walking disability placards. (Cobbin, Graf 11: Transportation)

HB 1621, relative to the membership of the advisory committee on shore fisheries. (Abbott, Rock 19; Raynowska, Rock 26: Wildlife and Marine Resources)

- HB 1622-FN**, relative to remedies and appeals under the whistleblowers' protection act. (Cobbin, Graf 11: Judiciary and Family Law)
- HB 1623**, relative to a waiting period before a dog or cat may be euthanized and relative to requirements for cats. (Fields, Hills 18; Roberge, Dist 9: Municipal and County Government)
- HB 1624-FN**, relative to the membership of the wetlands council. (Royce, Ches 9; Patenaude, Dist 7: Resources, Recreation and Development)
- HB 1625-FN**, relative to financial disclosure by elected officials. (Almy, Graf 14: Legislative Administration)
- HB 1626-FN**, relative to illegal gambling businesses. (Pepino, Hills 40; Chase, Graf 6: Criminal Justice and Public Safety)
- HB 1627**, relative to deposits with the state treasurer of amounts due certain stockholders and creditors on the dissolution of a corporation. (Dyer, Hills 8: Finance)
- HB 1628**, relative to health care liability. (DePecol, Ches 14; Wall, Straf 9: Commerce)
- HB 1629**, relative to walking disability plates and placards. (Pilliod, Belk 3; Dodge, Rock 4; Bartlett, Belk 6; Calvert, Belk 5; Squires, Dist 12; Gordon, Dist 2: Transportation)
- HB 1630-FN**, relative to the transportation of high-level radioactive waste. (A. Merrill, Straf 8; J. Bradley, Carr 8; Kaen, Straf 7; M. Smith, Straf 8; Russman, Dist 19; J. King, Dist 18: Science, Technology and Energy)
- HB 1631-FN**, extending the moratorium on new nursing home beds. (Kurk, Hills 5; Dowling, Rock 13; Squires, Dist 12: Finance)
- HB 1632-FN-A-L**, promoting the development of telecommunications planning and coordination at a statewide level, establishing incentives for local government investment in telecommunications infrastructure, and permitting local governments to franchise or otherwise levy and collect payments for use of the rights-of-way. (Fraser, Merr 21; Whipple, Dist 8; Larsen, Dist 15: Science, Technology and Energy)
- HB 1633**, restricting unsolicited commercial electronic mail. (MacGillivray, Hills 21: Commerce)
- HB 1634**, relative to amending the definition of "educational institution" under the New Hampshire municipal bond bank educational institutions bond financing act. (Dyer, Hills 8: Education)
- HB 1635-FN**, establishing the crime of criminal storage of a firearm. (Fuller Clark, Rock 36; Woods, Rock 25; A. Pelletier, Straf 12; Cohen, Dist 24: Criminal Justice and Public Safety)
- HB 1636-FN**, relative to the executive director of fish and game and the fish and game commission. (Mock, Carr 3; Klemm, Rock 28; Pfaff, Merr 11; R. Rogers, Straf 15; MacNeil, Graf 7; Cohen, Dist 24; J. King, Dist 18; Patenaude, Dist 7: Executive Departments and Administration)
- HB 1637-FN**, repealing the requirement that the commissioner of the department of employment security maintain a state directory of new hires. (Mirski, Graf 12; Boyce, Belk 5: Judiciary and Family Law)
- HB 1638-L**, relative to the work program requirement for assisted persons who are single parents. (Guthrie, Rock 15: Municipal and County Government)
- HB 1639-A-L**, relative to U.S. Route 3 from Twin Mountain in Carroll to Clarksville and making an appropriation therefor. (G. Merrill, Coos 1; Davis, Coos 1; Moynihan, Coos 2; Tholl, Coos 5; Horton, Coos 3; F. King, Dist 1: Public Works and Highways)
- HB 1640-FN**, prohibiting the use of public resources for political purposes. (Root, Graf 8; Colburn, Merr 12; Alger, Graf 9; Christiansen, Hills 23; Larrabee, Merr 9: Executive Departments and Administration)
- HB 1641-FN**, requiring the sweepstakes commission to receive prior approval from the legislative fiscal committee and governor and council before advertising for lottery ticket and other sweepstakes ticket sales and reducing advertising expenditures. (Hansen, Hills 2: Local and Regulated Revenues)
- HB 1642-FN**, relative to changing the environmental laboratory certification program administered by the department of environmental services to an accreditation program. (McRae, Hills 7; Heath, Rock 20; Musler, Straf 6: Resources, Recreation and Development)
- HB 1643-FN-L**, consolidating the pari-mutuel commission and sweepstakes commission into a gaming commission. (Burling, Sull 1: Executive Departments and Administration)
- HB 1644-FN-A**, relative to general fund operating budget surpluses. (Kurk, Hills 5; F. Torr, Straf 12; A. Torr, Straf 12; Blaisdell, Dist 10: Finance)
- HB 1645**, to eliminate secrecy in the handling of complaints by any state ethics committee or conduct board or commission. (Cobbin, Graf 11: Legislative Administration)

HB 1646-FN, removing the intent requirement for crimes of possession under the controlled drug law and increasing penalties for violations of the controlled drug law involving marijuana and hashish. (Boyce, Belk 5: Criminal Justice and Public Safety)

HB 1647-FN, allowing a person to be sentenced to up to 2 years of electronically-monitored home confinement probation for a class A misdemeanor and relative to drug testing of persons on home confinement probation. (Boyce, Belk 5: Criminal Justice and Public Safety)

HB 1648, restricting the transporting of passengers in the bed of trucks. (Christie, Rock 22: Transportation)

HB 1649-FN-A, providing an exemption under the interest and dividends tax for taxpayers on a fixed income. (M. Brown, Merr 10; D. White, Hills 25; Cooper, Carr 2; Raynowska, Rock 26; F. Riley, Hills 44: Finance)

HB 1650-FN, relative to benefits under the unemployment compensation laws. (Guaraldi, Graf 14; Danais, Dist 20: Labor, Industrial and Rehabilitative Services)

HB 1651, establishing a committee to study the protection of consumers relative to cable television rates and services. (Boutin, Hills 37; Root, Graf 8; J. Clemons, Hills 31; Lynde, Hills 24; Francoeur, Dist 14; Larsen, Dist 15; Podles, Dist 16; Fraser, Dist 4; J. King, Dist 18: Science, Technology and Energy)

HB 1652, establishing a pilot program relative to the administration of medications in residential care facilities. (Copenhaver, Graf 10; R. Foster, Carr 10; Podles, Dist 16; K. Wheeler, Dist 21: Health, Human Services and Elderly Affairs)

HB 1653, relative to the composition of the board of barbering, cosmetology, and esthetics. (Stickney, Rock 26; Noyes, Rock 26: Executive Departments and Administration)

HB 1654, relative to consumer credit solicitations. (Sapareto, Rock 13: Commerce)

HB 1655-FN-A, relative to the authority of the length of service awards program committee, and making an appropriation therefor. (Dyer, Hills 8; W. Riley, Ches 7; Beaulieu, Rock 10; Langer, Merr 11; Robertson, Ches 18: Executive Departments and Administration)

HB 1656, relative to the law enforcement memorial. (K. Rogers, Merr 22: Public Works and Highways)

HB 1657, extending the consultant's reporting date for surveying the department of youth development services' facilities. (Lozeau, Hills 30: Finance)

HCR 20, recognizing the 100th anniversary of Old Home Day in New Hampshire. (Alger, Graf 9; Dickinson, Carr 2; Avery, Ches 8; Alukonis, Hills 23; Gordon, Dist 2; Larsen, Dist 15: Municipal and County Government)

HCR 21, encouraging the designation of the Connecticut River as an American Heritage River. (Akins, Graf 14; McGuirk, Ches 1; Hill, Graf 1; Schotanus, Sull 3; Horton, Coos 3; Gordon, Dist 2; Whipple, Dist 8: State-Federal Relations and Veterans Affairs)

HCR 22, rescinding the 1979 call for a federal constitutional convention. (W. Riley, Ches 7; Russell, Ches 15; McGuirk, Ches 1; Johnson, Dist 3; Roberge, Dist 9; Podles, Dist 16; Blaisdell, Dist 10: State-Federal Relations and Veterans Affairs)

HCR 23, urging Congress to provide relief for the Palestinian Christians by direct aid or by negotiation with the government of Israel. (Luebker, Hills 42: State-Federal Relations and Veterans Affairs)

HCR 24, urging Congress to enact legislation amending the Social Security Act to authorize issuance of waivers to states allowing design and implementation of alternative retirement plans. (Daniels, Hills 13: State-Federal Relations and Veterans Affairs)

HCR 25, requesting the U.S. Postal Service to issue a stamp commemorating the 200th anniversary of the United States naval shipyards. (Malcolm, Rock 22; Vaughn, Rock 35; Francoeur, Rock 22; J. McCarthy, Rock 24; Rosen, Belk 7; Barnes, Dist 17; Cohen, Dist 24: State-Federal Relations and Veterans Affairs)

HJR 20, finding that the contract requiring Public Service Company of New Hampshire to assume financial responsibility for a decision by Northeast Utilities to acquire additional nuclear generating capacity has the potential to raise PSNH rates and was executed in violation of the 1989 Rate Agreement between Northeast Utilities and the state of New Hampshire and in violation of state law. (Cushing, Rock 22; Lynde, Hills 24: Science, Technology and Energy)

HJR 21, requesting that the United States Congress return to the states the authority to regulate campaign finance. (J. Foster, Hills 33; Arnold, Hills 20; Pfaff, Merr 11; Patenaude, Dist 7; Rubens, Dist 5; Hollingworth, Dist 23: State-Federal Relations and Veterans Affairs)

HJR 22, requesting the government of the United States to adopt and ratify the international treaty to ban land mines. (J. Pratt, Ches 2; Bergin, Hills 16; MacAuslan, Hills 30: State-Federal Relations and Veterans Affairs)

HJR 23, supporting the state's petition to the federal Environmental Protection Agency to reduce interstate transport of air pollutants from other states, requesting that Congress make certain changes in the federal Clean Air Act, and requesting that the Environmental Protection Agency enforce certain existing provisions of the Clean Air Act regarding interstate transport of air pollution. (MacGillivray, Hills 21; Below, Graf 13; J. Bradley, Carr 8: Science, Technology and Energy)

HJR 24-FN, requiring the department of transportation to re-elm U.S. Route 1. (Cushing, Rock 22: Public Works and Highways)

HR 52, encouraging school districts to include special education students in drug education programs. (Leonard, Hills 39: Education)

HR 53, urging Congress to pass and the President to sign a bill returning to the states the power to regulate campaign finance in state races for federal office. (Almy, Graf 14; Arnold, Hills 20; Root, Graf 8: State-Federal Relations and Veterans Affairs)

HR 54, amending House Rules 51, 52, and 64 for the 1998 legislative session. (Wheeler, Hills 7; Burling, Sull 1)

CACR 30, relating to the levy of taxes. Providing that no taxes shall be levied without the consent of the people through a referendum vote. (M. Brown, Merr 10; Colburn, Merr 12; Boyce, Belk 5; Stickney, Rock 26: Finance)

CACR 31, relating to the rulemaking authority of the supreme court. Providing that supreme court rules are effective only when not inconsistent with statute. (Pepino, Hills 40; W. McCarthy, Hills 41: Judiciary and Family Law)

CACR 32, relating to amending the New Hampshire constitution to provide that registers of probate be appointed instead of elected. Providing that registers of probate shall be appointed instead of elected. (Keans, Straf 16: Judiciary and Family Law)

CACR 33, relating to a minimum age restriction on New Hampshire house members. Providing that the minimum age shall be 21. (Murphy, Hills 42; Pilliod, Belk 3; Reidy, Hills 46; Gosselin, Hills 45; Root, Graf 8: Election Law)

CACR 34, relating to broad-based sales or income taxes. Providing that adopting a broad-based sales or income tax is prohibited. (M. Brown, Merr 10; F. Riley, Hills 44; Boyce, Belk 5; Colburn, Merr 12; Weyler, Rock 18: Finance)

CACR 35, relating to the nomination and appointment of judicial officers. Providing that all judicial officers shall be nominated and appointed by the governor with the advice and consent of the senate. (McCann, Straf 11; Cobbin, Graf 11; Hemon, Straf 11: Judiciary and Family Law)

CACR 36, relating to probate and district court judges. Providing that all probate and district court judges shall be full-time employees and have no administrative functions. (Mirski, Graf 12: Judiciary and Family Law)

CACR 37, relating to the administration of the courts. Providing that there shall be an independent administrative office of the courts. (Mirski, Graf 12; Roberge, Dist 9: Judiciary and Family Law)

CACR 38, relating to the state judiciary. Providing that abolishing the current method for selecting state judges and establishing the New Hampshire Bar as a pool from which state judges are chosen by lot. (Hemon, Straf 11; McCann, Straf 11: Judiciary and Family Law)

CACR 39, relating to the subject matter of legislation which can be introduced by the general court in a second year session. Providing that the subject matter of legislation which can be introduced by the general court in a second year session be limited to proposed constitutional amendments, budget matters in the event of a fiscal emergency, and re-referred bills that have received a 2/3 vote for consideration in the second year session. (Carney, Hills 12: Legislative Administration)

CACR 40, relating to imposing limitations on state government spending. Providing that the legislative and executive budgets cannot be more than 98 percent of the previous year's revenues, with the remainder being placed into a stabilization fund. (M. Brown, Merr 10; F. Riley, Hills 44; Leber, Merr 1; Weyler, Rock 18: Finance)

CACR 41, relating to clerks of court. Providing that beginning in 1999, clerks of the superior and district courts shall be elected instead of appointed and an elected clerk shall be removable upon petition by the governor with the advice and consent of the council. (Cobbin, Graf 11: Judiciary and Family Law)

CACR 42, relating to public money used to compensate individuals for sectarian education. Providing that the provision prohibiting public money from being used to compensate individuals for education at sectarian schools be replaced with federal constitutional church-state separation protections. (Colburn, Merr 12; M. Brown, Merr 10; Rubens, Dist 5: Education)

CACR 43, relating to compensation for members of the general court. Providing that members of the general court shall receive the annual sum of 5 cents per citizen of the state per week, multiplied by the most recent decennial federal census figure for the state of New Hampshire, divided by the number of legislators for the term elected. (Hemon, Straf 11: Legislative Administration)

VACATES

Rep. David Welch moved that the House vacate the reference to the Committee on Criminal Justice and Public Safety of **HB 1372**, increasing the distance from a dwelling within which a person is prohibited from discharging a firearm.

Adopted and referred to Wildlife and Marine Resources.

Rep. O'Hearn moved that the House vacate the reference to the Education Committee of **HB 1608**, providing that the membership on any charter commission established in a multi-town school district shall reflect each town's proportionate membership of the district's school board.

Adopted and referred to Municipal and County Government.

Rep. Metzger moved that the House vacate the reference to the Municipal and County Government Committee of **HB 1441**, establishing a committee to study reporting requirements for communities which pay for special education costs and the impacts of court-ordered placements and services.

Adopted and referred to Education.

Rep. Metzger moved that the House vacate the reference to the Municipal and County Government Committee of **HB 1623**, relative to a waiting period before a dog or cat may be euthanized and relative to requirements for cats.

Adopted and referred to Environment and Agriculture.

COMMITTEE ASSIGNMENTS

Rep. Eric Anderson on Commerce; off Municipal and County Government.

Rep. William S. Belvin on Finance.

Rep. Kevin J. Clemons on Wildlife and Marine Resources; off Environment and Agriculture.

Rep. Larry J. Cossette on Transportation

Rep. Robert R. Cushing on Science, Technology and Energy; off Legislative Administration.

Rep. Janeen A. Dalrymple on Labor, Industrial and Rehabilitative Services.

Rep. Suzan L. R. Franks on Environment and Agriculture; off Education.

Rep. Harry T. Hinman on State-Federal Relations and Veterans Affairs.

Rep. Warren C. Henderson on Education.

Rep. Richard F. Heon on Municipal and County Government.

Rep. Elizabeth K. Hoadley on Education; off Science, Technology and Energy.

Rep. Christine M. Konyas on Executive Departments and Administration.

Rep. Robert J. Letourneau on State-Federal Relations and Veterans Affairs.

Rep. Roy D. Maxfield on Science, Technology and Energy; off Labor, Industrial and Rehabilitative Services.

Rep. Andrew R. Peterson on Judiciary and Family Law; off Executive Departments and Administration.

Rep. Terence R. Pfaff on Judiciary and Family Law; off State-Federal Relations and Veterans Affairs.

Rep. Jacqueline A. Pitts on State-Federal Relations and Veterans Affairs.

Rep. Marie N. Rabideau on Education.

Rep. Amy E. Robb-Theroux on Environment and Agriculture; off Resources, Recreation and Development.

Rep. Robert H. Rowe on Resources, Recreation and Development.

Rep. Frank J. Sapareto on Executive Departments and Administration.

Rep. John A. Simmons on Labor, Industrial & Rehabilitative Services; off State-Federal Relations and Veterans Affairs.

Rep. Edwin O. Smith on Legislative Administration.

Rep. George M. Wright on Labor, Industrial and Rehabilitative Services; off Education.

RESOLUTION

Reps Wheeler and Burling offered the following:

RESOLVED, that the House inform the Honorable Senate it is ready to meet in Joint Convention for the purpose of hearing an address by the Governor, the Honorable Jeanne Shaheen.

SENATE MESSAGE

The Senate is ready to meet in Joint Convention for the purpose of hearing an address by the Governor, the Honorable Jeanne Shaheen.

RECESS

JOINT CONVENTION

(Speaker Sytek presiding)

The Speaker introduced Governor Jeanne Shaheen who addressed the Joint Convention.

Madam Speaker, Mr. President, honorable members of the Governor's Council, members of the House and Senate and my fellow citizens.

One year ago, I stood before you for the first time as Governor, as New Hampshire's first woman Governor, sharing the podium with New Hampshire's first woman Speaker. Madam Speaker, we have accomplished a lot working together. And, of course, working with you, too, Mr. Senate President. I am very happy that I have part of my family here with me this morning. I have my husband of 28 years, Billy, without whose help this past year would have been impossible. I also have my middle daughter, Stacey. My youngest daughter, Molly, is in school. My oldest daughter, Stephany, graduated this year and is finally working. Stacey is a freshman at UNH. She is out on semester break right now and if you'll excuse me for being a proud parent for a little while, we just learned that Stacey made the Dean's List her first semester.

One year ago, I pledged to you in this historic chamber and to everyone in our great state that I would bring people together to solve the problems we face. I urged you to join me to focus on what's important to our families and our future; to put aside partisanship and instead choose leadership in tending to the people's business.

One year later, we have much progress to report and we have a new challenge to meet.

The Supreme Court has issued a challenge that will test our commitment to our children and their education; a challenge that will test our values and define our future; a challenge that can tear us apart or pull us together.

Once again, it's time for leadership, not partisanship. It's time to focus on what's important to our families and our future. It's time to come together to address all of the challenges that we face.

Over the past year, we've come together in triumph and in tragedy. When a madman struck in Colebrook, and a young police officer was killed in Epsom, we came together and honored the fallen, we shared the grief of their families and we rallied around their communities. Dealing with those tragedies taught me one very important lesson: that all the differences that we have here about politics and ideology are insignificant in the face of our duty to each other as citizens of this great state.

We know what we can accomplish when we work together. We've done a lot in one year. And New Hampshire is prospering. Today, I'm very happy to report that the state of our state is excellent. By almost any measure, we're leading New England and much of the nation.

The statistics are very impressive. We had the second lowest crime rate in the nation. We ranked fourth in the overall health of our people. Unemployment is at its lowest rate since 1988; 16,000 new jobs in the past year. Wages up almost 7 percent. State revenues \$38 million ahead of last year and 5.5 percent ahead of projections. Just this morning we saw more good news in the paper. Domestic violence is down in the past year. We've just had the longest period in New Hampshire's last 10 years without a murder in this state.

Over the past year, we've worked hard to keep New Hampshire growing. We speeded up improvements to the state's roads and bridges. We made smart investments to increase New Hampshire tourism, promote New Hampshire products and expand international trade. The first governor-led trade mission outside of North America has created exciting new opportunities for our businesses.

We made changes to make government work better for less. We called in experts to make real estimates of state revenues to ensure honest, responsible budgets. We reformed the way we bid out the state employees' health care benefits, and because of that we'll save almost \$10 million this year alone. We sent more money back to cities and towns to help provide property tax relief — \$98 million more in this biennium than in the last.

I said we would make education a priority, and we did. We increased support for schools by 40 percent. Our kindergarten initiative is working. This fall, more school districts established public kindergarten than in any single year in New Hampshire history. And we have over two dozen districts looking at kindergarten for next year.

We've made a difference for students at all levels: a reading recovery initiative to make sure that every single child in New Hampshire learns to read; full funding of catastrophic aid; help for schools to use the assessment tests to improve student performance; a tax-free tuition savings plan for college; and almost 2 million additional dollars for our schools through the Goals 2000 program. We did all that while we were cutting the deficit from more than \$44 million when I took office to just over \$1 million. We did all that without any new broad-based taxes. If we stay on track, the deficit will be gone in two years and it will be replaced by a surplus. We know we need to address the Claremont decision, but we can't let that or anything else pull us off the course we've set toward a balanced budget.

We've shown that we can put education first, make smart investments in our future and be fiscally responsible. So now let us turn together to face the future. As important as the Claremont decision is, we must not lose sight of the many other challenges and opportunities ahead of us.

We've set a course of steadily improving our schools, and we should be proud of what we've accomplished. But we can do better. Because our ultimate goal is to have schools that are not merely adequate, but that are world class — schools that will enable us to have the best prepared work force possible.

That's why I'll soon be announcing a Best Schools initiative to make New Hampshire an example for the nation of how to teach our children and prepare our people for the 21st century.

We're also going to work to help our children stay healthy. Today, 20,000 New Hampshire children have no health insurance — no protection if they get sick or injured. We have the opportunity to begin to expand health care coverage for our children. And, we should do it this year.

We need an economic plan to help ensure that New Hampshire continues to prosper and seizes the opportunities of the 21st century. We have filed an application, through our Office of State Planning, with the U.S. Department of Commerce for a grant that will help provide funding for us to develop that plan. We expect to hear later this month that we have been successful.

We'll also keep fighting to bring down the cost of electricity. I will keep pushing this issue in every forum possible until every family and every business in New Hampshire has lower electric bills. I will fight for as long as it takes, but I believe a settlement that lowers electric rates and brings competition in is in the best interests of New Hampshire.

So, today I say to the management of Public Service Company and Northeast Utilities, you should recognize that it is in the best interests of your stockholders as well. Recognize that the pursuit of short-term profits at the expense of your New Hampshire customers is simply bad business. New Hampshire ratepayers have more than shared the burden of bringing PSNH out of bankruptcy. They have borne it on their backs. Now is the time for your stockholders to share the burden. You can win back the good will once associated with the name Public Service Company of New Hampshire. Competition is coming. Embrace it and work with us to lower electric rates.

I'm going to work not just for our economic security but for our personal security too. We know that we're not immune to violence, and when it occurs, it must be punished. Together with the Deputy Speaker and the Attorney General, we have crafted legislation that will strengthen our death penalty laws. Views on the death penalty are deeply held, and I respect the right of each of you to vote your conscience on this issue. But I believe that there are murders so heinous that the ultimate penalty is warranted, and I believe that our laws should cover those murders.

We must also build a new prison. We must build it now to relieve overcrowding and enhance public safety, and we must resolve the issue of the Lakes Region facility once and for all. Next week, I will be introducing a new Corrections Commissioner, the Executive Council willing, and we will be working with that new Commissioner to take a fresh look at how to address these issues within the prison system.

These are all important issues facing our state. But the greatest challenge facing us comes from the Supreme Court's decision on the Claremont lawsuit. It is a challenge that will test all of us — our

dedication to our children's education and their economic future; our steadfastness in meeting the court's timetable without being rushed to hasty decisions; and our creativity in finding a solution that preserves what is best about New Hampshire yet recognizes what must be changed. Most of all, it will test once again our ability to work together for the greater good of New Hampshire. Let's start by being honest about this challenge. The full ramifications of the court's decision are far-reaching and filled with complexities. I've learned in my life to beware of those who rush forward with instant answers or simple solutions. They may make headlines, but they rarely make progress or solve serious problems.

I am confident that we will find a solution if we work together and if we let ourselves be guided by common sense and dedication to our children's future.

The Supreme Court ruled that education is a fundamental right. That ruling did not tell us anything that we didn't already know as parents. That's what this issue should be about – our children and their education; about every parent who looks at their children with hope; about providing opportunity for every child while respecting the pocketbook of every parent.

We are not the first state to face this kind of decision. Eighteen other states have been in the same position. We need to learn from their mistakes and profit from their successes. While facing a court order is not unique, we must find a solution that is uniquely New Hampshire.

As we work to find the answer, I will follow three fundamental guidelines. First, I will oppose any new broad-based tax. Our citizens don't want one, and I don't believe the court ruling requires one. Second, I believe that local control is one of the great strengths of our educational system. Anything we do must preserve the right of local communities to control our schools. Third, our solution must ensure the quality of our children's education. We must find a way to lift up those schools that need help without dragging the others down.

We must accept this responsibility to our children, not avoid it by rewriting the constitution. This issue is not, as some have suggested, a simple choice between passing new broad-based taxes or rewriting our constitution. And it is not a simple choice between local control and a state takeover of our schools. We've heard those voices before. Only a year ago, those same voices said that we could not expand kindergarten without broad-based taxes or a state takeover. Those same voices also said that accepting Goals 2000 funds would take away local control. Together we proved those voices wrong. Over the past year, we've shown that the old choices – between doing nothing and overturning New Hampshire values and traditions – are not the only choices. Let us prove them wrong again. We can preserve what is best about New Hampshire, and still move forward to change what needs to be changed. We can, and we must.

One year ago, I stood before you and said that the people do not look to us for partisanship; they look to us for leadership. They do not judge us by our party, by our ideology or by our gender, but by the quality of our work – the quiet, steady work of people striving together to make tomorrow a little better than today.

The work ahead of us will not be easy. It will be very hard. But I have faith in the people of New Hampshire and in this legislature. I know the good this Legislature is capable of accomplishing. I have seen it firsthand for six years as a member of the state Senate and as your governor for the last 12 months. I have every confidence that we can rise to meet the challenge. As we do so, let us be guided by our hope that future generations will look back and express thanks for the work we did in this session. God willing, we will succeed. Thank you.

Sen. Blaisdell and Rep. Wheeler moved that the Joint Convention arise.

Adopted.

The Joint Convention adjourned.

The Rules Committee offered the following:

HOUSE RESOLUTION NO. 54

amending House Rules 51, 52, and 64 for the 1998 legislative session.

Resolved by the House of Representatives:

That House Rule 51 be amended to read as follows:

51. ~~[The Speaker may designate any legislative day as a Consent Calendar day by giving two days printed notice in the House Calendar.]~~ No bill shall be on a Consent Calendar unless the committee to which the bill was referred approves its placement on the Consent Calendar by a

unanimous vote in executive session. Any member may request removal of any bill listed on the Consent Calendar. Any bill removed from the Consent Calendar shall be taken up at the conclusion of the Regular Calendar. All matters remaining on the Consent Calendar shall be acted upon without debate.

That House Rule 52 be amended to read as follows:

52. No standing rule of the House shall be suspended unless two-thirds of the members present vote in favor thereof. *A motion to suspend the rules is debatable.*

That House Rule 64 be replaced with the following:

64. Legislative action in the second-year session shall be subject to the following deadlines:

January 7, 1998, Wednesday	Opening day
January 29, 1998, Thursday	Last day to act on remaining re-referred bills not in second committee
February 4, 1998, Wednesday	Last day to report re-referred bills from a second committee
February 11, 1998, Wednesday	Last day to report House bills going to a second committee
February 12, 1998, Thursday	Last day to act on remaining re-referred bills from a second committee
February 19, 1998, Thursday	Last day to act on all House bills going to a second committee
February 20, 1998, Friday	Last day to report remaining House bills not in a second committee
February 23, 1998, Monday to	
February 27, 1998, Friday	Break
March 18, 1998, Wednesday	Last day to report all House bills from a second committee
March 26, 1998, Thursday-CROSSOVER	Last day to act on all remaining House bills
April 8, 1998, Wednesday	Last day to report all Senate bills going to a second committee
April 15, 1998, Wednesday	Last day to report all Senate bills which have not been referred to a second committee – except Finance
April 29, 1998, Wednesday	Last day to report all remaining Senate bills
May 7, 1998, Thursday	Last day to act on remaining Senate bills
May 14, 1998, Thursday	Last day to form Committees of Conference
May 21, 1998, Thursday	Last day to file Committee of Conference reports
May 26, 1998, Tuesday	Committee of Conference reports available
May 28, 1998, Thursday	Last day to act on Committee of Conference reports
June 3, 1998, Wednesday	All bills to the Governor

Rep. Robertson spoke against.

Reps. Wheeler and Burling spoke in favor and yielded to questions.

Adopted.

Rep. Dodge offered a floor amendment.

Floor Amendment (0223h)

Amend House Rule 44.(a) to read as follows:

(a) All bills in the possession of committees shall be reported out by the date specified in Rule 64 *in the manner provided for in Rule 51, and* with one of the following recommendations: Ought to Pass, Ought to Pass with Amendment, Re-refer to Committee, Inexpedient to Legislate, Refer for Interim Study, or Recommended but to be Laid Upon the Table Because of Funding. Re-refer to Committee shall be a committee report only in the first-year session; Refer for Interim Study shall be a committee report only in the second-year session. The Committee, as its Interim Study final report, shall submit its findings and any recommendations.

Amend House Rule 45.(c) to read as follows:

(c) When a bill comes before the House *for debate*, the body shall first consider the ~~[printed majority report of the committee]~~ *ought to pass motion as provided for in Rule 51.* ~~[The Speaker shall not permit a motion to substitute any permitted alternative report for the Committee Report until the House has properly disposed of the majority report.]~~

Amend House Rule 51 to read as follows:

51. The Speaker may designate any legislative day as a Consent Calendar day by giving two days printed notice in the House Calendar. ~~[No]~~ *Each* bill shall be on a Consent Calendar unless *the bill includes a minority report or* the committee to which the bill was referred approves ~~[its placement on the Consent Calendar]~~ *reporting the bill out without placement on the Consent Calendar* by a ~~[unanimous]~~ vote in executive session. *Any bill reported out for debate shall be presented on the floor with an Ought to Pass Motion, notwithstanding any committee report recommendation. Following the Ought to Pass Motion the bill shall be presented for the third reading.* Any member may request removal of any bill listed on the Consent Calendar. Any bill removed from the Consent Calendar shall be taken up ~~[at the conclusion of the Regular Calendar]~~ *no sooner than the next scheduled session and no later than the second scheduled session from the date of the Consent Calendar from which the bill was removed.* All matters remaining on the Consent Calendar shall be acted upon without debate.

Reps. Dodge, Alger and Root spoke in favor.

Reps. Henderson, Burling and Gene Chandler spoke against.

Rep. Dodge requested a roll call; sufficiently seconded.

The question being the adoption of the Dodge floor amendment.

and the Dodge floor amendment failed.
Rep. Jacobson offered a floor amendment.

Floor Amendment (0231h)

House Rule 49(b) is repealed and reenacted to read as follows:

49.(b) In its deliberations a committee of conference shall be limited to those amendments of any bill or resolution that are contained in either the House or Senate version of the bill or resolution.

Rep. Jacobson spoke in favor and yielded to questions.

Rep. Lozeau spoke against.

On a division vote, 140 members having voted in the affirmative and 204 in the negative, the Jacobson floor amendment failed.

The Ethics Committee offered the following:

LEGISLATIVE ETHICS COMMITTEE

Proposed Amendment to Ethics Guidelines

At its meeting on December 15, 1997, the Committee unanimously voted to amend the Ethics Guidelines, subject to approval by the General Court in accordance with RSA 14-B:3, II, by adopting a revised Financial Disclosure Form. The amendment, in its entirety, is printed below. Rep. Jeb E. Bradley, Chairman; Sen. Richard L. Russman, Vice-Chairman; Sen. John A. King; Rep Sarah K. Bonneau; Shawn N. Jasper; Peter C. Scott

ETHICS GUIDELINES

3 LEGISLATOR'S FINANCIAL DISCLOSURE FORM.

Every representative, representative-elect, senator, senator-elect, and officer of the House and Senate, shall file with the Secretary of State the following financial disclosure form on or before January [15] 31 of each year for the preceding calendar year.

The remainder of Section 3 is repealed and reenacted to read as follows:

FINANCIAL DISCLOSURE FORM

FOR STATE SENATORS, STATE REPRESENTATIVES AND OFFICERS OF THE GENERAL COURT

Required by the Legislative Ethics Committee (RSA 14-B)

Name of Legislator/Officer _____
(print name)

Address _____
street town/city zip code

Office _____ County/District _____

Telephone Number _____

Identify below the name, address, and type of any professional, business, or other organization (including any unit of government) in which you are or were an officer, director, associate, partner, proprietor, employee, or member, or served in any advisory capacity, from which you derived any income (including retirement benefits) in excess of \$10,000 during the preceding calendar year.

- 1) a) Name of organization _____
b) Address of organization _____
c) Type of organization _____
- 2) a) Name of organization _____
b) Address of organization _____
c) Type of organization _____
- 3) a) Name of organization _____
b) Address of organization _____
c) Type of organization _____

(attach additional sheets if necessary)

Please note: every State Senator, State Representative, and Officer of the General Court is required to file this form. If you feel that your income during the preceding calendar year does not qualify for disclosure according to the criteria stated above, signify by checking on the line below.

My income does not qualify _____.

The foregoing information is true to the best of my knowledge and belief.

Signature of Legislator/Officer

Complete and return to the Office of Secretary of State no later than January 31, —

Rep. Jeb Bradley spoke in favor.

Adopted.

(Speaker Sytek in the Chair)**COMMITTEE REPORTS****CONSENT CALENDAR**

Rep. Wheeler moved that the Consent Calendar with the relevant amendments as printed in the day's House Record be adopted.

HB 721, prohibiting certain tobacco or alcohol advertising within drug-free school zones, removed by Rep. Mirski.

HB 204-FN-L, relative to transportation of arrestees, detained defendants, and prisoners and court control of arrestees, detained defendants, and prisoners, removed by Rep. Dolan.

HB 353, establishing a committee to study issues regarding prosecutions and sentencing of, and incarceration treatment for, persons convicted of sex-related crimes, removed by Rep. William McCarthy.

SB 66, allowing a state resident to obtain a license for a pistol or revolver for life, removed by Rep. Clegg.

CACR 9, relating to requiring that the attorney general be elected by the legislature. Providing that the attorney general be chosen by joint ballot of the senators and representatives, removed by Rep. Mirski.

HB 647-FN-A-L, relative to a centralized computer checklist of voters and making an appropriation therefor, removed by Rep. Arndt.

HB 535, relative to the regulation of architects, removed by Rep. Mirski.

HB 108-FN-A, relative to the rate of the legacies and successions tax as it applies to siblings of the decedent together with their spouses and lineal ascendants and descendants of siblings of the decedent together with their spouses, removed by Rep. McGuirk.

HB 734-FN, requiring district courts to hold evening sessions, removed by Rep. John McCarthy.

HB 529, relative to excluding from the definition of subdivision the placement and maintenance of wireless communication facilities, removed by Rep. Dokmo.

HB 676-FN-L, establishing procedures for the distribution of proceeds from the sale of tax-deeded property by a municipality, removed by Rep. Kibbey.

HB 627-FN, establishing a conservation number plate trust fund, and a special motor vehicle license plate and associated fees, to support New Hampshire's natural and cultural resources, removed by Rep. Kenney.

HB 371, relative to the authority of the department of fish and game to regulate the management, preservation, propagation, and taking of state fish, game, and wildlife resources, removed by Rep. Rubin.

Rep. Weber requested a roll call; sufficiently seconded.

The question being the adoption of the Consent Calendar.

and the Consent Calendar was adopted by the necessary two-thirds.

Rep. Loren Jean voted nay and intended to vote yea.

Rep. Malcolm did not vote and wished to be recorded in favor.

HB 147, relative to disclosure of certain information relating to tobacco products. **OUGHT TO PASS WITH AMENDMENT**

Rep. Keith R. Herman for Commerce: This bill will allow the New Hampshire Department of Health and Human Services to access public information from Massachusetts and will require this information to be distributed to New Hampshire residents. Vote 16-0.

Amendment (0131h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Section; Access and Dissemination Required. Amend RSA 78 by inserting after section 12-d the following new section:

78:12-e Access and Dissemination of Information Required.

I. For the purpose of protecting the public health, the commissioner of the department of health and human service shall obtain annually from the state of Massachusetts, Department of Public Health, or other sources if they become available, a public report containing the list of additives for each brand of tobacco products sold.

II. The department shall make available to the public any information received under paragraph I above.

2 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill requires the commissioner of health and human services to obtain certain information regarding tobacco products and to disclose such information to the public.

HB 263-FN, relative to viatical settlements which are settlements between an insurance provider and a policy holder or certificate holder with a life-threatening illness. REFER FOR INTERIM STUDY

Rep. David T. Mittelman for Commerce: The committee found numerous regulatory and practical flaws in this bill. Since the National Association of Insurance Commissioners is in the process of revising its Viatical Settlements Model Act, the committee felt it worthwhile to wait and review the revised Act. Vote 14-2.

HB 359, regulating information regarding evictions contained in credit reports issued by consumer reporting agencies. INEXPEDIENT TO LEGISLATE

Rep. Gregory G. Carson for Commerce: The sponsor and the committee felt this legislation was no longer needed. Vote 16-0.

HB 409, requiring nonprofit educational organizations and certain hospitals to file certain forms with the director of charitable trusts. INEXPEDIENT TO LEGISLATE

Rep. Gregory G. Carson for Commerce: The sponsor and the committee felt this legislation was no longer needed. Vote 16-0.

HB 451, providing that health care providers shall determine the appropriate course of patient treatment. REFER FOR INTERIM STUDY

Rep. Keith R. Herman for Commerce: The committee will be looking at the financial arrangements between physicians and health insurers and hospitals and the impact of such arrangements on patient care and access. The committee will look at capitation, global fees, community capitation, withholdings, bonuses, financial incentives, financial disincentives, fee-for-service, referral pools, physician fees, usual and customary fees, economic credentialing and shifting of financial risk. Vote 16-0.

HB 505, revising provisions relative to smoking in indoor public places. OUGHT TO PASS WITH AMENDMENT

Rep. Martha Fuller Clark for Commerce: This bill makes certain changes to RSA 155:65 relative to smoking in indoor public places which will clear up ambiguities in the current law, as well as strengthen the department's ability for enforcement and rulemaking (albeit sunseting such rulemaking in two years.) Nothing in the legislation imposes further requirements on the business community with regard to indoor smoking. This legislation extends the right to local communities to adopt more stringent smoking regulation if they are so inclined. Vote 17-1.

Amendment (0153h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to smoking in indoor public places.

Amend the bill by replacing all after the enacting clause with the following:

1 Definition; Effectively Segregated. Amend the introductory paragraph of RSA 155:65, V to read as follows:

V. "Effectively segregated" means *all of* the following conditions have been met:

2 Definition Expanded. Amend RSA 155:65, XI to read as follows:

XI. "Public educational facility" means any enclosed place or portion of such place, which is supported by public funds and which is used for the instruction of students enrolled *in preschool*

programs and in grades kindergarten through 12. This definition shall include *all administrative buildings and offices and* areas within facilities supportive of instruction and subject to educational administration including, but not limited to, lounge areas, passageways, restrooms, laboratories, study areas, cafeterias, gymnasiums, libraries, maintenance rooms and storage areas.

3 Employees of Grocery Stores Added; Smoking Prohibited. Amend RSA 155:66, V to read as follows:

V. Grocery stores by customers *and employees, except when such employees are in an effectively segregated smoking-permitted area exclusive of customer areas.*

4 New Paragraph; Rulemaking Added. Amend RSA 155:71 by inserting after paragraph I the following new paragraph:

I-a. Criteria for smoking-permitted areas in a manner that effectively segregates areas, in accordance with RSA 155:65, V, where smoking may be permitted in the facilities under RSA 155:66, I and II.

5 New Paragraph; Rulemaking Added. Amend RSA 155:71 by inserting after paragraph V the following new paragraph:

VI. A schedule of administrative fines, pursuant to RSA 155:74, I.

6 Noncompliance Procedures. Amend RSA 155:73 to read as follows:

155:73 Noncompliance. If an employee or user of a building or facility determines or believes that the person in charge or others are not complying with this subdivision or rules adopted pursuant to this subdivision, a complaint shall be registered with the person in charge. *A complaint may also be registered by the department on behalf of any employee or user of a building or facility.* If the complaint is not resolved within one calendar month, the complainant may proceed under the complaint procedures established by the commissioner under RSA 155:71.

7 Investigations and Fines. RSA 155:74, I is repealed and reenacted to read as follows:

I. If, after investigation, the department determines that a violation of this subdivision or the rules adopted under this subdivision has occurred, the department may impose an administrative fine against a person in charge in accordance with RSA 155:76, II. The commissioner shall adopt rules in accordance with RSA 541-A relative to administrative fines, which shall be subject to the limitations in RSA 155:76, II and scaled to reflect the scope and severity of the violation. Fines may be imposed only after notice and hearing, if requested. The sums obtained from the levying of administrative fines under this subdivision shall be forwarded to the state treasurer to be deposited into the general fund.

8 Fines Increased. RSA 155:76 is repealed and reenacted to read as follows:

155:76 Enforcement; Penalties.

I. The person in charge, or designee, may call law enforcement authorities if any person refuses to refrain from smoking in an area where smoking is prohibited. Any person who smokes in an enclosed public place where smoking is prohibited shall be guilty of a violation and subject to a fine of not less than \$100.

II. A person in charge who violates a provision of this subdivision or rules adopted under this subdivision shall be subject to an administrative fine not to exceed \$100 for each occurrence. Failure to correct a violation or repeated violations shall subject the person in charge to an administrative fine not to exceed \$500 for each occurrence.

9 New Section; Local Ordinances. Amend RSA 155 by inserting after section 77 the following new section:

155:78 Local Ordinances. Nothing in this subdivision shall be construed to supersede or in any manner affect a county, municipality, town, or city ordinance to restrict or prohibit smoking, provided that the provisions of any such ordinance are no less stringent than the provisions of this subdivision.

10 Repeal. RSA 155:71, I-a, relative to certain rulemaking is repealed.

11 Effective Date.

I. Section 10 of this section shall take effect January 1, 2001.

II. The remainder of this act shall take effect January 1, 1999.

AMENDED ANALYSIS

This bill makes certain changes in the Indoor Smoking Act. Specifically, this bill increases certain fines and adds administrative fines and adds temporary rulemaking to adopt criteria for effectively segregated smoking areas in certain facilities.

HB 541, relative to long-term care insurance. REFER FOR INTERIM STUDY

Rep. George Hurt for Commerce: The subcommittee met to hear further testimony concerning how legislation would impact rates for Long Term Care insurance and how other states react to the NAIC Model Act for LTC insurance. It was felt by the subcommittee that mandating LTC insurance optional benefits while the current market conditions address the same issues would not be in the best interest of the consumer. The committee felt that the current market adequately provides those products which most people understand and contract for. Further, the committee expressed concern because this subject, at best, is complex to the consumer, while we are cognizant that the state should be mindful of the long-term effect this matter will have on the State of New Hampshire and its administration of care for the elderly. The committee strongly urges, because of the complexity of the subject, specifically HB 541 and its amendment, that the bill be sent to interim study. Vote 15-1.

HB 548-FN, limiting access to certain business records. REFER FOR INTERIM STUDY

Rep. Gregory G. Carson for Commerce: The committee wants to continue the ability to legislatively protect New Hampshire small businesses from over-zealous revenue collectors from other states if other solutions can not be agreed to by the concerned parties. Vote 17-1.

HB 594-FN-L, exempting towns and cities from paying condominium fees when condominium units are taken for nonpayment of taxes. INEXPEDIENT TO LEGISLATE

Rep. Anthony Syracuse for Commerce: The primary concern addressed in this bill has been covered in HB 701 which passed in the 1997 session. Municipalities may now choose not to take property if it will incur a financial liability. In addition, this bill would unfairly shift financial liability to condominium associations and would create a double standard. Vote 16-0.

HB 670-FN, relative to telemarketing registration and fraud prevention. OUGHT TO PASS WITH AMENDMENT

Rep. Gregory G. Carson for Commerce: This legislation provides a first step in providing New Hampshire consumers with a means for reducing the number of unwanted solicitation telephone calls. The legislation prohibits the solicitor (calling party) from blocking caller identification from the consumer (called party.) Vote 14-2.

Amendment (0145h)

Amend the title of the bill by replacing it with the following:

AN ACT prohibiting telephone solicitors from using caller identification blocking services.

Amend the bill by replacing all after the enacting clause with the following:

1 Caller Identification Added. Amend the chapter heading of RSA 359-E to read as follows:

*USE OF AUTOMATIC TELEPHONE DIALING SYSTEMS
AND CALLER IDENTIFICATION SERVICES*

2 New Paragraphs; Definitions Added. Amend RSA 359-E:1 by inserting after paragraph I the following new paragraphs:

I-a. "Caller identification information" means:

(a) The telephone listing number and/or name of the customer from whose telephone instrument a telephone number is dialed; or

(b) Other information that may be used to identify the specific originating number or originating location of a wire or electronic communication transmitted by a telephone instrument.

I-b. "Caller identification service" means a service offered by a telecommunications utility that provides caller identification information to a device capable of displaying the information.

I-c. "Per-call blocking" means a telecommunications service that prevents the transmission of caller identification information to a called party on an individual call if the calling party acts affirmatively to prevent the transmission of the caller identification information.

I-d. "Per-line blocking" means a telecommunications service that prevents the transmission of caller identification information to a called party on every call unless the calling party acts affirmatively to release the caller identification information.

3 New Section; Blocking Prohibited. Amend RSA 359-E by inserting after section 5 the following new section:

359-E:5-a Blocking Prohibited. No person using an automated telephone dialing system or any other method for solicitation in this state shall use any method, including per-call blocking or per-line block-

ing, that prevents caller identification information for the telephone solicitor's lines used to make telephone calls to a residential telephone subscriber from being shown by a device capable of displaying caller identification information. The caller identification information displayed shall contain a telephone number at which the telephone solicitor may receive a telephone calls if the telephone solicitor leaves a message on a telephone answering device or uses an automatic telephone dialing system that plays a recorded message when a connection is completed to a telephone number.

4 Effective Date. This act shall take effect January 1, 1999.

AMENDED ANALYSIS

This bill prohibits persons using automatic telephone dialing systems or any other method of solicitation from using caller identification blocking services.

HB 691, requiring large employers to offer their employees long-term care insurance. **INEXPEDIENT TO LEGISLATE**

Rep. George Hurt for Commerce: The sub-committee met twice during the summer to consider this piece of important legislation. The committee recognized the importance of individuals assuming responsibility for their own long-term care (LTC.) The committee is also cognizant that it is imperative for the general public to be educated in this area for their own welfare, as well as the State of New Hampshire. However, the sub-committee felt that mandatory legislation upon employers and businesses is an unnecessary intrusion. More importantly, the committee feels further study from the LTC Institute should be encouraged and should, with emphasis, specifically address those issues that favor incentives, i.e., businesses that offer LTC through payroll deduction on a voluntary basis. Vote 17-0.

HB 798, relative to the bonding requirement for health clubs. **OUGHT TO PASS WITH AMENDMENT**

Rep. Eric N. Lindblade for Commerce: This bill serves to put both the buyer and the seller of health club services on notice as to their mutual obligations, i.e., the buyer to read the contract carefully and the seller to provide clear and legible information concerning the financial packages available. Vote 13-1.

Amendment (0126h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the regulation of health clubs.

Amend the bill by replacing all after the enacting clause with the following:

1 Bond Requirements. Amend RSA 358-I:2, I and II to read as follows:

358-I:2 Registration; Surety Bond; Escrow of Deposits.

I. Any person, corporation, partnership, association, or other entity operating or intending to open or operate a health club within this state shall file a registration statement with the attorney general. Such registration statement shall be updated [~~semiannually~~] **annually**, and shall contain the name and address of the health club; the names and addresses of the officers, directors, and stockholders of the health club and its parent corporation, if such an entity exists; the type of available facilities; a written list of each piece of equipment and each service which the club has available for use by buyers; approximate size of the health club measured in square feet; whether or not a shower area is provided; the names and addresses of employees who provide guidance, instruction, or training to members, and their respective qualifications for employment in the health club field; type of membership plans to be offered and their cost; and a full and complete disclosure of any completed or pending litigation initiated against the health club and any of its officers or directors within the last 3 years.

II. Each health club registering pursuant to this chapter shall maintain in the files of the health club a copy of its registration statement filed pursuant to this section. [~~This registration statement~~] **A current registration certificate issued by the bureau of consumer protection and antitrust, department of justice**, shall be **posted or placed at all times in a conspicuous place and the registration statement shall** be made available for inspection by current health club members or prospective purchasers of health club memberships; provided, however, that the addresses of employees need not be disclosed, nor shall the attorney general publicly disclose such addresses except in connection with the prosecution of legal proceedings instituted under this chapter or other provisions of the RSA.

2 Increasing Allowable Refund Liability. Amend RSA 358-I:2, IV(b) to read as follows:

(b) Establishes to the satisfaction of the attorney general that its membership refund liability does not exceed [~~\$1,000~~] **\$5,000**.

3 Notice. Amend RSA 358-I:3, II to read as follows:

II. Each prepaid contract shall state in at least 10 point boldface type the following:

(a) "NOTICE TO BUYER: DO NOT SIGN THIS CONTRACT UNTIL YOU HAVE READ ALL OF IT. ALSO, DO NOT SIGN THIS CONTRACT IF IT CONTAINS ANY BLANK SPACES."

(b) "**STATE LAW REQUIRES THAT THIS HEALTH CLUB REGISTER WITH THE BUREAU OF CONSUMER PROTECTION AND ANTITRUST OF THE DEPARTMENT OF JUSTICE AND MAY REQUIRE THAT THIS CLUB POST A BOND OR OTHER SECURITY WITH THE ATTORNEY GENERAL TO PROTECT CUSTOMERS WHO PAY INITIATION FEES OR WHO PAY IN ADVANCE FOR MEMBERSHIP OR SERVICES IN THE EVENT THIS CLUB CLOSES. YOU SHOULD ASK TO SEE EVIDENCE THAT THIS CLUB HAS EITHER POSTED A BOND IN COMPLIANCE WITH THE LAW OR HAS BEEN EXEMPTED FROM THIS REQUIREMENT BY THE ATTORNEY GENERAL BEFORE YOU SIGN THIS CONTRACT. IF THIS CLUB HAS NOT POSTED SUCH A BOND, AND YOU PAY THIS HEALTH CLUB FOR MORE THAN ONE MONTH'S MEMBERSHIP OR SERVICES IN ADVANCE, THEN YOU ARE PAYING FOR FUTURE SERVICES, AND YOU MAY BE RISKING THE LOSS OF YOUR MONEY IN THE EVENT THAT THE CLUB CEASES TO CONDUCT BUSINESS.**"

4 Month-to-Month Membership. Amend RSA 358-I:5 to read as follows:

358-I:5 Length of Membership contract; Automatic Renewal Prohibited; **Mandatory Month-to-Month Membership**.

I. No contract for health club services shall be for a term of more than [~~2 years~~] **one year**, nor shall any health club contract contain an automatic renewal clause. A contract may provide for a renewal option for continued membership, but any such renewal must be accepted in writing by a buyer and is effective only upon payment of the renewal price. Under no circumstances may a contract for health club services be renewed more than 30 days before the contract's expiration date.

II. **Every seller shall offer a month-to-month membership option in addition to any other term contract the seller offers. The availability of month-to-month memberships shall be stated in any written or broadcast advertisement, posting or marketing materials that describe any other membership option the seller offers. No seller may limit the availability of month-to-month memberships in any manner in which the seller does not also limit the availability of any term contract. No seller may accept payment or enter into a contract for a term contract until the buyer has been informed both orally and in writing of the availability of the month-to-month membership. Month-to-month memberships shall offer the same access to health club facilities and services that term contracts offer. A buyer may cancel a month-to-month membership option with 30 days written notice to the seller, for any reason, and have no further obligation to the seller. The provisions of this paragraph shall apply to a university, college or educational institution to the extent that it offers health club services to the general public, but shall not apply to a university, college or educational institution in its offer of health club services to its student body.**

5 Effective Date. This act shall take effect January 1, 1999.

AMENDED ANALYSIS

This bill:

(1) Requires health clubs to annually update the registration statement which is filed with the department of justice.

(2) Increases the membership refund liability for purposes of the exemption from the bonding requirement.

(3) Requires sellers of health club services to offer month-to-month memberships.

SB 10, relative to funds for prearranged funerals or burial plans. **OUGHT TO PASS WITH AMENDMENT**

Rep. Eric N. Lindblade for Commerce: This bill provides for notification when a funeral director transfers funds, paid for funerals in advance, from one financial institution to another. Vote 14-0.

Amendment (0020h)

Amend the bill by replacing section 1 with the following:

1 Transfer Procedure Clarified. Amend RSA 325:45 to read as follows:

325:45 Funds to be Deposited. All moneys paid during a person's lifetime to any individual, firm, association, partnership, or corporation engaged in performing funeral services by such person or by someone in such person's behalf under an agreement that services be performed or merchandise be delivered in connection with the disposition of such person's body after the person's death shall be deposited by the payee within 30 days after receipt in a separate account in a bank, trust company, *credit union*, savings institution, licensed insurance company, or bonded, registered broker-dealer in this state in the name of the payee as mortuary trustee for the person for whose benefit the payment was made, and shall be held in such account together with any interest accrued. Nothing in this section shall be construed to prevent transfer of such funds to another such bank, trust company, *credit union*, savings institution, licensed insurance company, or bonded, registered broker-dealer by merger or consolidation or by operation of law. *A mortuary trustee shall provide evidence of the original deposit and any subsequent deposits to the payor within 30 days after deposit into the separate account and shall provide evidence of any subsequent transfer of funds, as permitted by this section, to the payor within 30 days after effecting such transfer of funds. A copy of a written receipt or statement of deposit issued by the bank, trust company, credit union, savings institution, licensed insurance company, or bonded, registered broker-dealer, shall be sufficient as evidence of deposit or transfer for the purposes of this section. For purposes of this section, a mortuary trustee shall include any person or organization holding money in trust in connection with a pre-paid funeral.*

SB 100-FN, establishing a New Hampshire film and television commission. OUGHT TO PASS WITH AMENDMENT

Rep. Gregory G. Carson for Commerce: This legislation, as amended, authorizes the Commissioner of Department of Resources and Economic Development to appoint a five-member commission to develop a report on suggestions for potential legislation regarding the development of the film industry in New Hampshire. Vote 12-1.

Amendment (0142h)

Amend RSA 12-A:36, III and IV as inserted by section 2 of the bill by replacing them with the following:

III. The members of the commission, all of whom shall be appointed by the commissioner of the department of resources and economic development, shall be as follows:

(a) Three individuals representing the film and television industry.

(b) Two members of the general public with an interest in the film industry.

IV. The term of office for the members shall be 3 years and until a successor is appointed. The initial members of the commission shall serve staggered terms. Vacancies shall be filled in the same manner and for the unexpired terms. The members of the commission shall serve without compensation, but shall be reimbursed for necessary travel and other necessary expenses.

Amend the bill by replacing section 3 with the following:

3 Report. The commission established under section 2 of this act shall file a report no later than November 1, 1999, with the governor, the president of the senate, the speaker of the house and the chairperson of the senate executive departments and administration committee. The report shall include the progress made, any problems encountered, future needs and goals, and suggestions for potential legislation.

Amend the bill by replacing section 5 with the following:

5 Effective Date.

I. Section 4 of this act shall take effect June 1, 2001.

II. The remainder of this act shall take effect 60 days after its passage.

HB 152, relative to permissible fireworks. OUGHT TO PASS WITH AMENDMENT

Rep. Bruce F. Hunter for Criminal Justice and Public Safety: This bill contains the latest list of those "safe and sane" consumer fireworks that have been approved by the statutory committee that tests and reviews the offerings of the fireworks industry. Those devices deemed safe for use in New Hampshire by our citizens in areas where they are not prohibited are listed in the amendment. The

reason is that the Department of Safety that has responsibility for promulgating rules containing this list has not been able to do so for last year's offering (1996) and is unlikely to be able to do so for this year's list. The department has lost two key employees who produce the rules under RSA 541-A. During the last session a similar bill was passed to allow the legal sale and use of some of the fireworks tested during the fall of 1995. The committee is considering removing the requirement for the Department of Safety to promulgate rules and amend current law with the applicable rules thus eliminating the annual delay. Vote 12-1.

Amendment (0075h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Subparagraph; Certain Items Added to Definition of Permissible Fireworks. Amend RSA 160-B:1, V-b by inserting after subparagraph (h) the following new subparagraph:

(i) The following items listed by department of transportation reference number:

- | | | |
|------------------|------------------|------------------|
| (1) EX-8306058. | (2) EX-8306108. | (3) EX-8306336. |
| (4) EX-8307002. | (5) EX-8310043. | (6) EX-8310044. |
| (7) EX-8401060. | (8) EX-8401222. | (9) EX-8402328. |
| (10) EX-8405088. | (11) EX-8407201. | (12) EX-8408026. |
| (13) EX-8408240. | (14) EX-8408359. | (15) EX-8409021. |

| (64) EX-9703045. | (65) EX-9705020. | |
- (66) Sky Happiness, Department of Transportation reference number Ex-pending.
 (67) Nice Jewelry, Department of Transportation reference number Ex-pending.
 (68) Crackling Candle Barrage, Department of Transportation reference number Ex-pending.
 (69) Red, White & Blue Roman Candles, Department of Transportation reference number Ex-pending.

2 Gender Neutral. Amend RSA 160-B:3, I(a) and (b) to read as follows:

(a) Has obtained a certificate of competency issued pursuant to RSA 158:9-f which ~~he has~~ *shall be in [his] such person's* possession at the time of display and which has not been revoked or suspended.

(b) Has obtained a municipal permit to display issued pursuant to RSA 160-B:7 which ~~he has~~ *shall be in [his] such person's* possession and which has not been revoked or suspended.

3 Gender Neutral. Amend RSA 160-B:4, I(a) to read as follows:

(a) A person who has in ~~his~~ *the person's* possession a certificate of competency issued pursuant to RSA 158:9-f and a valid permit to display issued pursuant to RSA 160-B:7.

4 Gender Neutral. Amend RSA 160-B:4, II to read as follows:

II. Any person who violates the provisions of this section shall be guilty of a violation unless ~~he~~ *the person* possesses with intent to sell, in which case ~~he~~ *such person* shall be guilty of a misdemeanor.

5 Gender Neutral. Amend RSA 160-B:6, I and II to read as follows:

I. Any person who desires to sell fireworks as limited by RSA 160-B:2 may apply to the municipality in which ~~he~~ *such person* desires to sell fireworks. The licensing board of any mu-

municipality or, if one does not exist, the chief of police, the fire chief, or the governing body may issue a permit to sell fireworks to a person who applies, provided that the person has a valid permit for the sale of fireworks issued pursuant to title 18 of the United States Code. The municipality may charge a fee for the permit or application for permit under this section.

II. After the person has obtained a municipal permit to sell fireworks ~~[he]~~ *such person* may apply for a state license to sell fireworks. Upon application of any person, the commissioner, or a person designated by the commissioner, may issue a license authorizing the applicant to sell or market fireworks in this state for not more than one year from the date of issue, provided the person has first obtained a permit to sell fireworks pursuant to RSA 160-B:6, I. The license shall be in duplicate and shall bear the name, address, description, and signature of the licensee. The license shall be displayed at all times, openly and publicly, at the licensee's place of business. The original of the license shall be delivered to the licensee and the duplicate shall be preserved by the commissioner. The license shall be issued within a reasonable time after application.

6 Gender Neutral. Amend RSA 160-B:6, IX to read as follows:

IX. No person under the age of 21 shall be engaged in the business of handling or selling any fireworks; provided, however, that a person less than 21 years of age but at least 18 years of age may handle and sell fireworks if ~~[he is]~~ under the direct supervision of a person 21 years of age or older.

7 Gender Neutral. Amend RSA 160-B:7, V to read as follows:

V. An application for a display permit shall be made in writing at least 15 days in advance of the date of the display. The town, city or village district may charge a reasonable fee for a permit to display fireworks. No display permit granted under this section shall be transferable, and each display permit shall be valid for only one display to be held on the date permitted. If, in the opinion of the chief of the fire department, conditions deteriorate during the 15 days before the date for which such permit is granted so that a fire hazard exists, ~~[he]~~ *the chief* may revoke the permit.

8 Gender Neutral. Amend RSA 160-B:14 to read as follows:

160-B:14 Immediate Suspension Authority. Notwithstanding any other provision of law to the contrary, the commissioner may immediately suspend a license issued pursuant to RSA 160-B:6 if the commissioner has evidence that the licensee is selling fireworks contrary to any of the provisions of RSA 160-B or any rules adopted under this chapter. Any person whose license is suspended pursuant to this section shall be given the opportunity for a hearing within 10 days of the suspension. Any person found to be selling fireworks after ~~[his]~~ *the person's* license has been suspended pursuant to this section shall not have ~~[his]~~ *the* license reinstated for a minimum of one year from the date of suspension.

9 Repeal. RSA 160-B:1, V-b(i), relative to certain permissible fireworks, are repealed.

10 Effective Date of Repeal. Section 9 of this act shall take effect when the commissioner of safety has adopted rules under RSA 160-B:8, V-c relating to recommendations of the permissible fireworks committee regarding the items listed in RSA 160-B:1, V-b(i) as inserted by section 1 of this act, as certified to the secretary of state by the director of legislative services.

11 Effective Date.

I. Section 9 of this act shall take effect as provided in section 10 of this act.

II. The remainder of this act shall take effect upon its passage.

AMENDED ANALYSIS

Section 1 of this bill includes certain items in the definition of permissible fireworks, thereby requiring such items to be regulated under RSA 160-B. The remainder of this bill amends certain RSA provisions making them gender neutral in accordance with RSA 17-A:6 relative to gender neutral drafting.

HB 271, establishing a committee to examine the effectiveness and efficiency of the multiple DWI offender intervention detention center program. **INEXPEDIENT TO LEGISLATE**
Rep. Herbert R. Hansen for Criminal Justice and Public Safety: After careful evaluation by a subcommittee over the summer, it was felt that this bill should be Inexpedient to Legislate, inasmuch as the work of such a committee as proposed by this bill had already been accomplished by the subcommittee. Consequently, the recommendation was to submit an entirely new bill with recommended changes to the current DWI intervention detention program. Vote 13-0.

HB 414, authorizing the commissioner of the department of safety to adopt rules imposing late fees for the impaired driver intervention programs. **INEXPEDIENT TO LEGISLATE**
 Rep. Herbert R. Hansen for Criminal Justice and Public Safety: The Impaired Driver Intervention Program (IDIP) applies to first time DWI offenders who must pay the cost of this program to the contract provider, and not the state, as one of the requirements necessary for completion and for license restoration. Additionally, the offender must then pay a \$40 reissue fee to the Department of Safety before having the motor vehicle operator's license returned. Therefore, the committee felt that it was not in the state's best interest to consider a late fee. Vote 11-0.

HB 420, relative to administrative review of suspended or revoked motor vehicle licenses. **OUGHT TO PASS WITH AMENDMENT**

Rep. Andrew Christie, Jr. for Criminal Justice and Public Safety: This bill makes certain changes to the administrative motor vehicle license suspension law that has been passed twice by the House in recent years – in 1994 (HB 1569) and in 1995 (HB 498). Both times the bills died in the Senate. This year the committee continues to believe these changes are needed to make the administrative suspension law work better and so again unanimously recommends passage. The proposed changes are an attempt to streamline the hearings process. The bill enumerates four specific criteria which may establish that a breath and a blood or urine test for alcohol have been properly administered. Once the criteria have been established, the burden is on the driver to prove by a preponderance of the evidence that the test was not properly administered. The bill also limits the scope of the administrative review or hearing to specific procedural issues. Vote 13-0.

Amendment (0063h)

Amend the bill by replacing section 1 with the following:

1 Administrative License Suspension; Alcohol Concentration Tests. Amend RSA 265:91-a, I to read as follows:

I. If any person refuses a test as provided in RSA 265:92 or submits to a test described in RSA 265:84 which ~~[discloses an alcohol concentration]~~ *shows a reported value* of 0.08 or more or, in the case of a person under the age of 21, 0.02 or more, the law enforcement officer shall submit a sworn report to the department. In the report the officer shall certify that the test was requested pursuant to RSA 265:84 and that the person refused to submit to testing or submitted to a test which ~~[disclosed an alcohol concentration]~~ *shows a reported value* of 0.08 or more, or, in the case of a person under the age of 21, 0.02 or more.

Amend the bill by deleting section 2 and renumbering the original sections 3-7 to read as 2-6, respectively.

Amend the bill by replacing section 6 with the following:

6 Effective Date. This act shall take effect January 1, 1999.

AMENDED ANALYSIS

This bill:

I. Establishes criteria by which a breath test and a blood or urine test may be established to have been properly administered.

II. Replaces the law relative to the scope of administrative hearings for serious traffic offenses.

HB 467-FN, relative to felonious activities relating to wireless telephone cloning. **OUGHT TO PASS WITH AMENDMENT**

Rep. L. Randy Lyman for Criminal Justice and Public Safety: This bill has been amended to make a correction to language passed in the 1997 session defining illegal telephone cloning. This amendment establishes the combination of equipment that would allow cellular telephone numbers to be "harvested" for reuse as illegal or "cloned" cellular phones. The clarification identifies the items that when possessed in combination could be used as evidence for the prosecution of individuals engaged in the gathering or harvesting phone numbers and serial numbers of legal cellular phones for resale to others. The amendment is necessary to avoid entrapment of those who normally possess certain types of electronic equipment for legal pursuits. Vote 16-0.

Amendment (0067h)

Amend the title of the bill by replacing it with the following:

AN ACT clarifying the definition of "telephone cloning paraphernalia."

Amend the bill by replacing all after the enacting clause with the following:

1 Definition; "Telephone Cloning Paraphernalia." Amend the introductory paragraph of RSA 638:21, IX to read as follows:

IX. "Telephone cloning paraphernalia" means materials, *including at least one of the items in subparagraph (a), (f), (g), or (h)*, that, when possessed in combination, are capable of creating a cloned cellular telephone. Telephone cloning paraphernalia includes, but is not limited to:

2 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill clarifies the definition of "telephone cloning paraphernalia".

HB 480, revising the law relative to protection of persons from domestic violence. OUGHT TO PASS WITH AMENDMENT

Rep. William V. Knowles for Criminal Justice and Public Safety: This bill, as amended, clarifies the Domestic Violence statutes, Chapter 173-B. The various provisions of Chapter 173-B have been put into a more logical order, and the definitions of what constitutes abuse have been made easier to understand. Care has been taken to protect the rights of the accused as well as the rights of the plaintiff. The study process extended throughout the summer to ensure that every interested party had the opportunity to testify. Vote 14-0.

Amendment (0066h)

Amend the bill by replacing all after the enacting clause with the following:

1 Cross Reference Revised; Department of Safety Investigations. Amend RSA 159-C:2, I(a) to read as follows:

(a) Review its criminal history records and any protective order records in its possession, if any, to determine if the potential buyer or transferee is prohibited from receipt or possession of a handgun pursuant to state or federal law or protective order under RSA ~~[173-B:6]~~ **173-B**;

2 Chapter Revised; Protection of Persons From Domestic Violence. RSA 173-B is repealed and reenacted to read as follows:

CHAPTER 173-B**PROTECTION OF PERSONS FROM DOMESTIC VIOLENCE**

173-B:1 Definitions. As used in this chapter:

I. "Abuse" means the commission or attempted commission of one or more of the following acts by a family or household member or current or former sexual or intimate partner:

(a) Assault or reckless conduct as defined in RSA 631:1 through 631:3.

(b) Criminal threatening as defined in RSA 631:4.

(c) Sexual assault as defined in RSA 632-A:2 through 632-A:5.

(d) Interference with freedom as defined in RSA 633:1 through 633:3-a.

(e) Destruction of property as defined in RSA 634:1 and 634:2.

(f) Unauthorized entry as defined in RSA 635:1 and 635:2.

(g) Harassment as defined in RSA 644:4.

II. "Applicant" means any private, town, city or regional agency or organization applying for funds under RSA 173-B:16.

III. "Commissioner" means the commissioner of the department of health and human services.

IV. "Contact" means any action to communicate with another either directly or indirectly, including but not limited to, using any form of electronic communication, leaving items, or causing another to communicate in such fashion.

V. "Coordinator" means the agency or organization appointed by the commissioner to administer the domestic violence grant program.

VI. "Cross orders for relief" means separate orders granted to parties in a domestic violence situation where each of the parties has filed a petition pursuant to this chapter on allegations arising from the same incident or incidents of domestic violence.

VII. "Deadly weapon" means any weapon as defined in RSA 625:11, V.

VIII. "Department" means the department of health and human services.

IX. "Domestic violence" means abuse as defined in RSA 173-B:1, I.

X. "Family or household member" means:

(a) Spouses, ex-spouses, persons cohabiting with each other, persons who cohabited with each other but who no longer share the same residence; and

(b) Parents and other persons related by consanguinity or affinity other than minor children who reside with the defendant.

XI. "Firearm" means any weapon (including a starter gun) which will or is designed to or may readily be converted to expel a projectile by force of gunpowder.

XII. "Foreign protective order" is an order enforceable under RSA 173-B:13.

XIII. "Fund" means the special fund for domestic violence programs established by RSA 173-B:15.

XIV. "Grantee" means any private, town, city, or regional agency or organization receiving funds under RSA 173-B:16.

XV. "Intimate partners" means persons currently or formerly involved in a romantic relationship, whether or not such relationship was ever sexually consummated.

XVI. "Mutual order for relief" means an order restraining both parties from abusing the other originating from a petition filed by one of the parties and arising from the same incident or incidents of domestic violence.

XVII. "Program" means services or facilities provided to domestic violence victims.

173-B:2 Jurisdiction and Venue.

I. All district courts shall have concurrent jurisdiction with the superior court over all proceedings under this chapter.

II. If the plaintiff has left the household or premises to avoid further abuse, the plaintiff shall have the option to commence proceedings pursuant to RSA 173-B:3 in the county or district where the plaintiff temporarily resides.

III. Proceedings under this chapter may be transferred to another court upon the motion of any party or of the court as the interests of justice or the convenience of the parties may require.

IV. In any county where the family division is located, the family division shall have jurisdiction over domestic violence cases consistent with 1995, 152.

173-B:3 Commencement of Proceedings; Hearing.

I. Any person may seek relief pursuant to RSA 173-B:5 by filing a petition, in the county or district where the plaintiff or defendant resides, alleging abuse by the defendant. Notice of the pendency of the action and of the facts alleged against the defendant shall be given to the defendant, either personally or as provided in paragraph III. The plaintiff shall be permitted to supplement or amend the petition if the defendant is provided an opportunity prior to the hearing to respond to the supplemental or amended petition. Notice of the whereabouts of the plaintiff shall not be revealed except by order of the court for good cause shown. Any answer by the defendant shall be filed with the court and a copy shall be provided to the plaintiff by the court.

II.(a) The minority of the plaintiff shall not preclude the court from issuing protective orders against a present or former intimate partner, spouse, or ex-spouse under this chapter.

(b) A minor plaintiff need not be accompanied by a parent or guardian to receive relief or services under this chapter.

III. No filing fee or fee for service of process shall be charged for a petition under this section, and the plaintiff may proceed without legal counsel. Either a peace officer or the sheriff's department shall serve process under this section. Any proceeding under this chapter shall not preclude any other available civil or criminal remedy.

IV. The clerks of the district and superior courts shall supply forms for petitions and for relief under this chapter designed to facilitate pro se proceedings.

V. Upon entry of any action in a district court, where the court determines that there is pending in the superior court a cause of action involving the same parties arising out of the same situation on which the district court action is based, the case shall be transferred to the superior court to be heard as if originally entered in the superior court, unless the district court determines that the interests of justice or expediency require the district court to exercise jurisdiction. Any transfer to the superior court under this paragraph shall be made as soon as practicable following entry of the action.

VI. The findings of facts shall be final, but questions of law may be transferred to the supreme court in the same manner as from the superior court.

VII. The court shall hold a hearing within 30 days of the filing of a petition under this section or within 10 days of service of process upon the defendant, whichever occurs later.

VIII. In any proceeding under this chapter, the court shall not be bound by the technical rules of evidence and may admit evidence which it considers relevant and material.

173-B:4 Temporary Relief.

I. Upon a showing of an immediate and present danger of abuse, the court may enter temporary orders to protect the plaintiff with or without actual notice to defendant. The court may issue such temporary orders by telephone or facsimile. Such telephonically issued orders shall be made by a district or superior court judge to a law enforcement officer, shall be valid in any jurisdiction in the state, and shall be effective until the close of the next regular court business day. Such orders shall be returnable to the district court where the plaintiff resides or has fled to, unless otherwise ordered by the issuing justice. If non-telephonic temporary orders are made ex parte, the party against whom such relief is issued may file a written request with the clerk of the court and request a hearing on such orders. Such hearing shall be held no later than 5 business days after the request is received by the clerk. Such hearings may constitute the final hearing described in RSA 173-B:3, VII. Such temporary relief shall direct the defendant to relinquish to a peace officer any and all firearms and ammunition in the control, ownership, or possession of the defendant or any other person on behalf of the defendant for the duration of the protective order. Other temporary relief may include:

(a) Protective orders:

(1) Restraining the defendant from abusing the plaintiff.

(2) Restraining the defendant from entering the premises and curtilage where the plaintiff resides, except when the defendant is accompanied by a peace officer and, upon reasonable notice to the plaintiff, is allowed entry by the plaintiff for the sole purpose of retrieving toiletries, medication, clothing, business equipment, and any other items as determined by the court.

(3) Restraining the defendant from withholding items of the plaintiff's personal property which are specified in the order. A peace officer shall accompany the plaintiff in retrieving such property to protect the plaintiff.

(4) Awarding custody of minor children to either party or, upon actual notice, to the department when it is in the best interest of a child.

(5) Denying the defendant visitation, ordering that visitation shall be supervised, or ordering a specific visitation schedule. Visitation shall only be ordered on an ex parte basis where such order can be entered consistent with the following requirements. In determining whether visitation can be safely ordered, the court shall consider the following factors:

(A) The degree to which visitation exposes the plaintiff or the children to physical or psychological harm.

(B) Whether the risk of physical or psychological harm can be removed by ordering supervised visitation.

(C) Whether visitation can be ordered without requiring plaintiff and defendant to have contact regarding the exchange of children.

(6) Restraining the defendant from contacting the plaintiff or entering plaintiff's place of employment, school, or any specified place frequented regularly by the plaintiff or any family or household member.

(7) Restraining the defendant from abusing the plaintiff, plaintiff's relatives regardless of their place of residence, or plaintiff's household members in any way.

(8) Restraining the defendant from taking, converting, or damaging property in which the plaintiff may have a legal or equitable interest.

(9) Directing the defendant to relinquish to the peace officer, in addition to the relief specified in RSA 173-B:4, I, any and all deadly weapons specified in the protective order that are in the control, ownership, or possession of the defendant, or any other person on behalf of the defendant, for the duration of the protective order.

(b) Other relief, including but not limited to:

(1) The exclusive use and possession of an automobile, home and household furniture;

(2) Restraining the defendant from taking any action which would lead to the disconnection of any and all utilities and services to the parties' household, or the discontinuance of existing business or service contracts, including, but not limited to, mortgage or rental agreements.

II. The defendant shall be prohibited from purchasing, receiving, or possessing any deadly weapons and any and all firearms and ammunition for the duration of the order. The court may subsequently issue a search warrant authorizing the peace officer to seize any deadly weapons specified in the protective order and any and all firearms and ammunition, if there is probable cause to believe such firearms and ammunition and specified deadly weapons are kept on the premises or curtilage of the defendant and if the court has reason to believe that all such firearms and ammunition and specified deadly weapons have not been relinquished by the defendant.

173-B:5 Relief.

I. A finding of abuse shall mean the defendant represents a credible threat to the physical safety of the plaintiff. Upon a showing of abuse of the plaintiff by a preponderance of the evidence, the court shall grant such relief as is necessary to bring about a cessation of abuse. Such relief shall direct the defendant to relinquish to the peace officer any and all firearms and ammunition in the control, ownership or possession of the defendant or any other person on behalf of the defendant for the duration of the protective order. Other relief may include:

(a) Protective orders:

(1) Restraining the defendant from abusing the plaintiff.

(2) Restraining the defendant from entering the premises and curtilage where the plaintiff resides, except when the defendant is accompanied by a peace officer and is allowed entry by the plaintiff for the sole purpose of retrieving personal property specified by the court.

(3) Restraining the defendant from contacting the plaintiff or entering the plaintiff's place of employment, school, or any specified place frequented regularly by the plaintiff or any family or household member.

(4) Restraining the defendant from abusing the plaintiff, plaintiff's relatives, regardless of their place of residence, or plaintiff's household members in any way.

(5) Restraining the defendant from taking, converting, or damaging property in which the plaintiff may have a legal or equitable interest.

(6) Directing the defendant to relinquish to the peace officer, in addition to the relief specified in RSA 173-B:5, I, any and all deadly weapons specified in the protective order that are in the control, ownership, or possession of the defendant, or any other person on behalf of the defendant.

(b) Other relief including, but not limited to:

(1) Granting the plaintiff the exclusive use and possession of the premises and curtilage, unless the defendant exclusively owns or leases and pays for the premises and the defendant has no legal duty to support the plaintiff or minor children on the premises.

(2) Restraining the defendant from withholding items of the plaintiff's personal property specified by the court. A peace officer shall accompany the plaintiff in retrieving such property to protect the plaintiff.

(3) Granting to the plaintiff the exclusive right of use and possession of the household furniture, furnishings, or a specific automobile, unless the defendant exclusively owns such personal property and the defendant has no legal duty to support the plaintiff or minor children.

(4) Ordering the defendant to make automobile, insurance, health care, utilities, rent or mortgage payments.

(5) Awarding temporary custody of the parties' minor children to either party or, where appropriate, to the department, provided that:

(A) Where custody of the parties' minor children with the department may be appropriate, the department shall receive actual notice of the hearing 10 days prior to such hearing provided that, if necessary, such hearing may be continued 10 days to provide the department adequate notice.

(B) The department may move at any time to rescind its custody of the parties' minor children.

(6) Establishing visitation rights with regard to the parties' minor children. The court shall consider and may impose on a custody award, conditions necessary to assure the safety of the plaintiff and minor children. This may include orders denying visitation or requiring supervised visitation, where such order can be entered consistent with the following requirements. In determining whether visitation shall be granted, the court shall consider whether visitation can be exercised by the non-custodial parent without risk to the plaintiff's or children's safety. In making such determination, the court shall consider, in addition to any other relevant factors, the following:

(A) The degree to which visitation exposes the plaintiff or the children to physical or psychological harm.

(B) Whether the risk of physical or psychological harm can be removed by ordering supervised visitation.

(C) Whether visitation can be ordered without requiring plaintiff and defendant to have contact regarding the exchange of children.

(7) Directing the defendant to pay financial support to the plaintiff or minor children, unless the defendant has no legal duty to support the plaintiff or minor children.

(8) Directing the abuser to engage in batterer's intervention program or personal counseling. If available, such intervention and counseling program shall focus on alternatives to aggression. The court shall not direct the plaintiff to engage in joint counseling services with the defendant. Court-ordered and court-referred mediation of cases involving domestic violence shall be prohibited.

(9) Ordering the defendant to pay the plaintiff monetary compensation for losses suffered as a direct result of the abuse which may include, but not be limited to, loss of earnings or support, medical and dental expenses, damage to property, out-of-pocket losses for injuries sustained, and moving and shelter expenses.

(10) Ordering the defendant to pay reasonable attorney's fees.

II. Reconciliation after a previous order, prior to filing the current action, shall not be grounds for denying or terminating a new or existing protective order. Furthermore, the court shall not deny the plaintiff protective orders based solely on a lapse of time between an act of domestic violence and the filing of a petition.

III. No order made under this section shall supersede or affect any court order pertaining to the possession of a residence; household furniture; custody of children pursuant to RSA 169-B, 169-C, or 169-D; support or custody made under RSA 458; or title to real or personal property.

IV.(a) Mutual orders for relief shall not be granted. A foreign mutual order for relief shall only be granted full faith and credit in New Hampshire if it meets the requirements set out in RSA 173-B:13, VII.

(b) Cross orders for relief may be granted only if:

(1) The court has made specific findings that each party has committed abuse against the other; and

(2) The court cannot determine who is the primary physical aggressor.

V. Any order under this section shall be for a fixed period of time not to exceed one year, but may be extended by order of the court upon a motion by the plaintiff, showing good cause, with notice to the defendant. A defendant shall have the right to a hearing on the extension of any order under this paragraph to be held within 30 days of the extension. The court shall retain jurisdiction to enforce and collect the financial support obligation which accrued prior to the expiration of the protective order.

VI. Both parties shall be issued written copies of any orders issued by the court and all orders shall bear the following language: "A willful violation of this order is a crime, as well as contempt of court. Violations of the protective provisions shall result in arrest and may result in imprisonment." Orders shall clearly state how any party can request a further hearing and how the plaintiff may bring a criminal complaint if there is a violation of any court order.

VII. No order issued under this chapter shall be modified other than by the court. Temporary reconciliations shall not revoke an order.

(a) If either party wishes the defendant to be excused from any provisions of an order of protection, the remedy is to petition the court for modification of such order.

(b) If a defendant is restrained from contacting the plaintiff or entering the premises of the plaintiff, an invitation by the plaintiff to do so does not waive or nullify an order for protection.

(c) This paragraph shall give unequivocal direction to peace officers that orders for protection are to be enforced as written and that no action by a party relieves them of the duty to enforce the order.

VIII.(a) A copy of each protective order issued under this chapter shall be transmitted to the department of safety by computer. An emergency protective order issued telephonically shall be transmitted by telephone or facsimile to the department of safety.

(b) The department of safety shall enter information regarding the protective order into the state data base and make information regarding the protective order available to police and sheriff departments statewide.

(c) The issuing court shall notify the department of safety upon expiration or termination of a protective order.

(d) Notwithstanding any other provision of law, the department of safety, its employees and agents, and law enforcement officials shall not be held criminally or civilly liable for action taken under this chapter or RSA 458:16, provided they are acting in good faith and without gross negligence, and within the scope of their duties and authority.

IX.(a) Upon expiration of the protective orders, the defendant may request by motion to the court, return of any and all firearms and ammunition and specified deadly weapons held by the law enforcement agency during the protective orders. The plaintiff shall receive notice and may object. The court shall hold a hearing to determine whether such firearms and ammunition and specified deadly weapons shall be returned to the defendant. Unless the protective orders are extended, firearms and ammunition and specified deadly weapons shall be returned to the defendant. The court shall issue to both parties a written decision detailing the rationale for its findings.

(b) Law enforcement agencies shall not release firearms and ammunition and specified deadly weapons without a court order granting such release. The law enforcement agency may charge the defendant a reasonable fee for the storage of any firearms and ammunition and specified deadly weapons taken pursuant to a protective order. The fee shall not exceed the actual cost incurred by the law enforcement agency for the storage of the firearms and ammunition and specified deadly weapons.

(c) No law enforcement agency shall be held liable for alleged damage or deterioration due to storage or transportation to any firearms and ammunition and specified deadly weapons held by a law enforcement agency, so long as due care is used.

173-B:6 Guardian Ad Litem. In all proceedings under this chapter, the court may appoint a guardian ad litem to represent the interests of the children of either or both parties. The guardian ad litem may continue to serve after the final disposition of the case.

173-B:7 Minority Not a Preclusion for Services. The minority of any individual seeking assistance from any domestic violence or sexual assault program, as defined by RSA 173-C:1, shall not preclude provision of such requested services.

173-B:8 Notification.

I. A copy of any order made under this chapter which prohibits any person from abusing another shall be promptly transmitted to the local law enforcement agency having jurisdiction to enforce such order.

II. Temporary orders shall be promptly served on the defendant by a peace officer. Subsequent orders shall be sent to the defendant's last address of record. The defendant shall be responsible for informing the court of any changes of address. Law enforcement agencies shall establish procedures whereby a peace officer at the scene of an alleged violation of such an order may be informed of the existence and terms of such order.

III. Any court-ordered changes or modifications of the order shall be effective upon issuance of such changes or modifications, and shall be mailed or otherwise provided to the appropriate local law enforcement agency and transmitted to the department of safety within 24 hours of the entry of such changes or modifications.

173-B:9 Violation of Protective Order; Penalty.

I.(a) When the defendant violates either a temporary or permanent protective order issued or enforced under this chapter, peace officers shall arrest the defendant and ensure that the defendant is detained until arraignment. Such arrests may be made within 6 hours without a warrant upon probable cause, whether or not the violation is committed in the presence of a peace officer.

(b) Subsequent to an arrest, the peace officer shall seize any firearms and ammunition in the control, ownership, or possession of the defendant and any deadly weapons which may have been used, or threatened to be used, during the violation of the protective order. The law enforcement agency shall maintain possession of the firearms and ammunition and/or deadly weapons until the court issues an order directing that the firearms and ammunition and/or deadly weapons be relinquished and specifying the person to whom the firearms and ammunition and/or deadly weapons will be relinquished.

II. The prosecution and sentencing for criminal contempt for a violation of a protective order shall not preclude the prosecution of or sentencing for other criminal charges underlying the contempt.

III. A person shall be guilty of a class A misdemeanor if such person knowingly violates a protective order issued under RSA 173-B, RSA 458:16, III, or any foreign protective order which meets the requirements of RSA 173-B:13. In accordance with RSA 625:9, charges made under this chapter shall not be reduced to a lesser charge.

IV. Any person convicted under RSA 173-B:9, III, or who has been convicted in another jurisdiction of violating a foreign protective order which meets the requirements of RSA 173-B:13, who, within 6 years of such conviction or the completion of the sentence imposed for such conviction, whichever is later, subsequently commits and is convicted of one or more offenses involving abuse shall be sentenced to an enhanced penalty for each subsequent offense as follows:

(a) There shall be no enhancement under this section if the subsequent offense is a class A felony or an unclassified felony;

(b) If the subsequent offense is a class B felony, it shall be sentenced as a class A felony;

(c) If the subsequent offense is a class A misdemeanor, it shall be sentenced as a class B felony;

(d) If the subsequent offense is a class B misdemeanor, it shall be sentenced as a class A misdemeanor.

(e) If the subsequent offense is a violation, it shall be sentenced as a class B misdemeanor.

V. A victim of domestic violence shall be entitled to all rights granted to victims of crime under RSA 21-M:8-k.

173-B:10 Protection by Peace Officers.

I. Whenever any peace officer has probable cause to believe that a person has been abused, as defined in RSA 173-B:1, that officer shall use all means within reason to prevent further abuse including, but not limited to:

(a) Confiscating any deadly weapons involved in the alleged domestic abuse and any firearms and ammunition in the defendant's control, ownership, or possession.

(b) Transporting or obtaining transportation for the victim and any child, to a designated place to meet with a domestic violence counselor, local family member, or friend.

(c) Assisting the victim in removing toiletries, medication, clothing, business equipment, and any other items determined by the court.

(d) Giving the victim immediate and written notice of the rights of victims and of the remedies and services available to victims of domestic violence. The written notice shall include a statement substantially as follows:

"If you are the victim of domestic violence and you believe that law enforcement protection is needed for your physical safety, you have the right to request that the officer assist in providing for your safety, including asking for an emergency telephonic order for protection. You may also request that the officer assist you in obtaining from your premises and curtilage, toiletries, medication, clothing, business equipment, and any other items as determined by the court, and in locating and taking you to a local safe place including, but not limited to, a designated meeting place for a crisis center, a family member's or friend's residence, or a similar place of safety. If you are in need of medical treatment, you have the right to request that the officer assist you in obtaining an ambulance. You may request a copy of the report filed by the peace officer, at no cost, from the law enforcement department."

II. Pursuant to RSA 594:10, an arrest for abuse may be made without a warrant upon probable cause, whether or not the abuse is committed in the presence of the peace officer. When the peace officer has probable cause to believe that the persons are committing or have committed abuse against each other, the officer need not arrest both persons, but should arrest the person the officer believes to be the primary physical aggressor. In determining who is the primary physical aggressor, an officer shall consider the intent of this chapter to protect the victims of domestic violence, the relative degree of injury or fear inflicted on the persons involved, and any history of domestic abuse between these persons if that history can reasonably be obtained by the officer.

173-B:11 Notice to the Victim.

I. Notwithstanding the peace officer's obligations in RSA 173-B:9 and 10, all peace officers shall give victims of abuse immediate and adequate notice of their right to go to the district or superior court of their county to file a petition asking for protective orders against the abusive person and to seek a private criminal complaint.

II. It shall be the responsibility of the office of the clerk of the court to advise victims that they may request that the judge issue an order which shall include removing any and all firearms and ammunition in the control, ownership, or possession of the defendant and may include:

- (a) Restraining the defendant from abusing the victim.
- (b) Directing the defendant to leave and stay away from the victim's premises and curtilage.
- (c) Giving the victim custody of any minor children, denying the defendant visitation, or requiring that visitation be supervised to ensure safety for the victim and minor children.
- (d) Directing the defendant to support the victim and any minor children if the defendant has the legal responsibility to support either or both.
- (e) Restraining the defendant from contacting the victim, or entering the victim's place of employment, school, or any specified place frequented regularly by the victim or any family or household member.
- (f) Restraining the defendant from abusing, in any way, the victim, household members, or victim's relatives, regardless of their place of residence.
- (g) Restraining the defendant from taking, converting, or damaging property in which the victim may have a legal or equitable interest.
- (h) Directing the defendant to temporarily relinquish to the peace officer specific deadly weapons in the control, ownership or possession of the defendant which may have been used, or been threatened to be used, in an incident of abuse against the victim or any member of the victim's household.
- (i) Ordering the defendant to pay the victim monetary compensation for losses suffered as a direct result of the abuse which may include, but not be limited to, loss of earnings or support, medical and dental expenses, damage to property, out-of-pocket losses for injuries sustained, and moving and shelter expenses.
- (j) Ordering the defendant to pay reasonable attorney's fees.

173-B:12 Emergency Care; Limitation and Liability. Any act or omission of any peace officer rendering emergency care or assistance to a victim of domestic violence including, but not limited to transportation, shall not impose civil liability upon the peace officer or the peace officer's supervisors or employer if the care or assistance is rendered in good faith, unless the act or omission is a result of gross negligence or willful misconduct.

173-B:13 Orders Enforceable.

I. Any protective order issued under this chapter shall be effective throughout the state, in all districts and counties.

II. Any protective order issued by any other state, tribal, or territorial court related to domestic or family violence, including an ex parte order, shall be deemed valid if the issuing court had jurisdiction over the parties and matter under the law of the state, tribe, or territory, and the person against whom the order was made was given reasonable notice and opportunity to be heard. There shall be a presumption in favor of validity where an order appears authentic on its face.

III. Any valid protective order, as defined in paragraph II, shall be accorded full faith and credit throughout as if the order were issued in New Hampshire. If the order of the issuing state affords greater protection than RSA 173-B, its provisions shall be enforced by the New Hampshire authorities.

IV. A person entitled to protection under a foreign protective order, as defined in paragraph II, may file such order in any district court by filing with the court a certified copy of the order. Such person shall swear under oath in an affidavit to the best of such person's knowledge that the order is presently in effect as written. Such filing shall be without fee or cost. The office of the clerk of the district court shall forward such order to the state police who shall enter such order in the state data base. Such filing shall not be a pre-condition to arrest or enforcement of a foreign order.

V. A peace officer may rely upon a copy of any protective order issued under this chapter, RSA 458, or a foreign protective order as defined in this section, which has been provided to the peace officer by any source.

VI. Law enforcement personnel may rely on the statement of the person protected by the order that the order remains in effect

VII. A mutual protective order issued by any other state, tribal, or territorial court against one who has petitioned, filed a compliant, or otherwise filed a written pleading for protection relating to domestic or family violence shall be accorded full faith and credit only if:

(a) A cross or counter petition, complaint or other written pleading was filed seeking such protection order; and

(b) The court made specific findings of domestic or family violence by both parties and that each party was entitled to such order.

173-B:14 Orders of Support.

I. The superior court, in any action determining the obligation of the obligor to support the obligee or the parties' minor children including, but not limited to, actions for divorce or custody pursuant to RSA 458; paternity, pursuant to RSA 168-A; child support, pursuant to RSA 161-B, RSA 161-C, and RSA 458; reimbursement of public assistance, pursuant to RSA 161-C; and the uniform reciprocal enforcement of support act, pursuant to RSA 546; shall take judicial notice of any support obligation established pursuant to this chapter upon the filing of a certified copy of the district court order in the superior court by:

(a) Either party to the domestic violence proceeding.

(b) The department.

(c) Any other agency or person legally entitled to enforce the obligation of support for the minor children.

II. Any superior court order for financial support shall include enforcement of any duly filed district court order from the date of filing forward, and shall include enforcement of any arrears which have been:

(a) Reduced to judgment by the district court;

(b) Documented by the department pursuant to an order to make payable through the department; or

(c) Documented by the obligee in a notarized statement, provided that the obligor shall have 30 days to object and request a hearing on the issue of arrears.

173-B:15 Fund for Domestic Violence Grant Program. A special fund for domestic violence programs is established. The sole purpose of the fund shall be to provide revenues for the domestic violence program established in RSA 173-B:16, which shall not be available for any other purpose. The state treasurer shall deposit all fees received by the department under RSA 457:29 in the fund. All moneys deposited in the fund shall be continually appropriated for the purposes of the domestic violence grant program and shall not lapse.

173-B:16 Grant Program Established. A grant program is established within the department for the allocation of grant money to New Hampshire programs which provide aid and assistance to victims of domestic violence. The grant program shall be funded by the fund established under RSA 173-B:15.

173-B:17 Duties of the Commissioner. The commissioner shall:

I. Administer the grant program established in RSA 173-B:16 through a coordinator. The costs of administration shall be covered by the fund, and shall not exceed 2 percent.

II. Adopt rules, under RSA 541-A, relative to procedures under which interested New Hampshire programs may apply for funding.

III. Appoint the coordinator.

IV. Enter into a contract with the coordinator, subject to the approval of the governor and council.

173-B:18 Selection of Coordinator. The commissioner shall be satisfied that the organization or agency chosen as the coordinator shall be qualified to provide at least those services listed in RSA 173-B:20.

173-B:19 Compensation for Coordinating Domestic Violence Grant Program. Compensation for the functions and duties of coordinating the program shall not exceed 30 percent of the total revenues of the fund.

173-B:20 Duties of Coordinator. The coordinator shall be a statewide organization or agency which has demonstrated its ability, at a minimum, to:

I. Serve as a clearinghouse for information relating to domestic violence.

II. Conduct educational programs on domestic violence, both for the general public and for specialized interest groups, such as law enforcement and medical personnel.

III. Provide technical assistance to local domestic violence programs in the areas of budget, management, and other such skills.

IV. Enlist the assistance of public and voluntary health, education, welfare, legal, and rehabilitation agencies in a concerted effort to prevent domestic violence.

V. Provide coordination and supervision of programs.

VI. Assist the commissioner in the administration of the fund.

VII. Publicize the availability of the fund, the date by which applications must be received, and act on all applications within 45 days of the application deadline.

VIII. Notify each agency or organization in writing whether or not it is eligible for funds, and specify the amount available.

IX. Publicize the availability of domestic violence programs to the public.

X. Provide training for court advocates and social services agency advocates to accompany domestic violence victims.

XI. Apply for and receive any federal funds for which this program may be eligible.

XII. Ensure, as far as possible, that grants are awarded on a reasonable geographical basis throughout the state.

XIII. Obtain and evaluate reports from each grantee, at least annually, on its operations under this chapter.

173-B:21 Criteria for Selection of Direct Service Grantees. The coordinator shall use all of the following criteria for selecting grantees:

I. A grantee's ability to provide direct services to victims of domestic violence as follows:

(a) Shelter or safe homes on a 24-hours-a-day, 7-days-a-week basis.

(b) A 24-hours-a-day, 7-days-a-week switchboard for crisis calls.

(c) Temporary housing and food facilities.

(d) Psychological support and peer counseling.

(e) Referrals to existing services in the community and follow-up on the outcome of the referrals.

(f) A drop-in center to assist victims of domestic violence who have not yet made the decision to leave their homes, or who have found other shelter but who have a need for support services.

(g) Arrangements for school-aged children to continue their education during their stay at the center.

(h) Emergency transportation to a shelter, and when appropriate, arrangements with local law enforcement for assistance in providing such transportation.

(i) Trained court advocates and social service agency advocates to accompany domestic violence victims.

II. A grantee shall be a private or private nonprofit organization, or a public agency.

III. A grantee shall demonstrate the need for the services proposed by the program.

IV. A grantee shall establish its ability to secure community support and its efficiency of administration.

V. A grantee shall receive at least 50 percent of its funding from sources other than the fund, including town, city, county, federal, or private sources. Contributions in kind, whether material, commodities, transportation, office space, or personal services, may be evaluated and counted as part of the required non-state funding.

173-B:22 Confidentiality. All persons who are employed, appointed, or who volunteer under this chapter shall maintain confidentiality with regard to persons served by the coordinator and grantees and files kept by the coordinator and grantees, except for reasons of safety for other shelter residents or staff.

173-B:23 Referral. Where centers are available, any law enforcement officer who investigates an alleged incident of domestic violence shall advise the person subject to such violence of the availability of programs from which that person may receive services.

173-B:24 Rights Reserved. A person shall not be prejudiced by the court having jurisdiction under RSA 173-B for having left the residence or household with or without the children to avoid further domestic violence.

173-B:25 Severability. If any provision of this chapter or the application of such provision to any person or circumstance is held invalid, the invalidity does not affect other provisions or applications of the chapter which can be given effect without the invalid provisions or applications, and to this end the provisions of this chapter are severable.

3 Cross Reference Revised; Definition of "Domestic Violence Center." Amend RSA 173-C:1, II to read as follows:

II. "Domestic violence center" means any organization or agency which would qualify as a direct service grantee under RSA [173-B:19] 173-B:21.

4 Cross Reference Revised; Marriage License Fees. Amend RSA 457:29 to read as follows:

457:29 Marriage License Fee. The fee for the marriage license shall be \$45 to be paid by the parties entering into the marriage. The clerk shall forward \$38 from each fee to the department of health and human services for the purposes of RSA [173-B:13] 173-B:15. The clerk shall retain the remaining \$7 as ~~his~~ *the* fee for making the records of notice, issuing the certificate of marriage, and forwarding the \$38 portion of the marriage license fee.

5 New Paragraph; Domestic Violence Protective Orders Issued in Divorce Cases; Form. Amend RSA 458:16 by inserting after paragraph I the following new paragraph:

I-a. Permanent domestic violence protective orders issued as part of a divorce decree shall be issued on a domestic violence protective order form under RSA 173-B.

6 Cross Reference Revised; Preparing Checklists. Amend RSA 654:25 to read as follows:

654:25 Preparing Checklist. The secretary of state shall issue and distribute guidelines for the composition and style of checklists and for the maintenance of data related to checklists by which the supervisors of the checklist shall compile and correct the checklist. Such guidelines shall specify the information which will be maintained and updated by the supervisors. The secretary shall establish standard forms and procedures for the use of the supervisors for the maintenance of such information. The information to be maintained and updated shall include the full name, address and party affiliation, if any, of each voter on the checklist and such other information as the secretary requires. The supervisors shall use the information so maintained and updated to prepare the checklist for all state elections. Every checklist used at any state election shall contain as a minimum the full name, address, and mailing address if different, and party affiliation, if any, of each voter on the checklist. The address and mailing address, if different, of a voter shall not appear on the checklist at the request of the voter if the voter presents to the supervisors of the checklist a valid protective order pursuant to RSA [173-B:4] 173-B. A voter who presents a valid protective order may, however, request that a mailing address, if different, be maintained on the checklist. If a voter who presents a valid protective order requests that no address be maintained on the checklist, the supervisors of the checklist may nonetheless maintain a designation on the checklist which indicates that no address is required for that voter.

7 Effective Date. This act shall take effect January 1, 1999.

HB 559-FN, relative to crimes against persons under 13 years of age. OUGHT TO PASS WITH AMENDMENT

Rep. L. Randy Lyman for Criminal Justice and Public Safety: The amendment allows courts to impose an extended term of imprisonment upon persons of any age who have committed certain crimes against persons under 13 years of age if the crime meets the criteria spelled out in RSA 651:6. The amendment adds RSA 630:3 (negligent homicide) to the list. The amendment also changes the current wording of RSA 651:6, "18 years or older" to: "A convicted person." Vote 13-0.

Amendment (0047h)

Amend the title of the bill by replacing it with the following:

AN ACT allowing courts to impose an extended term of imprisonment upon persons of any age who have committed certain crimes against person under 13 years of age.

Amend the bill by replacing all after the enacting clause with the following:

1 Extended Term of Imprisonment. Amend the introductory paragraph of RSA 651:6, I to read as follows:

I. ~~If a court finds that a convicted person is 18 years of age or older, he~~ *A convicted person* may be sentenced according to paragraph II if the court also finds, and includes such findings in the record, that:

2 Extended Term of Imprisonment. Amend RSA 651:6, I(f) to read as follows:

(f) He has committed or attempted to commit any of the crimes defined in RSA 630:3, I, 631 or 632-A against a person under 13 years of age; or

3 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill allows courts to impose an extended term of imprisonment upon a person of any age who has committed or attempted to commit a specified crime against a person under 13 years of age.

HB 565-FN, relative to penalties for joy-riding and car theft across state lines. **OUGHT TO PASS WITH AMENDMENT**

Rep. L. Randy Lyman for Criminal Justice and Public Safety: After studying the joy-riding issue for a period of time, the issue narrowed down to the prosecutor having to prove that the individual taking the vehicle did not intend to return it. We have made it a violation for persons under 18 to possess tobacco products and treat those over 12 years of age as an adult for purposes of prosecution, yet we treat minors who steal automobiles whose value may exceed \$20,000 to \$30,000 as having a "joy-ride." This disparity sends a wrong message to our young citizens. The committee agreed the taking of a vehicle is a serious crime with potentially serious consequences, not only for the victim of the theft but for the individual taking the vehicle, and therefore should be more properly addressed under the theft statutes. The circumstances of the act will dictate whether or not a prosecution should go forward under the theft statutes. The amendment repeals the joy-riding statutes. Vote 14-0.

Amendment (0074h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to unauthorized use of a propelled vehicle or animal.

Amend the bill by replacing all after the enacting clause with the following:

1 Repeal. RSA 634:3, relative to unauthorized use of propelled vehicle or animal, is repealed.

2 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill repeals the law prohibiting the unauthorized use of propelled vehicle or animal.

HB 583-FN-L, relative to felonious disarming of a law enforcement officer. **OUGHT TO PASS WITH AMENDMENT**

Rep. Bruce F. Hunter for Criminal Justice and Public Safety: This bill has been amended to establish a Class A felony for the taking of a firearm from a law enforcement officer while such officer is performing official duties. The term of imprisonment is meant to run consecutively and the minimum sentence shall be at least half of the maximum imposed which can be up to 15 or up to 20 years depending on the particulars of the crime. There were few instances where an officer had actually lost control of his firearm during a scuffle, but statistics show that many officers who have been shot in the line of duty have indeed been shot with their own firearms. The committee felt that this new felony was important to establish and the law enforcement community has cited the need for such a statute. Vote 16-0.

Amendment (0023h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Section; Taking a Firearm From a Law Enforcement Officer; Class A Felony. Amend RSA 642 by inserting after section 3 the following new section:

642:3-a Taking a Firearm From a Law Enforcement Officer.

I. Whoever knowingly takes or attempts to take a firearm from the person of a law enforcement officer, while such officer is engaged in the performance of official duties, shall be guilty of a felony and, notwithstanding the provisions of RSA 651:2, shall be sentenced as provided in paragraph II.

II. The penalties for an offense under this section shall be:

(a) In the case of a completed offense, or an attempt during which the firearm is discharged (other than intentionally by the officer), a fine under this title and imprisonment for a maximum term which is not to exceed 20 years and a minimum which is not to exceed ½ of the maximum.

(b) In the case of an attempt where the firearm is not discharged, a fine under this title and imprisonment for a maximum term which is not to exceed 15 years and a minimum which is not to exceed ½ of the maximum.

III. A term of imprisonment imposed under this section shall not run concurrently with any other term of imprisonment imposed with respect to the same criminal episode.

IV. In this section:

(a) "Firearm" means firearm as defined in section 921 of Title 18 of the United States Code.

(b) "Law enforcement officer" means a sheriff or deputy sheriff of any county, a state police officer, a constable or police officer of any city or town, an official or employee of any prison, jail or corrections institution, a probation-parole officer, or a conservation officer.

2 Effective Date. This act shall take effect January 1, 1999.

AMENDED ANALYSIS

This bill makes the taking and attempted taking of a firearm from a law enforcement officer felonies and prescribes the sentences for these offenses.

HB 604-FN-L, relative to accessing information in delinquency cases. INEXPEDIENT TO LEGISLATE

Rep. L. Randy Lyman for Criminal Justice and Public Safety: The stated purpose of the current juvenile confidentiality statutes is the safeguarding of the minor's contact with the juvenile justice system. This purpose is considered essential in facilitating and promoting the goals of treatment, rehabilitation, and protection from public scandal, curiosity and humiliation. Previous legislation has provided a "window" for the breaching of this confidentiality in areas of violent crime. Among other things, this bill removes the ability of a victim to access information, have input into the disposition of the case, to be apprised of negotiations, plea bargaining activities, as well as the opportunity to submit an impact statement during the proceedings. All these rights were established under RSA 169-B:34, RSA 169-B:35, and RSA 169-B:36. Victims' rights would be put in jeopardy by passage of this bill and the ability of the Attorney General or the County Attorney to release to the media the name and photograph of a juvenile when there is good cause to believe that the juvenile presents a serious danger to him or herself or to the public safety pursuant to RSA 169-B:37, would be eliminated. Vote 16-0.

HB 605-FN-L, relative to procedures regarding delinquent children under RSA 169-B. OUGHT TO PASS WITH AMENDMENT

Rep. L. Randy Lyman for Criminal Justice and Public Safety: This bill addresses procedures regarding children within the juvenile justice system. The amended version of this bill more clearly defines the definitions of "Diversion" and "Intervention" and provides the procedure for accessing same. The bill further clarifies the responsibilities required of parents, guardians, and caregivers. A notification process for non-custodial parents is established. The timing of service for petitions and summonses is simplified. Violations will be addressed under first offenses rather than multiple offenses (shoplifting, petty theft, etc.). Vote 16-0.

Amendment (0187h)

Amend the bill by replacing all after the enacting clause with the following:

I Applicability; Purpose. RSA 169-B:1, II is repealed and reenacted to read as follows:

II. Consistent with the protection of the public interest, to promote the minor's acceptance of personal responsibility for delinquent acts committed by the minor, encourage the minor to understand and appreciate the personal consequences of such acts, provide a minor who has committed delinquent acts with counseling, supervision, treatment, and rehabilitation, and make parents aware of the extent to which they may have contributed to the delinquency and make them accountable for their role in its resolution.

2 Definition of Delinquent Revised. Amend RSA 169-B:2, IV to read as follows:

IV. "Delinquent" means a person who has committed an offense before reaching the age of 17 years which would be a felony ~~or~~, misdemeanor, *or violation* under the criminal code of this state if committed by an adult, and is expressly found to be in need of counselling, supervision, treatment, or rehabilitation as a consequence thereof, *or a person who has committed an offense before reaching the age of 16 that would be a violation of a motor vehicle law, an aeronautics law, a law relating to navigation or boats, a fish and game law, a law relating to federal Title XIII, a law relating to fireworks under RSA 160-B, or any town or municipal ordinance.*

3 New Paragraphs; "Diversion" and "Intervention" Defined. Amend RSA 169-B:2 by inserting after paragraph IV the following new paragraphs:

IV-a. "Diversion" means a decision made by a person with authority which results in specific official action of the legal system not being taken or being postponed in regards to a juvenile and, in lieu of such inaction or postponement, providing an individually designed program for delivery

of services for the juvenile by a specific provider or a plan to assist the juvenile in finding a remedy for his or her inappropriate behavior. The goal of diversion is to prevent further involvement of the juvenile in the formal legal system. Diversion of a juvenile may take place either at pre-filing as an alternative to the filing of a petition, or at arraignment.

IV-b. "Intervention" means a decision made by a person with authority which results in specific official action of the legal system not being taken or being postponed in regards to a juvenile and, in lieu of such inaction or postponement, providing an individually designed program for delivery of services for the juvenile by a specific provider or a plan to assist the juvenile in finding a remedy for his or her inappropriate behavior. The goal of intervention is to prevent further involvement of the juvenile in the formal legal system. Intervention for a juvenile may take place either at the adjudicatory or dispositional level.

4 New Paragraph; "Services" Defined. Amend RSA 169-B:2 by inserting after paragraph IX the following new paragraph:

X. "Services" means and shall include, but not be limited to, diagnostic needs assessment, restitution programs, community service, job training and placement, specialized tutoring, constructive academic exercises, constructive recreational activities, general counseling, and counseling during a crisis situation.

5 New Section; Parental Responsibility. Amend RSA 169-B by inserting after section 2 the following new section:

169-B:2-a Parental Responsibility.

I. In each case brought pursuant to this chapter, on the date of arraignment, the court shall identify the parents of the minor or, in their absence, the guardian or other person charged by law with the responsibility for the welfare of the minor. It shall be the obligation of such parents or guardians to:

(a) Personally attend and assure the attendance of the minor at all hearings of the court.

(b) Personally attend and assure the attendance of the minor at all meetings with the department of health and human services and collateral support service agencies occasioned by the action.

(c) Fully participate in all services ordered by the court including, but not limited to, substance abuse treatment, parenting classes, mediation, community service, and therapy.

(d) Pay a portion, or all, of any restitution or fines imposed by the court when the court finds the payment by the parent to be in the interest of justice and rehabilitation.

(e) Supervise the minor's compliance with all orders of the court and conditions of release and probation including, but not limited to, curfew, school attendance, and general behavior.

II. Failure to supervise and otherwise accept responsibility as required by this section shall be treated as criminal contempt of court punishable by up to a \$1,000 fine and 6 months imprisonment. It shall be a defense to any such charge of contempt that the parent, guardian, or such other person or persons having custody and control of the minor made reasonable efforts to comply.

6 Legal Sufficiency of Petition. RSA 169-B:6, II is repealed and reenacted to read as follows:

II. To be legally sufficient, the petition shall set forth with particularity, but not be limited to, the date, time, manner and place of the conduct alleged, shall state the statutory provision alleged to have been violated, and shall be entitled, "In the interest of _____, a child."

7 Issuance of Summons and Notice. RSA 169-B:7 is repealed and reenacted to read as follows:

169-B:7 Issuance of Summons and Notice.

I. After a legally sufficient petition has been filed, the court shall issue a summons to be served personally or, if personal service is not possible, at the usual place of abode of the person having custody or control of the minor or with whom the minor may reside, requiring that person to appear with the minor at a specified place and time, which time shall not be less than 24 hours after service. The non-custodial parent shall be notified of the pending court petition via certified mail, return receipt requested, to his or her last known address.

II. A copy of the petition shall be attached to each summons or incorporated therein.

8 Failure to Appear; Hearings. RSA 169-B:8, II is repealed and reenacted to read as follows:

II. If the minor, parent, guardian, or other person ordered to appear fails to appear for any scheduled hearing, a bench warrant may be issued for the minor's appearance, or for the appearance of anyone having custody or control of the minor, or both. Additionally, the court may proceed against the minor, or anyone having custody or control of the minor, or both, for their failure to appear as authorized by RSA 263:56-a.

9 Juvenile Diversion Substituted for Release Without Court Referral. RSA 169-B:10 is repealed and reenacted to read as follows:

169-B:10 Juvenile Diversion.

I. At any time before or at arraignment pursuant to this chapter, a minor and the minor's family may be referred to a court-approved diversion program or other community resource. Referral may be made by the arresting or prosecuting agency or juvenile service officer, with the consent of the prosecuting agency, prior to filing a petition with the court or after the filing of a petition by such agency with the court's approval, or by the court on its own, or any party's motion. The administrative judge of the district court shall have the authority to approve diversion referral procedures for use in all juvenile matters throughout the state.

II. Referral to diversion or other community resource after filing is appropriate if:

- (a) The facts bring the case within the jurisdiction of the court;
- (b) Referral of the case is in the best interest of the public and the minor; and
- (c) The minor and parent, guardian, or other custodian consent with the knowledge that consent is not obligatory.

III. Referral after filing shall stay the proceedings for a period not to exceed 3 months from the date of referral, unless extended by the court for an additional period not to exceed 3 months and does not authorize the detention of the minor.

IV. During the period of referral, the court may require further conditions of conduct on the part of the minor and the minor's parents.

10 Appointment of Counsel; Procedures Revised. Amend RSA 169-B:12, I to read as follows:

I. Absent a valid waiver, the court shall appoint counsel at the time of arraignment of an indigent minor~~[-, provided that an indigent minor detained pursuant to RSA 169-B:11, III, shall have counsel appointed upon the issuance of the detention order]~~ ***alleged to have committed an act which would be a felony or misdemeanor under the criminal code of this state.*** For purposes of the appointment of counsel under this section, an indigent minor shall be a minor who satisfies the court, after appropriate inquiry, that the minor is financially unable to independently obtain counsel.

11 Waiver of Counsel; Procedures Revised. Amend the introductory paragraph of RSA 169-B:12, II to read as follows:

II. The court may accept a waiver of counsel in a delinquency proceeding ***alleging commission of an act which would be a felony or misdemeanor under the criminal code of this state*** only when:

12 Appointment of Counsel for Minor at Arraignment Revised. Amend RSA 169-B:13, I (c) to read as follows:

(c) Appoint counsel pursuant to RSA 169-B:12, ***if the offense alleged would be a felony or misdemeanor under the criminal code of this state;***

13 Arraignment. RSA 169-B:13, II is repealed and reenacted to read as follows:

II. The court may, at any time after arraignment, dispose of the petition by referring the minor or the minor and family for participation in an approved court intervention program.

14 New Paragraph; Court Referrals; Uncompensated Public Service by Minors. Amend RSA 169-B:13 by inserting after paragraph II the following new paragraph:

III. A referral under this section may include an order for the minor to perform up to 50 hours of uncompensated public service subject to the approval of the elected or appointed official authorized to give approval of the city or town in which the offense occurred. The court's order for uncompensated public service shall include the name of the official who will provide supervision to the minor. However, no person who performs such public service under this paragraph shall receive any benefits that such employer gives to its other employees, including, but not limited to, workers compensation and unemployment benefits and no such employer shall be liable for any damages sustained by a person while performing such public service or any damages caused by that person unless the employer is guilty of gross negligence.

15 Release or Detention Provisions Revised. Amend RSA 169-B:14, I to read as follows:

I. Following arraignment a minor alleged to be delinquent may be ordered by the court to be:

- (a) Retained in the custody of a parent, guardian, or custodian; or
- (b) Released in the supervision and care of a relative or friend~~[-or~~
- (c) ~~Released in the supervision and care of a foster home, as defined in RSA 169-C:3, XIII, which is specifically licensed to accept delinquent children with expenses charged according to RSA 169-B:40; or~~

~~(d) Placed in a group home, crisis home or shelter-care facility with expenses charged according to RSA 169-B:40; or~~

~~(e) Detained at a facility certified by the commissioner of the department of health and human services for detention of minors pursuant to the following:~~

~~(1) No minor charged with delinquency shall be securely detained following arraignment unless the prosecution establishes probable cause to believe that the minor committed the alleged delinquent acts and unless the prosecution demonstrates by clear and convincing evidence the need for secure detention, based upon the criteria for secure detention specified in subparagraph (c)(2);~~

~~(2) A minor shall not be securely detained unless secure detention is necessary:~~

~~(A) To insure the presence of the juvenile at a subsequent hearing; or~~

~~(B) To provide care and supervision for a minor who is in danger of self-inflicted harm when no parent, guardian, custodian, or other suitable person or program is available to supervise and provide such care; or~~

~~(C) To protect the personal safety or property of others from the probability of serious bodily harm or other harm].~~

16 New Paragraph. Release or Detention After Arraignment for Minors Allegedly Having Committed Felonies or Misdemeanors. Amend RSA 169-B:14 by inserting after paragraph I the following new paragraph:

I-a. Following arraignment a minor alleged to have committed an offense which would constitute a felony or misdemeanor under the criminal code of this state may be ordered by the court to be:

(a) Released in the supervision and care of a foster home, as defined in RSA 169-C:3, XIII, which is specifically licensed to accept delinquent children with expenses charged according to RSA 169-B:40; or

(b) Placed in a group home, crisis home or shelter-care facility with expenses charged according to RSA 169-B:40; or

(c) Detained at a facility certified by the commissioner of the department of health and human services for detention of minors pursuant to the following:

(1) No minor charged with delinquency shall be securely detained following arraignment unless the prosecution establishes probable cause to believe that the minor committed the alleged delinquent acts and unless the prosecution demonstrates by clear and convincing evidence the need for secure detention, based upon the criteria for secure detention specified in subparagraph (c)(2);

(2) A minor shall not be securely detained unless secure detention is necessary:

(A) To insure the presence of the juvenile at a subsequent hearing; or

(B) To provide care and supervision for a minor who is in danger of self-inflicted harm when no parent, guardian, custodian, or other suitable person or program is available to supervise and provide such care; or

(C) To protect the personal safety or property of others from the probability of serious bodily harm or other harm.

17 Release or Detention Pending Adjudicatory Hearing. RSA 169-B:14, III is repealed and reenacted to read as follows:

III. All orders issued pursuant to this section shall be in accordance with guidelines promulgated by the administrative judge of the district court, shall set forth findings in writing, and such conditions as the court may determine.

18 Dispositional Hearing; Court Order. Amend the introductory paragraph of RSA 169-B:19, I to read as follows:

I. The department of health and human services shall provide the court with costs of the recommended services, placements and programs. If the court finds that a minor ~~[is delinquent]~~ **has committed an offense which would be a felony or misdemeanor under the criminal code of this state**, the court may order the least restrictive of the following dispositions, which the court finds is the most appropriate:

19 Dispositional Hearing; Penalties; Order for Services. RSA 169-B:19, I(b)-(d) are repealed and reenacted to read as follows:

(b) Fine the minor up to \$250, require restitution or both. Restitution ordered by the court may be collected by the department or by the court or by an agency designated by the court to collect it. In any case where a parent is ordered to pay all or any portion of the fine or restitution pursuant to RSA 169-B:2-a, the parents shall have the right to a hearing before the court to contest the amount of restitution or their liability.

(c) Order the minor to undergo physical treatment, substance abuse treatment or testing, treatment by a mental health center, or any other psychiatrist, psychologist, psychiatric nurse practitioner, psychiatric social worker or family therapist as determined by the court, attend mediation sessions, parenting programs, or any other such program or programs the court determines necessary to carry out the purposes of this chapter with expenses, if any, charged according to RSA 169-B:40. Utilization of community resource programs shall be encouraged.

(d) Order the minor's parents or family to undergo physical treatment or treatment by a mental health center, or any other psychiatrist, psychiatric social worker, or family therapist as determined by the court, with expenses charged under RSA 169-B:40. Utilization of community resource programs shall be encouraged.

(e) Order the minor's parents or the minor's family to undergo a substance abuse evaluation by a treatment provider contracted with the bureau of substance abuse services, and to undergo such substance abuse treatment as is recommended in the evaluation. Such recommendation may include treatment provided by a privately paid provider approved by the court. The cost of the evaluation and treatment shall be paid by private insurance if applicable, or pursuant to agreement by the provider with the bureau of substance abuse services shall be provided free or at reduced cost to low income parents or family members.

20 Disposition Hearing; Court Dispositions. Amend RSA 169-B:19, I (i) to read as follows:

(i) Any combination of the above; [or]

21 New Paragraph; Disposition Hearing; Alternative Dispositions for Minors. Amend RSA 169-B:19 by inserting after paragraph I the following new paragraph:

I-a. If the court finds that a minor has committed an offense that would be a violation under the criminal code of this state, or committed an offense before reaching the age of 16 that would be a violation of motor vehicle law, an aeronautics law, a law relating to navigation or boats, a fish and game law, a law related to federal Title XIII, a law related to fireworks under RSA 160-B, or any town or municipal ordinance, the court may order the least restrictive of the following dispositions which the court finds is most appropriate:

(a) Return the minor to a parent, custodian or guardian;

(b) Fine the minor up to \$250, require restitution, or both. Restitution ordered by the court may be collected by the department, or by the court, or by an agency designated by the court for collection;

(c) Order the minor to perform up to 50 hours of uncompensated public service subject to the approval of the elected or appointed official authorized to give approval of the city or town in which the offense occurred. The court's order for uncompensated public service shall include the name of the official who will provide supervision to the minor. However, no person who performs such public service under this paragraph shall receive any benefits that such employer gives to its other employees, including, but not limited to, workers compensation and unemployment benefits and no such employer shall be liable for any damages sustained by a person while performing such public service or any damages caused by that person unless the employer is guilty of gross negligence.

(d) Any combination of the above.

22 Disposition Hearing; Guidelines; Findings. RSA 169-B:19, V is repealed and reenacted to read as follows:

V. All dispositional orders issued pursuant to this section shall be in accordance with guidelines promulgated by the administrative judge of the district court and shall include written findings as to the basis for the disposition and such conditions as the court may determine.

23 Determination of Competence; Felony or Misdemeanor Requirement Added. Amend RSA 169-B:20 to read as follows:

169-B:20 Determination of Competence. Any minor before the court *alleged to have committed an offense which would be a felony or misdemeanor under the criminal code of this state* shall, at the discretion of the court, together with parents, guardian or person with custody or control submit to a mental health evaluation to be completed within 60 days, by an agency other than the Philbrook center, approved by the commissioner of health and human services, a psychologist certified in New Hampshire, or a qualified psychiatrist, provided that the evaluation may be performed by the Philbrook center only upon receiving prior approval for such evaluation from the commissioner of the department of health and human services or designee. A written report of the evaluation shall be given to the court before the hearing on the merits is held. The court shall in-

form the parents, guardian, or counsel of the minor of their right to object to the mental health evaluation. They shall object in writing if they so desire to the court having jurisdiction of the matter within 5 days after notification of the time and place of the evaluation, and the court shall hold a hearing to consider the objection prior to ordering the evaluation or, upon good cause shown, may excuse the minor, parents, guardian, or person in custody or control from the provisions of this section. Whenever such an evaluation has been made for consideration at a previous hearing, it shall be jointly reviewed by the court and the evaluating agency before the case is heard. The evaluation facility, agency or individual shall keep records; but no reports or records of information contained in the reports shall be made available, other than to the court and parties, except upon the written consent of the person examined or treated and except as provided in RSA 169-B:35. The expense of such evaluation is to be borne as provided in RSA 169-B:40.

24 Mental Health and Substance Abuse Evaluation. RSA 169-B:21 is repealed and reenacted to read as follows:

169-B:21 Mental Health and Substance Abuse Evaluation.

I. Any court, finding that a minor has committed [the] *an* alleged offense *which would be a felony or misdemeanor under the criminal code of this state*, may, before making a final disposition, order the minor, minor's parents, guardian or person with custody or control to submit to a mental health or substance abuse evaluation to be completed within 60 days. A written report of the evaluation shall be given to the court before the dispositional hearing. If the parents, guardian, minor, or person having custody or control objects to the mental health or substance abuse evaluation, they shall object in writing to the court having jurisdiction within 5 days after notification of the time and place of the evaluation. The court shall hold a hearing to consider the objection prior to ordering such evaluation. Upon good cause shown, the court may excuse the parents, guardian, minor, or person having custody or control from the provisions of this section.

II. Whenever such an evaluation has been made for consideration at a previous hearing, it shall be jointly reviewed by the court and the evaluating agency before the case is heard. The evaluating facility, agency, or individual shall keep records, but no reports or records of information contained therein shall be made available other than to the court and parties, except upon the written consent of the person examined or treated and except as provided in RSA 169-B:35. The expense of such evaluation shall be borne as provided in RSA 169-B:40.

25 Orders for Physical Examination and Treatment; Felony or Misdemeanor Requirement Added. Amend RSA 169-B:23 to read as follows:

169-B:23 Orders for Physical Examination and Treatment. If it is alleged in any petition, or it appears at any time during the progress of the case, that a delinquent *alleged to have committed an offense which would be a felony or misdemeanor under the criminal code of this state* is in need of physical treatment, the failure to receive which is a contributing cause of delinquency, due notice of that fact shall be given as provided in RSA 169-B:7. If the court, upon hearing, finds that such treatment is reasonably required, it shall be ordered and the expense thereof shall be borne as provided in RSA 169-B:40.

26 Case Closure and Review of Disposition. RSA 169-B:31 is repealed and reenacted to read as follows:

169-B:31 Case Closure and Review of Disposition. Upon making a finding that the purposes of this chapter have been met with regard to the minor named in the petition, or for such other reason the court may deem appropriate and consistent with the purposes of this chapter, the court may order a case closed. Any case remaining open for 12 months after the date of disposition shall be reviewed by the court annually and closed, unless the court finds by a preponderance of the evidence that the continued provision of services and court involvement are necessary and shall be fruitful to rehabilitate the minor or protect the public interest. All such findings shall be in writing and shall include the basis upon which those findings were made.

27 Effective Date. This act shall take effect January 1, 1999.

AMENDED ANALYSIS

This bill revises certain procedures relative to delinquency cases, defines "diversion" and "intervention," modifies certain provisions of juvenile release, detention, or other court ordered dispositions, and includes provisions relative to court intervention programs and parental responsibility. Referred to Finance.

HB 665-FN, establishing the crime of felony murder. **INEXPEDIENT TO LEGISLATE**
Rep. Paul K. Chase, Jr. for Criminal Justice and Public Safety: The committee heard testimony that another bill to be filed for the 1998 session would more adequately address the subject of felony murder. To address the issue at this time without the important input from the Attorney General's office was judged not in the best interests of the public. The committee has the assurance from the Attorney General that we will work with the sponsors and the criminal justice professionals to weigh the merits of the proposed felony murder statute. Vote 13-1.

HB 682-FN-L, requiring law enforcement agencies to notify certain community organizations when a sexual offender moves into the community. **OUGHT TO PASS WITH AMENDMENT**
Rep. William V. Knowles for Criminal Justice and Public Safety: This bill, as amended, permits interested members of the public to access information in the Central Offender Registry. This registry contains the name, address, offense for which the individual has been convicted, and the date and court of conviction for which the offender is registered. The registry contains a listing of all convicted sexual offenders or offenders against children, who are required to register under RSA 651-B whether on probation, parole, conditional or unconditional release, transfers to any community based residential program, completion of sentence, or for any other reason. Information shall be accessible at local law enforcement agencies. Vote 15-0.

Amendment (0029h)

Amend the title of the bill by replacing it with the following:

AN ACT requiring the division of state police to maintain a central offender registry and relative to public access to information contained in the registry.

Amend the bill by replacing all after the enacting clause with the following:

1 Transfer to Community-Based Residential Program Added. Amend RSA 651-B:3, I to read as follows:

I. Upon release of any sexual offender or offender against children after conviction, whether on probation, parole, conditional or unconditional release, *transfer to any community-based residential program*, completion of sentence, or for any other reason, the official in charge of such release shall notify the offender of the offender's duty to report under this chapter. The offender shall acknowledge in writing that he has received such notice. The official shall obtain the address at which the offender expects to reside upon release and shall report such address to the department. The department shall inform the local law enforcement agency where the offender expects to reside. The division shall enter the information concerning the offender's release and notification in the LENS system.

2 Central Offender Registry; Availability of Information to the Public. RSA 651-B:7 is repealed and reenacted to read as follows:

651-B:7 Central Offender Registry; Availability of Information to the Public.

I.(a) The division shall maintain a central offender registry of all individuals registered pursuant to this chapter. This registry shall include the:

- (1) Name and address of the registered individual;
- (2) Offense for which the individual was convicted; and
- (3) Date and court of the conviction for which the individual is registered.

(b) Where such information is available, the registry may also include:

- (1) A photograph or physical description of the individual;
- (2) The date and court of the individual's other convictions, if any;
- (3) Information on the profile of the victim or victims of the individual's offense or offenses; and

(4) The method of approach utilized by the individual.

(c) In no event shall the registry include the identity of any victim.

II.(a) At periodic intervals, not less frequently than once each month, the commissioner of the department of corrections and the superintendent of each county correctional facility shall forward to the division, a list of every sexual offender or offender against children who is confined in a facility under their control, and who is eligible at that time for any unsupervised work detail or other assignment which may bring the offender into contact with members of the public. These lists shall include:

- (1) The name of the eligible individual and the name and address of the facility where he or she is confined;
- (2) The offense for which the individual was convicted; and
- (3) The date and court of the conviction for which the individual is confined.
- (b) Where such information is available, the lists may also include:
 - (1) A photograph or physical description of the individual;
 - (2) The date and court of the individual's other convictions, if any;
 - (3) Information on the profile of the victim or victims of the individual's offense or offenses; and
 - (4) The method of approach utilized by the individual.
- (c) In no event shall the registry include the identity of any victim.
- (d) The lists described in this paragraph shall be incorporated by the division into the central offender registry.

III. The division shall forward the information contained in the central offender registry to each local law enforcement agency at periodic intervals, but in no event less frequently than once each month. Information contained in the central offender registry shall be made available to interested members of the public upon request to the local law enforcement agency. The department shall adopt rules, pursuant to RSA 541-A, establishing procedures for the collection of information described in this section, the transmission of the information from the division to the local law enforcement agencies, and the manner in which the information shall be made available to the public. These rules shall enable the public to request information about a named individual or about all listed individuals residing or confined in a specified city or town. The rules shall also include provisions for identifying and maintaining a record of the parties to whom information from the central offender registry has been disclosed, and may also provide for the imposition of a reasonable fee to defray the administrative costs of collecting information and making the information available to the public.

IV. Nothing in this chapter shall be construed to limit the local law enforcement agency from making any use or disclosure of information obtained pursuant to this chapter as may be necessary to the performance of a valid law enforcement function.

V. Local law enforcement agencies, employees of local law enforcement agencies, and county and state officials shall be immune from civil and criminal liability for good faith conduct under this chapter. Nothing in this paragraph shall be deemed to grant any such immunity to any person for that person's reckless or wanton conduct.

3 Effective Date. This act shall take effect January 1, 1999.

AMENDED ANALYSIS

This bill requires the division of state police to maintain a central offender registry of all persons required to be registered as criminal offenders. Information contained in the central offender registry shall be made available to the public, upon application of interested members of the public and in accordance with rules adopted by the department of safety. The bill allows the department to charge a reasonable fee to defray the administrative costs of collecting information and making it available to the public.

HB 730-FN, relative to penalties for sexual misconduct by mental health counselors. OUGHT TO PASS WITH AMENDMENT

Rep. William V. Knowles for Criminal Justice and Public Safety: The amendment to this bill defines "therapy" and makes it an offense if, while providing such therapy, the actor uses his/her position as a provider to coerce the victim to submit. Vote 16-0.

Amendment (0191h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to aggravated felonious sexual assault.

Amend the bill by replacing all after the enacting clause with the following:

1 New Paragraph; Definition of "Therapy." Amend RSA 632-A:1 by inserting after paragraph V the following new paragraph:

VI. "Therapy" means the treatment of bodily, mental, or behavioral disorders by remedial agents or methods.

2 Coercion Added; Unethical Therapy, Medical Treatment or Examination. Amend RSA 632-A:2, I(g) to read as follows:

(g) When the actor provides therapy, medical treatment or examination of the victim *and in the course of that therapeutic or treating relationship*:

(1) Acts in a manner or for purposes which are not professionally recognized as ethical or acceptable; or

(2) Uses this position as such provider to coerce the victim to submit.

3 Effective Date. This act shall take effect January 1, 1999.

AMENDED ANALYSIS

This bill makes it aggravated felonious sexual assault when a defendant uses a position as a provider of therapy or medical treatment to coerce a victim to submit to sexual penetration.

HB 767-FN, relative to violation of court orders regarding child custody. INEXPEDIENT TO LEGISLATE

Rep. L. Randy Lyman for Criminal Justice and Public Safety: This bill added language to an existing statute making it a misdemeanor if a person knows that a court order specifies conditions for visitation with a child and the person violates such order. The result of the change would involve third parties and provided for no defense. The committee determined that more harm than good would result if this measure were to pass. Vote 16-0.

SB 102-FN, relative to the possession of certain weapons in the commission of a violent crime. OUGHT TO PASS WITH AMENDMENT

Rep. Bruce F. Hunter for Criminal Justice and Public Safety: This bill has been amended to make possession or use of dangerous weapons while committing a misdemeanor or a felony an additional Class A misdemeanor. Currently, the statute states that such possession or use during any offense is an additional misdemeanor charge. The committee heard testimony during which it was alleged that misuse of the statutes had occurred during motor vehicle violations. The committee felt that if the offense committed was a misdemeanor or a felony, the additional charge would be warranted. The Senate sponsor agreed. Vote 16-0.

Amendment (0027h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the possession of certain weapons in the commission of a crime.

Amend the bill by replacing all after the enacting clause with the following:

1 Possession of Dangerous Weapon While Committing a Crime. RSA 159:15 is repealed and reenacted to read as follows:

159:15 Possession of Dangerous Weapon While Committing a Crime. A person shall be guilty of a class A misdemeanor if that person:

I. Is armed with or has upon the person slung shot, metallic knuckles, billies, or other dangerous weapons while committing a misdemeanor or felony; or

II. Used slung shot, metallic knuckles, billies, or other dangerous weapons in committing an offense for which the person is arrested.

2 Effective Date. This act shall take effect January 1, 1999.

AMENDED ANALYSIS

This bill makes a person guilty of a class A misdemeanor if that person is armed with or has upon his or her person slung shot, metallic knuckles, billies, or other dangerous weapons while committing a crime classified as a misdemeanor or felony. A person who uses such dangerous weapons in committing an offense for which the person is arrested is also guilty of a class A misdemeanor.

HB 166, extending the time frame for the annual school district meeting date to the last Saturday in April. INEXPEDIENT TO LEGISLATE

Rep. Richard L. Hill for Education: This bill would extend the time frame for holding annual school district meetings. The committee found during their hearings that there is now an abundance of existing timing options for annual school district meetings. The committee also recognized the possibility of a school district arriving at June 30, the end of the school financial year, without a

budget due to the extended meeting schedule proposal. Finally, the committee felt this bill would cause confusion to the voters, especially with the arrival of SB 2, Chapter 164, Laws of 1995 and the new time lines required by SB 109, Chapter 318, Laws of 1997 for ballot voting. Vote 19-0.

HB 167, changing the teacher nomination notification date from April 15 to May 15. **INEXPEDIENT TO LEGISLATE**

Rep. Richard L. Hill for Education : The committee found during hearings that teacher employment processes and practices are regulated by law within the form of government chosen by the school district. Ten cities have charters and this makes their teacher re-nomination unique and fall beyond the provisions of this bill. The 1995 legislative session passed legislation which changed the date from March 30 to the current date of April 15. It was felt by the committee that this time change should be allowed to work before further modification. Vote 19-0.

HB 242, requiring voter approval for any type of random drug testing within a school district. **INEXPEDIENT TO LEGISLATE**

Rep. Bruce L. Dearborn for Education : This bill describes a state-required process for voter-approved drug testing policies in school districts. The committee feels that the local school district is the responsible agency to handle drug testing and that the voting process for school board decisions remain under the control of the local board. Vote 19-0.

HB 270-L, allowing school districts to transfer permanent paper records onto electronic alternate media and destroy printed records. **INEXPEDIENT TO LEGISLATE**

Rep. Suzan L.R. Franks for Education: The committee recognizes the issue of records storage as genuine, and, therefore, has requested the Department of Education to bring forward legislation in consultation with local school districts and our State Archivist to develop a record retention process which will define historical documents and the process by which such records may be donated to local historical societies. The bill's proposed process of allowing the destruction of paper documents, after recording their contents electronically, was judged to be an inappropriate solution. Vote 15-1.

HB 538, requiring every pupil receiving state-funded scholarships or grants for postsecondary education to pass a drug test as a condition for receiving such funds, and requiring repayment of such moneys upon conviction of a drug-related offense. **INEXPEDIENT TO LEGISLATE**

Rep. Bruce L. Dearborn for Education: The bill proposed drug testing on persons receiving New Hampshire state financial grants for post-secondary education. Penalties would be imposed for failing these tests. Because of the small number of students (1,200) involved in state grants and scholarship programs and the difficulties with the constitutionality of drug testing, the committee believes that new legislation that proposes an alternate approach to the problems of alcohol and drug abuse by students would be appropriate. This legislation does not accomplish that objective. Vote 19-0.

HB 333-FN-L, establishing a fine for political advertising placed or affixed prior to the date permitted by statute or placed on or affixed to any public property. **INEXPEDIENT TO LEGISLATE**

Rep. Jane S. Langley for Election Law: The original bill would be difficult to enforce. The subject matter has been incorporated into new bills. The committee, therefore, voted this bill inexpedient to legislate. Vote 12-0.

HB 356, relative to reporting requirements for political candidates and political committees. **INEXPEDIENT TO LEGISLATE**

Rep. Thomas I. Arnold, Jr. for Election Law: The committee had difficulty reaching a consensus on the bill as presented. Because the subject matter is incorporated into other bills where the ideas may be considered individually, the committee voted this "omnibus" bill inexpedient to legislate. Vote 13-0.

HB 408, relative to using name stickers on election ballots. **INEXPEDIENT TO LEGISLATE**

Rep. Janet S. Arndt for Election Law: The committee felt that since the Supreme Court upheld the present law, we should let it stand. Vote 13-0.

HB 396-L, prohibiting current use tax designation for property granted a change in zoning classification for 5 years after the reclassification. **INEXPEDIENT TO LEGISLATE**

Rep. Donald R. Philbrick for Environment and Agriculture: This bill was re-referred because the subcommittee was concerned about several cases being heard by the state Supreme Court regard-

ing current use. This delay in action allowed the subcommittee to review those decisions. The subcommittee and full committee now feel no further legislation is required at this time and this bill should be inexpedient to legislate. Vote 15-0.

HB 553-L, relative to a right to farm. INEXPEDIENT TO LEGISLATE

Rep. Harold P. Melcher for Environment and Agriculture: The committee feels the bill's intention would be more effectively realized by another approach. Another bill has been filed. Vote 15-0.

HB 593-FN-L, extending the grant program for closure of landfills to municipalities and adding the closure of the refuse-to-energy facility at Pease to the state water pollution control revolving fund priority projects. INEXPEDIENT TO LEGISLATE

Rep. John R.M. Alger for Environment and Agriculture: The committee recommends that the whole issue of volume reduction incinerators and grant program for closures be studied in depth by a subcommittee of Environment and Agriculture. Vote 19-0.

SB 145-L, relative to the definition of "open space land" for purposes of current use taxation. INEXPEDIENT TO LEGISLATE

Rep. Donald R. Philbrick for Environment and Agriculture: The committee felt that the current situation was unfair and that SB 145 did not adequately address it. Therefore, in order to correct it, new legislation had to be filed. Vote 16-0.

HB 256-FN, establishing uniform adjudicative proceedings for state agencies and establishing a pilot program for adjudicative hearings. OUGHT TO PASS WITH AMENDMENT

Rep. James P. Pilliod for Executive Departments and Administration: The purpose of this bill is to provide uniform rules for adjudicative hearings. Agencies, boards and commissions will be able to use these rules for conducting their adjudicative hearings. Vote 17-0.

Amendment (0119h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing uniform adjudicative proceedings for state agencies.

Amend the bill by replacing all after the enacting clause with the following:

1 Adjudicative Proceedings. Amend RSA 541-A:16, I(b)(2) to read as follows:

(2) Rules governing adjudicative [~~hearings~~] *proceedings pursuant to RSA 541-A:30-a*; and

2 New Section; Rules for Adjudicative Hearings. Amend RSA 541-A by inserting after section 30 the following new section:

541-A:30-a Rules for Adjudicative Proceedings.

I. Each agency shall adopt rules pursuant to RSA 541-A governing the nature and requirement of all formal and informal procedures available in an adjudicative proceeding.

II. The director of the office of legislative services, in consultation with the attorney general, shall establish model uniform procedures relative to adjudicative proceedings within one year of the effective date of this act and shall amend such procedures as necessary.

III. These model uniform procedures shall address at least the following:

(a) Filing and service of documents;

(b) Appearances before agencies, including the unauthorized practice of law;

(c) Discovery procedures;

(d) Burden of proof;

(e) Standard of proof;

(f) Computation of time;

(g) Roles of complainants, intervenors, and agency staff in disciplinary and enforcement proceedings;

(h) Continuances;

(i) Reopening of the record;

(j) Waiver of rules governing adjudicative proceedings;

(k) Methods to petition for the withdrawal of a presiding officer; and

(l) Retention schedule for written decisions or orders pursuant to RSA 541-A:35, subject to any longer periods for retention set by the director of the division of records management and archives of the department of state pursuant to rules adopted under RSA 5:40.

IV. In order to comply with paragraph I, each agency may adopt, pursuant to RSA 541-A, the text of the current model uniform procedures, and shall also be subject to the following:

(a) Supplements or modifications shall also be adopted pursuant to RSA 541-A if necessary to implement the specific statutory provisions of the agency, or judicial decisions, affecting the conduct of an adjudicative proceeding.

(b) Each agency with no effective rules relative to adjudicative proceedings which has not adopted the text of the model uniform procedures and any necessary supplements or modifications within one year of the effective date of the model uniform procedures shall be subject to RSA 541-A:31, V-a.

(c) Each agency without effective rules or statutes in areas of an adjudicative proceeding, which are addressed in the model uniform procedures, shall be subject to RSA 541-A:31, V-a if the agency has not adopted the relevant provisions of the model uniform procedures and any necessary supplements or modifications within one year of the effective date of the model uniform procedures.

(d) When readopting, amending, or repealing effective rules on adjudicative proceedings, each agency that does not conform with the model uniform procedures and the provisions of subparagraph (a) of this section shall be subject to RSA 541-A:31, V-a.

V. Notwithstanding the provisions of RSA 541-A:22, I, an agency not in compliance with paragraph I of this section shall apply whatever model uniform procedures are necessary in a particular adjudicative proceeding when no effective agency rule addresses the matter covered by the applicable model rule, provided that:

(a) Such use shall not conflict with a statute, judicial decision, or other rules of the agency;

(b) Notice shall be given to all parties with the notice pursuant to RSA 541-A:31, III of the extent to which the model uniform procedures will apply to the proceeding;

(c) The agency notifies the attorney general, the director of the office of legislative services, and the joint legislative committee on administrative rules before the final decision is rendered that the model uniform procedures are being applied; and

(d) The agency shall not apply model uniform procedures pursuant to the provisions of this paragraph in another adjudicative proceeding more than one year after the final decision is rendered in the proceeding in which the agency first applied the model uniform procedures in this manner. The agency shall instead adopt the model uniform procedures pursuant to paragraph V.

VI. A copy of the written decision or order pursuant to RSA 541-A:35 shall be readily available to the public pursuant to the provisions of RSA 91-A unless:

(a) Otherwise provided by statute; or

(b) The written decision or order has been disposed after a retention period adopted pursuant to paragraph V.

VII. Each agency shall retain a copy of the verbatim recording of all oral proceedings pursuant to RSA 541-A:31, VII at least 30 days after the opportunity for all administrative and judicial appeals has been exhausted.

VIII. The attorney general shall prepare and distribute to all agencies authorized to conduct contested cases recommended guidelines for presiding officers in an adjudicative proceeding. These guidelines shall be available to the public pursuant to RSA 91-A. The guidelines shall be updated annually to address relevant changes in statutes, rules, or judicial decisions. Each agency that receives the guidelines shall provide a copy to all presiding officers in a contested case and to all members of the agency who may render the final decision in a contested case.

3 New Paragraph; Agency's Authority to Commence Adjudicative Proceeding Limited. Amend RSA 541-A:31 by inserting after paragraph V the following new paragraph:

V-a. Notwithstanding RSA 541-A:31, I, an agency shall not commence an adjudicative proceeding and shall not take action for which a prior adjudicative proceeding is otherwise required pursuant to RSA 541-A:30, I, if:

(a) No effective statute agency rule or model uniform procedure applicable pursuant to RSA 541-A:30-a, VI addresses the adjudicative procedure or procedures to be used in the proceeding;

(b) The agency has not adopted the text of the model uniform procedures pursuant to RSA 541-A:30-a, V and RSA 541-A:30-a, VI does not apply; or

(c) No effective agency rule addresses the substantive matter or matters which are the subject of the adjudicative proceeding.

4 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill establishes uniform adjudicative proceedings for state agencies.
Referred to Finance.

HB 281, relative to regulation of medical assistants. INEXPEDIENT TO LEGISLATE

Rep. Andrew R. Peterson for Executive Departments and Administration: With the sweeping changes taking place in the medical field, the committee is sensitive to the potential for problems to arise in this area. We unanimously agreed that this legislation was not the way to deal with the situation. The committee found that this is a matter which, perhaps, is better handled through individual office policy and employment agreements rather than through state regulatory action. Vote 19-0.

HB 303, relative to accountancy. INEXPEDIENT TO LEGISLATE

Rep. Robert K. Dodge for Executive Departments and Administration: This bill was voted on unanimously as Inexpedient to Legislate. The committee realizes that some corrections may have to be made. However, testimony given to the committee advises that a new uniform accounting act will be forthcoming in 1998 and that most changes shall be addressed at that time. None of the items in this bill will affect the operation of the board. Vote 19-0.

HB 465-FN, requiring the legislature to consider a list of factors in determining whether to regulate a previously unregulated profession. INEXPEDIENT TO LEGISLATE

Rep. Howard C. Dickinson for Executive Departments and Administration: The committee unanimously agrees that the Legislature, or any House committee, should not be required to consider a list of criteria in determining whether to regulate a previously unregulated profession or occupation. We should not bind the procedures of future legislative bodies because analyzing a profession is a dynamic process and not a static recipe that must be followed. The committee will continue to revise the guidelines for certification or licensure that it has used successfully in recent years. Any member interested in legislation to regulate an unregulated profession is well advised to consult these guidelines prior to filing legislation. Vote 17-0.

HB 600, consolidating administrative support for the regulation of health professionals. INEXPEDIENT TO LEGISLATE

Rep. Nancy C. Stickney for Executive Departments and Administration: After exhausting study, it was felt that the reorganization proposed in this bill is too cumbersome at this time. The subcommittee met with almost all health care boards during the summer and early fall and were informed of the members' concerns but recognize that this approach to consolidation is not the answer. Vote 19-0.

HB 749-FN, requiring group I retirement system members to be incapacitated for any gainful employment before receiving accidental disability retirement benefits. OUGHT TO PASS WITH AMENDMENT

Rep. Merton S. Dyer for Executive Departments and Administration: This bill, as amended, will allow the Board of Trustees of the New Hampshire Retirement System to require that the applicant for disability retirement shall have the burden of proving causation if the member enters into a lump sum settlement of an injury claim that was at any time denied by the employer or the employer's insurance carrier and not found compensable by final decision of the Labor Commissioner of the Compensation Appeals Board after hearing pursuant to RSA 281-A:43. The present requirement in RSA 100-A:6, I is that the board shall grant a disability retirement whether the disability is work related or not. Vote 17-0.

Amendment (0110h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to disability retirement benefits for retirement system members permanently incapacitated for duty.

Amend the bill by replacing all after the enacting clause with the following:

1 Group I; Burden of Proof Before Board. Amend RSA 100-A:6, I(c) to read as follows:

(c) Upon the application of a group I member in service or of ~~his~~ *the member's* employer, any ~~such~~ member who has been totally and permanently incapacitated for duty as the natural and proximate result of:

(1) An accident occurring while in the actual performance of duty at some definite time and place, or ~~as the natural and proximate result of~~ or

(2) Repeated trauma or gradual degeneration occurring while in the actual performance of duty, or arising out of and in the course of employment, or ~~of~~

(3) Any occupational disease arising out of or in the course of employment as defined by RSA 281-A:2, XI, RSA 281-A:2, XIII, or RSA 281-A:17, and found to be compensable by the commissioner of labor pursuant to RSA 281-A:43, provided that such injury shall be without willful negligence on ~~his~~ *the member's* part,

may be retired by the board of trustees on an accidental disability retirement allowance; provided that ~~he~~ *the member* is found to be mentally or physically incapacitated for the further performance of duty and that such incapacity is likely to be permanent~~[-]~~ *and provided further that the member shall have the burden of proving causation to the satisfaction of the board of trustees if the member enters into a lump sum settlement of an injury claim that was at any time denied by the employer or the employer's insurance carrier and not found compensable by final decision of the labor commissioner or the compensation appeals board after hearing pursuant to RSA 281-A:43.*

2 Group II; Burden of Proof Before Board. Amend RSA 100-A:6, II (c) to read as follows:

(c) Upon the application of a group II member in service or of ~~his~~ *the member's* employer, any such member who has been totally and permanently incapacitated for duty as the natural and proximate result of:

(1) An accident occurring while in the actual performance of duty at some definite time and place, or ~~as the natural and proximate result of~~

(2) Repeated trauma or gradual degeneration occurring while in the actual performance of duty, or arising out of and in the course of employment, or ~~of~~

(3) Any occupational disease arising out of or in the course of employment as defined by RSA 281-A:2, XI or XIII, and found to be compensable by the commissioner of labor pursuant to RSA 281-A:43, provided that such injury shall be without willful negligence on ~~his~~ *the member's* part, may be retired by the board of trustees on an accidental disability retirement allowance; provided that ~~he~~ *the member* is found to be mentally or physically incapacitated for the further performance of duty and that such incapacity is likely to be permanent~~[-]~~ *and provided further that the member shall have the burden of proving causation to the satisfaction of the board of trustees if the member enters into a lump sum settlement of an injury claim that was at any time denied by the employer or the employer's insurance carrier and not found compensable by final decision of the labor commissioner or the compensation appeals board after hearing pursuant to RSA 281-A:43.*

3 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill requires group I or group II retirement system members to prove causation before the board of trustees in certain circumstances in order to receive disability benefits for permanent incapacity resulting from an injury while in the performance of duty.

HB 751-FN-L, relative to spousal benefits for certain retired group II members of the New Hampshire retirement system. INEXPEDIENT TO LEGISLATE

Rep. Merton S. Dyer for Executive Departments and Administration: This bill was introduced to provide an automatic 50 percent spousal benefit to Group II members of the New Hampshire Retirement System who retired prior to July 1, 1988. In addition, it would also provide medical benefits to those members and their spouses similar to the benefits available to current retirees. The cost to terminally fund these programs amounts to approximately \$12 million and would be paid from the special account. In 1987, Senate Bill 78 implemented the present benefits and was supported by a strong coalition of groups from the police and fire sectors. This bill had support of those who have retired and not elected the spousal benefit, but was opposed by many members of the police and fire community. The committee felt that without strong support from those affected by the expenditure, we should not file a positive report. Vote 16-1.

HB 756-FN, relative to the registration of alternative providers of mental health services. INEXPEDIENT TO LEGISLATE

Rep. Miriam D. Dunn for Executive Departments and Administration: The subcommittee considered the many and various practices of "alternative providers of mental health services." We rec-

ommended that this bill be voted Inexpedient to Legislate because SB 191 (relative to mental health providers) was re-referred to the Senate E. D. & A. Committee, and is actively progressing. It defines "alternative" practices and includes registration of this group of providers. Vote 18-0.

SB 53-FN, relative to payment by the retirement system of certain medical benefits for group II members and for certain permanent firemen on disability retirement. **OUGHT TO PASS WITH AMENDMENT**

Rep. Merton S. Dyer for Executive Departments and Administration: This bill will terminally fund medical benefits for members of the Group II component of the New Hampshire Retirement System who became members after June 30, 1988 but before July 1, 1995. This benefit will be terminally funded from the special account of the Group II members and has the support of both the police officers and the firefighters. The intent, that this benefit shall be terminally funded from the special account and can only be changed by the Legislature, remains in the statute. This is an account that will be available as long as the assets of the medical subtrust remain. There are no requirements on future legislators to continue this fund if the special account is not sufficient to provide the funding. Vote 16-0.

Amendment (0186h)

Amend RSA 100-A:55, I as inserted by section 1 of the bill by replacing it with the following:

I. The additional benefits provided under RSA 100-A:52 shall apply to persons who are active or retired members of group II as of June 30, ~~[1988]~~ **1995**; to persons who prior to July 1, 1988, had completed no less than 20 years of group II creditable service, but who for reasons other than retirement or death ceased to be a group II member prior to attaining the age of 45, and who, as of July 1, 1993, are eligible for vested deferred retirement benefits; and to persons who are group II permanent policemen *or permanent firemen* members on disability retirement as the natural and proximate result of injuries suffered while in the performance of duty who become permanent policemen *or permanent firemen* members of group II after June 30, 1988, but before July 1, ~~[1991]~~ **1995**. Such additional benefits shall not apply to other persons who become members of group II after June 30, ~~[1991]~~ **1995**, without future legislation to include them. It is the intent of the legislature that future group II members shall be included only if the total cost of such inclusion can be funded by reimbursement from the special account established under RSA 100-A:16, II(h).

AMENDED ANALYSIS

This bill extends the payment of medical benefits to persons who were active or retired group II members as of June 30, 1995, to permanent firemen on disability retirement who became permanent firemen after June 30, 1988 but before July 1, 1995, and to permanent policemen on disability retirement who became permanent policemen after June 30, 1991 but before July 1, 1995. Referred to Finance.

SB 68-FN-L, providing health care coverage for the spouse and dependents of any group I or group II retirement system member who is killed in the line of duty. **OUGHT TO PASS WITH AMENDMENT**

Rep. Merton S. Dyer for Executive Departments and Administration: This bill was amended by the House to provide guidelines for health insurance coverage for the spouses and dependents of teachers and local employees, of any political subdivision of the state, who die as a natural and proximate result of injuries suffered while in the performance of their duties. The state presently provides this type of insurance for its employees and this will assure those in the communities that the state will provide backup insurance if no other health insurance is available. The state will only provide this coverage if the spouse and/or dependent children are not qualified or continue to be qualified for medical insurance or health care benefits from any other available employer-sponsored plan. This program is not intended to replace any other plans, but is an insurance of last resort and will not cover those in which the political subdivision has such insurance available but has not opted to provide this benefit. This coverage will be paid from the benefit adjustment account. Vote 16-0.

Amendment (0079h)

Amend the bill by replacing all after the enacting clause with the following:

1 Local and State Employees Killed in Line of Duty. Amend RSA 21-I:30-a to read as follows:
21-I:30-a Additional Medical and Surgical Benefits.

I. The state shall pay a premium for permanent group hospitalization, hospital medical care, surgical care, and other medical and surgical benefits for the surviving spouse and dependent children of a deceased group I or group II state employee *or retirement system member* who dies as the natural and proximate result of injuries suffered while in the performance of duty, provided that:

(a) Any such child shall qualify as a dependent under the provisions of RSA 21-I:26-36 *and be under 18 years of age, or if a full-time student, be under 23 years of age.*

(b) Any such surviving spouse shall cease to be qualified for medical and surgical benefits under this section upon the remarriage of the surviving spouse.

(c) No surviving spouse or dependent children shall be qualified or continue to be qualified for medical and surgical benefits under this section while receiving medical insurance or health care benefits from any other employer-sponsored plan.

(d) The state shall pay the premium for supplemental medical and surgical benefits under this section for any such child who qualifies as a dependent under the provisions of RSA 21-I:26-36 and who is eligible for medicare benefits.

II. In the case of the surviving spouse and dependent children of a *group I or group II* state employee *or retirement system member* who are eligible for medical and surgical benefits under this section and also under the provisions of RSA 100-A:50-55, the state shall pay the difference between the amount paid under RSA ~~[100-52]~~ *100-A:52* and the premium paid under ~~[subparagraph]~~ *paragraph I.*

III. The additional benefits provided under this section shall be available to the surviving spouse and dependent children of a full-time employee of the state, an agency of the state, or any political subdivision of the of the state adopting the provisions of RSA 100-A, including full-time elected or appointed officers.

IV. The additional benefits provided under this section shall not be available to any employee, teacher, police officer, or firefighter of a political subdivision of the state if the political subdivision belongs to an organization or association that offers, through the organization or association or its affiliate, insurance coverage.

~~HH-~~ V. Funding to pay the premium for benefits under this section shall come from the benefit adjustment account.

2 Effective Date. This act shall take effect 60 days after its passage.
Referred to Finance.

HB 245-FN-A, making certain real estate transfers taxable. INEXPEDIENT TO LEGISLATE
Rep. David J. Alukonis for Finance: The intent of this bill was to eliminate certain "loopholes" whereby it was alleged that real estate could be transferred without paying the Real Estate Transfer Tax. During its deliberations on this bill, the committee found that this proposal was too broad and would create more problems than those that it solved. A similar measure, much narrower in scope, was adopted as part of HB 2, Chapter 351 from 1997. It is the hope of the committee that this measure, made law this year, will adequately address the "loophole" identified by the sponsors of this bill. Vote 20-0.

HB 645-FN, requiring the commissioner of health and human services to produce certain quarterly reports. REFER FOR INTERIM STUDY

Rep. Kevin L. Camm for Finance: This bill would require, by statute, that Department of Health and Human Services provide certain reports to the legislature. The huge computerization initiative undertaken by the department will make this information more readily available. The interim study recommendation will encourage Health and Human Services to provide the desired reports to the legislature. The department has stated that they intend to report, and given the tools at their disposal, the committee is optimistic the department will fulfill its commitment. Vote 17-1.

HB 689-FN, relative to a certain portion of registration fees of a nonprofit corporation. INEXPEDIENT TO LEGISLATE

Rep. Robert G. Holbrook for Finance: The committee voted this bill inexpedient to legislate as the sponsors withdrew their interest at this time. Vote 19-1.

HB 804, relative to the definition of "communication services" for purposes of the communications services tax. INEXPEDIENT TO LEGISLATE

Rep. Sandra K. Dowd for Finance: The committee heard testimony from the sponsor and Commissioner Arnold of the Department of Revenue Administration. The department's auditors' informal

inquiry revealed they are collecting the proper amount of taxes and are able to document their collections. We feel the current law supports the taxation of prepaid phone cards and no further legislation is necessary at this time. Vote 20-0.

SB 80-FN-A, excluding certain transfers from payment of the real estate transfer tax. **INEXPEDIENT TO LEGISLATE**

Rep. David J. Alukonis for Finance: This bill would have allowed individuals to sell or otherwise transfer parcels of real estate to a corporation or other entity without paying the real estate transfer tax. The committee believes that adoption of this measure would be counter to the policy adopted in HB 2, Chapter 351 from 1997 where a similar loophole was closed. Vote 20-0.

HB 266, relative to the Alzheimer's Special Care Disclosure Act. **INEXPEDIENT TO LEGISLATE**

Rep. Joseph P. Manning for Health, Human Services and Elderly Affairs: This was a generic bill generated by the national Alzheimer's group to address problems existing in some states that do not have the health care controls that we have in New Hampshire. Information on care is the main concern here. To that end, the various associations that deal with Alzheimer treatment have agreed to publish and distribute a pamphlet to address this problem. Hence we recommend, inexpedient to legislate. Vote 18-0.

HB 621, exempting wilderness/back country rescuers from RSA 151-B. **INEXPEDIENT TO LEGISLATE**

Rep. Lawrence A. Emerton, Sr. for Health, Human Services and Elderly Affairs: The committee found after hearing this bill during the 1997 session the perceived problem between the Department of Health and Human Services and the folks who are involved in wilderness/back country rescues has been resolved. The Department of Health and Human Services has, in writing, given its assurances that they concur with their present operating practices. Vote 18-0.

HB 234-FN-L, relative to disposition by counties of funds of deceased patients of county nursing homes. **OUGHT TO PASS**

Rep. Deborah L. Woods for Judiciary and Family Law: This bill is legislation which furthers the goal of making the probate process easier and more efficient for all who use it. It establishes an expedited process for nursing home administrators to dispose of a deceased patient's estate. Vote 14-0.

HB 290, relative to electronic signatures. **OUGHT TO PASS WITH AMENDMENT**

Rep. Paul M. Mirski for Judiciary and Family Law: The enactment of this bill, as amended, will permit businesses operating within the State of New Hampshire to take advantages of the use of electronic cryptography in commercial affairs while minimizing the potential for fraud in electronic commerce. Vote 14-0.

Amendment (0016h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to digital signatures.

Amend the bill by replacing all after the enacting clause with the following:

1 Statement of Purpose. The purpose of this act is to:

- I. Facilitate economic development by means of reliable electronic messages.
- II. Enhance public confidence in the use of digital signatures.
- III. Minimize the incidence of forged digital signatures and fraud in electronic commerce.
- IV. Foster the development of electronic commerce through the use of digital signatures to lend authenticity and integrity to writings in any electronic medium.

2 New Subdivision; Digital Signatures. Amend RSA 506 by inserting after section 7 the following new subdivision:

Digital Signatures

506:8 Definitions. In this subdivision:

I. "Digital signature" means a type of electronic manipulation that transforms a message using an asymmetric cryptosystem such that a person having the transformed message and the signer's public key can accurately determine:

(a) Whether the transformation was created using the private key that corresponds to the signer's public key.

(b) Whether the initial message has been altered since the transformation was made.

II. "Asymmetric cryptosystem" means an algorithm or series of algorithms which provide a secure key pair.

III. "Electronic signature" means a digital signature, executed or adopted by a party with an intent to authenticate a writing. A writing is electronically signed if a digital signature is logically associated with such writing.

IV. "Key pair" means a private key and its corresponding public key in an asymmetric cryptosystem, under which the public key verifies a digital signature the private key creates.

V. The use or acceptance of a digital or electronic signature shall be at the option of the parties, both sending and receiving. Nothing in this section shall require an entity to use or permit the use of a digital signature.

506:9 Digital Signatures Given Effect. Unless otherwise provided by law, a digital signature may be used to sign a writing and shall have the same force and effect as a written signature.

3 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill gives electronic signatures the same force and effect as written signatures.

HB 361, clarifying the status of tenants who reside in rooming or boarding houses for more than 90 consecutive days. **INEXPEDIENT TO LEGISLATE**

Rep. Deborah L. Woods for Judiciary and Family Law: This bill will not take care of the problem of rooming house owners using "89 day leases," to the extent this is a problem. Extensive revisions to the landlord/tenant statutes are being worked on which address issues of both landlords and tenants. It was agreed that this bill was not a good vehicle to aid this process. Vote 14-0.

HB 555, exempting an individual's pensions and individual retirement accounts from bankruptcy attachment. **OUGHT TO PASS WITH AMENDMENT**

Rep. Wayne T. Moynihan for Judiciary and Family Law: This bill adds certain individual retirement accounts (IRAs) to the list of property presently exempt from attachment and execution. All witnesses spoke in general support of the bill. It became clear that some forms of corporate and other pension plans are now exempt under the terms of federal laws, such as ERISA. However, the IRA accounts of some citizens, such as small business owners and self-employed, are presently not exempt. This bill provides individual IRAs with some of the protection afforded other pension plans, as well as provide a mechanism to allow creditors access to any unlawful attempts to hide assets. Vote 13-1.

Amendment (0086h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Paragraph; Individual's Pensions and IRAs Exempt From Bankruptcy Attachment; Gender Neutral. Amend RSA 511:2 to read as follows:

511:2 Exemptions. The following goods and property are exempted from attachment and execution:

I. The wearing apparel necessary for the use of the debtor and ~~[his]~~ *the debtor's* family.

II. Comfortable beds, bedsteads and bedding necessary for the debtor, ~~[his-the debtor's wife]~~ *the debtor's spouse* and children.

III. Household furniture to the value of \$3,500.

IV. One cook stove, one heating stove and one refrigerator and necessary utensils belonging to the same.

V. One sewing machine, kept for use by the debtor or ~~[his]~~ *the debtor's* family.

VI. Provisions and fuel to the value of \$400.

VII. The uniform, arms and equipments of every officer and private in the militia.

VIII. The Bibles, school books and library of any debtor, used by ~~[him]~~ *the debtor* or ~~[his]~~ *the debtor's* family, to the value of \$800.

IX. Tools of the debtor's occupation to the value of \$5,000.

X. One hog and one pig, and the pork of the same when slaughtered.

XI. Six sheep and the fleeces of the same.

XII. One cow; a yoke of oxen or a horse, when required for farming or teaming purposes or other actual use; and hay not exceeding 4 tons.

XIII. Domestic fowls not exceeding \$300 in value.

XIV. The debtor's interest in one pew in any meetinghouse in which [he] *the debtor* or [his] *the debtor's* family usually worship.

XV. The debtor's interest in one lot or right of burial in any cemetery.

XVI. One automobile to the value of \$4,000.

XVII. Jewelry owned by the debtor or [his] *the debtor's* family to the value of \$500.

XVIII. The debtor's interest in any property, not to exceed \$1,000 in value, plus up to \$7,000 of any unused amount of the exemptions provided under paragraphs III, VI, VIII, IX, XVI, and XVII of this section.

XIX. Subject to the Uniform Fraudulent Transfer Act, RSA 545-A, any interest in a retirement plan or arrangement qualified for tax exemption purposes under present or future Acts of Congress; provided, such interest shall be exempt only to the extent that contributions by or on behalf of a participant were not subject to federal income taxation to such participant at the time of such contributions, plus earnings and other additions thereon; provided further, any transfer or rollover contribution between retirement plans or arrangements which avoids current federal income taxation shall not be deemed a transfer which is fraudulent as to a creditor under the Uniform Fraudulent Transfer Act. "Retirement plan or arrangement qualified for tax exemption purposes" shall include without limitation, trusts, custodial accounts, insurance, annuity contracts, and other properties and rights constituting a part thereof. By way of example and not by limitation, retirement plans or arrangements qualified for tax exemption purposes permitted under present Acts of Congress include defined contribution plans and defined benefit plans as defined under the Internal Revenue Code (IRC), individual retirement accounts, individual retirement annuities, simplified employee pension plans, Keogh plans, IRC section 403(a) annuity plans, IRC section 403(b) annuities, and eligible state deferred compensation plans governed under IRC section 457. This paragraph shall be in addition to and not a limitation of any other provision of New Hampshire law which grants an exemption from attachment or execution and every other species of forced sale for the payment of debts. This paragraph shall be effective for retirement plans and arrangements in existence on, or created after January 1, 1999.

2 Effective Date. This act shall take effect January 1, 1999.

HB 595-FN, protecting consumers from the unlicensed practice of law. INEXPEDIENT TO LEGISLATE

Rep. Sandra B. Keans for Judiciary and Family Law: This bill was an attempt to protect unsuspecting individuals from persons representing themselves as lawyers. There are situations where paralegals can be used and that is not a problem. However, even the Bar Association which has had an ongoing study on this issue for two years has been unable to draft language which allows limited advice to be given and still warns individuals that they may need a practicing attorney. The committee is waiting for more direction from the Bar. Vote 14-0.

HB 606-FN-L, relative to procedures regarding children in need of services under RSA 169-D. OUGHT TO PASS WITH AMENDMENT

Rep. Barbara Hull Richardson for Judiciary and Family Law: This bill revises certain procedures relative to cases involving children in need of services which will require parents and children to become more accountable, more responsible. The committee worked collaboratively with the state's juvenile justice system and the Division of Children, Youth and Families in crafting this legislation. The bill will facilitate preventive and early intervention in court division programs. Vote 11-0.

Amendment (0203h)

Amend the bill by replacing all after the enacting clause with the following:

1 Applicability; Purpose. RSA 169-D:1, I and II are repealed and reenacted to read as follows:

I. To recognize that certain behaviors occurring within a family or school environment indicate that a child is experiencing serious difficulties and is in need of services and corrective action in order to protect the child from the irreversibility of certain choices, and to protect the integrity of the family and the authority it must maintain in order to fulfill its responsibility to raise the next generation. To further provide the child with the treatment, care, guidance, counseling, discipline, supervision, and rehabilitation necessary to assist the child in becoming a responsible and productive member of society;

II. To recognize that we must no longer bring the weight of family problems down on the child alone but that parents must be made aware of their contribution to the problem, must account for their

role in the solution to the problem, and must accept the responsibility to participate in any program of care ordered by the court in order to assure that the outcome may have a good probability of success, while, at the same time, supporting families in their mission to teach values to youth and to exercise reasonable control of their children.

2 Applicability; Purpose. RSA 169-D:1, V is repealed and reenacted to read as follows:

V. To achieve the foregoing purposes and policies by providing each child coming within the provisions of this chapter with a program of care, treatment, guidance, counseling, discipline, supervision, and rehabilitative resources which the child needs.

3 Definitions; Child Services. Amend RSA 169-D:2, I and II to read as follows:

I. "Child" means a person who is under the age of 18 on the date the petition is filed pursuant to RSA ~~[169-D:5]~~ **169-D:4-b and 169-D:4-c.**

II. "Services" means care, guidance, counseling, discipline, supervision, treatment and rehabilitation or any combination thereof. ***"Services" also includes, but is not limited to, diagnostic needs assessment, restitution programs, community service, job training and placement, specialized tutoring, constructive academic exercises, constructive recreational activities, general counseling, and counseling during a crisis situation.***

4 New Paragraph; "Diversion" Defined. Amend RSA 169-D:2 by inserting after paragraph IV the following new paragraph:

IV-a. "Diversion" means a decision made by a person with authority which results in specific official action of the legal system not being taken or being postponed in regards to a juvenile and, in lieu of such inaction or postponement, providing an individually designed program for delivery of services for the juvenile by a specific provider or a plan to assist the juvenile in finding a remedy for his or her inappropriate behavior. The goal of diversion is to prevent further involvement of the juvenile in the formal legal system. Diversion of a juvenile may take place either at pre-filing as an alternative to the filing of a petition, or at any time after the filing of the petition.

5 "Child in Need of Services" Defined. RSA 169-D:2, IV(c) is repealed and reenacted to read as follows:

(c) A child who has committed an offense which if committed by an adult would be a violation under the criminal code of this state, or who has violated an ordinance or by-law of a city or a town, or a child under 16 who has committed an offense which if committed by a person 16 years of age or older would be a violation under the motor vehicle code of this state; and

6 New Sections; Filing of Petitions; Filing by Parents or School Officials. Amend RSA 169-D by inserting after section 4-a the following new sections:

169-D:4-b Petition Filed by Parent or School Official.

I. A petition alleging a child is in need of services may be filed by a parent, legal guardian, custodian or school official at the court in the judicial district in which the child is found or resides. The petition shall be in writing and verified under oath.

II. To be legally sufficient, the petition shall set forth with particularity, but not be limited to, the date, time, manner, and place of the conduct alleged, and shall state the statutory provision alleged to have been violated.

III. If the parents of a child are filing the petition, they shall include information which shows that the child and family have sought to resolve the expressed problem through available community alternatives, that the problem still remains, and that court intervention is needed.

IV. No acts which qualify as delinquent acts as described in RSA 169-B:2, IV shall be included in any petition filed under this chapter.

V. Except as provided in paragraph VI, when a school official is filing the petition, information shall be included which shows that the legally liable school district has sought to resolve the expressed problem through available educational approaches; that the school district has sought to engage the parents or guardian in solving the problem, but they have been unwilling or unable to do so; that the problem remains; and that court intervention is needed.

VI. When a school official is filing a petition involving a child determined to be educationally disabled pursuant to RSA 186-C, the official shall include information which demonstrates that the legally liable school district:

(a) Has determined that the child is educationally disabled; and

(b) Has reviewed for appropriateness the child's current individualized education program (I.E.P.) and placement, and has made modifications where appropriate.

VII. After a legally sufficient petition has been filed, the court shall, unless the case is referred to diversion or a consent order is entered and approved, schedule an initial appearance, to be held within 10 business days of filing, and issue a summons including a copy of the petition, to be served personally upon the person having custody or control of the child or with whom the child may be, requiring that person to appear with the child on the specified date and time. If personal service is not possible, service shall occur at the usual place of abode of the person having custody or control of the child or with whom the child may be. If the person so notified is not the parent or guardian of the child, each parent or guardian shall be notified by first class mail, with proof of mailing, provided the parent or guardian and their residence are known, or if there is neither parent nor guardian whose residence is known, some relative, if any, if their residence is known. Each parent, unless served personally or at their abode, shall be so notified by first class mail, with proof of mailing at the last known address.

VIII. If the child or the parent or guardian is not a resident of this state, or if the court determines it would be more efficient, service may be made by first class mail, with proof of mailing.

IX. A copy of the petition shall be attached to each summons or incorporated in such summons.

X. The summons shall state as follows: "Parents and other individuals chargeable by law for the child's support and necessities may be liable for expenses incurred in this proceeding including the costs of certain evaluations and placements. RSA 186-C, regarding children with educational disabilities, grants children certain rights to special education and related services at public expense and gives their parents the right to appeal school district decisions regarding services to be provided."

169-D:4-c Petition Filed by Law Enforcement Agency.

I. A law enforcement agency may file a petition alleging a child is in need of services with a judge or clerk of the court in the judicial district in which the child is found or resides. The petition shall be in writing and verified under oath.

II. The petitioning law enforcement officer may issue a summons in hand to the child and to the child's parent, guardian or such other person having custody and control of the child or with whom the child may be living. If personal service is not possible, service shall occur at the usual place of abode of the person having custody or control of the child or with whom the child may be living. If the person summoned is not the parent or guardian of the child, each parent or guardian shall be notified by the law enforcement agency as soon as practicable provided the parent or guardian and their residence are known or if neither the parent nor guardian or their residence is known, some adult relative, if any, whose residence is known. If the person notified is not the parent or guardian of the child, each parent or guardian shall be notified by first class mail, proof of mailing at the last known address, provided the parent or guardian and their residence are known, or if there is neither parent nor guardian whose residence is known, some relative, if any, if their residence is known.

III. The summons shall contain:

(a) The title and statutory citation invoking the process for children in need of services.

(b) A statement as follows: "Parents and other individuals chargeable by law for the child's support and necessities may be liable for expenses incurred in this proceeding including the costs of certain evaluations and placements. RSA 186-C, regarding children with educational disabilities, grants children certain rights to special education and related services from school districts at public expense and gives their parents the right to appeal school district decisions regarding programs to be provided."

(c) Brief instructions regarding court procedure as approved by the administrative judge of the district court.

IV. To be legally sufficient, the petition shall set forth with particularity, but not be limited to, the date, time, manner, and place of the conduct alleged, shall state the statutory provision alleged to have been violated, and shall be entitled, "In the interest of _____, a child."

V. After a legally sufficient petition has been filed, the court shall, unless the case is referred to diversion or a consent order is entered and approved, schedule an initial appearance to be held not later than 10 business days after the filing of the petition. Notice shall include a copy of the legally sufficient petition and a scheduling order, and shall be made by first class mail, with proof of mailing at the last known address, directed to the parent or guardian or person having custody or control of the minor.

VI. A copy of the petition shall be attached to each summons or incorporated in such summons.

7 Notice of Petition to Department. RSA 169-D:5-a is repealed and reenacted to read as follows:

169-D:5-a Notice of Petition to Department of Health and Human Services. The court shall serve the department of health and human services with a copy of any petition filed under RSA 169-D:4-b and 169-D:4-c, and the department shall have legal standing at and receive notice of all proceedings under this chapter from the time of such service. No agreement or consent order imposing an obligation upon the department shall be approved by the court unless the department has joined in the agreement or consent order.

8 Warrant for Failure to Appear. RSA 169-D:7, II is repealed and reenacted to read as follows:

II. If the child, parent, guardian, or other person ordered to appear, fails to appear for any scheduled hearing, a bench warrant may be issued for the child's appearance or for the appearance of anyone having custody or control of the child, or for both. Additionally, the court may proceed against the child or anyone having custody or control of the child for failure to appear, as authorized by RSA 263:56-a.

9 Diversion Substituted for Release Without Court Referral. RSA 169-D:9 is repealed and reenacted to read as follows:

169-D:9 Diversion.

I. At any time before or during a proceeding brought pursuant to this chapter, a child and the child's family may be referred to a court-approved diversion program or other community resource. Referral may be made by a law enforcement agency or juvenile service officer with the consent of the law enforcement agency prior to or after filing a petition with the court, upon the court's own motion, or at the request of any party with the approval of the court.

II. Referral after filing is appropriate if:

(a) The facts bring the case within the jurisdiction of the court.

(b) Referral of the case is in the best interest of the public and the child.

(c) The child and parent, guardian, or other custodian consent with the knowledge that consent is not obligatory.

III. Referral after filing shall stay the proceedings for a period not to exceed 3 months from the date of referral, unless extended by the court for an additional period not to exceed 3 months. The court may, on its own motion or that of any party, utilize a multi-disciplinary team to consider the facts and circumstances of the case, the needs of the child and family and available services and resources.

IV. During the period of referral, the court may require further conditions of conduct on the part of the child and the child's parents.

10 Initial Appearance. RSA 169-D:11 is repealed and reenacted to read as follows:

169-D:11 Initial Appearance.

I. Unless the matter is referred to diversion pursuant to RSA 169-D:9 or continued for good cause, an initial appearance shall be held within 10 business days of the filing of a legally sufficient petition.

II.(a) At the initial appearance, the court shall:

(1) Advise the child in writing and orally of any formal charges.

(2) Appoint counsel pursuant to RSA 169-D:12.

(3) Establish any conditions for release.

(4) Set a hearing date.

(b) However, no plea shall be taken until the child has had the opportunity to consult with counsel or until a waiver is filed pursuant to RSA 169-D:12.

III. After hearing, the court may, with the consent of the child, dispose of the petition by ordering the child to participate in an approved court diversion program.

11 Release Pending Adjudicatory Hearing. RSA 169-D:13 is repealed and reenacted to read as follows:

169-D:13 Release Pending Adjudicatory Hearing.

I. Following the initial appearance, a child alleged to be in need of services may be ordered by the court, subject to such conditions as the court may order, to be:

(a) Retained in the custody of a parent, guardian, or custodian.

(b) Released in the supervision and care of a relative.

(c) Placed in a foster home, as defined in RSA 169-C:3, XIII, which is specifically licensed to accept children in need of services with expenses chargeable as provided in RSA 169-D:29.

(d) Placed with a friend.

(e) Placed in a group home, crisis home, or shelter care facility licensed pursuant to RSA 170-E with expenses charged according to RSA 169-D:29.

II. The adjudicatory hearing shall be held within 30 calendar days of the initial appearance unless continued for good cause. No adjudicatory hearing for a child placed outside the child's home may be continued more than once for good cause or for a period longer than 14 days, except by agreement of all the parties.

III. All orders issued pursuant to this section shall set forth the findings, as to the form of release or any conditions, in writing and shall state any custody provisions under paragraph I.

12 Adjudicatory Hearing. Amend RSA 169-D:14, III to read as follows:

III. If the court finds the child is in need of services, it shall, unless a report done on the same child less than 3 months previously is on file, order the department of health and human services or other appropriate agency to make an investigation and written report consisting of, but not limited to, the home conditions, school record and the mental, physical and social history of the child.

III-a. Evaluations performed at the Philbrook center may occur only upon receiving prior approval for such evaluation from the commissioner of the department of health and human services or designee. When ordered by the court, such investigation may include a physical and mental examination of the child, parents, guardian, or person having custody. *If indicated by the written report of the department of health and human services, the court may order a substance abuse evaluation of the child, parents, guardian, or person having custody. Any substance abuse evaluation of the parent, guardian, or person having custody of the child shall be conducted by a provider contracted with the bureau of substance abuse services, or a provider paid by the parent, guardian, or person having custody of the child. The cost of said evaluation shall be paid by private insurance if available, otherwise by the person undergoing the evaluation, to whom the evaluation shall be provided free or at reduced cost if the person is of limited means.* The court shall inform the parents, guardian or person having custody and child of their right to object to the physical examination [or], mental health evaluation, *or substance abuse evaluation.* Objections shall be submitted in writing to the court having jurisdiction within 5 *business* days after notification of the time and place of the examination or evaluation. The court may excuse the child, parents, guardian, or person having custody upon good cause shown. No disposition order shall be made by the court without first reviewing the investigation report, if ordered.

13 Dispositional Hearing. Amend RSA 169-D:14, V to read as follows:

V. The court shall hold a final dispositional hearing within 30 days of the adjudicatory hearing *unless continued for good cause. No dispositional hearing for a child placed outside the child's home may be continued more than once for good cause or for a period longer than 14 days, except by agreement of all the parties.*

14 New Subparagraph; Dispositional Hearing May Include Certain After-School or Evening Programs. Amend RSA 169-D:17, I by inserting after subparagraph (d) the following new subparagraph:

(e) Requiring any child to attend structured after-school or evening programs which address some of their compliance issues, as well as supervise the child during the time of the day in which they most value their freedom and the time which is most often used to perform unruly acts.

15 Application for Review. RSA 169-G:2, I is repealed and reenacted to read as follows:

I. The department of health and human services or department of youth development services may file with the clerk of the district court, where the dispositional order was issued, an application for review of the order by the review panel. The application shall be filed within 5 business days after the date of the dispositional order, but not after such date, except for good cause shown. The filing of an application for review shall stay the implementation of the dispositional order.

16 Repeal. The following are repealed:

I. RSA 169-D:5, relative to the filing of petitions for children in need of services.

II. RSA 169-D:6, relative to the issuance of summons and notice in cases involving children in need of services.

17 Effective Date.

I. Section 15 of this act shall take effect 60 days after its passage.

II. The remainder of this act shall take effect January 1, 1999.

AMENDED ANALYSIS

This bill revises certain procedures relative to cases involving children in need of services, defines "diversion," and includes provisions relative to court diversion programs and filing of petitions. Referred to Finance.

HB 616-FN, relative to jury selection reforms. **OUGHT TO PASS WITH AMENDMENT**
Rep. Janet G. Wall for Judiciary and Family Law: The committee recognizes the importance of having a jury of one's peers and that jury pools have been dwindling. In an effort to rectify the problems, the committee studied the "Report of the Superior Court Reform Study Committee" which came out on August 15, 1997, and worked with the sponsor to reach a reasonable conclusion. The amendment allows for a master blend of drivers' licenses and voting checklists, takes away all exemptions from serving, and disallows felons whose convictions have not been annulled or whose convictions are not eligible for annulment. The committee agreed unanimously on the bill as amended. Vote 14-0.

Amendment (0065h)

Amend RSA 500-A:7-a as inserted by section 5 of the bill by inserting paragraph IV the following new paragraph:

V. A juror shall not have been convicted of any felony which has not been annulled or which is not eligible for annulment under New Hampshire law.

Amend the bill by replacing section 6 with the following:

6 New Subparagraph; Felony Conviction. Amend RSA 500-A:6, III(b) to read as follows:

(b) Require the prospective juror to specify if he is:

(1) A citizen of the United States and a resident of the county;

(2) Able to read, speak and understand the English language; ~~or~~

(3) Subject to any physical or mental disability which would impair his capacity to render satisfactory jury service; ~~and~~ *or*

(4) A convicted felon whose conviction has not been annulled or whose conviction is not eligible for annulment under New Hampshire law; and

Amend the bill by replacing section 8 with the following:

8 Effective Date. This act shall take effect January 1, 1999.

AMENDED ANALYSIS

This bill changes the method for compiling the master jury list. The voter lists and the driver's license list will be blended annually into a master jury list by the administrative office of the courts.

This bill repeals most jury exemptions. The bill prohibits a convicted felon whose conviction has not been annulled or is not eligible for annulment under New Hampshire law from serving on juries. Referred to Finance.

HB 635, relative to a limitation on liability for emergency medical care providers. **INEXPEDIENT TO LEGISLATE**

Rep. Sandra B. Keans for Judiciary and Family Law: After several weeks of meetings, the subcommittee reported they could find nothing unique about emergency medical care providers as opposed to other public safety officers who rely on the protections in the current statutes. If an individual is untrained, he/she is protected by the Good Samaritan Rule. If trained, they should follow the protocol of the emergency service company. Vote 14-0.

HB 736-FN, increasing jurors' fees. **OUGHT TO PASS WITH AMENDMENT**

Rep. Susan J. Clay for Judiciary and Family Law: The committee, as well as the subcommittee that studied this bill, felt that encouraging citizens to take jury duty seriously and not as a "cross-to-bear" was extremely important. However, realizing budget constraints, the committee decided that increasing the mileage from \$0.20 to \$0.31 (a difference of \$26,480.81 in past mileage payments) was an affordable alternative to increasing the jurors fee from \$10 to \$20 per day as the original bill proposed. Vote 14-0.

Amendment (0107h)

Amend the title of the bill by replacing it with the following:

AN ACT increasing the mileage rate for jurors.

Amend the bill by replacing all after the enacting clause with the following:

1 Jurors' Mileage Rate Increased. Amend RSA 500-A:15, I to read as follows:

I. Grand and petit jurors' fees and mileage shall be paid by the state. The jurors' fees shall be \$10 for each half day's attendance before a superior court; for each mile's travel to and from the place where the juror serves, mileage shall be paid at the rate of [~~\$20~~] **\$31** per mile, mileage to be allowed for each day's attendance when the juror is required to leave the town or city in which [he] **the juror** resides.

2 Effective Date. This act shall take effect January 1, 1999.

AMENDED ANALYSIS

This bill increases the mileage rate for serving as a juror.
Referred to Finance.

HB 774-FN, relative to child support, custodial rights, and visitation. **OUGHT TO PASS WITH AMENDMENT**

Rep. John J. McCarthy, Jr. for Judiciary and Family Law: This bill revises the calculations of child support to credit *either* parent who provides daycare or medical insurance for the children. The caps for child care are increased from current caps to reflect reality. Self-employed persons are credited for their 50 percent contribution of self-employment FICA tax. Also, this bill allows the court to take into consideration the "ordinary" expenses associated with the exercise of visitation, not just "extraordinary" expenses as the current law allows. The goal here is to make support payments financially responsible and to provide incentives to keep dads involved with their children. Vote 14-0.

Amendment (0167h)

Amend RSA 458-C:2, I as inserted by section 2 of the bill by inserting after subparagraph (d) the following new subparagraph:

(e) Amounts actually paid by the obligor for allowable child care expenses or medical insurance coverage for the minor children to whom the child support order applies.

Amend the bill by inserting after section 2 the following new section and renumbering the original sections 3-9 to read as sections 4-10 respectively:

3 New Paragraph; Definition of "Allowable Child Care Expenses." Amend RSA 458-C:2 by inserting after paragraph I the following new paragraph:

I-a. "Allowable child care expenses" means actual work-related child care expenses for the children to whom the order applies, up to no more than an annual total of \$5,000 for one child, \$9,000 for 2 children, and \$12,000 for 3 or more children.

Amend RSA 458-C:2, VI as inserted by section 4 of the bill by replacing it with the following:

VI. "Net income" means the parents' combined adjusted gross income less standard deductions published on an annual basis by the Department of Health and Human Services and based on federal Internal Revenue Service withholding table amounts for federal income tax, F.I.C.A., and Medicare, which an employer withholds from the monthly income of a single person who has claimed a withholding allowance for 2 people.

Amend RSA 458-C:3, II as inserted by section 5 of the bill by replacing it with the following:

II.(a) The total support obligation shall be determined by multiplying the parents' total net income, as defined in RSA 458-C:2, VI, by the appropriate percentage derived from this section.

(b) The total child support obligation shall be divided between the parents in proportion to their respective incomes as adjusted by this section, except when there are incurred by the obligee child care expenses or for the actual amount paid for medical insurance coverage for the minor children to whom the child support order applies.

(c) For those cases involving allowable child care expenses or medical insurance expenses incurred by the obligee, the same methodology described in subparagraphs (a) and (b) shall be used, except as part of the determination of each parent's share of the child support obligation, the obligee's allowable child care expenses or medical insurance expenses shall be deducted from the adjusted gross income of the obligee.

(d) All child support obligations calculated pursuant to this chapter shall be rounded to the nearest whole dollar.

Amend the bill by replacing section 10 with the following:

10 Effective Date. This act shall take effect April 1, 1998.

Referred to Finance.

HB 802, relative to judgments on past due rent and judgments for eviction. **OUGHT TO PASS WITH AMENDMENT**

Rep. David A. Bickford for Judiciary and Family Law: This bill streamlines and combines the collection, eviction and tenant counterclaim process. It allows the district courts to collect rents during Supreme Court appeals. Vote 10-0.

Amendment (0170h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to judgments on past due rent.

Amend the bill by replacing all after the enacting clause with the following:

1 Writ of Summons. Amend RSA 540:13, III to read as follows:

III. The writ of summons and the notice provided in paragraph II shall be returnable 7 days from the [day] date of service of the writ by the sheriff. *The writ of summons shall provide an opportunity for the landlord, at the landlord's option, to make a claim for an award of unpaid rent. If the landlord elects to make a claim for unpaid rent, the court shall consider any defense, claim or counterclaim by the tenant which offsets or reduces the amount owed to the plaintiff. If the court finds that the landlord is entitled to possession on the ground of nonpayment of rent, it shall also award the landlord a money judgment. If the court determines that the amount owed by the landlord to the tenant as a result of set-off or counterclaim exceeds or equals the amount of rent and other lawful charges owed by the tenant to the landlord, judgment in the possessory action shall be granted in favor of the tenant. If the court finds that the tenant's counterclaim exceeds the amount of the nonpayment, a money judgment shall issue in favor of the tenant. Any decision rendered by the court related to a money judgment, shall be limited to a maximum of \$1,500 and shall not preclude either party from making a subsequent claim in a court of competent jurisdiction to recover any additional amounts not covered by the \$1,500 judgment.*

2 New Paragraph; Payments Pending Possessory Action. Amend RSA 540:13 by inserting after paragraph VI the following new paragraph:

VII. In the case of nonpayment of rent, while the possessory action is pending, the landlord may accept payment of the rental arrearage without creating a new tenancy, provided that the landlord informs the tenant in writing of the landlord's intention to proceed with the eviction in spite of the landlord's acceptance of the payment. The landlord may choose not to accept payment and to proceed with the eviction.

3 Nonpayment of Rent. Amend RSA 540:14, I to read as follows:

I. If the defendant makes default, or if on trial it is considered by the court that the plaintiff has sustained [his] *its* complaint, judgment shall be rendered that the plaintiff recover possession of the demanded premises and costs, and a writ of possession shall issue. *In cases based on non-payment of rent, the court shall state the actual amount of the tenant's current weekly rent or, if rent is not paid on a weekly basis, the equivalent weekly rent amount, which must be paid into the court if an appeal is taken pursuant to RSA 540:20 and 540:25.* The judgment may be enforced, at the sole discretion of the plaintiff, either by directing the sheriff to serve the writ of possession or by seeking judicial relief against the defendant for civil contempt. A writ of possession shall authorize the sheriff to remove the defendant from the premises.

4 New Paragraph; Successful Claims. Amend RSA 540:14 by inserting after paragraph II the following new paragraph:

III. If the plaintiff makes a successful claim for unpaid rent as well as possession, or the defendant makes a successful counterclaim, the court shall issue a money judgment at the same time that it makes its ruling regarding possession of the premises.

5 Appeal. Amend RSA 540:20 to read as follows:

540:20 Appeal. Any party to an action brought pursuant to this chapter shall, within 7 days of the *date of the* notice of judgment [date], file in the district court a notice of intent to appeal to the supreme court. [~~Said appeal shall otherwise be filed in accordance with supreme court rule.~~] *Until the appeal is perfected by the filing of a notice of appeal in the supreme court, the district court shall retain exclusive jurisdiction of the case. After the filing of the notice of appeal in the supreme court, the district court shall retain jurisdiction of the matter for the purposes of collecting rent pending appeal.* In all other respects, the judgment of the district court shall be final at the expiration of the appeal period.

6 Recognizance, by Defendant. Amend RSA 540:25 to read as follows:
540:25 Recognizance, by Defendant.

I. If the possessory action was instituted on the basis of nonpayment of rent, and the defendant files a notice of intent to appeal, the defendant shall pay into court the current rent in an amount determined by the judgment of the court pursuant to RSA 540:14, I, weekly and in advance. Payment of rent for one week must be made at the time the defendant files notice of intent to appeal in the district court. Rent which had been payable on other than a weekly basis shall be paid to the court each week based on the equivalent weekly rent determined by the judgment issued by the court, pursuant to RSA 540:14, I. During the pendency of the appeal, rent is payable on a weekly basis and is due on the same day of the week on which the notice of intent to appeal was filed. If rent is not paid by the due date, the court shall immediately mail a notice of default to the tenant and issue a writ of possession to the landlord. If, however, the tenant pays the clerk the entire amount of rent due since the filing of the notice of intent to appeal prior to the service of the writ by the sheriff, the writ of possession shall be recalled and the appeal shall be reinstated. Unless the appeal is reinstated, the district court shall vacate the appeal and award the plaintiff the rent money that has been paid into court. When the final decision on appeal is rendered, the money paid into court shall be apportioned between the plaintiff and the defendant, based on the amount of rent which is found to be due and owing as a result of the appeal.

II. If the possessory action was instituted for a reason other than nonpayment of rent, the defendant shall pay into court or to the plaintiff, as the court directs, all rents becoming due from the date the notice of intent to appeal is filed with the district court. In any case in which the duty to pay rent or a portion thereof is in dispute, the defendant shall be required to pay such portion of the rents becoming due after the notice of intent is filed into court, as the court may direct, which amounts shall be held by the court in escrow until a final decision is rendered. After such decision has been rendered, the escrowed rent money and any accrued interest thereon shall be apportioned between plaintiff and defendant on the basis of a finding of rent actually due. For the purpose of this section, "rent" shall mean the amount of money called for by the lease or rental agreement at the time the action for possession was instituted.

7 New Section; Change of Venue in Possessory Actions Regarding Residential Property. Amend RSA 502-A by inserting after section 16 the following new section:

502-A:16-a Change of Venue in Possessory Actions Regarding Residential Property. Venue in possessory actions concerning residential property brought pursuant to RSA 540 which are initiated in a judicial district other than that in which the defendant resides may be transferred as follows:

I. In cases based on grounds other than nonpayment of rent, venue shall be transferred to the judicial district in which the defendant resides at the request of the defendant.

II. In cases based on nonpayment of rent, venue may be transferred to the judicial district in which defendant resides when the court, in its discretion, determines that justice so requires.

8 Landlord's Responsibility for Storage of Tenant's Property. Amend RSA 540-A:3, VII to read as follows:

VII. A landlord shall maintain and exercise reasonable care in the storage of the personal property of a tenant who has vacated the premises, either voluntarily or by eviction, for a period of [45] 28 days after the date upon which such tenant has vacated. *During this period, the tenant shall be allowed to recover personal property without payment of rent or storage fees.* After the [45-day] 28-day limit has expired, such personal property may be disposed of by the landlord without notice to the tenant.

9 Effective Date. This act shall take effect January 1, 1999.

AMENDED ANALYSIS

This bill:

I. Allows a landlord to make a claim for an award of unpaid rent in a writ of summons for possession of rented premises.

II. Expands the jurisdiction of the district court during the pendency of an appeal to the supreme court for the purposes of collecting rent.

III. Provides a schedule for the payment of rent while an appeal is pending.

IV. Provides for a change of venue in certain situations in which a possessory action under RSA 540 is initiated in a judicial district other than the one in which the defendant resides.

V. Changes the number of days a landlord is obligated to store personal property of a tenant, after the voluntary termination of a tenancy or a eviction, from 45 to 28 days.

SB 26, preventing recovery by a nonsupporting parent in a wrongful death claim or action on behalf of the nonsupported child until child support arrearages are paid in full. **OUGHT TO PASS WITH AMENDMENT**

Rep. Deborah L. Woods for Judiciary and Family Law: The committee felt strongly that no parent should benefit monetarily from the death of his or her child if that person purposely fails and refuses to pay child support arrearages pursuant to standing orders. The committee continues to support legislation which helps with the collection of child support, which this bill does. Vote 12-2.

Amendment (0123h)

Amend RSA 508:19 as inserted by section 1 of the bill by replacing it with the following:

508:19 Wrongful Death Action on Behalf of Nonsupported Child; Recovery Limited. No parent shall receive any portion of an award of damages or an out-of-court settlement resulting from any claim or action for wrongful death on behalf of such parent's dependent child, until such parent has paid in full any child support arrearages owed, if such parent:

I. Was convicted of nonsupport of such child under RSA 639:4;

II. Failed to comply with a legal order for support of such child under RSA 161-B; or.

III. Was otherwise ordered to pay support for such child by a court or administrative agency in this state or another state, and failed to comply with such order.

AMENDED ANALYSIS

This bill prevents a parent who failed to support a dependent child and was either convicted of nonsupport or failed to comply with a support order, from recovering damages or a settlement resulting from a wrongful death claim or action on behalf of such child, until such parent has paid in full any child support arrearages owed.

SB 84, revising the uniform simultaneous death act. **OUGHT TO PASS**

Rep. Wayne T. Moynihan for Judiciary and Family Law: This bill will contribute to the simplification of probate proceedings, thereby making the probate courts easier for the citizens to use. New Hampshire has already adopted the 1940 uniform simultaneous death act. This bill is the updated 1993 version of that act. Vote 14-0.

SB 96-FN, relative to the priority of charges in probate of estates. **OUGHT TO PASS**

Rep. Sandra B. Keans for Judiciary and Family Law: This provides for two changes in the priority list when settling an estate. The first is funeral expenses are added to the list of just debts. Secondly, the state is reimbursed for "Old Age Assistance" and "Aid To The Permanently And Totally Disabled" before the estate is disbursed to the heirs. Vote 13-0.

Referred to Finance.

SB 197-FN, relative to final dispositional orders in child protection cases. **OUGHT TO PASS**

Rep. David A. Bickford for Judiciary and Family Law: This bill continues the administrative hearings for abuse and neglect of children before Health and Human Services, but allows the accused the benefit of subsequently choosing a trial hearing de novo. Vote 14-1.

Referred to Finance.

HB 579-FN-L, providing that a person who, having obtained a restraining order against an abuser and having made all reasonable efforts to preserve employment, leaves a job in order to protect himself or herself from domestic abuse, shall not be denied unemployment compensation. **OUGHT TO PASS WITH AMENDMENT**

Rep. Robert E. Clegg, Jr. for Labor, Industrial and Rehabilitative Services: The committee, with assistance from the Unemployment Advisory Council and the Department of Employment Security, amended the bill to state when certain conditions are met, an abused person who must leave his/her employment shall be entitled to collect unemployment compensation. No employer account shall be assessed under these conditions but instead a charge shall be made against the trust fund account. Vote 14-1.

Amendment (0073h)

Amend the title of the bill by replacing it with the following:

AN ACT providing that a person who, having made all reasonable efforts to preserve employment, leaves a job in order to protect himself or herself from domestic abuse, shall not be denied unemployment compensation.

Amend RSA 282-A:32, I(a)(3) as inserted by section 1 of the bill by replacing it with the following:

(3) The leaving of employment was necessary to protect the individual from domestic abuse, as defined in RSA 173-B:1 and in accordance with rules adopted by the commissioner, and the individual made all reasonable efforts to preserve the employment, and in addition:

(A) The individual relocated to escape the abuse; or

(B) The individual, due to changed circumstances, is able to return to the individual's employment, but the employer is unable to return the individual to the individual's job, or to comparable work, due solely to:

(i) A reduction in work force; or

(ii) Other economic conditions, and the individual did all things that a reasonably prudent person would have done to continue the employer-employee relationship or the possibility of reemployment during the period the individual was unable to work due to the domestic abuse;

Amend the bill by replacing section 3 with the following:

3 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill provides that a person who, having made all reasonable efforts to preserve employment, leaves a job in order to protect himself or herself from domestic abuse, shall not be denied unemployment compensation.

Referred to Finance.

SB 42, relative to the authority of the labor commissioner to revoke the license of an employee leasing company for violations of the labor laws. **INEXPEDIENT TO LEGISLATE**

Rep. Robert E. Clegg for Labor, Industrial and Rehabilitative Services: The committee feels the Department of Labor has the ability to revoke licenses of employee leasing companies for labor law violations under the current statutes. Vote 14-1.

HB 111-FN, relative to preservation and access to records of legislation in the state archives. **OUGHT TO PASS WITH AMENDMENT**

Rep. Peter Hoe Burling for Legislative Administration: The committee is convinced that steps must be taken as quickly as possible to improve the rate of preservation of House and Senate records. The questions that remain to be answered are all technology related. The committee, therefore, decided to reconvene a study committee to review available preservation technologies, and the costs thereof, and make a recommendation on or before November 1, 1998. Vote 11-0.

Amendment (0121h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a committee to study the preservation of and access to records of legislation in the state archives.

Amend the bill by replacing all after the enacting clause with the following:

1 Committee Established. There is established a committee to study the preservation of and access to records of legislation in the state archives.

2 Membership and Compensation.

I. The members of the committee shall be as follows:

(a) Three members of the house of representatives, appointed by the speaker of the house.

(b) Three members of the senate, appointed by the president of the senate.

II. The members of the committee shall receive mileage at the legislative rate when attending to the duties of the committee.

3 Duties. The committee shall:

I. Request the advice and participation of the state archivist and staff.

II. Review varying types of preservation technology.

III. Review the costs and durability of each available technology.

IV. Make recommendations regarding the preservation technology to be adopted and the appropriation that may be required to cover the costs thereof, all with the understanding that the house committee on legislative administration believes that steps must be taken to improve the current state of preservation of legislative records.

4 Chairperson. The first meeting of the committee shall be called by the first-named house member. The members of the study committee shall elect a chairperson from among the members.

5 Report. The committee shall report its findings and any recommendations for proposed legislation to the speaker of the house of representatives, the senate president, the house clerk, the senate clerk, the governor, and the state library on or before November 1, 1998.

6 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill establishes a committee to study the preservation of and access to records of legislation in the state archives.

HB 170-L, exempting temporary, demountable, plastic-covered greenhouses from property taxation. **OUGHT TO PASS WITH AMENDMENT**

Rep. Douglass P. Teschner for Local and Regulated Revenues: This bill represents one small slice in the ongoing debate of what is "taxable property" as opposed to "nontaxable equipment." The committee heard testimony that the taxation of demountable, plastic-covered greenhouses varies greatly from one municipality to another. Clearly, legislative guidance is needed. The committee amendment tightens up the bill by clearly defining a "demountable, plastic-covered greenhouse" and clarifying that requirements for tax exemption include that they are not permanently affixed to footings and that they are specifically designed and used for growing horticultural commodities (and not for retail sales). In a letter to the committee, Commissioner of Agriculture Steve Taylor stated his strong support for the committee's amendment, noting that it "will finally clarify the tax status of these new greenhouse structures and give local selectmen, assessors, zoning administrators, and other officials clear, consistent guidelines in this area." Vote 18-0.

Amendment (0105h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Section; Property Tax Exemptions for Certain Greenhouses. Amend RSA 72 by inserting after section 12-c the following new section:

72:12-d Exemption.

I. Demountable, plastic-covered greenhouses shall be exempt from taxation if all of the following qualifications are met:

(a) Removal of the demountable greenhouse will not affect the utility of the underlying real estate.

(b) The demountable greenhouse is not permanently affixed to the underlying real estate with concrete or similar non-portable footings.

(c) Removal of the demountable greenhouse can be accomplished without damage to the greenhouse and will not render the greenhouse unfit for subsequent use as a demountable greenhouse.

(d) The demountable greenhouse is specifically designed, constructed, and used for the culture and propagation of horticultural commodities.

(e) The demountable greenhouse is not used for the retail sale of any farm or non-farm products.

II. For purposes of this section, the term "demountable, plastic-covered greenhouse" means:

(a) Framework.

(b) Coverings.

(c) Portable electric appliances, the installation of which involves only the insertion of an attachment plug into a fixed receptacle outlet. The word "portable" does not include or apply to any type or fixed electrically operated or driven equipment.

(d) Benches.

(e) A portable source of heat not fixed to the greenhouse or underlying real estate.

(f) A portable source of ventilation not fixed to the greenhouse or underlying real estate.

(g) A portable irrigation system.

III. Nothing in this section shall be construed to change or affect the current use laws under RSA 79-A and the rules adopted in furtherance of RSA 79-A.

2 Effective Date. This act shall take effect April 1, 1998.

HB 337-L, allowing a municipality to reduce the property tax on improvements. **INEXPEDIENT TO LEGISLATE**

Rep. Douglass P. Teschner for Local and Regulated Revenues: This bill would enable a municipality to reduce the assessed value of improvements (such as housing and commercial development), thereby shifting the property tax burden onto unimproved land. Supporters of the bill believe that reducing property taxes on improvements would stimulate economic development. Opposition at the public hearing came from S.P.A.C.E. (the current use coalition) and the New Hampshire Municipal Association (which raised constitutional issues). The committee has significant concerns about the bill. First, there is no evidence of broad-based support from citizens or taxpayers for this particular type of property tax reform. Also, the committee is concerned about the possible negative ramifications of shifting the property tax burden onto land. In sum, the committee is wary of making what could be a major change in property tax policy when there is no compelling reason to do so. Vote 12-1.

HB 504-L, relative to the property tax obligation for real estate used as rental housing by qualified nonprofit charitable organizations. **INEXPEDIENT TO LEGISLATE**

Rep. Francis C. Vincent for Local and Regulated Revenues: The committee felt this was a special interest bill filed in response to the Rollinsford case. The committee voted to re-refer this bill so parties could present more information to support their bill. None was forthcoming. Vote 12-0.

HB 174-L, relative to budgetary official ballot. **INEXPEDIENT TO LEGISLATE**

Rep. Betsey L. Patten for Municipal and County Government: The charter process (HB 141, Chapter 53 from 1995) in RSA 52:2-a and RSA 197:5-b allowed the school districts and village districts to put "money articles" on the official ballot but not all warrant articles. HB 289, Chapter 319 from 1997 made the charter amendment official ballot voting option applicable to all warrant articles, at the locality's option, rather than limited to money raising articles only. Therefore, this bill is not necessary. Vote 17-0.

HB 295-L, authorizing a cooperative school district board to establish polling places in each member town. **INEXPEDIENT TO LEGISLATE**

Rep. Thomas B. Salatiello for Municipal and County Government: This issue was taken care of in SB 109, Chapter 318 in the 1997 legislative session. If multi-school districts want to establish additional polling places in member towns, this can be authorized by the legislative body. Vote 17-0.

HB 366-L, relative to noncompliance with zoning ordinances. **INEXPEDIENT TO LEGISLATE**

Rep. Robert W. Brundige for Municipal and County Government: The sponsor requested the committee to vote "Inexpedient to Legislate" on this bill because the sponsor wants to do further research on the subject. Vote 16-0.

HB 543-L, relative to valuation of aeronautical facilities for purposes of payments in lieu of property taxes. **REFER FOR INTERIM STUDY**

Rep. Betsey L. Patten for Municipal and County Government: RSA 423:9 currently requires that all property and rights related to aeronautical facilities acquired by a city or town outside its boundaries be tax exempt and the amount of a payment-in-lieu-of-taxes be calculated based on the assessed tax valuation of April 1, 1940. Municipal airports and airport authorities have a different governing structure. It is unclear whether such entities may be impacted by any change to this statute. The committee felt that more time and input was necessary to be sure that all issues are considered. Vote 16-0.

HB 552-L, clarifying the authority of municipalities to regulate the use of their highways which provide sole access to properties in adjoining municipalities. **OUGHT TO PASS WITH AMENDMENT**

Rep. Robert W. Brundige for Municipal and County Government: This bill specifies that the sole issue which may be addressed or regulated by the adjoining municipality shall be the adequacy of such street access and the impact of the proposal upon it. Vote 16-0.

Amendment (0008h)

Amend the bill by replacing all after the enacting clause with the following:

1 Lands Solely Accessed Via Another Municipality. Amend RSA 674:53, II to read as follows:

II. Upon receipt of an application for a permit or approval under this title for the subdivision, development, [or] change of use of [a], *or erection or alteration of any structure upon any* lot, tract, site or other division of land whose boundary or portion thereof is a municipal boundary line, [a] *or whose sole street access or sole maintained street access is via a private road or class IV, V, or VI highway located in an adjoining municipality, the municipality receiving the application* shall inquire in writing to the appropriate administrative officials in the adjoining municipality or municipalities as to the existence of facts *or regulations* which, under [paragraph] *paragraphs I, III or IV of this section or otherwise*, would preclude *or affect* such subdivision, development, *construction*, or change of use. Response shall be made to such inquiries within the period provided by this title for approval or disapproval of the underlying application. A response which invokes an ordinance or regulation of such adjoining municipality may be appealed in that adjoining municipality in the same manner as any other administrative decision. *An adjoining municipality in which is located an existing private road or class VI highway that serves as an applicant's sole means of fulfilling the street access requirements under RSA 674:41 shall have the same regulatory powers under that statute with respect to that road or highway as if the proposed building or development were located within that same municipality.*

2 Access Via Adjoining Municipality. Amend RSA 674:53, IV to read as follows:

IV. No plat or plan showing land or streets in more than one municipality in the state shall be deemed approved for purposes of this title unless it has been approved by the planning boards of all included municipalities in which the planning board has been granted authority over approval of that type of plat or plan. *In addition, no plat or plan showing land whose sole street access or sole maintained street access is or is planned to be via a private road or class IV, V or VI highway located in an adjoining municipality shall be deemed approved for purposes of this title unless it has been approved by the planning board, if any, of that adjoining municipality, provided however that the sole issue which may be addressed or regulated by the adjoining municipality shall be the adequacy of such street access, and the impact of the proposal upon it.*

3 Effective Date. This act shall take effect 60 days after its passage.

HB 641, relative to property tax bills for land parcels having multiple owners. REFER FOR INTERIM STUDY

Rep. Richard C. Leone for Municipal and County Government: Although it was generally acknowledged that the subcommittee had made a serious attempt to improve upon the bill, the full committee determined that there was need to further clarify the notification process including such issues as unfunded mandates, dispensation of related notices, and how certain parties would be notified after the deeding of the property. Vote 16-0.

HB 642, requiring that all property taxes be paid prior to approval of a subdivision plat. OUGHT TO PASS WITH AMENDMENT

Rep. Paul A. McGuirk for Municipal and County Government: Many communities have experienced great difficulties in the assessment and collection of property taxes on land which has been legally subdivided after April 1st, but sold prior to the payment of all taxes due for that particular tax year. With the enactment of this bill, municipalities will have the capability to protect the interest of the community and the integrity of the tax collection and lien process. This bill also sets up procedure for payment of taxes by the developer and subsequent owners. Vote 16-1.

Amendment (0101h)

Amend the title of the bill by replacing it with the following:

AN ACT clarifying the effect of subdivision on property tax assessment and collection.

Amend the bill by replacing all after the enacting clause with the following:

1 New Section; Effect of Subdivision on Property Tax Assessment and Collection. Amend RSA 674 by inserting after section 37 the following new section:

674:37-a Effect of Subdivision On Tax Assessment and Collection. The collection of taxes with respect to land being subdivided shall be governed by the following provisions:

I. If approval of a subdivision plat has been granted on or before April 1 of a particular tax year, giving the owner a legal right to sell or transfer the lots, parcels or other divisions of land depicted on the plat without further approval or action by the municipality, then such lots or parcels shall for that tax year be assessed and appraised as separate estates pursuant to RSA 75:9, whether or not any such sale or transfer has actually occurred, and shall continue to be so assessed unless and until subdivision approval is revoked under RSA 676:4-a, or the parcels are merged pursuant to RSA 674:39-a.

II. If subdivision approval does not become final until after April 1, then all assessments, appraisals, and tax warrants for that property during that tax year shall pertain to the entire non-subdivided property as it was configured on April 1, notwithstanding any later sale or transfer of subdivided lots or parcels which may occur during that year.

III. When property has been assessed as a single parcel or estate in accordance with paragraph II, and some subdivided portion of that property is later sold or transferred prior to the payment of all taxes, interest, and costs due for that tax year, the municipality's tax lien shall remain in effect with respect to the entire property, and each lot or parcel transferred or retained shall remain obligated for the entire amount, and shall be subject to all procedures of RSA 80 until that amount is collected.

IV. In order to avoid the liability of subdivided lots or parcels for taxes due on the entire property as set forth in paragraph III, any person with a legal interest may, at the time of subdivision approval or any time thereafter, prepay all taxes to be assessed on the entire property for that tax year. If such prepayment is offered prior to the determination of the property's full tax obligation for that year, the collector shall notify the assessing officials, who shall make a reasonable jeopardy assessment in accordance with the provisions of RSA 76:10-a, and commit it to the collector. After full prepayment the tax collector shall upon request execute a statement identifying the subdivision plat, and stating that all real estate tax obligations for the tax year have been fulfilled with respect to the property shown on the plat. Such a statement may be recorded in the registry of deeds at the expense of the party requesting it.

V. Nothing in this section shall be construed to prevent the parties to a conveyance from making alternative provisions, through privately-held escrow or other means, for the allocation and satisfaction of tax obligations; provided, however, that the municipality shall not, with respect to property assessed as a single parcel or estate pursuant to paragraph II, be required to apportion taxes among subdivided lots, or to release any subdivided portion of such property from the municipality's tax lien unless and until the full tax obligation for the assessed property has been satisfied.

2 Reference Added; Separate Tracts. Amend RSA 75:9 to read as follows:

75:9 Separate Tracts. Whenever it shall appear to the selectmen or assessors that 2 or more tracts of land which do not adjoin or are situated so as to become separate estates have the same owner, they shall appraise and describe each tract separately and cause such appraisal and description to appear in their inventory. In determining whether or not contiguous tracts are separate estates, the selectmen or assessors shall give due regard to whether the tracts can legally be transferred separately under the provisions of the subdivision laws including RSA 676:18, ***RSA 674:37-a***, and RSA 674:39-a.

3 Effective Date. This act shall take effect January 1, 1999.

AMENDED ANALYSIS

This bill clarifies the effect of subdivision of land on property tax assessment and collection.

HB 679-FN-L, repealing the limitation on zoning ordinance protest petitions. **INEXPEDIENT TO LEGISLATE**

Rep. Robert W. Brundige for Municipal and County Government: This bill would have repealed RSA 675:5, I-L which restricts the requirement of a favorable vote of 2/3 of the legislative body to act on any proposed zoning change. Vote 16-0.

HB 812, relative to the Melendy Pond Authority of Brookline, New Hampshire. **INEXPEDIENT TO LEGISLATE**

Rep. Cynthia J. Dokmo for Municipal and County Government: The Melendy Pond Authority is the subject of litigation which is currently before the Supreme Court. The committee feels that it is premature to act on this bill prior to the conclusion of that litigation. Vote 19-0.

SB 56-FN-L, establishing a method for repurchase of tax-deeded property by the former owner of the property and limiting the recovery by municipalities of proceeds from sales of tax-deeded property. **INEXPEDIENT TO LEGISLATE**

Rep. Kathleen N. Taylor for Municipal and County Government: The content of this bill has been incorporated in House Bill 676 and is, therefore, no longer necessary. Vote 18-0.

SB 62, authorizing the governing bodies of towns which have not adopted the official ballot referendum form of meeting, but which are in school districts which have adopted the official ballot referendum form of meeting, to move the election day of the 1997 and 1998 annual meetings of those towns to April 8, 1997, and April 14, 1998, respectively. **INEXPEDIENT TO LEGISLATE**

Rep. Betsey L. Patten for Municipal and County Government: During the 1997 session, the committee put forth a time schedule for those school districts who had voted to use the official ballot referendum form of meeting to coincide with the traditional time schedule for voting on the second Tuesday in March. Therefore, the original request for an April voting time line is not required. Vote 17-0.

SB 179-FN-L, establishing a committee to study creating a New Hampshire local government records management improvement fund. **INEXPEDIENT TO LEGISLATE**

Rep. Cynthia J. Dokmo for Municipal and County Government: The committee enthusiastically endorsed the concept of a records management program, but a Uniform Commercial Code surcharge was an unacceptable method to fund such a program. It is hoped that individual members of the committee will support legislation on the issue in the next legislative session. Vote 19-0.

HB 305-A, relative to the rehabilitation of the Walker building and making an appropriation therefor. **INEXPEDIENT TO LEGISLATE**

Rep. Leon Calawa, Jr. for Public Works and Highways: The subcommittee has concluded after touring the Walker building and reviewing and considering all options, to rehabilitate the Walker building would make more sense economically than leasing space. A new bill has been filed that better addresses the administration and rehabilitation of the Walker building. Vote 20-0.

HB 400, authorizing the state to enter into a lease-purchase agreement with Cheshire county for the new Jaffrey-Peterborough district courthouse. **INEXPEDIENT TO LEGISLATE**

Rep. Rep. James A. Whittemore for Public Works and Highways: The committee recommends Inexpedient to Legislate as the Town of Jaffrey and Cheshire County do not wish to be involved in the construction of the courthouse and have instead secured the land and are giving it to the state for the construction of a courthouse to be built by the state. Vote 21-0.

HB 778-A, relative to erosion prevention on a certain portion of the Connecticut River and making an appropriation therefor. **INEXPEDIENT TO LEGISLATE**

Rep. John R. Cloutier for Public Works and Highways: The committee is very concerned with the erosion along the Connecticut River in North Walpole, especially in relation to Route 12. Realistically, there is presently no expert consensus on which method would most effectively stop such erosion, though New England Power Company is currently using a method which may eventually stop it. This method needs more time to see if it actually works. Also, the \$250,000 figure mentioned in the bill would not adequately deal with the problem as admitted by the prime sponsor. According to the Army Corps of Engineers, between \$2.1 and \$7.6 million would be needed with up to \$1 million of this total coming from the federal government. However, the committee recommends killing this bill with the understanding that the Department of Transportation maintains continuous monitoring of the erosion, and that contingency plans be made to address a washout of Route 12 if one should occur. Vote 21-0.

SB 158-FN-A, relative to the funding of beach erosion control projects along the south side of the Hampton Harbor Inlet. **INEXPEDIENT TO LEGISLATE**

Rep. William E. Leber for Public Works and Highways: This bill proposes to appropriate \$170,000 for a project to complete the half-tide jetty and to alleviate the beach erosion along the south side of Hampton Harbor inlet. The committee determined the project has been included in the Capital Budget for 1998-1999 (HB 25, Laws of 1997, Chapter 349). The project is included in the \$1.7 million project to dredge Hampton-Seabrook Harbor. The accompanying study of the revenue stream on the seacoast revealed some inequities in collecting fees and the need to improve dredging management, scheduling and funding. Legislation will be filed to establish a reserve dredging account in the Port Authority operating budget. Further review of the management of certain state properties will be needed. Vote 21-0.

HB 350, exempting permits by rule and permits by notification from certain excavating and dredging permit requirements. **INEXPEDIENT TO LEGISLATE**

Rep. William E. Williams, Jr. for Resources, Recreation and Development: The committee agreed that new proposed rules will cover the body of this legislation and the Legislature should revisit the effectiveness of the rules at a later date. Vote 15-0.

HB 561-FN, relative to certain marine patrol personnel. **INEXPEDIENT TO LEGISLATE**

Rep. Michael D. Whalley for Resources, Recreation and Development: This bill makes the auxiliary marine patrol program mandatory and requires the Commissioner of Safety to recruit voluntary auxiliary marine patrol officers equal to the number of part-time paid marine patrol officers employed by the Department of Safety. The committee felt that establishing a quota system relative to the specific number and type of officers within the marine patrol was too limiting and not in the best interests of the marine patrol and its ability to function. Vote 15-0.

HB 581-FN, authorizing the department of environmental services to issue permits in emergency situations, expanding the exemptions for excavating and dredging permits, and establishing a notification process for the replacement and repair of existing legal structures. **INEXPEDIENT TO LEGISLATE**

Rep. William E. Williams, Jr. for Resources, Recreation and Development: The committee felt that all of the conditions contained in this bill are under consideration in Department of Environmental Services rulemaking. Since the proposed rules may need some fine-tuning, it would be best to revisit these conditions during the next session. Vote 15-0.

HB 618-FN, relative to increasing certain state park fees. **INEXPEDIENT TO LEGISLATE**

Rep. Rudolf A. Adler for Resources, Recreation and Development: After reviewing state park revenue and cost data and discussing past and proposed fee changes, the committee was satisfied with current methods. Vote 13-0.

HB 710-FN, requiring boating safety education. **INEXPEDIENT TO LEGISLATE**

Rep. Michael D. Whalley for Resources, Recreation and Development: Under this bill, any person born after January 1, 1980, with certain exceptions, who operates a vessel on the public waters of this state would be required to obtain and possess a certificate that certifies that such person has completed a boating safety education class. Testimony helped the committee determine that the limited financial and human resources of the marine patrol would cause training of boaters to be difficult and enforcement of the program almost impossible. The Department of Safety also testified that out of state visitors should be considered before a program of this type is implemented. Vote 16-0.

SB 161-FN-A, relative to the Seacoast Science Center and making an appropriation therefor. **OUGHT TO PASS WITH AMENDMENT**

Rep. H. Charles Royce for Resources, Recreation and Development: The purpose of this bill was to appropriate monies to design working plans for an addition to the Seacoast Science Center at Odiorne State Park in Rye. The committee felt that there should be no expansion of this building until a master plan is completed for the entire park and also the Brown property which is across Route 1A from the park and owned by the state. It was strongly felt by the committee that before new construction of any buildings that we plan what is going to happen in the entire park, i.e. parking lots, septic systems, picnic areas, proper use of other buildings, and staffing. White Island, one of the Isles of Shoals, will also be included in the master plan. Vote 14-0.

Amendment (0138h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to a master plan of Odiorne Point State Park.

Amend the bill by replacing all after the enacting clause with the following:

1 Odiorne Point State Park. There shall be no appropriation for the expansion of the Seacoast Science Center at Odiorne Point State Park in Rye until the commissioner of the department of resources and economic development has completed a master plan of Odiorne Point State Park. The master plan shall examine all aspects of the state park, and the role of the Seacoast Science Center in conjunction with the mission of the state park system. The plan shall also update the

"Thoresen Report," a management plan prepared in June 1983, and incorporate the recent purchases of the Brown property into the plan. White Island shall also be considered as a component of the plan.

2 Effective Date. This act shall take effect July 1, 1998.

AMENDED ANALYSIS

This bill prohibits appropriations for expansion of the Seacoast Science Center at Odiorne Point State Park until the commissioner of the department of resources and economic development has developed a master plan for the park.

HB 406, relative to environmental disclosure by electric power facilities. INEXPEDIENT TO LEGISLATE

Rep. Clifton C. Below for Science, Technology and Energy: HB 726, Chapter 298, Laws of 1997 gave the Public Utilities Commission authority to establish environmental disclosure standards for competitive electricity suppliers. The Public Utilities Commission has indicated its intent to do so and is involved in coordinated efforts with other New England states to develop common regional disclosure standards, so this bill is not necessary. Vote 16-0.

HB 482, relative to the access and development of interstate computer network systems. INEXPEDIENT TO LEGISLATE

Rep. Godfrey G. Howard for Science, Technology and Energy: This bill would have required the Public Utilities Commission to perform a study aimed at improving access to computer networks in certain areas of New Hampshire. The objectives of the sponsor have been subsumed by the more-inclusive HB 452, which rendered the subject matter of this bill moot. Vote 16-0.

HB 610-FN, relative to the regulation of small telephone companies by the public utilities commission. INEXPEDIENT TO LEGISLATE

Rep. Jeffrey C. MacGillivray for Science, Technology and Energy: The second part of this bill, to speed up Public Utility Commission approval of small telephone company tariffs for new services, was incorporated into other legislation during 1997. The first part of this bill would have attempted to reduce the cost of regulating small telephone companies by allowing them to increase rates under certain circumstances without commission approval. The committee chose instead to rely on the testimony of the commission that they already had adequate authority to approve rate changes with less paperwork than a full commission rate case, when appropriate. Vote 16-0.

HB 750-FN-L, relative to municipal water systems. INEXPEDIENT TO LEGISLATE

Rep. Donald B. White for Science, Technology and Energy: HB 750-FN-Local was directed towards updating Chapter 38, municipal water systems. However, the passage of HB 528 in 1997 included the same objective as part of a complete revision of Chapter 38. Thus, HB 750-FN-Local is unnecessary. Vote 16-0.

HB 754-FN, relative to special gas and electric rates for customers dependent on life-support equipment. INEXPEDIENT TO LEGISLATE

Reps. Sarah K. Bonneau and Donald B. White for Science, Technology and Energy: While finding this bill to be worth serious consideration due to testimony regarding substantial increases in, primarily, electric utility bills for children living at home on life-support equipment, the committee felt that these costs would be better addressed by health insurance providers. Consequently, a new bill was drafted under a more appropriate statute. Vote 16-0.

HCR 7, petitioning the Congress of the United States to propose an amendment to the Constitution of the United States for submission to the states to prohibit the federal government from imposing regulatory mandates, unfunded mandates, and spending conditions, which conditions are unrelated to the actual expenditures of funds allocated by Congress. INEXPEDIENT TO LEGISLATE

Rep. Thomas A. Varrell for State-Federal Relations and Veterans Affairs: The purpose of this resolution was to basically reaffirm the 10th Amendment of the U.S. Constitution. However, the resolution was drafted and sent to our committee for action during the time frame that the U.S. Supreme Court was considering a case, i.e. Mack and Prinz v. United States, which dealt with essentially the same issues and concerns which are contained in our own HCR 7. Since a Supreme

Court decision on this issue was imminent, the committee re-referred this HCR until the U.S. Supreme Court had reached their decision. The Supreme Court upheld the provisions of our 10th Amendment as set forth in our federal constitution by a vote of 5 to 4, thereby making our own HCR 7 redundant and unnecessary at this time. In the event the U.S. Supreme Court overturns or significantly alters our 10th Amendment, this HCR can be reintroduced for consideration or action. Vote 17-0.

HB 231-FN-L, imposing a penalty on motor vehicle operators under 20 years of age if the operator is convicted of any violation offense involving the operation of a motor vehicle. **INEXPEDIENT TO LEGISLATE**

Rep. John W. Flanders for Transportation: The context of this bill is already covered under RSA 263:14-A and possible problems with administrative hearings did not happen according to the Department of Safety. Vote 13-0.

HB 649-FN, relative to reckless driving. **INEXPEDIENT TO LEGISLATE**

Rep. John W. Flanders for Transportation: After passage of the graduated license and increasing the age of seat belt usage, plus the fact that the Department of Safety is already suspending first-time licenses, it was felt that this bill was unnecessary. Vote 15-0.

HB 729-FN-A, establishing a kindergarten special number plate and fee, with the fees continually appropriated to the department of education. **INEXPEDIENT TO LEGISLATE**

Rep. Roland M. Turgeon for Transportation: After due consideration and with the approval of the prime sponsor who did not object to killing the bill, the committee voted unanimously to recommend inexpedient to legislate. Vote 15-0.

SB 187, relative to the penalties for certain court defaults. **INEXPEDIENT TO LEGISLATE**

Rep. Gordon E. Bartlett for Transportation: No law will keep a driver with a suspended license from driving if he/she decides to drive. Judge Edwin Kelly has agreed to issue a blanket bench warrant for all suspended drivers in one county. He will monitor this program for a short time, with an eye to broadening the program if successful. Vote 15-0.

HB 132-FN, allowing New Hampshire residents on active duty in the armed forces or coast guard to be issued hunting and fishing licenses at no charge. **OUGHT TO PASS WITH AMENDMENT**

Rep. Ronald J. Nowe for Wildlife and Marine Resources: This bill allows residents of the state who are on active duty in the Armed Forces or Coast Guard to be issued basic resident hunting and fishing licenses at no charge while on leave or furlough. The bill also allows nonresidents on active duty permanently stationed in the state to purchase regular or combination licenses at the fee that is charged to residents. Vote 13-0.

Amendment (0003h)

Amend the bill by replacing all after the enacting clause with the following:

1 Fishing and Hunting Licenses; Armed Forces and Coast Guard. RSA 214:3 is repealed and reenacted to read as follows:

214:3 Members of the Armed Forces and Coast Guard.

I. Any resident of this state who is on regular active duty in any branch of the armed forces including the coast guard, and who is permanently stationed outside of the state, may acquire at no charge, upon application to the executive director and subject to the restrictions of title XVIII, a special license to hunt and fish during any period while on leave or furlough.

II. Any nonresident who is on regular active duty in any branch of the armed forces including the coast guard, and who is permanently stationed within the state, may purchase regular hunting and fishing licenses or combination licenses, subject to the restrictions of title XVIII, at the same fee as is charged a legal resident of the state.

III. The executive director shall adopt rules pursuant to RSA 541-A relative to:

- (a) Establishing any restrictions on the use of a special license issued under paragraph I.
- (b) The documentation required in order to qualify for a license under this section.
- (c) The locations at which a license may be issued.

2 Effective Date. This act shall take effect January 1, 1999.

AMENDED ANALYSIS

This bill allows residents of the state who are on active duty in the armed forces or coast guard to be issued basic resident hunting and fishing licenses at no charge while on leave or furlough. The bill also allows nonresidents on active duty to purchase regular or combination licenses at the fee that is charged to residents.

REGULAR CALENDAR PART I

HB 772-FN-A, establishing the position of industrial, commercial, and tourism agent for Coos County and making an appropriation therefor. **INEXPEDIENT TO LEGISLATE**

Rep. Barbara L. Spear for Commerce: There is no question of the need for economic development in the north country. At this time, the committee would like to see the newly organized economic development group work closely with the DRED/OBID representative whose office is in the general area. Vote 12-2.

Adopted.

HB 784-FN-L, changing the age requirements for providing public education, including special education. **OUGHT TO PASS WITH AMENDMENT**

Rep. Jane E. O'Hearn for Education: This bill, as amended, deals with the cost issue of an unanticipated and unbudgeted special education student who arrives in a school district. The amended version of this bill deals with reimbursement anticipation notes for school districts. It allows the governing body, after notice and public hearing, to borrow such funds and to recognize such proceeds for property tax rate-setting purposes. It also requires the Department of Education to be liable for costs of borrowing funds more than 3 1/2 times the per-pupil estimated state average expenditure instead of the current 10-times average. Further legislation will be addressed in the 1998 session as to the costs, process and needs of Special Education Services in New Hampshire as a result of the study committee's findings. Vote 15-5.

Amendment (0099h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to changing the amount of estimated expenditures per pupil beyond which the department of education is liable for the cost of school district borrowing.

Amend the bill by replacing all after the enacting clause with the following:

1 Liability of Department of Education; Costs Over 3-1/2 Times Estimated Expenditure. Amend RSA 186-C:18, VIII to read as follows:

VIII. A school district shall raise and appropriate funds reflecting the total cost in meeting catastrophic special education student costs as provided under RSA 186-C:18, including the school district and department of education liability. A school district may issue reimbursement anticipation notes as provided for in RSA 198:20-d to be redeemed upon receipt of reimbursement from the state. The department of education shall be liable for the cost of the school districts borrowing of any funds for special education student costs over ~~[to]~~ 3-1/2 times the estimated state average expenditure per pupil for the school year preceding the year of distribution.

2 Reimbursement Anticipation Notes; Exempt From Debt Limits. Amend RSA 198:20-d to read as follows:

198:20-d Reimbursement Anticipation Notes. Notwithstanding any other provision of law to the contrary, a school district may incur debt in anticipation of reimbursement under RSA 186-C:18. The governing body, after ~~[receiving authorization for borrowing from the legislative body]~~ *notice and public hearing*, may ~~elect to borrow such funds and~~ to recognize the proceeds of the borrowing as revenue for property tax rate setting purposes by providing written notification~~[-prior to September 1,]~~ to the commissioner of the department of revenue administration stating the specific amount of borrowing to be recognized as revenue. *Any borrowing under this section shall be exempt from the provisions of RSA 33, relative to debt limits.*

3 Effective Date. This act shall take effect July 1, 1998.

AMENDED ANALYSIS

This bill changes the amount of estimated expenditures per pupil beyond which the department of education is liable for the cost of school district borrowing, and allows school districts to incur debt in anticipation of reimbursement to meet catastrophic special education costs.

Adopted.

Report adopted and referred to Finance.

SB 205-FN-L, establishing a special school district to provide special education for eligible inmates in the state prison system. **OUGHT TO PASS WITH AMENDMENT**

Rep. Jane E. O'Hearn for Education: There is a federal requirement to meet the needs of inmates who fall under special education requirements in IDEA. The special prison SAU will be able to address educational needs and to develop authorized Individual Education Plans (IEP) with safety as a consideration. The amendment will exclude the SAU from meeting certain minimum standards and receiving state aid. Vote 14-2.

Amendment (0155h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Subparagraph; Special School District Added to Department of Corrections. Amend RSA 21-H:4, I by inserting after subparagraph (b) the following new subparagraph:

(c) Be responsible for the operation of the special school district, established under RSA 194:60, which shall provide appropriate education services to eligible offenders held in facilities operated by the department of corrections.

2 Special District Program Approval By Interagency Agreements. Amend RSA 186-C:5 to read as follows:

186-C:5 Program Approval. The state board of education shall adopt rules establishing standards for the approval of programs of education that are maintained by school districts, regional special education centers, and private organizations or state institutions for the benefit of educationally disabled children, including home-based programs; *except, however, that approval of programs of education for the special district established in RSA 194:60 shall be pursuant to the standards set forth in the interagency agreements between the department of corrections and the department of education.*

3 Reference to "Special" School District Added. Amend RSA 186-C:9 to read as follows:

186-C:9 Education Required. Each child determined by the local *or special* school district as being educationally disabled in accordance with RSA 186-C:2 and in need of special education or special education and educationally related services shall be entitled to attend an approved program which can implement the child's individualized education plan. Such child shall be entitled to continue in an approved program until such time as the child has acquired a high school diploma or has attained the age of 21, whichever occurs first, or until the school district responsible for developing the child's individualized education plan determines that the child no longer requires special education in accordance with the provisions of this chapter.

4 State Prison Deleted. Amend RSA 186-C:19-a, II to read as follows:

II. The school district liability for educational expenses for an educationally disabled child in the youth development center ~~[or the state prison]~~, or who is placed in the youth services center while awaiting disposition of the court following arraignment pursuant to RSA 169-B:13, shall not exceed the state average elementary cost per pupil, as determined by the state board of education for the preceding school year.

5 Revised Definition of a School District; Amend RSA 194:1 to read as follows:

194:1 What Constitutes a District. Each town shall constitute a single district for school purposes; provided that districts organized under special acts of the legislature may retain their present organization, and the word "town", wherever used in the statutes in connection with the government, administration, support or improvement of the public schools, shall mean district. *The special state prison school district, as established by RSA 194:60, shall constitute a single district for school purposes, and shall be subject to the provisions of RSA 194:60.* Notwithstanding any other provision of law to the contrary, in the case of unincorporated towns or unorganized places in Coos county, Coos county shall constitute the district.

6 New Subdivision; Special School District; Department of Corrections. Amend RSA 194 by inserting after section 59 the following new subdivision:

Department of Corrections Special School District

194:60 Special School District; Department of Corrections.

I. A special school district is established within the department of corrections, under RSA 21-H, for the purpose of providing approved educational programs pursuant to this chapter to eligible educationally disabled adult offenders, under the age of 21, who wish to participate.

II. The special school district shall be exempt from state board of education rules, except that the standards for the education of students with disabilities and all education programs shall be set by an interagency agreement between the department of education and the department of corrections.

III. The special school district shall be exempt from the organizational and budgetary requirements regarding other school districts or charter schools. The special state prison school district shall not be required to file financial reports with the department of education or the department of revenue administration.

IV. The special school district shall have authority to perform all duties necessary to operate a school including, but not limited to, the following:

(a) Timely submission of all required educational program approval documents and reports to appropriate agencies.

(b) Maintenance of approved educational programs which comply with the requirements as provided for in the interagency agreements between the department of corrections and the department of education. The interagency agreements shall set forth the standards for approval of a school program for department of corrections facilities, the graduation requirements necessary for the special school district to issue a high school diploma, and the standards for special education program approval.

(c) Issuance of transcripts.

(d) Performing assessments and developing individual education programs.

(e) Providing fiscal management for the state and federally-funded approved educational programs.

(f) Operation of approved educational programs in a manner consistent with the legitimate security and safety concerns of a penal institution.

V. The special state prison school district shall not be assigned to a school administrative unit, nor shall it be subject to the provisions of RSA 194-C.

VI. The special state prison school district shall not be eligible to receive any form of state aid to education pursuant to RSA 198, including but not limited to, state building aid, state aid, dual enrollment grants, foundation aid, or alternative foundation aid.

VII. The special state prison school district shall not have a school board.

7 Effective Date. This act shall take effect July 1, 1998.

AMENDED ANALYSIS

This bill establishes a special school district within the department of corrections to provide special education for eligible inmates in the state prison system, and outlines certain specific differences between a regular school district and the special state prison school district.

Adopted.

Report adopted and referred to Finance.

HB 207-FN-A, relative to pesticide registration fees and making an appropriation therefor. **INEXPEDIENT TO LEGISLATE**

Rep. John R. M. Alger for Environment and Agriculture: The committee believes a one-tier pesticide registration system is sufficient. During the committee hearing process, other legislation was developed that negates the need for this bill. Vote 11-0.

Adopted.

HB 630-FN-L, providing an additional service retirement option for group I teacher members of the retirement system. **OUGHT TO PASS WITH AMENDMENT**

Rep. Merton S. Dyer for Executive Departments and Administration: This bill will provide a means for members of Group I to retire before age 60 with full retirement. The amendment adopted by the committee expands RSA 100-A:16 to allow both the employer and employee to purchase an annuity to provide a full 50 percent retirement. Present law allows only the contribution from the member. This amendment allows contributions from the employer if such pay-

ments are approved by a one-time vote of the legislative body of the employees. This will provide sound funding for the benefit and the cost will be paid by those that wish to use this method for early retirement. Vote 12-6.

Amendment (0181h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to additional voluntary contributions to provide for early retirement by members of the retirement system.

Amend the bill by replacing all after the enacting clause with the following:

1 Early Retirement. Amend RSA 100-A:16, I(c) to read as follows:

(c)(1) In addition to the contributions deducted from the compensation of members as heretofore provided, and subject to the approval of the board of trustees and to such rules and regulations as the board may make with respect to the crediting of interest thereon, any member may provide an additional retirement allowance by making contributions at an additional rate not in excess of the rate computed to be sufficient to provide an additional retirement allowance which, together with his regular retirement allowance, will result in a total retirement allowance not in excess of 50 percent of his average final compensation. Such additional contributions shall become part of his accumulated contributions except in the case of retirement, when they shall be treated as excess contributions returnable to the member in cash or as a member annuity of equivalent actuarial value.

(2)(A) *Any member, or a member's participating employer, may make additional contributions on behalf of a member at an additional rate as determined by the actuary and approved by the board of trustees or its designee. Any additional contributions made by a member who intends to retire pursuant to RSA 100-A:5, I(c), or additional contributions of the employer, may be used to offset the reduction, or a portion thereof, in retirement benefits for early retirement as provided in RSA 100-A:5, I(c). Any actuarial fees incurred in determining the amount of additional contributions required for early retirement as provided by this subparagraph shall be paid by the member.*

(B) *Any additional contributions made under this subparagraph shall become part of the member's accumulated contributions including interest, and may be withdrawn, in cash, upon the member's retirement in lieu of the provisions in subparagraph (c)(2)(A).*

(C) *Participation by an employer in the provisions for early retirement under RSA 100-A:16, I(c)(2) shall be by resolution, on a form approved by the board of trustees, adopted by the legislative body of a political subdivision.*

2 Effective Date. This act shall take effect June 30, 1998.

AMENDED ANALYSIS

This bill allows members of the retirement system, or a member's employer, to provide for an early retirement in certain circumstances by making additional contributions, as determined by the actuary and approved by the board of trustees of the retirement system.

Adopted.

Report adopted and referred to Finance.

HB 753-FN, relative to the board of auctioneers and the conduct of auctions. OUGHT TO PASS WITH AMENDMENT

Rep. Myron S. Steere, III for Executive Departments and Administration: The original intent of this legislation was to reorganize the Board of Auctioneers. The committee voted to amend the bill to change only the size of the board from five to seven members (one to two public members), authorize the board to increase the size of the surety bond, and provide the board with the availability of administrative fines up to \$2,000 per offense. The majority of the committee believe these changes would be helpful to the operation of the Board of Auctioneers. Vote 11-7.

Amendment (0125h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the board of auctioneers.

Amend the bill by replacing all after the enacting clause with the following:

1 Board of Auctioneers; Membership Increased. Amend RSA 311-B:2, I and II to read as follows:

I. There is hereby established a state board of auctioneers consisting of [5] 7 members, including [4] 5 auctioneers and [one] 2 public [member] *members*, appointed by the governor with the advice of the council for terms of 5 years. Terms shall expire March 1. All board members shall be residents of this state and no board member shall serve more than 2 consecutive terms.

II. [The] *Each* public member of the board shall be a person who is not, and never was, a member of the auctioneering profession or the spouse of any such person, and who does not have, and never has had, a material financial interest in either the provision of such professional services or an activity directly related thereto, including the representation of the board or profession for a fee at any time during the 5 years preceding appointment.

2 New Paragraph; Quorum; Voting. Amend RSA 311-B:2 by inserting after paragraph IV the following new paragraph:

V. Four members of the board shall constitute a quorum. At least one public member of the board must be present on each vote of the board.

3 New Section; Administrative Fines; Rulemaking Authority. Amend RSA 311-B by inserting after section 3 the following new section:

311-B:3-a Administrative Fines; Rulemaking Authority. The board, with the approval of the secretary of state, may adopt rules pursuant to RSA 541-A relative to the establishment of administrative fines for violations of this chapter.

4 Minimum Bond Amount. Amend RSA 311-B:8 to read as follows:

311-B:8 Bond. No license shall be granted until the applicant has filed a bond with the secretary of state in the sum of *at least \$10,000, or an additional amount as determined by the board*, with sureties approved by the secretary of state, conditioned that he will properly account for and deliver to the person entitled, all moneys and things of value coming into his hands as an auctioneer and will conform to the laws relating to such auctions. All bonds required under this chapter shall be purchased from a reputable company authorized to do business in this state.

5 New Subparagraph; Disciplinary Action; Administrative Fines. Amend RSA 311-B:11, III by inserting after subparagraph (d) the following new subparagraph:

(e) By assessing administrative fines in amounts established by the board under RSA 311-B:3-a which shall not exceed \$2,000 per offense, or in the case of continuing offenses, \$200 for each day that the violation continues.

6 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill increases the membership of the board of auctioneers. This bill also allows the board to adopt rules establishing administrative fines and to determine a minimum bond amount.

Adopted.

Report adopted and ordered to third reading.

HB 578-FN-A-L, providing for property tax relief and making an appropriation therefor. **REFER FOR INTERIM STUDY**

Rep. Charles L. Vaughn for Finance: This bill is a way to help poorer taxpayers feeling a property tax squeeze. To qualify, family income has to be \$40,000 or less and the home worth less than the state average (currently about \$114,000). Qualifying taxpayers would receive a rebate on all or some portion of their tax bill that is in excess of 10% of their income. The committee supports the concept of the bill but was unable to fund the \$15-50 million annual cost within the current budget. To allow it to address the funding issue, the committee recommends Interim Study. Vote 20-0.

Adopted.

HB 686-FN-A, relative to financing of child day care facilities and making an appropriation therefor. **OUGHT TO PASS WITH AMENDMENT**

Rep. Eleanor H. Amidon for Health, Human Services and Elderly Affairs: The amended bill does two things: It requires any appropriation of \$150,000 to be deposited in the non-profit child care loan program used solely in reducing and as funding of interest payments on loans made to day care centers from the New Hampshire Community Loan Fund. It designates the New Hampshire Community Loan Fund as the institution to not only designate which centers are to be funded but to monitor the day care centers operations. Vote 13-5.

Amendment (0061h)

Amend the bill by replacing all after the enacting clause with the following:

1 Statement of Intent. The purpose of this act is to establish the nonprofit child day care loan program in the department of health and human services to be administered through a statewide nonprofit community development financial institution. The loan program shall be used to provide low interest loans for nonprofit child day care providers to establish child day care programs and facilities which will improve the quality, availability, and safety of licensed and legally-operating child day care homes and centers, and to assist providers to comply with the federal Americans With Disabilities Act.

2 New Section; Nonprofit Child Day Care Loan Program Established. Amend RSA 170-E by inserting after 5-a the following new section:

170-E:5-b Nonprofit Child Day Care Loan Program.

I. There is established the child day care loan program to provide low interest loans for nonprofit child day care providers. The primary purposes of these low interest loans include:

(a) To construct wheelchair and handicap access ramps, van conversions, and bathroom renovations to accommodate children with disabilities.

(b) To pay for expansion or construction costs to serve more children under the state voucher program for low income families to meet the expected increase of families receiving temporary assistance to needy families entering the work force.

(c) To renovate or upgrade current facilities to maintain or exceed code requirements.

(d) To renovate or expand facilities to serve priority populations, such as infants and toddlers and families in need of night, weekend, drop-in and mildly-ill care.

(e) To allow after-school programs to expand and purchase startup supplies, including storage, for school-age children.

(f) To enable child day care providers to secure a more stable environment and continuity of services through ownership or extended lease arrangements.

(g) To allow the purchase or lease of vans to transport children.

(h) To fund any other program-related costs as necessary.

II. Criteria for consideration of loan applicants shall include the provider's commitment to enroll low-income children, children subsidized through the Child Care and Development Fund, and children with disabilities, or legally-operating providers who provide services to these populations. In addition, applicants shall:

(a) Be fiscally sound as shown in a financial statement.

(b) Meet or exceed state and local operating and zoning regulations, including public health, fire, and safety requirements, or present a local exemption from regulations.

(c) Demonstrate a commitment to providing quality child day care through one or more of the following:

(1) Local child care resource and referral relationship.

(2) Family day care support group participation.

(3) Enrollment in the United States Department of Agriculture food program (Child and Adult Food Program.)

(4) Documentation of training in the Child Care Basics program or other training approved by the department of health and human services.

(d) Address a geographic or community need for projected child day care services.

III.(a) The department of health and human services may, after consultation with the state child care advisory committee established in RSA 126-A:17, adopt rules pursuant to RSA 541-A, relative to the implementation and administration of the child day care loan program under this section.

(b) The department shall have the responsibility for notifying providers of the availability of the loans and shall provide guidelines for loan application. Notification shall be made publicly, as well as through child care associations and the child care resource and referral network of New Hampshire.

(c) The department of health and human services shall have the authority to designate a statewide, nonprofit community development financial institution as recipient of the funds, or a portion of the funds, to be used as a loan loss reserve or interest subsidy or both.

(d) The department may elect to contract with a statewide nonprofit community development financial institution for provision of the following services:

- (1) To establish programmatic and credit criteria.
- (2) To establish a mechanism for making lending decisions related to project feasibility.
- (3) To maintain documentation on the borrower's organization, collateral, and on-going repayment ability.
- (4) To collect and report the number of day care slots retained, created, or improved and the number of low income families served through the child day care loan program or related activities.

IV. The terms and conditions of the loan shall be contained in a binding agreement between the child day care provider and the lender and may include provisions for a lien on the property. Loans subsidized by an interest-rate subsidy shall carry a term of no more than 15 years and shall, to the extent possible and consistent with this section be determined to match the useful life of the improvements funded by the loan. The department shall annually, on or before July 1, account for any subsidy or loss reserve expended, as well as the repayment status of all loans made under this program.

3 Appropriation. The sum of \$150,000 is hereby appropriated, in addition to any other sums appropriated, to the department of health and human services, to be deposited in the nonprofit child day care loan program, established in RSA 170-E:5-b for the fiscal year ending June 30, 1999, for the purposes outlined in this act. This appropriation shall be nonlapsing. The governor is authorized to draw a warrant for said sum out of any money in the treasury not otherwise appropriated.

4 Transfer of Funds Authorized. The department of health and human services is authorized to transfer funds appropriated to the department for the fiscal year ending June 30, 1999, for the revolving loan fund program under RSA 161-G, to a designated statewide nonprofit community development financial institution for the purposes of the nonprofit child day care loan program established in RSA 170-E:5-b.

5 Transfer of Outstanding Loans Authorized. The department of health and human services is authorized to transfer loans outstanding under the revolving loan fund program established under RSA 161-G, to designated statewide nonprofit community development financial institution administering the nonprofit child day care program established in RSA 170-E:5-b. The designated statewide nonprofit community development financial institution shall monitor and collect such loans for the department. Principal repayments from the revolving loan fund established under RSA 161-G shall be added to the funds available for the nonprofit child day care loan program established in RSA 170-E:5-b.

6 Repeal. RSA 161-G, relative to a revolving loan fund for nonprofit child care providers, is repealed.

7 Effective Date. This act shall take effect July 1, 1998.

Adopted.

Report adopted and referred to Finance.

HB 697-FN-A-L, establishing a homeless prevention fund, to be funded by a temporary homeless prevention state property tax and making an appropriation to the fund for fiscal year 1998-1999. **OUGHT TO PASS WITH AMENDMENT**

Rep. Alice Z. Calvert for Health, Human Services and Elderly Affairs: With increasing awareness of the problem of homelessness, the committee sought a funding mechanism to supplement presently appropriated funds. It was felt a one-time charge of \$5 each from buyer and the seller of real estate made at the time of the transfer would be a feasible possibility. Monies would be administered by the Department of Health and Human Services Homeless and Housing Bureau. Vote 13-5.

Amendment (0156h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a homeless prevention trust fund, to be funded by a charge on transfers of real estate.

Amend the bill by replacing all after the enacting clause with the following:

1 Purpose. The purpose of the homeless prevention fund established in this act is to provide a safety net for basic shelter for all New Hampshire citizens and to provide for the establishment and maintenance of an integrated statewide continuum of care, both to prevent homelessness and to ensure a reliable and rapid transition of homeless families and individuals to permanent acceptable housing. This trust fund, which is funded through a charge on all transfers of real estate, will

prevent the residents of any city or town from shouldering an unfair burden of the costs of homeless persons, especially those costs resulting from a reduction in federal or state programs for subsidized housing and poor and homeless families and individuals.

2 New Subdivision; Homeless Prevention Trust Fund. Amend RSA 126-A by inserting after section 32 the following new subdivision:

Homeless Prevention Trust Fund

126-A:32-a Definition. In this subdivision, "continuum of care" means a seamless provision of services to assist families and individuals in obtaining appropriate permanent housing. Continuum of care includes, but is not limited to, outreach, emergency shelter, transitional housing, permanent housing, and permanent housing with supportive services, as defined by the Department of Housing and Urban Development.

126-A:32-b Homeless Prevention Trust Fund Established. A homeless prevention trust fund is established in the treasury. The purpose of the trust fund is to provide adequate and stable funding for establishing and maintaining a statewide continuum of care for all New Hampshire citizens and for reimbursing municipalities for their costs in providing emergency shelter where an emergency shelter bed is not available. Interest and principal from this trust fund shall be used solely for these purposes and for these purposes only. Expenditures from the homeless prevention trust fund shall be approved by the legislature as part of the state operating budget. This trust fund is not intended to replace any general fund appropriations to the department of health and human services. The department shall be maintained at, at least, its fiscal year 1998 actual expenditure of general funds. The trust fund shall be administered by the administrator of the homeless and housing bureau of the department of health and human services. The commissioner shall have the authority to adopt rules, pursuant to RSA 541-A, necessary for the expenditures, including rules for reimbursing municipalities.

126-A:32-c Investment of Homeless Prevention Trust Fund. The homeless prevention trust fund shall be nonlapsing. The treasurer shall invest that part of the trust fund which is not needed for immediate distribution in short-term interest-bearing investments. The income from these investments shall be returned to the trust fund.

126-A:32-d Source of Funding. The state treasurer shall deposit into the fund:

I. The charges on filing deeds of transferred real property under RSA 478:17-k.

II. Other funds received from public or private sources which meet the criteria of RSA 126-A:32-e.

126-A:32-e Requirement for Acceptance of Other Funds. Other public and private funds may be accepted and used to match or otherwise replace state funds only if they do not financially or otherwise harm the persons needing shelter services and only if they do not restrict the ability to serve all the categories of persons who have demonstrated a need for basic shelter services.

3 New Section; Charge on Transfers of Real Property. Amend RSA 478 by inserting after section 17-j the following new section:

478:17-k Charge on Transfers of Real Property. On the recording of any deed filed as a result of change of ownership of property, the register of deeds shall collect \$5 from both the buyer and seller. Moneys collected shall be turned over to the state treasurer for deposit in the homeless prevention trust fund under RSA 126-A:32-d.

4 New Subparagraph; Homeless Prevention Fund. Amend RSA 6:12, I by inserting after subparagraph (qqq) the following new subparagraph:

(rrr) Moneys received under RSA 478:17-k shall be credited to the homeless prevention fund under RSA 126-A:32-d.

5 Separate Program Appropriation Unit for Continuum of Care Expenditures. Beginning with fiscal year 1999, a program appropriation unit shall be established within the operating budget specifically for continuum of care expenditures by the department of health and human services.

6 Repeal. The following are repealed:

I. RSA 126-A:32-d, I, relative to the charge on filing deeds of transferred property as a source of funds for the homeless prevention trust fund.

II. RSA 478:17-k, relative to the charge on filing deeds of transferred property as a source of funds for the homeless prevention trust fund.

7 Effective Date.

I. Section 6 of this act shall take effect July 1, 2002.

II. The remainder of this act shall take effect July 1, 1998.

AMENDED ANALYSIS

This bill establishes a homeless prevention trust fund within the treasury to be administered by the department of health and human services to provide continuum of care shelter services. The fund is to be funded by a charge on the filing of deeds resulting from the transfer of property ownership. Rep. Calvert spoke against.

Rep. Copenhaver spoke in favor.

On a division vote, 134 members having voted in the affirmative and 212 in the negative, the committee amendment failed.

Rep. Calvert offered a floor amendment.

Floor Amendment (0218h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a homeless coordination council.

Amend the bill by replacing all after the enacting clause with the following:

I Purpose. The purpose of this act is to establish a regional coordinating council concerned with the prevention of homelessness and ensuring a reliable and rapid transition of homeless families and individuals to permanent and acceptable housing. The council is intended to provide a safety net to help coordinate available agencies and services, prevent duplication of effort in helping to maintain an integrated statewide continuum of care. The general court intends that attention be paid to preventing cities and towns from shouldering an undue burden of the costs of homeless persons, especially those costs resulting from a reduction in federal or state programs for subsidized housing. The general court intends that the council also provide a means to educate the public concerning the problems of, scope of, and people involved in homelessness.

2 New Subdivision; Homelessness Coordination Council. Amend RSA 126-A by inserting after section 32 the following new subdivision:

Homelessness Coordination Council

126-A:32-a Definition. In this subdivision, "continuum of care" means a seamless provision of services to assist families and individuals in obtaining appropriate permanent housing. Continuum of care includes, but is not limited to, outreach, emergency shelter, transitional housing, permanent housing, and permanent housing with supportive services, as defined by the department of Housing and Urban Development.

126-A:32-b Coordination Council.

I. There is established the homelessness coordination council. The coordination council shall consist of the following members:

(a) One person from each county in the state, appointed by the governor.

(b) One senate member, appointed by the senate president.

(c) One house member, appointed by the speaker of the house.

(d) The director of the New Hampshire Coalition for the Homeless, or designee.

(e) The administrator of the homeless and housing bureau of the department of health and human services, or designee.

(f) A representative of the New Hampshire mental health services system, designated by the commissioner of the department of health and human services.

(g) A representative of the independent living program of the bureau of vocational rehabilitation, designated by the board of education.

(h) A member of the public who has experienced homelessness, appointed by the governor.

II. The following members shall serve 3-year terms, provided that the initial terms of such members shall be as follows: 3 of the members in subparagraph (a) and the members in subparagraphs (d) and (e) shall serve for one year; 3 of the members in subparagraph (a) and the members in subparagraphs (f) and (g) shall serve for 2 years; 4 of the members in subparagraph (a) and the member in subparagraph (h) shall serve for 3 years. The members in subparagraphs (b) and (c) shall serve terms coterminous with their terms in office. The initial members shall all be appointed within 30 days after the effective date of this section. In the event of a vacancy in membership on the council, a successor shall be appointed by the person or entity that made the original appointment. The successor appointed to the vacancy shall serve for the remainder of the unexpired term. The members of the council shall serve without compensation, however the legislative members shall receive mileage at the legislative rate for each day of actual attendance at called meetings.

III. The council shall elect a chairperson and vice-chairperson from among the membership each year. The first such election shall take place at the first meeting which shall be held within 45 days after the effective date of this section.

IV. The council shall:

(a) Help coordinate available agencies and services to prevent duplication of effort in helping to maintain an integrated statewide continuum of care to prevent homelessness and ensure a reliable and rapid transition of homeless families and individuals to permanent and acceptable housing.

(b) Be attentive to the burden of the cost of homeless persons to cities and towns in the state, especially those costs resulting from a reduction in federal or state programs for subsidized housing.

(c) Meet at least quarterly to identify unmet needs which should be considered for support.

(d) Investigate the needs of homeless citizens, identifying gaps in services to these citizens.

(e) Educate the public as to problems of, scope of, and people involved in homelessness.

(f) Hold at least 2 public hearings annually, in different regions of the state, to generate input from the public on unmet needs.

(g) Report annually to the governor, the speaker of the house, the senate president, and the commissioner of the department of health and human services on or before November 1, of each year.

V. The council may accept funds from public and private sources, provided acceptance of such funds does not financially or otherwise harm the persons needing shelter services and only if acceptance of such funds does not restrict the ability to serve all the categories of persons who have demonstrated a need for basic shelter services. The commissioner of the department of health and human services shall disburse and administer any funds received by the council for the purposes of this subdivision.

126-A:32-c Rulemaking. The commissioner of the department of health and human services, after consultation with the homelessness coordination council, shall adopt rules under RSA 541-A relative to any matter necessary to carry out the purposes of the council.

3 Repeal. RSA 126-A:32-a - 126-A:32-c, relative to the homeless coordination council, are repealed.

4 Effective Date.

I. Section 3 of this act shall take effect July 1, 2003.

II. The remainder of this act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill establishes a homelessness coordination council concerned with the prevention of homelessness and ensuring a reliable and rapid transition of homeless families and individuals to permanent and acceptable housing. The council is prospectively repealed effective July 1, 2003. Rep. Calvert spoke in favor.

Reps. Allen and Kurk spoke in favor and yielded to questions.

Adopted.

Report adopted and ordered to third reading.

HB 793, limiting the civil liability of persons engaged in equine activities. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Barbara Hull Richardson for the Majority of Judiciary and Family Law: The hearing for this bill was held in Representatives Hall due to the numbers of people attending. Everyone, except for the lobbyist for the trial lawyers, spoke in favor of this bill. It began as a limited Liability bill but the focus was changed to that of responsibility for persons engaged in equine activities. The unpredictability of horses and other equines makes the passage of this bill important for the equine industry in New Hampshire. Vote 8-7.

Rep. Benjamin J. DePecol for the Minority of Judiciary and Family Law: This bill creates some significant policy changes in New Hampshire law. It raises the standard of liability from negligence to willful and wanton disregard for one segment of business – equine activity. It sets inherent risk into New Hampshire law. It removes the ability to recover from damages caused by any person engaged in equine activity. It provides limited liability for riders of horses even when they commit negligent acts (Sect 2:f). Evidence was not presented that a problem exists under current statutes.

Amendment (0084h)

Amend the title of the bill by replacing it with the following:

AN ACT defining the responsibility of individuals engaged in equine activities.

Amend the bill by replacing all after the enacting clause with the following:

1 Statement of Intent.

I. The general court finds that equine activities are important to the economy and culture of the state. The general court also recognizes that equines are prone to behave in ways that may result in injury, harm, or death to persons involved in equine activities, and so finds that the responsibilities of sponsors and professionals should be distinguished between those of the participants for purposes of determining liability for injuries suffered from those activities.

II. It is the intent of the general court that no person shall be liable for damages sustained by another solely as a result of risks inherent in equine activity, insofar as those risks are inherent to the equine activity and obvious to the person injured.

III. It is the intent of the general court that a person responsible for equines, or responsible for the safety of those engaged in equine activity, whose negligence proximately causes injury to a person engaged in those activities, is liable for that injury in accordance with other applicable law.

2 New Section; Liability; Equine Activities. Amend RSA 508 by inserting after section 18 the following new section:

508:19 Liability; Equine Activities.

I. In this section:

(a) "Engages in an equine activity" means rides or drives an equine; or assists in medical treatment of an equine; or is a passenger upon an equine; or is a passenger in a vehicle drawn by an equine; or trains, whether mounted or unmounted, an equine; or who is involved in event management. The term "engages in an equine activity" does not include being a spectator at an equine activity, except in cases where the spectator is in an unauthorized area and in immediate proximity to the equine activity.

(b) "Equine" means a horse, pony, mule, donkey, or hinny.

(c) "Equine activity" means:

(1) Equine shows, fairs, competitions, performances, or parades that involve any or all breeds of equines and any of the equine disciplines, including, but not limited to, dressage, hunter and jumper horse shows, grand prix jumping, 3-day events, combined training, rodeos, driving, pulling, cutting, polo, steeple chasing, hunting, english and western performance riding, endurance riding, games, and eventing.

(2) Equine training or teaching activities.

(3) Boarding equines.

(4) Riding, inspecting, or evaluating an equine belonging to another, whether or not the owner has received some monetary consideration or other thing of value for the use of the equine or is permitting a prospective purchaser of the equine to ride, inspect, or evaluate the equine.

(5) Rides, trips, hunts, fields trials, or other equine activities of any type, however informal or prompt, that are sponsored by an equine activity sponsor.

(6) Placing or replacing shoes on an equine.

(d) "Equine activity sponsor" means an individual, group, club, partnership or corporation, whether or not the sponsor is operating for profit or not for profit, which sponsors, organizes, or provides for, equine activities, including, but not limited to, pony clubs, 4-H clubs, field trial clubs, hunt clubs, riding clubs, school and college sponsored classes, programs and activities, therapeutic riding programs, stables, clubhouses, pony ride strings, fairs, and arenas at which the activity is held.

(e) "Equine professional" means a person engaged for compensation:

(1) In instructing a participant or renting to a participant an equine for the purpose of riding, driving, or being a passenger upon the equine.

(2) In renting equipment or tack to a participant.

(3) In providing daily care of horses boarded at an equine facility.

(4) In training an equine.

(f) "Inherent risks of equine activities" means those dangers and conditions which are an integral part of equine activities, including, but not limited to:

(1) The propensity of an equine to behave in ways that may result in injury, harm, or death to persons on or around them.

(2) The unpredictability of an equine's reaction to such things as sounds, sudden movements, and unfamiliar objects, persons, or other animals.

(3) Certain hazards such as surface and subsurface conditions not obvious to the equine participant or not known and reasonably not known by the equine professional or sponsor.

(4) Collisions with other equines or objects that can be reasonably foreseen as a result of normal equine activities.

(5) The potential of a participant to act in a negligent manner that may contribute to injury of the participant or others, such as failing to maintain control over the animal or not acting within the participant's ability; except where said negligence can be reasonably foreseen and the equine professional or sponsor has failed to take any corrective measures.

(g) "Participant" means any person, whether amateur or professional, who engages in an equine activity, whether or not a fee is paid to participate in the equine activity.

II. Except as provided in paragraph III of this section, an equine activity sponsor, an equine professional, or any other person engaged in an equine activity, shall not be liable for an injury or the death of a participant resulting from the inherent risks of equine activities and, except as provided in paragraph III of this section, no participant's representative shall make any claim against, maintain an action against, or recover from any other person for injury, loss, damage, or death of a participant resulting from any of the inherent risks of equine activities. Each participant in an equine activity expressly assumes the risk of and legal responsibility for any injury, loss or damage to person or property which results from participation in an equine activity. Each participant shall have the sole responsibility for knowing the range of his or her ability to manage, care for, and control a particular horse or perform a particular equine activity, and it shall be the duty of each participant to act within the limits of the participant's own ability, to maintain reasonable control of the particular horse at all times while participating in an equine activity, to heed all posted warnings, and to refrain from acting in a manner which may cause or contribute to the injury of any person.

III. Nothing in paragraph II of this section shall prevent or limit the liability of an equine activity sponsor, an equine professional, or any other person engaged in an equine activity, if the equine activity sponsor, equine professional, or person:

(a) Provided the equipment or tack, and knew or should have known that the equipment or tack was faulty, and such equipment or tack was faulty to the extent that it did cause the injury; or

(b) Provided the equine and failed to make reasonable and prudent efforts to determine the ability of the participant to engage safely in the equine activity.

(c) Owns, leases, rents, or otherwise is in lawful possession and control of the land or facilities upon which the participant sustained injuries because of a dangerous latent condition which was known to the equine activity sponsor, equine professional, or person and for which warning signs have not been conspicuously posted.

(d) Commits an act or omission that constitutes willful or wanton disregard for the safety of the participant, and that act or omission caused the injury.

(e) Intentionally injures the participant.

3 Effective Date. This act shall take effect January 1, 1999.

AMENDED ANALYSIS

This bill determines the civil liability of equine activity sponsors, equine professionals, and other persons engaged in equine activities.

Rep. DePecol spoke against.

Rep. Woods spoke in favor and yielded to questions.

On a division vote, 260 members having voted in the affirmative and 89 in the negative, the amendment was adopted.

Majority report adopted and ordered to third reading.

Rep. Burling declared a conflict of interest and did not participate.

HB 521-L, relative to the definition of terms and conditions of employment and to the subjects of bargaining in the public employee labor relations law. **INEXPEDIENT TO LEGISLATE**
Rep. Richard E. Dolan for Labor, Industrial and Rehabilitative Services: The committee has tried for the past year to extend the life of this bill to study ways to bring negotiations of public employees to a speedy conclusion. The committee finds this bill is not the vehicle to do that. Chairman Daniels will form an ad hoc committee to further study the public employees labor relations law. Vote 7-6. Adopted.

HB 707-L, relative to municipal taxation of utility property. **OUGHT TO PASS WITH AMENDMENT**

Rep. Jean R. Wallin for Local and Regulated Revenues: This bill, as amended, finally distinguishes between real property that is subject to local taxation and personal property that is not. All utility poles will be taxed equally whether they are owned by electric companies or telecommunications companies. The amendment attempts to address some concerns of the telecommunication industry by exempting wires, fiber optics, switching equipment and other transmission devices. Our cities and towns fear losing revenue should pending court cases be decided in favor of the electric utilities challenging pole taxation on the basis of equality of taxation. If all poles are taxed equally, this danger may disappear. Vote 13-0.

Amendment (0043h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to municipal taxation of telecommunications poles and conduits.

Amend the bill by replacing all after the enacting clause with the following:

1 New Section; Property Taxation of Telecommunications Poles and Conduits. Amend RSA 72 by inserting after section 8 the following new section:

72:8-a Telecommunications Poles and Conduits. All structures, poles, towers, and conduits employed in the transmission of telecommunication or cable services shall be taxed as real estate in the town in which such property or any part of its is situated. Wires, fiber optics, switching equipment, and other telecommunications or cable services transmission devices and equipment owned by a person or corporation operating as a telecommunications or cable services provider shall not be taxable as real property.

2 Effective Date. This act shall take effect April 1, 1998.

AMENDED ANALYSIS

This bill clarifies the types of telecommunications property which are subject to property taxation by municipalities.

Adopted.

Rep. Wallin spoke against referring the bill to Finance.

Rep. Kurk spoke in favor and yielded to questions.

Report adopted and referred to Finance.

Rep. Joseph Foster declared a conflict of interest and did not participate.

HB 274-FN-A, relative to refinancing the cost and rehabilitation of the Cheshire Bridge. **INEXPEDIENT TO LEGISLATE**

Rep. Winston H. McCarty for Public Works and Highways: This bill was re-referred to allow the sponsors the opportunity to try to locate funds from other sources. None having been found, the committee voted this bill inexpedient to legislate. Vote 13-4.

Adopted.

SB 168-A, requiring the department of corrections to prepare and enter into a lease-purchase agreement with the Berlin Economic Development Council for a medium security correctional facility to be constructed in Berlin and making an appropriation therefor. **INEXPEDIENT TO LEGISLATE**

Rep. Gene G. Chandler and Katherine D. Rogers for Public Works and Highways: This bill was re-referred by the Public Works and Highways Committee to use as a vehicle for review of the corrections facilities in New Hampshire and allow the committee to make some recommendations regarding construction of a new corrections facility. After visits to Berlin and Laconia and meetings and briefings with various corrections officials, a number of recommendations were developed for legislation to be filed for the 1998 session. Since this is a major issue for the state, it was decided to introduce new legislation rather than amend Senate Bill 168, thereby allowing a full and open process including public hearings on the new legislation. New legislation will include the following items: (1) Construct a new medium security corrections facility in Berlin; (2) Reallocate funds from the 1993 Capital Budget for initial design work for a medium security facility; (3) Remove the population cap and July 1, 1998 closing date at the Laconia facility; (4) Set up a study committee to look into whether a unified correctional program to include state and county facilities makes sense here in New Hampshire. The proposed legislation is necessary because we have an overcrowding situation at the Con-

cord facility which needs attention and we have a program in place at Laconia which is essential to our correctional needs in New Hampshire. A new medium security facility will not alleviate the need for, nor significantly reduce, the current population at the Laconia facility. The program being run at Laconia needs to continue either at Laconia or at a similar facility. The cost of duplicating Laconia has been estimated at \$25 million which would be on top of the \$30-\$35 million needed to construct a new medium-security facility. Hopefully, the House, Senate, and Governor will be able to take the new legislation and craft a corrections plan which is in the best interests of the state. Vote 18-2.

Rep. Rosen spoke against.

Rep. Gene Chandler spoke in favor.

Adopted.

HB 272, relative to boat docking facilities. MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. Michael D. Whalley for the Majority of Resources, Recreation and Development: This bill regulates the location of boat docking facilities on public waters and establishes a minimum distance a dock must be from an abutting property line. This bill is the same as HB 428 from 1995, which passed the House and was subsequently killed by the Senate. Although rules have been adopted after HB 428 was killed in the Senate, the sponsor and most of the committee felt this subject was best addressed in statute. Rules regulate a broad range of activities considered too detailed to control by statute or session law. The majority of the committee felt this was not the case with this bill and that the situation was best served with the placement of these regulations in a statute ensuring legislative involvement prior to any changes to these simple but important regulations regarding appropriate setbacks of docking structures. Vote 11-6.

Rep. Deborah F. Merritt for the Minority of Resources, Recreation and Development: Opposition to this bill, as amended, is not in its content, but in setting the precedent of placing those issues that are appropriate to rulemaking in statute. The Department of Environmental Services testified that the issues covered in the bill are addressed by rules and the bill is not necessary. Codification of rules will only serve to bog down the process of making modifications as new information becomes available and to remove the ability of DES to make timely changes by requiring issues to go through a lengthy political process. The ability of the legislature to handle the codification of rules, as well as the random selection of rules to be added to statute, is highly questionable. The role of the legislature should not be to micromanage state agencies.

Amendment (0109h)

Amend the bill by replacing section 1 with the following:

1 New Paragraph; Fill and Dredge in Wetlands; Excavating and Dredging Permit; Boat Docking Facilities. Amend RSA 482-A:3 by inserting after paragraph XII the following new paragraph:

XIII. (a) All boat docking facilities shall be at least 20 feet from an abutting property line in non-tidal waters, and at least 20 feet in tidal waters.

(b) Boat docking facilities may be perpendicular or parallel to the shoreline or extend at some other angle into a water body, depending on the needs of the landowners, factors related to safe navigation, and the difficulty of construction. However, any boat secured to such a dock shall not extend beyond the extension of the abutter's property line.

(c) Notwithstanding the provisions of paragraph I, boat docking facilities may be located closer than 20 feet from an abutter's property line in non-tidal waters and 20 feet in tidal waters, if the owner of the boat docking facility obtains the written consent of the abutting property owner. Such consent shall be signed by all parties, notarized and filed with the dock application with the department of environmental services.

(d) Abutters may apply for a common dock on or near their common property line. Any application for a common dock shall be accompanied by a notarized written agreement, which shall be signed by all property owners. Such agreement shall be filed at the registry of deeds and attached to the deed of each property owner.

Adopted.

Rep. Merritt spoke against and yielded to questions.

Rep. Whalley spoke in favor and yielded to questions.

On a division vote, 216 members having voted in the affirmative and 121 in the negative, the majority report was adopted.

Ordered to third reading.

HB 547, relative to granting permits to build certain structures on shoreline property. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.

Rep. Deborah F. Merritt for the Majority of Resources, Recreation and Development: This bill would no longer allow the consideration of the public trust doctrine in reviewing applications for those shoreline structures extending less than 50 ft. from the shoreline. The cumulative impact of many shoreline structure could no longer be considered in the application process, thus allowing for interference of the public's use of the state's waters. Whether RSA 482-A:1 and related rules would still be valid within 50 ft. of the shoreline is called into question due to the role of the public trust doctrine as a basis for enforcement. Additionally, the 50 ft. boundary has no basis – it is an arbitrary distance. While the majority of the committee recognizes the need to define the interaction between the public trust and shoreline property owners, this bill could eliminate the state's ability to protect the rights of the public under the public trust doctrine. Vote 9-8.

Rep. David M. Lawton for the Minority of Resources, Recreation and Development: The minority of the committee sees this bill as a solution to the long-standing conflict between shorefront property owners and the issue of the public trust. The important environmental protections found in existing laws which specify the size, location and other requirements that landowners must comply with before building any shoreline structure will remain completely intact when this bill is signed into law. The language proposed in this bill simply puts into statute what we already know from previous legal interpretations of the public trust doctrine – that shorefront property owners have the right to make reasonable use of the water in front of their property. Among these rights is the right to wharf or construct reasonably-sized shoreline structures.

Majority report adopted.

HB 587-FN, relative to the system benefits charge and interim stranded costs recovery charges in electric utility restructuring. OUGHT TO PASS WITH AMENDMENT

Reps. Terie T. Norelli, Harold V. Lynde and Jeb E. Bradley for Science, Technology and Energy: After considerable debate, the committee agreed to a two-year cap on the systems benefit charge for any utilities whose rates are above the regional average. Member-owned utilities would be exempted. The systems benefit charge will be a separate portion of electric customers' utility bills after deregulation and includes energy efficiency initiatives, low income programs and renewable energy initiatives. The committee believes that this limitation is consistent with, and necessary for, the expressed goal of near term electric rate relief. Vote 16-0.

Amendment (0189h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the system benefits charge.

Amend the bill by replacing all after the enacting clause with the following:

1 Findings.

I. The commission is encouraged to form a working group to examine that portion of the system benefits charge relating to energy efficiency programs.

II. For any utility not subject to the limitations of RSA 374-F:4, VIII(b), as inserted by this act, the commission is encouraged to maintain existing programs until there has been review by commission-appointed working groups.

III. If a comprehensive multiparty settlement of the legal, economic, and technical issues arising from electric utility restructuring is proposed to the commission for any utility, and, if such proposed settlement would conflict with the limitations of the system benefits charge in RSA 374-F:4, VIII(b), as inserted by this act, then the legislature should carefully reconsider those limitations.

IV. The establishment of the limitations set forth in this act are not intended to set any precedent or to prejudge what, if any, limits should be placed on the system benefits charge beyond the first 2 years of competition.

2 System Benefits Charge; Limitations. Amend RSA 374-F:4, VIII to read as follows:

VIII.(a) The commission is authorized to order such charges and other service provisions and to take such other actions that are necessary to implement restructuring and that are substantially consistent with the principles established in this chapter. The commission is authorized to require that distribution and electricity supply services be provided by separate affiliates.

(b) The system benefits charge referred to in RSA 374-F:3, VI shall be limited as follows:

(1) During the first year after competition is certified to exist pursuant to RSA 38:36, the portion of the system benefits charge due to energy efficiency programs, new renewable programs, and programs for low income customers shall not exceed 2.5 mills per kilowatt hour for any utility whose rates are at or above regional average as determined by the commission.

(2) During the second year after competition is certified to exist pursuant to RSA 38:36, the portion of the system benefits charge due to energy efficiency programs, new renewable programs, and programs for low income customers shall not exceed 3 mills per kilowatt hour for any utility whose rates are at or above regional average as determined by the commission.

(c) The limitations of the system benefits charge in subparagraph (b) shall not apply to any member controlled electric cooperative.

(d) Targeted conservation and load management programs and incentives that are part of a strategy to minimize distribution costs shall be included in the distribution charge, and not included in a system benefits charge.

(e) Beginning in 1999, the commission shall submit a report to the legislative oversight committee on electric utility restructuring by October 1 of each year. The report shall concern the results and effectiveness of the system benefits charge.

3 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill establishes limits on the amount of system benefits charge that may be assessed and requires the public utilities commission to submit an annual report on the systems benefit charge. Adopted.
Report adopted and referred to Finance.

HB 643-FN, establishing an industry average performance system for air pollution control and establishing certain pollution control funds. **UGHT TO PASS WITH AMENDMENT**
Reps. Jeb E. Bradley, Sarah K. Bonneau and Donald B. White for Science, Technology and Energy: As amended, this bill will, over time, fundamentally reorient New Hampshire's regulation of air pollution in a more cost-effective, market driven manner. This bill begins a process of rulemaking by the Departments of Safety and Environmental Services. Required by this amendment is a subsequent legislative vote prior to final implementation, as well as Environmental Protection Agency approval that many of the mandatory provisions of auto emissions testing could be avoided by N.H. motorists. Currently emissions are controlled on a basis of tons allowed to be emitted by a particular source. The object of such regulation is to meet minimally acceptable air pollution standards. When phased in, this bill would place a dollar value per ton of air emissions. Conceptually low emitters would stand to receive payments on a per ton basis from high emitters thereby creating market incentives to reduce air pollution well beyond minimally acceptable standards. Market forces and competition would reward technological innovation and environmental improvement. Car registration fees for the cleanest models would drop slightly and fees for dirtier models would rise slightly creating an incentive for purchases of cleaner vehicles. The bill also creates incentives for improvement of utility emissions while limiting the cost exposure to ratepayers. The committee believes that this bill and manner of pollution reduction is far more cost-effective and less onerous to consumers than mandatory auto emissions testing. Currently, New Hampshire has delayed implementation of such auto tests for several years, but the EPA has threatened the state with further industrial controls and loss of federal highway dollars if such a program is not started in late 1998. Understandably this concept is complex and contentious as there would be winners and losers and because other states may not pursue this strategy. The committee therefore chose to initially restrict this concept to new motor vehicle purchases and electric utility pollution as this would not disadvantage the N.H. economy. Specifically not included in this amendment are industrial pollution sources. Furthermore, this amendment specifically does not include heavy duty diesel trucks for any control program. The only provision in this amendment regarding trucks is one which instructs the Department of Safety to gather information on the vehicle registration form about the emissions status of both cars and trucks. This legislation would require two future significant steps before it could be implemented in New Hampshire. First the EPA would have to specifically allow New Hampshire to substitute pollution reductions envisioned by this bill for auto emissions testing before most rulemaking by the Department of Safety and Department of Environmental Services could begin. Secondly, the full legislature must vote in a subsequent piece of legislation to

authorize transfer of funds for utility incentives or changes in car registration fees. Without such subsequent legislative authorization, this program could not be put into effect. Future legislation would also be necessary to include new categories, such as heavy duty trucks. Vote 14-3.

Amendment (0190h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Chapter; Industry Average Performance System for Air Pollution Control. Amend RSA by inserting after chapter 125-K the following new chapter:

CHAPTER 125-L INDUSTRY AVERAGE PERFORMANCE SYSTEM FOR AIR POLLUTION CONTROL

125-L:1 Purpose.

I. The general court finds that the general level of air pollution in New Hampshire is greater than desirable for public health and ecological integrity, and that considerable reduction of air pollutant emissions from current levels, at a rate consistent with the continued well-being of the state's economy, is a desirable goal.

II. The general court further finds that based on current scientific evidence, there is no threshold level of air pollution that is safe. Therefore, the goal of the state's air pollution control strategy shall be to provide for continual improvement in air quality and continuing reduction in air pollutant emissions, rather than setting specific goals and terminating programs upon reaching those goals.

III. The purpose of this chapter is to establish a cost-effective system of air pollution control which can provide for continual improvement in air quality and maximize air pollution emission reductions for every dollar spent.

125-L:2 Definitions. In this chapter:

I. "Commissioner" means the commissioner of the department of environmental services.

II. "Heavy motor vehicle" means a motor vehicle of 8,500 pounds gross vehicle weight or more.

III. "Light motor vehicle" means a motor vehicle of less than 8,500 pounds gross vehicle weight.

IV. "Major air pollutant" means:

- (a) Carbon monoxide;
- (b) Nitrogen oxides; or
- (c) Sulfur dioxide.

V. "Nitrogen oxides" means nitric oxide (NO) or nitrogen dioxide (NO₂).

VI. "Ton" means an English ton of 2,000 pounds.

125-L:3 Principles and Goals.

I. To provide cost-effective flexibility for air pollution emission reductions, and to allow for differing circumstances, differing existing equipment, and differing available pollution reduction options, polluters shall be allowed the option of reducing pollution from their own sources or paying into a fund that will directly or indirectly pay for air pollution reductions by others. To provide maximum benefit for every dollar spent, all economic incentives shall be strictly connected to actual physical reductions in amounts of air pollutant emissions. An integrated system shall be established for regulating all air pollutants, so that air pollution control expenditure decisions for all pollutants can be considered as a package.

II. Because under this chapter the state collects and distributes funds within individual categories of polluters, the legislature may choose to include separate categories of polluters in this regulatory system one at a time.

III. The goal for improvement in air pollutant emissions is 3 to 5 percent compounded reduction per year. At this rate, air pollutant emissions will be halved every 15 to 25 years. Pollution control fee rates shall be set to achieve overall emission reduction of that magnitude.

IV. The pollution control fee rates for various major air pollutants should be based on the best available scientific data for relative damage done by the major air pollutants. Such evidence may include, but shall not be limited to, federal Environmental Protection Agency standards for the various major air pollutants, current levels of air pollution concentrations, other public health data, and other environmental and ecological integrity data.

V. The pollution control fee rates shall be set by the legislature.

VI. Since many air pollution controls require significant capital expenditures with sizable life-times, the state hereby adopts a stable, slowly changing air pollution control regulatory system. New major air pollutants shall be added only after they have been accepted as a serious problem for several years, and after their relative toxicities have been established by repeated scientific research. Pollution control fee rate ratios among major air pollutants should be adjusted slowly, and only on the basis of repeated scientific research. Changes shall be announced in advance so that adequate time is available to plan and execute additional pollution reduction measures prior to the change. The goal of this regulatory system of economic incentives is to encourage air pollution reduction, not to collect reparations.

125-L:4 Pollution Control Fee Rate.

I. A pollution control fee rate shall be established for each major air pollutant, in terms of dollars per ton to the nearest whole dollar. The rate shall be calculated by multiplying the base pollution control fee rate of paragraph II by any automatic adjustments in accordance with paragraph III, and multiplying the total by the inflation adjustment provided for in paragraph IV.

II. The base pollution control fee rate for each major air pollutant shall be:

(a) For carbon monoxide, \$175 per ton.

(b) For nitrogen oxides:

(1) \$2,275 per ton during the months of May through September, inclusive; and

(2) \$775 per ton during the months of October through April, inclusive.

(c) For sulfur dioxide:

(1) \$455 per ton during the months of May through September, inclusive; and

(2) \$275 per ton during the months of October through April, inclusive.

III. If the actual total annual major air pollutant emissions in any odd-numbered year, starting in 2001, calculated in dollars based on the pollution control fee rates listed in paragraph II, exceed the target upper limit for any year, specified in paragraph V, then all base pollution control fee rates shall be permanently increased by the ratio of the actual total annual major air pollutant emissions for that year to the target upper limit for that year.

IV. Whenever the commissioner determines that the cost of living, as measured by the federal CPI-U index, or its successor, as determined by the Bureau of Labor Statistics, shall have increased by 5 percent or more from January 1, 1998, or from the date used for the previous adjustment under this paragraph, the commissioner shall establish a corresponding inflation adjustment which shall take effect at the beginning of the next calendar month.

V.(a) The target upper limit for the year 2001 shall be the total of the following amounts, evenly distributed by month throughout the year, calculated in dollars based on the base pollution control fee rates listed in paragraph II:

(1) 300,000 tons of carbon monoxide,

(2) 56,000 tons of nitrogen oxides, and

(3) 48,000 tons of sulfur dioxide.

(b) The target upper limit for any odd-numbered year after 2001 shall be 92 percent of the target upper limit for the year 2 years prior to that year.

125-L:5 Categories of Polluters; Implementation; Rulemaking Authority.

I.(a) There is established a retail electricity pollution control fund for the purposes of collecting money from electricity generation sellers who generate electricity within New Hampshire and distributing all money collected to end-user consumers of electricity within the state on a monthly basis.

(b) The commissioner shall determine emissions for all electricity generation sellers who generate electricity within New Hampshire and 1996 average emission rate levels for each facility. For facilities without continuous emission monitoring, emission rates shall be determined based on the scientifically best available data.

(c) All electricity generation sellers who generate electricity within New Hampshire shall pay into the fund the amount determined in RSA 125-L:4 for all emissions on or after the date that money may be collected and distributed from the fund pursuant to subparagraph I(g), less the following credits and exemptions:

(1) A credit against this payment shall be allowed for existing electricity generation sellers who generate electricity within New Hampshire. For the Public Service Company of New

Hampshire, or its assignees or successors in interest, the total of credit per month for all facilities shall be, for each of the following periods, calculated in dollars based on the pollution control fee rates established in RSA 125-L:4 for that month:

May, 1999 through April, 2000	900 tons of nitrogen oxides and 4300 tons of sulfur dioxide
May, 2000 through April, 2001	880 tons of nitrogen oxides and 4200 tons of sulfur dioxide
May, 2001 through April, 2002	860 tons of nitrogen oxides and 4100 tons of sulfur dioxide
May, 2002 through April, 2003	840 tons of nitrogen oxides and 4000 tons of sulfur dioxide
May, 2003 through April, 2004	820 tons of nitrogen oxides and 3900 tons of sulfur dioxide
After April, 2004	800 tons of nitrogen oxides and 3800 tons of sulfur dioxide

(2) Any unused credits may be carried over to future months, without expiration date, and may be transferred or assigned to any other entity. They may only be used as credits against payments to the fund established in subparagraph I(a).

(3)(A) Between the effective date of this chapter and the day before the date that money may be collected and distributed from the fund pursuant to subparagraph I(g), any facility that reduces its emission rate from 1996 average emission rate levels shall receive a credit against future payments due under this chapter.

(B) The credit earned for any day for a facility shall be equal to the number of kilowatt-hours sold from that facility's production, times the credit earned per kilowatt-hour sold. The credit earned per kilowatt-hour sold shall be the amount by which the emissions payment per kilowatt-hour sold, calculated under RSA 125-L:4, based on actual emissions, is less than the emissions payment per kilowatt-hour for that facility, calculated for that day under RSA 125-L:4, if its emissions were 90 percent of its average emissions per kilowatt-hour sold during the year 1996, or 90 percent of its maximum allowable emissions per kilowatt-hour sold under current federal and other state regulations, whichever is less.

(4) Any facility existing as of May 21, 1996 that, as of that date, was selling 50 percent or more of its annual output under a qualified facility rate order or contract pursuant to RSA 362-A shall be exempt from making any payments into the retail electricity pollution control fund for the duration of that rate order, contract, or any renegotiated arrangement thereto approved by the public utilities commission. Between the effective date of this chapter and the expiration of that rate order, contract, or arrangement, any such facility that reduces its emission rate to less than 90 percent of its 1996 average emission rate levels shall receive a credit against future payments under this chapter, calculated as provided in subparagraph I(c)(3)(B), which may be transferred in accordance with subparagraph I(c)(2).

(d) All amounts received by the retail electricity pollution control fund each month shall be distributed to all end-user consumers of electricity within the state based on consumption during that month. Funds shall be distributed as a lump sum to each electricity distribution service provider for all of its customers and applied as a credit against customer bills.

(e) The commissioner shall be responsible for determining all amounts due to the fund, and for notifying the public utilities commission of these amounts. The public utilities commission shall be responsible for calculating all amounts due from the fund.

(f) The public utilities commission shall be responsible for collecting all amounts required by this paragraph, depositing them to the retail electricity pollution control fund, and distributing the funds in accordance with this chapter.

(g) No money shall be collected or distributed from the retail electricity pollution control fund until any rules required to be adopted to implement this paragraph become effective, or May 1, 1999, whichever is later.

II.(a) There is established a light motor vehicle pollution control account for the purpose of accounting for all net funds collected from any increases or discounts established pursuant to this chapter from all motor vehicle registrations of light motor vehicles under RSA 261:141, III(g).

(b) The commissioner shall determine the dollar amount of discounts in motor vehicle registration fees for different categories of light motor vehicles in accordance with the pollution control fee rates and other provisions of this chapter, and shall notify the commissioner of the department of safety of these discount amounts. This determination shall include procedures for handling different weight classes which have been assigned differing emission limits under the federal Clean Air Act.

(c) Any light motor vehicle manufactured to a standard less stringent than 1998 federal standards shall be treated for purposes of this chapter the same as a vehicle meeting the 1998 federal standards.

(d) The commissioner of the department of safety shall provide that emissions category information be added to the motor vehicle registration form of light motor vehicles to identify categories of vehicles with pollution emissions at rates less than 1998 federal standards.

(e) The commissioner of the department of safety shall determine the necessary increase in the motor vehicle registration fee for light motor vehicles not qualifying for a discount. This increase shall be sufficiently large to accommodate the discounts determined in subparagraph II(b) and retain a positive or zero balance in the light motor vehicle pollution control account, and may be large enough so that registration fees will not need to be changed more often than once every 12 months. The commissioner of the department of safety shall then determine the necessary dollar amount adjustments in motor vehicle registration fees under RSA 261:141, III(g) in accordance with this chapter. All adjustments in motor vehicle registration fees shall be in multiples of \$.60 per year (\$.05 per month).

(f) Light motor vehicle registration fees shall not be changed pursuant to this chapter until after the effective date of any rules required to be adopted to implement this chapter; or the date on which the commissioner of the department of safety certifies that at least 10 percent of all light motor vehicles registered in New Hampshire, or at least 50 percent of all light motor vehicles of a completed model year registered in New Hampshire, qualify for a registration fee discount of at least \$5 per year; or April 1, 2000, whichever is latest.

III. The commissioner of the department of safety shall provide that emissions category information be added to the motor vehicle registration form of heavy motor vehicles to identify categories of vehicles with pollution emissions at rates less than 1998 federal standards.

125-L:6 Rulemaking Authority; Contingent Authority for Chapter.

I. The commissioner shall adopt rules, pursuant to RSA 541-A:

(a) For the determination of emissions for each facility generating electricity pursuant to RSA 125-L:5, I(b).

(b) To calculate payments and credits, and determine amounts due to the retail electricity pollution control fund.

(c) To determine discounts in motor vehicle registration fees pursuant to RSA 125-L:5, II(b).

(d) For such other purposes as necessary to implement this chapter.

II. The commissioner of the department of safety shall adopt rules, pursuant to RSA 541-A:

(a) To add emissions category information to motor vehicle registration forms pursuant to RSA 125-L:5, II(d).

(b) For the determination of changes in motor vehicle registration fees under RSA 125-L:5, II(e).

(c) To determine the percentage of light motor vehicles qualifying for registration fee discounts.

(d) For such other purposes as necessary to implement this chapter.

III. The public utilities commission shall adopt rules, pursuant to RSA 541-A:

(a) To determine all amounts due from the retail electricity pollution control fund.

(b) To provide for the collection and distribution of funds in accordance with RSA 125-L:5, I.

(c) For such other purposes as necessary to implement this chapter.

IV.(a) The addition of emissions category information to motor vehicle registration forms as described in RSA 125-L:5, II(d) and RSA 125-L:5, III, and any necessary rulemaking, may begin on the effective date of this chapter.

(b) All other rulemaking under RSA 541-A authorized by this chapter shall not begin until the commissioner has:

(1) Certified that the federal Environmental Protection Agency will allow the state to substitute emission reductions achieved under this chapter for part or all of federal motor vehicle emission testing requirements which would otherwise be necessary;

(2) Studied the emissions reductions expected under this chapter and compared them with those required to substitute for motor vehicle emission testing; and

(3) Submitted a report on this study to the speaker of the house, senate president, governor, and state library.

(c) Fund collections, fund payments, and changes in motor vehicle registration fees pursuant to this chapter shall not begin until the legislature has received the study required by this paragraph and authorized implementation in future legislation.

125-L:7 Integration with Other Air Pollution Control Programs. Any payment under this chapter shall not excuse anyone from the obligation to comply with all other applicable laws.

125-L:8 Annual Report. The department of environmental services shall study possible modifications to this chapter, and shall annually report findings and recommendations of the study to the governor and council, speaker of the house, senate president, house clerk, senate clerk, and state library by October 31. This study shall include recommendations on:

I. Any desirable changes to the base pollution control fee rates, based on scientifically valid evidence, including studies of pollutant transport, differences in pollutant impact depending on location, and differences in pollutant impact depending on temperature or other meteorological variables.

II. The practicality and desirability of adding additional categories of polluters, and creating additional funds or accounts, to this chapter.

III. The practicality and desirability of adding additional major air pollutants to this chapter.

2 Motor Vehicle Registration Fees; Reference Added. Amend RSA 261:141, III(g) to read as follows:

(g) For all motor vehicles other than those in RSA 261:141, I:

0-3000 lbs.	\$19.20 (\$1.60 per month)
3001-5000 lbs.	\$31.20 (\$2.60 per month)
5001-8000 lbs.	\$43.20 (\$3.60 per month)
8001-73,280 lbs.	\$.84 per hundred lbs. gross weight[-], <i>provided that the fees may be adjusted pursuant to RSA 125-L:5, II.</i>

3 Initial Report by the Department of Environmental Services. In addition to the requirements of RSA 125-L:8, the department of environmental services report due October 31, 1998 shall include specific recommendations on:

I. The practicality and desirability of adding one or more heavy motor vehicle funds to this chapter, and the possibility of using this chapter as a substitute for the purposes of the clean fuel fleet program established in RSA 125-K, and of repealing RSA 125-K.

II. The practicality and desirability of making pollution control fee rates for nitrogen oxides depend on outdoor air temperature rather than just the month of the year.

III. The practicality and desirability of adding additional categories of polluters, and creating additional funds, for industrial fuel combustion other than by electricity generation sellers and for retail gasoline sellers.

IV. The current state of knowledge regarding differences among different physical and chemical components of particulate matter and differences among volatile organic compounds, and the additional information needed before they could be considered for addition to the list of major air pollutants.

V. The current state of knowledge regarding mercury and the additional information needed before it could be considered for addition to the list of major air pollutants.

4 Legislative Intent; Report of Department of Environmental Services Due October 31, 2001. It is the intent of the legislature that the credits described in RSA 125-L:5, I(c)(1) for the periods following April, 2004 are subject to legislative review. The department of environmental services, in the annual report due October 31, 2001 pursuant to RSA 125-L:8, shall include specific recommendations for appropriate dollar amounts for the credits for the periods following April, 2004.

5 Effective Date. This act shall take effect upon its passage.

Reps. Howard, Whalley and Schotanus spoke against and yielded to questions.

Reps. MacGillivray and Jeb Bradley spoke in favor and yielded to questions.

Reps. Varrell and Pfaff spoke against.

Reps. Donald White and Kaen spoke in favor.

Rep. Varrell requested a roll call; sufficiently seconded.

The question being the adoption of the amendment.

HB 651-FN-L, relative to electric rate reduction financing. **OUGHT TO PASS WITH AMENDMENT** Reps. Clifton C. Below, Donald B. White, Jeb E. Bradley, Terie T. Norelli and Norman L. Major for Science, Technology and Energy: Passage of this bill will allow the Public Utilities Commission to pursue an electric utility financing technique using revenue bonds, often referred to as securitization. A utility would receive an up-front payment for its costs or stranded costs from third-party bond purchasers. Bondholders would be guaranteed repayment of the revenue bonds by the secured promise of electric customers' future payments. When this promise becomes "secure" through legislation guaranteeing customer payment of bonds through utility bills, the cost of the bond financing drops significantly and ratepayers benefit through lower cost of capital. Nationwide utilities are pursuing this strategy as a means of lowering the cost to ratepayers of recovering stranded costs while competition is implemented. There are skeptics to this financing technique however, particularly among individuals who are uncomfortable guaranteeing a future revenue stream of ratepayer money to cover past utility expenses that some consider questionable for recovery and uneconomic due to deregulation. Members of the committee share this concern about any use of securitization, especially in light of New Hampshire's poignant experience in 1989. However, the committee recommends this amendment because it restricts the PUC to utilizing this financing technique for one purpose only at this time. That purpose is to facilitate the pending buydowns of the wood to energy plant referred to in the description of HB 485. Despite PUC approval of one of those buydowns, PSNH cannot finance the up-front payment to the wood energy plant due to PSNH's poor credit rating. This financing technique would allow those buydowns to be consummated. Without this legislation, those deals may never be completed and PSNH ratepayers will likely lose future rate savings approaching \$150 million over the life of those wood to energy rate orders. Virtually all utility experts agree that these rate orders are legally enforceable obligations and binding upon ratepayers. In the absence of the buydowns being completed, ratepayers will be obligated to pay the full price of wood energy rate orders for at least the next eight years and never realize any rate savings in the price of wood to energy electricity. This amendment has the support of customer organizations such as the Retail Merchants Association and Cabletron due to its limited scope. For securitization to be pursued beyond the wood to energy plant buydowns, another subsequent act of the legislature would be required. If there is a fair and equitable settlement of the outstanding legal issues between PSNH and the state, further securitization may be appropriate, and should be judged by the legislature in the context of a settlement. Vote 16-1.

Amendment (0195h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Chapter; Electric Rate Reduction Financing. Amend RSA by inserting after chapter 369 the following new chapter:

CHAPTER 369-A

ELECTRIC RATE REDUCTION FINANCING

369-A:1 Declaration of Purpose and Findings. The general court finds that:

I. Restructuring of electric utilities to provide greater competition and more efficient regulation has been found by the general court to be in the public good and New Hampshire is now aggressively pursuing restructuring and increased customer choice in order to provide electric service at lower and more competitive rates.

II. The transition to competitive markets for electricity is a complex endeavor and requires the development of creative and flexible mechanisms to facilitate the movement from monopoly to competition.

III. The establishment of structured financing options for public utilities will enhance and facilitate the expeditious transition to competition, choice for retail electric customers, and reductions in electric rates for all customer classes consistent with the near term rate relief principle of RSA 374-F:3, XI, without creating any debt or obligation of the state or other adverse impacts upon the state's finances or credit rating. Structured financing options may facilitate and help mitigate stranded cost recovery that the commission determines is appropriate, equitable, and balanced pursuant to authority granted in RSA 374-F:3, XII and 374-F:4.

IV. Structured finance options are best pursued in the context of settlement agreements between a utility and the commission concerning the implementation of competition. The authorization to securitize the pending buydowns pursuant to RSA 369-A:3, VI(a) is not intended to set any precedent or to prejudice whether structured finance options should be used under any other circumstances.

369-A:2 Definitions. In this chapter:

I. "Commission" means the public utilities commission established in RSA 363.

II. "Financing entity" means any entity formed or used for the purpose of financing transition costs through the issuance of rate reduction bonds which acquires transition property directly or indirectly from an electric utility in accordance with the terms of a finance order approved by the commission.

III. "Finance order" means an order of the commission adopted pursuant to this chapter.

IV. "Rate reduction bonds" means bonds, notes, certificates of participation or beneficial interest, or other evidences of indebtedness or ownership, issued pursuant to an indenture or other security agreement of an electric utility, the proceeds of which are used to pay, finance, reimburse, or refinance transition costs and are secured by or payable from transition property.

V. "Service territory" means, with respect to any public utility, the geographic area established by the commission as the retail electric service territory of such public utility, as such territory is depicted on the "Electric Utilities Franchise Areas" map issued by the commission, dated July 1, 1993.

VI. "Security interest" means a "security interest" as defined in RSA 382-A:1-201(37).

VII. "Transition costs" means expenditures incurred by a public utility or public utilities or which a public utility or public utilities are obligated to incur either prior or subsequent to the effective date of this chapter, and costs approved by the commission to mitigate such expenditures, as shall be designated in a finance order approved by the commission and which may include:

(a) Costs associated with generation-related assets and obligations, including generation facilities, generation-related regulatory assets, nuclear settlements, and power purchase contracts, including but not limited to power purchase contracts or arrangements between a public utility and a qualifying facility within the meaning of RSA 362-A, and any renegotiated arrangements thereof;

(b) Costs associated with conservation and load management programs;

(c) Costs incurred in connection with acquisitions of electric utilities by other electric utilities, including but not limited to premiums paid in connection with such acquisitions;

(d) Amounts necessary to refinance or retire existing debt or equity capital of the electric utility and any costs related thereto;

(e) Amounts necessary to recover federal or state taxes whose recovery is modified by the transactions approved in a finance order issued by the commission pursuant to this chapter; and

(f) Reasonable costs, as approved by the commission, relating to the issue, servicing, or refinancing of rate reduction bonds under the provisions of this chapter, including, without limitation, principal and interest payments and accruals, sinking fund payments, transaction costs and redemption premiums, if any, and all other fees, costs, and charges in respect of rate reduction bonds.

VIII. "Transition property" means the irrevocable vested property right created pursuant to this chapter including, without limitation, the right, title, and interest of a public utility or a financing entity to all revenues, collections, claims, payments, money, or proceeds of or arising from rates authorized to be imposed and collected pursuant to a finance order to recover transition costs issued pursuant to this chapter and the costs of paying, financing, reimbursing, or refinancing the transition costs, including the costs of issuing, servicing, and retiring rate reduction bonds, all as determined by the commission in its approval of such finance orders. "Transition property" shall constitute a current irrevocable vested property right notwithstanding the fact that the value of such property right will depend upon electricity usage or the performance of certain services.

369-A:3 Authority to Issue Finance Orders to Finance Transition Costs.

I. The commission is authorized, after hearing or investigation as it may deem proper, to issue one or more finance orders pursuant to which rate reduction bonds shall be issued, if the commission finds that the issuance of such finance order or finance orders is consistent with the public good and will result in significant net savings for ratepayers.

II. When determining whether the issuance of a finance order is consistent with the public good the commission's consideration should include, but not be limited to, whether such an order will assist in providing cost mitigation pursuant to RSA 374-F:3, XII(c), will assist in providing near term rate relief pursuant to RSA 374-F:3, XI, and is consistent with stranded cost recovery that is appropriate, equitable, and balanced pursuant to RSA 374-F:3, XII and 374-F:4.

III. Such finance order or finance orders shall designate certain expenditures or amounts made or incurred by a public utility or public utilities, or expenditures which a public utility or public utilities are obligated to make or incur, as transition costs, and shall direct that the proceeds from the issuance of rate reduction bonds shall be applied only as approved pursuant to RSA 369-A:5.

IV. Finance orders for any transition costs shall only be issued by the commission after approving such transition costs for recovery from ratepayers pursuant to RSA 374-F:4, V and 374-F:4, VII.

V. A utility may petition the commission for adjudication of all or partial stranded cost recovery and the commission may make final determination of some or all amounts approved for stranded cost recovery under RSA 374-F:4, V and 374-F:4, VII at any time.

VI. The commission shall only issue finance orders for the following purposes:

(a) Notwithstanding the limitations of paragraph IV, the commission may issue finance orders to facilitate any or all of the pending buydowns that have been negotiated between the remaining 6 wood to energy plants, or any modified buydowns, if the commission determines that the transition costs being financed are approved for recovery from ratepayers.

(b) The commission shall not issue any finance orders beyond those authorized in this paragraph without further express legislative authorization.

369-A:4 Establishment of Rates to Recover Transition Costs.

I. A finance order shall establish and place into effect one or more non-bypassable rates or charges, including any provisions for subsequent adjustments thereto, that shall provide for the collection of revenues from customers of public utilities sufficient in amount to recover all transition costs designated in the finance order and the costs of capital associated with such transition costs, including, without limitation, the payment of principal, premium, if any, interest, and other costs arising from the issuance of rate reduction bonds. Such rates or charges shall be set forth in a schedule or schedules filed with the commission in such form as may be determined by the commission.

II. The commission shall set the rates or charges, per unit of electricity or unit of capacity for delivery of electricity, necessary and sufficient to provide for the full recovery of payments and interest on the rate reduction bonds, in accordance with the amortization schedule for such bonds determined at the time of offering, as well as financing costs and fees (collectively, "debt service"), based upon the electric utility's reasonable assumptions, including sales forecasts. Such rates and charges shall be adjusted periodically as determined by the commission, but not less frequently than annually nor more frequently than quarterly. Adjustments shall reconcile actual costs and collections and insure that the debt service on rate reduction bonds is being fully recovered on a current cost basis and that any over-recovery or under-recovery from prior periods is reconciled within one year of the end of such prior periods. The electric utility shall submit a report to the commission showing the calculation of each such adjustment, and such report shall include certification by an independent, nationally-recognized accounting firm, with experience in utility accounting, that the adjustment was computed in accordance with the requirements of this paragraph. Upon its own motion, the commission may investigate the reasonableness of the charges hereunder.

III. The rates or charges established in a finance order shall be collected from each electric customer who purchases electricity distribution services, meaning the retail delivery of electricity to another, and who is located within the service territory or service territories of public utilities identified in the finance order. If such an electric customer purchases electricity distribution services from any person other than the public utility in whose service territory the ratepayer is located, the commission shall require such new electricity distribution service provider to collect such rates or charges from the electric customer by or on behalf of the public utility with revenues therefrom remitted solely for the benefit and repayment of rate reduction bonds as a condition to the provision of electric service to such ratepayer, unless the ratepayer shall have paid a termination charge in the manner and on the basis specified in the finance order.

IV. The commission may set special capacity charges, as part of a finance order, for electric customers who purchase back-up, emergency, or supplemental capacity for the distribution of electricity.

369-A:5 Issuance of Rate Reduction Bonds.

I. An electric utility or financing entity may, from time to time, and after review and approval by the commission, pursuant to a finance order or orders, issue rate reduction bonds. The power and authority of such electric utility or financing entity to issue such bonds shall expire on December 31, 2002. The proceeds from the issuance of rate reduction bonds shall only be used to pay, finance, reimburse, or refinance transition costs, including debt retirement, purchase or redemption of the electric utility's stock, payments made in settlement of outstanding obligations, and amortization of regulatory or intangible assets, all as expressly and specifically approved by the commission. Proceeds from the issuance of rate reduction bonds shall not be used for dividends or executive bonuses.

II. Notwithstanding any other provision of law, RSA 374:30 and RSA 369 shall not apply to any sale, assignment, or other transfer or grant of a security interest in any transition property or the issuance of rate reduction bonds under this chapter.

369-A:6 Creation, Assignment, and Pledge of Transition Property.

I. The vested right established pursuant to this chapter to collect rates or charges to finance, reimburse, or refinance transition costs pursuant to a finance order shall constitute transition property. Transition property, including, without limitation, the irrevocable right to receive all proceeds arising with respect thereto, shall be a vested property right of the public utility or financing entity that owns such transition property. Notwithstanding any other provision of law, if the commission takes final action to designate transition costs and to establish rates or charges pursuant to a finance order, the commission, as it may be constituted from time to time, and any successor agency exercising functions similar to the commission, shall not have authority to thereafter issue any order or process which would alter, amend, suspend, annul, revalue, set aside, or otherwise modify such approval or result in the fixing of rates or transition costs other than in the manner prescribed in the finance order, or which would in any manner reduce or impair the value of transition property or the revenues arising with respect thereto. Upon application by a public utility or a financing entity, or upon its own motion, the commission shall have authority to initiate such other proceedings, hold such other hearings, and take such other actions as may be necessary to implement, protect, and preserve the value of the finance order, the rates and charges specified therein and the transition property. The state pledges that the state shall not limit, alter, or in any way reduce the value of rates or charges approved by the finance order until the principal of the rate reduction bonds and the interest thereon are fully paid and discharged or the contracts are fully performed by the public utility, and that the state shall not impair the rights or remedies of the holders of such rate reduction bonds.

II. An owner of transition property established pursuant to a finance order may, with the approval of the commission, sell or assign all or portions of the owner's right, title, and interest in transition property directly or indirectly to one or more financing entities for the purpose of facilitating the issuance of rate reduction bonds. A public utility or financing entity may, with the approval of the commission, grant rights in transition property as collateral to secure the repayment and satisfaction of all obligations under rate reduction bonds.

III. If a public utility or public utilities sell and assign transition property to a financing entity, the commission shall authorize the public utility or public utilities to contract with the financing entity obligating such public utility or utilities, or their respective successors to collect the rates and charges established under the finance order for the benefit and account of the financing entity for the satisfaction of obligations under rate reduction bonds.

IV. A transfer of transition property by a public utility to a financing entity that the parties have expressly stated in the governing documentation to be a sale or other absolute transfer, in a transaction approved in a finance order and made in connection with the issuance of rate reduction bonds shall be treated as a true sale and not as a pledge or other financing of the transition property. According the holders of the rate reduction bonds a preferred right to revenues of the public utility or the provision by the utility of other credit enhancement with respect to rate reduction bonds shall not impair or negate the characterization of any transfer as a true sale. Any finance order shall remain in full force and effect notwithstanding any bankruptcy, reorganization, or other insolvency proceeding with respect to the debtor, pledgor, or transferor of transition property.

369-A:7 Security Interests in Transition Property.

I. The provisions of this section shall apply to any transaction regardless of its form which is intended to create a security interest in transition property. The provisions of this section, and the provisions of Article 9 of RSA 382-A to the extent not inconsistent with the provisions of this section, shall apply to the creation, perfection and enforcement of any security interest in transition property. If any conflict should arise between the provisions of this section and the provisions of Article 9 of RSA 382-A, the provisions of this section shall govern. This section applies to security interests in transition property created by contract including pledge, assignment, chattel mortgage, chattel trust, trust deed, factor's lien, equipment trust, conditional sale, trust receipt, other lien or title retention contract, and lease or consignment intended as security.

II. The filing of a financing statement in accordance with the terms of this section is required to perfect a security interest in transition property. Unless a person has filed a financing statement in accordance with the terms of this section, the person shall not have a perfected security interest

in transition property. A security interest is perfected when it has attached and when a financing statement is filed with the commission and with the office of the secretary of state. If such filings are made before the security interest attaches, then the security interest is perfected at the time when it attaches. The financing statement shall contain a statement describing the transition property and identifying the finance order that establishes the transition property that is the subject of the financing statement. A financing statement substantially complying with the requirements of this section and applicable provisions of Article 9 of RSA 382-A is effective even though it contains minor errors which are not seriously misleading.

III. Presentation for filing of a financing statement or acceptance of the financing statement by the filing officer constitutes filing under this section. A filed financing statement is effective and continues until a termination statement is filed.

IV. The priority between conflicting security interests in transition property shall be determined according to the following:

(a) Conflicting security interests in transition property rank according to priority in time of filing or perfection. Priority dates from the time a filing is first made covering the transition property or the time the security interest is first perfected in accordance with the provisions of this section, whichever is earlier.

(b) For conflicting security interests that are unperfected, the first to attach has priority.

V. A security interest in transition property that has been perfected in accordance with the provisions of this section shall be a continuously perfected security interest in the transition property and any and all proceeds arising with respect thereto, whether received or accrued before or after granting of the security interest.

VI. Except as otherwise provided in this section, when a debtor is in default under a security agreement that grants a security interest in transition property, a secured party shall have the rights and remedies provided in Article 9 of RSA 382-A.

(a) Unless otherwise agreed, upon a default of the debtor, a secured party shall have, in addition to all other rights and remedies that the debtor may have, the right to petition the commission to issue an order directing the debtor to sequester revenues arising with respect to the transition property and to pay such sequestered revenues to the financing entity for the benefit of the holders of rate reduction bonds. The commission shall issue this sequestration and payment order upon petition by the debtor and a finding that the debtor has defaulted under its obligations with respect to the rate reduction bonds and security agreements with respect to the transition property. To the fullest extent permitted by law, any such order shall remain in full force and effect notwithstanding any bankruptcy, reorganization, or other insolvency proceedings with respect to the debtor.

(b) If a security interest in transition property is perfected and subsequently the transition property or the revenues arising with respect to the transition property shall become commingled with other funds of the debtor, the party with a perfected security interest in transition property shall have priority over all other parties with security interests in cash, funds, and deposit accounts of the debtor. This senior ranking shall apply notwithstanding any provision of Article 9 of RSA 382-A to the contrary.

(c) Any surplus in excess of amounts necessary to pay principal, premium, if any, interest, and other costs arising under the documents establishing and governing the rate reduction bonds, shall be remitted to the debtor.

369-A:8 Successors to Public Utilities. Any successor to a public utility pursuant to any merger, acquisition, divestiture, sale, property transfer, bankruptcy, reorganization, or other insolvency proceeding shall perform and satisfy all obligations of the public utility with respect to rate reduction bonds in the same manner and to the same extent as was required of the public utility before such proceeding, including, without limitation, collecting and paying to the holders of the rate reduction bonds, or their representatives, revenues arising with respect to the transition property and seeking tariff adjustments, as necessary and permitted by a finance order, to recover all transition costs designated in an applicable finance order or finance orders.

2 Effective Date. This act shall take effect upon its passage.

Adopted.

Rep. Cobbin spoke against.

Reps. Below and Jeb Bradley spoke in favor and yielded to questions.

Rep. Mary Brown requested a roll call; sufficiently seconded.

The question being the adoption of the report.

and the report was adopted.

Referred to Finance.

Rep. Carson did not vote and wished to be recorded in favor.

Reps. Crowell and Lyman declared conflicts of interest and did not participate.

HJR 3, requiring the attorney general to bring suit against the United States Government for violating the United States Constitution and the New Hampshire constitution by enacting a military firearms ban. **INEXPEDIENT TO LEGISLATE**

Rep. John M. Pratt for State-Federal Relations and Veterans Affairs: This resolution would require the N.H. Attorney General to bring a suit against the United States challenging the constitutionality of a federal statute banning assault weapons. Since any private individual or group aggrieved by that statute may file such a lawsuit, the majority concluded that this requirement constitutes an unwise and unnecessary expenditure of our taxpayers' dollars. Vote 12-4.

Rep. Mirski spoke against.

Rep. John Pratt spoke in favor.

Adopted.

Rep. David Flanders declared a conflict of interest and did not participate.

HB 477, prohibiting aircraft from landing and taking off on a certain portion of the Pemigewasset River. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS WITH AMENDMENT**

Rep. Robert H. Milligan for the Majority of Transportation: The Department of Safety and the Department of Transportation have coordinated due to this bill being filed. Therefore, the committee was pleased to vote to retain aviation abilities. Vote 14-3.

Rep. Robert J. Letourneau for the Minority of Transportation: The minority feel that by killing this bill the wrong message will be sent to those who were responsible for the bill being brought forward. The speed limit on the river is 10 mph and by the very nature of the aircraft involved, it would be reasonable to satisfy the residents that brought about this legislation.

Majority report adopted.

HB 177-FN, increasing the wild black bear license and tag fee. **OUGHT TO PASS WITH AMENDMENT**

Rep. Henry P. Mock for Wildlife and Marine Resources: This bill increases the license fee to hunt black bears from its present \$2 to \$4. The Department of Fish and Game had requested in the

original bill an increase to \$10 for residents and \$15 for nonresidents. A majority of the committee felt that a 100 percent increase was sufficient. This should produce revenue of \$40,000 to \$60,000 annually to be matched with federal funds. Vote 10-3.

Amendment (0184h)

Amend the bill by replacing all after the enacting clause with the following:

I Wild Black Bear License and Tag Fee Increased. Amend RSA 208:24, II to read as follows:

II. No person shall take wild black bears in this state without first procuring a bear license and tag in addition to the applicable license to hunt issued pursuant to RSA 214:9 or 208:5. The cost of ~~[said] the~~ bear license and tag shall be ~~[\$2] \$4~~.

2 Effective Date. This act shall take effect July 1, 1998.

Adopted.

Report adopted and ordered to third reading.

HB 747-FN-A, establishing a fund for the acquisition or care of land or easements for wildlife habitats, continually appropriating the fund, and requiring an additional fee for each hunting or fishing license to be credited to the fund. **OUGHT TO PASS WITH AMENDMENT**

Rep. Dennis F. Abbott for Wildlife and Marine Resources: This bill is an important step in recognizing the need for the Department of Fish and Game to become actively involved in habitat protection, improvement and enhancement. The loss of lands and habitat within the state makes it important for the sports persons and general public to participate in a program which will benefit both game and non-game species now and in the foreseeable future. The bill was carefully crafted to ensure that all interests would be represented: wildlife, non-game interests and future citizens of New Hampshire who are today too young to have input into this very important and landmark piece of legislation. Vote 13-0.

Amendment (0149h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a wildlife habitat stamp for persons engaged in taking wild animals or birds and continually appropriating the funds for wildlife habitats.

Amend the bill by replacing all after the enacting clause with the following:

I New Section; Wildlife Habitat Stamp; Wildlife Habitat Account Established. Amend RSA 214 by inserting after section 1-e the following new section:

214:1-f Wildlife Habitat Stamp.

I. No person shall at any time take wild animals or wild birds in this state without first procuring, in addition to any applicable licenses required by title XVIII, a wildlife habitat stamp under RSA 214:9, XV, for the same period. Each stamp issued shall be signed across the face in a permanent manner with the applicant's signature and shall be carried upon such person while engaged in taking wild animals or wild birds. A person under the age of 16 years may take wild animals or wild birds without such a stamp provided that, while so doing, the person is accompanied by an adult who has procured such stamp. This paragraph shall not apply to any person who takes wild animals or wild birds under a complimentary license, excluding any administrative fee, issued pursuant to RSA 214:7-a, RSA 214:13-b, or RSA 214:13-c, or a lifetime license issued pursuant to RSA 214:9-c that was purchased in a prior calendar year.

II. A license to take any kind of wild animal or wild bird as required by title XVIII shall not be issued, except for the complimentary licenses listed under paragraph I, to any person who has not purchased a wildlife habitat stamp. A person shall only be required to purchase one wildlife habitat stamp each year regardless of the number of licenses purchased by that person during that year.

III. For the purpose of this section, "wild animal" shall not include fish or marine species.

IV. The executive director, with the approval of the commission, shall adopt rules, pursuant to RSA 541-A, relative to the manner of issuance of the wildlife habitat stamp, and may, with the approval of the commission, provide for the reproduction, sale, licensing, and other disposal of art created for the stamp. The art for the stamp may be selected through an art contest administered by the executive director with the approval of the commission.

V. The state treasurer shall establish a separate nonlapsing account within the fish and game fund, to be known as the wildlife habitat account, to which shall be credited all fees collected under

RSA 214:9, XV from the sale of wildlife habitat stamps and all proceeds derived from the art created for the stamp under paragraph IV. The state treasurer may accept public and private grants and donations into the account.

VI. The state treasurer shall invest the moneys in the wildlife habitat account as provided by law. Interest received on investments shall be credited to the account.

VII. The wildlife habitat account is continually appropriated and may only be used for the following purposes within the state of New Hampshire:

(a) The development, management, preservation, conservation, restoration, and maintenance of wildlife habitat on both public and private lands, with at least 50 percent of the annual revenue from stamp sales dedicated to pay costs of labor and materials for direct physical land management activities;

(b) Obtaining land access to wildlife habitat areas;

(c) The acquisition of easements upon private property for the purposes of subparagraphs (a) and (b);

(d) The acquisition of private land to protect critical wildlife habitat, provided that the governing body of any municipality, unincorporated town, or unorganized place in which the property is located approves;

(e) The promotion and production of the wildlife habitat stamp and artwork; and

(f) Providing information to the public on the location of properties managed by the fish and game department.

VIII. When stamp revenue is used to either obtain an easement under subparagraph VII(c) or purchase land under subparagraph VII(d), no condition shall be accepted which restricts hunting and trapping on the associated land. This requirement shall not apply to lands used for access purposes or if the executive director finds that it is in the interest of the hunting and trapping community to allow such a restriction. The executive director shall allow hunting and trapping on such lands, as is permissible, but may prohibit for any length of time the hunting or trapping on the whole or part of such lands when it is necessary for the protection or propagation of a wildlife species or for public safety reasons.

IX. The executive director, with the approval of the commission, shall expend the funds in the wildlife habitat account. Prior to the expenditure of any funds, the fish and game department shall analyze the proposed project and provide the executive director and the commission with recommendations as to the project's usefulness and feasibility.

X. The executive director shall submit to the fiscal committee and the chairpersons of the house wildlife and marine resources committee and the senate wildlife and recreation committee a detailed fiscal year report by October 1 of each year, beginning with fiscal year 1999, with sufficient information to be fully understood by the general court and the public, summarizing the receipts and disbursements from the wildlife habitat account and the public benefits derived from the disbursements from it. Every fifth year, beginning in 2003, the annual report shall provide an in-depth financial accounting and summary of work accomplished in the previous 5 years, outlining all projects that are completed, in process, and planned. All annual reports shall be made available to the public after submission to the general court.

2 New Paragraph; Fee; Wildlife Habitat Stamp. Amend RSA 214:9 by inserting after paragraph XIV the following new paragraph:

XV. If the applicant wishes to take wild animals, excluding fish and marine species, or wild birds, \$2.50, and the agent shall thereupon issue a wildlife habitat stamp as provided in RSA 214:1-f. The agent shall be entitled to retain \$.50 of the \$2.50 fee for each wildlife habitat stamp sold and all stamps sold at the department headquarters or any subagency thereof shall retain the same \$.50 fee which, notwithstanding RSA 214:1-f, V, shall be credited to the general fish and game fund.

3 Effective Date. This act shall take effect on January 1, 1999.

AMENDED ANALYSIS

This bill requires that a person wishing to take wild animals or birds shall first acquire a wildlife habitat stamp. The revenue from the stamp shall be credited to a wildlife habitat account in the fish and game fund for the purposes of the acquisition, development, maintenance and promotion of wildlife habitats.

Adopted.

Report adopted and referred to Finance.

HB 204-FN-L, relative to transportation of arrestees, detained defendants, and prisoners and court control of arrestees, detained defendants, and prisoners. **OUGHT TO PASS WITH AMENDMENT** Rep. Bruce F. Hunter for Criminal Justice and Public Safety: This bill, as amended, improves courtroom security by allowing the county sheriff to be responsible for the security of the state's courts and be responsible for the custody and control of prisoners within the state's courts except for the supreme court. The amendment provides for the protection of the staff, members of the public and the officers of the court while in the state's courts conducting their business. The current budget calls for a \$2,000,000 increase in the judicial budget but the court had asked for a \$4,000,000 increase. As a result of the "cut" the judiciary chose to cut security in the courts. The committee felt that with the increase in violence in our state and the nation, the security of the courts should be enhanced by the presence of law enforcement personnel working as bailiffs. The committee recognizes the "Separation of Powers" (N.H. Const. pt. I, Art. 37) and further recognizes that custody and detention of prisoners is a function of the executive branch (sheriffs). The committee allowed for an increase in the per diem allowance paid to the bailiffs from \$50 to \$65 and further allowed for a half day at \$35 to allow the sheriff the opportunity to determine the number of bailiffs to retain for a full day and reduce the cost of doing so. The committee has determined that the costs for this change should reduce payments by the state for court security by as much as \$1.4 million. There would be little or no impact on county expenditures due to the increased revenue from the state for court security, and the local cities and towns would be able to save the costs of local officers being responsible for custody of prisoners while in the state's courts. The city of Manchester has testified that it would save the bulk of \$168,000 and be able to put four to five officers back on patrol in the streets of Manchester. This information was determined by using figures from the sheriffs and the Administrative Office of the Courts (AOC). This bill extracts the funds for court security from the judicial budget and transfers the funds to Administrative Services. Vote 18-0.

Amendment (0115h)

Amend the title of the bill by replacing it with the following:

AN ACT granting responsibility for court security and custody and control of prisoners while in the courthouse to the county sheriff and providing for state reimbursement of the sheriff for the costs of such security services.

Amend the bill by replacing all after the enacting clause with the following:

I Statement of Intent.

I. It is the intent of the legislature in adopting this act to provide for the protection of staff, members of the public, and officers of the court while conducting their affairs and business in the state's courts.

II. The legislature intends this act to be in accordance with part I, article 37 of the New Hampshire constitution, regarding separation of powers, to keep law enforcement functions and custody issues separate from the judicial functions of the court. The legislature intends to remain within its constitutional authority pursuant to part I, article 37 in requiring that the sheriff, through the sheriff's deputies and bailiffs, be responsible for courtroom security and the custody and control of detained defendants during the time they are within the state's courts.

III. The legislature does not intend the provisions of this act to infringe upon the ability of the judiciary to establish rules governing the administration of all courts in the state and the practice and procedure which shall have the force and effect of law pursuant to part II, article 73-a of the New Hampshire constitution. The legislature distinguishes the judiciary's authority over practice and procedure from the legislature's authority to designate the sheriff's duties of custody and control of detained defendants and courtroom security. The legislature believes that law enforcement and custody issues are an executive branch function and the conduct of trials is clearly the function and responsibility of the judiciary.

IV. By adopting this act, the legislature does not intend for sheriffs to provide security in the supreme court. It would not be outside the intent of the legislature for the judiciary to hire personnel to protect supreme court justices. The legislature also intends that the judiciary should have the power to influence the certification and training of bailiffs.

2 Responsibility for Custody of Detained Defendants. Amend RSA 30-B:4, III to read as follows:

III.(a) The superintendent shall, in person or by agent, receive all persons sent by lawful authority to the county department of corrections and retain them until they are released by process appropriate under law, *except as provided in subparagraph (b).*

(b) Whenever a person in the custody of the superintendent under subparagraph (a) is transported to a state court, the sheriff through the sheriff's deputies and bailiffs shall be responsible for custody and control of such person during the time period such person is in the courthouse.

3 Duties of Sheriff. RSA 104:5 is repealed and reenacted to read as follows:

104:5 Duties.

I. The sheriff and the sheriff's deputies shall serve and execute all writs and other precepts directed to the sheriff's department and issued from lawful authority.

II. The sheriff, sheriff's deputies and bailiffs shall perform the duties of crier of the court.

III. The sheriff's bailiffs shall provide adequate security in all state courts, except the supreme court.

IV. The sheriff's bailiffs shall comply with such background investigation checks, physical and mental standards, and training appropriate to their duties as the police standards and training council may require. The council shall consult with the New Hampshire Sheriffs Association and the administrative office of the courts prior to adopting these standards.

4 Sheriff as Bailiff; District Courts. RSA 104:31, XII is repealed and reenacted to read as follows:

XII. The state shall reimburse the sheriff's office \$65 for each full day and \$35 for each half day, plus traveling expenses to attend any official business, for any person employed as a bailiff by the sheriff's office. For the purpose of this paragraph, a half day shall be defined as a day in which a bailiff works 4 hours or less. The state shall reimburse the counties for all costs associated with employing court bailiffs, if those costs are the result of job requirements imposed by federal and state governments.

5 Bailiffs. Amend RSA 594:1-a to read as follows:

594:1-a Bailiffs and Court Security Officers.

I. Bailiffs and *supreme court security* officers responsible for court security shall have the powers of arrest provided in this chapter when performing their duties relating to court security.

II. *The sheriff, through the sheriff's deputies and bailiffs, shall be responsible for court security and shall be responsible for the conduct and control of detained defendants and prisoners during the time period that such defendants and prisoners are in all state courts, except for the supreme court.*

6 Detention of Person Arrested. Amend RSA 594:19-a to read as follows:

594:19-a Detention of Person Arrested; *With Warrant; Without Warrant.*

I. ~~[ON WARRANT:]~~ Every officer making an arrest or holding a person in custody under a warrant shall take the accused ~~[before]~~ to the court as directed ~~[therein]~~ *in the warrant* without unreasonable delay ~~[and shall there detain him for trial or examination until relieved by the court].~~

II. ~~[WITHOUT WARRANT:]~~ An officer arresting a person without a warrant shall without unreasonable delay take ~~[him before]~~ *such person to* the court to answer a complaint for the offense.

7 Court Appearances. Amend RSA 623:1-a to read as follows:

623:1-a Court Appearances. Any person confined in a county department of corrections facility, state prison, or other place of detention may, under necessary precautions and upon approval of the administrator of the institution in which said person is confined, be taken by some regular or specially authorized officer from such place of detention to a state or federal court within the state of New Hampshire to appear in a proceeding before that court, provided that the absence of the inmate from the place of detention shall not exceed 12 hours without approval of a justice of the superior court. *During the time period such person is in a state courthouse, the sheriff, through the sheriff's deputies and bailiffs, shall be responsible for such person's custody and control.*

8 Positions Abolished. Except for the court security officer positions at the supreme court, all judicial branch employee positions directly associated with courthouse security are hereby abolished.

9 Court Security; Transfer of Funds. Amend 1997, 350:1 by replacing PAU 02, 01, 06 for fiscal year 1999 with the following:

02 Admin of justice & public prtn

01 Judicial branch

06 Court security

70 In-state travel	
92 Sheriff reimbursement	
93 Additional sheriff reimbursement	
49 Transfers to other state agencies	D * 2,333,603
* The judicial branch shall make transfers sufficient to fully fund the provisions of RSA 104:31, XII and other court bailiff reimbursement.	
Total	2,412,820
Estimated source of funds for	
Court security	
General Fund	2,412,820
Total	2,412,820
Total	49,106,105
10 Court Security; Reimbursement of Funds. Amend 1997, 350:1 by inserting in PAU 01, 04, 01, 06 the following new class line for fiscal year 1999:	
93 Court bailiff reimbursement	D * 2,333,603
* This classline shall remain fully funded for the purpose of funding court bailiff reimbursement.	
11 Totals Adjusted; Court Security Funds. Amend PAU 01, 04, 01, 06 as inserted by 1997, 350:1 by replacing the estimated source of funds and totals for fiscal year 1999 with the following:	
Total	9,574,998
Estimated source of funds for	
Court facilities	
01 Transfers from other agencies	9,348,372
09 Agency income	226,626
Total	9,574,998
12 Effective Date. This act shall take effect July 1, 1998.	

AMENDED ANALYSIS

This bill makes the county sheriffs, through their deputies and bailiffs, responsible for providing adequate security in all state courts, except the supreme court. The bill abolishes judicial employee positions, except for court security officer positions at the supreme court, and transfers funds for fiscal year 1999 for this purpose. The bill increases the rate of state reimbursement to sheriffs and counties for providing such security services.

Adopted.

Rep. Dolan spoke against.

Rep. David Welch spoke in favor.

Rep. Dolan requested a roll call; sufficiently seconded.

The question being the adoption of the report.

and the report was adopted.

Referred to Finance.

Reps. Christie and Perkins declared conflicts of interest and did not participate.

HB 647-FN-A-L, relative to a centralized computer checklist of voters and making an appropriation therefor. **OUGHT TO PASS WITH AMENDMENT**

Rep. Thomas I. Arnold, Jr. for Election Law: This bill is the initial attempt to establish a statewide computerized voter checklist which can be sorted and reproduced in hard copy or computer media. It constitutes enabling legislation and is designed to encourage towns to participate. One benefit of a statewide computerized checklist is to reduce voter fraud. The database will be controlled by the Secretary of State. Vote 10-0.

Amendment (0201h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Section; Centralized Computer Voter Checklist. Amend RSA 5 by inserting after section 6-c the following new section:

5:6-d Centralized Computer Voter Checklist.

I.(a) The secretary of state shall maintain in the office of the secretary of state a centralized computer checklist which shall contain the voter checklist from each town and city ward in the state whether submitted electronically or in written form. The checklist shall contain the name, mailing and legal address of each voter, except if nonpublication is authorized by law, and shall be capable of being sorted by a board of supervisors, party, address, and voting history for the past 3 primary and general biennial elections. If a resident registers to vote on election day the electronic checklist shall contain a feature that automatically notifies the resident's previous town or city ward in which the resident voted. The database shall contain one false name and address from each jurisdiction as a security device.

(b) The secretary of state shall maintain the checklist; provided that the supervisors of the checklist may modify its checklist and provided that notice is provided the secretary of state.

(c) A person who has not voted in the previous 3 general biennial elections shall be removed from the checklist.

II.(a) The checklist shall be a public record open to inspection at reasonable times. The secretary of state shall furnish one or more portions of or the entire copy of the checklist to any requesting person and shall charge a reasonable fee based upon the actual costs incurred for producing the copies, but not to exceed \$25 per supervisory jurisdiction.

(b) Twenty percent of the collected fee shall be deposited in the general fund and 80 percent shall be returned to the town or city providing the requested checklist. If a town or city sells its checklist, the town or city shall retain the entire fee.

(c) Persons who have purchased a checklist shall not be permitted in any way transfer the checklist for profit or commercial purposes.

III. The secretary of state shall provide the attorney general written notice if the checklist indicates a voter has voted twice in the same election.

IV.(a) An advisory panel is established to assist the secretary of state in implementing the provisions of this section.

(b) The panel shall consist of the following members:

(1) One representing the New Hampshire Town Clerks Association, appointed by the association.

(2) One representing the New Hampshire Municipal Association, appointed by the association.

(3) Two representing each of the 2 largest political parties in the state, as determined by representation in the general court, to be appointed by the chairpersons of the parties.

(4) Two from the house election laws committee, including one from each of the 2 largest political parties, to be appointed by the speaker of the house.

(5) Two from the senate public affairs committee, including one from each of the 2 largest political parties, to be appointed by the senate president.

V. The secretary of state may apply for assistance from the Americorps program and university system of New Hampshire volunteers to establish and maintain the computer voter checklist. University system volunteers may be eligible for academic credit.

2 Appropriation. The sum of \$150,000 for the fiscal year ending June 30, 1999, is hereby appropriated to the department of state for the purposes in section 1 of this act. This sum shall be in addition to any other funds appropriated to the department of state. The governor is authorized to draw a warrant for said sum out of any money in the treasury not otherwise appropriated.

3 Prospective Repeal. RSA 5:6-d, IV relative to a computer voter checklist advisory panel, is hereby repealed.

4 Effective Date.

I. Section 3 of this act shall take effect November 1, 2001.

II. The remainder of this act shall take effect July 1, 1998.

AMENDED ANALYSIS

This bill:

I. Requires the secretary of state to maintain a centralized computer voter checklist which shall contain the voter checklists from each city and town in the state. The checklist shall be available as a public record.

II. Establishes an advisory panel for the purpose of assisting the secretary of state in implementing the centralized computer voter checklist.

III. Appropriates \$150,000 for the fiscal year ending June 30, 1999 for the purposes of this bill.

Rep. Arndt spoke against.

The amendment failed.

The report failed.

Rep. Arndt moved Refer for Interim Study.

Adopted.

HB 734-FN, requiring district courts to hold evening sessions. **OUGHT TO PASS**

Rep. Sandra B. Keans for Judiciary and Family Law: The committee was impressed with the testimony from police officers representing small communities that rely on part-time officers. Often the officer works nights after a regular day job. In order to prosecute the offense, the officer would have to take time off from the day job to appear in court. Also, the defendant often loses a day's pay to be in court which would be in addition to any fines. Vote 15-0.

Rep. John McCarthy spoke against.

The report failed.

Rep. Clay moved Ought to Pass with Amendment and offered a floor amendment.

Floor Amendment (0250h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a study committee on district court evening sessions.

Amend the bill by replacing all after the enacting clause with the following:

1 Committee Established. There is established a committee to study the options for and costs of holding evening sessions in the district courts.

2 Membership and Compensation.

I. The members of the committee shall be as follows:

(a) Three members of the house of representatives, at least 2 of whom shall be members of the house judiciary and family law committee, appointed by the speaker of the house.

(b) Three members of the senate, appointed by the president of the senate.

II. Members of the committee shall receive mileage at the legislative rate when attending to the duties of the committee.

3 Duties. The committee shall study the options for and costs of holding evening sessions in the district courts. The committee shall make recommendations on the frequency, length, and locations of district court evening sessions.

4 Chairperson; Quorum. The members of the study committee shall elect a chairperson from among the members. The first meeting of the committee shall be called by the first-named house member. The first meeting of the committee shall be held within 45 days of the effective date of this section. Four members of the committee shall constitute a quorum.

5 Report. The committee shall report its findings and any recommendations for proposed legislation to the speaker of the house of representatives, the senate president, the house clerk, the senate clerk, the governor, and the state library on or before November 1, 1998.

6 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill establishes a study committee on evening sessions in the district courts.

Rep. Clay spoke in favor.

Adopted.

Report adopted and ordered to third reading.

HB 627-FN, establishing a conservation number plate trust fund, and a special motor vehicle license plate and associated fees, to support New Hampshire's natural and cultural resources. **OUGHT TO PASS WITH AMENDMENT**

Rep. Sherman A. Packard for Transportation: After many years of work and countless hours of meticulous review by all parties participating throughout the public hearing process, the committee unanimously feels the amended version of this bill best addresses all concerns. Most importantly, this bill as now written provides that all of the State's costs, including administration and manufacturing costs, shall be met before any money is available to the designated funds. The committee feels the purpose of the funds generated through the sale of license plates is unique since these funds will only be used to support New Hampshire's natural and cultural resources within a broad general public purpose. Vote 16-0.

Amendment (0098h)

Amend RSA 261:91-b, I as inserted by section 2 of the bill by replacing it with the following:

I. There is hereby established a conservation number plate trust fund under the administration of the state treasurer. The fund shall be used for the promotion, protection, and investment in the state's natural, cultural, and historic resources. The fund shall be nonlapsing. The state treasurer shall distribute the funds annually on July 1 as follows: \$5,000 of every \$100,000 received, up to a total of \$50,000, shall be distributed to the department of transportation for the expanded wild flower establishment program for use in planting native wild flowers; the remainder shall be distributed equally among the department of cultural affairs, the department of fish and game, the department of resources and economic development, and the state conservation committee.

Amend RSA 261:91-c, V as inserted by section 2 of the bill by replacing it with the following:

V. The funds transferred to the department of transportation shall be used for the expanded wildflower establishment program to be used in maintenance districts.

VI. Any funds transferred from the conservation number plate trust fund which remain unexpended at the end of the fiscal year shall be non-lapsing.

Amend RSA 261:91-d, I(g) as inserted by section 2 of the bill by replacing it with the following:

(g) Three senators appointed by the president of the senate.

Amend the bill by deleting 261:91-d, I(h), as inserted by section 2 of the bill.

Amend RSA 261:91-d, III(c) as inserted by section 2 of the bill by replacing it with the following:

(c) Monitor the implementation of the program through an annual evaluation of projects accomplished during the preceding year and an assessment, prior to implementation, of projects proposed for the coming year to ensure that they are in accordance with legislative intent.

Amend RSA 261:91-f as inserted by section 2 of the bill by replacing it with the following:

261:91-f Report.

I. The members representing the department of transportation, the department of cultural affairs, the department of fish and game, the state conservation committee, the department of resources and economic development, and the department of safety shall each submit a report to the New Hampshire conservation number plate advisory committee chairperson no later than October 1 of each year. The committee chairperson shall compile the 6 reports as a unified report and submit the unified report to the governor, senate president, and the speaker of the house no later than December 31 of each year.

II. The unified report shall contain the following:

- (a) A report from the department of safety indicating:
 - (1) The total number of conservation number plates sold during the preceding year, including the number of initial plates and the number of renewals.
 - (2) The gross revenue derived from the sale of conservation number plates.
 - (3) The amount retained by the department of safety to cover administrative costs of the program.
 - (4) The amount paid to the state treasurer for deposit into the New Hampshire conservation number plate trust fund during the preceding fiscal year.
- (b) A report from each of the 5 agencies receiving proceeds under RSA 261:91-c, indicating:
 - (1) The amount of proceeds received under RSA 261:91-c.
 - (2) Total funds expended.
 - (3) Accomplishments achieved pursuant to RSA 261:91-c during the preceding fiscal year.
 - (4) An outline of the projects and programs to be conducted in the ensuing fiscal year with proceeds from the fund.

Amend the bill by replacing section 3 with the following:

3 New Subparagraph; Application of Receipts. Amend RSA 6:12, I by inserting after subparagraph (qqq) the following new subparagraph:

(rrr) The designated portion of moneys received under RSA 261:91-a, which shall be credited to the conservation number plate trust fund established in RSA 261:91-b.

Adopted.

Rep. Kenney spoke against.

Rep. Packard spoke in favor.

Report adopted and referred to Finance.

RESOLUTION

Rep. Wheeler offered the following: RESOLVED, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet Thursday, January 15, 1998 at 10:00 a.m.

Adopted.

LATE SESSION

Third reading and final passage

HR 54, amending House Rules 51, 52, and 64 for the 1998 legislative session.

HB 147, relative to disclosure of certain information relating to tobacco products.

HB 505, relative to smoking in indoor public places.

HB 670-FN, prohibiting telephone solicitors from using caller identification blocking services.

HB 798, relative to the regulation of health clubs.

SB 10, relative to funds for prearranged funerals or burial plans.

SB 100-FN, establishing a New Hampshire film and television commission.

HB 152, relative to permissible fireworks.

HB 420, relative to administrative review of suspended or revoked motor vehicle licenses.

HB 467-FN, clarifying the definition of "telephone cloning paraphernalia."

HB 480, revising the law relative to protection of persons from domestic violence.

HB 559-FN, allowing courts to impose an extended term of imprisonment upon persons of any age who have committed certain crimes against persons under 13 years of age.

HB 565-FN, relative to unauthorized use of a propelled vehicle or animal.

HB 583-FN-L, relative to felonious disarming of a law enforcement officer.

HB 682-FN-L, requiring the division of state police to maintain a central offender registry and relative to public access to information contained in the registry.

HB 730-FN, relative to aggravated felonious sexual assault.

SB 102-FN, relative to the possession of certain weapons in the commission of a violent crime.

HB 749-FN, relative to disability retirement benefits for retirement system members permanently incapacitated for duty.

HB 234-FN-L, relative to disposition by counties of funds of deceased patients of county nursing homes.

HB 290, relative to digital signatures.

HB 555, exempting an individual's pensions and individual retirement accounts from bankruptcy attachment.

HB 802, relative to judgments on past due rent.

SB 26, preventing recovery by a nonsupporting parent in a wrongful death claim or action on behalf of the nonsupported child until child support arrearages are paid in full.

SB 84, revising the uniform simultaneous death act.

HB 111-FN, establishing a committee to study the preservation of and access to records of legislation in the state archives.

HB 170-L, exempting temporary, demountable, plastic-covered greenhouses from property taxation.

HB 552-L, clarifying the authority of municipalities to regulate the use of their highways which provide sole access to properties in adjoining municipalities.

HB 642, clarifying the effect of subdivision on property tax assessment and collection.

SB 161-FN-A, relative to the Seacoast Science Center and making an appropriation therefor.

HB 132-FN, allowing New Hampshire residents on active duty in the armed forces or coast guard to be issued hunting and fishing licenses at no charge.

HB 753, relative to the board of auctioneers.

HB 697-FN-A-L, establishing a homeless coordination council.

HB 793, defining the responsibility of individuals engaged in equine activities.

HB 272, relative to boat docking facilities.

HB 177-FN, increasing the wild black bear license and tag fee.

HB 734-FN, establishing a study committee on district court evening sessions.

RECESS MOTION

Rep. Wheeler moved that the House stand in recess for the purpose of introduction of bills, enrolled bill amendments and enrolled bill reports only.

Adopted.

The House recessed at 5:35 p.m.

RECESS

(Speaker Sytek in the Chair)

Rep. Lozeau moved that the House adjourn.

Adopted.

HOUSE JOURNAL No. 2

Thursday, January 15, 1998

The House assembled at 10:00 a.m., the hour to which it stood adjourned, and was called to order by the Speaker Pro Tem, Channing T. Brown.

Her Excellency, Governor Jeanne Shaheen, joined the Speaker Pro Tem on the rostrum for the day's opening ceremonies.

Prayer was offered by Guest Chaplain, Rep. Eric N. Lindblade.

Our heavenly Father, age after age our prayers have come before Thee in this hall. What are these prayers? A part of history, a pleasant custom handed down from colonial days? A moment of silence in which to gather our thoughts? Nay, far more. As we lift our petitions on high for Thy guidance we also exhort those assembled here. Let the better self prevail. Let reason temper emotion. Let the special interest be the interest of all the people. Let no myopia of the mind blind us to the opportunities of the wider horizon. And, above all, may we be ever mindful that for good or ill, that which we do here has consequences far beyond our ken and understanding. And so we pray, imbue us with Thy spirit, to the furtherance of every good and proper work. Amen.

Reps. Ackerman and Lynde led the Pledge of Allegiance.

LEAVES OF ABSENCE

Reps. Champagne, Earle Chandler, David Cote, Ferguson, Robert Foster, Gibbons, Healy, Howard, Robert Johnson, LaMott, Owen, Palmer, Pepino, Frances Riley, Sargent, Paul Taylor, Turner and Donald Welch, the day, illness.

Reps. Adams, Boutin, Patricia Cote, Crosby, Gagnon, Golden, Hart, Robert Kelley, Lavoie, Kenneth MacDonald, Merritt, Nowe, Packard, Piteri, Rice and Simmons, the day, important business.

INTRODUCTION OF GUESTS

Stanley Stoncius and guests from the Baltic states, guests of Rep. Loren Jean. Chris Stawasz, guest of Rep. McGough. Susie Fawcett, guest of Rep. Kevin Smith.

SPECIAL GUESTS

Members of state 4-H clubs from 22 towns and cities who participated in the 1997 Eastern States Exposition, guests of the House.

The Moultonborough Girls' Varsity Class S championship softball team, guests of the House.

COMMITTEE ASSIGNMENTS

Rep. Peter F. Bergin on Judiciary and Family Law.

Rep. Jacqueline A. Pitts on Science, Technology and Energy; off State-Federal Relations and Veterans Affairs.

Rep. Jay T. White on State-Federal Relations and Veterans Affairs; off Science, Technology and Energy.

CLERK'S NOTE

With less than two-thirds of the elected membership present, Part II, Article 20 of the state constitution requires the assent of two-thirds of those present and voting to take any action.

COMMITTEE REPORTS**CONSENT CALENDAR**

Rep. Wheeler moved that the Consent Calendar as printed in the day's House Record be adopted. Consent Calendar adopted by the necessary two-thirds.

HCR 21, encouraging the designation of the Connecticut River as an American Heritage River. **OUGHT TO PASS**

Rep. Peter F. Bergin for State-Federal Relations and Veterans Affairs: The American Heritage Rivers Initiative application process for the Connecticut River has been an extensive one. Over 125 rivers throughout the United States have applied. Only 10 rivers will be nominated as American Heritage

Rivers. The committee feels that the resolution will show President Clinton that the people of New Hampshire are supportive of this initiative. In ten months of the application process no one has stepped forward in opposition of this process. This does not affect any regulation or enact any regulation or affect any local or state regulations. Vote 13-0.

BILLS REMOVED FROM CONSENT CALENDAR ON JANUARY 7, 1998

HB 721, prohibiting certain tobacco or alcohol advertising within drug-free school zones. OUGHT TO PASS WITH AMENDMENT

Rep. Gregory G. Carson for Commerce: This legislation, as amended, is the epitome of the New Hampshire legislative process and local control. As amended, the bill authorizes municipalities to restrict the advertising of alcohol and tobacco products through the exercise of zoning powers. The committee does not make this recommendation lightly in the context of the First Amendment and freedom of speech considerations. This legislation allows communities to determine to what extent they wish to limit such advertisement. However, limitations are considered in the intent section of this legislation. Specifically, such limitation is to be no more extensive than is necessary to advance the communities' interest in reducing the exposure of youth to such advertising with the ultimate goal of reducing the incidence of youth consumption of tobacco and alcohol. Vote 12-2.

Amendment (0144h)

Amend the title of the bill by replacing it with the following:

AN ACT authorizing municipalities to restrict the advertising of alcohol and tobacco through the exercise of zoning powers.

Amend the bill by replacing all after the enacting clause with the following:

I Findings; Intent.

I. The general court finds that there is a substantial governmental interest in permitting municipalities to regulate certain advertising of alcohol and tobacco in order to allow those municipalities which choose to do so to reduce the exposure of their young people, who are prohibited by state law from purchasing or using those substances, to the pernicious effects of such advertising.

II. The general court further finds that any municipality with an interest in reducing the incidence of youth exposure to certain tobacco and alcohol advertising, which is in turn ultimately aimed at reducing illegal youth consumption of those substances, will be able to directly advance that interest by enacting zoning provisions aimed at restricting the advertising of tobacco and alcohol.

III. The general court further finds that the United States Supreme Court in the case of *Packer Corp. v. State of Utah*, 285 U.S. 105 (1932), as well as the United States Court of Appeals for the Fourth Circuit in the cases of *Penn Advertising v. Mayor and City Council of Baltimore*, 63 F. 3d. 318 (4th Cir. 1995), and *Anheuser-Busch, Inc. v. Schmoke*, 63 F. 3d. 1305 (4th Cir. 1995), have upheld the constitutionality of restrictions on advertising of tobacco and alcohol, including for the purpose of ultimately reducing the incidence of youth consumption of tobacco and alcohol.

IV. The general court intends by enacting this legislation to enable municipalities to restrict certain advertising of tobacco and alcohol in a manner which is no more extensive than is necessary to advance the government interest in reducing the exposure of youth to such advertising.

2 New Paragraph; Tobacco and Alcohol Advertising Restrictions. Amend RSA 674:16 by inserting after paragraph II the following new paragraph:

II-a. The power to adopt a zoning ordinance under this subdivision expressly includes the power to restrict certain means of advertising tobacco and alcohol as provided by RSA 674:23-a.

3 New Section; Authority to Restrict Advertising of Tobacco and Alcohol. Amend RSA 674 by inserting after section 23 the following new section:

674:23-a Authority to Ban or Restrict Certain Means of Advertising Tobacco and Alcohol.

I. The local legislative body of any city, town, or county in which there are located unincorporated towns or unorganized places is authorized to adopt or amend a zoning ordinance which includes a ban or restrictions on tobacco or alcohol advertisements within any area or zone within the boundaries of the city, town, or unincorporated town, or unincorporated place, including drug-free school zones as provided by RSA 193-B. Such ordinance shall be designed to further the public health interest and reduce illegal youth consumption of alcohol and tobacco.

II. As used in this section, "tobacco or alcohol advertisements" mean any stationary promotional display for tobacco or alcohol products designed to attract public attention which is visible from a public way including, but not limited to, signs, billboards, window displays, banners or permanent trailers. It shall not include in-store displays which are incidentally visible through a window.

III. The commissioner of transportation shall not grant a permit under RSA 236:72 for any tobacco or alcohol advertisements which would violate any ordinance adopted under this section.

4 Effective Date. This bill shall take effect January 1, 1999.

AMENDED ANALYSIS

This bill permits a city, town, or unincorporated town or place to restrict by zoning ordinance alcohol and tobacco advertising within its boundaries.

Adopted.

Report adopted by the necessary two-thirds and ordered to third reading.

CLERK'S NOTE

The constitutionally required two-thirds of the membership was declared present.

HB 353, establishing a committee to study issues regarding prosecutions and sentencing of, and incarceration treatment for, persons convicted of sex-related crimes. **INEXPEDIENT TO LEGISLATE** Rep. William V. Knowles for Criminal Justice and Public Safety: This bill would have established a study committee regarding prosecution and sentencing of, and incarceration treatment for, persons convicted of sex-related crimes in New Hampshire. After hearing testimony from a county attorney and a superior court judge that there are significant protections for defendants, and twelve jurors must be convinced beyond a reasonable doubt that the accused is guilty, there didn't appear to be much to study. As for availability of treatment for sex offenders, the Department of Corrections would be happy to expand the program if the financing and space were available. The existing program is very successful for those they are able to treat. Follow-up treatment is also important. The Department of Corrections is working to get grants to expand the program. Vote 13-0. Reps. William McCarthy and Vaillancourt spoke against.

Rep. Knowles spoke in favor.

On a division vote, 160 members having voted in the affirmative and 156 in the negative, the report was adopted.

(Speaker Sytek in the Chair)

SB 66, allowing a state resident to obtain a license for a pistol or revolver for life. **INEXPEDIENT TO LEGISLATE**

Rep. Richard F. Doucette for Criminal Justice and Public Safety: This bill would allow for a concealed weapons permit to be granted to a New Hampshire resident for life rather than the current four-year term. Testimony was overwhelming in opposition from law enforcement and many gun proponents. A person's mental and physical circumstances may change radically with age or other infirmity and for these reasons the committee felt that this was not a good idea. It was mentioned during testimony that Vermont had no permit requirements at all and there seemed to be no more firearm related problems in Vermont than any other state with a variety of firearm restrictions. One police chief was heard to say that he would rather have no law than to have a lifetime carry law, indicating the Vermont experience. Such a measure may be introduced in the Senate for the next session. This bill is not in the best interests of the firearm owners of this state and the committee voted to kill the measure. Vote 15-1.

Rep. David Welch moved Re-commit to Committee and spoke in favor.

Rep. McRae spoke in favor.

HB 535, relative to the regulation of architects. OUGHT TO PASS WITH AMENDMENT

Rep. Kipp A. Cooper for Executive Departments and Administration: This bill slightly modifies the definition of architecture, changes the board's authority and to adopt administrative rules, gives the board authority to assess administrative fines, and establishes requirements for administrative hearings. As amended, this bill has the support of the Architects Board and the Board of Professional Engineers. Vote 18-0.

Amendment (0183h)

Amend the bill by replacing all after the enacting clause with the following:

1 Definition Modified. Amend RSA 310-A:28, II to read as follows:

II. "Architecture" means any professional service or creative work requiring the application of advanced knowledge of architectural design, building construction and standards, and involving the constant exercise of discretion and judgment in such activities as *design of, or* consultation, investigation, evaluation, planning, ~~[design]~~ or responsible ~~[supervision]~~ *observation* of construction in connection with, any public or private buildings wherein the safeguarding of life, health, *welfare*, or property is concerned.

2 Sentence Structure Corrected. Amend RSA 310-A:29, II to read as follows:

II. Each member of the board shall be a citizen of the United States and a resident of this state. Each architect member shall have actively practiced architecture ~~[for] as the member's~~ chief means of livelihood for at least 10 years prior to appointment and shall have held a responsible position in charge of such work for at least 5 years prior to appointment, which may include the teaching of architecture.

3 Reference to Architects' Fund Removed. Amend RSA 310-A:29, IV to read as follows:

IV. ~~[In addition to any moneys received under RSA 310-A:34,]~~ Members of the board shall receive \$25 for each day actually engaged in the duties of their office and shall be reimbursed for all actual travel, incidental and clerical expenses necessarily incurred in carrying out the provisions of this chapter.

4 Board Secretary's Duties Regarding Roster. Amend RSA 310-A:29, VII as follows:

VII. The secretary of the board shall ~~[publish]~~ *maintain* a roster listing the names and places of business of all architects licensed under this subdivision by the board ~~[during February of each even-numbered year]~~. Copies of this roster shall be mailed *upon request* to each person so licensed, placed on file with the secretary of state, and furnished to the public upon request at a fee to be established by the board. The board may include in such roster any other information it deems appropriate.

5 Rulemaking Authority, Fee Requirements, and Receipts and Disbursements Accounting. Amend RSA 310-A:32-34 to read as follows:

310-A:32 Rulemaking Authority.

I. The board shall adopt rules, pursuant to RSA 541-A, relative to:

- (a) The application procedure for a license to practice under this subdivision[;].
- (b) The qualifications of applicants in addition to those requirements set by statute, and including the qualifications for satisfactory evidence of good professional character[;].
- (c) How an applicant shall be examined, including the time and place of the examination[;].
- (d) How a license to practice under this subdivision shall be renewed *or reinstated, including any requirements for continuing education*[;].
- (e) The establishment of all fees required under this subdivision[;].
- (f) Ethical and professional standards required to be met by each holder of a license under this subdivision and how disciplinary actions by the board shall be implemented for violations of these standards[;].
- (g) Matters related to the proper administration of this subdivision[;].
- (h) Procedures for the conduct of hearings consistent with the requirements of due process[;].
- (i) The design of an official seal[;].
- ~~[(j) The salary of the board secretary; and~~
- ~~[(k) Application procedures of and issuance of corporate engineering certificates.]~~

II. In adopting any rule under this section, the board may consult with the joint board established under RSA 310-A:1.

III. ~~[At least 40 days prior to]~~ Any hearing to be held pursuant to RSA 541-A:11 ~~[the board shall furnish a copy of any proposed rules of professional conduct, or amendments thereto, to all affected professionals licensed by the board]~~ *shall be advertised as specified under RSA 541-A.*

310-A:33 Fees. The board shall establish fees for examination of applicants, for licenses, for certificates of authorization, for reissuance of licenses, for renewal of licenses and certificates to practice under this subdivision, and for transcribing and transferring records and other services. *The fees established by the board shall be sufficient to produce estimated revenues equal to 125 percent of the direct operating expenses of the board for the previous fiscal year.*

310-A:34 Receipts and Disbursements. ~~[There shall be a board secretary who shall receive and] A staff administrator appointed by the joint board shall~~ account for all moneys derived under the provisions of this subdivision and shall pay the same to the state treasurer ~~[who shall keep such moneys in a separate fund to be known as the "Architects' Fund." Such fund shall be kept separate and apart from all other moneys in the treasury, and shall be paid out only for purposes of this subdivision. All moneys in the fund are hereby specifically appropriated for the use of the board. The secretary of the board shall receive such salary as the board shall determine. The board may employ such clerical and other assistants as are necessary for the proper performance of its work; and may make expenditures from this fund for any purpose which is reasonably necessary for the proper performance of its duties under this subdivision. Under no circumstances shall the total amount of payments made under this section exceed the amount of the fees collected].~~

6 Licensure Requirement. Amend RSA 310-A:37 to read as follows:

310-A:37 Licensure Required. No person shall practice architecture in this state~~[-except as permitted in RSA 310-A:52;]~~ without an architect's license issued under this subdivision. *The scope of architectural practice is defined in RSA 310-A:28, II and 310-A:52.*

7 Certificates and Interstate Licensure Requirements. Amend RSA 310-A:44-46 to read as follows:

310-A:44 Certificates; Seals. The board shall issue a license upon payment of the registration fee established by the board, to any applicant who, in the opinion of the board, has satisfactorily met all the requirements of this subdivision. Licenses shall show the full name of the licensee, have a serial number, and be signed by the chairperson and the secretary of the board under seal of the board. The issuance of a license by the board shall be prima facie evidence that the person named in the license is entitled to all the rights and privileges of a licensed architect while the license remains valid. Each licensee shall upon licensure obtain a seal of the design authorized by the board, bearing the registrant's name and the legend, "Licensed Architect." All papers or documents involving the practice of ~~[a profession]~~ *architecture* under this subdivision, when issued or filed for public record, shall be dated and bear the signature and seal of the licensed ~~[professional]~~ *architect* who prepared or had responsibility for and approved them *in accordance with the rules of conduct adopted by the board pursuant to RSA 310-A:32, I(f).* It shall be a class B misdemeanor for the licensee to stamp or seal any documents with such seal after the license of the licensee has expired or has been revoked, unless such license shall have been renewed or reissued. *This section shall not apply to those persons exempted under RSA 310-A:52, III and IV.*

310-A:45 Interstate Licensure.

I. The board in its discretion may, upon application and the payment of a fee, issue an architect's license to any person who holds a National Council of Architectural Registration Board certificate~~[-or to any person who holds an unexpired license or certificate of registration issued by any state, territory or possession of the United States, provided that the applicant's qualifications meet the requirements of this subdivision and the rules established by the board].~~

II. The board may grant an architect's license to any applicant who ~~[is similarly licensed in any other state, provided the other state's licensing requirements are substantially equivalent to or higher than those of this state]~~ *holds an unexpired license or certificate of registration issued by any state, territory or possession of the United States, or a province of Canada, provided that the applicant's qualifications for initial licensure in that jurisdiction were substantially similar to those in New Hampshire at the time the license was granted, and provided that the applicant has continued to maintain the same level of professional character and competence required of persons licensed under this subdivision and the rules of the board.*

III. A nonresident architect seeking to render architectural services *or to participate in a competition* in this state, who holds an unexpired license or certificate of registration issued by the state in which such person's principal office is located, and such other certification as the board deems necessary, *after having given notice to the board and prospective clients in writing*, shall be permitted to offer to render such architectural services in this state without first having been licensed by this state, but shall not practice architecture until licensed in this state.

310-A:46 Expiration and Renewals. All licenses issued by the board shall expire on the last day of the month of the licensee's birth in the year 2 years following the year of issuance. The board shall cause notification of the impending license expiration to be sent to each licensee at least one month prior to the expiration date of the license. If the renewal fee is not submitted ~~[within 12]~~ *on time, a late fee shall be charged as established by the board, and after 6 months [after the expi-*

ration date of the license], the [~~licensee's name shall be removed from the mailing list and roster~~]
*the licensee shall file an application for reinstatement. The board shall establish reinstatement
 procedures pursuant to RSA 541-A.*

8 Board's Authority in Disciplinary Actions. RSA 310-A:47 is repealed and reenacted to read as follows:

310-A:47 Disciplinary Action.

I. The board may undertake disciplinary proceedings:

- (a) Upon its own initiative; or
- (b) Upon written complaint of any person which charges that a person licensed by the board has committed misconduct as set forth in paragraph II of this section and which specifies the ground therefor.

II. The board, after notice and opportunity for hearing, may take disciplinary action against any person licensed by it upon finding that the person:

(a) Has knowingly provided false information during any application for professional licensure, whether by making any affirmative statement which was false at the time it was made or by failing to disclose any fact material to the application.

(b) Is a habitual user of drugs or intoxicants or is afflicted with physical disability, insanity, psychiatric disorders, or other disease deemed dangerous to the public health.

(c) Dishonest or unprofessional conduct related to the practice of the profession or any particular aspect or specialty thereof, including, but not limited to: violation of state or federal laws pertaining to the practice of the profession; nationally recognized ethical code or set of ethical principles pertaining to the profession; or violation of any ethical code or principles identified in rules adopted by the board.

(d) Unfitness or incompetence to practice any particular aspect of the profession, as evidenced by, in a context related to the practice of the profession, gross or repeated negligence; or a pattern of conduct inconsistent with the basic skills, knowledge, or professional character expected of licensed practitioners.

(e) Has included in advertising any statement of a character tending to deceive or mislead the public or any statement claiming professional superiority.

(f) Has violated any provision of this chapter or any substantive rule of the board.

(g) Has been convicted of a felony under the laws of the United States or any state.

III. The board may take disciplinary action in any one or more of the following ways:

(a) By reprimand.

(b) By suspension, limitation, or restriction of a license, or probation for a period of time as determined reasonable by the board.

(c) By revocation of license.

(d) By requiring the person to submit to the care, treatment, or observation of a physician, counseling service, health care facility, professional assistance program, or any combination thereof which is acceptable to the board.

(e) By requiring the person to participate in a program of continuing professional education in the area or areas of which the person has been found deficient.

(f) By assessing administrative fines in amounts established by the board which shall not exceed \$2,000 per offense, or, in the case of continuing offenses, \$500 for each day that the violation continues, whichever is greater.

IV. The board may issue a nondisciplinary reprimand to licensees when the conduct in question does not violate RSA 310-A:47, II but would be likely to do so if it were repeated or if it differed only in some matter of degree, or if the public health and safety clearly warrants the elimination of the practice. Such letters may be publicly released as a public reprimand, or may be kept confidential as a private reprimand, in the board's discretion. In either case, nondisciplinary actions shall not constitute disciplinary action, and shall not be subject to judicial review. Such action may, however, be introduced as evidence in any subsequent disciplinary proceeding against the licensee to the extent it may be relevant to any issue of prior notice, repetition, or licensee cooperation.

V. No civil action shall be maintained against the board or any member of the board or its agents or employees with regard to any action or activity taken in the performance of any duty or authority established by this chapter. No civil action shall be maintained against any organization

or its members or against any other person for or by reason of any good faith statement, report, communication, or testimony to the board or determination by the board in relation to proceedings under this chapter.

VI. Allegations of professional misconduct or other violations of this chapter enforceable by the board shall be brought within 6 years from the time the board could reasonably have discovered the act, omission or failure complained of, except that conduct which resulted in a criminal conviction or in a disciplinary action by a relevant licensing authority in another jurisdiction may be considered by the board without time limitation in making licensing or disciplinary decisions if the conduct would otherwise be grounds for discipline under this chapter. The board may also consider licensee conduct without time limitation when the ultimate issue before the board involves a pattern of conduct or the cumulative effect of conduct which becomes apparent as a result of conduct which has occurred within the 6 year limitation period prescribed by this paragraph.

9 New Sections; Disciplinary Actions. Amend RSA 310-A by inserting after section 47 the following new sections:

310-A:47-b Investigations.

I. The board may investigate possible misconduct by licensees and applicants, and other matters within the scope of this chapter, including unauthorized practice. Investigations shall be conducted with the issuance of a board order setting forth the general scope of the investigation.

II. The board may commence a formal or informal investigation, or an adjudicative hearing, concerning allegations of misconduct and other matters within the scope of this chapter on its own motion whenever it has a reasonable basis for doing so, and the type of procedure chosen shall be a matter reserved to the discretion of the board. Formal or informal investigations may be conducted on an ex parte basis. The conclusion reached in all investigations shall be reduced to writing and served upon the parties. Such conclusions shall not be public until they are served upon the parties.

III. The board may administer oaths or affirmations, preserve testimony, and issue subpoenas for witnesses and for documents during any formal investigation or adjudicatory hearing, and as provided by paragraph IV of this section. The board may issue subpoenas with the approval of the office of the attorney general. Any subpoena issued by the board shall first be approved by the office of the attorney general. Subpoenas not covered by paragraph IV shall be served in accordance with the procedures and fee schedules established by the superior court, except that:

(a) Board licensees shall not be entitled to a witness fee or mileage expenses for travel within the state.

(b) Witness fees and mileage expenses need not be tendered in advance if the subpoena is annotated "Fees Guaranteed by the New Hampshire Joint Board."

(c) The respondent shall be allowed at least 48 hours to comply.

IV. The board may at any time subpoena the professional records of its licensees. Such subpoenas shall be served by certified mail or by personal delivery to the address provided to the board pursuant to the application and licensure requirements established by the board, and no witness or other fee shall be necessary for valid service. A minimum of 15 days' advance notice shall be allowed for complying with a subpoena duces tecum issued under this chapter.

V. Persons holding or applying for licenses or other privileges granted by the board shall keep the board informed of their current business and residence addresses, and shall furnish written notice to the board of any change in such addresses within 30 days from the date the change occurs. A licensee or applicant shall receive adequate notice of any hearing or other action taken by the board under this chapter if notice is mailed in a timely fashion to the most recent home or business address furnished under this paragraph.

VI.(a) Complaints of licensee misconduct shall be in writing, and shall be treated as requests for the commencement of a disciplinary hearing to which the time limitations of RSA 541-A:29 shall not apply.

(b) A complaint which fails to state a cause of action may be dismissed or summarily denied in whole or in part.

(c) The board shall investigate all complaints to the extent warranted by the allegations and the resources available to the board. Following an investigation, the board shall have discretion to decline to prosecute or to defer prosecution on allegations made in any complaint based upon the board's assessment of the seriousness of the alleged misconduct and the resources and priorities of the board. Board decisions deferring misconduct prosecutions shall be final and shall be subject to judicial review.

(d) Some or all of the allegations in a complaint may be consolidated with another complaint or with issues which the board wishes to investigate or hear on its own motion.

(e) The board may at any time settle misconduct allegations made in a complaint without the consent of the complainant, provided that material facts are not in dispute and the complainant is given an opportunity to comment in writing upon the terms of the proposed settlement.

VII. At the commencement of an adjudicatory proceeding, or at any time during a formal or informal investigation, and without issuing a subpoena, the board, or a person to whom the board has delegated appropriate authority, may mail a statement of the allegations being investigated to a licensee and order that person to provide a detailed and good faith written response. In such circumstances, the board may also require a licensee to furnish complete copies of appropriate professional records concerning matters relevant to allegations at issue. In both instances, the licensee shall respond within a reasonable time period of not less than 15 days, as the board may specify in its written order.

10 Hearings. RSA 310-A:48 and 49 are repealed and reenacted to read as follows:

310-A:48 Hearings.

I. Except as otherwise provided by this section, adjudicative proceedings shall be open to the public. The board's public docket file for each such proceeding shall include a taped or written record of all oral hearings and shall be retained for public inspection for at least 6 years from the issuance of the board's final decision.

II.(a) Any member of the board, or any other qualified person appointed by the board, may act as the presiding officer in an adjudicative proceeding any may issue oaths or affirmations to witnesses, rule on evidentiary and other procedural matters, and prepare a proposal for decision as provided by RSA 541-A:34, without regard to any quorum requirements otherwise applicable to board action or activities.

(b) If the person acting as a presiding officer prepares a recommended decision, that person shall not participate in the board's deliberations or otherwise assist the board in the preparation of its final decision.

(c) If a nonboard member acts as a presiding officer and no recommended decision is prepared, that person may participate in board deliberations to the extent of providing technical assistance to the board in preparing its final decision.

III.(a) Except as otherwise provided by this chapter or RSA 541-A:30, respondents in adjudicative proceedings shall receive at least 15 days' written notice of the date, time, and place of a hearing. Hearing notices shall include an itemization of the issues to be heard and shall be public documents.

(b) When the board issues a hearing notice after investigating allegations contained in a written complaint, the hearing notice shall constitute a final determination of the complainant's request for the commencement of a disciplinary proceeding on each of the allegations raised in the complaint. The hearing notice shall be served upon the complainant as well as the licensee, and provide the complainant with an opportunity to intervene subject to restrictions which reasonably advance the public interest objectives of this chapter.

(c) Any person appearing as a party or witness in an adjudicatory proceeding, or any person who is the subject of an investigation, or who is questioned in an investigation, may be represented by legal counsel, but the board shall have no obligation or authority to appoint or provide an attorney to any such person.

IV. In adjudicative proceeding, the presiding officer may hold prehearing conferences which are closed to the public and exempt from provisions of RSA 91-A until such time as the first session of the public evidentiary hearing is convened. In all instances, however, any settlement discussions engaged in at prehearing conferences may be conducted off the record.

V. The board may dispose of issues or allegations at any time during an investigation or adjudicative proceeding by issuing a settlement agreement or consent order; an order of dismissal for default or failure to state a proper basis for disciplinary action; or a summary judgment order based upon undisputed material facts, provided, however, that disciplinary action taken by the board at any time and in any context, and any dispositive action taken after the issuance of a public hearing notice, shall be reduced to writing and made available to the public.

VI. Final decisions in adjudicative proceedings shall be made by a majority of the board members eligible to participate in the decision, and the board's deliberative processes in such cases

shall be privileged, confidential, and exempt from the public disclosure provisions of RSA 91-A. Decisions and orders in adjudicatory proceedings, including prehearing orders required by RSA 541-A:31, V(d), shall be publicly available, but only after they have been reduced to writing, signed by a representative of the board, and served upon the parties.

VII. Final decisions in adjudicatory proceedings may be appealed to the supreme court pursuant to RSA 541. Disciplinary actions taken by the board shall not be subject to stay pending appeal.

310-A:49 License Reinstatement. Persons whose licensees have expired, been surrendered, or been revoked may apply to the board for reinstatement upon such forms and in accordance with such requirements as the board may impose through the adoption of Rules under RSA 541-A.

11 Violations. Amend the introductory paragraph of RSA 310-A:50, I to read as follows:

I. It shall be a class B misdemeanor for any natural person or a felony for any [business organization] other person to:

12 Exemptions. Amend RSA 310-A:52, IV to read as follows:

IV. The preparation of drawings and specifications for, and the supervision [and] of the construction or alteration of, any structure which does not have as its principal structural members reinforced concrete or structural steel [and]; is 2-1/2 stories or less[-and]; is 4,000 square feet of total building area or less[-]; and is not a building of assembly, which includes schools, churches, auditoriums, theaters, hospitals and any building for the elderly.

V. The practice of engineering by a duly licensed engineer.

13 Repeal. RSA 310-A:28, IV, relative to the definition of business organizations, is repealed.

14 Effective Date. This act shall take effect July 1, 1998.

AMENDED ANALYSIS

This bill:

I. Changes the definition of "architecture."

II. Changes the duties of the secretary of the board of architects.

III. Changes the board's authority and duty to adopt administrative rules and to provide copies of proposed rules to certain persons.

IV. Requires that fees collected by the board reach a certain minimum amount.

V. Changes examination requirements, certificates, and interstate licensure requirements for acting as an architect.

VI. Changes the board's authority to undertake disciplinary proceedings.

VII. Gives the board authority to assess administrative fines for unauthorized practice and to conduct certain investigations.

VIII. Establishes requirements for administrative hearings and gives the board specific authority in conducting such hearings.

IX. Changes the board's hearings process.

X. Changes the requirements for the reissuance of licenses.

XI. Repeals the law defining "business organization" for the purposes of the subdivision on architecture.

Rep. Mirski spoke against.

Rep. Cooper spoke in favor.

Adopted.

Report adopted and ordered to third reading.

HB 108-FN-A, relative to the rate of the legacies and successions tax as it applies to siblings of the decedent together with their spouses and lineal ascendants and descendants of siblings of the decedent together with their spouses. **REFER FOR INTERIM STUDY**

Rep. David J. Alukonis for Finance: The sponsors and supporters of this bill urged that the state reform the legacies and successions tax in order to bring a greater level of equity to the application of the tax. Currently, lineal descendants and ascendants (parents, grandparents, children, grandchildren, etc.) are exempt from paying the tax, while non-lineal heirs (brothers, sisters, cousins, nieces, nephews, friends, etc.) are required to pay to the state a tax of 18% of all inheritances received.

In general, the committee agreed with the sponsors. However, in order to achieve a more equitable plan, it became clear that the legacies and successions tax would have to be scrapped in favor of a new inheritance tax which would be similar to the federal inheritance tax. The policy changes required by such a change, as well as the possible ramifications, will require significant additional

review prior to any final action. Additionally, at this time, the Department of Revenue Administration has neither the ability nor the resources to expediently or accurately prognosticate the fiscal impact of such changes which are acknowledged to be significant. Vote 20-0.

Reps. Alukonis and McGuirk spoke in favor.

Adopted.

HB 529, relative to excluding from the definition of subdivision the placement and maintenance of wireless communication facilities. **OUGHT TO PASS WITH AMENDMENT**

Rep. Joseph E. Stone for Municipal and County Government: This bill relates to excluding from the definition of subdivision the placement and maintenance of wireless communication facilities. The amendment added the word "unstaffed" to structure and changed the square footage from 200 sq. ft. to 500 sq. ft. A new paragraph was added that stated clearly this bill does not affect zoning regulations for this use. Vote 17-0.

Rep. Dokmo moved Re-commit to Committee and spoke in favor.

Adopted.

Reps. Boutin and Joseph Foster declared conflicts of interest and did not participate.

HB 676-FN-L, establishing procedures for the distribution of proceeds from the sale of tax-deeded property by a municipality. **OUGHT TO PASS WITH AMENDMENT**

Rep. Kathleen N. Taylor for Municipal and County Government: The committee felt this bill would address the concerns of the courts relative to "taking" by municipalities, and at the same time offer the community protection by imposing a reasonable penalty coupled with recouping back taxes, interest and associated costs. Vote 17-2.

Amendment (0096h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to distribution of proceeds from the sale of tax-deeded property and repurchase of tax-deeded property by a former owner.

Amend the bill by replacing all after the enacting clause with the following:

1 Statement of Intent. The purpose of this act is to prevent unjust enrichment of a municipality when property which a municipality has acquired by tax deed is sold for substantially more than the amount of taxes, costs and interest owed, while at the same time retaining a sufficient incentive for a taxpayer to redeem property prior to tax deeding. The accumulation of interest on unpaid taxes does not by itself provide such an incentive, because at the time the owner gets notice of the impending tax deed under RSA 80:77, such interest is already owed. This act therefore provides for an additional penalty, as set forth in RSA 80:90, I(f), of 15 percent of the equalized assessed value of the property. This amount can be thought of as a sort of brokerage commission paid by the taxpayer to the municipality for its marketing and disposal of the property, but one which is sufficiently higher than typical commissions charged by private brokers, so as to dissuade a taxpayer from voluntarily opting to let the municipality market the property.

2 New Sections; Proceeds From Sale of Tax-Deeded Property; Repurchase of Property. Amend RSA 80 by inserting after section 87 the following new sections:

80:88 Distribution of Proceeds from the Sale of Tax-Deeded Property.

I. Notwithstanding any other provision of law, for any sale by a municipality of property which is acquired by tax deed on or after the effective date of this section, the municipality's recovery of proceeds from the sale shall be limited to back taxes, interest, costs and penalty, as defined in RSA 80:90.

II. If there are excess proceeds over and above the amount of municipal recovery permitted under paragraph I, then within 60 days of settlement by the purchaser or purchasers of the property sold, the municipality shall file a bill of interpleader with the superior court for the county in which the property is located, naming the former owner or owners, and all persons having a recorded interest in the property as defendants, and paying to the court all amounts over and above those entitled to be retained. The municipality shall also be entitled to retain its reasonable costs and attorney's fees for the preparation and filing of the petition. The court shall issue such orders of notice as are necessary, and shall make such disposition of the funds as it finds appropriate, based upon ownership and lienholder interests at the time of the tax deed. The municipality shall be deemed to have a continuing interest in said funds, and in default of valid claims made by other parties, such funds shall be decreed to be the property of the municipality, free and clear of any

remaining liability. No bill of interpleader shall be necessary if, at the time of the tax deed execution, there were no record lienholders, and only one record owner or joint owners, and such former owner or owners are easily identified and located, in which case the excess proceeds shall be paid to such owner or owners.

80:89 Notice to Former Owner and Opportunity for Repurchase.

I. At least 45 days prior to any sale or conveyance by a municipality of property which is acquired by tax deed on or after the effective date of this section, the municipal governing body or its designee shall send notice by certified mail, return receipt requested, to the last known post office address of the owner of the property at the time of the tax deed, if known, or to the person to whom notice of the pending tax deed was given under RSA 80:77. At least one such notice shall be given not more than 90 days prior to a municipality's sale or conveyance. The notice shall set forth the right of the former owner or owners to repurchase the property, as set forth in paragraph II. Copies of any such notice shall also be sent by certified mail, return receipt requested, to any mortgagee to whom notice of the impending tax deed was sent under RSA 80:77-a. For any notice sent pursuant to this paragraph, \$10 may be added to the municipality's "costs" as defined in RSA 80:90.

II. Within 30 days after the notice required by paragraph I, any former owner of the property may give notice by certified mail, return receipt requested, of intent to repurchase the property from the municipality, and stating that such owner is ready, willing and able to pay all back taxes, interest, costs and penalty, as defined in RSA 80:90. If all such back taxes, interest, costs and penalty have not been actually tendered within 15 days of such notice of intent to repurchase, the municipality may otherwise dispose of the property.

III. The deed from the municipality upon such repurchase shall convey the municipality's interest in the property, or such portion as has not been previously disposed of by the municipality, to all record former owners in the same proportional undivided interests as the former owners of record.

IV. The former owners' title upon repurchase shall be subject to any liens of record against the property as of the time of the tax deed to the municipality, and subject to any leases, easements, or other encumbrances as may have been granted or placed on the property by the municipality. In the case of multiple former owners, any owner paying more than a proportional share of the purchase price to the municipality shall have a lien against the other owners for the amount of the excess paid.

V. A notice of intent to repurchase under this section may also be filed by the holder of any recorded mortgage interest in the property which was unredeemed as of the date of the tax deed. Upon payment the property shall be deemed as provided in paragraph III, but the mortgagee shall be entitled to add the amount paid to the municipality to the amount due under the mortgage.

VI. Conveyances under this section shall not be subject to the real estate transfer tax under RSA 78-B.

VII. For purposes of this section, the date of sale or conveyance of the property shall mean the date the municipality enters into a binding contract to convey the property to a third party buyer, whether or not such contract is subject to any contingencies.

80:90 Definitions.

I. For purposes of RSA 80:88 and 80:89, the phrase "back taxes, interest, costs and penalty" shall include all of the following:

(a) All taxes assessed but unpaid as of the date of the tax deed, together with all taxes which would thereafter otherwise have been assessed against such property based on its valuation, but for its ownership by the municipality.

(b) All statutory interest actually accrued on all back taxes as of the date of the tax deed, together with all statutory interest which would otherwise thereafter have accrued on all taxes listed in subparagraph (a), but for the property's ownership by the municipality.

(c) All allowable statutory fees charged for notice and recording in connection with the tax collection process.

(d) All legal costs incurred by the municipality in connection with the property, including those connected with the municipality's sale or the former owner's repurchase.

(e) All incidental and consequential costs as are reasonably incurred or estimated to be incurred by the municipality in connection with its ownership and disposition of the property, including but not limited to insurance, maintenance, repairs or improvements, and marketing expenses.

(f) An additional penalty equal in amount to 15 percent of the assessed value of the property as of the date of the tax deed, adjusted by the most recently available equalization ratio.

II. For purposes of RSA 80:88 and 80:89, "former owner" shall mean any person in whom title to the property, or partial interest therein, was vested at the time of the tax deed, and shall include any heir, successor, or assign of any former owner, provided, however, that any person to whom a former owner has attempted to convey or assign any interest, lien or expectancy in the property subsequent to the date of the tax deed shall not be deemed a former owner.

80:91 Liability and Obligations Limited. With respect to actions of a municipality under RSA 80:88 and 80:89, if the municipality has complied with the provisions of this chapter it shall not have any liability whatsoever to any former owner or lienholder in connection with its management of the property or for the amount of consideration received upon disposition of the property. After the execution of a tax deed, the municipality may treat the property in all respects as the fee owner thereof, including leasing or encumbering all or any portion of the property, without any accountability to former owners, except that the proceeds of any sale must be accounted for as provided in RSA 80:88. Nothing in this chapter shall obligate a municipality to dispose of property acquired by tax deed, except as provided in RSA 80:89.

3 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill establishes procedures for the distribution of proceeds from the sale of tax-deeded property and for the repurchase of tax-deeded property by a former owner.

Adopted.

Reps. Kibbey and Wiggins spoke against.

Rep. Leone spoke in favor.

Rep. McGuirk spoke in favor and yielded to questions.

Report adopted and ordered to third reading.

HB 371, relative to the authority of the department of fish and game to regulate the management, preservation, propagation and taking of state fish, game and wildlife resources. **OUGHT TO PASS WITH AMENDMENT**

Rep. Charles H. Felch, Sr. for Wildlife and Marine Resources: This legislation is designed to send a clear signal to our towns and cities that the authority and jurisdiction over the management, preservation, protection, propagation and taking of our wildlife resources rests exclusively with the state. Nothing in this bill can be construed as affecting a political subdivisions property rights concerning land owned and controlled by that entity. Vote 13-0.

Amendment (0014h)

Amend the bill by replacing section 1 with the following:

1 New Subdivision; State Authority and Jurisdiction over Wildlife. Amend RSA 207 by inserting after section 57 the following new subdivision:

State Jurisdiction

207:58 Purpose. The legislature finds it is in the best interests of the state and its citizens to regulate, protect, restore, and conserve the wildlife resources of the state under a uniform scheme of management through the fish and game department. It is the intent of the general court to explicitly reaffirm the state's long-standing exclusive authority and jurisdiction over the wildlife of the state as established by title XVIII.

207:59 Exclusive Authority of the State. The state of New Hampshire shall have exclusive authority and jurisdiction over the management, preservation, protection, propagation and taking of wildlife in the state. Except as otherwise specifically provided by statute, no ordinance or regulation of a political subdivision may regulate the management, preservation, protection, propagation and taking of wildlife. Nothing in this section shall be construed as affecting a political subdivision's property rights concerning land owned and controlled by that entity.

AMENDED ANALYSIS

This bill provides that the state has exclusive authority concerning the management, preservation, protection, propagation, and taking of wildlife, and prohibits political subdivisions from regulating fish, game, or wildlife without express authority in the fish and game laws.

Adopted.

Report adopted and ordered to third reading.

UNANIMOUS CONSENT

Rep. Hall moved that the remarks made by Rep. Burling be printed in the Journal.

On a division vote, 139 members having voted in the affirmative and 127 in the negative, the motion was adopted.

Rep. Burling: Thank you Madam Speaker. I would ask my colleagues for their attention just for a minute, if I may. I make it a rule not to come between legislators and their lunch so I will be quick. I have just a couple of things I would like to say about our state Constitution and the way it is being used these days. First, let me say that I believe our New Hampshire Constitution is a living, vital document. It connects us to our past, to the likes of Langdon and Bass and Peterson. It shapes our futures. It is the ark of our communal dreams and expectations. It is the protector of our children's rights. The word I want to emphasize here is "our." The New Hampshire Constitution belongs to New Hampshire. It is not a ball to be batted around the infield of presidential politics. I think it is wrong for Mr. Forbes and Mr. Alexander to come here to buy our opinions with their bucks. We will have a chance to debate the wisdom of changing our Constitution. We will know what we should do. We do not need the advice or money of presidential candidates shaping our deliberations. We can send the message to national politicians, you and I. They pay attention to us here in New Hampshire. I don't know whether or not you have noticed that but they do. If they want to amend a state Constitution they can do so in New Jersey or Tennessee. I understand both places have a state capitol. They do not need to do it here in New Hampshire. I hope you will join me in saying "no" to the money and the sound bites these out-of-state politicians mean to throw around the airwaves of New Hampshire. Our people will thank you as I thank you for your kind attention. Have a good lunch.

RECESS

(Speaker Sytek in the Chair)

REGULAR CALENDAR PART II

HB 410, allowing mental health counselors and marriage and family therapists to obtain third party payments for services rendered which would otherwise qualify for such payments. **INEXPEDIENT TO LEGISLATE**

Rep. Keith R. Herman for Commerce: This partisan issue was debated thoroughly over the summer. This bill would have mandated certain reimbursements by indemnity insurers in New Hampshire. The committee feels, since New Hampshire is recognized as the leading state in mental health care, and since consumer access to mental health care in New Hampshire is greater than most other states, the only reaction to this legislation would be higher costs to premium payers. Since indemnity plans are cost sensitive, there would be a greater shift to managed care plans. Managed care plans limit access to mental health services. A compromise proposal was discussed but rejected by the proponents of this bill. The proponents of this bill appear insensitive to the costs and to who pays the costs of mental health services in New Hampshire. Vote 10-7.

Adopted.

SB 1, relative to exclusive arrangements with managed care insurers. **INEXPEDIENT TO LEGISLATE**

Rep. Gregory G. Carson for Commerce: The intent of this legislation is covered in an amendment to HB 451 which this committee strongly urges passage of this session. Vote 10-4.

Adopted.

HB 143-L, requiring that SAU budgets be approved by vote at school district meetings. **INEXPEDIENT TO LEGISLATE**

Rep. Richard L. Champagne for Education: This bill is well intended. However, it mandates a change in governance for SAU budget adoption, preempting local control. Many SAUs function well under current law and have no desire to change governance. Any school district not satisfied with current practices may use RSA 194-C to withdraw and form a single district with direct budget and voting. Time line considerations in light of SB 2, Chapter 164 from 1995 Municipal Budget Finance Committee and open district meetings make the voting provision of this bill nearly im-

possible to implement. A clear one person-one vote constitutional issue exists in SAUs where co-op high school and village school districts share SAU management for its current form. This bill does not accomplish its intended objectives. Vote 14-5.

Reps. Fenton and Jacobson spoke against.

Reps. Belvin and O'Hearn spoke in favor and yielded to questions.

On a division vote, 231 members having voted in the affirmative and 90 in the negative, the report was adopted.

HB 612-FN, requiring the state board of education and the department of education to establish suitable tests of academic knowledge to be administered as a prerequisite for certification of new teachers in New Hampshire. **INEXPEDIENT TO LEGISLATE**

Rep. Susan B. Dunham for Education: This bill is not necessary because the state Board of Education and the Department of Education are in the process of instituting such a test at this time. The committee will continue to follow this process to ensure that it is completed and will meet with the state board for that purpose. Vote 14-5.

Rep. Durham yielded to questions.

Adopted.

CACR 8, relating to increasing the executive council membership and the number of executive council districts. Providing that the executive council shall be increased from 5 to 10 members, and the number of executive council districts shall be increased from 5 to 10. **INEXPEDIENT TO LEGISLATE**

Rep. Lynn C. Horton for Election Law: The intent of this resolution is to increase the membership and number of executive council districts from 5 to 10. The committee found no compelling need to do this. We considered the increased expense of government. It is felt that the present system is working well. Vote 9-4.

Adopted.

HB 443, relative to push-polling. **OUGHT TO PASS WITH AMENDMENT**

Rep. C. Donald Stritch for Election Law: Anonymous "push polling" is a deceitful campaign practice having an adverse impact on the political process. This bill requires candidates and others engaging in this practice to be accountable for the statements made in push polls. Vote 11-0.

Amendment (0196h)

Amend the bill by replacing section 1 with the following:

1 Findings and Purpose. The general court finds that anonymous "push-polling" is a deceitful practice having an adverse impact on the political process. While the general court affirms the rights of candidates for public office to engage in free speech, it finds that candidates should be fully accountable for the statements and messages generated by their campaigns. This act is intended to insure that the public is fully informed when candidates engage in push-polling.

Amend the bill by replacing section 3 and 4 with the following:

3 Push-polling; Submission of Information Required. Amend RSA 664 by inserting after section 16 the following new section:

664:16-a Identification Required.

I. Any person who engages in push-polling, as defined in RSA 664:2, XVII, shall inform any person contacted that the telephone call is being made on behalf of, in support of, or in opposition to a particular candidate for public office, identify that candidate by name, and provide a telephone number from where the push-polling is conducted.

II. Any person or entity who violates paragraph I shall be subject to penalty under RSA 664:21, V.

4 Effective Date. This act shall take effect upon its passage.

Adopted.

Report adopted and ordered to third reading.

HB 484, relative to registration of certain voters who vote by absentee ballot. **INEXPEDIENT TO LEGISLATE**

Rep. John M. Root for Election Law: While sympathetic to the plight of individuals who might be unable to vote by absentee ballot if not registered to do so 10 days in advance of an election (as

required by present law), the committee felt that to try to accommodate all potential absentee voters as proposed in this bill would place an impossible burden on city and town clerks and supervisors of checklists. The subcommittee noted that New Hampshire's same-day registration and voting system provided ample opportunity for the overwhelming majority of citizens to exercise their franchise. Vote 10-3.

Adopted.

HB 659, modifying restrictions on televised political advertising. OUGHT TO PASS WITH AMENDMENT

Rep. Natalie S. Flanagan for Election Law: This bill tightens the practices in political television advertising (by both candidates and independent organizations) by requiring that the candidate's or organization's payments for the ad to be clearly identified at the end of the political advertisement. Vote 13-0.

Amendment (0137h)

Amend the bill by replacing all after the enacting clause with the following:

1 Findings and Purpose. The general court finds that in the interest of maintaining the integrity of the election process, candidates for public office should clearly identify their authorization and payment for any political advertising broadcast on television. To further clarify which advertisements have been authorized by a candidate, any advertisement that is not authorized by any candidate shall contain a statement to that effect. Such disclosure shall reduce the amount of confusing or misleading statements issued during campaigns for public office.

2 Section Heading Modified. Amend the section heading of RSA 664:14 to read as follows:

664:14 Signature, *Identification, and Lack of Authorization*.

3 Restrictions on Candidate's Political Advertising Modified. Amend RSA 664:14, IV to read as follows:

IV.(a) In the case of political advertising broadcast on radio, television, or any public address system, the name and address of the signer shall be clearly identified.

(b) All political advertising broadcast on television shall identify the name of the candidate who pays for the advertisement or whose advertisement is paid for by a campaign committee. Such identification shall be made both aurally and visually. The visual presentation shall be clearly legible and shall use letters equal or greater than 12 percent of the vertical picture height and shall air for not less than 4 seconds at the conclusion of the broadcast. For the purpose of this section, "campaign committee" means any committee established to elect a particular candidate to office, including raising funds for that purpose.

4 Restrictions on Unauthorized Political Advertising. Amend RSA 664:14, VI to read as follows:

VI. Notwithstanding any other provision of this section, any advertising in support of or in opposition to a candidate by a political committee not authorized by the candidate or candidate committee shall so state *and shall identify the sponsor of the advertisement. All such political advertising broadcast on television shall include the statement: "This advertisement has been paid for by (name of sponsor) and has not been authorized by any candidate." Such statement shall be made both aurally and visually. The visual presentation shall be clearly legible and shall use letters equal or greater than 12 percent of the vertical picture height and shall be broadcast for not less than 4 seconds at the conclusion of the advertisement.*

5 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill:

I. Requires that all political advertising broadcast on television shall end with a display of a photographic image sufficient to identify the candidate who pays for the advertisement or whose advertisement is paid for by a campaign committee.

II. Requires that all political advertising broadcast on television that is not paid for by a candidate, or by a campaign committee, shall identify, aurally and visually, the sponsor of the advertisement.

Adopted.

Report adopted and ordered to third reading.

HB 418, prohibiting the land application of sludge or biosolids containing amounts of heavy metals over certain limits. **INEXPEDIENT TO LEGISLATE**

Rep. Karen K. McRae for Environment and Agriculture: The confusion about the numbers, the percentiles, of the heavy metals in relation to the Environmental Protection Agency standards as submitted by the Department of Environmental Services made the bill unworkable and therefore, it was voted inexpedient to legislate. Vote 17-2.

Adopted.

HB 497, excluding domestic septage from regulation as sludge or biosolids. **OUGHT TO PASS**
Rep. Karen K. McRae for Environment and Agriculture: This bill separates the regulation of domestic septage and the regulation of sludge and bio-solids. Further definitions may be needed. Vote 14-1.

Adopted and ordered to third reading.

HB 762-FN, relative to the regulation of naturopathic medicine. **REFER FOR INTERIM STUDY**
Rep. Merton S. Dyer for Executive Departments and Administration: The bill as introduced would require licensure of doctors of naturopathy and registration of naturopaths or natural healers. The subcommittee recommended inexpedient to legislate and the full committee agreed by a 12 to 7 vote. Reconsideration was requested and voted affirmatively and the bill was voted to send to interim study. The committee voted for interim study so that we could work with those wishing to practice naturopathic medicine either as doctors of naturopathy or in the traditional method of practice. The present board is working very hard to get the program that the Legislature approved in 1993 running smoothly. One area that needs to be addressed is the terminology now in use by those in the field. With the oversight of the Executive Departments and Administration Committee, we feel we can resolve the questions and problems that have arisen in the course of implementation. The complexities of this program require additional work on the part of the Legislature, the Board of Naturopathic Doctors and the traditional naturopaths. A majority of the committee feels this would be a positive approach. Vote 12-7.

Adopted.

SB 131-FN, allowing certain state employees to take paid leave to participate in disaster relief service work. **INEXPEDIENT TO LEGISLATE**

Rep. Merton S. Dyer for Executive Departments and Administration: The purpose of the bill is to allow certain state employees to take annual leave to participate in disaster relief at Red Cross designated disasters. The subcommittee studied various options and presented an amendment that would restrict the amount of time to 15 working days and to level III disasters within the state. After a lengthy discussion, the amendment was rejected and the bill was voted inexpedient to legislate. Among the concerns expressed by the committee was the limitation to the state only and the fact that the Governor could implement this type of program now without legislation. Another concern of the committee dealt with liability to the state if employees were injured. There were concerns about the collective bargaining agreement as leave time and sick leave are included in the state contract and awarding extra time to certain individuals might conflict with the contract. This is a laudable idea but the committee felt that given the many concerns that this should not pass. Vote 9-6.

Adopted.

CACR 21, relating to a balanced budget. Providing that the governor be prohibited from proposing and the general court be prohibited from approving, an operating budget in which expenditures exceed estimated revenue. **INEXPEDIENT TO LEGISLATE**

Rep. Arthur P. Klemm, Jr. for Finance: The committee believes that CACR 21 though well-intentioned may have the effect of tying our hands too tightly in coming forth with a balanced budget. The committee believes it more appropriate to put into statute the current House practice of approving a balanced budget. The committee will file a bill to this effect for the 1998 session. Vote 16-2.

Adopted.

HB 195-FN-A, increasing the exemption amount under the interest and dividends tax. **INEXPEDIENT TO LEGISLATE**

Rep. Charles L. Vaughn for Finance: Division II of the Committee on Finance debated the merits of increasing the exemption under the interest and dividends tax, holding several public and ex-

ecutive sessions. The Finance Committee, after due deliberations, concurred with the Division's findings: keeping the exemption at \$2400 for a payer under 65 years, with an additional amount of \$1200 for persons over that age. A couple over 65 years thus receives a \$7200 exemption.

The elderly are not the largest percentage of payers. Revenue Administration (DRA) figures tell us persons over 65 comprise 46% of filers out of a total of 52,000 filers, and pay 41% of tax revenues. New Hampshire residents with adjusted gross income over \$75,000 paid 32% of the revenue increases. Sharp increases in tax revenues for 1996 and 1997 are due in large measure to positive market forces and increased compliance activity due to publicity around the 1995 law eliminating the exemption on interest earned in New Hampshire and Vermont banks. This fact is substantiated by federal increases in interest and dividends revenues which mimics New Hampshire - 1993 to 1995 — federal 20%, state 17%.

To determine the amount of interest persons over 65 earned from New Hampshire and Vermont banks as opposed to that earned from other stock dividends, would require a man-year's work reviewing over 100 IRS computer reels on 52,000 New Hampshire filers.

The Department of Revenue Administration indicates this bill will decrease state general fund unrestricted revenue by \$17.5 million over the biennium. Vote 17-3.

Rep. Jacobson spoke against.

Rep. Vaughn spoke in favor.

On a division vote, 196 members having voted in the affirmative and 118 in the negative, the report was adopted.

Rep. DePecol wished to be recorded against.

Rep. Noyes declared a conflict of interest and did not participate.

HB 223-FN-L, providing that catastrophic aid for special education shall be fully funded. INEXPEDIENT TO LEGISLATE

Reps. Kenneth L. Weyler and Sandra K. Dowd for Finance: The premise of this bill is that new additions to special education spending are putting school districts in dire financial straits. The committee discovered the following: (a) the maximum exposure of a school district for any one student is \$26,500, because of catastrophic aid; (b) the legislature has fully funded the catastrophic aid budget as presented, and has held harmless the districts for previous years' overspending, as in HB 50, Chapter 348, Laws of 1997; (c) districts may borrow for overexpenditures on special education that occur after budget is set. The state pays the interest; thus, no new taxes need be levied for current budget.

In examining reasons for such large increases in catastrophic aid over the last few years, the committee discovered that New Hampshire leads the nation in per capita coding of students, we lead the nation in litigation over individual education programs, we place special education learning disabled-students in private residential programs at ten times the national rate.

For all of the above reasons we recommend Inexpedient on this bill, but are requesting a performance audit by the Performance Audit and Oversight Joint Committee of the special education program. Our goal is to get a handle on what the cost of the program is compared to what we are spending. We want to continue fully funding catastrophic aid without deficit spending or supplemental budgets to cover these costs. The bewildering cloud of contradictions we had in testimony cries out for facts Vote 15-3.

Adopted.

HB 563-FN-A, relative to a tax on telecommunications easements. INEXPEDIENT TO LEGISLATE

Rep. Kenneth L. Weyler for Finance: This bill would establish a special fund for the maintenance of trails along the 223 miles of abandoned railroad corridor which the state now owns. These trails are currently maintained by state supervision of a large group of volunteers. The tax created by this bill would be payable by the owners of the utility easements which the state did not buy when it bought the railroad corridor rights-of-way. The easements are used mainly for fiber-optic cable owned by telephone companies. The bill would give 25% of the tax collected to the municipality where the easement was located.

The committee had problems with the creation of yet another dedicated fund. The committee also concluded that this tax on telephone company transmission lines violated the spirit of the RSA on the telecommunications tax. Finally, both the Department of Revenue Administration and the bill's prime sponsor felt that litigation would likely use up any revenue for the first few years. Vote 12-8.

Rep. Weyler spoke in favor.

Adopted.

REMARKS

Rep. Below moved that the remarks made by Rep. Weyler regarding House Bill 563 be printed in the Journal.

Adopted.

Rep. Weyler: Thank you Madam Speaker. I'd like to clarify the blurb on House Bill 563 with regard to the reference to the spirit of the telecommunications tax. There was no intent by the committee to express a position on whether or not these easements can be taxed by the municipalities as real estate. Thank you and I would like to urge your adoption of the committee report of Inexpedient to Legislate.

REGULAR CALENDAR PART II (Cont'd.)

HB 717-FN-A, relative to the taxation of venture capital firms under the business profits tax. **UGHT TO PASS WITH AMENDMENT**

Rep. David J. Alukonis for Finance: The amendment, which replaces the original bill in its entirety, revises and improves upon those incentives found in current law which were intended to encourage the development of investment capital funds in New Hampshire. To date, these incentives have not been exercised, and there continue to be difficulties in the ability of local firms to raise much-needed equity capital.

Some of the problems with the current law are: (1) the requirements failed to allow for traditional venture capital fund investment cycles; (2) the requirements failed to recognize traditional venture capital fund investment structures; (3) the requirements unnecessarily limited the investment marketplace solely to New Hampshire; (4) interest and dividends tax rules required taxation of investors even when they received no actual dividends; and (5) the tax incentives were limited only to persons that were subject to the BPT.

The amendment addresses these concerns in a manner which the Department of Revenue Administration finds structurally acceptable. Additionally, the amendment: (1) requires additional reporting requirements which will allow for the legislature to determine whether or not the venture capital funds are being reinvested in New Hampshire, and in which industries; (2) allows for a credit to the Interest and Dividends tax for monies invested in a venture capital fund (this joins already existing credits allowed against the BPT and BET; and (3) changes the point of taxation from "deemed distributions" to "cash or actual distributions."

The Department of Revenue Administration is unable to estimate the impact to tax revenues that the proposed changes and additional tax credit will have. The Department is equally unable to assess the additional tax revenues that this bill will generate from increased business activities which will result from the increased investment opportunities that venture capital funds will provide to New Hampshire businesses.

The committee estimates that the worst case negative impact to the general fund (resultant of the three tax credits) could be \$750,000; but unfortunately, is unable to quantify the additional tax receipts that would result from increased business activities in the state.

It should also be noted that venture capital funds take significant time to be developed and become active in soliciting investments. Thus, it is very unlikely that there will be any sizable impact to the general fund during the current biennium. Vote 20-0.

Amendment (0134h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to taxation of qualified investment capital companies.

Amend the bill by replacing all after the enacting clause with the following:

1 No Current Taxation of Qualified Investment Capital Companies. Amend RSA 77:4, V to read as follows:

V. For each holder of an ownership interest in a qualified investment company as defined in RSA 77-A:1, XXI *which is not a qualified investment capital company as defined in RSA 77-A:1, XXIV*, which holder is subject to tax under RSA 77, the holder's proportional share of the income, less any income attributable to United States government notes or bonds, of such qualified investment company shall be treated as a dividend; however, notwithstanding any other provision of RSA 77, no actual distribution made to such holder by such qualified investment company shall be taxable under RSA 77.

VI. For each holder of an ownership interest in a qualified investment capital company, as defined in RSA 77-A:1, XXIV, which holder is subject to tax under RSA 77, any dividends, other than dividends paid in new or additional equity interests in the qualified investment capital company issuing the same, paid to the holder.

2 New Section; Adjustments for Contributions and Distributions with Respect to Qualified Investment Capital Companies. Amend RSA 77 by inserting after section 4-e the following new section:

77:4-f Adjustments for Contributions and Distributions With Respect to Qualified Investment Capital Companies. The following adjustments shall be made to the class of dividend and interest income taxable under this chapter:

I. A taxable person shall be allowed to deduct from the sum of the interest and dividends taxable under this chapter an amount equal to any cash contribution made to a qualified investment capital company during the applicable taxable period.

II. Notwithstanding RSA 77:7, a taxable person shall be required to report an additional taxable amount equal to any distribution or return of capital previously taken as a deduction pursuant to RSA 77:4-f, I as a capital contribution to a qualified investment capital fund if such return is received within 3 taxable periods after the taxable period in which it is deducted.

3 Definition Modification; Qualified Investment Company. Amend RSA 77-A:1, XXI to read as follows:

XXI.(a) "Qualified investment company" means:

(1) A regulated investment company as defined in section 851 of the United States Internal Revenue Code as defined in RSA 77-A:1, XX[;];

(2) An organization that is an investment company under the Investment Company Act of 1940 as amended[~~or~~];

(3) An organization that would be an investment company under the Investment Company Act of 1940, as amended, but for the exception from investment company status provided by section 3(c)(1) or 3(c)(7) of said Investment Company Act[~~provided, however~~]; or

(4) **A qualified investment capital company as defined in RSA 77-A:1, XXIV.**

(b) A qualified investment company shall limit its activities to investment **or other** activities **consistent with its organizational purpose** and those incidental to or in support of such activities and shall submit certification that it satisfies the requirements to be classified as a qualified investment company to the commissioner no later than 9 months subsequent to commencement of its investment activities, and provided further that any such exception from investment company status by reason of section 3(c)(7) is available only to issuers whose securities are owned by persons or organizations who are deemed under section 3(c)(7) or any order, regulation or interpretation thereunder not to require protection under the provisions of the Investment Company Act by reason of their size, nature, status, or sophistication. Upon petition, the commissioner may accept an untimely submission of such certification, which acceptance shall not be unreasonably withheld.

4 Qualified Investment Capital Company; Investment Company Manager Definitions. RSA 77-A:1, XXIV and XXV are repealed and reenacted to read as follows:

XXIV.(a) "Qualified investment capital company" means with respect to any taxable year a business organization that satisfies the following criteria:

(1) The principal purpose of the qualified investment capital company is to provide investment capital to companies through investment in equity and debt securities or interests issued by such companies, including common and preferred stock, indebtedness and convertible securities, to provide such management oversight and business advice to such companies as is reasonably appropriate to protect the investment and to encourage the success of the company and the investment, and to take any and all actions that may become necessary to preserve and protect investments in accordance with the terms of the investment securities.

(2) At least 30 percent of the qualified investment capital company's outstanding equity, capital and profits interests is owned by at least one person who is not related to the qualified investment company's investment company manager or investment company managers.

(3) Each investment company manager of the qualified investment capital company is subject to tax under RSA 77-A and has a payroll apportionment factor, computed in accordance with RSA 77-A:3, I(b), on a separate company or combined group basis as the case may be, that exceeds 50 percent.

(4) The qualified investment capital company has filed an election with the commissioner to be a qualified investment capital company with respect to any taxable period on a form prescribed by the commissioner at any time on or before the fifteenth day of the third month of such taxable

period. Such an election shall be effective for the taxable period of the qualified investment capital company for which it is made and for all succeeding taxable periods of the qualified investment capital company. Such election shall designate each of the investment company managers for such qualified investment company.

(b) For purposes of this paragraph, an investment company manager is related to a person if it owns or controls, directly or indirectly (not including ownership through the qualified investment capital company), more than 25 percent of the voting interests in such person.

XXV. "Investment company manager" means with respect to a qualified investment capital company the general partner or general partners, manager or managers, trustee or trustees, other business organizations or individuals who are directly authorized and vested with the responsibility for making decisions regarding the investment, management and divestiture of assets of the qualified investment capital company.

5 Replacing References to Qualifying Venture Capital Fund. Amend RSA 77-A:4, XVII and XVIII to read as follows:

XVII. A deduction equal to any *cash* contribution made to a ~~[qualifying venture capital fund]~~ *qualified investment capital company* during the applicable taxable period.

XVIII. An addition equal to any return of capital previously taken as a deduction pursuant to RSA 77-A:4, XVII as a capital contribution to a ~~[qualifying venture capital fund]~~ *qualified investment capital company* if such return is received within 3 taxable periods after the taxable period in which it was deducted.

6 New Section; Reporting Obligation. Amend RSA 77-A by inserting after section 5-a the following new section:

77-A:5-b Reporting for Qualified Investment Capital Companies. Every business organization that elects treatment as a qualified investment capital company shall with respect to each taxable period make a report, in accordance with such forms or regulations as the commissioner may prescribe, setting forth the aggregate amounts of funds invested in the qualified investment capital company and the aggregate amounts of investments made by the qualified investment capital company by industry and state or other location. The information provided in such report shall be included in the tax expenditure report required under RSA 77-A:5-a notwithstanding RSA 21-J:14, however, such report shall not require disclosure of the identity of individual investors or individual investments made by the qualified investment capital company.

7 Definition Modification; Qualified Investment Company. Amend RSA 77-E:1, XIV to read as follows:

XIV.(a) "Qualified investment company" means:

(1) A regulated investment company as defined in section 851 of the United States Internal Revenue Code as defined in RSA 77-E:1, XVII[,];

(2) An organization that is an investment company under the Investment Company Act of 1940, as amended[, or];

(3) An organization that would be an investment company under the Investment Company Act of 1940, as amended, but for the exception from investment company status provided by section 3(c)(1) or 3(c)(7) of said Investment Company Act[, provided, however,]; *or*

(4) *A qualified investment capital company as defined in RSA 77-A:1, XXIV.*

(b) A qualified investment company shall limit its activities to investment *or other* activities *consistent with its organizational purpose* and those incidental to or in support of such activities and shall submit certification that it satisfies the requirements to be classified as a qualified investment company to the commissioner no later than 9 months subsequent to commencement of its investment activities, and provided further that any such exception from investment company status by reason of section 3(c)(7) is available only to issuers whose securities are owned by persons or organizations who are deemed under section 3(c)(7) or any order, regulation or interpretation thereunder not to require protection under the provisions of the Investment Company Act by reason of their size, nature, status, or sophistication. Upon petition, the commissioner may accept an untimely submission of such certification, which acceptance shall not be unreasonably withheld.

8 Repeal. The following are repealed:

I. RSA 77-A:1, XXVI-XXIX, relative to the definitions of "qualifying start-up firm," "affiliate," "affiliated," and "bank" for the purposes of qualified venture capital funds, are repealed.

II. RSA 77-A:2-c, relative to the tax on qualified venture capital funds.

9 Applicability. This act shall apply for all taxable periods ending after June 30, 1998.

10 Effective Date. This act shall take effect July 1, 1998.

AMENDED ANALYSIS

This bill expands the definition of qualified investment company to include qualified investment capital companies for the purposes of the business profits tax and the business enterprise tax. The bill also repeals the application of the business profits tax to qualified venture capital funds.

Adopted.

Report adopted and ordered to third reading.

HB 490, relative to the confidentiality of medical records. **OUGHT TO PASS WITH AMENDMENT** Rep. Alphonse A. Haettenschwiler for Health, Human Services and Elderly Affairs: The amended bill is the result of many meetings over the summer of the subcommittee, the sponsors of the original bill and interested individuals and organizations including the Department of Health and Human Services. It is a consensus to which all parties agreed and which increases the confidentiality of medical records without creating barriers to necessary use. Vote 17-1.

Amendment (0150h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the confidentiality of medical information.

Amend the bill by replacing all after the enacting clause with the following:

1 Purpose. The general court recognizes that preserving the confidentiality of medical information is of great importance to the citizens of the state. The ability to communicate freely and privately with health care professionals fosters the provision of appropriate health care. Consequently, the general court recognizes that medical information should be used only in connection with providing or paying for an individual's health care. Medical information that allows the identification of a patient should not be a commodity in the marketplace.

2 New Section; Confidentiality of Medical Information. Amend RSA 332-I by inserting after section 2 the following new section:

332-I:3 Confidentiality of Medical Information.

I. In this section:

(a) "Health care" includes examination, diagnosis, treatment including but not limited to dispensing pharmaceuticals, evaluation, rehabilitation or advice as may be permissible under the laws of this state regulating health care providers.

(b) "Health care payer" means an insurance company that offers health insurance to the public, a health service corporation, or a health maintenance organization and, to the extent permitted under federal law, any administrator of an insured, self-insured, or publicly funded health care benefit plan offered by a public or private entity.

(c) "Health care provider" means any person regulated by this state to provide health care, or an officer, employee, or agent of that regulated person acting in the course and scope of employment, or agency related to health care.

(d) "Individual" means a human being, alive or dead, who is the subject of medical information and includes the individual's legal or other authorized representative.

(e) "Non-health care payer" means an insurance company that offers life, disability income, long-term care or other insurance coverages that have a medical payment component to the public.

(f) "Person" includes a human being, association, organization, trust, corporation, partnership, the state of New Hampshire, an agency of the state, and any political subdivision of the state.

(g) "Medical information" means personal or private information relating to an individual that is reported at or derived from a health care provider-patient encounter and which:

(1) Contains primary or obvious identifiers, such as the individual's name, address, telephone number, and social security number, or secondary identifiers through which a user could deduce the individual's identity; and

(2) Is under the control of a medical information holder.

(h) "Medical information holder" means any person in possession of or having access to medical information, other than the individual to whom it relates.

II. There is hereby recognized an individual's right of privacy in the content of the individual's medical information.

III. Except as provided under paragraph IV or otherwise provided by law or if the individual or the individual's authorized representative otherwise consents or waives confidentiality, a medical information holder may disclose or use medical information only in connection with providing or paying for health care for an individual. No person to whom medical information is disclosed may use the information for any purpose other than the purpose for which it was disclosed.

IV.(a) A medical information holder may disclose medical information without the consent of the individual if the medical information is disclosed to:

(1) An agent, employee, or independent contractor of the medical information holder solely to carry out risk management, quality assurance, utilization review, and peer review activities.

(2) A person engaged in assessment, evaluation, or investigation of the quality of health care furnished by a health care provider pursuant to statutory, regulatory, or private accreditation standards or the requirements of a private or public program for the payment of health care.

(3) An employer, for the purposes of workers' compensation or employee drug-testing.

(4) A person authorized to receive such information pursuant to a valid order of a court of competent jurisdiction for good cause shown and after the individual whose medical information is the subject of the order has been notified of the proposed order in clear, conspicuous, and simple language, and has had an opportunity to contest the proposed order.

(5) A person, for the purpose of avoiding or minimizing a direct threat of imminent harm to the health or safety of any human being, as determined by a current health care provider to the individual based on reasonable professional judgment.

(6) The department of health and human services or any representative of the department to the extent required by law or rule or as otherwise necessary to enable the department to carry out its responsibilities.

(b) Any disclosure under paragraph IV shall provide only the minimum amount of medical information to the minimum number of persons necessary and in as confidential a manner as possible in order to effect the purpose for which it is being disclosed.

V. Any consent to the disclosure of medical information under paragraph III shall be valid only if it is fully informed, freely-given, and in writing. "Fully informed" means that the individual consenting knows the nature of what will be disclosed, to whom the information will be disclosed, and the purpose for which the disclosure will be made.

(a) Consent shall not be considered freely given if it is a condition of entering a contract, except:

(1) A health care provider may, as a condition of service, require an individual to consent to the release or use of medical information if the release or use is no broader than necessary to appropriately provide health care.

(2) A health care payer may, as a condition of service or coverage, require an insured person, enrollee, or prospective enrollee to consent to the release or use of medical information if the release or use is no broader than necessary to appropriately underwrite the risk, conduct utilization review or quality assurance activities, or process claims with respect to health care, except as otherwise precluded under RSA 420-G.

(3) A non-health care payer may, as a condition of service or coverage, require an insured person, enrollee or prospective enrollee to consent to the release or use of medical information if the release or use is no broader than necessary to appropriately underwrite the risk, conduct utilization review or quality assurance activities, or process claims with respect to life, disability and long-term care insurance.

(b) Consent may be revoked prospectively at any time, subject to the rights of any person who acted in reliance thereon prior to revocation.

VI. Nothing in this section shall be deemed to affect a scientific research project that has been approved by an institutional review board, which, for the purposes of this section, means a board, committee, or other group formally designated by a health care facility or an educational institution of higher learning authorized under federal law to review, approve, or conduct periodic reviews of research programs.

VII.(a) The penalties for violating a provision of this section are as follows:

(1) An aggrieved individual may bring a civil action under this section if a medical information holder knew or should have known that medical information was being used in violation of this section. In addition to compensatory damages, the aggrieved individual, if successful, shall be awarded special damages of not less than \$1,000 for each violation as well as reasonable legal fees.

(2) An aggrieved individual may bring an action for injunctive relief for a violation of this section in addition to or instead of the penalties provided in this paragraph. The application for injunctive relief under this section shall not be required to give security as a condition upon the issuance of the injunction.

(3) Whenever the attorney general has reason to believe that a person has knowingly and willfully violated a provision of this section and that an action under this section is in the public interest, the attorney general may bring an action to enjoin the violations of this section.

(b) Notwithstanding anything to the contrary in this paragraph, subparagraphs (a)(1) and (2) shall not apply against:

(1) The department of health and human services or any representative of the department for the use or disclosure of medical information required by law or rule to enable the department to carry out its responsibilities; or

(2) Any person who discloses medical information to the department of health and human services or any representative of the department to enable the department to carry out its responsibilities required by law or rule.

3 Effective Date. This act shall take effect July 1, 1998.

AMENDED ANALYSIS

This bill declares that medical information is confidential and provides safeguards for the disclosure of medical information.

Adopted.

Report adopted and ordered to third reading.

SB 25, establishing employer immunity from civil liability for good faith disclosure of information regarding current and former employees to prospective employers. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Benjamin J. DePecol for the Majority of Judiciary and Family Law: This bill establishes immunity from civil liability for employers who disclose information regarding current and former employees' job performance and work histories to prospective employers, unless lack of good faith is shown. The committee believed that while there was some merit to this idea, little protection was left to employees. After much discussion and many attempts to compromise failed, the bill was voted Inexpedient to Legislate. Vote 10-4.

Rep. Paul M. Mirski for the Minority of Judiciary and Family Law: Employers are presently discouraged from being open to other prospective employers concerning the performance of present or past employees due to the potential for litigation over any critical comment which an employer might make. Passage of this bill would lend some equity to the present unsuitable equation by granting employers limited immunity for expressing candor and honesty on the subject of employee performance.

Majority report adopted.

HB 198-L, allowing municipalities to offer tax incentives to foster growth in new and existing industrial construction. **MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Stephen G. Avery for the Majority of Local and Regulated Revenues: This legislation allows municipalities to offer limited tax exemption to foster growth in new and existing industrial construction. There were constitutional questions on the bill and the Supreme Court has ruled that it is constitutional. The majority of the committee felt that cities and towns should have this option. Vote 10-8.

Reps. Betsy McKinney, Laura C. Pantelakos, Francis C. Vincent, Raymond A. Lundborn, Linda T. Foster, Betsey A. Coes, Jean R. Wallin, Carol T. Burney for the Minority of Local and Regulated Revenues: The minority believes that this bill is simply bad tax policy for the following reasons:

(1) It creates a new and distinct class of taxpayers; (2) study after study has failed to prove that tax credits attract industry; (3) the adoption of such policy pits town against town and becomes a "race to the bottom;" (4) towns that have the greatest need for a diversified tax base are those that can

least afford the incentives; (5) incentives for new businesses may adversely affect existing businesses; and (6) tax breaks for some result in a tax shift to others, usually homeowners. The minority believes that attracting industry is best accomplished through innovative and cooperative planning and infrastructure improvements.

Rep. Linda Foster spoke against and yielded to questions.

Rep. Metzger spoke in favor.

Rep. Wallin spoke against.

Rep. Hess spoke in favor and yielded to questions.

Rep. Wheeler requested a roll call; sufficiently seconded.

The question being the adoption of the majority report.

and the majority report failed.

Rep. Wallin moved Inexpedient to Legislate.

Adopted.

HB 432, increasing the wager limit on games of chance from \$1 to \$5. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Douglass P. Teschner for the Majority of Local and Regulated Revenues: When testimony was first offered on this bill, the committee became concerned that current law is not apparently followed at some "Monte Carlo" nights. As a result, the committee voted unanimously to re-refer the bill to study charitable gaming. The committee solicited testimony from the Attorney General Charitable Trust Division, Sweepstakes Commission, and Department of Safety. As a result, a comprehensive amendment was developed to improve and clarify the statutes on charitable gaming. In the interest of ensuring adequate public process, the committee voted the bill Inexpedient to Legislate and will bring the amendment forward as a clean bill in the upcoming session. The majority of the committee is opposed to raising the minimum bet until the law has been amended to ensure that this practice is suitably regulated. Vote 10-8.

Rep. Stephen G. Avery for the Minority of Local and Regulated Revenues: This was a simple bill that would allow wagers on charitable organization casino nights to be raised from a \$1 limit to \$5. There was overwhelming testimony that this would greatly increase the monies that would actually get to the charities. The minority of the committee feels that while other aspects of charitable gaming need to be tightened up, this can be done in subsequent legislation.

Rep. Avery spoke against and yielded to questions.

Rep. Teschner spoke in favor.

Rep. Teschner requested a roll call; sufficiently seconded.

The question being the adoption of the majority report.

and the majority report was adopted.

HB 126-FN-L, repealing road toll refunds for retail dealers. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS WITH AMENDMENT.

Rep. Merle W. Schotanus for the Majority of Public Works and Highways: This is the second consecutive time this bill has been introduced in the House. The previous bill, after study, was voted inexpedient to legislate by the House. The voluntary road toll refund program was established in 1957. The program allows independent gasoline dealers to apply for a 1 percent rebate on state gasoline taxes paid as compensation for shrinkage which occurs before the gasoline is sold. Gasoline dealers pay the state tax on gasoline up-front based on gallons delivered from the wholesale terminal before any gasoline is sold to the public. Temperature shrinkage during storage reduces the number of gallons that can be sold to the public. Without the rebate, dealers will have paid a tax on gasoline that cannot be sold. Vermont, Maine and other cold-weather states allow rebates to gasoline dealers which range from 0.05 to 4 percent. The majority of the committee believes the 1 percent New Hampshire rebate is fair. The Department of Environmental Services (DES) took no position on this bill in 1997. However, DES did state that gasoline dealers can experience losses of gasoline as a result of shrinkage. New Hampshire dealers testified that shrinkage is the greatest contributor to loss of gasoline. The majority of the committee believes that it is unfair to tax a product that cannot be sold and thus recommends this bill is inexpedient to legislate Vote 14-7.

Rep. Katherine D. Rogers, Steve Vaillancourt, and Marlene M. DeChane for the Minority of Public Works and Highways: The amendment would decrease the rebate from 1 to 0.5 percent of the toll paid on gross gasoline purchases. The New Hampshire Department of Environmental Services reported in January of 1996 that the amount lost during delivery is 0.1-0.2 percent or less. Therefore, with the reduction to 0.5 percent, dealers would still be receiving approximately three times what they are in fact losing. During extensive meetings of the subcommittee dealing with this bill, no clear and compelling empirical evidence was presented that any significant amount of gasoline is lost in underground storage tanks. With New Hampshire's year-round temperature range, scientific evidence is that the amount of expansion and contraction offsets each other. If anything, dealers may be experiencing an increase of volume to sell. If this rebate was dropped to 0.5 percent, the state would realize an additional \$325,000 a year into the highway fund. It should also be noted that there is no refund to the federal gasoline tax, none in our neighboring New England states of Massachusetts, Rhode Island and Connecticut, and the 0.5 percent as proposed by the amendment in Maine.

Rep. Lamach spoke against.

Rep. Schotanus spoke in favor and yielded to questions.

Majority report adopted.

Rep. Meader declared a conflict of interest and did not participate.

HB 405-L, relative to standardizing the requirements for the design and specifications of septic systems. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.

Rep. Michael D. Whalley for the Majority of Resources, Recreation and Development: This bill would require that the design and specifications for sewage or waste disposal systems approved by the Department of Environmental Services be the standard for all systems in similar circumstances throughout the state. Although many on the committee felt regulations and standards should be based on science and not become a tool for local communities to restrict reasonable growth, most of the committee did not wish to upset the partnership that exists between the state and local communities with regard to the regulation of sewage disposal systems. Vote 12-5.

Rep. William E. Williams, Jr. for the Minority of Resources, Recreation and Development: The minority of the committee, being unable to agree with the majority, believes that this bill is a basic, simple bill which brings the entire state in line with the present technical standards as enforced by the New Hampshire Department of Environmental Services. This is not a "home rule" issue. Rather, it is an attempt to standardize septic statutes in a similar manner as we now treat clean air, clean water, etc.

Reps. Adler and William Williams spoke against.

Reps. Whalley and Metzger spoke in favor and yielded to questions.

On a division vote, 268 members having voted in the affirmative and 42 in the negative, the majority report was adopted.

HB 560-FN, relative to penalties for introduction of boats and seaplanes from waters infested with milfoil or zebra mussels into clean lakes or ponds. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: REFER FOR INTERIM STUDY.

Rep. David M. Lawton for the Majority of Resources, Recreation and Development: While the majority of the committee believes that the problems associated with milfoil and zebra mussels are very serious concerns for our lake resources, we firmly believe that this legislation isn't needed at the present time. HB 181, Chapter 185 of 1997 was an important effort by this Legislature to address the issues of milfoil infestation. Chapter 185 already makes it illegal to sell, import, possess, distribute or transport exotic aquatic species (milfoil). Further, it provides for a \$1.50 increase in boat registration fees to help control milfoil infestation. Until the results of our efforts of last session become clear, further action is unnecessary. Vote 10-7.

Rep. Sidney Lovett for the Minority of Resources, Recreation and Development: The exotic weed milfoil is contaminating the lakes of New Hampshire. It is currently in 30 lakes or ponds – an increase of 15% in 1997. The minority believes that this fact and the proximity of zebra mussels (Vermont) should require the legislature to maintain a committee for study and the development of appropriate strategies to preserve New Hampshire lakes. The minority recommends interim study.

Rep. Lovett spoke against.

Rep. David Lawton spoke in favor and yielded to questions.

Majority report adopted.

HB 485, relative to limited electrical energy producers. OUGHT TO PASS WITH AMENDMENT

Reps. Donald B. White, Anne C. Grassie and Jeb E. Bradley for Science, Technology and Energy: There are three major provisions of this bill. First there are legislative guidelines for net energy metering. This metering occurs when an extremely small generator of electricity, primarily using wind or solar power, uses less energy than such a system produces on an instantaneous basis. The excess energy flows into the distribution network and runs the homeowners' meter backwards, allowing an offset against consumption at other times. PSNH currently allows this practice for a handful of residences that can produce up to 25 kilowatts of power. The net impact in terms of cost to the electric system is extremely small, but the practical impact would be to encourage people to explore and install renewable energy technology. This amendment limits the total amount of kilowatts of such generating capacity that can use net energy metering. The second provision of the bill removes the requirement from state law that a utility must purchase new sources of independent power, such as hydro or wood energy, once competition in the electric industry actually commences. This requirement, as well as similar federal legislation enacted in the late 1970s, has led to the growth of renewable independent power but has proven to be very costly for N.H. customers. Much of the independent power cost problem for PSNH customers can be traced directly to projected costs of energy that PSNH and the Public Utilities Commission agreed to in a 1983

Commission docket. These high projected costs not only were used to justify continued Seabrook construction but also created an incentive for wood to energy plants to locate in PSNH's service territory. The committee believes it is time to end this practice of future mandatory power purchases, as all sources of power generation should be subject to competitive market forces. The third component of the bill involves existing purchases of independent power. In 1994 the legislature passed SB 790, which barred the buyout of any rate orders for the six remaining wood to energy plants. At the time, SB 790 was necessary to facilitate negotiations between PSNH and the six wood plants to lower their cost to ratepayers. Partial buydowns of these rate orders have been negotiated and are pending approval at the Commission. Even though there would be significant ratepayer savings with buydowns, greater savings might be achieved with rate order buyouts. The committee believes that it is appropriate to eliminate the prohibition on buyouts once competition exists, should any of the plants choose that as an option. Because a buyout could lead to a wood plant closure, there could be an impact on the forest products industry. The committee mitigated this possible impact by allowing only one potential buyout per year. Unlike 1994, once electric industry competition begins, these wood to energy plants as well as all other sources of renewable energy, both new and existing, will be able to sell to willing buyers. Results from the N.H. Pilot Program suggest at least some consumers will choose to purchase this type of power. Vote 17-0.

Amendment (0188h)

Amend the bill by replacing all after the enacting clause with the following:

1 Limited Electrical Energy Producers Act; Declaration of Purpose. Amend RSA 362-A:1 to read as follows:

362-A:1 Declaration of Purpose. It is found to be in the public interest to provide for small scale and diversified sources of supplemental electrical power to lessen the state's dependence upon other sources which may, from time to time, be uncertain. It is also found to be in the public interest to encourage and support diversified electrical production that uses indigenous and renewable fuels and has beneficial impacts on the environment and public health. *It is also found that these goals should be pursued in a competitive environment pursuant to the restructuring policy principles set forth in RSA 374-F:3. It is further found that net energy metering for eligible customer-generators may be one way to provide a reasonable opportunity for small customers to choose interconnected self generation, encourage private investment in renewable energy resources, stimulate in-state commercialization of innovative and beneficial new technology, enhance the future diversification of the state's energy resource mix, and reduce interconnection and administrative costs. However, due to uncertain cost and technical impacts to electric utilities and other ratepayers, the general court finds it appropriate to limit the availability of net energy metering to eligible customer-generators who are early adopters of small-scale renewable electric generating technologies.*

2 New Paragraphs; Limited Electrical Energy Producers Act; Definitions; "Eligible Customer-Generator" Added. Amend RSA 362-A:1-a by inserting after paragraph II the following new paragraphs:

II-a. "Electricity suppliers" has the same meaning as in RSA 374-F:2, II.

II-b. "Eligible customer-generator" means an electric utility customer who owns and operates electrical generating facilities powered by solar, wind, and/or hydro energy with a total peak generating capacity of not more than 25 kilowatts that is located on the customer's premises, is interconnected and operates in parallel with the electric grid, and is intended primarily to offset part or all of the customer's own electricity requirements.

3 New Paragraph; Limited Electrical Energy Producers Act; Definitions; "Net Energy Metering" Added. Amend RSA 362-A:1-a by inserting after paragraph III the following new paragraph:

III-a. "Net energy metering" means measuring the difference between the electricity supplied over the electric distribution system and the electricity generated by an eligible customer-generator which is fed back into the electric distribution system over a billing period.

4 New Paragraph; Limited Electrical Energy Producers Act; Definitions; "Qualifying Facility" Added. Amend RSA 362-A:1-a by inserting after paragraph VII the following new paragraph:

VII-a. "Qualifying facility" means either or both of a qualifying small power production facility or qualifying cogeneration facility.

5 Limited Electrical Energy Producers Act; Purchase of Output by Private Sector; Additional Authority. Amend the introductory paragraph of RSA 362-A:2-a, I to read as follows:

I. A limited producer of electrical energy shall have the authority to sell its produced electrical energy to not more than 3 purchasers other than the franchise electric utility, *unless additional authority to sell is otherwise allowed by statute or commission order*. Such purchaser may be any individual, partnership, corporation, or association. *The commission may authorize a limited producer, including eligible customer-generators, to sell electricity at retail, either directly or indirectly through an electricity supplier, within a limited geographic area where the purchasers of electricity from the limited producer shall not be charged a transmission tariff or rate for such sales if transmission facilities or capacity under federal jurisdiction are not used or needed for the transaction.* The public utilities commission shall review and approve all contracts concerning a retail sale of electricity pursuant to this section. The public utilities commission shall not set the terms of such contracts but may disapprove any contract which in its judgment:

6 Limited Electrical Energy Producers Act; Purchase of Output by Public Utilities; New Purchases Not Required After Competition Certified. Amend RSA 362-A:3 to read as follows:

362-A:3 Purchase of Output of Limited Electrical Energy Producers by Public Utilities.

I. The entire output of electric energy of such limited electrical energy producers, if offered for sale to the electric utility, shall be purchased by the electric public utility which serves the franchise area in which the installations of such producers are located.

II. *No purchases and related transactions involving qualifying facilities shall take place under RSA 362-A:3 or RSA 362-A:4 in any location where retail electric competition is certified to exist pursuant to RSA 38:36, unless such purchase or related transaction is pursuant to:*

(a) *Commission orders or agreements providing for qualifying facility power sales existing prior to such certification;*

(b) *Negotiated qualifying facility power purchase contracts existing prior to such certification; or*

(c) *Commission orders or agreements resulting from the renegotiation of orders, agreements, or contracts referenced in subparagraphs (a) and (b).*

7 Limited Electrical Energy Producers Act; Payment by Public Utilities for Purchase of Output; Payments After Competition Certified. Amend RSA 362-A:4 to read as follows:

362-A:4 Payment by Public Utilities for Purchase of Output. Public utilities purchasing electrical energy in accordance with the provisions of this chapter shall pay rates per kilowatt hour to be set from time to time by the commission. Such rates shall be based on the purchasing utility's avoided costs. The commission may set long term rates which shall, at the option of the qualifying small power producer or qualifying cogenerator, be based on the purchasing utility's avoided costs either calculated for the time of delivery or calculated for a specified term at the time the qualifying small power producer or qualifying cogenerator agrees to be obligated to deliver for the specified term. Nothing in this section shall limit the authority of any electric utility or any qualifying small power producer or qualifying cogenerator to agree to a rate for any purchase which differs from the rate or terms or conditions which would otherwise be required by the commission. *No payments or rates shall be required by this section in locations where retail electric competition is certified to exist pursuant to RSA 38:36, unless such payments or rates are pursuant to an arrangement authorized by RSA 362-A:3.*

8 Limited Electrical Energy Producers Act; Consideration by the Commission; Existing Order or Agreement. Amend RSA 362-A:4-c to read as follows:

362-A:4-c Consideration by the Commission. The commission shall independently and expeditiously consider any mutually acceptable agreement *for the buydown, buyout, or renegotiation of any existing commission order providing for qualifying facility power sales or power purchase agreement* regardless of the status of any other such pending renegotiations. *No complete buyout shall be approved until competition is certified to exist in at least 70 percent of the state pursuant to RSA 38:36, and provided that restrictions are not placed on selling the output of the qualifying facility in a competitive generation market pursuant to RSA 374-F. The commission shall not approve more than one complete buyout of a wood-fired qualifying facility in any 12-month period, unless the commission finds that such additional complete buyouts would cause no significant adverse impact on the forest products industry in New Hampshire.*

9 New Subparagraph; Limited Electrical Energy Producers Act; Payment Obligations; Commission Considerations; Electric Rates Added. Amend RSA 362-A:8, II(b) by inserting after subparagraph (4) the following new subparagraph:

(5) The impact on electric rates.

10 New Section; Limited Electrical Energy Producers Act; Net Energy Metering. Amend RSA 362-A by inserting after section 8 the following new section:

362-A:9 Net Energy Metering.

I. A standard contract or tariff providing for net energy metering shall be developed and made available to eligible customer-generators by each electric distribution utility within 6 months of the start of retail choice of electric suppliers. Such tariffs or contracts shall be available on a first-come, first-served basis within each electric utility service area under the jurisdiction of the commission until such time as the total rated generating capacity owned and operated by eligible customer-generators totals 0.05 percent of the annual peak energy demand distributed by each such utility as determined by the commission from time to time.

II. Net energy metering shall be accomplished using a single meter capable of registering the flow of electricity in two directions. However, an additional meter or meters to monitor the flow of electricity in each direction may be installed, provided that it is not at the expense of the customer-generator unless requested by the customer-generator, and provided that such metering shall be used only to provide the information necessary to accurately bill the customer-generator pursuant to the provisions of this section, or for research purposes. If an additional meter or meters are installed, the net energy metering calculation shall yield the same result as when a single meter is used. The net energy metering calculation shall be made by taking the difference between the electricity supplied over the electric distribution system and the electricity generated by the eligible customer-generator and fed back into the electric distribution system over the billing period.

III. Each net energy metering contract or tariff offered by an electric distribution utility shall be identical, with respect to rates, rate structure, and periodic charges, to the contract or tariff to which the same customer would be assigned if such customer was not an eligible customer-generator. Electricity suppliers may voluntarily determine the terms, conditions, and prices under which they will agree to provide generation supply to and purchase net generation output from eligible customer-generators; however, electricity suppliers who provide default service or transition service to such a customer shall only bill for the net energy supplied as calculated in accordance with this section.

IV. The following rules shall apply to net energy measurement:

(a) The net energy produced or consumed on a monthly basis shall be measured in accordance with normal metering practices.

(b) Where the electricity supplied to the customer-generator over the electric distribution system exceeds the electricity generated by the customer-generator during the billing period, the customer-generator shall be billed based on the net energy supplied for distribution services and other charges in accordance with this section and standard applicable rates.

(c) Where the electricity generated by the customer-generator exceeds the electricity supplied by the electric grid, the customer-generator shall be credited during the next billing period for the excess kilowatt hours generated in accordance with this section.

V. The commission shall adopt rules, pursuant to RSA 541-A, to establish reasonable inter-connection requirements for safety, reliability, and power quality as it determines the public interest requires.

VI. The commission, by order, may waive any of the limitations set forth in this chapter for targeted net energy metering arrangements that are part of a utility strategy to minimize distribution costs.

11 Report by Commission on Net Energy Metering. Within 6 months after the limit on the availability of net energy metering set forth in RSA 362-A:9, I, as inserted by section 10 of this act, is reached in one or more electric utility service areas, the commission shall submit a report to the legislative oversight committee on electric utility restructuring, the house science, technology and energy committee, and the senate executive departments and administration committee. The report shall concern the results and effects of net energy metering arrangements to date, including a summary of information available from participating utilities, electricity suppliers, and eligible customer-generators, and may recommend continuing or modifying the limits set forth in RSA 362:9, I and RSA 362-A:1-a, II-b.

12 Intent of Repeal of RSA 362-A:4-b. The repeal of RSA 362-A:4-b is intended to allow for mutually acceptable buyouts. However, the prospect of possible buyouts of existing commission

orders providing for qualifying facility power sales as an alternative to the negotiated agreements for buydowns pending before the commission on or before the effective date of this act, or subsequent modifications of those negotiated agreements, shall not be considered by the commission as a factor in its determination of whether Northeast Utilities has used its "best efforts" to renegotiate existing commission orders providing for qualifying facility power sales pursuant to its obligations under the rate agreement referenced in RSA 362-C.

13 Repeal. RSA 362-A:4-b, relative to buyout of existing rate orders, is repealed.

14 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill provides for the buyout of public utility purchase obligations from limited electrical energy producers after competition is certified to exist. This bill also provides for net energy metering and agreements between eligible customer-generators and electric utilities. This bill also provides for additional selling authority by limited electrical energy producers and repeals the existing statute relative to buyout of existing rate orders.

Adopted.

Report adopted and ordered to third reading.

Rep. Crowell declared a conflict of interest and did not participate.

HCR 12, urging ratification of the Convention for the Elimination of All Forms of Discrimination Against Women. **OUGHT TO PASS WITH AMENDMENT**

Rep. Rita G. MacAuslan for State-Federal Relations and Veterans Affairs: The committee, with the approval of the sponsors, amended this resolution, which originally urged the US Senate to ratify the UN Convention on the Elimination of All Forms of Discrimination Against Women, to urge that the CEDAW be considered instead. The majority of the committee agrees with the amendment that CEDAW, which was signed by the US in 1980, passed from the Senate Foreign Relations Committee (13-5) to the full Senate in 1994, then referred back to committee due to its lateness, should be reconsidered and voted on by the Senate. Vote 10-6.

Amendment (0165h)

Amend the title of the resolution by replacing it with the following:

A RESOLUTION urging the United States Senate to consider the Convention on the Elimination of All Forms of Discrimination Against Women.

Amend the resolution by replacing all after the title with the following:

Whereas, in 1980 the United States of America was a signatory to the Convention on the Elimination of All forms of Discrimination Against Women; and

Whereas, in 1994 the Senate Foreign Relations Committee voted 13-5 on the measure and it was sent to the floor but not considered because of lateness; and

Whereas, since the Senate Foreign Relations Committee has not reconsidered the treaty; and

Whereas, Legislatures issue rights of great significance to citizens and the world; now therefore, be it

Resolved by the House of Representatives, the Senate concurring:

That the general court of the state of New Hampshire strongly urges the United States Senate to consider the Convention on the Elimination of All Forms of Discrimination Against Women; and

That a copy of this resolution be sent by the clerk of the house of representatives to the President of the United States, with a copy to the Secretary of State, to each member of the United States Senate Foreign Relations Committee, and to each member of the New Hampshire Congressional delegation.

AMENDED ANALYSIS

This house concurrent resolution urges consideration by the United States Senate of the Convention for the Elimination of All Forms of Discrimination Against Women.

Adopted.

Rep. Luebker spoke against.

Rep. Murch spoke against and yielded to questions.

Rep. Pfaff spoke in favor.

Rep. Luebker requested a roll call; sufficiently seconded.

The question being the adoption of the report.

and the report was adopted.
Ordered to third reading.

HB 712, relative to the purchase, preservation, and reactivation of abandoned railroad rights-of-way and limiting railroad liability for passenger rail service. **INEXPEDIENT TO LEGISLATE** Rep. John W. Flanders for Transportation: It was the feeling of the committee that two prior decisions by the State Supreme Court finding it unconstitutional to implement medical liability caps and that this bill would not pass constitutional muster. Vote 13-2.
Adopted.

RESOLUTION

Rep. Wheeler offered the following: **RESOLVED**, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet Thursday, January 29, 1998 at 10:00 a.m.
Adopted.

LATE SESSION**Third reading and final passage**

HCR 21, encouraging the designation of the Connecticut River as an American Heritage River.
HB 721, authorizing municipalities to restrict the advertising of alcohol and tobacco through the exercise of zoning powers.
HB 535, relative to the regulation of architects.
HB 676-FN-L, relative to distribution of proceeds from the sale of tax-deeded property and repurchase of tax-deeded property by a former owner.
HB 371, relative to the authority of the department of fish and game to regulate the management, preservation, propagation, and taking of state fish, game, and wildlife resources.
HB 443, relative to push-polling.
HB 659, modifying restrictions on televised political advertising.
HB 497, excluding domestic septage from regulation as sludge or biosolids.
HB 717-FN-A, relative to taxation of qualified investment capital companies.
HB 490, relative to the confidentiality of medical information.
HB 485, relative to limited electrical energy producers.
HCR 12, urging the United States Senate to consider the Convention on the Elimination of All Forms of Discrimination Against Women.

UNANIMOUS CONSENT

Reps. L'Heureux, Rose Marie Rogers and Jacobson addressed the House.

RECONSIDERATION

Having voted with the prevailing side, Rep. Wallin moved that the House reconsider its action whereby it found **HB 198-L**, allowing municipalities to offer tax incentives to foster growth in new and existing industrial construction, Inexpedient to Legislate and spoke against. Reconsideration failed.

RECESS MOTION

Rep. Wheeler moved that the House stand in recess for the purpose of introduction of bills, enrolled bill amendments and enrolled bill reports only.

Adopted.

The House recessed at 4:20 p.m.

RECESS

(Rep. Franks in the Chair)

RESOLUTION

Its introduction having been approved by the Rules Committee:

Rep. Burling offered the following: RESOLVED, that in accordance with the list in the possession of the Clerk, House Bill numbered 1658, shall be by this resolution read a first and second time by the therein listed title, sent for printing, and referred to the therein designated committee.

Adopted.

INTRODUCTION OF HOUSE BILL

First, second reading and referral

HB 1658-FN, relative to prohibiting the cloning of human beings in New Hampshire. (Cushing, Rock 22: Health, Human Services and Elderly Affairs)

RECESS

(Rep. David Welch in the Chair)

RESOLUTION

Its introduction having been approved by the Rules Committee:

Rep. Lyman offered the following: RESOLVED, that in accordance with the list in the possession of the Clerk, House Bill numbered 1025, shall be by this resolution read a first and second time by the therein listed title, sent for printing, and referred to the therein designated committee.

Adopted.

INTRODUCTION OF HOUSE BILL

First, second reading and referral

HB 1025-FN, relative to capital murder, first degree murder, and second degree murder. (Lozeau, Hills 30; Knowles, Straf 11; Lyman, Carr 5; Simmons, Rock 25; Pepino, Hills 40; Russman, Dist 19; J. King, Dist 18: Criminal Justice and Public Safety)

RECESS

(Rep. Hess in the Chair)

RESOLUTION

Its introduction having been approved by the Rules Committee:

Rep. Noyes offered the following: RESOLVED, that in accordance with the list in the possession of the Clerk, House Bill numbered 1659, shall be by this resolution read a first and second time by the therein listed title, sent for printing, and referred to the therein designated committee.

Adopted.

INTRODUCTION OF HOUSE BILL**First, second reading and referral**

HB 1659, prohibiting the use of eminent domain powers by public utilities to take private property for the construction and operation of electric generating plants. (Cushing, Rock 22; Buckley, Hills 44; Hollingworth, Dist 23: Science, Technology and Energy)

RECESS

(Rep. Searles in the Chair)

RESOLUTION

Its introduction having been approved by the Rules Committee:

Rep. Ameen offered the following: **RESOLVED**, that in accordance with the list in the possession of the Clerk, House Bill numbered 1660, shall be by this resolution read a first and second time by the therein listed title, sent for printing, and referred to the therein designated committee.
Adopted.

INTRODUCTION OF HOUSE BILL**First, second reading and referral**

HB 1660-FN-L, relative to defining educational adequacy within the public school system. (Searles, Hills 23; Guest, Graf 10: Education)

RECESS

(Speaker Sytek in the Chair)

Rep. Lozeau moved that the House adjourn.
Adopted.

HOUSE JOURNAL No. 3

Thursday, January 29, 1998

The House assembled at 10:00 a.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Her Excellency, Governor Jeanne Shaheen, joined the Speaker on the rostrum for the day's opening ceremonies.

Prayer was offered by Guest Chaplain, Reverend Hays Junkin from St. Andrew's Episcopal Church in Hopkinton.

Compassionate God, on this beautiful New Hampshire day, we give You thanks for our many blessings. We ask that You bless the members of this General Court as they seek to represent the peoples of their communities. Bless their families and those they love. Be present today with those Representatives who are facing any personal pain or illness. Before we continue the work of this busy day, lift the eyes of our hearts to see the faces of all New Hampshire citizens: the young and the elderly, the powerful and the weak, the well connected and the disconnected, those in the majority and those in the minority. We especially lift up to Your care those communities damaged by severe winter weather. May the decisions made here today be for the common good of all Your people, and may Your commandments that we love You with all our heart, soul and mind, and our neighbors as ourselves, be the guiding lights of this chamber. Amen.

Rep. McCarty led the Pledge of Allegiance.

LEAVES OF ABSENCE

Reps. Brennan, George Brown, Champagne, Patricia Cote, Fenton, Ferguson, Robert Foster, Gagnon, Golden, Gosselin, Healy, Robert Johnson, Metzger, Pepino, Root, Russell, Paul Taylor and Turner, the day, illness.

Reps. Mary Brown, Colburn, Connolly, Copenhaver, Donovan, David Flanders, Haley, Kenneth MacDonald, Simmons and Veazey, the day, important business.

Reps. Horton and O'Keefe, the day illness in the family.

INTRODUCTION OF GUESTS

Jeanne Wheeler, wife of Rep. Wheeler. Former NH Rep. Walter Stiles, guest of the House.

SPECIAL GUESTS

Claire and Roland Jutras from Peterborough, National Parents of the Year.

COMMITTEE ASSIGNMENT

Rep. Lawrence V. Guaraldi on Wildlife and Marine Resources.

ENROLLED BILL AMENDMENT

SB 84, revising the uniform simultaneous death act. (Amendment printed SJ 2, 1/29/98)
Adopted.

REVENUE ESTIMATES

Rep. Weyler spoke to the Revenue Estimates and yielded to questions.

The Revenue Estimates dated January 29, 1998 are printed on the following pages.

STATE OF NEW HAMPSHIRE
HOUSE FINANCE COMMITTEE REPORT
January 29, 1998

	(A) FY 1997		(B) Official Estimate		(C) FY 1998 Committee Estimate		(D) Variance		(E) Official Estimate		(F) FY 1999 Committee Estimate		(G) Variance

**LEGISLATIVE ETHICS COMMITTEE
SPECIAL REPORT TO THE SPEAKER OF THE
HOUSE OF REPRESENTATIVES**

I. Introduction

The Legislative Ethics Committee received nine separate complaints in March of 1997 regarding the actions of Representative Roland E. Hemon in filing House Resolution 16, a resolution urging that impeachment proceedings be instituted against Strafford County Probate Court Judge Gary R. Cassavechia.

Following a review of the complaints, the Committee conducted a preliminary investigation, in accordance with its procedural rules, and voted unanimously to institute formal proceedings to inquire into the complaint. A formal statement of charges and notice of hearing was first sent by certified mail to Representative Hemon on April 10, 1997. Representative Hemon refused receipt of the mail on three different occasions. On April 24, 1997, Representative Hemon was served by the Strafford County Sheriff's Department with the Notice of Hearing and Formal Statement of Charges. Because of the delay in service, the Committee rescheduled the hearing to May 27, 1997. On May 20, 1997, Rep. Hemon requested that the hearing again be rescheduled pending an appeal to the Governor and Council on his request for representation by the Attorney General's Office. The Committee granted his request on May 21, 1997. His appeal was subsequently denied by the Governor and Council and the Committee opened the hearing on June 2, 1997 and received evidence on June 2, June 4, and June 9. Midway through the first day of the hearing, the Ethics Committee granted Representative Hemon's request that he be represented by Representative William McCann.

II. Complaints

The complaints alleged that Rep. Hemon violated the principles set forth in the Ethics Guidelines, Section 1, I, Principles of Public Service, relating to the legislative office as a public trust and engaged in the prohibited activities set forth in Section 4, II (c) and III of the Ethics Guidelines.

III. Findings of Fact

House Resolution 16 was filed by Representative Hemon for consideration by the New Hampshire House of Representatives during its 1997 session. This resolution is the first step required in the process established under the Constitution for removing a current judge from office (Part II, Articles 17 and 38).

The House Committee on Judiciary and Family Law held a hearing on House Resolution 16 on February 24, 1997 and voted 13-0 to report it as inexpedient to legislate on March 6, 1997. On March 19, 1997, the House voted 286-51 against recommitting the bill. The committee report of inexpedient to legislate was then adopted by voice vote.

House Resolution 16 is the third attempt by Representative Hemon to seek the impeachment of Judge Cassavechia in the last 4 years. All of these resolutions result from rulings which Judge Cassavechia has issued in a Strafford County Probate Court case involving the guardianship and subsequent administration of the estate of Representative Hemon's mother.

At some time after the Probate Court proceedings began, Representative Hemon raised the question of the Court's personal jurisdiction over his mother, contending that she was a resident of Maine at the time the guardianship proceedings commenced. The Court ruled against him. Representative Hemon has filed at least thirteen appeals with the New Hampshire Supreme Court on this matter as well as seeking review in the Federal Court system. On the twelve occasions in which the New Hampshire Supreme Court has ruled, it has found no error in Judge Cassavechia's finding that the Probate Court had personal jurisdiction over Mrs. Hemon. The thirteenth appeal was filed this spring and is currently being considered by the Court. The Federal Court also found no error.

IV. Rulings

Section 1, Principles of Public Service, Section I, Public Office as a Public Trust, provides that : Legislators should treat their office as a public trust, only using the powers and resources of public office to advance public interests, and not to attain personal benefits or pursue any other private interest incompatible with the public good.

In filing House Resolution 16, Representative Hemon has again used his public office to pursue a private interest, that of penalizing the judge who made rulings unfavorable to Representative Hemon, in a manner incompatible with the public good. Although review of the judicial process and pro-

posed court reforms are appropriate matters for consideration by this legislature, the continual filing of the same resolution based on the same set of facts against the same judge constitutes both harassment and retaliation by Representative Hemon. The power to file such a resolution derives directly from Rep. Hemon's membership in the House and is a clear conflict of interest due to the personal involvement of Representative Hemon in this matter.¹

Section 4, II (c) provides:

In dealing with state agencies, legislators shall not...threaten a state agency or its employees with reprisals or promised inducements of any kind to influence agency decisions so as to obtain special personal benefits for the legislator, the legislator's immediate family, or for certain constituents which would not be available to others under similar conditions.

Although Representative Hemon contended that the Court would not be considered a state agency under these rules, the Committee found that this provision was intended to prevent the exertion of undue influence against any state agency regardless of the branch of government. Because the legislature has control over the appropriation of money to the judicial branch and indeed the power to remove judges from office, the application of this provision must necessarily extend to the courts. Filing this resolution constitutes a reprisal against the judge who presided over the matter involving Representative Hemon's mother. Representative Hemon's unhappiness with the Court's order denying his request to be appointed his mother's guardian has resulted in over a decade of litigation and a protracted effort by Representative Hemon to seek retribution against Judge Cassavechia. Such actions clearly violate the prohibited activities provisions of the Guidelines.

Section 4, III provides:

Legislators shall not use their public position or office to obtain anything of value for the private benefit of the legislator or the legislator's immediate family.

Although Representative Hemon argued that he would obtain nothing of value if House Resolution 16 were to pass, it is the Committee's finding that the value to him of the retribution might well outweigh any conceivable monetary benefit he might have received had he been appointed guardian. Because of his position as a legislator, Representative Hemon has been able to continually threaten Judge Cassavechia with impeachment based for the most part on actions which Judge Cassavechia took in 1984. Such a continued abuse of power is clearly violative of our Ethics Guidelines.

V. Conclusion

House Resolution 16 seeks the same result as the resolutions which Representative Hemon filed in 1996 and 1994. In 1994, the Committee recommended that Rep. Hemon be reprimanded, an action which the House took on June 18, 1994. In 1996, this Committee recommended that Representative Hemon be censured. Because that ruling was issued after the House had adjourned for the biennium, the recommendation was never taken up by the House. The Ethics Committee finds by clear and convincing evidence that House Resolution 16 again violates the very same provisions of the Ethics Guidelines for which Representative Hemon was cited before.

In determining our recommendation for action based on these repeated violations, the committee has considered not only the repeated warnings of this committee, but also the effect of the continual filings of this resolution on Judge Cassavechia. (The Ethics Committee notes the advice which Representative Hemon received this session from the House Democratic Leader that if Representative Hemon persisted in this conduct, he might face expulsion by the House of Representatives. The Democratic Leader was called by Representative Hemon as a witness in the proceeding before the Ethics Committee with no notice and apparently to specifically address the advice he gave to Representative Hemon about the possible result of his actions.)

No State or Federal Court has found any ruling of Judge Cassavechia in Representative Hemon's matter to be in error; indeed, the rulings of Judge Cassavechia have been sustained at every appeal. The Ethics Committee does not have to reach the issue of what sort of ruling could be so wantonly and egregiously erroneous as to warrant impeachment. Accordingly, it appears to this Committee that the impeachment legislation is groundless.

The conduct of Representative Hemon in 1994 might charitably be viewed as misguided. Representative Hemon is not a lawyer and perhaps did not fully understand the case in which he is involved

¹While no complainant raised the provisions of Part Two, Section 1, II of the Ethics Guidelines, the Committee notes that Representative Hemon's actions also violated this section. Given the lack of discussion of this particular section during the proceedings, however, the committee did not take this violation into consideration in reaching its conclusions.

or the role of the judiciary in our form of government. He may have seen himself, as did some of his witnesses, as taking an appeal to another, perhaps more friendly forum. The Ethics Committee viewed his actions as an abuse of legislative power for personal ends and acted accordingly.

The subsequent actions of Representative Hemon have demonstrated that he has no intention of abating his involvement in legislation to impeach Judge Cassavechia, nor even of waiting until a federal or state court has found Judge Cassavechia in error in the underlying matter. Accordingly, given the uncontroverted evidence of Representative Hemon's conflict of interest in this matter, the Committee has been left with little choice but to recommend the following course of action:

If Representative Hemon were to represent to the Ethics Committee, Speaker of the House and Senate President in writing by 10:00 a.m. on January 29, 1998 that he would not introduce, sponsor or co-sponsor legislation to impeach Judge Cassavechia the Ethics Committee would recommend that he be censured by the House. Failing such a written commitment, however, the Ethics Committee recommends the expulsion of Representative Hemon from the New Hampshire House of Representatives.²

Dated at Concord, New Hampshire, this first day of July, 1997.

Respectfully submitted,

Rep. Jeb E. Bradley, Chairman

Rep. Jeb Bradley spoke in favor and yielded to questions.

Rep. Cobbin spoke against.

Rep. Woods spoke in favor.

Rep. Paula Bradley requested a roll call; sufficiently seconded.

The question being the ratification, as per RSA 14-B:4, VI, of the Ethics Committee report.

CENSURE

Speaker Sytek: Rep. Hemon is hereby censured and a copy of the Ethics Committee Report will be printed in the House Journal.

REMARKS

Rep. Bonneau moved that all remarks made regarding the Special Report from the Ethics Committee be printed in the Journal.

Adopted.

Rep. Jeb Bradley: Thank you very much, Madam Speaker. Let me very briefly, if I might, try to recapitulate the facts in the case. They are not really in dispute but should be made known to the membership. In 1994, 1996 and 1997, Rep. Hemon filed similar resolutions urging the impeachment of the Strafford County Probate Court judge. In the 1980s, Rep. Hemon had had a case in front of that judge. In 1994, after a complaint to the Ethics Committee, the Committee recommended a reprimand and the House overwhelmingly voted to back the Ethics Committee report. In 1996, the Ethics Committee, after Rep. Hemon filed a similar resolution, voted to censure him. As the House was not in session, that report could not be taken up. In 1997, a similar resolution was filed. Nine members of the Judiciary Committee filed a complaint with the Ethics Committee. There was a proceeding held in June and July. The hearing went on over three days. There were 250 pages of transcript. You have before you the report that is in today's calendar. Rep. Hemon, when he testified, claimed that he was pursuing this action based on what he perceived his rights to be under Article I, Part 30 of our Constitution, the free speech section of the constitution, which he claimed gave him the ability to pursue this action. Rep. Hemon further testified that as he was receiving no monetary benefit from this action that there was, in fact, no conflict of interest. The nine members of the Judiciary Committee who filed the complaint held, in their testimony, that we, as members of the General Court, need to treat our office as a public trust and that Rep. Hemon had broken that public trust because he was pursuing a private agenda in a public forum. Those members of the Judiciary Committee who filed the complaint indicated that Rep. Hemon was seeking retribution and that was the benefit that he was receiving. Rep. Hemon asked Rep. Burling to testify in his behalf. I believe Rep. Burling's testimony was telling. Rep. Burling stated that we, as members of the legislature, have broad latitude under the Constitution for free speech but that that does not allow us to settle personal disputes and private interests as members of the Legislature. Finally, the nine members of the Judiciary Committee who filed the complaint asked, in their testimony, that we do everything that we could as an Ethics Committee to prevent Rep. Hemon from filing this particular resolution against this particular judge should he continue to be a member of the legislature. When we questioned both Rep. Hemon and the members who filed the complaint, we asked Rep. Hemon to show how the administration of this judge was corrupt which is what he had expressed in the 1997 resolution. His answer was the particulars of his case wherein Rep. Hemon alleged that this judge had broken the law, were proof that this judge deserved an impeachment proceeding. The Committee made note of the fact that through 13 separate appeals, in not only the New Hampshire Supreme Court but the federal court venue, not once had the Probate Court Judge in Strafford County decisions ever been overturned. The Committee is also well aware that the Supreme Court has, as of last week, decided the latest appeal against Rep. Hemon. Lastly, the most salient point that the Ethics Committee, I believe, asked was of Rep. Hemon, would he at some point agree to cease filing an impeachment resolution, this particular one against this particular judge. As of yesterday afternoon, I have a letter from Rep. Hemon copied to the Speaker and the Senate President, wherein he agrees to not file this resolution against this particular judge concerning the jurisdiction of his (Hemon's) mother's estate which was the court case that had been in front of that judge. Those of you who have read the decision, I don't think I need to further elaborate on that. It is fairly clear. In conclusion, Madam Speaker, I would say that it is my opinion and the opinion of the other members of the Ethics Committee, by a majority, that Rep. Hemon, by virtue of having written that letter to me yesterday, has complied with the request, not only of the Ethics Committee but also the members of the Judiciary Committee who asked that he stop filing these impeachment resolutions. Madam Speaker, I would recommend and ask that the Legislature adopt the report of the Ethics Committee with the motion of that report being to censure Rep. Hemon and not expel Rep. Hemon.

Speaker Sytek. The question before the House is the adoption of Rep. Jeb Bradley's motion that the House ratify the report of the Ethics Committee under RSA 14-B:4 VI. The Chair recognizes the member from Canaan, Rep. Cobbin.

Rep. Cobbin. Thank you, Madam Speaker. Good morning. When I came to this House I saw a tail slithering out a door. It was a rat's tail. There was only one person trying to close the door on that

rat's tail and that was Rep. Hemon. I took Rep. Hemon under my wing because I had seen some of the fur of that rat when I was an intern in the Senate and how the fur of that rat would go in the cloak room and blackjack and libel and defame citizens who come and bring their issues to the legislature. I have defended Rep. Hemon and I'm the reason why you never got to vote on that 1996 complaint because I make people who stamp on people's rights pay for the ground they take. What we found in the last tribunal, that Ethics tribunal, it was being chaired by a lobbyist. We had a lobbyist who was going to decide what was ethical and what wasn't. Let's cut to the chase. A week or so ago the New Hampshire Court, after a long period of tortuous whining, had finally, supposedly, accepted Rep. Hemon's case for judicial review. They had used all their procedural gimmicks that lawyers are trained to use to avoid looking at the merits. I've read that opinion. It is a very interesting judicial opinion. When I went to law school, the expectation was taught that a good judicial opinion would lay out the facts and analyze them and apply the law. The key facts in Rep. Hemon's mother's estate is whether or not the court had jurisdiction. It is a very serious matter when courts behave without jurisdiction. I have seen the transcript where the reference is made to where the mother, if she were asked where her residence would be, said the state of Maine. I waited to see how the Supreme Court was going to find some evidence in the record and teach us how Rep. Hemon was mistaken and the evidence was somewhere in the record. I had actually hoped that they would do that. If it is there, show me. They didn't do that. What they did was a slight of hand that occurs in judicial opinions from time to time. They merely cite to the record, but nothing specific in the record, and say we agree with the trial judge. It is a conclusory statement. You have no way of independently verifying whether or not that opinion should be criticized or supported. The way the game is played here in this House, is the House Judiciary and the Ethics Committee will come up here and jingle jangle that a series of courts have refused appeal. Ipso facto, Roland Hemon is wrong. I submit to you that is a bunch of bunk. But there is something a lot more dangerous here. I believe even the folks pursuing this have realized they have a brinkmanship problem. They originally wanted to throw Roland out. There is a real serious question about power. As I have continued to testify before the Ethics Committee, if you don't like what Roland Hemon files move to Dover. The people of Dover have overwhelmingly continued to re-elect him irregardless of the state press hounding him, the democratic and republican leaderships hounding him, the people he represents agree and send him back. It is their choice. What this is all about is denying the people in that district the representation they elected because many of you people don't like who they elected or you don't like what his views are or the legislation he files. Everybody has been passing on these perfunctory censure motions, supposedly on the first time, on the second one you never had a chance. You have got to think that if you go down this road you are destroying this institution. There is not a collegial body when one group of legislators can generate a complaint against another group of legislators and attack them. This is a poison in this well. Not by Representative Hemon, but by people on the Judiciary Committee. They don't like him. They view anyone who says something about a judge must be wrong. I don't mind them having that opinion. That is their right. It is also Representative Hemon's right to file legislation. This House affirmed that when the original blackjack attempt was made, it was at the beginning of this session. I couldn't be here for that vote because I had a status conference over in federal district court on some matters associated with your election laws that are being contested. I was quite proud of the House when I came back to find that the House had realized the danger of not allowing Representative Hemon's filing to get past the first reading. I have put a lot of bills in. I have a little bit of a hard time remembering which ones I have been on and which ones I haven't after awhile. But, I do seem to recall both Representatives from Grafton District 11 co-sponsored the original bill. What I testified to when it was before House Judiciary is, all I've ever wanted to see is Representative Hemon to get a fair hearing on his allegations. I have never seen that. I am well aware, particularly now that I know some people on the committee better, of all the cat-calling and name-calling that goes on under the breath of people on House Judiciary. So, we are asked again to just continue rubber-stamping the efforts of some people in this House to restrain speech of other people in this House. What you do today to Roland Hemon, tomorrow may be done to you. Beware the fate of Cromwell and Brutus. He who swings the sword to silence dissent is a fool. Those who seek to silence Representative Hemon....

Rep. Dunn. Point of Order.

Speaker Sytek. Would the member suspend? What is your Point of Order.

Rep. Dunn. Thank you, Madam Speaker. As a member of the House I find it against the generally accepted rules of decorum to be talking about libel and rats and slight of hand. I think the language being used is pushing freedom of speech a little bit too far. I would ask for a ruling on continuing this type of presentation.

Thank you, Madam Speaker. I am going to withdraw my Point of Order. I have been assured that perhaps the member, whose name you are not supposed to mention because it says in this little box (Reference is to Page 1 of the day's Calendar) you have to be very careful, will conclude his remarks as soon as possible and will try to stick to the motion at hand.

Rep. Cobbin. Thank you. I am speaking to the motion at hand. Unfortunately, one of the problems is, with little decorum, we have put a representative's name in play. We put Representative Hemon's name in play. That is the problem when you go down this road, selectively trying to open it up on some and not others. This is a Pandora's Box that continues to be open if you close it. I am going to close with the same little speech I gave in the last biennium. If you have some personal animus toward me or someone else and you want to vote one way because of who the speaker is, go right ahead. I took an oath of office to uphold the Constitution of the United States Government of these United States and the State Constitution. I campaigned on reform, free speech and the problems that this House has with blackjacking its own members. I took out the 12-year incumbent doing that. People out there, they get it. I would urge you to take a long, cold moment of thought before voting one way or the other on this motion. I close in suggesting to you that if the Ethics Committee was so sure of its resolve, it would have pushed through and tried to remove Representative Hemon and provoke the constitutional challenge. I believe the Ethics Committee would ultimately lose. Thank you, Madam Speaker. I apologize if people find my remarks offensive, but it is best to be blunt.

Speaker Sytek. Would the member yield to questions? The member yields. Rep. McCann you may inquire.

Rep. McCann. Thank you, Madam Speaker. Thank you, Rep. Cobbin for yielding. Would you believe that when Representative Hemon was before the Ethics Committee, I acted as his lay counsel and defended him on the basis of Part I, Article 30 and all the other parts that Rep. Bradley mentioned a few minutes ago?

Rep. Cobbin. Yes, I do. I seem to recall you also relied on some of the United States Supreme Court precedents on free speech issues related to the legislatures.

Speaker Sytek. Would the member yield to a further question?

Rep. McCann. Would you further believe that after the Ethics Committee made its determination that, acting again on behalf of Representative Hemon, recognizing that he wants to continue pursuing judicial reform, I attempted to do what I could to see that he was not thrown out of this House? Would you believe that?

Rep. Cobbin. Yes, I do, Representative, and I believe you ably discharged that mission and I compliment you on your advocacy.

Speaker Sytek. Would the member yield to a further question? The member yields.

Rep. McCann. Would you believe that when the vote comes on censure, I will be voting for it?

Rep. Cobbin. You will be voting for it? That is your choice.

Speaker Sytek. Will the member yield to further questions? The member yields. Rep. Weber, you may inquire.

Rep. Weber. Thank you, Madam Speaker. I am not a lawyer, so my question is a question to the honorable member who is, who just spoke. I'm not sure that the Ethics Committee had a right to do this because members of this Ethics Committee served on the previous Ethics Committee that made this ruling so they were biased. I know that at the school board level, one cannot do that and I assume that the same holds true for other committees in the State of New Hampshire. I was wondering if this was a legal opinion based on the fact that members of the committee were biased?

Rep. Cobbin. I certainly question the bias of the committee. When you look at the history of its makeup you'll find that it has a very close allegiance with some of the complainants and offhand I seem to recall that even some of the complainants with some of these complaints have been members of that committee. I could be wrong on that. It has been a while since I looked at the file. I would agree with you, Representative Weber, that one of the problems that has continued to occur here is rather than have people satisfy a jury standard who haven't seen any of this stuff before, look at these ethics complaints. We seem to be retreading issues. What was more disturbing here also was that we were retreading issues when there was subject matter jurisdiction problems

in the original complaints. The Ethics Committee instituted proceedings the first time without a sworn complaint as required by the statute. It then created a committee generated complaint. I don't really see where they have the authority to do that. Now, we are back to the same old issue. If they are doing the complaining and the hearing, I think citizens out there can see that for what it is. Those are kangaroo courts.

Speaker Sytek. The Chair recognizes the member from Stratham, Rep. Woods.

Rep. Woods. Thank you, Madam Speaker. I simply rise in support of the Ethics Committee and their decision. But, more importantly, I rise in support of the tradition and the integrity of the House. If any one of you even thinks that there might be some credence to the remarks of the previous speaker, just come and sit in on a Judiciary and Family Law hearing. Come and sit in when we are hearing some of Rep. Cobbin's or Rep. Hemon's bills. Judge for yourself how fair and equitable the committee can be. I invite all of you. It is fun anyway. You should at least do it once. Thank you, Madam Speaker.

Speaker Sytek. The question before the House is on the adoption of Rep. Bradley's motion to ratify the report of the Ethics Committee. Are you ready for the question? Rep. Bradley would you yield to a question? The member yields. Rep. Dolan, you may inquire.

Rep. Dolan. Thank you, Madam Speaker. Could you please explain the findings of the three sections in the rules and what the punishment or ramifications are of each one of the three findings so that I can understand what I am voting for?

Rep. Jeb Bradley. Thank you, Representative. I am looking at Calendar 7. Some of you may have today's calendar. The three sections are: principals of public service; not threatening a state agency; and not using one's position as a member of the legislature to obtain anything of value for the private benefit of the legislator or his or her immediate family. I believe, representative, if you read the paragraphs on Calendar 7 on page 327 and 328 that it is quite clear what the Ethics Committee found. With regard to the second part of the question, that being, I believe, what constitutes censure, the Ethics RSA allows for three separate sanctions, if you will: reprimand, censure and expulsion. There are no specific sanctions that come with either reprimand or censure. So there is no specific loss of privilege that comes with either of those two penalties. I hope I have answered that question.

Speaker Sytek. The question before the House is Representative Jeb Bradley's motion to ratify the report of the Ethics Committee which recommends censure of Representative Hemon. Representative Paula Bradley has requested a roll call. Is that sufficiently seconded? It does not appear to be sufficiently seconded. It is sufficiently seconded. All members please take their seats. The question before the House is the adoption of Representative Jeb Bradley's motion to ratify the report of the Ethics Committee recommending that Representative Hemon be censured. A roll call has been requested. If you are in favor of that motion you will be pressing the green button. If you are opposed to that you will be pressing the red button. Are you ready for the question? Voting stations are open for 30 seconds. The House will be attentive to the state of the vote. 282 voting in the affirmative, 61 in the negative, the motion is adopted. Representative Hemon is hereby censured and a copy of the Ethics Committee report will be printed in the House Journal.

COMMITTEE REPORTS

CONSENT CALENDAR

Rep. Wheeler moved that the Consent Calendar with the relevant amendments as printed in the day's House Record be adopted.

HB 736-FN, increasing jurors' fees, removed by Rep. MacGillivray.

HB 1194, prohibiting a minor child from being forced to have visitation with an incarcerated parent, removed by Rep. Cushing.

HB 1342, allowing members of the house of representatives and senate to take courses at no cost, and for no credit at any state institution of higher education, removed by Rep. Burke.

HB 1206, affirming that it is the legislature's intent that new court facility construction costs reflect the needs and usage of the judiciary, removed by Rep. Rosen.

HB 1211-FN-A, appropriating startup funds for Governors state park in Laconia, removed by Rep. Rosen.

Consent Calendar adopted.

HB 1110, prohibiting telemarketers from blocking their telephone numbers. **INEXPEDIENT TO LEGISLATE**

Rep. Keith R. Herman for Commerce: The sponsor of the bill was unaware that this committee has already passed this legislation last session and that bill is now in the possession of the Senate. This bill is currently not necessary. Vote 16-0.

HB 1205-FN, making technical corrections to the securities laws. **OUGHT TO PASS**

Rep. David T. Mittelman for Commerce: This bill clarifies the language and framework of transaction exemptions and fee structures under the securities laws. Vote 17-0.

Referred to Finance.

HB 1108, relative to authority of the state fire marshal to adopt rules concerning permissible fireworks. **REFER FOR INTERIM STUDY**

Rep. Bruce F. Hunter for Criminal Justice and Public Safety: This bill transfers the authority to make rules relative to further classification of permissible fireworks from the commissioner of safety to the state fire marshal. It has been two years since the Department of Safety has presented the list of permissible fireworks to the Joint Legislative Committee on Administrative Rules as required under the present statute, RSA 160-B:23. The permissible fireworks review committee is made up of fire service personnel and members of the fireworks industry. There are voting members from the senate and house of representatives on the committee. During the last session and again during the present session the list of approved "safe and sane" permissible fireworks has been approved by passage of legislation which will sunset upon passage of the rules. The committee wants to find a better way to approve those firework devices that have been demonstrated to be safe and found to be permissible for sale to the public. This bill would have transferred the rule making authority to the fire marshal's office which has no personnel to fulfill this new responsibility. The commissioner of safety and the fire marshal have agreed to assist the committee in the writing of a new statute to better serve the public safety. Vote 17-0.

HB 1199, requiring that applicants for a concealed weapons license complete a gun safety course. **INEXPEDIENT TO LEGISLATE**

Rep. Walter J. Mikowski for Criminal Justice and Public Safety: This bill if enacted would require that applicants for a concealed weapons license complete a gun safety course. The sponsor was the lone support for the bill which drew hundreds of phone calls and over 150 citizens who were opposed to passage. The committee recognizes the value of instruction and training but courses of this type are currently available through a number of sporting clubs and many hundreds of firearms owners have taken the Hunter Safety Course offered through the state. This course teaches safe handling of firearms as part of its curriculum. The NRA and its affiliated sporting clubs offer courses for a minimum fee in most areas of the state. The National Safety Council reports that in 1950, there were 950 home accident deaths involving firearms out of 29,000 home accidental deaths reported for the entire nation. In 1994 the National Safety Council reported 900 home accident deaths involving firearms out of a total of 26,700 for the entire nation. The leading causes of home accidental deaths in each year were falls in the home, which for 1994 totaled 8,500. This is more than 9 times the total for firearm related deaths. The committee encourages all applicants for carry permits to seek training or instruction if they have had none, but does not feel that mandating a solution to a non existing problem is necessary. Vote 18-0.

HB 1200, prohibiting the manufacture, possession, or transfer of large capacity ammunition magazines. **INEXPEDIENT TO LEGISLATE**

Rep. Walter J. Mikowski for Criminal Justice and Public Safety: This bill would mandate that owners of pistol magazines that have a capacity in excess of ten rounds give up their property with no provision for compensation. There is no provision in the bill for law enforcement personnel to possess these devices although they are presently in use in some law enforcement agencies. The public hearing on this bill drew hundreds of phone calls expressing opposition and over 150 citizens, including law enforcement personnel, testified against passage. The sponsor was the only witness in favor. The committee saw no benefit from passage of such an all encompassing restriction. Vote 18-0.

HB 1306, adopting a conditional post-conviction release act. **INEXPEDIENT TO LEGISLATE**
Rep. Andrew Christie, Jr. for Criminal Justice and Public Safety: This bill would create a private "probation" entity. The new provisions call for conditional early release. Upon the decision of the releasing authority to return an inmate to society, the releasing authority may release a participant by requiring the posting of an early release bond by a surety. The releasing authority may set conditions of release, which conditions shall be appended and made part of the bond. Testimony from the Attorney General, the director of probation and parole, the state employees union representative and the Department of Corrections all agreed that this bill should not go forward. The sponsor, after hearing all testimony, agreed that the bill should not be passed. The committee agreed and voted Inexpedient to Legislate. Vote 14-0.

HB 1394, extending the reporting date for the school building aid system study committee. **OUGHT TO PASS**

Rep. Susan B. Durham for Education: The study of school building aid is a joint effort of the Finance Committee and the Education Committee. This joint study committee found that the state building aid service needs more time than anticipated. The Education Committee endorses this effort and would like this effort continued. This legislation extends the reporting time for the study committee from November 1, 1997 to November 1, 1998. Vote 15-0.

HB 1502, extending the reporting date for the statewide school technology plan study committee. **OUGHT TO PASS**

Rep. William A. Riley for Education: This bill merely extends the reporting date for the study committee. The Education Committee felt that the study committee genuinely needed more time. It extends the time from November 1, 1997 to November 1, 1998. Vote 14-0.

HB 1634, relative to amending the definition of "educational institution" under the New Hampshire municipal bond bank educational institutions bond financing act. **OUGHT TO PASS**

Rep. Bernard J. Luebker for Education: This bill was requested by the state treasurer to enable the municipal bond bank to provide bonding services. "Educational institution" includes public and non-profit institutions. The bill will amend "educational institution" to include any New Hampshire institution which provides an educational program that is preparatory for secondary, postsecondary, or higher education. Vote 14-1.

HB 1103-L, relative to the state representative districts of towns. **OUGHT TO PASS**

Rep. Raymond C Buckley for Election Law : This bill corrects an inconsistency that exists in a law passed last year. It clarifies the selection of town redistricting commissions. Vote 17-0.

HB 1151-FN, relative to the testing of certain domestic animals. **OUGHT TO PASS**

Rep. Kenneth Marshall for Environment and Agriculture: The purpose of this bill is to authorize current practices of testing and establish fees for such testing. Vote 15-0.

HB 1142, making technical corrections on behalf of the department of revenue administration. **OUGHT TO PASS**

Rep. Merton S. Dyer for Executive Departments and Administration: The purpose of the bill is make changes to bring the state into compliance with the United States Internal Revenue Code of 1986, which became effective December 31, 1997. Section 1 amends 21-J:5 to specify that the director of document processing is an unclassified position as listed in 94:1-a, group N. Vote 18-0.

HB 1244-FN, relative to collusive bidding at auctions. **OUGHT TO PASS**

Rep. Merton S. Dyer for Executive Departments and Administration: This bill more accurately defines the practice of collusive bidding at auctions and makes it a class A misdemeanor for a person found guilty of collusive bidding or a felony if other than a natural person. Vote 18-0.

HB 1271-FN, relative to the board of acupuncture licensing. **OUGHT TO PASS**

Rep. Miriam D. Dunn for Executive Departments and Administration: This bill makes corrections to the board of acupuncture by having the board members nominated by the governor and confirmed by the executive council. The bill also changes the mileage payments to the state employees rate, which is the norm for all boards and commissions receiving mileage. Vote 18-0.

HB 1283, establishing a 4-year term for the commissioner of the department of corrections. **OUGHT TO PASS WITH AMENDMENT**

Rep. Ray F. Langer for Executive Departments and Administration: This bill will standardize the term of the commissioner of the Department of Corrections by making it a specific term, as are the terms of most commissioners, in lieu of "at the pleasure of the governor". Vote 13-0.

Amendment (0368h)

Amend the bill by replacing all after section 1 with the following:

2 Applicability; Incumbent Commissioner. The commissioner in office on the effective date of this act shall be deemed to have a term of 4 years, such term commencing on the effective date of this act.

3 Effective Date. This act shall take effect upon its passage.

HB 256-FN, establishing uniform adjudicative proceedings for state agencies. **OUGHT TO PASS**
Rep. Mary E. Brown for Finance: This bill establishes uniform adjudicative proceedings for state agencies. A pilot program was eliminated from this bill and the resulting costs were removed. Vote 19-0.

HB 579-FN-L, providing that a person who, having made all reasonable efforts to preserve employment, leaves a job in order to protect himself or herself from domestic abuse, shall not be denied unemployment compensation. **OUGHT TO PASS WITH AMENDMENT**

Rep. William S. Belvin for Finance: This bill allows the payment of unemployment compensation to those persons who become unemployed as a result of required relocation to protect themselves from domestic abuse. Unemployment pay requires that the individual be in active job search in his or her new location. The amendment is to correct a gender neutral reference only. Payments, which are expected to be minimal, would be made from the Unemployment Trust Fund account, and will not be assessed against any individual employer. The Trust Account has more than adequate funds for this purpose. As there is no direct impact on state revenues or expenses the committee voted unanimously Ought to Pass as Amended. Vote 19-0.

Amendment (0302h)

Amend the introductory paragraph of RSA 282-A:32, I(a) as inserted by section 1 of the bill by replacing it with the following:

(a) ~~[He]~~ *The individual* left ~~[his]~~ work voluntarily without good cause in accordance with rules of the commissioner. This section shall not apply and benefits shall be paid without regard thereto where:

HB 627-FN, establishing a conservation number plate trust fund, and a special motor vehicle license plate and associated fees, to support New Hampshire's natural and cultural resources. **OUGHT TO PASS WITH AMENDMENT**

Rep. Arthur P. Klemm, Jr. for Finance: This bill establishes a conservation number plate trust fund and a special motor vehicle license plate to support New Hampshire's natural and cultural resources. The bill establishes a \$25 fee that will be paid in addition to the regular motor vehicle registration fee. The monies raised above the actual cost of the vanity plate will be placed in a fund for the promotion, protection and investment in the state's natural, cultural and historic resources. On July 1 of each year the fund will distribute the money to the Department of Transportation, the Department of Cultural Affairs, the Department of Fish and Game, and the Department of Resources and Economic Development as well as the state Conservation Committee. The bill will raise around \$825,000 annually. The amendment makes some technical corrections in the bill as well as limits the amount of money going to the Department of Safety to the actual cost of producing the plate and related administrative costs, all of which must be approved by the Fiscal Committee. Vote 19-0.

Amendment (0303h)

Amend RSA 261:91-a, I as inserted by section 2 of the bill by replacing it with the following:

I. The director is hereby authorized to issue special conservation number plates, in lieu of other number plates. The design of these special plates shall be determined as provided in RSA 261:91-d. The plates shall retain the "live free or die" logo. Such plates shall be issued only upon application and upon payment of a \$25 fee that shall be in addition to the regular motor vehicle registration fee and any other number plate fees otherwise required.

Amend RSA 261:91-a, III as inserted by section 2 of the bill by replacing it with the following:

III. Plates shall be renewed on an annual basis for \$25 per set. Of this sum, the department shall retain an amount as is necessary to recover production and administrative costs as approved by the fiscal committee of the general court. The remaining funds shall be paid to the state treasurer and distributed as provided in RSA 261:91-b. The cost of replacement number plates shall be identical to the cost of initial number plates and the revenue from replacement number plates shall be distributed in the same manner as revenue derived from initial number plates.

Amend the bill by replacing section 4 with the following:

4 Date for Implementation; Issuance of Conservation Number Plates. The director shall begin issuing special conservation number plates under RSA 261:91-a on or before January 1, 1999.

HB 774-FN, relative to child support, custodial rights, and visitation. OUGHT TO PASS

Rep. O. Alan Thulander for Finance: The intent of this legislation is to better define RSA 458-C, Child Support Guidelines. This bill as amended expedites court hearings on issues of rights of physical custody, visitation and non-payment of child support. It also clarifies the definitions of "Adjusted Gross Income", allowable child care expenses to include work-related costs and "net income." The child support formula has also been revised. The Department of Health and Human Services testified that the computer and printing costs associated with this initiative can be absorbed within the parameters of the current agency budget. In that the financial impact was minimal and required no additional appropriation, the majority of the committee support an "Ought to Pass" motion. Vote 18-1.

HB 1657, extending the consultant's reporting date for surveying the department of youth development services' facilities. OUGHT TO PASS

Rep. O. Alan Thulander for Finance: The amount of \$50,000 was appropriated under the terms of RSA 351:67 to engage a consultant to perform a site feasibility, architectural, and long-range needs survey of the Department of Youth Development Services' facilities. This bill merely extends the deadline for the submission of the consultant's report from January 1, 1998 to March 30, 1998. Vote 18-0.

SB 53-FN, relative to payment by the retirement system of certain medical benefits for group II members and for certain permanent firemen on disability retirement. OUGHT TO PASS WITH AMENDMENT

Rep. Arthur P. Klemm, Jr. for Finance: This bill as sent to Finance extended medical benefits to group II members through June 30, 1995. It was determined in the committee after receiving an updated actuary's report that the policemen only had sufficient funds to fund their benefit through June 30, 1993 but the firemen had sufficient funding through June 30, 1995. The amendment changes the policemen's eligibility date to June 30, 1993. Vote 19-0.

Amendment (0404h)

Amend the bill by replacing section 1 with the following:

1 Additional Medical Benefits. Amend RSA 100-A:55, I to read as follows:

I. The additional benefits provided under RSA 100-A:52 shall apply to persons who are active or retired members of group II as of June 30, ~~[1988]~~ **1993, except for active or retired permanent firemen members to whom the additional benefits shall apply as of June 30, 1995;** to persons who prior to July 1, 1988, had completed no less than 20 years of group II creditable service, but who for reasons other than retirement or death ceased to be a group II member prior to attaining the age of 45, and who, as of July 1, 1993, are eligible for vested deferred retirement benefits; and to persons who are group II permanent policemen **or permanent firemen** members on disability retirement as the natural and proximate result of injuries suffered while in the performance of duty who become permanent policemen members of group II after June 30, 1988, but before July 1, ~~[1991]~~ **1993 or permanent firemen members of group II after June 30, 1988, but before July 1, 1995.** Such additional benefits shall not apply to other persons who become members of group II after June 30, ~~[1991]~~ **1993, or in the case of permanent firemen members, after June 30, 1995,** without future legislation to include them. It is the intent of the legislature that future group II members shall be included only if the total cost of such inclusion can be funded by reimbursement from the special account established under RSA 100-A:16, II(h).

AMENDED ANALYSIS

This bill extends the payment of medical benefits to certain persons who were active or retired group II members as of June 30, 1993, to permanent firemen members as of June 30, 1995, and to permanent firemen on disability retirement who became permanent firemen after June 30, 1988, but before July 1, 1995.

Rep. Phinney declared a conflict of interest and did not participate.

SB 68-FN-L, providing health care coverage for the spouse and dependents of any group I or group II retirement system member who is killed in the line of duty. **OUGHT TO PASS WITH AMENDMENT**
Rep. Margaret A. Lynch for Finance: This bill provides health care coverage for the spouse and dependents of any group I or group II retirement system member, whether a state or local employee, who is killed in the line of duty. The amendment specifies that an opportunity to buy health insurance set forth under federal law (COBRA) not be considered a disqualifying event in the exclusion section of the bill. The funding to pay the premium for the benefits will come from the benefit adjustment fund, already appropriated in the budget. There may be a minor but indeterminable effect on general fund lapses. Vote 19-0.

Amendment (0405h)

Amend RSA 21-I:30-a, IV as inserted by section 1 of the bill by replacing it with the following:

IV. The additional benefits provided under this section shall not be available to any employee, teacher, police officer, or firefighter of a political subdivision of the state if the political subdivision belongs to an organization or association that offers, through the organization or association or its affiliate, insurance coverage with the exception of insurance coverage required to be offered by the Consolidated Omnibus Budget Reconciliation Act (COBRA).

SB 96-FN, relative to the priority of charges in probate of estates. **OUGHT TO PASS**

Rep. W. Gordon Allen for Finance: The Committee determined that the clarification and change in the order of charges against estates had no significant impact on recoveries by the Department of Health and Human Services and therefore no significant fiscal impact. Vote 19-0.

SB 197-FN, relative to final dispositional orders in child protection cases. **OUGHT TO PASS WITH AMENDMENT**

Rep. William S. Belvin for Finance: This bill provides an appeal process relative to administrative hearings in children's neglect and abuse cases. The amendment provides that any guardian ad litem appointed in the de novo hearing would be from CASA (Court Approved Special Advocate) at no cost to the state. The effective date was changed to July 1, 1998. Vote 20-0.

Amendment (0402h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Paragraph; Attorneys and Guardians Ad Litem; Appointment and Representation. Amend RSA 169-C:10 by inserting after paragraph III the following new paragraph:

IV. Any provision of law notwithstanding, no attorney shall be appointed by the court to represent any individual in connection with any administrative hearing, or any de novo hearing pursuant to RSA 169-C:28 arising out of an administrative hearing. Any guardian ad litem appointed in connection with a de novo hearing arising from an administrative hearing shall be a CASA guardian ad litem.

2 Appeals; Dispositional Orders; Administrative Hearings Included. Amend RSA 169-C:28 to read as follows:

169-C:28 Appeals. An appeal under this chapter may be taken to the superior court by the child or [his] *the child's* authorized representative or any party having an interest, including the state, within 30 days of the final dispositional order; but an appeal shall not suspend the order or decision of the court unless the court so orders. The superior court shall hear the matter de novo, and shall give an appeal under this chapter priority on the court calendar. For purposes of this chapter, a "final dispositional order" includes a dismissal of a petition for abuse and neglect by the district court. *Final dispositional order shall also include any ruling or order arising from an administrative hearing held or initiated by any administrative agency, including the department, in which a finding of child abuse or neglect is made.*

3 Effective Date. This act shall take effect July 1, 1998.

CACR 35, relating to the nomination and appointment of judicial officers. Providing that all judicial officers shall be nominated and appointed by the governor with the advice and consent of the senate. **INEXPEDIENT TO LEGISLATE**

Rep. Susan J. Clay for Judiciary and Family Law: The majority of the committee believes that the current system of having the governor and the governor's council nominate and appoint all officers, including judges, provides for a check and balance system that works. This bill would require the governor to get the advice and consent of the senate, and would leave the governor's council completely out of the loop. Vote 15-2.

CACR 36, relating to probate and district court judges. Providing that all probate and district court judges shall be full-time employees and have no administrative functions. **INEXPEDIENT TO LEGISLATE**

Rep. Marjorie K. Smith for Judiciary and Family Law: This CACR provides that all probate and district court judges shall be full-time employees and have no administrative functions. This CACR has two parts. As to the first, converting to full-time judges, the committee believes that there is merit in this proposal; however, we currently have 15 full time and 60 part-time judges. The implications of this proposal are complex and costly. For example, in rural areas which could not justify the assignment of a full-time judge, how would we maintain meaningful contact between the community and the courts? The committee hopes that a thorough study of this proposal be undertaken by an appropriate legislative (or other) body. As to the issue of administrative functions, the committee concluded in this and several related CACRs that separation of powers appropriately affords to the courts the power to establish and administer their own rules as is the case in the legislative and executive branches. Vote 19-0.

CACR 38, relating to the state judiciary. Providing that abolishing the current method for selecting state judges and establishing the New Hampshire Bar as a pool from which state judges are chosen by lot. **INEXPEDIENT TO LEGISLATE**

Rep. David C. Allison for Judiciary and Family Law: The committee deems judicial experience to be important to the effective performance of New Hampshire judges, and that the alternative method of judicial selection proposed in this amendment will cause conflict, confusion, and chaos within our courts. Vote 19-0.

CACR 41, relating to clerks of court. Providing that beginning in 1999, clerks of the superior and district courts shall be elected instead of appointed and an elected clerk shall be removable upon petition by the governor with the advice and consent of the council. **INEXPEDIENT TO LEGISLATE**

Rep. Susan J. Clay for Judiciary and Family Law: The majority of the committee believes that the current system of judges appointing clerks works well. The committee sees no advantage to electing clerks as this CACR would require. Vote 19-0.

HB 1105, providing a cause of action for agricultural disparagement. **INEXPEDIENT TO LEGISLATE**

Rep. Andrew R. Peterson for Judiciary and Family Law: The committee, while sympathetic to those in the agricultural industry whose business is dependent on many unforeseeable conditions such as weather, market conditions and the like, believes this bill to constitute an attack on the First Amendment rights basic to our democracy. Particularly chilling was the comment of the Texas attorney in the "Oprah Winfrey" case relayed to our committee by the Farm Bureau representative in testimony before our committee that free speech must be "correct" speech based on scientific proof. Although the admirable concern of the sponsors that a farmer may be wiped out due to an unfounded "scare" campaign was not lost on the committee, the majority found that other remedies to that extreme situation already exist in law. The fundamental right of freedom of speech must, in this case, be our preeminent concern. Vote 14-1.

HB 1116, relative to division of property in no-fault divorces. **INEXPEDIENT TO LEGISLATE**

Rep. Sandra B. Keans for Judiciary and Family Law: The court currently has broad discretion to look at all the issues involving the division of property during divorce proceedings. That is only one item the court considers. The property settlement is balanced by all other considerations including pensions, trusts and other assets. Vote 13-0.

HB 1202, establishing a study committee on probate court administration and procedures. **INEXPEDIENT TO LEGISLATE**

Rep. Sandra B. Keans for Judiciary and Family Law: The sponsor testified that he proposed this legislation on behalf of a constituent who has been in court since 1989. The committee believes that it is inappropriate for the legislature to investigate an on-going court case while the parties still have many procedural remedies ahead of them. Vote 17-0.

HB 1422-FN, changing unemployment compensation benefits. **OUGHT TO PASS**

Rep. Edgar H Mears for Labor, Industrial and Rehabilitative Services: This bill raises benefit levels significantly and adjusts the level at which employers receive reductions to their contribution rate. This bill is a request of the Department of Employment Security and is unanimously supported by the Advisory Council on Unemployment Security Compensation . Vote 17-0.

Referred to Finance.

CACR 39, relating to the subject matter of legislation which can be introduced by the general court in a second year session. Providing that the subject matter of legislation which can be introduced by the general court in a second year session be limited to proposed constitutional amendments, budget matters in the event of a fiscal emergency, and re-referred bills that have received a 2/3 vote for consideration in the second year session. **INEXPEDIENT TO LEGISLATE**

Rep. Peter H. Burling for Legislative Administration: The committee voted Inexpedient to Legislate. The sense of the committee was that, however one might feel about limiting bills in the second year, it is not appropriate to do the limitation through our constitution. Vote 13-0.

HB 1402-FN, allowing the members of the general court dental insurance and relative to excess appropriations for state employee health insurance benefits for fiscal year 1998. **OUGHT TO PASS**

Rep. Robert L. Wheeler for Legislative Administration: This bill would allow members of the general court to participate in a group dental program afforded full time state employees as long as they cover their full expense. It also provides that the department of administrative services transfers excess appropriations for benefits to the employee benefit adjustment account for proper attention. Vote 13-0.

Referred to Finance.

HB 1410-FN, relative to administrative control and transferring the budget of the state law library. **INEXPEDIENT TO LEGISLATE**

Rep. Ronald J. Nowe for Legislative Administration: This bill would require that the House Legislative Administration Committee oversee the operation of the state law library. The committee, although flattered, found that determinations as to purchases of law-related materials could be more appropriately reviewed by the supreme court. In the event that the legislature feels that additional materials should be provided at the law library, the legislature can make its recommendations known. Vote 11-0.

HB 1413, relative to the membership and compensation of the general court. **INEXPEDIENT TO LEGISLATE**

Rep. Robert L. Wheeler for Legislative Administration: This bill would reduce the membership of the House of Representatives to 375 and would put into statute the current language of the constitution concerning legislative compensation. The committee found no compelling reason to reduce the size of the House. Placing the language of the constitution in statute seemed redundant and unnecessary. The committee therefore, recommended that the bill be found inexpedient to legislate. Vote 12-0.

HB 1264, requiring legislative approval before lotteries and horse or dog race sweepstakes may be authorized by the sweepstakes commission. **INEXPEDIENT TO LEGISLATE**

Rep. Stephen G. Avery for Local and Regulated Revenues: The committee had no desire to start micro-managing the sweepstakes commission. The commission assured the committee that any major innovations such as keno or others, if any, will be coming before the legislature. Vote 14-0.

HB 1468, clarifying the legal status of home brewers of beer. **OUGHT TO PASS WITH AMENDMENT**

Rep. Stephen G. Avery for Local and Regulated Revenues: This bill allows home brewers to produce and transport beer to organized home brewing meetings, competitions, and exhibitions such as contests, tastings, and judgments. It limits production and prohibits sales of said products. It also has the support of the State Liquor Commission. Vote 17-0.

Amendment (0393h)

Amend RSA 175:5-b, III as inserted by section 1 of the bill by replacing it with the following:

III. Beer produced under the provisions of paragraph I may be removed from the premises where made for personal or family use for use at organized home brewing meetings, exhibitions, or competitions, such as homebrewer's contests, tastings, or judgments. Beer used under this paragraph shall not be sold or offered for sale.

Amend the bill by replacing section 2 with the following:

2 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill allows persons to produce a limited amount of beer for personal or family use without a license from or payment of fees to the liquor commission. The bill permits such persons to remove beer from the premises where it was made for personal or family use for use at organized home brewing meetings, exhibitions, or competitions.

HB 1601-FN, authorizing simulcast off-track betting races at the town of Salem bingo hall. **IN-EXPEDIENT TO LEGISLATE**

Rep. Laura C. Pantelakos for Local and Regulated Revenues: The committee felt this bill is inappropriate because it would allow off-track betting for the first time. Vote 14-0.

HB 1641-FN, requiring the sweepstakes commission to receive prior approval from the legislative fiscal committee and governor and council before advertising for lottery ticket and other sweepstakes ticket sales and reducing advertising expenditures. **INEXPEDIENT TO LEGISLATE**

Rep. Robert N. Kelley for Local and Regulated Revenues: The committee did not feel that this bill was necessary to further the operation of the Sweepstakes Commission. One part of this bill would add the Fiscal Committee to the approval authority of the governor and council for any advertising of other than routine ticket sales. The Fiscal Committee already must approve any advertising contracts for ticket sales. The other part of the bill places a cap on advertising fund appropriations. The performance, to date, of the Sweepstakes Commission has certainly enhanced the funds that continue to flow into our education coffers. The committee did not want to limit the productivity of the commission by restricting its advertising capability, especially since the commission has a prime responsibility, according to the statutes, of "maximizing revenues". Vote 14-0.

HB 529, relative to excluding from the definition of subdivision the placement and maintenance of wireless communication facilities. **OUGHT TO PASS WITH AMENDMENT**

Rep. Cynthia J. Dokmo for Municipal and County Government: This bill permits municipalities to amend their zoning ordinances to provide that the rental, lease, development or grant of an easement for the purpose of placing and maintaining wireless communications facilities shall be excluded from the definition of subdivision. The amendment also adds the word "unstaffed" to structure and increases the square footage from 200 to 500 square feet. Vote 12-0.

Amendment (0392h)

Amend the bill by replacing section 2 with the following:

2 New Paragraph; Wireless Communication Facilities. Amend RSA 672:14 by inserting after paragraph III the following new paragraph:

IV. The zoning ordinances of a municipality may provide that the rent, lease, development, or grant of easement to a person for the purpose of placing and maintaining a wireless communications facility shall not be construed as a subdivision, and shall not be deemed to create any new division of land for any other purpose. For purposes of this paragraph, "wireless communications facilities" means any towers, poles, antennas, or other unstaffed structure of less than 500 square feet intended for use in connection with licensed transmission or receipt of radio or television signals, or any other licensed spectrum-based transmissions or receptions.

AMENDED ANALYSIS

This bill permits municipal zoning ordinances to allow property owners to rent, lease, develop, or grant easements for the purpose of constructing wireless communication facilities without having the interest in the land considered a subdivision. This bill also increases the square footage allowed for unstaffed structures of a public utility.

HB 1119, relative to the town line between the towns of Groton and Plymouth, New Hampshire. OUGHT TO PASS

Rep. Robert A. Lockwood for Municipal and County Government: Enactment of this bill will allow voters in the towns of Groton and Plymouth to adjust their common boundary by 2/3 votes at respective town meetings. The adjustments have been deemed necessary because modern surveying techniques have shown prior boundaries were inaccurate. Vote 13-0.

HB 1424, relative to the method for filling a vacancy in the position of county commissioner. OUGHT TO PASS WITH AMENDMENT

Rep. Robert A. Lockwood for Municipal and County Government: The committee determined that there is no compelling reason to change the appointment process for filling vacancies in the position of county commissioner based on testimony at its public hearing. The sponsor stated that he wanted the county delegation to make appointments instead of the Superior Court because he believed a new system would work better. The amendment deletes the language that would change the appointment process and updates language that would eliminate two uses of the word "commissioner" with different definitions. Vote 12-0.

Amendment (0308h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to filling a vacancy in the position of a county officer.

Amend the bill by replacing all after the enacting clause with the following:

1 Vacancy in Office of County Officers. Amend RSA 661:9 to read as follows:

661:9 County Officers. If a vacancy occurs in the office of county commissioner, sheriff, county attorney, register of deeds, or county treasurer, the superior court shall [~~appoint a commissioner to~~] fill the vacancy for the unexpired term. If any person holding a county office enumerated above becomes temporarily absent or incapacitated, the superior court may, upon application of the county attorney or county commissioners, declare a temporary absence and fill the same for a limited period of time expressed in the appointment. Any officer of a county, including the register of probate, may be removed by the superior court for official misconduct.

2 Layout of Highways; Gender Neutral. Amend RSA 232:3 to read as follows:

232:3 Disqualification of County Commissioner. If any commissioner is interested in the petition [~~he~~] **the commissioner** shall not serve; and the vacancy shall be filled, upon motion or petition, by any judge of the superior court.

3 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill clarifies the authority of the superior court to fill a vacancy in the office of a county officer.

HB 1460, allowing counties to establish capital reserve funds to be funded with unencumbered surplus funds for the purpose of extraordinary legal fees and expenses related to present or foreseeable litigation involving the county or its officers. INEXPEDIENT TO LEGISLATE

Rep. Robert W. Brundige for Municipal and County Government: This bill would have allowed counties, by majority vote of the county delegation, to establish capital reserve funds utilizing unencumbered surplus funds to reimburse a member town for legal expenses based on disparity of assessed valuation. Testimony was received that the intent of the sponsor was to establish a mechanism to reimburse towns if the assessed valuation changed during the budget year. This committee has an already established county study committee to study county government. This issue will be considered by that committee. Vote 14-0.

HB 1518, increasing the minimum purchase amount by a county requiring competitive bidding. OUGHT TO PASS

Rep. Thomas E. Rice for Municipal and County Government: This bill increases the maximum limit from \$1,000 to \$5,000 that the County Commissioners can spend without going through the competitive bidding process. The \$5,000 limit brings the \$1,000 limit into line with inflation since the present limit was approved in 1979, almost 20 years ago. The County Delegation still has the authority to set a lower figure for the bidding process, if they so choose. Vote 10-2.

HB 1569, relative to voter approval for the issuance of bonds or notes for the operating and capital costs of the Gunstock recreation area. **INEXPEDIENT TO LEGISLATE**

Rep. Robert A. Lockwood for Municipal and County Government: The committee found that the stated purpose of the bill, to have a county-wide referendum in which two-thirds of the votes would have to approve capital improvement bond issue for the Gunstock Ski/Recreation Area, instead of a majority vote of the Belknap County Delegation would be contrary to efficient business practice primarily because the votes could be taken only every two years. The committee was persuaded that Gunstock operations had improved significantly in recent years and believes the county delegation should continue to provide close oversight on all operations at Gunstock because it is funded primarily by property taxpayers in Belknap County. Vote 12-0.

HCR 20, recognizing the 100th anniversary of Old Home Day in New Hampshire **OUGHT TO PASS**
Rep. Joseph E. Stone for Municipal and County Government: This House concurrent resolution recognizes Gov. Frank W. Rollins's proclamation establishing Old Home Day in 1899. It requests the governor issue a proclamation and declare far and wide that August 1999 will be celebrated as the 100th anniversary of the origination of "Old Home Day", that the Governor use and develop the history and tradition of "Old Home Day" to the best possible effect in promoting the image of New Hampshire, enhancing the quality and quantity of tourism in the state and that those towns with the largest record of offering "Old Home Day" be widely recognized. Vote 12-0.

HB 1177-FN, relative to increasing the minimum amount of a state capital improvement project requiring competitive bidding. **INEXPEDIENT TO LEGISLATE**

Rep. Winston H. McCarty for Public Works and Highways: After addressing the concerns of this bill and HB 1374, the committee voted to combine the provisions of both bills into HB 1374, thereby making this bill unnecessary. The amendment to HB 1374 includes all the provisions of HB 1177. Vote 18-0.

HB 1272-L, requiring the long range capital planning and utilization committee and the Skyhaven airport operation commission to develop a plan to transfer the Skyhaven airport to a local public entity. **OUGHT TO PASS**

Rep. William E. Leber for Public Works and Highways: This legislation would provide that the Long Range Capital Planning and Utilization Committee (RSA 17-M) and the Skyhaven Airport Operations Committee (RSA 422:47), which has membership from Rochester, Somersworth, Dover and local airport community, shall develop a plan to transfer land and buildings, contract obligations and benefits to a local public entity that will maintain the airport in satisfactory manner in accordance with federal and state statutes and regulations. Further, the new owner shall be one that is eligible for federal funding under the Airport Improvement Program and other federal programs. All income currently collected by the state from the property such as hangar rentals and contract fees shall accrue to the new owners who will be responsible for the airport maintenance and operations. Data provided the committee indicates the revenue from all airport sources is currently sufficient to cover operating expenses and the revenues are expected to improve as bonds are paid off. Skyhaven Airport shall continue to be eligible for state grants to match federal grants in the capital improvement program in the same manner as other major airports in the state. The effort to initiate action to develop the plan shall begin upon passage with completion and report due by July 1, 1999. Skyhaven Airport, the only state-owned airport, is an important part of the State Airport System and the transfer to local control will be beneficial to the future development of both the airport and the community. Vote 18-0.

HB 1335-FN, authorizing the department of administrative services to accept donations, gifts, and grants for the purpose of funding a design to expand the veterans' home in the town of Tilton and establishing the patients' needs committee. **OUGHT TO PASS**

Reps. William E. Leber and Marlene M. DeChane for Public Works and Highways : This bill is the result of a study committee in the Laws of 1997, Chapter 349:16. It provides authorization for the acceptance of donations, gifts and grants up to \$300,000.00 for funding a design for expansion of the Veterans' Home over the next decade with emphasis on construction of a fifty bed dementia ward in the fiscal year 2000 capital budget. The study committee is re-established as the patients' needs committee to oversee progress of expansion of the veterans' home. Vote 19-0.

HB 1292-FN-L, relative to payment by public utilities for output of limited electrical energy producers. **INEXPEDIENT TO LEGISLATE**

Rep. Jeb E Bradley for Science, Technology and Energy: The sponsor of the legislation requested that it be found inexpedient as the subject matter has been dealt with in re-referred HB 485 already approved by the House. As it relates to this bill, HB 485 proposes to repeal the mandatory requirements for new electricity purchases from qualifying generation facilities once competition exists in electricity markets. Vote 14-0.

HB 1334-FN, establishing the position of deputy adjutant general. **OUGHT TO PASS**

Rep. Rita G. MacAuslan for State-Federal Relations and Veterans Affairs: The position of Deputy Adjutant General is part of a reorganization involving many positions within the Adjutant General's office. This reorganization will not affect currently staffed positions. The new Deputy Adjutant General position will require little or no budgetary increase. Currently, there is no one to take over for the Adjutant General in his absence. The committee, taking into account the precedent for the position throughout New England and other states, votes unanimously Ought To Pass. Vote 12-0. Referred to Finance.

HB 1216-FN, relative to motorcycle registration for drivers and riders who wear approved helmets. **INEXPEDIENT TO LEGISLATE**

Rep. Robert J. Letourneau for Transportation: This bill was crafted as an insurance provision for un-helmeted motorcyclists claiming that they were a burden to the government for their care and substance and that motorcyclists were disproportionately underinsured, more so than the rest of society. The committee heard no testimony, nor saw any data that supported that claim. The committee found that this bill discriminated against motorcyclists by asking that they purchase \$1,000,000 (one million) worth of liability insurance, while exempting all other vehicles from the requirement to have comparable insurance. Testimony indicated that two thirds of all crashes involving motorcycles and other vehicles are the consequence of the operator of the other vehicle violating the motorcyclist's right-of-way, that resulted in the motorcyclist's being injured or killed, yet this bill has no provision for other drivers to carry this exorbitant liability insurance. Further testimony from those in the insurance business indicated that this type of insurance may not be available to everyone and is considerably expensive. Additionally the committee heard testimony from an attorney, whose expertise is personal injury accident claims, that this type of insurance (liability) would not insure the policy holder, but rather the other party, thereby asking the victim to bear the cost of the liability, accordingly this bill would not achieve its goal. The penalty clause of a class B misdemeanor for first offense and a class A misdemeanor for a second offense would only be exceeded by a DWI for what is now a legal activity, seemed out of touch with reality. Other provisions in the bill such as a tiered registration, insurance cards, and inspection station training have an unknown fiscal impact on both the state and private companies. Finally the constitutionality of this bill is in doubt, due to its discriminatory language. Vote 16-0.

HB 1363-FN, relative to special license plates and related fees for emergency personnel with 2-way radio equipment in their vehicles. **INEXPEDIENT TO LEGISLATE**

Rep. John W. Flanders, Sr. for Transportation: This bill is almost identical to a bill killed by the committee last year. The ability for this group to apply and start the process to receive a plate already exists in RSA 261-A. The bill does nothing but ask that these plates be given a reduced price as compared to other affinity plates granted under RSA 261-A, which process this group can apply through. Vote 16-0.

HB 1620, relative to the issuance of walking disability placards. **INEXPEDIENT TO LEGISLATE**

Rep. Brenda L. Ferland for Transportation: The sponsor asked that people receive as many placards as they request. The commissioner already has the authority to grant extra placards to a person who has shown that he/she needs them. The committee felt that this privilege has been greatly abused by people who borrow the cards from other family or friends and do not need them. An excess of cards does not need to be in the public. Vote 16-0.

REGULAR CALENDAR

SB 66, allowing a state resident to obtain a license for a pistol or revolver for life. **OUGHT TO PASS WITH AMENDMENT**

Rep. L. Randy Lyman for Criminal Justice and Public Safety: This bill as it came to the committee would have established a "Lifetime Carry Permit" for concealed weapons. There was no support

from the law enforcement community as it required a licensing entity, usually the chief of police at the local level, to declare that a person is a "suitable person" for the duration of the license, which under SB 66, would be the rest of that person's life. Would a licensing entity or a police chief who may be uneasy granting a four year permit be likely to embrace liability for a lifetime? Comments were made that the Vermont system, which has no provisions for a carry permit in its statutes, had experienced no problems and would be preferable to a permitting system for a lifetime. It is assumed that only law abiding citizens would avail themselves of a legal method of carrying a concealed weapon, therefore, the only persons affected by such laws are not the problem that the law is created to control. The committee was offered an amendment to repeal the current system of requiring a police chief to affirm that an applicant is a suitable person. Again, there was little support for a complete repeal of the concealed carry statutes. During the original testimony citizens were commenting about the penalty for carrying after the license expired which currently is a misdemeanor for the first offense and a class B felony for a subsequent offense. It was agreed by the committee to support a repeal of the current penalties to be replaced by a lesser penalty. The amendment offered today changes the penalty for carrying a concealed weapon with an expired permit to a violation and leaves the rest of the carry statutes intact. Vote 13-0.

Amendment (0356h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the penalty for carrying a loaded pistol or revolver without a license.

Amend the bill by replacing all after the enacting clause with the following:

1 Penalty; Carrying Without License. Amend RSA 159:4 to read as follows:

159:4 Carrying Without License. No person shall carry a loaded pistol or revolver in any vehicle or concealed upon his person, except in his dwelling, house or place of business, without a valid license therefor as hereinafter provided. A loaded pistol or revolver shall include any pistol or revolver with a magazine, cylinder, chamber or clip in which there are loaded cartridges. Whoever violates the provisions of this section shall ~~[-for the first such offense,] be guilty of a [misdemeanor] violation. [For the second and for each subsequent violation of the provisions of this section, such person shall be guilty of a class B felony, provided such second or subsequent violation has occurred within 7 years of the previous conviction.]~~

2 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill changes the penalty for carrying a loaded pistol or revolver from a misdemeanor for a first offense and a class B felony for a subsequent offense to a violation for both first and subsequent offenses.

Rep. Manning spoke against and yielded to questions

Reps. David Welch and Cobbin spoke in favor and yielded to questions.

Rep. Cobbin requested a roll call; sufficiently seconded.

The question being the adoption of the amendment.

Floor Amendment (0480h)

Amend the bill by replacing section 1 with the following:

1 Penalty; Expired License; Carrying Without License. Amend RSA 159:4 to read as follows:
159:4 Carrying Without License.

I. No person shall carry a loaded pistol or revolver in any vehicle or concealed upon his person, except in his dwelling, house or place of business, without a valid license therefor as herein-after provided. A loaded pistol or revolver shall include any pistol or revolver with a magazine, cylinder, chamber or clip in which there are loaded cartridges. Except as provided in paragraph II, whoever violates the provisions of this section shall, for the first such offense, be guilty of a misdemeanor[-] and for the second and for each subsequent violation of the provisions of this section, [such person] shall be guilty of a class B felony, provided such second or subsequent violation has occurred within 7 years of the previous conviction.

II. Notwithstanding the provisions of paragraph I, a person whose license has expired for not more than 60 days shall be guilty only of a violation. Such a violation shall not be considered a first offense under this section.

AMENDED ANALYSIS

This bill provides an exception from the penalty for carrying a loaded pistol or revolver without a license for a person whose license has expired for less than 60 days.

Rep. Knowles spoke in favor and yielded to questions.

Rep. William Riley spoke against.

Rep. Lyman yielded to questions.

Rep. Burling moved Recommit to Committee and withdrew his motion

MOTION TO SPECIAL ORDER

Rep. Burling moved that **SB 66**, allowing a state resident to obtain a license for a pistol or revolver for life, be made a Special Order for the last item on the day's calendar.

Rep. Lozeau spoke in favor.

Reps. Avery and David Welch spoke against.

On a division vote, 162 members having voted in the affirmative and 173 in the negative, the motion failed.

The question now being the adoption of the Knowles floor amendment.

Rep. MacGillivray requested a roll call; sufficiently seconded.

and the Knowles floor amendment was adopted.
Rep Cegelis offered a floor amendment.

Floor Amendment (0466h)

Amend the title of the bill by replacing it with the following:

AN ACT eliminating the license requirement for state residents to carry a pistol or revolver and establishing criminal penalties for unlawful use of a loaded pistol or revolver.

Amend the bill by replacing all after the enacting clause with the following:

1 Reference Change; Bow and Arrow. Amend RSA 208:5, V to read as follows:

V. The licensee shall not be entitled to carry any firearms while hunting under the provisions of this section, unless such licensee also possesses a valid firearms hunting license or, *if a non-resident*, a valid license to carry firearms issued pursuant to RSA 159.

2 Carrying Without License; Penalties for Unlawful Use. RSA 159:4 is repealed and reenacted to read as follows:

159:4 Carrying Without License; Penalties for Unlawful Use.

I. In this section, a loaded pistol or revolver includes any pistol or revolver with a magazine, cylinder, chamber or clip in which there are loaded cartridges.

II. No person who is a nonresident of this state shall carry a loaded pistol or revolver in any vehicle or concealed upon his person, except in his dwelling, house or place of business, without obtaining a valid license pursuant to RSA 159:6. A nonresident who violates the provisions of this paragraph shall, for the first such offense, be guilty of a misdemeanor. For the second and for each subsequent violation of the provisions of this section, such person shall be guilty of a class B felony, provided such second or subsequent violation has occurred within 7 years of the previous conviction.

III. It shall be unlawful for any person to use a loaded pistol or revolver to commit a felony which includes the use of violence against another person and results in severe bodily harm to that person. A person who violates the provisions of this paragraph shall be guilty of a class B felony for a first offense and a class A felony for a subsequent offense.

IV. No person shall have or carry, on or about his or her person, openly or concealed, with the intent to unlawfully injure another person or commit a crime of violence, a loaded pistol or revolver. A person who violates the provisions of this paragraph shall be guilty of a class A misdemeanor.

3 Resident Requirement for License to Carry Eliminated. Amend RSA 159:6 to read as follows:

159:6 *Nonresidents*, License to Carry. [~~The selectmen of a town or the mayor or chief of police of a city or some full-time police officer designated by them respectively, upon application of any resident of such town or city, or~~] The director of state police, or some person designated by such director, upon application of a nonresident, shall issue a license to such applicant authorizing the applicant to carry a loaded pistol or revolver in this state for not less than 4 years from the date of issue, if it appears that the applicant has good reason to fear injury to the applicant's person or property or has any proper purpose, and that the applicant is a suitable person to be licensed. Hunting, target shooting, or self-defense shall be considered a proper purpose. The license shall be valid for all allowable purposes regardless of the purpose for which it was originally issued. The license shall be in duplicate and shall bear the name, address, description, and signature of the licensee. The original shall be delivered to the licensee and the duplicate shall be preserved by the [~~people issuing the same~~] *director of state police* for 4 years. When required, license renewal shall take place within the month of the fourth anniversary of the license holder's date of birth following the date of issuance. The license shall be issued within 14 days after application, and, if such application is denied, the reason for such denial shall be stated in writing, the original of which such writing shall be delivered to the applicant, and a copy kept in the office of the [~~person to whom~~

the application was made. The fee for licenses issued to residents of the state shall be \$10, which fee shall be for the use of the law enforcement department of the town granting said licenses;] *director of state police*. The fee for licenses [~~granted to out-of-state residents~~] shall be \$20, which fee shall be for the use of the state. The director of state police is hereby authorized and directed to prepare forms for the licenses required under this chapter and forms for the application for such licenses [~~and to supply the same to officials of the cities and towns authorized to issue the licenses. No other forms shall be used by officials of cities and towns~~]. The cost of the forms shall be paid out of the fees received from [~~nonresident~~] *the* licenses.

- 4 Repeal. The following are repealed:
- I. RSA 159:6-a, relative to confidentiality of licenses.
 - II. RSA 159:6-b, relative to suspension or revocation of license.
 - III. RSA 159:6-c, relative to appeal from denial, suspension or revocation.
 - IV. RSA 159:6-e, relative to violations of licensing provisions.
 - V. RSA 159:6-f, relative to remedies.

5 Effective Date. This act shall take effect January 1, 1999.

AMENDED ANALYSIS

This bill eliminates the license requirement for a New Hampshire resident to carry a loaded pistol or revolver. The bill retains the license requirement for nonresidents.

The bill also establishes new criminal penalties for unlawful use of a loaded pistol or revolver. Rep. Cegelis spoke in favor.
Rep. Cegelis requested a roll call; sufficiently seconded.
The question being the adoption of the Cegelis floor amendment.

and the Cegelis floor amendment failed.

MOTION TO LAY ON THE TABLE

Rep. Dolan moved that **SB 66**, allowing a state resident to obtain a license for a pistol or revolver for life, be laid on the table.

The motion failed.

The question now being the adoption of the amended committee report.

Adopted and ordered to third reading.

RECESS

(Speaker Sytek in the Chair)

HB 1350, relative to vocational student organizations, the appointment of a vocational student organization advisor, and making an appropriation therefor. **OUGHT TO PASS**

Rep. Richard L. Hill for Education: There is a need for Vocational Service Organizations' (VSO's) advisors to provide opportunities in leadership development in nationally recognized vocational service organizations. The appropriation is necessary to continue the program to support the advisors. The Carl Perkins Act provides federal money for this program and the Department of Education will supply money to this program. Vote 15-0.
Adopted and referred to Finance.

HB 1134, relative to the voting hours for the town of Sugar Hill. **INEXPEDIENT TO LEGISLATE**
Rep. Raymond C Buckley for Election Law: This legislation is similar to bills the committee heard last year. Following the passage of uniform voting hours by an overwhelming margin in the Town of Sugar Hill, this bill would repeal the voters' action. The committee supports uniform voting hours and the majority vote of Sugar Hill. Vote 16-1.
Adopted.

HB 1430, relative to political expenditure limitation amounts. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Thomas I Arnold, Jr for the Majority of Election Law: This bill increases the voluntary limitation on campaign expenditures to \$625,000 (for each, primary and general election) for governor and for US Senator and to \$350,000 for Representative to Congress. The amendment establishes the effective date. This is intended to compensate for inflation and increase cost of advertising over the four (4) years since the previous figure was set. This committee believes that this increases the viability of our spending limits. Vote 12-5.

Rep. Raymond C Buckley for the Minority of Election Law: This bill fails to address the basic reason why the voluntary spending limit has failed. The dramatic and uncontrolled rise in independent expenditures has caused candidates to forego the voluntary limit option. While the sponsors may believe raising the limit by the arbitrary amount proposed will dissuade independent expenditures, no testimony was given to prove their position.

Amendment (0316h)

Amend the bill by replacing section 2 with the following:

2 Effective Date. This act shall take effect upon its passage.

Adopted.

Majority report adopted and ordered to third reading.

HB 616-FN, relative to jury selection reforms. **OUGHT TO PASS WITH AMENDMENT**

Rep. Arthur P. Klemm, Jr. for Finance: This bill changes the method for compiling the master jury list. The voter lists as well as the drivers' license list will both be used annually by the Administrative Office of the Courts (AOC) to form a master jury list. The bill also repeals most jury exemptions, a decision of the policy committee. The amendment states that the voter lists and the Department of Safety lists as well as the master jury list are confidential documents and are to be used for purposes of jury selection only. The AOC indicated that it will absorb any costs required to implement this bill. As a result, there will be no impact on the general fund. Vote 15-4.

Amendment (0359h)

Amend RSA 500-A:1, VI as inserted by section 2 of the bill by replacing it with the following:

VI. "Voter lists" means the official record of persons registered to vote in the most recent state general election and town lists, which are the combined and alphabetically arranged lists prepared by the selectmen and city wards for their respective jurisdictions made up of all adults listed on the voter registration lists, and provided to the office by the selectmen and city wards.

Amend RSA 500-A:2 as inserted by section 3 of the bill by replacing it with the following:

500-A:2 Preparation of Master Jury List. The [department] office shall annually prepare and deliver to the clerk of court a master jury list for each county or judicial district thereof. A duplicate list shall be retained by the [department] office. *Voter lists and department of safety lists, as well as the master jury list, are confidential documents to be used by the office and the respective trial courts only for purposes of jury selection.*

AMENDED ANALYSIS

This bill changes the method for compiling the master jury list. The voter lists and the driver's license list will be blended annually into a master jury list by the administrative office of the courts.

The bill specifies that the master jury list, voter lists, and driver's license list are confidential documents.

The bill also repeals the most jury exemptions. The bill prohibits a convicted felon whose conviction has not been annulled or is not eligible for annulment under New Hampshire law from serving on juries.

Adopted.

Report adopted and ordered to third reading.

HB 686-FN-A, relative to financing of child day care facilities and making an appropriation therefor. **OUGHT TO PASS WITH AMENDMENT**

Rep. Frances L. Riley for Finance: This bill preserves the intent of the Health and Human Services Committee and the wishes of the House regarding assistance to day care centers. The amendment (a) eliminates the appropriation from the general fund and (b) permits \$17,500 of already appropriated funds plus loan repayments under the current program to be used for interest rate subsidies on future loans for child day care facilities. Vote 20-0.

Amendment (0403h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to financing child day care facilities.

Amend the bill by deleting section 3 and renumbering the original sections 4-7 to read as sections 3-6 respectively.

Amend the bill by replacing section 6 with the following:

6 Effective Date. This act shall take effect [~~July 1, 1998~~] *upon its passage*.

AMENDED ANALYSIS

This bill establishes a non-profit child day care loan program through the department of health and human services.

Adopted.

Report adopted and ordered to third reading.

HB 1324, requiring parental notification before abortions may be performed on certain minors. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Marjorie K. Smith for the Majority of Judiciary and Family Law: This bill would not result in improving communication within families. More than 70% of minors do inform their parents. Those who do not, often have sound reasons. Finally the bill does not protect the constitutional right of a minor to have an abortion without the notice of both parents if she is mature enough to make her own decision or an abortion is in her best interests. Vote 12-4.

Rep. Evelyn S. Letendre for the Minority of Judiciary and Family Law: The minority of the committee believes that at the most critical time in a woman's life she should have the support and guidance of a family member. In addition, since there are numerous things that a minor cannot do or have done to her without parental permission, it seems absurd to us that a minor can have an abortion without even so much as notification. This bill provides for parental notification not permission. In the event that the minor is a victim of sexual abuse, physical abuse, or neglect, notification can be made to a sibling over the age of 21, a stepparent or grandparent.

Rep. Adams spoke against and yielded to questions.

Rep. Irene Pratt spoke in favor and yielded to questions.

Rep. Adams requested a roll call; sufficiently seconded.

The question being the adoption of the majority report.

SULLIVAN

Adler, Rudolf

and the majority report was adopted.

Reps. Cooper and Merritt did not vote and wished to be recorded in favor.

SPECIAL ORDER

Rep. Mirski moved that **HB 1587-FN**, creating the woman's right to know law, be made a Special Order for Thursday, February 12, 1998 and spoke in favor.

Rep. Peterson spoke in favor.

Adopted.

REGULAR CALENDAR (Cont'd.)

CACR 43, relating to compensation for members of the general court. Providing that members of the general court shall receive the annual sum of 5 cents per citizen of the state per week, multiplied by the most recent decennial federal census figure for the state of New Hampshire, divided by the number of legislators for the term elected. **INEXPEDIENT TO LEGISLATE**

Rep. Gregory G. Carson for Legislative Administration: While this legislation as written presents a new and interesting twist on increasing pay for the members of the General Court, it is most blatantly flawed by lack of a funding mechanism. Using the formula contemplated in this CACR each member would receive approximately \$7,400 per year - a \$6,000,000 appropriation over the biennium. At present, we potentially face raising millions in new revenues to fund education, the majority of the committee felt asking our constituents for additional pay was both untimely and unfair. The sponsor's intent in proposing said CACR was to open up the possibility of more citizens running for House seats by paying a reasonable wage. The committee discussed the basic premise of a citizen legislature and the majority of the committee did not want to change the basis of what has been a two century tradition. The committee also wants to place some historical perspective on this issue and remind each member of the General Court the last salary treatment effected by the citizens was a decrease in pay, albeit more than 100 years ago. Vote 11-2.

Adopted.

HB 1180, relative to the composition of the legislative ethics committee. **INEXPEDIENT TO LEGISLATE**

Rep. Ronald J. Nowe for Legislative Administration: This bill would remove the requirement that one member of the legislative ethics committee be an attorney. There was no evidence presented to the committee that a problem existed with the current statute. The legislative administration committee found that the ethics committee would benefit from having an attorney on the committee to insure that the rights of the complainant and the individual complained against were protected. In the past, the Attorney General or his designee had been a member of the committee, but that office expressed concerns about possible conflicts of interest and they are no longer statutory members. Vote 11-1.

Adopted.

HB 1289-FN, relative to meals for legislators on session days. **INEXPEDIENT TO LEGISLATE**

Rep. Donnalee Lozeau for Legislative Administration: It would be tempting to dismiss this bill solely on the basis of the well-known expression "there is no such thing as a free lunch". While

that expression certainly applies in this case, the bill has other problems as well. The bill requires the state house cafeteria to offer a free lunch to legislators on session days. Such a benefit would seem to conflict with the New Hampshire Constitution which limits legislative compensation to our \$100 annual salary and mileage. In addition, the expense of providing paid lunches for legislators could cost \$53,000 or more per year. Further, such a practice would clearly represent unfair competition for area businesses providing noontime meals. For these and other reasons, the committee voted Inexpedient to Legislate. Vote 7-4.

Adopted.

HB 1366, establishing a committee to study the possibility of televising sessions and selected hearings of the house of representatives. **INEXPEDIENT TO LEGISLATE**

Rep. Gregory G. Carson for Legislative Administration: The committee reviewed this legislation along with a historical review of similar legislation and found HR48 located on page 534 of the House Journal from the consent calendar dated 15 March 1994. HR 48 of 1994 encouraged the Speaker of the House to establish a study committee to review the feasibility and cost of televising sessions and committee meetings. A representative of this committee discussed HR 48 of 1994 with the Speaker and she stated she would follow the spirit and intent of the resolution. Vote 9-4.

Adopted.

HB 1375, establishing a legislative accountability act, requiring that certain laws apply to the legislature. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Warren C. Henderson for the Majority of Legislative Administration: This bill has very broad implications. While it is called the Legislative Accountability Act, it would apply laws which are not currently applicable to state employees to legislative employees. It would also allow an executive branch official to determine the rules under which legislative employees would work. If the legislature at some point in the future wished to establish other rules to apply to its own employees, it would require the approval of the Governor to enact a law permitting this. Finally, this bill could restrict the rights of some of our current legislative employees. We should act deliberately when we look at the rules which govern our employees. Vote 9-4.

Rep. Amanda A. Merrill for the Minority of Legislative Administration: This legislation sets out basic areas of employee protection that should be available in all work places, including the New Hampshire Legislature. While the Legislative Personnel Manual addresses issues unique to legislative employees, it does not cover the areas of protection currently available to other New Hampshire workers through existing state law.

Reps. Buckley and McCann spoke against.

Rep. Cushing spoke against and yielded to questions.

Reps. Henderson and Ann Torr spoke in favor and yielded to questions.

Rep. Wheeler requested a roll call; sufficiently seconded.

The question being the adoption of the majority report.

and the majority report was adopted.

Rep. Cooper did not vote and wished to be recorded in favor.

HB 1405-FN, including the legislature and judiciary as public employers under the public employees labor relations act. **INEXPEDIENT TO LEGISLATE**

Rep. Donnalee Lozeau for of Legislative Administration: This bill would establish a collective bargaining process for legislative and judicial employees. Unlike the law governing other bargaining units of public employees, this bill does not establish an election process to determine whether legislative or judicial employees would like to unionize but rather establishes a bargaining committee on their behalf. The bill also does not appear to allow for individual administration of House and Senate employees by their respective bodies. It would therefore require Senate approval to establish certain conditions or salaries for House employees. It is important to consider that the membership of the House and Senate change every two years. The collective bargaining process could then produce an agreement which would bind future legislatures. We should give flexibility to each legislature to determine the conditions under which its employees will work. Vote 9-4.

Reps. McCann and Cushing spoke against.

Reps. Lozeau and Kurk spoke in favor.

Rep. Wheeler requested a roll call; sufficiently seconded.

The question being the adoption of the report.

Allison, David	Burling, Peter	Cloutier, John	Palmer, Lorraine
Wiggins, Celestine			

and the report was adopted.

Rep. Hansen did not vote and wished to be recorded in favor.

HB 1625-FN, relative to financial disclosure by elected officials. **INEXPEDIENT TO LEGISLATE**
Rep. Loren J. Jean for Legislative Administration: This bill would have required a twice annually disclosure of gifts, testimonials and honoraria. The majority of the committee felt the requirements in place were adequate and to further burden the legislators and facilities of the Secretary of State's office is unwarranted. Vote 8-5.

Rep. Almy spoke against.

Rep. Channing Brown spoke in favor and yielded to questions.

Adopted.

HB 1645, to eliminate secrecy in the handling of complaints by any state ethics committee or conduct board or commission. **INEXPEDIENT TO LEGISLATE**

Rep. Robert L. Wheeler for Legislative Administration: This bill would provide that all complaints and investigations before any state ethics committee or conduct board or commission are public and open, except during a related criminal investigation. This bill would allow an individual to file a complaint against another which would become public before the subject of the complaint even knew of its existence. The harm to an individual's reputation might not be repaired if the complaint was later determined to be unfounded. For these reasons of fairness and equity, the committee recommended that this bill be voted Inexpedient to Legislate. Vote 12-1.

Adopted.

LAID ON THE TABLE

Rep. Guay moved that **HB 643-FN**, establishing an industry average performance system for air pollution control and establishing certain pollution control funds, be laid on the table.

Adopted.

REGULAR CALENDAR (cont'd.)

HB 736-FN, increasing the mileage rate for jurors. **INEXPEDIENT TO LEGISLATE**

Rep. Margaret A. Lynch for Finance: The intention of this bill, as amended by the House, was to increase grand and petit jurors' mileage rate from \$.20 to \$.31 per mile, when the juror is required to leave the town or city in which he/she resides. The change in mileage fees would increase state general fund expenditures by \$200,000. It is the belief of the Finance Committee that it is a citizen's civic duty, if called upon, to serve on a jury and that given the demands on the general fund at this point in time the \$.20 mileage fee should remain unchanged. Vote 15-2.

Rep. MacGillivray spoke against.

Rep. Lynch spoke in favor.

Adopted.

Rep. MacGillivray wished to be recorded against.

HB 1194, prohibiting a minor child from being forced to have visitation with an incarcerated parent. **INEXPEDIENT TO LEGISLATE**

Rep. David C. Allison for Judiciary and Family Law: As drafted, the bill seems to be all-encompassing, i.e., that the incarcerated parent may be imprisoned for a relatively minor offense. In such a circumstance, it seems to the committee excessive punishment to prevent this incarcerated parent from visits with his or her child. Vote 14-0.

Rep. John McCarthy moved Re-commit to Committee and spoke in favor.

Adopted.

SPECIAL ORDER

Rep. Wheeler moved that **HB 1342**, allowing members of the house of representatives and senate to take courses at no cost, and for no credit at any state institution of higher education, be made a Special Order for Thursday, February 12, 1998 and spoke in favor.

Adopted.

REGULAR CALENDAR (CONT'D.)

HB 1206, affirming that it is the legislature's intent that new court facility construction costs reflect the needs and usage of the judiciary. **INEXPEDIENT TO LEGISLATE**

Rep. Steve Vaillancourt for Public Works and Highways: This bill would affirm the legislature's intent that new court construction costs reflect the needs and usage of the judiciary. The commit-

tee believes this bill is not necessary. We are already aware of the public desire not to construct "overly lavish structures" and have not abused that trust. The committee received and reviewed information regarding court construction costs in the last four years, ranging from \$94.15 per square foot for Rockingham Superior Court in 1994-95 to \$119.69 per square foot for Franklin District Court in 1997. These costs were deemed appropriate. Vote 18-0.

Rep. Rosen spoke in favor.

Adopted.

HB 1211-FN-A, appropriating startup funds for the Governors State Park in Laconia. OUGHT TO PASS WITH AMENDMENT

Rep. Gene G. Chandler for Public Works and Highways: This bill, as presented, involved an appropriation of \$750,000 for Governors State Park located near the Laconia Correctional Facility, for the purpose of development of said park. One of the sponsors testified that a much lower figure, perhaps \$160,000, would suffice and subsequent to the hearing the prime sponsor submitted a revised request of \$220,000. The committee felt that since the whole issue of the park and the correctional facility is being discussed in other venues it would not be appropriate to make any appropriation at this time. The amendment replaces all of the original bill with language renaming Governors State Park to Ahern Park, which was the original dedicated name of the park from 1937 until 1983, when for whatever reason the name was changed to Governors State Park. William Ahern, a former Speaker of the House and highly recognized civic leader of his time, was appropriately and suitably honored with the original naming of the park, and the committee feels very strongly that we should correct this historical injustice. Vote 20-0.

Amendment (0381h)

Amend the title of the bill by replacing it with the following:

AN ACT re-designating Governors state park in Laconia as Ahern state park.

Amend the bill by replacing all after the enacting clause with the following:

1 Ahern State Park. Amend the chapter heading of RSA 216-H to read as follows:

[Governors] *Ahern* State Park

2 Ahern State Park. Amend RSA 216-H:3 to read as follows:

216-H:3 [Governors] *Ahern* State Park. Pursuant to RSA 4:43, the general court[~~in honor of all former governors of the state~~] hereby designates and names this tract of land, upon its availability and development as a park under RSA 216-H:2, [~~the Governors~~] *Ahern* state park.

3 Ahern State Park Advisory Committee. Amend the section heading and paragraph I of RSA 216-H:5 to read as follows:

216-H:5 [Governors] *Ahern* State Park Advisory Committee.

I. There is established an advisory committee to advise the department of resources and economic development on the development of [~~the Governors~~] *Ahern* state park.

4 Effective Date. This act shall take effect July 1, 1998.

AMENDED ANALYSIS

This bill re-designates Governors state park in Laconia as Ahern state park.

Adopted.

Reps. Rosen and Gene Chandler spoke in favor.

Report adopted and ordered to third reading.

RESOLUTION

Rep. Wheeler offered the following: RESOLVED, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet Thursday, February 12, 1998 at 10:00 a.m.

Adopted.

LATE SESSION

Third reading and final passage

HB 1394, extending the reporting date for the school building aid system study committee.

- HB 1502**, extending the reporting date for the statewide school technology plan study committee.
- HB 1634**, relative to amending the definition of "educational institution" under the New Hampshire municipal bond bank educational institutions bond financing act.
- HB 1103-L**, relative to the state representative districts of towns.
- HB 1151-FN**, relative to the testing of certain domestic animals.
- HB 1142**, making technical corrections on behalf of the department of revenue administration.
- HB 1244-FN**, relative to collusive bidding at auctions.
- HB 1271-FN**, relative to the board of acupuncture licensing.
- HB 1283**, establishing a 4-year term for the commissioner of the department of corrections.
- HB 256-FN**, establishing uniform adjudicative proceedings for state agencies.
- HB 579-FN-L**, providing that a person who, having made all reasonable efforts to preserve employment, leaves a job in order to protect himself or herself from domestic abuse, shall not be denied unemployment compensation.
- HB 627-FN**, establishing a conservation number plate trust fund, and a special motor vehicle license plate and associated fees, to support New Hampshire's natural and cultural resources.
- HB 774-FN**, relative to child support, custodial rights, and visitation.
- HB 1657**, extending the consultant's reporting date for surveying the department of youth development services' facilities.
- SB 53-FN**, relative to payment by the retirement system of certain medical benefits for group II members and for certain permanent firemen on disability retirement.
- SB 68-FN-L**, providing health care coverage for the spouse and dependents of any group I or group II retirement system member who is killed in the line of duty.
- SB 96-FN**, relative to the priority of charges in probate of estates.
- SB 197-FN**, relative to final dispositional orders in child protection cases.
- HB 1468**, clarifying the legal status of home brewers of beer.
- HB 529**, relative to excluding from the definition of subdivision the placement and maintenance of wireless communication facilities.
- HB 1119**, relative to the town line between the towns of Groton and Plymouth, New Hampshire.
- HB 1424**, relative to filling a vacancy in the position of a county officer.
- HB 1518-L**, increasing the minimum purchase amount by a county requiring competitive bidding.
- HCR 20**, recognizing the 100th anniversary of Old Home Day in New Hampshire.
- HB 1272-L**, requiring the long range capital planning and utilization committee and the Skyhaven airport operation commission to develop a plan to transfer the Skyhaven airport to a local public entity.
- HB 1335-FN**, authorizing the department of administrative services to accept donations, gifts, and grants for the purpose of funding a design to expand the veterans' home in the town of Tilton and establishing the patients' needs committee.
- SB 66**, allowing a state resident to obtain a license for a pistol or revolver for life.
- HB 1430**, relative to political expenditure limitation amounts.
- HB 616-FN**, relative to jury selection reforms.
- HB 686-FN-A**, relative to financing child day care facilities.
- HB 1211-FN-A**, re-designating Governors state park in Laconia as Ahern state park.

PERSONAL PRIVILEGE

Rep. Avery moved that the remarks made by Rep. Felch be printed in the Journal.

Adopted.

Rep. Felch addressed the House.

Thank you, Madam Speaker. When I got here to the House this morning and opened up by pages to the Union Leader, I found that I was in the news. Much to my surprise, my chin kind of dropped down. I said, "For God's sake, this isn't true. Where is this coming from?" It seems that my town and one of the places of business in my town are in Superior Court in Rockingham County and they are battling it out over Leather and Lace (business establishment) as you have probably all heard. According to the writer of the article, correspondent Peg Warner, and I have been in contact with the Clerk of the Court, Ray Taylor, and they have read the records of the court of yesterday's testimony and I have received correspondence from the writer of the piece - it seems that - my gripe is this, they referred to me as Rep. Charles Felch. The proprietor of Leather and Lace also testified at a Rockingham County Superior Court hearing that oil wrestling, mud wrestling and bachelor

parties featuring nude women, including some attended by selectman Oliver Carter and Rep. Charles Felch. You know, having to have to come out here and face 400 of you people, plus 24 on the other side of the wall, I kind of felt like how the hell do I explain myself for this one. Well, I went through the necessary movements and I talked with the Court. I've talked with the Union Leader and they have assured me that Peg Warner did call after talking with the Clerk of the Court and she has asked them to put something in there correcting the piece that was put in. What happened, she said, was that when she heard the name of Charles Felch, and there are seven in the town of Seabrook, five of them are Charles H. Felch and the other two are Charles W., cousins. She said, "that is a prominent name, that must be Rep. Felch," so that is the way she wrote it. She has apologized to me and the correction is being made. I did receive a call from Ivan Eaton, Jr., because I had called there to find out what are you trying to tell the Court about me that isn't so. He did call back and I went and called him and he said, "Charles, I did not say that. It was Fireman Charles Felch." "Well," I said, "I'm, glad of that, but there is only one thing, Ivan, that I have to tell you right now. I feel slighted that I wasn't invited."

UNANIMOUS CONSENT

Rep. French addressed the House.

Rep. Stone moved that the remarks made by Rep. D'Allesandro be printed in the Journal Adopted.

Rep. D'Allesandro: Thank you very much Madam Speaker. I requested Unanimous Consent to talk to you about a rather tragic event, but I think an event that is worth sharing with members of this House, and I know 70 of you are graduates of the University of New Hampshire. About two weeks ago, a wonderful coach at the University of New Hampshire who became Assistant Director of Athletics died in the gymnasium. He was 46 years of age. He left a wife and two young children. He had given 17 years of his life to the University of New Hampshire and to the athletes who he coached as the head wrestling coach and the head lacrosse coach. There were times when he took money out of his own pocket to buy equipment for his teams. He was the kind of individual who made everyone around him a little bit better, a little bit happier. I stood in line at St. Thomas Church in Durham with over 1,000 people who came to pay their respects to Jim Urquhart. It just seems to me that if we take a moment to think about the wonderful things we have in New Hampshire, one of the things that is preeminent in my mind is great people. Jim Urquhart was a wonderful athlete in college. He was a wonderful coach, a great father, a great husband and great addition to the University of New Hampshire. We, as legislators, have the privilege and pleasure of supporting our university and witnessing the works of these fine people. Jim Urquhart isn't with us but he gave 17 years of his life so that our lives and the lives of our children could be better. There is no greater tribute we can pay to a man then to say, "Jim, it was a job well done. Your memory will live in our minds and our hearts forever. Our deepest sympathy go to your wife and family." Thank you very much.

Rep. David Welch addressed the House.

RECESS MOTION

Rep. Wheeler moved that the House stand in recess for the purpose of introduction of bills, enrolled bill amendments and enrolled bill reports only.

Adopted.

The House recessed at 4:00 p.m.

RECESS

(Rep. David Welch in the Chair)

RESOLUTION

Its introduction having been approved by the Rules Committee:

Rep. John Flanders offered the following: RESOLVED, that in accordance with the list in the possession of the Clerk, House Bill numbered 1661, shall be by this resolution read a first and second time by the therein listed title, sent for printing, and referred to the therein designated committee.

Adopted.

INTRODUCTION OF HOUSE BILL**First, second reading and referral**

HB 1661, relative to eligibility for postsecondary education tuition grants. (Belvin, Hills 14; Searles, Hills 23; Snyder, Straf 14; Weyler, Rock 18; McCarley, Dist 6; Danais, Dist 20; Rubens, Dist 5: Education)

RECESS

(Rep. Babson in the Chair)

RESOLUTION

Its introduction having been approved by the Rules Committee:

Rep. Trelfa offered the following: **RESOLVED**, that in accordance with the list in the possession of the Clerk, House Bill numbered 1662, shall be by this resolution read a first and second time by the therein listed title, sent for printing, and referred to the therein designated committee.

Adopted.

INTRODUCTION OF HOUSE BILL**First, second reading and referral**

HB 1662-FN, restructuring the nuclear decommissioning finance committee and the office of the consumer advocate and amending laws relative to atomic energy to reflect the policies of electric utility restructuring. (Cushing, Rock 22; Below, Graf 13; Hollingworth, Dist 23: Science, Technology and Energy)

RECESS

(Rep. Rabideau in the Chair)

RESOLUTION

Its introduction having been approved by the Rules Committee:

Rep. Henderson offered the following: **RESOLVED**, that in accordance with the list in the possession of the Clerk, Constitutional Amendment Concurrent Resolution numbered 44, shall be by this resolution read a first and second time by the therein listed title, sent for printing, and referred to the therein designated committee.

Adopted.

INTRODUCTION OF CACR**First, second reading and referral**

CACR 44, relating to clarifying the phrase "proportional and reasonable" in the constitution. Providing that to the extent local property taxes are used to fund an adequate education, tax rates among different local taxing districts shall be proportional and reasonable if, utilizing real property valuations equalized throughout the state, the lowest tax rate utilized by any one local taxing district is not less than 50 percent of the highest rate utilized by any other local taxing district. (Hess, Merr 11: Finance)

RECESS

(Speaker Sytek in the Chair)

UNANIMOUS CONSENT

Rep. Lockwood addressed the House.

Rep. Dokmo moved that the remarks made by Rep. Lockwood be printed in the Journal.

Adopted.

Rep. Lockwood. Thank you, Madam Speaker. Thank you for recognizing me at this particular time, while the Journal for the January 29, 1998 session is still open. Thank you, members of the House for your Unanimous Consent and your attention. Madam Speaker, we all know that January 29th

was a difficult day for many members of this honorable House with reference to the Ethics Committee report and subsequent action to censure one of our own members. I rise, Madam Speaker, to offer a sense of appreciation and full recognition of worth to the Ethics Committee for a truly exemplary performance in its consideration of this truly tortuous case. The Committee's process appeared to be beyond reproach, absent pre-judgment and absent recrimination and posturing. Its report is a clear and concise statement of the complaint as well as the Committee's reasoning for its findings. It was appropriate that the House overwhelmingly supported its recommendation. Madam Speaker, rather than condemnation, I believe the Ethics Committee deserves our congratulations for bringing this unfortunate situation to a fair, equitable and compassionate conclusion. Thank you very much, Madam Speaker.

Rep. Lozeau moved that the House adjourn.
Adopted.

HOUSE JOURNAL No. 4

Thursday, February 12, 1998

The House assembled at 10:00 a.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Her Excellency, Governor Jeanne Shaheen joined the Speaker on the rostrum for the day's opening ceremonies.

Prayer was offered by House Chaplain, Reverend Edward G. Horstmann.

God of the common good whose care is wide enough to embrace the needs of individuals and the complexities of institutions, we pray that You will inspire each of us personally and all of us collectively that we may serve well the land and people of New Hampshire. Grant us the courage of our convictions but make us vulnerable enough to learn from the convictions of others. Grant us the passion of our highest ideals but make us humble enough to be transformed by the visions of others. As in all times we pray that You will breath into us Your love and energy so that we may accomplish Your hopes of grace, humor and mutual respect. Amen.

Rep. Pantelakos led the Pledge of Allegiance.

LEAVES OF ABSENCE

Reps. Carney, Champagne, Clay, Cobbin, Ferguson, Robert Foster, Gage, Gleason, Golden, Gosselin, Healy, Robert Johnson, Cecelia Kane, George Katsakiores, Amanda Merrill, Micklon, Pepino, Russell, Paul Taylor and Woods, the day, illness.

Reps. Bartlett, Bishop, Daniels, Dolan, Guay, Haley, Haettenschwiller, Milligan and Syracuse, the day important business.

Reps. Dawe and Weber, the day, illness in the family.

INTRODUCTION OF GUESTS

Bea Reed, guest of Rep. Francoeur. Aislyl Yanbaeva, Galina Mistreanu, George Chigogidze, Maruf Abdulkadirov, Marina Dratcheva and Dolores Siik, guests of Rep. Owen. The 1998 class of Leadership New Hampshire and the program's directors Cotton Cleveland and Mary Scheffy, guests of Rep. Boutin. Grover Norquist, guest of Rep. Frances Riley.

SPECIAL GUESTS

The Class L Girls' Championship Field Hockey Team and the Championship Fall Spirit Cheerleading Team from Salem High School, guests of the House.

COMMITTEE ASSIGNMENTS

Rep. Steven J. Connolly off Science, Technology and Energy; on Wildlife and Marine Resources.

Rep. Terence R. Pfaff Vice Chairman of Judiciary and Family Law.

Rep. Edwin O. Smith on Criminal Justice and Public Safety.

Rep. Deborah L. Woods off Judiciary and Family Law; on Resources, Recreation and Development.

SENATE MESSAGE**NONCONCURRENCE**

HB 191, reducing the number of categories of pesticides from 3 to one.

HB 211, defining the terms "psychological injury" and related terms under the child protection act.

HB 276, removing primary petition filing requirements for candidates who do not voluntarily accept campaign spending limitations.

HB 367-FN-L, requiring notification to parents when a minor violates the tobacco laws.

HB 716-FN, relative to economic development and retention rates and special contracts.

HB 792-FN-L, prohibiting trusts and other legal devices from being used to shelter wealth for the purposes of medicaid eligibility.

SUSPENSION OF RULES

Reps. Wheeler and Burling move that the Rules be so far suspended as to permit the extension of the reporting date to March 18, 1998 for all bills not yet introduced as of this date, and all bills approved for late introduction by the Rules Committee.

Reps. Burling and Wheeler spoke in favor.

Adopted by the necessary two-thirds.

RESOLUTION

Reps. Wheeler and Burling offered the following: **RESOLVED**, that in accordance with the list in the possession of the Clerk, House Bills numbered 1663 and 1664, shall be by this resolution read a first and second time by the therein listed titles, sent for printing, and referred to the therein designated committees.

Adopted.

INTRODUCTION OF HOUSE BILLS

First, second reading and referral

HB 1663-FN, relative to rulemaking under the administrative procedures act. (Pfaff, Merr 11; G. Chandler, Carr 1; Wheeler, Hills 7; Burling, Sull 1; Barnes, Dist 17; Hollingworth, Dist 23: Executive Departments and Administration)

HB 1664-FN, authorizing salary increases for state law enforcement officers. (Wheeler, Hills 7; Burling, Sull 1: Finance)

COMMITTEE REPORTS

CONSENT CALENDAR

Rep. Wheeler moved that the Consent Calendar with the relevant amendments as printed in the day's House Record be adopted.

HB 1275-FN, relative to training for marine patrol officers, removed by Rep. Hunter.

HB 1584, relative to the applicability of the youth access to and use of tobacco products law, removed by Rep. Mirski.

HB 1466-FN-A-L, relative to current use and the real estate transfer tax, removed by Rep. Mirski.

HB 605-FN-L, relative to procedures regarding delinquent children under RSA 169-B, removed by Rep. Pfaff.

HB 606-FN-L, relative to procedures regarding children in need of services under RSA 169-D, removed by Rep. Pfaff.

HB 1370, abolishing the judicial council, removed by Rep. Hemon.

HB 1505-FN, removing judges from the state defense and indemnification provisions, removed by Rep. Mirski.

HB 1637-FN, repealing the requirement that the commissioner of the department of employment security maintain a state directory of new hires, removed by Rep. Mirski.

HB 1609, permitting municipal elections to be held on biennial election day, removed by Rep. Cloutier.

HJR 21, requesting that the United States Congress return to the states the authority to regulate campaign finance, removed by Rep. Charles Clark.

Consent Calendar adopted.

HB 1125, repealing laws relative to trading stamp companies and solar equipment warranties.
OUGHT TO PASS

Rep. Keith R. Herman for Commerce: Finally, we have the opportunity to repeal two laws which are arcane and unenforced. The laws being repealed deal with trading stamp companies (RSA 357-A) and solar equipment warranties (RSA 358-L). The problems for which these laws were originally created no longer exist. No one testified in opposition to the bill. The Attorney General's Office is supportive of repealing these provisions. Vote 15-0.

HB 1186, requiring all-night convenience stores to have 2 attendants on duty during night hours.
INEXPEDIENT TO LEGISLATE

Rep. Tim S. McGough for Commerce: The committee felt this bill would have placed unfair restrictions on owners of small businesses. Isolating one type of business and allowing government to determine minimum staffing is an inappropriate intrusion on a business owner's right to operate based on market conditions. Vote 15-0.

HB 1214-FN, encouraging employers to provide health insurance for their employees by providing a "New Hampshire Way" designation. **INEXPEDIENT TO LEGISLATE**

Rep. George Hurt for Commerce: This bill makes an onerous provision on an employer and businesses with a mandated subscription to provide certain confidential records on personnel policy provisions to the Department of Insurance. Further, this bill also discriminates from one employer to another on how an employer provides employee health insurance coverage. Vote 15-0.

HB 1546-FN, extending consumer protection rights to purchasers of farm equipment. **REFER FOR INTERIM STUDY**

Rep. David T. Mittelman for Commerce: The purpose of this bill is to create a "lemon law" for farm equipment. The committee would like additional time to examine similar laws in other states and an existing federal regulation that provides an arbitration mechanism for disputes of this nature. Vote 15-0.

HB 1582-FN, extending small employer health insurance coverage to individuals, limiting annual premium rate increases, and eliminating minimum participation requirements for small employer groups. **REFER FOR INTERIM STUDY**

Rep. Keith R. Herman for Commerce: This bill would force HMOs into the individual health market and cap premium rates. This concept is part of the solution to the critical problem in New Hampshire's individual health insurance market. The overall solution will be studied extensively this summer with a myriad of alternative approaches to ensure that New Hampshire residents have access to affordable health care. Vote 16-1.

HB 1101, requiring juvenile case and court records to be unsealed in certain cases. **INEXPEDIENT TO LEGISLATE**

Rep. L. Randy Lyman for Criminal Justice and Public Safety: This subject matter was reviewed extensively under HB 604 and it was determined that the sentencing judge already has access to the records for the purposes addressed in this bill. HB 604 was re-re-referred in the last session and will be before the senate later this session. Vote 17-0.

HB 1128-FN, relative to space heaters. **OUGHT TO PASS**

Rep. Bruce F. Hunter for Criminal Justice and Public Safety: The committee heard from the manufacturers and the municipal association and they were in favor of this bill. It is just a housekeeping bill for the fire marshal's office and it eliminates a level of unnecessary bureaucratic regulation. Vote 14-1.

HB 1132-L, relative to the sale of fireworks. **INEXPEDIENT TO LEGISLATE**

Rep. Bruce F. Hunter for Criminal Justice and Public Safety: This bill is not needed as it is already in the statute, RSA 160-B, but the committee has assured the sponsor that this will be looked at in HB 1108 which deals with fireworks and the Fireworks Review Committee. This is one town's problem and it can be done locally. There are only 26 dealers in this state who come under the local control. Vote 15-0.

HB 1197-FN, expanding the crime of felonious use of firearms to include felonious use of any deadly weapon and relative to the minimum mandatory and maximum sentences of imprisonment for felonies involving deadly weapons. **INEXPEDIENT TO LEGISLATE**

Rep. Andrew Christie, Jr. for Criminal Justice and Public Safety: This bill seeks to amend our felonious use of a firearm statute to felonious use of a deadly weapon. This broadens the effect of the statute tremendously as shown by the following definition: "'Deadly Weapon' means any firearm, knife or other substance or thing which, in the manner it is used, intended to be used, or threatened to be used, is known to be capable of providing death or serious bodily injury. Making this change was something our committee saw no need to do. We believe the enhanced penalty should be reserved for the use of a firearm and not for the use of everything under the sun. There was no testimony from the police or the attorney general that this change was needed or wanted. We concur. Vote 17-0.

HB 1263, relative to the confidentiality of juvenile records. **INEXPEDIENT TO LEGISLATE**

Rep. L. Randy Lyman for Criminal Justice and Public Safety: This bill provides that all juvenile records, including court records and police files where the juvenile is 12 years of age or older, shall be part of the public record even if the juvenile is placed into a court diversion program. This subject matter was dealt with extensively under HB 604 which was voted Inexpedient to Legislate by the

House and it was determined that requiring all juvenile records to be public was detrimental to the ability to rehabilitate, educate and reform. The criminal record of an adult is not public record. Therefore, we should not have a double standard for juveniles. Vote 17-0.

HB 1279-FN-L, relative to the procedures for vacating uninhabitable or unsafe buildings. **OUGHT TO PASS WITH AMENDMENT**

Rep. Lori Cardin for Criminal Justice and Public Safety: This bill establishes procedures for vacating unsafe and uninhabitable buildings. The Fire Marshal and the New Hampshire Municipal Association requested this bill. The purpose of this is to protect the occupant if the conditions of a building constitutes a clear and imminent danger to the life and safety of the occupant or other persons. The amendment addresses the concerns of New Hampshire Legal Assistance regarding tenants rights being violated as it pertains to a municipalities assistance when a person is displaced by this type of action. Vote 15-0.

Amendment (0496h)

Amend RSA 147:16-a, II as inserted by section 1 of the bill by replacing it with the following:

II. A prominent notice shall be posted at each entrance to the building or other premises informing all persons that the premises has been ordered vacated, and of the officer making the order. Such notice shall not be removed during the period such order is in effect, and anyone removing such notice shall be guilty of a misdemeanor. The following wording, though not exclusive, shall be deemed sufficient:

"DANGER. THIS BUILDING (or other premises) IS UNSAFE. OCCUPANCY IS PROHIBITED BY ORDER OF THE (officer's title) OF THE TOWN (City) OF _____, UNDER AUTHORITY OF RSA 147:16-a. DETAILS OF THIS VIOLATION ARE ON FILE _____. ANYONE ENTERING THIS BUILDING (premises) OR REMOVING THIS NOTICE SHALL BE GUILTY OF A MISDEMEANOR. PERSONS AGGRIEVED BY THIS ORDER MAY REQUEST A HEARING IN THE _____ DISTRICT COURT."

Amend RSA 147:16-a, VII as inserted by section 1 of the bill by replacing it with the following:

VII. The provisions of this section shall not apply to a residence which is occupied only by the owner and his or her immediate family, unless the condition of such premises constitutes a clear and imminent danger to the life or health of persons other than the occupant or occupants.

Amend RSA 147:16-a as inserted by section 1 of the bill by inserting after paragraph VII the following new paragraph:

VIII. Nothing in this section shall be deemed to affect a municipality's duty to provide general assistance under RSA 165. No proceeding under this section shall be deemed to affect any legal rights between landlord and tenant.

HB 1309, relative to an exemption from notification requirement for telemarketing firms. **INEXPEDIENT TO LEGISLATE**

Rep. Doris R. MacIntyre for Criminal Justice and Public Safety: It was the unanimous consensus of the committee to vote inexpedient to legislate on HB 1309. Testimony indicated a desire to allow telemarketing firms to "RANDOMLY" record incoming calls which would later be used for training purposes. Under questioning by the committee, a representative of a telemarketing firm indicated he wanted to be able to record all incoming calls for a record or resource. Eleven states prohibit recording of calls and 39 states allow recording with one party notification. Telemarketing firms should not be exempt from the wiretapping and eavesdropping laws. Everyone must be notified in advance if they are to be tape recorded. Vote 15-0.

HB 1515-FN, relative to discharge of persons imprisoned for failure to pay a penalty assessment or an administrative fee. **OUGHT TO PASS**

Rep. Herbert R. Hansen for Criminal Justice and Public Safety: This bill merely adds to RSA 618:8, Definition of Fine, two additional items (penalty assessments and administrative fees) that were not previously included. This omission results in petitions to the courts requesting that these assessments be waived since they were not covered by law. This bill will correct this situation. Vote 15-1.

HB 1550-FN, justifying the use of force against persons armed with deadly weapons engaging in illegal drug transactions and permitting life imprisonment as an enhanced sentence for persons who engaged in an illegal drug transaction while armed with deadly weapons. **INEXPEDIENT TO LEGISLATE**

Rep. Frank M. Schanda for Criminal Justice and Public Safety: The committee felt that this bill could cause many more problems that it would solve. This bill would have justified the use of non deadly and deadly force, by "any" person, who had reasonable grounds to believe that another person was armed with a deadly weapon while engaged in an illegal drug transaction. This bill also enhanced the penalty for a person engaged in an illegal drug transaction while armed with a deadly weapon. The committee voted this bill inexpedient to legislate. Vote 14-0.

HB 1553-FN, prohibiting the possession or use of rohypnol, ketamine, and GHB. OUGHT TO PASS WITH AMENDMENT

Rep. L. Randy Lyman for Criminal Justice and Public Safety: This bill as amended will amend RSA 318-B, the Controlled Drug Act to place the following three dangerous substances on New Hampshire's controlled drug schedules as follows: Flunitrazepam, trade name rohypnol, (a sedative/hypnotic with amnesiac effects) on Schedule I, gamma-hydroxy-butyrate (a sedative/hypnotic with amnesiac and hallucinogenic effects) on Schedule II, and ketamine hydrochloride (a veterinary anesthesia) on Schedule III in accordance with the recommendations of the New Hampshire Pharmacy Board. Extensive testimony in committee has overwhelmingly shown that the abuse of these three substances for date rape, assaults, robberies and as a means of altering consciousness is a growing problem in our state. Drug abuse treatment professionals and law enforcement officials attested that they are quickly becoming drugs of choice among our youth. Yet, because they are not properly covered by our controlled drug statutes, there is no current means available to our law enforcement community to charge those who sell, use or possess these dangerous, potentially deadly substances. The bill provides law enforcement with the tools they need to tackle and fight this new drug scourge. Vote 17-0.

Amendment (0502h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Section; Flunitrazepam, Gamma-hydroxy-butyrate, and Ketamine Hydrochloride Scheduled as Controlled Drugs. Amend RSA 318-B by inserting after section 1-b the following new section:

318-B:1-c Flunitrazepam, Gamma-hydroxy-butyrate; and Ketamine Hydrochloride.

I. The legislature intends that the provisions of paragraph III of this section shall remain in effect until such time as flunitrazepam, gamma-hydroxy-butyrate, and ketamine chloride are scheduled by the commissioner of the department of human services in accordance with and pursuant to RSA 318-B.

II. The legislature finds that:

(a) Flunitrazepam, marketed under the trade name rohypnol, which has a sedative, hypnotic and amnesiac effect, has no acceptable medical uses in the United States and carries a high potential for abuse. Therefore, flunitrazepam meets the criteria for placement on schedule I of controlled drugs.

(b) Gamma-hydroxy-butyrate, also known as GHB, which is a chemical additive and has a sedative, hypnotic, and amnesiac effect, has an acceptable medical use in the United States but has a high potential for abuse. Therefore, gamma-hydroxy-butyrate meets the criteria for placement on schedule II of controlled drugs.

(c) Ketamine hydrochloride, a veterinary anesthesia, has acceptable uses in veterinary medicine and limited uses in human medicine but has a high potential for abuse and may lead to severe psychic or physical dependence. Therefore, ketamine hydrochloride meets the criteria for placement on schedule III of controlled drugs.

III. Notwithstanding the provisions of RSA 318-B:1-a, relative to scheduling by rulemaking of the commissioner of the department of health and human services, the following shall be scheduled as controlled drugs:

(a) Flunitrazepam, marketed under the trade name rohypnol, shall be placed on schedule I.

(b) Gamma-hydroxy-butyrate, known as GHB, shall be placed on schedule II.

(c) Ketamine hydrochloride shall be placed on schedule III.

2 Contingent Repeal. If flunitrazepam, gamma-hydroxy-butyrate, and ketamine hydrochloride are scheduled by the commissioner of the department of health and human services pursuant to a rule adopted under RSA 541-A and pursuant to RSA 318-B, then RSA 318-B:1-c as inserted by section 1 of this act shall be repealed at 12:01 a.m. the day after flunitrazepam, gamma-hydroxy-butyrate, and ketamine hydrochloride are scheduled. The commissioner of the department of health and human services shall certify to the secretary of state the date on which flunitrazepam, gamma-hydroxy-butyrate, and ketamine hydrochloride are scheduled by rule.

3 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill prohibits the possession or use of rohypnol, ketamine, and gamma-hydroxy-butyrate (GHB) by placing rohypnol on schedule I, GHB schedule II, and ketamine on schedule III of the controlled drug schedules.

HB 1557-FN, establishing the New Hampshire racketeer influenced and corrupt organizations act. INEXPEDIENT TO LEGISLATE

Rep. Paul K. Chase, Jr. for Criminal Justice and Public Safety: This bill as presented to the committee would have established a New Hampshire version of the federal racketeer influenced and corrupt organizations (RICO) statute. After a presentation by the bill's sponsor, the sponsor felt that he may have been misled on the intentions of proposed legislation. At the sponsor's request, the bill has been reported out as inexpedient to legislate. Vote 15-0.

HB 1592-L, relative to the enhanced 911 data base. OUGHT TO PASS WITH AMENDMENT

Rep. Frank M. Schanda for Criminal Justice and Public Safety: This bill, as amended, "encourages" municipalities to provide information to the bureau of emergency communications relating to street addresses for the purpose of maintaining the enhanced 911 data base. It also "requires" local telephone service providers to match street address information with the subscribers telephone number for use in maintaining the enhanced 911 data base. The resulting data base is an important tool for public safety. If the information is incorrect, important services such as emergency ambulances and other like services could be misdirected and therefore delayed. Our enhanced 911 system is only as good as the information that is immediately available. Vote 13-0.

Amendment (0426h)

Amend RSA 106-H:10 as inserted by section 3 of the bill by replacing it with the following:
106-H:10 Municipal Cooperation.

I. Municipalities are encouraged to provide a verified master street address guide (MSAG) and a verified street address guide (SAG) to the bureau of emergency communications for use in developing and maintaining the enhanced 911 data base. Every year, municipalities are encouraged to provide an updated MSAG and an updated SAG to the bureau.

II. The bureau shall provide local telephone service providers authorized to do business in the state pursuant to RSA 374:22 with a copy of each MSAG and each SAG for every municipality in the local telephone service provider's service territory. The local telephone service providers shall match each subscriber in the service territory by telephone number with an SAG address, and shall assure that accurate matches are provided to the enhanced 911 data base.

III. Municipalities are encouraged to assist the local telephone service providers in identifying the subscriber names associated with SAG addresses, but nothing in this section shall be construed to require municipalities to expend funds to locate telephone subscriber information.

AMENDED ANALYSIS

This bill encourages municipalities to provide information to the bureau of emergency communications relating to street addresses for use in maintaining the enhanced 911 data base, and requires local telephone service providers to match street address information with subscriber telephone numbers for use in maintaining the enhanced 911 data base.

HB 1647-FN, allowing a person to be sentenced to up to 2 years of electronically-monitored home confinement probation for a class A misdemeanor and relative to drug testing of persons on home confinement probation. INEXPEDIENT TO LEGISLATE

Rep. William V. Knowles for Criminal Justice and Public Safety: This legislation as proposed would increase the penalty of a class A misdemeanor to two years of electronically monitored home confinement where current law limits the sentence to one year under the sentencing statute RSA 651:2V(b). The probation and parole officer currently has the right to require drug and alcohol testing in most cases that require it. The offender is required to pay the cost of electronic monitoring whenever possible. This bill was properly motivated but cannot be implemented without current statutes. Vote 14-0.

HB 1159, establishing a committee to study strategies for increasing parental involvement in public education. **OUGHT TO PASS WITH AMENDMENT**

Rep. Iris Estabrook for Education: This bill establishes a committee to study strategies for increasing parental involvement in public education. Research has identified parental involvement as a critical factor in children's school success. The amendment made the effective date to be upon passage. Vote 17-0.

Amendment (0389h)

Amend the bill by replacing section 6 with the following:

6 Effective Date. This act shall take effect upon its passage.

HB 1293-FN-L, requiring school districts without a high school program to provide transportation for its resident students to an out of district high school. **INEXPEDIENT TO LEGISLATE**
Rep. David E. Larrabee, Sr. for Education: It is the opinion of the committee that this bill was an isolated request to solve a local problem. School districts are mandated to transport elementary pupils. Transportation for secondary pupils is determined by local school contracts. Legislative action is not required or necessary. Vote 16-0.

HB 1329, clarifying the in-state status of veterans for purposes of obtaining resident tuition rates within the university system of New Hampshire. **INEXPEDIENT TO LEGISLATE**
Rep. Warren Henderson for Education: The committee strongly supports the principle of counting time spent in the armed forces towards the residency requirement for in-state tuition status at a state university. Such a policy serves to honor military service. However, the testimony presented at the public hearing demonstrated that this is already in rules at the university system for those students who are "domiciliaries" of the state of New Hampshire. Defeating this bill will enable the university system to continue to count military service of those domiciled in New Hampshire towards in-state tuition while maintaining a clear distinction between those who intend to be permanent residents of New Hampshire and those who fail to meet such a standard. Vote 17-0.

HB 1398-FN-L, relative to tuition reimbursement for kindergarten and eligibility criteria for school attendance. **INEXPEDIENT TO LEGISLATE**
Rep. Marie Rabideau for Education: The intent of this bill was to create a system of tuition reimbursement for kindergarten, under provisions of the kindergarten aid law, to parents in communities without either public or district contracted kindergarten programs. The committee believes it is premature to consider altering kindergarten statutes when HB 50, Chapter 348 from the 1997 session has had less than one year on the books. Also, perhaps inadvertently, the bill, as presented, would have excluded 5 year olds from attending public schools at all. Vote 17-0.

HB 1427-FN, relative to the availability of special education and related services to incarcerated youths. **INEXPEDIENT TO LEGISLATE**
Rep. Susan B. Durham for Education: This bill is not needed because the subject of special education for incarcerated youth is covered by an amendment to SB 205 put forward by the Finance Committee. Special education in the state prison has been addressed by the House earlier in the session. Vote 18-0.

HB 1169-L, clarifying the authority of the ballot law commission relative to the examination of programs used to count votes. **OUGHT TO PASS**
Rep. Thomas I. Arnold, Jr. for Election Law: This bill defines the authority of the Ballot Law Commission to approve voting machines, by type, which read paper ballots. It further authorizes the Commission to prescribe the tests to be performed on each machine/program. These clarifications should eliminate the "reading" errors experienced in recent elections. Vote 13-0.

HB 1243-FN-A, relative to the regulation of pesticides and establishing a pesticide cleanup account in the hazardous waste fund. **REFER FOR INTERIM STUDY**
Rep. David L. Babson for Environment and Agriculture: The committee felt that there is merit to the idea of a pesticide clean up fund and a one tier registration system, but that this legislation does not achieve these goals. It was recommended that this bill go to interim study. Vote 15-0.

HB 1440-FN-A, establishing a current use land use change penalty assessment, and relative to an additional assessment on certain current use property, the funds from which shall be dedicated to the fish and game marksmanship and firearm safety fund. **INEXPEDIENT TO LEGISLATE**
 Rep. Donald R. Philbrick for Environment and Agriculture: The Committee recommends ITL for this bill because of an opinion rendered by the justices of the New Hampshire Supreme Court on June 14, 1993 relating to additional penalties on land which is enrolled in the current use program stating that an increase in the penalty on land under current use which is changed to a non qualifying use is in violation of the New Hampshire State Constitution prohibition against retrospective laws. "Every statute which takes away or impairs vested rights, acquired under existing laws, or creates a new obligation, imposes a new duty, or attaches a new disability, in respect to transactions or considerations already past" is a retrospective law. Vote 15-0.
 Reps. Carlson and Turner declared conflicts of interest and did not participate.

HB 1643-FN-L, consolidating the pari-mutuel commission and sweepstakes commission into a gaming commission. **INEXPEDIENT TO LEGISLATE**
 Rep. Robert K. Dodge for Executive Departments and Administration: At the request of the sponsor, the bill was voted inexpedient to legislate. Vote 16-0.

HB 630-FN-L, relative to additional voluntary contributions to provide for early retirement by members of the retirement system. **OUGHT TO PASS**
 Rep. Arthur P. Klemm, Jr. for Finance: This bill as written will allow municipal employers, as well as employees, to make voluntary contributions to the retirement system to provide for early retirement. There is no additional cost to the state because all actuarial costs are paid by the participant. Vote 17-2.

HB 747-FN-A, establishing a wildlife habitat stamp for persons engaged in taking wild animals or birds and continually appropriating the funds for wildlife habitats. **OUGHT TO PASS WITH AMENDMENT**
 Rep. Arthur P. Klemm, Jr. for Finance: This bill establishes a wildlife habitat account which is to be funded by a \$2.50 fee for a wildlife habitat stamp or license. The wildlife habitat stamp will be issued in the first year only, with \$2.00 going into the new fund and \$.50 going to the agent selling the stamp. In the second year and thereafter, all monies received for the license will go directly into the fund. Vote 19-0.

Amendment (0570h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a wildlife habitat stamp or license for persons engaged in taking wild animals or birds and continually appropriating the funds for wildlife habitats.

Amend the bill by replacing all after the enacting clause with the following:

1 New Section; Wildlife Habitat Stamp or License; Wildlife Habitat Account Established. Amend RSA 214 by inserting after section 1-e the following new section:

214:1-f Wildlife Habitat Stamp or License.

I. No person shall at any time take wild animals or wild birds in this state without first procuring, in addition to any applicable licenses required by title XVIII, a wildlife habitat stamp or license under RSA 214:9, XV, for the same period. If a stamp is issued it shall be signed across the face in a permanent manner with the applicant's signature and shall be carried upon such person while engaged in taking wild animals or wild birds. A person under the age of 16 years may take wild animals or wild birds without such a stamp or license provided that, while so doing, the person is accompanied by an adult who has procured such stamp or license. This paragraph shall not apply to any person who takes wild animals or wild birds under a complimentary license, excluding any administrative fee, issued pursuant to RSA 214:7-a, RSA 214:13, RSA 214:13-b, or RSA 214:13-c, or a lifetime license issued pursuant to RSA 214:9-c that was purchased in a prior calendar year.

II. A license to take any kind of wild animal or wild bird as required by title XVIII shall not be issued, except for the complimentary licenses listed under paragraph I, to any person who has not purchased a wildlife habitat stamp or license. A person shall only be required to purchase one wildlife habitat stamp or license under RSA 214:9, XV each year regardless of the number of licenses purchased by that person during that year.

III. For the purpose of this section, "wild animal" shall not include fish or marine species.

IV. The executive director, with the approval of the commission, shall adopt rules, pursuant to RSA 541-A, relative to the manner of issuance of the wildlife habitat stamp or license, and may, with the approval of the commission, provide for the reproduction, sale, licensing, and other disposal of art created for the stamp. The art for the stamp may be selected through an art contest administered by the executive director with the approval of the commission. A stamp may be issued only upon prior authorization by the legislature.

V. The state treasurer shall establish a separate nonlapsing account within the fish and game fund, to be known as the wildlife habitat account, to which shall be credited all fees collected under RSA 214:9, XV from the sale of wildlife habitat stamps and licenses and all proceeds derived from the art created for the stamp under paragraph IV. The state treasurer may accept public and private grants and donations into the account.

VI. The state treasurer shall invest the moneys in the wildlife habitat account as provided by law. Interest received on investments shall be credited to the account.

VII. The wildlife habitat account is continually appropriated and may only be used for the following purposes within the state of New Hampshire:

(a) The development, management, preservation, conservation, restoration, and maintenance of wildlife habitat on both public and private lands, with at least 50 percent of the annual revenue from stamp and license sales dedicated to pay costs of labor and materials for direct physical land management activities;

(b) Obtaining land access to wildlife habitat areas;

(c) The acquisition of easements upon private property for the purposes of subparagraphs (a) and (b);

(d) The acquisition of private land to protect critical wildlife habitat, provided that the governing body of any municipality, unincorporated town, or unorganized place in which the property is located approves;

(e) The promotion and production of the wildlife habitat stamp and artwork; and

(f) Providing information to the public on the location of properties managed by the fish and game department.

VIII. When stamp and license revenue is used to either obtain an easement under subparagraph VII(c) or purchase land under subparagraph VII(d), no condition shall be accepted which restricts hunting and trapping on the associated land. This requirement shall not apply to lands used for access purposes or if the executive director finds that it is in the interest of the hunting and trapping community to allow such a restriction. The executive director shall allow hunting and trapping on such lands, as is permissible, but may prohibit for any length of time the hunting or trapping on the whole or part of such lands when it is necessary for the protection or propagation of a wildlife species or for public safety reasons.

IX. The executive director, with the approval of the commission, shall expend the funds in the wildlife habitat account. Prior to the expenditure of any funds, the fish and game department shall analyze the proposed project and provide the executive director and the commission with recommendations as to the project's usefulness and feasibility.

X. The executive director shall submit to the fiscal committee and the chairpersons of the house wildlife and marine resources committee and the senate wildlife and recreation committee a detailed fiscal year report by October 1 of each year, beginning with fiscal year 2000, with sufficient information to be fully understood by the general court and the public, summarizing the receipts and disbursements from the wildlife habitat account and the public benefits derived from the disbursements from it. Every fifth year, beginning in 2003, the annual report shall provide an in-depth financial accounting and summary of work accomplished in the previous 5 years, outlining all projects that are completed, in process, and planned. All annual reports shall be made available to the public after submission to the general court.

2 New Paragraph: Fee; Wildlife Habitat Stamp or License. Amend RSA 214:9 by inserting after paragraph XIV the following new paragraph:

XV. If the applicant wishes to take wild animals, excluding fish and marine species, or wild birds, \$2.50, and the agent shall thereupon issue a wildlife habitat stamp or license as provided in RSA 214:1-f. For any year in which a stamp is issued, the agent shall be entitled to retain \$.50 of the \$2.50 fee for each wildlife habitat stamp sold and all stamps sold at the department head-

quarters or any subagency thereof shall retain the same \$.50 fee which, notwithstanding RSA 214:1-f, V, shall be credited to the general fish and game fund. Notwithstanding RSA 214:15 or any other provision of law, there shall be no agent fee for a wildlife habitat license issued pursuant to RSA 214:1-f.

3 Authority to Issue Stamp; 1999. The executive director shall issue a wildlife habitat stamp pursuant to RSA 214:1-f as provided in section 1 of this act for calendar year 1999.

4 Effective Date. This act shall take effect January 1, 1999.

AMENDED ANALYSIS

This bill requires that a person wishing to take wild animals or birds shall first acquire a wildlife habitat stamp or license. The revenue from the stamp or license shall be credited to a wildlife habitat account in the fish and game fund for the purposes of the acquisition, development, maintenance and promotion of wildlife habitats. The executive director shall issue a stamp for calendar year 1999.

HB 784-FN-L, relative to changing the amount of estimated expenditures per pupil beyond which the department of education is liable for the cost of school district borrowing. **OUGHT TO PASS WITH AMENDMENT**

Rep. Kenneth L. Weyler for Finance: When a school district has extraordinary increases after the budget has been finalized, it is usually due to large increases in Individual Education Programs (I.E.P.) under the special education laws. Existing state laws allow for borrowing these sums, since most of the costs will be covered by state payments for catastrophic aid. Catastrophic aid payments come after the end of the school year from money budgeted. Budget shortfalls may have to wait for the next cycle. It is reported that only one school district has made use of this borrowing authority. This bill allows borrowing to be accomplished at a lower I.E.P. cost (above 3 ½ times average student cost), and spells out succinctly that the state will pay the interest of said borrowing. The amendment changes the effective date to the end of the biennium, thus avoiding costs to current budget. Vote 19-0.

Amendment (0580h)

Amend the bill by replacing section 3 with the following:

3 Effective Date. This act shall take effect July 1, 1999.

HB 1249, requiring budget line item appropriations for individual and departmental dues to national and regional organizations paid from state resources. **OUGHT TO PASS**

Rep. Margaret A. Lynch for Finance: This bill requires the budget to include line item appropriations for individual and departmental dues to national and regional organizations paid from state resources. There is no fiscal impact associated with implementing this bill. Vote 16-0.

HB 1349-FN, relative to using department of revenue administration income data in calculating foundation aid. **INEXPEDIENT TO LEGISLATE**

Rep. William S. Belvin for Finance: The bill concerns changing the source of income data as one of the several inputs for the calculation of Foundation Aid using the Augenblick formula. The bill was sponsored on behalf of the Department of Education. At the hearing the only person who appeared was from the Department of Education, and they asked that the bill be Inexpedient to Legislate, as any legislation associated with Augenblick this session be discontinued due to the likely changes in school funding that will grow out of legislative responses to the Claremont II Supreme Court decision. Vote 19-0.

HB 1442, repealing the held harmless practice codified in the Augenblick formula. **INEXPEDIENT TO LEGISLATE**

Rep. Kevin L. Camm for Finance: This bill proposes the elimination of some archaic verbiage relative to foundation aid funding. However, the sponsor testified his intention was to prohibit special considerations on behalf of any given district that are used to manipulate the formula to provide more favorable results at the expense of other districts. The Committee agreed the concept is warranted and should be scrutinized in the future. With Claremont II and Augenblick funding hanging in the balance, the Committee felt it prudent to wait until the dust settles to best determine how we will adjust formulas and disbursements. Vote 20-0.

HB 1615-FN-A, relative to the restoration and preservation of the colonial era state house presently stored by the department of cultural affairs and making an appropriation therefor. **INEXPEDIENT TO LEGISLATE**

Rep. Arthur P. Klemm, Jr. for Finance: This bill would have authorized \$95,000 to fund a study to restore and preserve the colonial-era state house currently being stored by the Department of Cultural Affairs. The Committee felt that we could not afford the amount requested at this time but that the money could come from HB 627, already passed by the House, which established a conservation license plate fund with some of that money going to Cultural Affairs. Vote 16-0.

HB 1627, relative to deposits with the state treasurer of amounts due certain stockholders and creditors on the dissolution of a corporation. **OUGHT TO PASS**

Rep. Arthur P. Klemm, Jr. for Finance: This bill was a request of the State Treasurer to allow the Treasurer to pay for costs of securities transaction fees and investment management fees from income generated by the Treasury Department. This puts into law what is the current practice. The bill also requires amounts due unknown creditors or shareholders of a corporation undergoing dissolution to be reported as unclaimed and abandoned property. Vote 16-0.

SB 205-FN-L, establishing a special school district to provide special education for eligible inmates in the state prison system. **OUGHT TO PASS WITH AMENDMENT**

Rep. David J. Alukonis for Finance: The Finance Committee has reviewed the bill as amended by the House Education Committee and subsequently by the House and concurs with the concept that a special school district should be established at the state prison for regular education programs as well as for special education programs. The Finance Committee amendment makes technical corrections to the bill and also places a limitation on the eligibility of those prisoners who may seek special education programs at the state prison. This limitation adopts the language found in the federal statute and ensures that no prisoner will be afforded special education programs which the federal government does not require. The costs of these special education programs, which are now funded by local municipalities, will now be absorbed by the state. The amendment does not include an appropriation as the Committee believes that the additional costs imposed by this bill in FY 1999 can be absorbed by the Department of Corrections within its current budget. Vote 16-0.

Amendment (0574h)

Amend RSA 21-H:4, I (c) as inserted by section 1 of the bill by replacing it with the following:

(c) Be responsible for the operation of the special school district, established under RSA 194:60, which shall provide appropriate education services to eligible offenders held in facilities operated by the department of corrections.

Amend RSA 186-C:5 as inserted by section 2 of the bill by replacing it with the following:

186-C:5 Program Approval. The state board of education shall adopt rules establishing standards for the approval of programs of education that are maintained by school districts, regional special education centers, and private organizations or state institutions for the benefit of educationally disabled children, including home-based programs; *except, however, that approval of education programs for the special district established in RSA 194:60 shall be pursuant to the standards set forth in the interagency agreements between the department of corrections and the department of education.*

Amend RSA 186-C:9 as inserted by section 3 of the bill by replacing it with the following:

186-C:9 Education Required. Each child determined by the local school district, *or special school district established under RSA 194:60*, as being educationally disabled in accordance with RSA 186-C:2 and in need of special education or special education and educationally related services shall be entitled to attend an approved program which can implement the child's individualized education plan. Such child shall be entitled to continue in an approved program until such time as the child has acquired a high school diploma or has attained the age of 21, whichever occurs first, or until the school district responsible for developing the child's individualized education plan determines that the child no longer requires special education in accordance with the provisions of this chapter.

Amend the bill by replacing sections 6 and 7 with the following:

6 New Subdivision; Special School District; Department of Corrections. Amend RSA 194 by inserting after section 59 the following new subdivision:

Department of Corrections Special School District

194:60 Special School District; Department of Corrections.

I. A special school district is established within the department of corrections, under RSA 21-H, solely for the purpose of providing approved education programs pursuant to paragraph IV(b) of this section to eligible adult offenders under the age of 21 who wish to participate.

II. The special school district shall be exempt from state board of education rules, except that the standards for the education of students with disabilities and all education programs shall be set by an interagency agreement between the department of education and the department of corrections.

III. The special school district shall be exempt from the organizational and budgetary requirements regarding other school districts or charter schools. The special state prison school district shall not be required to file financial reports with the department of education or the department of revenue administration.

IV. The special school district shall have authority to perform all duties necessary to operate a school including, but not limited to, the following:

(a) Timely submission of all required education program approval documents and reports to appropriate agencies.

(b) Maintenance of approved education programs which comply with the requirements as provided for in the interagency agreements between the department of corrections and the department of education. The interagency agreements shall set forth the standards for approval of a school program for department of corrections facilities, the graduation requirements necessary for the special school district to issue a high school diploma, and the standards for special education program approval.

(c) Issuance of transcripts.

(d) Performing assessments and developing individual education programs.

(e) Providing fiscal management for the state and federally-funded approved education programs.

(f) Operation of approved education programs in a manner consistent with the legitimate security and safety concerns of a penal institution.

V. The special state prison school district shall not be assigned to a school administrative unit, nor shall it be subject to the provisions of RSA 194-C.

VI. The special state prison school district shall not be eligible to receive any form of state aid to education pursuant to RSA 198, including but not limited to, state building aid, state aid, dual enrollment grants, foundation aid, or alternative foundation aid.

VII. The special state prison school district shall not have a school board.

VIII. The special school district shall not be required to provide special education programs or services to children with disabilities aged 18 through 21 who, in the educational placement prior to their incarceration in an adult correctional facility, were not actually identified as being a child with a disability under RSA 186-C:2, or who did not have an individualized education program prior to their incarceration in an adult correctional facility.

7 Effective Date. This act shall take effect January 1, 1999.

AMENDED ANALYSIS

This bill establishes a special school district within the department of corrections to provide education services, including special education services, to eligible offenders incarcerated in a state correctional facility.

HB 1167-L, relative to a reapproval process for community mental health programs and area agencies. **OUGHT TO PASS**

Rep. Alphonse A. Haettenschwiler for Health, Human Services and Elderly Affairs: This bill establishes the legislative authority for actions currently in progress by the Department of Health and Human Services under the rules process concerning community mental health programs Vote 16-0.

HB 1174, establishing a committee to study the state substance abuse treatment delivery system. **OUGHT TO PASS WITH AMENDMENT**

Rep. Patricia M. O'Keefe for Health, Human Services and Elderly Affairs: Substance abuse remains a serious health concern for NH citizens. This study committee will be charged to review gaps in the delivery system of substance abuse treatment, to look at treatment options as well as the economic impact of substance abuse in the workplace. The Department of Health and Human Services and the Bureau of Substance Abuse Services are in full support of this bill. Vote 15-1.

Amendment (0301h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a committee to study the state substance abuse treatment delivery system and relative to certain tests for alcohol concentration.

Amend the bill by replacing all after section 5 with the following:

6 Certifying Scientist. Amend RSA 265:90, I to read as follows:

1. Any person who is arraigned on a charge arising under RSA 265:84 shall file notice in said court, within 10 days immediately following the receipt by the person of the results of any alcohol concentration test administered to ~~[him]~~ *such person*, requiring the attendance of the ~~[person who conducted said test]~~ *certifying scientist who reviewed the test results*. Failure to file notice shall be deemed a waiver to require ~~[his]~~ *attendance of the certifying scientist* at the trial. The official report of the test issued pursuant to RSA 265:84 shall be deemed conclusive evidence of the conduct and result of said test.

7 Certifying Scientist. Amend RSA 270:56, I to read as follows:

1. Any person who is arraigned on a charge arising under RSA 270:48-a shall file notice in the court, within 10 days immediately following the receipt by said person of the results of any alcohol concentration test administered to ~~[him]~~ *such person*, requiring the attendance of the ~~[person who conducted the test]~~ *certifying scientist who reviewed the test results*. Failure to file notice shall be deemed a waiver to require ~~[his]~~ *attendance of the certifying scientist* at the trial. The official report of the test issued pursuant to RSA 270:49 shall be deemed conclusive evidence of the conduct and result of said test.

8 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill establishes a committee to study the services provided by the department of health and human services under the state substance abuse treatment delivery system.

The bill also requires the person to whom alcohol concentration tests were given to file notice requiring the attendance at trial of the certifying scientist who reviewed the tests results.

HB 1182, establishing an oversight committee to review the allocation of funds dispersed for the developmental disabilities waitlist. **OUGHT TO PASS**

Rep. Daniel M. Burnham for Health, Human Services and Elderly Affairs: This bill establishes a permanent oversight committee of the legislature to review and make recommendations about funding actions of the administration concerning persons with A and B priorities who are developmentally disabled and have been placed on the Department of Health & Human Services waitlist Vote 17-1.

HB 1316, establishing a commission to study minimum staffing guidelines in nursing homes for certified nursing assistants, registered nurses, and licensed practical nurses. **INEXPEDIENT TO LEGISLATE**

Rep. Alice Z. Calvert for Health, Human Services and Elderly Affairs: This bill established a commission to study staffing guidelines for nursing homes. The intent is laudable, but with federal guidelines, levels of severity in illness, public and private homes (with variations in funding), it was felt that very little would be accomplished in passing this bill. The Department of Health and Human Services has recently published a report on long term care. Staffing guidelines will undoubtedly be addressed in any follow-up studies. Vote 18-0.

HB 1421, relative to review of drugs by the board of nursing and the joint health council. **OUGHT TO PASS**

Rep. Marion L. Copenhaver for Health, Human Services and Elderly Affairs: This bill simplifies the work of the joint health council by requiring the review of new drug entities, not modifications of the original drug. At the present time the council is reviewing all new drugs, which was not the intent of the original legislation. This change will reduce the work load of the council and still provide oversight for the public. Vote 16-0.

HB 1457, permitting physician assistants to possess, compound, administer or distribute prescription drugs. **OUGHT TO PASS WITH AMENDMENT**

Rep. Marion L. Copenhagen for Health, Human Services and Elderly Affairs: This bill, as amended, allows physician assistants to give out sample prescription drugs. This codifies into law what was in rule. All this bill does is add physician assistant to the list of health professionals who are allowed to dispense sample prescription drugs. Vote 18-0.

Amendment (0293h)

Amend the bill by inserting after the enacting clause the following and renumbering the original section 1-4 to read as 2-5, respectively:

I Purpose. The purpose of this act is to allow physician assistants to distribute sample prescription drugs. This codifies a previous administrative rule change.

Amend RSA 318:42, II as inserted by section 4 of the bill by replacing it with the following:

II. Physicians, dentists, optometrists, veterinarians, [and] advanced registered nurse practitioners, *and physician assistants* from possessing, compounding, personally administering, or distributing prescription drugs to meet the immediate medical needs of their patients. For advanced registered nurse practitioners *and physician assistants*, compounding shall be limited according to RSA 318:42, VIII. Nothing in this section shall prohibit the dispensing of noncontrolled prescription drugs by an authorized agent of a veterinarian for an animal under the agent's care, provided that the drugs were compounded by or under the supervision of the licensed veterinarian.

Amend the bill by replacing section 5 with the following:

5 Physician Assistant Added. Amend the introductory paragraph of RSA 318:42, VIII to read as follows:

VIII. A registered nurse *or physician assistant* from:

6 Effective Date. This act shall take effect 60 days after its passage.

HB 1464-L, relative to the priority of municipal liens for aid to assisted persons. INEXPEDIENT TO LEGISLATE

Rep. Joseph Guthrie for Health, Human Services and Elderly Affairs: Changing the priority of liens on real property could cause difficulty for those requiring second mortgages, increase interest rates, or impact on loans. Vote 17-1.

HB 1102, barring perpetrators of crimes from recovering civil damages for injuries sustained during criminal conduct. INEXPEDIENT TO LEGISLATE

Rep. Peter F. Bergin for Judiciary and Family Law: This bill is an attempt to bar perpetrators from recovering civil damages for injuries sustained during criminal conduct. The bill, as written, did not fully address the problem. Currently, New Hampshire does not have a problem with perpetrators of crime recovering damages for injuries sustained during criminal conduct. If this situation was to occur, the victim would be covered under the common law of comparable negligence. Vote 14-1.

HB 1173, limiting the liability of the state and its employees for personal injuries and civil damages resulting from fire standards and training instruction and programs. INEXPEDIENT TO LEGISLATE

Rep. Paul M. Mirski for Judiciary and Family Law: Since certain training programs for firefighters are compulsory, and since others are necessary for advancement in grade, training, even dangerous forms of training, is an unavoidable component of firefighters service. It is essentially wrong to force individuals into harm's way and then relieve those responsible for instructing in dangerous environments and procedures from all responsibility for the harm which might befall involuntary participants. Vote 15-1.

HB 1190, encouraging alternative dispute resolution as an alternative to litigation in domestic relations cases. OUGHT TO PASS WITH AMENDMENT

Rep. David C. Allison for Judiciary and Family Law: The committee concurs that mediation is often helpful to both parties in domestic resolution cases. Thus, the committee supports the intent of this bill which states that the court may, when deemed appropriate, encourage the parties to consider mediation as a means toward the resolution of their conflict. Vote 16-4.

Amendment (0643h)

Amend the bill by replacing all after the enacting clause with the following:

I New Section; Encouragement of Alternative Dispute Resolution. Amend RSA 458 by inserting after section 15-a the following new section:

458:15-b Alternative Dispute Resolution. In any proceeding under this chapter, the court may encourage both parties to pursue alternative conflict resolution methods, when it deems appropriate, in an attempt to allow the parties to reach a mutually agreeable arrangement. Such methods may include, but are not limited to, voluntary marital mediation as provided in RSA 458:15-a, arbitration as provided in RSA 542:11, or any other means of conflict resolution, excluding litigation, that is mutually agreeable to the parties. All costs associated with any such alternative method of dispute resolution shall be borne by the parties.

2 Effective Date. This act shall take effect upon its passage.

HB 1191, relative to limiting the liability of governmental units under certain circumstances. OUGHT TO PASS WITH AMENDMENT

Rep. Paul M. Mirski for Judiciary and Family Law: This bill expands certain immunities which municipalities presently enjoy to governmental units such as School Administrative Units and school districts. The subject matter of the bill concerns procedures for removal of snow and ice and attendant liabilities and puts school districts/SAUs on the same level as municipalities. Vote 13-0.

Amendment (0465h)

Amend RSA 507-B:2-b as inserted by section 1 of the bill by replacing it with the following:

507-B:2-b Snow, Ice, and Other Weather Hazards. Notwithstanding RSA 507-B:2, a **[municipality]** *governmental unit* shall not be liable for damage arising from insufficiencies or hazards on any premises owned, occupied, maintained, or operated by it, even if it has actual notice of them, when such hazards are caused solely by snow, ice, or other inclement weather, and the **[municipality's]** *governmental unit's* failure or delay in removing or mitigating such hazards is the result of its implementation, absent gross negligence or reckless disregard of the hazard, of a winter or inclement weather maintenance policy or set of priorities with respect to such premises, adopted in good faith by the official responsible for such policy. All **[municipal]** *governmental unit* employees, officials, and agents shall be presumed to be acting pursuant to such a policy or set of priorities in the absence of proof to the contrary.

HB 1251, concerning the recovery of costs and expenses to a defendant agricultural operation in a nuisance suit. INEXPEDIENT TO LEGISLATE

Rep. Benjamin J. DePecol for Judiciary and Family Law: The committee, while sympathetic to the farmers, feels that current anti-nuisance laws on the books are adequate to cover concerns. Vote 11-2.

HB 1267, relative to membership on the professional conduct committee and the judicial conduct committee of the supreme court. INEXPEDIENT TO LEGISLATE

Rep. Irene A. Pratt for Judiciary and Family Law: The sponsors of this bill indicated recent rule changes regarding the composition of the professional conduct and the judicial conduct committees of the Supreme Court negated the need for this bill. They requested inexpedient to legislate action. Vote 12-0.

HB 1269, requiring beneficiaries to file statements of receipt with the probate court when money is received from an estate after a final account of the estate has been filed. INEXPEDIENT TO LEGISLATE

Rep. Alf E. Jacobson for Judiciary and Family Law: Recent changes made by the probate court make this bill unnecessary. Vote 16-0.

HB 1270, requiring verification of assets when an account is filed with the probate court by an administrator or executor. INEXPEDIENT TO LEGISLATE

Rep. Paul M. Mirski for Judiciary and Family Law: In November of 1997, following the filing of this bill, the Probate Court changed its procedures to insure that proof of the existence of assets could be assured by the court. The purpose of the bill has been achieved by a change in court reporting procedures. Vote 15-0.

HB 1317, relative to termination of parental rights upon a finding of either child abuse or the commission of certain criminal offenses. REFER FOR INTERIM STUDY

Rep. Sandra B. Keans for Judiciary and Family Law: The committee supports the intention of the bill which is to drop from 18 months to 12 months the waiting period for the termination of parental rights. We are concerned that children do languish much too long in foster care. However, the committee wants to be sure that no parental rights are removed inadvertently. Vote 17-1.

HB 1323, requiring probate judges to impose the same accounting requirements on attorney and non-attorney fiduciaries. **INEXPEDIENT TO LEGISLATE**

Rep. Paul M. Mirski for Judiciary and Family Law: Uniform reporting procedures may be desirable for use by fiduciaries. However, other legislation having similar objectives appears to be available for further consideration. So, this matter need not be taken up at this time. Vote 14-0.

HB 1332, requiring probate court judges to issue a contempt citation when an auditor's request for records is refused. **INEXPEDIENT TO LEGISLATE**

Rep. Paul M. Mirski for Judiciary and Family Law: The sponsors requested that the committee kill this bill feeling that the goals of the legislation could not be achieved. This was due to questions raised concerning the constitutional right of due process which might be violated in the process of issuing contempt citations to third parties who withhold information from auditors. Vote 13-1.

HB 1358, relative to failure to cooperate with proceedings of the supreme court committee on professional conduct or the judicial conduct committee. **INEXPEDIENT TO LEGISLATE**

Rep. Marjorie K. Smith for Judiciary and Family Law: The sponsor testified that both the professional conduct committee and the judicial conduct committee have all the powers necessary to enforce cooperation and, therefore, asked the committee to declare the bill inexpedient to legislate. Vote 14-0.

HB 1504-FN, repealing the authority of the chief justice of the supreme court to assign superior court judges to hear cases in the district court. **INEXPEDIENT TO LEGISLATE**

Rep. Marjorie K. Smith for Judiciary and Family Law: Although not reflected in the title, this bill addresses two separate issues: the ability of the chief justice of the supreme court to assign superior court judges to hear cases in the district court, and provisions for jury trials in the district court. In each case, recent legislative action has provided for pilot projects to test the efficacy of these efforts. The committee would prefer to give these projects some time before we evaluate their success and consider changes. The committee would look with favor upon timely progress reports from the courts. Vote 14-2.

HB 1516, requiring a criminal background investigation for all department of health and human services personnel who deal directly with children. **OUGHT TO PASS WITH AMENDMENT**

Rep. Andrew R. Peterson for Judiciary and Family Law: This worthwhile piece of legislation requires Health & Human Services to perform a criminal background check on all new employees who regularly work with children. The amendment clarifies the definition of which employees will be affected and includes employees transferred from within the department or other agencies of government. The committee urges swift passage of this bill, which, according to HHS, will have little or no impact. Vote 19-0.

Amendment (0614h)

Amend the title of the bill by replacing it with the following:

AN ACT requiring a criminal background investigation for certain department of health and human services personnel who come into direct contact with children.

Amend RSA 170-G:8-c as inserted by section 2 of the bill by replacing it with the following:
170-G:8-c State Registry and Criminal Records Check.

I. The department shall, within 30 days of adding new or transferred staff members whose job descriptions would cause them to come into direct contact with children, submit the names, birth names, birth dates, and addresses of such individuals for review against the state registry of founded abuse and neglect reports and the division of state police for information about criminal convictions.

II. The department shall, for every name submitted on the application and for each new or transferred staff member, review the names, birth names, birth dates and current and previous addresses of such persons against the state registry of founded abuse and neglect reports. The department shall submit the names, birth names, birth dates, and addresses to the division of state police to obtain information about criminal convictions.

III. If any individual whose name has been submitted for a check under this section has been convicted of crimes against minors or adults, or is the subject of a founded report of child abuse or neglect, the department may deny employment to such person pending the development and implementation of a corrective action plan approved by the department. The department shall conduct

an investigation in accordance with rules adopted under this chapter to determine whether the individual poses a present threat to the safety of children. The investigation shall include an opportunity for the individual to present evidence and to show that the individual does not pose a threat to the safety of children.

IV. For any current employee convicted of a crime against a minor or adult, or who is or becomes the subject of a founded report of child abuse or neglect, the department may terminate, suspend, demote, or transfer that employee, and may require the development and implementation of a corrective action plan approved by the department. The department shall conduct an investigation in accordance with the rules adopted under this chapter to determine whether the individual poses a present threat to the safety of children. The investigation shall include an opportunity for the individual to present evidence and to show that the individual does not pose a threat to the safety of children.

V. Any employee transferred to the department from another state department or agency, whose job description within the department of health and human services would cause such employee to come into direct contact with children, shall be subject to provisions of this section.

VI. The commissioner shall adopt rules, pursuant to RSA 541-A, relative to the confidentiality of information collected under this section and to the release, if any, of such information.

AMENDED ANALYSIS

This bill requires criminal background investigations for certain department of health and human services personnel who are required by the terms of their job description to have direct contact with children.

HB 1538-FN-A, extending the reporting date for the committee to study judicial pensions, increasing the duties of the committee, and making an appropriation therefor. **OUGHT TO PASS**

Rep. Sandra B. Keans for Judiciary and Family Law: The committee has been diligently studying the issue of judicial pensions, but has still not come to a conclusion as to the proper system and a way to fund it. Currently, the payments are made as a direct draw against the general fund. As the state grows and more judges are hired, it would be in the best interests of the state to have a pension system. Extending the reporting date and making an appropriation would cover the hiring of an actuary. Vote 14-0.

HB 1570-FN, relative to establishing the legislative committee on the oversight of the practice of law. **INEXPEDIENT TO LEGISLATE**

Rep. Marjorie K. Smith for Judiciary and Family Law: While it is appropriate for the legislature to have oversight over the practice of law, it would not be appropriate for the legislature to take on responsibility for disciplining lawyers. The Judiciary and Family Law committee has been briefed on the operation of the Professional Conduct committee and notes continued efforts on the part of the Professional Conduct committee to ensure its effective oversight of professional conduct. Vote 19-0.

HB 1599-FN, allowing the custodial parent with legal custody of a child to change the child's name. **INEXPEDIENT TO LEGISLATE**

Rep. Marjorie K. Smith for Judiciary and Family Law: The sponsor identified a problem which the committee considered to be significant within the context of conflicting demands arising out of changes in family structure caused by divorce. However, the sponsor also noted this bill had not been drafted correctly. An amendment would be required and a judicial solution might be crafted. Vote 15-0.

HB 1613-FN, limiting the liability of registers of deeds and counties for recording fraudulent documents and establishing a criminal penalty for knowingly filing a fraudulent document with a register of deeds. **INEXPEDIENT TO LEGISLATE**

Rep. Marjorie K. Smith for Judiciary and Family Law: Under existing law a register of deeds acting in good faith and within the scope of official duty is afforded protection from both civil and criminal liability. This legislation is unnecessary. Vote 18-0.

HB 1148, relative to review of eligibility for a workers' compensation award where compensation was by lump sum agreement. **OUGHT TO PASS**

Rep. Lawrence V. Guaraldi for Labor, Industrial and Rehabilitative Services: The bill essentially closes a loop-hole that makes the law clear that review of denials or the award of lump-sum compensation cannot be re-opened except in the case of fraud, undue influence, or coercion. Vote 16-0.

HB 1181, relative to the waiting period for workers' compensation benefits for undisputed claims. **INEXPEDIENT TO LEGISLATE**

Rep. Richard E. Dolan for Labor, Industrial and Rehabilitative Services: This bill was intended to shorten the waiting period before receiving the first compensation payment in accidents that are not contested by the employer. The committee discussed the many questions raised about liability and reporting in a timely fashion. We could not clearly define how we could accomplish the sponsor's objective without lengthening the process and therefore, the committee voted Inexpedient to Legislate. Vote 17-0.

HB 1353-FN-A, relative to additional unemployment benefits for persons with dependents. **INEXPEDIENT TO LEGISLATE**

Rep. Wanda G. McNamara for Labor, Industrial and Rehabilitative Services: The committee unanimously believed that unemployment compensation is an insurance benefit paid for by employers and not a social welfare program. Inasmuch as the Unemployment Compensation Advisory Council, in its study, acknowledged the need to address changes in Department of Employment Security policy, and recommended a 24% increase in benefits over two (2) years, which helps all claimants, the committee found the bill inexpedient to legislate. Vote 17-0.

HB 1385, relative to clarifying independent medical examinations under the workers' compensation law. **INEXPEDIENT TO LEGISLATE**

Rep. Lorraine R. Palmer for Labor, Industrial and Rehabilitative Services: The committee felt that the standard established by the American Board of Medical Specialties provides a better quality evaluation for the workers' compensation patient. In addition, passage of this bill would set workers' compensation back at least two (2) years in regards to independent medical examinations in that it would negate HB 1331, Chapter 231, Laws of 1996, which put the current statute in place. Vote 17-0.

HB 1463, encouraging New Hampshire citizens to engage in public service. **INEXPEDIENT TO LEGISLATE**

Rep. Lawrence V. Guaraldi for Labor, Industrial and Rehabilitative Services: The intent of this bill was to prohibit employers from preventing employees from service in the legislature. This bill is similar to HB 298 from the 1997 session, which would have permitted legislators to take time off from their regular employment to fulfill public responsibilities and which the House voted Inexpedient to Legislate. Likewise, the committee unanimously voted this bill Inexpedient to Legislate, in part because of the burden and additional expense that would be placed upon employers who would need to train temporary employees to cover the position and time gaps created when an employee was not fulfilling his or her regular employment duties because of legislative service. Vote 16-0.

HB 1489, eliminating the duty of a public employee labor organization to represent employees who elect not to join the employee organization. **INEXPEDIENT TO LEGISLATE**

Rep. Robert E. Clegg, Jr. for Labor, Industrial and Rehabilitative Services: This bill would have allowed unions the right "not" to represent those who chose not to pay dues to the union. The committee found this would create confusion under current federal and state statutes. Vote 16-1.

HB 1589, prohibiting employers from requiring employees to work in excess of 8 hours a day or 40 hours a week. **INEXPEDIENT TO LEGISLATE**

Rep. Richard E. Dolan for Labor, Industrial and Rehabilitative Services: The bill as printed intends to allow family members more free time to spend with loved ones by removing requirements to work in excess of forty hours. The committee believes it will have no effect on employees having more time at home with family since we can not control how the time saved is used. Attempts to strictly restrict total numbers of hours worked in a week will affect municipal services, utilities, and emergency situations. One business testified this bill would prevent them from continuing an innovative program that allows employees to have three day weekends every other week. Vote 16-0.

HB 1650-FN, relative to benefits under the unemployment compensation laws. **OUGHT TO PASS**
Rep. Robert E. Clegg, Jr. for Labor, Industrial and Rehabilitative Services: The bill changes the base period and extended benefit period from a calendar year to a one-year period beginning the day an individual files for benefits. The Department of Employment Security will apply for fed-

eral grants to change the computer system program to be ready to implement the change by 2001. The intent of the committee is to have unemployment compensation benefits more accurately reflect the individual's most recent earnings. Vote 16-0

HB 1278, prohibiting the use of instant redeemable coupons for the purchase of beverage. **INEXPEDIENT TO LEGISLATE**

Rep. Linda T. Foster for Local and Regulated Revenues: The sponsors of this bill asked that it be withdrawn. Since withdrawal is impossible, the committee unanimously voted the bill Inexpedient to Legislate. Vote 15-0.

HB 1339-FN, regulating the sale by mail of liquor, wine, and beer. **OUGHT TO PASS WITH AMENDMENT**

Rep. Jean R. Wallin for Local and Regulated Revenues: This bill, as amended, allows New Hampshire consumers to purchase liquor, wine and beer directly from out of state shippers as, for example, in so-called "wine-of-the-month" programs. However, direct shippers are not permitted to sell alcohol to persons under age 21, and the Liquor Commission receives revenue from the sale of these products and licensing of the shippers similar to the amount that would be realized if the products were sold by the Commission or New Hampshire based licensees. Vote 16-0.

Amendment (0374h)

Amend RSA 178:14-a, I-III as inserted by section 9 of the bill by replacing it with the following:

I. Notwithstanding any law, rule or regulation to the contrary, any person currently licensed in its state of domicile as an alcohol beverage manufacturer, importer, wholesaler or retailer shall apply for a registration permit from the liquor commission as a direct shipper for a fee of \$228 per year.

II. A direct shipper may ship directly to New Hampshire consumers over 21 years of age or licensees in packages clearly marked "Alcoholic Beverages, adult signature (over 21 years of age) required." All shipments from direct shippers into the state shall be made by a licensed carrier and such carriers are required to obtain an adult signature. Direct shippers or carriers shall not ship into areas of the state where alcohol beverages may not be lawfully sold. Liquor and wine that has been registered for sale to the commission with the commission during the previous 2 months may be direct shipped only if the shipper offers to sell a matching amount to the commission at wholesale. Shipments of any other products shall be considered unlicensed shipments under the provisions of RSA 178:1, I.

III. No direct shipper shall ship more than 60 individual containers of not more than one liter each of liquor and wine to any one licensee in New Hampshire or to any consumer or consumer's address in New Hampshire in any calendar year. Furthermore, in the event any manufacturer or wholesaler direct shipper wishes to ship more than a total of 1,200 individual containers of not more than one liter each of any particular liquor or wine directly to any combination of licensees and/or consumers in New Hampshire, the shipper shall offer to sell a matching amount to the commission or beer distributor at wholesale prices.

Amend 178:14-a, V as inserted by section 9 of the bill by replacing it with the following:

V. Direct shippers shall file invoices for each shipment with the liquor commission showing the invoice price of the product, and shall pay a direct shipment fee of 25 percent of that sum for shipments of liquor and wine or \$.30 per gallon for shipments of beer to the commission. Such filings shall be monthly, and arrive at the commission no later than the 10th of the month following shipment. Direct shippers shall maintain records for at least 3 years which will permit the commission to ascertain the truthfulness of the information filed and permit the commission to perform an audit of the direct shippers' filings upon reasonable request.

Referred to Finance.

HB 1602-FN, allowing electronic games of chance at bingo halls. **INEXPEDIENT TO LEGISLATE**

Rep. Laura C. Pantelokos for Local and Regulated Revenues: The state does not currently allow legal betting on any video poker and slot machines and the committee is opposed to allowing bingo halls to have this authority. Vote 14-0.

HB 1154, establishing a committee to study the issue of updating New Hampshire laws related to fences. **OUGHT TO PASS**

Rep. Joseph E. Stone for Municipal and County Government: Laws pertaining to fences are found in numerous state statutes and the committee feels that based upon all the testimony given to the committee a recodifying of the laws should be done. Vote 15-0.

HB 1168-L, relative to municipal economic development and revitalization districts. **OUGHT TO PASS**
Rep. Robert W. Brundige for Municipal and County Government: RSA 162-K:5 states that 60% of any development district must consist of land which has been platted and developed. This bill removes the 60% requirement and will enhance municipal economic development planning for our communities. Vote 16-0.

HB 1192, permitting the city of Concord to combine the positions of tax collector and treasurer. **OUGHT TO PASS WITH AMENDMENT**

Rep. Paul McGuirk for Municipal and County Government: This bill states that the city of Concord may by referendum vote combine the positions of tax collector and treasurer. The city of Concord shall have until June 30, 2005 to adopt this provision through a duly adopted charter change. Vote 17-0.

Amendment (0598h)

Amend the bill by replacing section 2 with the following:

2 Application. The city of Concord shall have until June 30, 2005, to adopt the provisions of section 1 of this act through a duly adopted charter change. If the provisions of section 1 are not adopted by June 30, 2005, the provisions of section 1 shall be null and void and shall have no force and effect as of that date, and any proposed combination of the positions of tax collector and treasurer shall require the introduction of new legislation.

HB 1213-L, relative to the authority of a town to name a trustee to expend funds for certain purposes. **OUGHT TO PASS WITH AMENDMENT**

Rep. Mary E. Griffin for Municipal and County Government: This bill allows towns to appoint agents to expend any funds in the trust funds for maintenance and operation of the town. An annual accounting and report of activities of the trust funds shall be presented to the selectmen and published in the annual report. Vote 18-0.

Amendment (0469h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the authority of a town to appoint agents to expend funds for certain purposes. Amend RSA 31:19-a, I as inserted by section 1 of the bill by replacing it with the following:

I. A town may at any annual or special meeting grant and vote such sums of money as it deems necessary to create trust funds for the maintenance and operation of the town; and any other public purpose that is not foreign to the town's institution or incompatible with the objects of its organization. *The town may appoint agents to expend any funds in the trust for the purposes of the trust. An annual accounting and report of the activities of the trust shall be presented to the selectmen and published in the annual report.*

AMENDED ANALYSIS

This bill allows towns to appoint agents to expend funds in trusts established for the maintenance and operation of the town.

HB 1221-L, relative to the acceptance of personal property donated to towns or village districts. **OUGHT TO PASS**

Rep. Marilyn A. Fraser for Municipal and County Government: This bill simply removes the requirement for a public hearing before the selectmen or commissioners of a town or village district accept a gift with a value of \$250 or less on behalf of the town or village district. Vote 18-0.

HB 1373, enabling towns and cities to adopt a procedure allowing for the denial of a planning board application by a vote of the municipality. **INEXPEDIENT TO LEGISLATE**

Rep. Robert W. Brundige for Municipal and County Government: This bill would have allowed the towns and cities by vote of the municipality to overrule the planning board by denying a planning board application. Testimony was received that this bill would lead to spot zoning in reverse and could create constitutional issues. The committee feels that this bill could seriously impair planning boards' ability to conduct their business and could hamper the appeals process. Vote 16-0.

HB 1451, requiring the office of state planning to coordinate planning assistance to municipalities with state laws and rules adopted pursuant to state laws. **INEXPEDIENT TO LEGISLATE**
 Rep. Robert W. Brundige for Municipal and County Government: RSA 4-C:7 establishes a program of regional and municipal assistance within the office of state planning for local communities. This bill required the development of a uniform state policy in areas related to growth management and resource protection. The committee feels that planning, zoning and related regulations have been and should continue to be the responsibility of municipal government. Vote 15-0.

HB 1539, relative to property tax billing procedures for land parcels having multiple owners. **OUGHT TO PASS**

Rep. Betsey L. Patten for Municipal and County Government: A distinct ownership on a parcel of land occurs when percentage owned is stated in the deed, i.e. 25%, 75%. If a tax lien is executed on the parcel of land involving distinct interests the tax collector is required to execute 100% of the entire parcel even if one owner has paid the distinct interest. This bill changes that requirement and allows the tax collector to execute 100% only on the distinct interest that has not been paid. Vote 16-0.

HB 1638-L, relative to the work program requirement for assisted persons who are single parents. **INEXPEDIENT TO LEGISLATE**

Rep. Norma A. Sabella for Municipal and County Government: This bill would have lowered the children's age exemption from five years to three years for a single parent to participate in a municipal work program. To lower the age to two years with no safety nets would be an undue burden on the parent and detrimental to the children who would be involved. It may also require the local communities to fund child care and transportation costs. Vote 16-0.

HB 1137, establishing a study committee on controlling the spread of graffiti. **INEXPEDIENT TO LEGISLATE**

Rep. James A. Whittemore for Public Works and Highways: Although well intentioned and superbly presented by the sponsor, the committee concluded a committee to study graffiti statewide is unnecessary, and the problem of perpetrators is covered under existing criminal mischief laws. It was further concluded that the sponsor has gathered sufficient information through very thorough research to propose, if he desires, a bill which deals with the problem of controlling graffiti in New Hampshire. The committee recommends that local authorities take action to control graffiti in communities where it is found objectionable. Vote 15-1.

HB 1143-FN, reclassifying Ayers Road in Northfield and Canterbury as a class III recreational road. **INEXPEDIENT TO LEGISLATE**

Rep. Gene G. Chandler for Public Works and Highways: Ayres Road is currently a town road located in the towns of Northfield and Canterbury which the sponsors of this bill proposed becoming a state road, including the considerable cost of upgrading the road at state expense. Testimony showed that the road was in terrible condition, even impassable at times, but the road was a proper responsibility of the towns. The fact that the road passes through a state forest and is a town road is not uncommon throughout the state. One good outcome of this bill was to enable the sponsors, road agents and police chief to meet with the Department of Transportation and discuss ways to utilize the towns' block grant funds to upgrade this road. Vote 16-0.

HB 1157, relative to the layout of highways. **OUGHT TO PASS WITH AMENDMENT**

Rep. Gene G. Chandler for Public Works and Highways: Due to the complexities of today's highway and environmental regulations, it has become increasingly important for the state to purchase or take certain properties beyond the scope of what was necessary a few years ago. Rest areas, park and rides, drainage, landscaping and mitigation are but a few of the areas we now need to have authority to use funds to acquire either by purchase or eminent domain. The language contained in this bill is vital if the state is to proceed into the next century with sound highway planning tools. The amendment simply adds easements to the other forms of acquisition. Vote 16-0.

Amendment (0315h)

Amend RSA 230:13, I as inserted by section 1 of the bill by replacing it with the following:

I. The governor, with advice of the council, may determine upon hearing whether there is occasion for the laying out or alteration of a class I or class II highway or a highway within the state included in the national system of interstate highways ~~[in a location]~~ as proposed by the commis-

sioner of transportation, and, if so, shall appoint a commission of 3 persons who may purchase land or other property [~~in the proposed location~~] *that is reasonably necessary for the construction, reconstruction, or alteration* and who shall lay out the remainder of such highway or alteration. Any such land or property which cannot be acquired by agreement with the owner or owners thereof may be acquired in accordance with RSA 498-A *and all issues that are appealed relating to necessity, public purpose, and net public benefit shall be determined in accordance with RSA 230:19.* [AH] Property rights acquired under the provisions of this section shall be in fee simple *or in the form of easements*, including property acquired by condemnation proceedings.

Amend RSA 230:14, I as inserted by section 1 of the bill by replacing it with the following:

I. The governor, with advice of the council, may appoint a commission of 3 persons who, upon hearing, shall determine whether there is occasion for the laying out or alteration of a class I or class II highway or a highway within the state included in the national system of interstate highways [~~in a location~~] as proposed by the commissioner of transportation and if so, the commission may purchase land or other property [~~in the proposed location~~] *that is reasonably necessary for the construction, reconstruction, or alteration* and shall lay out the remainder of such highway or alteration. Any such land or property which cannot be acquired by agreement with the owner or owners thereof may be acquired in accordance with RSA 498-A *and all issues that are appealed relating to necessity, public purpose, and net public benefit shall be determined in accordance with RSA 230:19.* [AH] Property rights acquired under the provisions of this section shall be in fee simple *or in the form of easements*, including property acquired by condemnation proceedings.

HB 1193-FN, relative to installing vending machines at welcome and tourist information centers on state highways. OUGHT TO PASS

Rep. Steve Vaillancourt for Public Works and Highways: This bill was requested by the Department of Transportation as a means for installing vending machines at welcome and tourist information centers on the state highway system. Such machines are currently located at the centers which receive the greatest volume of traffic (i.e., Hooksett, Salem, Hampton). With passage of this bill, funds would be moved around to provide these conveniences for visitors to less frequented centers (i.e., Canterbury on I-93 North, and Sanbornton on I-93 South). This would involve no capital expense to the state, and the committee applauds the efforts to equalize services to the traveling public. Vote 14-1. Referred to Finance.

HB 1330-FN, naming the bridge over the Newfound River on route 104 west in the town of Bristol, New Hampshire, the Richard W. Musgrove bridge. OUGHT TO PASS WITH AMENDMENT
Rep. Bernard J. Raynowska for Public Works and Highways: This bill authorizes that a bridge on Rt. 104 in the town of Bristol, NH be named the Richard W. Musgrove bridge. The amendment requires that signage on the bridge be approved by the Department of Transportation and installed at no cost to the state. The Public Works and Highways Committee will establish an ad-hoc committee to propose future legislation which establishes state policy for naming state real assets. Vote 16-0.

Amendment (0586h)

Amend the bill by inserting after section 1 the following and renumbering the original section 2 to read as 3:

2 Signage. The cost of design, construction, maintenance, and installation of any signage, replacement signage, or other markers required under section 1 of this act shall not be a charge to the state. However, the design, construction, and installation of any signage or other markers required under this act shall be approved by the department of transportation.

HB 1340-L, establishing a committee to study the upgrade of Dean Memorial Airport in North Haverhill, New Hampshire. OUGHT TO PASS

Rep. Paul I. LaMott for Public Works and Highways: This bill establishes a committee to study the upgrade of Dean Memorial Airport in North Haverhill. The committee will consist of 3 members of the House and 3 members of the Senate, and report by November 1, 1998. The study shall include potential for growth, the potential role of the airport in the state airport system plan, improvements necessary to meet design and safety standards, timetable for development and funding an airport master plan, and avenues of state and federal funding for improvements. Testimony received by the committee indicated an active local airport committee is working to increase activity and expanded use of the airport, and it has strong local support. Vote 16-0.

HB 1374, relative to contracts for major capital projects of the departments of fish and game and resources and economic development. **UGHT TO PASS WITH AMENDMENT**

Rep. Merle W. Schotanus for Public Works and Highways: The amendment replaces the contents of the original bill and contains the provision of HB 1177-FN which was reported in the House Consent Calendar, No. 7, on January 23, 1998, and voted Inexpedient to Legislate by the House on January 29, 1998, in order to combine it with HB 1374. The amendment before you today raises the minimum amount of state capital improvement projects requiring competitive bidding from \$10,000.00 to \$25,000.00, thereby saving an estimated \$33,000 each year beginning in Fiscal Year 2000 (HB 1177). The amendment also allows the departments of Fish and Game and Resources and Economic Development to increase the amount of capital projects excluded from competitive bidding requirements from \$150,000 to \$250,000, and to exclude those or "for those" which are done on a force account contract basis, or through short term equipment rental, or a combination of both methods (HB 1374). Vote 16-0.

Amendment (0380h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to increasing the minimum amount of a state capital improvement project requiring competitive bidding and relative to contracts for major capital projects of the departments of fish and game and resources and economic development.

Amend the bill by replacing all after the enacting clause with the following:

1 Capital Projects Under \$10,000. Amend RSA 228:3-a to read as follows:

228:3-a Capital Projects Under ~~[\$10,000]~~ **\$25,000**. Projects for which the estimated cost is equal to or does not exceed ~~[\$10,000]~~ **\$25,000** may be done on a force account basis as defined in RSA 228:1, V, ~~[upon the recommendation of the commissioner]~~ **or by contracts awarded through competitive bidding administered by the using agency** with the approval of governor and council.

2 Major Capital Projects. Amend the introductory paragraph of RSA 228:4, I to read as follows:

I. Each state capital budget project whose estimated cost is more than ~~[\$10,000]~~ **\$25,000** shall be built under contracts awarded to the lowest responsible bidder through competitive bidding. The following are excluded from this competitive bidding requirement:

3 Major Capital Projects of the Departments of Fish and Game and Resources and Economic Development. Amend RSA 228:4, I (c) to read as follows:

(c) Projects for the department of fish and game and the department of resources and economic development whose estimated *total* cost is ~~[more than \$10,000 but]~~ not more than ~~[\$150,000]~~ **\$250,000**. Such projects may be done on a force account basis ~~[or]~~, by contracts awarded through competitive bidding ~~[upon recommendation of the commissioner that such projects are in the best interest of the state, and with the prior approval of the legislative fiscal committee and with the approval of governor and council]~~, **by short term rental of construction equipment, or by any combination of these methods. These departments are authorized to rent construction equipment for periods not exceeding 6 months at rates the departments deem competitive through the use of quotes or bids.**

4 Client Relationship. Amend RSA 228:5, II to read as follows:

II. Cause to be undertaken and completed, all construction exceeding ~~[\$10,000]~~ **\$25,000** for any individual project, except as otherwise authorized by the governor and council.

5 Compliance With Contracts. Amend the introductory paragraph of RSA 228:5-a, I to read as follows:

I. The performance of contracts for all state projects costing over ~~[\$10,000]~~ **\$25,000** shall be inspected to assure compliance with the plans and specifications. The department shall require inspection service by one of the following methods:

6 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill raises the minimum amount of a state capital improvement project that requires competitive bidding.

This bill also increases the amount of estimated cost of capital projects for the departments of fish and game and resources and economic development which are excluded from the competitive bidding requirement, and grants the departments the authority over the projects. The bill allows the departments to rent construction equipment.

HB 1517-FN-A-L, establishing a fund for maintaining, dredging, and improving harbors in New Hampshire. **OUGHT TO PASS**

Rep. William E. Leber for Public Works and Highways: This bill is the result of study committee work on SB 158, which looked into the dredging of harbors and erosion problems in Hampton and Seabrook. Dredging harbors must be done to maintain the flow of boat traffic, just like the highways need to be plowed of snow. It's a maintenance item and funds to pay for it should be in the operating budget. With annual set-asides into a dredging projects fund, funds will be available when needed without the cost of bonding in the capital budget. The Port Authority shall not encumber, obligate or expend any funds from the fund without the prior approval of the Capital Budget Overview Committee. The committee is continuing study of the fee structure and revenue flow on the Seacoast to determine if further action is needed to establish or revise fees to assist in funding the dredging projects. Vote 15-0.

Referred to Finance.

HB 1575-FN, relative to highway modifications on lands acquired through the land conservation investment program. **OUGHT TO PASS WITH AMENDMENT**

Rep. Merle W. Schotanus for Public Works and Highways: This bill establishes a major public policy in that it sets a methodology by which the formal Department of Transportation (DOT) may obtain for state highway purposes, interests in land currently held in public trust. As a result of lands protected under the Land Conservation Investment Program (LCIP), the amendment adds provisions relative to municipal level hearings and compensation which were omitted in the bill drafting process. This bill was developed over a two year period by the major private sector conservation associations, the Office of State Planning and DOT. Vote 18-0.

Amendment (0494h)

Amend RSA 162-C:6, V as inserted by section 1 of the bill by replacing it with the following:

V. The review and approval process required by paragraph IV shall give full consideration to the management provisions contained in paragraph I-III. The department of transportation shall submit a written request to the council with plans and supporting documentation to demonstrate compliance with the provisions of this chapter. A quorum of the council, consisting of at least 6 members, shall hold a public hearing with 90 days of receipt of a complete request to release land conservation investment program interests. The council shall provide at least 10 calendar days notice in advance of such hearing. Notification shall be made, at the expense of the department, to the landowner, local governing body and conservation commission, abutters, the Society for the Protection of New Hampshire Forests, The Nature Conservancy, the Audubon Society of New Hampshire, the New Hampshire Wildlife Federation, and the county conservation district, or their successors. Notification of the public hearing shall be published, by the department, in a paper of general circulation in the municipality and shall be posted, by the department, in at least 2 public places. At the hearing or within 15 days after the hearing, a majority of the council members attending the hearing shall vote to approve or deny the application, unless a time extension is requested by the department. Aggrieved parties, which include all parties who must be notified under this paragraph, may appeal the council's decision to the superior court in the same manner as planning board decisions are appealed under RSA 677:15.

Amend RSA 162-C:6, VII as inserted by section 1 of the bill by replacing it with the following:

VII. Compensation due to the state under this section shall be maintained in a separate, non-lapsing land acquisition fund to be managed by the state treasurer. The council, as successors to the land conservation investment program board of directors, shall develop rules pursuant to RSA 541-A, whereby agencies and/or municipalities, shall have access to these funds from time to time as resources permit. Such funds must be used for the acquisition of land, or interests in land, consistent with the purposes of this chapter. Compensation due to municipalities shall be dedicated to the acquisition or monitoring of protected lands consistent with the purposes of this chapter. Compensation due to landowners of conservation easement lands shall be as specified in the conservation easement deed or as otherwise negotiated. Any party aggrieved by the amount of compensation may file a petition with the superior court in the same manner as damage appeals are filed from the board of tax and land appeals under RSA 498-A:27.

Referred to Finance.

HB 1596-A, authorizing a state welcome center in the town of Bradford and making an appropriation therefor. **INEXPEDIENT TO LEGISLATE**

Rep. Steve Vaillancourt for Public Works and Highways: The committee heard this request for a welcome center in the Sunapee area and determined that while it would be nice to have more welcome centers throughout the state we simply do not have the funds for this. The construction costs of \$500,000 plus an annual operating cost of \$80,000 was not deemed warranted. Neither the Department of Transportation, which operates welcome centers, nor the Department of Resources and Economic Development requested this center which would be situated only 25 miles or so from similar centers, one in Antrim, one in Springfield on I-89 northbound and one in Sutton on I-89 southbound. The committee further determined that requests such as this should come as part of the 10-Year Plan. Vote 16-0.

HB 1104, relative to building a certain dam in Windham. **INEXPEDIENT TO LEGISLATE**

Rep. Robert H. Rowe for Resources, Recreation and Development: Rock Pond is a great pond having a water supply from underground springs. The pond is connected to Simpson Pond (Moeckel Pond) to the south west. At periods of low water the flow is from Rock Pond to Simpson Pond; at high water in the spring the flow is through Simpson Pond to Rock Pond. The association wishes to control the water level in Rock Pond by constructing a dam between the two ponds. The owner of the dam at the outflow of Simpson Pond possesses vested rights to control the flow and level of water in both ponds. The recommendation is based on three factors. The first is that it appears that the property on which the dam is to be located is owned by the owner of the dam and not the applicants. Second the construction of the dam would interfere in the riparian rights of the dam owner. Third, there is a fence obstruction in place on the dam site to prohibit access between the ponds contrary to state law. Vote 20-0.

HB 1133-L, enabling the town of New Boston to rebuild or replace a dam on the Piscataquog River. **INEXPEDIENT TO LEGISLATE**

Rep. Michael D. Whalley for Resources, Recreation and Development: Testimony from the sponsor and the Department of Environmental Services was that this bill was unnecessary. Mistakenly, the sponsor believed that the Parker Mill Dam in the Town of New Boston was located on a portion of the Piscataquog River designated as protected under New Hampshire law. The dam is actually located on a section of the river designated as a rural river. That designation allows for the repair of a structural failure of a dam in place at the time the river was designated, if the replacement is in the same location, with the same impoundment level and if repair takes place within six years of the date of failure. Vote 20-0.

HB 1155, relative to wastewater in low flow areas. **OUGHT TO PASS**

Rep. H. Charles Royce for Resources, Recreation and Development: This bill was a request of the Department of Environmental Services. The department works with the U.S. Environmental Protection Agency which issues all discharge permits to municipalities from their wastewater treatment facilities. The Department of Environmental Services felt and the Resources, Recreation and Development Committee agreed that in the spirit of the Clean Water Act this section of RSA 485-A:8 pertaining to low flow Temporary Partial Use (TPU) should be deleted to help protect our surface waters. Vote 19-0.

HB 1231, relative to greywater recycling. **INEXPEDIENT TO LEGISLATE**

Rep. Williams E. Williams, Jr. for Resources, Recreation and Development: The committee felt that there were far superior methods available to the sponsor to have the subject of the legislation incorporated in the rules at the Department of Environmental Services. Vote 16-0.

HB 1246, relative to enforcement of oil spillage laws. **OUGHT TO PASS**

Rep. Michael D. Whalley for Resources, Recreation and Development: This bill expands the Department of Environmental Services enforcement powers to include any violation of the laws relative to oil discharge or spillage in surface water or groundwater. HB 1246 makes the level of penalties and enforcement consistent for both above ground storage tanks and underground storage tanks. Vote 17-0.

HB 1624-FN, relative to the membership of the wetlands council. **INEXPEDIENT TO LEGISLATE**

Rep. H. Charles Royce for Resources, Recreation and Development: This bill would have added one more private sector individual to the Wetlands Council. The Resources, Recreation and Development Committee felt that the Wetlands Council has only been in existence for a little over a year. The council has not experienced great difficulty in handling the cases coming before them, adding another member at this time would not be necessary. Vote 19-0.

HB 1642-FN, relative to changing the environmental laboratory certification program administered by the department of environmental services to an accreditation program. **OUGHT TO PASS**
 Rep. Michael W. Downing for Resources, Recreation and Development: This bill changes the water testing laboratory certification program to an accreditation program recognized by the National Environmental Laboratory Accreditation Conference. This is a nationally recognized process that will allow New Hampshire Labs to compete with out of state labs. This bill will also save the department time and money in that staff will no longer be required to travel out of state to certify labs. There is no increase in fees, they will remain the same as currently exists under the present certification process. Vote 16-0.
 Referred to Finance.

HB 1274-FN, relative to enforcement of air pollution laws by the department of environmental services. **OUGHT TO PASS WITH AMENDMENT**
 Rep. Jeffrey C. MacGillivray for Science, Technology and Energy: This housekeeping bill, requested by the Department of Environmental Services, clarifies ambiguities in the language describing which stationary sources of air pollution are subject to the Air Pollution Control Act. The bill also adds to the Acid Rain Control Act enforcement and variance procedures comparable to those already existing under the more general Air Pollution Control Act. Since the variance procedures are most likely to be used during summer months, the bill was amended to make it effective on passage. The committee discussed requiring a study of steam locomotives exempted by statute from these air pollution control statutes, such as the Cog Railway, but after being assured that these emissions and possible emission controls will be studied by the operator and the Department of Environmental Services, believes that no statutory study is necessary at this time. Vote 18-0

Amendment (0564h)

Amend the bill by replacing section 4 with the following:

4 Effective Date. This act shall take effect upon its passage.

HB 1351-FN, extending "The Laboratory for New Ideas in Information Technology" pilot project. **OUGHT TO PASS**

Rep. Godfrey G. Howard for Science, Technology and Energy: This bill extends the "Laboratory for New Ideas in Information Technology" pilot project for two years, until June 30, 2000. The laboratory is operated by the Department of Employment Security and is funded by federal funds, private donations, and grants. This accounts for the fiscal note, but the funds are being received by the state, not expended. Vote 16-0.

HB 1651, establishing a committee to study the protection of consumers relative to cable television rates and services. **OUGHT TO PASS WITH AMENDMENT**

Rep. Norman L Major for Science, Technology and Energy: The committee study will include status of the cable electronic services industry, customer cost of cable electronic services in New Hampshire, status of federal, state, and local regulations in the cable electronic services industry, state regulations, franchises, and issues relating to public access of cable electronic services. Vote 18-0.

Amendment (0569h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a committee to study the protection of cable consumers and the enhancement of cable electronic services.

Amend the bill by replacing sections 1-4 with the following:

1 Committee Established. There is established a committee to study the protection of cable consumers and the enhancement of cable electronic services.

2 Membership and Compensation.

I. The members of the committee shall be as follows:

(a) Five members of the house of representatives, at least 3 of whom shall be members of the house science, technology, and energy committee, appointed by the speaker of the house of representatives.

(b) Five members of the senate, appointed by the president of the senate.

II. Members of the committee shall receive mileage at the legislative rate when attending to the duties of the committee.

3 Duties. The committee shall study the protection of cable consumers and the enhancement of cable electronic services. The committee's study shall include, but not be limited to:

I. The status of the cable electronic services industry, including the ownership and organization of cable electronic services providers in New Hampshire.

II. The relative value of cable electronic services in New Hampshire, including whether consumers are receiving the best product at the lowest possible price, the status of competition for cable electronic services, and the practicability of legislative action to enhance competition for cable electronic services in New Hampshire.

III. The status of federal, state, and local regulation of the cable electronic services industry in New Hampshire, and the impact of such regulation on industry operations, rate setting, and public accountability.

IV. The practicability of state regulation of cable electronic services by the public utilities commission.

V. The practicability of statewide, regional, or multi-town cable electronic services franchise agreements as a means to maximizing consumer bargaining strength.

VI. Issues relating to public access, including the potential for a statewide public access channel.

VII. Any other relevant issues that may arise in the course of the committee's deliberations.

4 Chairperson; Quorum. The first-named house member shall serve as chairperson and call the first meeting. The first meeting of the committee shall be held within 45 days of the effective date of this section. Six members of the committee shall constitute a quorum.

Amend the bill by replacing section 6 with the following:

6 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill establishes a committee to study cable electronic services in New Hampshire. The committee shall examine issues relative to rates and services provided by cable electronic services carriers, including alternatives available to assure consumers that cable electronic service rates will be reasonable and that services provided will be satisfactory.

HR 53, urging Congress to pass and the President to sign a bill returning to the states the power to regulate campaign finance in state races for federal office. **OUGHT TO PASS**

Rep. Jay T. White for State-Federal Relations and Veterans Affairs: While New Hampshire enjoys the first in the nation primary and always held strong views regarding campaign finance in all races, HR 53 urges the US Congress and the President to move forward with legislation to return the power to the states to regulate campaign finance in state races for federal office. Vote 12-0.

HB 1135, relative to the use of watercraft and boats on Ledge Pond in the town of Sunapee. **OUGHT TO PASS WITH AMENDMENT**

Rep. Brenda L. Ferland for Transportation: Until recently this body of water was nearby the town of George Mills' drinking water. The residents would like to protect this source of water if it is needed again in the future. The reasoning behind allowing electric motors is for people who are physically disabled but want to enjoy the lake. High speed boats will have a hard time on the lake because of the many ledges, thus the name Ledge Pond. The amendment speaks to electric motors only and changes the passage date from January 1, 1999 to upon passage to protect the water as soon as possible. Vote 18-0.

Amendment (0596h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Section; Ledge Pond. Amend RSA 270 by inserting after section 129 the following new section:

270:130 Ledge Pond. No person shall use, operate, or have aboard or attached to any watercraft or motorboat, a petroleum-powered inboard or outboard motor upon the waters of Ledge Pond in Sunapee. A person may operate a boat propelled solely by an electric-powered motor on Ledge Pond. Whoever violates the provisions of this section shall be guilty of a violation.

2 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill prohibits petroleum-powered motors on the waters of Ledge Pond in the town of Sunapee. The bill authorizes the use of electric-powered boats.

HB 1140-FN, relative to special motor vehicle plates for district court judges. **INEXPEDIENT TO LEGISLATE**

Rep. Roland M. Turgeon for Transportation: The committee listened to the sponsor of the bill who was the only witness appearing before the committee. After receiving information from the Administrative Office of the Courts in opposition to this bill due to security reasons for judges, the committee decided to vote the bill Inexpedient to Legislate. Vote 17-0.

HB 1152, permitting municipalities to further restrict watercraft on great ponds wholly within the municipality. **INEXPEDIENT TO LEGISLATE**

Rep. John W. Flanders, Sr. for Transportation: It was the feeling of the committee that the power to regulate lakes and ponds falls under the Department of Safety. Hence, there will be a conflict between two agencies. There is already a tool to restrict water craft. By petitioning the Department of Safety for a public hearing at which time all can testify, not just the residents of one certain town. The water is owned by all residents through the public trust. Vote 18-0.

HB 1171, to establish a committee to investigate the discrepancy in air fares between flights from Logan International Airport and Manchester Airport. **REFER FOR INTERIM STUDY**

Rep. Robert H. Milligan for Transportation: The intent of this bill was to bring to the attention of the airlines that the residents of the state of New Hampshire want fair and equitable treatment of assessing airfares on its people. As a legislature we have no legality to regulate/dictate fares of travelers. Vote 16-1.

HB 1285-FN, relative to penalties under the youth access to and use of tobacco products law. **INEXPEDIENT TO LEGISLATE**

Rep. Robert J. Letourneau for Transportation: This bill, while very noble in its endeavor to penalize young people who smoke by suspending their drivers licenses, will not work. Driving and smoking are not related, like drinking and driving, and accordingly should not be bound together. Driving after revocation is one of the most common violations of the motor vehicle laws. Passage of this bill would only increase this problem. This committee has passed several major pieces of legislation concerning teenage drivers in this most recent session. The committee senses that these laws need to be given time for teens to integrate and adjust and for the state to reevaluate its program on teen driving. The most compelling reason to defeat this bill is that it will not accomplish its goal of decreasing tobacco use by young people. Teenage smoking is a serious concern, however it is a public health issue not a law enforcement issue. The committee believes the answer to the problem of teen smoking is education, not punishment. Vote 16-1.

HB 1322-FN-L, requiring seat belts on school buses. **INEXPEDIENT TO LEGISLATE**

Rep. John W. Flanders, Sr. for Transportation: It was the feeling of the committee that this is a clear violation of Article 28-A (unfunded mandate) of the state constitution with a fiscal note of over \$20,000,000. Further testimony revealed that school bus operation has the highest safety record of all vehicles. School bus experts testified that because of school bus design seat belts could cause severe injuries. Vote 16-0.

HB 1328-FN, extending the period for motor vehicle titles. **OUGHT TO PASS WITH AMENDMENT**

Rep. Gordon E. Bartlett for Transportation: This bill requested by the Department of Safety will bring our automobile title laws in line with the other states. Banks are heavily in favor for a longer title period instead of relying on U.C.C. forms for vehicles they finance that are ten years or older. The amendment will speed the return of duplicate titles requested by the dealer and those who purchase these cars on private sale. Vote 18-0.

Amendment (0470h)

Amend the title of the bill by replacing it with the following:

AN ACT extending the exemption period for motor vehicle titles and modifying the process for obtaining a duplicate motor vehicle certificate.

Amend the bill by replacing all after section 5 with the following:

6 Duplicate Certificate. Amend RSA 261:12, I-II to read as follows:

261:12 Duplicate Certificate.

I. If a certificate of title is lost, stolen, mutilated or destroyed or becomes illegible, the first lienholder or, if none, the owner or legal representative of the owner named in the certificate, as shown by the records of the department, *or dealer who has purchased the vehicle*, shall promptly make application for and may obtain a duplicate upon furnishing information satisfactory to the director.

II. The department shall not issue a new certificate of title to a transferee *or dealer* upon application made on a duplicate until 15 days after receipt of the application.

7 Effective Date.

I. Section 1 of this act shall take effect January 1, 1999.

II. Section 2 of this act shall take effect January 1, 2000.

III. Section 3 of this act shall take effect January 1, 2001.

IV. Section 4 of this act shall take effect January 1, 2002.

V. Section 5 of this act shall take effect January 1, 2003.

VI. The remainder of this act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill changes the maximum age for a motor vehicle for which a person is required to obtain a certificate of title. Current law requires such certificates for vehicles less than 10 years of age. This bill increases such age by one year for each of the next 5 years. Moreover, when a certificate of title is lost, stolen or destroyed, this bill permits a motor vehicle dealer to apply for and receive a duplicate certificate of title.

HB 1364-L, establishing a bus only commercial driver license. **INEXPEDIENT TO LEGISLATE** Rep. Robert J. Letourneau for Transportation: This bill was designed to create a new class of Commercial Driver License (CDL). The new class would be a Bus Only Commercial Driver License (BOCDL). This would limit drivers to bus only operation. Testimony revealed that the motive for this was purely economic for the bus companies and did not take into account that these operators may need to have summer jobs to remain employed year round. Currently these operators are trained and tested for the vehicles they operate. Vote 17-0.

HB 1367, requiring motorcyclists to wear protective headgear. **INEXPEDIENT TO LEGISLATE** Rep. Robert J. Letourneau for: This bill as introduced mandates protective headgear for all riders and passengers on motorcycles under the premise that motorcyclists are a burden to society for their care and subsistence. The committee heard no testimony nor saw any data that supported that claim. Testimony revealed that there was very little difference in crash and fatality statistics between states with helmet laws and states without helmet laws. Facts revealed that motorcycle fatalities have dropped nationally by 46% in the last ten years; New Hampshire has had similar results while not having an adult helmet law for the past 22 years. This is attributed to the state operated nationally recognized motorcycle rider education courses. Additionally, in New Hampshire the number of head injuries and their associated costs are approximately ten times greater for auto drivers than motorcyclists. The public hearing was overwhelmingly attended. The committee heard testimony from 15 speakers who were opposed who objected to this legislation., while 5 speakers were in favor. Eighteen representatives and one senator attended the hearing and were opposed to this legislation, with 4 representatives in support. Several legislators introduced signed petitions from 262 constituents opposing this bill. The most common thread of testimony from those who testified in opposition is that motorcyclists have a vested interest in their safety, that as responsible adults they are keenly aware of what is in their best interest, and viewed this legislation as government intrusion into their lives without justification. Vote 17-0.

HB 1537, relative to aeronautics enforcement authority. **OUGHT TO PASS**

Rep. Robert H. Milligan for Transportation: The majority of this bill is housekeeping. It changes the period of time allowed for nonresidents to register aircraft. Thirty days will be easier to enforce and be in line with vehicle, boat and snowmobile law. This will target those nonresidents from border states who keep their aircraft in New Hampshire. Other states legitimate registrations will be recognized. Hanger/tie down rental will be used for enforcement justification. Federal laws require medical certificate for a pilots license. Location to affix decals is expounded upon. Vote 15-0.

HB 1629, relative to walking disability plates and placards. OUGHT TO PASS

Rep. Brenda L. Ferland for Transportation: The bill will require that a person with disability plates or placards continue to provide proof every four years that such items are needed. The current law is five years on plates and three years on placards. Passage of this bill will align both to be reviewed at the same time. The bill also allows the Department of Safety to remove the 200 ft. walking disability now stated in RSA 261:88. Vote 17-0.

HB 1648, restricting the transporting of passengers in the bed of trucks. INEXPEDIENT TO LEGISLATE

Rep. Brenda L. Ferland for Transportation: This sponsor of the bill introduced this bill because one town seems to have a problem with it during summer months. It doesn't appear to be a state-wide problem. No testimony was given as to how often this occurs, or if the RSAs didn't already cover this problem. No exceptions were listed if this was a families only source of transportation, construction workers, campers truck caps, farmers or emergencies. Vote 18-0.

HB 1120, establishing a commission to study the effects of and jurisdiction over alternative agricultural products. OUGHT TO PASS WITH AMENDMENT

Rep. Henry P. Mock for Wildlife and Marine Resources: This commission is being created to study the entire aspect of alternative agriculture, and in particular, its impact upon New Hampshire's wildlife resources. Alternative agriculture is the practice of raising animals, which we generally think of as being "wild", for meat and other by-products, usually buffalo, emu, ostrich, elk, and red deer. Because this industry is relatively new to the state, many farmers are not aware of which state agency they should deal with when importing, exporting, selling, and etc. The amendment merely clarifies who is to appoint the non-voting members of the study commission and in addition it made the act effective upon passage. Vote 11-0.

Amendment (0521h)

Amend the bill by replacing all after the enacting clause with the following:

1 Commission Established. There is hereby created a commission to study the impact alternative agriculture may have on New Hampshire's native wildlife resources and to determine the jurisdictional authority over such activities.

2 Membership and Compensation.

I. The voting members of the commission shall be as follows:

(a) Three members of the house of representatives, including one member from the house environment and agriculture committee and one member from the wildlife and marine resources committee, all appointed by the speaker of the house.

(b) Three members of the senate, including 2 members from the senate fish and game/recreation committee, all appointed by the president of the senate.

II. The nonvoting members on the commission shall be:

(a) The executive director of the fish and game department, or designee.

(b) The commissioner of the department of agriculture, markets, and food, or designee.

(c) The state veterinarian.

(d) A representative of the New Hampshire Farm Bureau Federation, appointed by such federation.

(e) A representative of the alternative agriculture industry, appointed by the speaker of the house and the president of the senate.

III. Legislative members of the commission shall receive mileage at the legislative rate when attending to the duties of the commission.

3 Duties. The commission shall study the impact alternative agriculture may have on New Hampshire's native wildlife resources and shall determine the jurisdictional authority over such activities. The commission may study any other relevant information. For the purposes of this commission "alternative agriculture" includes, but is not limited to buffalo, emu, ostrich, elk, and red deer.

4 Chairperson; Quorum. The members of the study commission shall elect a chairperson from among the voting members. The first meeting of the commission shall be called by the first-named house member. The first meeting of the commission shall be held within 45 days of the effective date of this section. Four voting members of the commission shall constitute a quorum.

5 Report. The commission shall report its findings and any recommendations for proposed legislation to the speaker of the house of representatives, the senate president, the house clerk, the senate clerk, the governor, and the state library on or before November 1, 1998.

6 Effective Date. This act shall take effect upon its passage.

HB 1123, relative to the importation of wolf hybrids. **OUGHT TO PASS WITH AMENDMENT** Rep. Henry P. Mock for Wildlife and Marine Resources: The original bill was designed to prevent totally the importation of wolf hybrids. The importation of neutered hybrids is allowed under RSA 466-A. The committee didn't wish to revisit the entire subject which was thoroughly addressed in the last session. Consequently, the amendment makes adjustments for licensing animal shelter facilities for hybrids and allows the Commissioner of Agriculture to make rules governing the administration of this chapter on hybrids. It also permits the Commissioner to assess an administrative fine of up to \$1,000 for each violation of rules. Vote 14-0.

Amendment (0409h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the control of wolf hybrids.

Amend the bill by replacing all after the enacting clause with the following:

1 Reference to Licensure Added. Amend RSA 466-A:1, I to read as follows:

I. "Animal shelter facility" means a facility, including the building and the immediate surrounding area, which is used to house or contain animals and which is owned, operated, and maintained by a duly incorporated humane society, animal welfare society, society for the prevention of cruelty to animals or other nonprofit organization devoted to the welfare, protection, and humane treatment of animals *and which is licensed in accordance with RSA 437*.

2 New Section; Rulemaking. Amend RSA 466-A by inserting after section 5 the following new section:

466-A:5-a Rulemaking Authority. The commissioner of agriculture, markets, and food shall adopt rules, under RSA 541-A, relative to standards for confinement and control under RSA 466-A:5 and any other matter necessary for the administration of this chapter.

3 Administrative Fine Added. Amend RSA 466-A:6 to read as follows:

466-A:6 Penalty; *Administrative Fines*.

I. Any person [failing to meet the requirements] in violation of this chapter or any rule adopted under this chapter shall be guilty of a class A misdemeanor.

II. Any person who violates any provision of this chapter, or any rule or order of the commissioner of agriculture, markets, and food, shall be subject to the imposition of an administrative fine levied by the commissioner, not to exceed \$1,000 for each violation.

4 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill requires the commissioner of agriculture, markets, and food to adopt rules under RSA 541-A relative to the control of wolf hybrids and adds administrative fines for violations of the wolf hybrid law.

HB 1255-FN-A, increasing the fee for a resident trapping license and continually appropriating the increased revenue for the purpose of wildlife rehabilitation. **INEXPEDIENT TO LEGISLATE** Rep. Mark A. Cegelis for Wildlife and Marine Resources: Passage of this bill would place an undue burden on the trappers of this state. There is no certain way to determine how many trappers would cease operations with the large unprecedented fee increase suggested in the bill - an increase from \$27.50 to \$100.00 for an adult license and an increase for a minor's license from \$5.50 to \$25.00. It is the belief of the committee that the current fee structure is adequate and that the proposed fee increase is unnecessary and possibly detrimental to the future of trapping in this state. Vote 11-0.

HB 1256, transferring the wildlife rehabilitation program to the department of resources and economic development. **INEXPEDIENT TO LEGISLATE**

Rep. Michael S. Rollo for Wildlife and Marine Resources: This bill, although well intentioned, would do little to improve the wildlife rehabilitation program currently in practice by the Fish and Game Department. By transferring the program to the Department of Resources and Economic

Development we would be giving a department with no wildlife biologists on staff and a department with little interest in the program, a program which is operating smoothly at present within the Fish and Game Department. Further, no funds went with the program unless other legislation was enacted. It is this committee's opinion that this bill would destroy a worthwhile and well working program. Vote 11-0.

HB 1331-FN, relative to expanding the authority to grant special hunting and fishing licenses to include persons aged 65 or over, and adding trapping licenses. **OUGHT TO PASS WITH AMENDMENT**
Rep. Henry P. Mock for Wildlife and Marine Resources: This bill as introduced lowered the age for a resident of the state to receive a free basic hunting and/or fishing license from age 68 to 65 and in addition added a free trapping license. The committee couldn't buy into lowering the age in this day of modern medicine when people are living longer and healthier than ever before. In fact, some committee members felt that the age of "freebies" should be raised rather than lowered. However, we did accept the proposition of a free trapping license for persons 68 and over and the amendment reflects that by changing the bill's title and effective date. Vote 14-0.

Amendment (0395h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to granting special hunting and fishing licenses to persons aged 68 or over for trapping.

Amend the bill by replacing all after the enacting clause with the following:

1 Trapping Added. Amend RSA 214:7-a to read as follows:

214:7-a Persons Over 68 Years of Age. Any resident of this state who is 68 years of age or over may make application, to any authorized agent of the state for the sale of fishing [~~and~~], hunting *or* *trapping* licenses, for a special license to fish [~~and~~], hunt *or* *trap*, under the restrictions of this title. Such license may permit the use of a muzzle-loading firearm and bow and arrow. The license shall be marked in such manner as the executive director may designate, and there shall be no fee, including the agent's fee, for such license. The license shall be effective for the resident during the remainder of the resident's life, as long as the applicant remains a resident of the state, unless sooner suspended or revoked by the executive director. The minimum residency requirements of RSA 214:7-b are applicable.

2 Effective Date. This act shall take effect January 1, 1999.

AMENDED ANALYSIS

This bill allows persons aged 68 or over to apply for a special license to trap.

HB 1354-FN, relative to fishing in the Connecticut River by residents of Vermont and relative to the use of funds from the sale of timber on fish and game lands. **OUGHT TO PASS WITH AMENDMENT**
Rep. Rose Marie Rogers for Wildlife and Marine Resources: This bill with amendment corrects a problem on the Connecticut River whereby large numbers of non-resident fishermen, particularly in tournaments, are taking advantage of the one day Vermont fishing license and fishing the river which is New Hampshire waters. They will now be required to purchase a New Hampshire license. The bill in no way interferes with the reciprocal licensing of Vermont and New Hampshire resident fishermen. The amendment deleted a reference, which was not necessary, to establishing a "special fund" for disposition of timber sales money on fish and game lands. Vote 10-0.

Amendment (0449h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to fishing in the Connecticut River by residents of Vermont.

Amend the bill by replacing all after section 1 with the following:

2 Effective Date. This act shall take effect January 1, 1999.

AMENDED ANALYSIS

This bill provides that Vermont residents licensed in Vermont may fish in the Connecticut River.

This bill is a request of the fish and game department.

Referred to Finance.

HB 1359, relative to senior citizens' applications for moose hunting permits. **INEXPEDIENT TO LEGISLATE**

Rep. Robert J. L'Heureux for Wildlife and Marine Resources: As proposed, this bill would have reserved a certain percentage (10%) of moose permits for resident seniors, age 68 and over, licensed to hunt in New Hampshire. Unfortunately, as noble as this cause may be, it would have opened the proverbial "Pandora's Box" to any and all other groups seeking similar consideration. It was felt by the committee that the present moose lottery system was fair and equitable to all participants and should not be tampered with or altered by showing any favoritism to any particular group. Vote 14-0.

HB 1372, increasing the distance from a dwelling within which a person is prohibited from discharging a firearm. **INEXPEDIENT TO LEGISLATE**

Rep. Ronald J. Nowe for Wildlife and Marine Resources: The committee found that the concerns of the sponsor involves an isolated case on the Merrimack River involving duck hunting. This problem can be handled by the Executive Director of the Fish and Game in accordance with RSA 206:15-a. The sponsor has been communicating with the Executive Director and has satisfactorily solved the problem. If the bill were to pass as written, it would critically hamper the ability to hunt in southern New Hampshire. The committee voted to stay with current law (RSA 207:3-a) which prohibits the discharging of a firearm within 300 feet of a permanently occupied dwelling. Vote 10-0

HB 1621, relative to the membership of the advisory committee on shore fisheries. **OUGHT TO PASS WITH AMENDMENT**

Rep. Dennis F. Abbott for Wildlife and Marine Resources: This bill is intended to change the process for recommending membership on the advisory committee of shore fisheries. The bill, if passed, will allow for all members to be selected by the normal process through Governor and Council and further eliminates the New Hampshire Port Authority from the process of nominating prospective members. The amendment deleted persons being nominated by the Fish and Game Commission and a department employee. Vote 12-0.

Amendment (0329h)

Amend RSA 211:60, I as inserted by section 1 of the bill by replacing it with the following:

I. There is established an advisory committee on shore fisheries to recommend programs and policies regarding shore fisheries to the fish and game commission. The advisory committee shall consist of 5 members and one alternate member, all of whom shall be residents of the seacoast region, appointed by the governor and council:

Amend the bill by replacing section 2 with the following:

2 Status of Current Members. The members of the advisory committee on shore fisheries, and the additional members and alternate, serving on the effective date of this act shall serve for the remainder of their terms or until 3 years from the effective date of this act, whichever is first, as the members serving pursuant to RSA 211:60, I as inserted by section 1 of this act.

AMENDED ANALYSIS

This bill changes the composition and appointment of the advisory committee on shore fisheries, and removes the provision for nomination and appointment of additional members.

REGULAR CALENDAR**HB 1287-FN**, relative to sales of tobacco products to persons under 21 years of age. **INEXPEDIENT TO LEGISLATE**

Rep. Gregory G. Carson for Commerce: This legislation would raise the age for purchasing tobacco products from 18 years of age to 21 years of age. The committee and the House have taken several aggressive measures to reduce youth access to tobacco and underage use of tobacco, some of which are so new we have not yet been able to measure their success. This legislation would not effect the intent of the sponsors. More importantly, this legislation would only cause those already addicted to commit a criminal offense. The funds required for enforcement of this legislation would be much better spent on prevention programs for children. The predominance of the problem exists in 13 and 14 year olds becoming addicted, not young adults. Vote 16-1.

Adopted.

HB 1319, relative to foreclosure sales. **INEXPEDIENT TO LEGISLATE**

Rep. Eric N. Lindblade for Commerce: This bill requires that no foreclosure sale shall be valid or effectual to foreclose a mortgage unless the mortgaged property is sold for at least 70 percent of its assessed value. This bill would create more problems than it would solve. It would not take into consideration the propriety of the assessed value of the property. Further, the requirement that a sale must be at least 70% of the assessed value would, in most cases, be impossible to achieve. Vote 15-0. Adopted.

HB 1541-FN-A, creating a position in the insurance department. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Martha Fuller Clark for the Majority of Commerce: Solving the problem of long term care is of critical importance to the state. Currently, the long term care institute, (created by statute in the last session after careful consideration by the House Health & Human Services Committee) is stymied due to lack of professional staff. This bill provides funding for a one year, temporary position paid for by a surcharge upon insurance carriers writing long term care policies. If, after a year's time, funding from the state is still needed for such a position, the majority of the Commerce committee believes it should be considered through the general appropriation process. Vote 9-8.

Rep. George Hurt for the Minority of Commerce: The minority concurs with the majority that long term care is a serious relevant issue for the state. However, testimony presented does not support the bill's concept for legislating a mandatory classified position titled "Long Term Care Specialists". Further, under current insurance regulation, more specifically RSA 400-A:10, the Insurance Commissioner has authority to implement a position to carry out functionary duties that would be beneficial in fostering the concept of long term care Insurance and the importance of purchasing the same. More to the point, salient testimony provided evidence that other states facing the same dilemma have formed an alliance with the insurance industry to essentially address the same issue ostensibly in a free market concept.

Amendment (0562h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Section; New Position; Long-Term Care Specialist. Amend RSA 126-L by inserting after section 5 the following new section:

126-L:5-a Long-Term Care Specialist.

I. There is hereby established a long-term care specialist within the institute. The long-term care specialist shall serve as a liaison between the institute and the insurance department and shall perform the duties of the institute as provided in RSA 126-L:5.

II. An annual grant equal to the top range of group O in RSA 94:1-a, I plus an amount to pay benefits equivalent to state employee benefits is hereby appropriated for the expenditure of funds from the New Hampshire insurance department. There is established an additional fee under RSA 400-A:29-b to be assessed against premiums written for long-term care insurance only to be used by the institute for the sole purpose of funding the position established in paragraph I.

2 New Subparagraph; Additional Duty. Amend RSA 126-L:5, I by inserting after subparagraph (e) the following new subparagraph:

(f) Provide reports to the commissioner of insurance relative to its activities and objectives in such format and frequency as the commissioner may prescribe.

3 New Paragraph; Long-Term Care Plan. Amend RSA 401:1 by inserting after paragraph VII the following new paragraph:

VIII. Offer a long-term care plan as a benefit plan that provides long-term health care services as defined in RSA 415-D:3, V.

4 New Section; Long-Term Care Fund. Amend RSA 400-A by inserting after section 29-a the following new section:

400-A:29-b Long-Term Care Fund. The commissioner may impose and collect a surcharge upon net premiums written for long-term care insurance of every insurer licensed pursuant to RSA 401:1, VIII as is necessary to fund and to be used by the long-term care institute pursuant to RSA 126-L:5-a. The surcharge amount shall be computed as a percentage of such net premiums as defined by RSA 400-A:31 on or before April 1 of each year, the commissioner shall notify each long-term care insurer of the computations under this section.

5 Applicability. The long-term care specialist position, established in section 1 of this act shall not be a state employee position.

6 Repeal. The following are repealed:

I. RSA 126-L:5-a, relative to a long-term-care specialist.

II. RSA 126-L:5, I(f), relative to reports.

III. RSA 401:1, VIII, relative to a long-term care plan.

IV. RSA 400-A:29-b, relative to the long-term care fund.

V. Section 5 of this act.

7 Applicability. Section 6 of this act shall take effect one year after the effective date of sections 1-5 of this act.

8 Effective Date.

I. Section 6 of this act shall take effect as provided in section 7 of this act.

II. The remainder of this act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill creates a temporary one-year position of long-term care specialist to perform the duties of the long-term care institute. The position is to be funded from a surcharge upon net premiums written for long-term care insurance.

Adopted.

Majority Report adopted and ordered to third reading.

HB 1175-L, relative to authorizing the state board of education to adopt rules on teacher education programs, teacher certification fees, and recertification standards. **OUGHT TO PASS**

Rep. Charles B. Yeaton for Education : This is a housekeeping measure requested by the Department of Education. The state board needs the statutory authority to adopt rules to satisfy the Joint Legislative Committee on Administrative Rules. These rules are necessary for the Department of Education to charge certification and recertification fees Vote 14-1.

Adopted and ordered to third reading.

HB 1195, allowing non-public school students access to the New Hampshire education improvement and assessment program at no cost to the state or local school district. **INEXPEDIENT TO LEGISLATE**

Rep. Susan B. Durham for Education: RSA 193-C which authorized the New Hampshire Education Improvement and Assessment program allows for private schools and home schoolers to contact their local schools and arrange to take the tests. This bill would require the Department of Education to notify all private schools of the testing schedule. The committee was assured that this information is already made available by the Department of Education. Therefore, legislation is unnecessary Vote 14-2.

Adopted.

HB 1393, extending the reporting date for the postsecondary educational assistance for members of the New Hampshire national guard study committee. **OUGHT TO PASS WITH AMENDMENT**

Rep. Clair A. Snyder for Education: This bill extends the dates for both the reporting data for postsecondary assistance for members of the NH National Guard study committee and the repeal date relative to postsecondary educational assistance to NH National Guard members. This allows more time for working out any problems. The amendment extends the sunset clause to June of 1999. Vote 14-2.

Amendment (0401h)

Amend the title of the bill by replacing it with the following:

AN ACT extending the reporting date for the postsecondary educational assistance for members of the New Hampshire national guard study committee and extending the repeal date relative to such assistance.

Amend the bill by replacing all after section 1 with the following:

2 Repeal Date Extended. Amend 237:7, I to read as follows:

1. Section 6 of this act shall take effect ~~June 30, 1998~~ **June 1, 1999**.

3 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill extends the reporting date for the postsecondary educational assistance for members of the New Hampshire national guard study committee to November 1, 1998.

This bill also extends the repeal date relative to postsecondary educational assistance for New Hampshire national guard members to June 1, 1999.

Adopted.

Report adopted and ordered to third reading.

HB 1449, requiring that school administration evaluation programs allow teachers the opportunity to submit input into the evaluation of their principal or supervisor. INEXPEDIENT TO LEGISLATE. Rep. Phil A. Weber for Education: This bill, while well intended, does contain the word "shall" which may diminish local control and may constitute an unfunded mandate. Evaluation programs are a necessary component in schools but we should not dictate as to what is best for each school or school district. Vote 12-6.

Adopted.

CACR 33, relating to a minimum age restriction on New Hampshire house members. Providing that the minimum age shall be 21. INEXPEDIENT TO LEGISLATE

Rep. Natalie S. Flanagan for Election Law: The N.H. Constitution does not have an age requirement for a State Representative. This CACR would both set the age and change it from 18 years of age as in the RSAs now to 21 years of age. The majority feels that the electorate are able to judge the maturity of a candidate more accurately than an arbitrary age would establish that maturity. Vote 11-2. Adopted.

HB 1162, relative to permit applications before the hazardous waste facility siting board. OUGHT TO PASS WITH AMENDMENT

Rep. Karen McRae for Environment and Agriculture: This bill excludes emergency permits and limited permits from the review of the hazardous waste facility siting board. The amendment references the permit application process and defines emergency permit and limited permit. Vote 14-2.

Amendment (0482h)

Amend the bill by replacing all after section I with the following:

2 New Paragraph; Hazardous Waste Management; Definitions; Emergency Permit. Amend RSA 147-A:2 by inserting after paragraph III the following new paragraph:

III-a. "Emergency permit" means temporary approval given in the event of an imminent and substantial endangerment to human health or the environment:

(a) To a non-permitted facility to allow treatment, storage, or disposal of hazardous waste; or

(b) To a permitted facility to allow treatment, storage, or disposal of a hazardous waste not covered by an effective permit.

3 New Paragraph; Hazardous Waste Management; Definitions; Limited Permit. Amend RSA 147-A:2 by inserting after paragraph IX the following new paragraph:

IX-a. "Limited permit" means a permit issued to elementary neutralization units, wastewater treatment units, and wastewater evaporation units, as defined by rules of the department.

4 Hazardous Waste Management; Operator Permits; Notification to Municipality. Amend RSA 147-A:4, I-a to read as follows:

I-a. The department shall notify the governing body of the municipality in which the facility is or may be located when a ~~[completed]~~ *new* permit application is received by the department. *This requirement shall apply to permit applications for treatment, storage, disposal, and transfer facilities, excluding limited and emergency permits.* A copy of the application shall be included with the notification.

5 Hazardous Waste Management; Hazardous Waste Facility Siting Board; Permit Applications. Amend RSA 147-A:4-a, II to read as follows:

II. The board shall review ~~[all]~~ *permit* applications for new hazardous waste facilities received by the department under RSA 147-A:4, I~~[-and,]~~. *These permit applications shall apply to treatment, storage, disposal, and transfer facilities and shall exclude limited and emergency permits.* Notwithstanding RSA 147-C, *the board* shall make the final decision on approval or disapproval of the ~~[application]~~ *proposed site of the facility based on siting criteria under rules adopted by the department.* The board

shall hold a minimum of 2 public hearings on the application, which shall be held in the town which is the proposed site of the facility. The first hearing shall provide the applicant an opportunity to describe and explain the proposed facility's operation. The second hearing shall provide the public an opportunity for comment and questions. Notice of the hearings shall be posted at least 7 days before the hearing date. If the board approves ~~[an application]~~ *the siting of the facility*, the department shall ~~[issue a permit as set forth in RSA 147-A:4, VI]~~ *review the application for conformity with requirements of rules adopted pursuant to RSA 147-A in order to issue or deny a permit.*

6 Hazardous Waste Facility Review; Notification to Municipality. Amend RSA 147-C:2, I to read as follows:

I. When the department receives ~~[a completed]~~ *an* application for a new hazardous waste facility, the department shall immediately notify the governing body of the ~~[town]~~ *municipality* in which the facility is proposed to be located. *This requirement shall apply to permit applications for treatment, storage, disposal, and transfer facilities, excluding limited and emergency permits.* A copy of the application shall accompany the notification.

7 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill excludes emergency permits and limited permits from the review of the hazardous waste facility siting board.

This bill is a request of the department of environmental services.

Adopted.

Report adopted and ordered to third reading.

HB 1224, relative to the regulation of biosolids. OUGHT TO PASS WITH AMENDMENT

Rep. Peter R. Leishman for Environment and Agriculture: This bill provides for continued random on-site testing of sludge and biosolids. This bill makes permanent the pilot program established under HB 638, Chapter 209, laws of 1997. Random sampling of land applied sludges and biosolids is an effective tool for ensuring compliance with state and federal standards. Vote 18-0.

Amendment (0539h)

Amend the title of the bill by replacing it with the following:

AN ACT requiring the department of environmental services to test sludge or biosolids to be used for land application and assessing fees to sludge quality certification holders.

Amend the bill by replacing all after the enacting clause with the following:

1 New Subparagraph; State Treasurer and State Accounts; Application of Receipts; Exceptions to General Fund Availability; Sampling and Analysis of Sludge or Biosolids Samples Fund Added.

Amend RSA 6:12, I by inserting after subparagraph (qqq) the following new subparagraph:

(rrr) Money received under RSA 485-A:4, XVI-b, which shall be deposited in the sampling and analysis of sludge or biosolids samples fund.

2 New Paragraph; Water Management and Protection; Water Pollution and Waste Disposal; Duties of Department of Environmental Services; Testing and Inspection of Sludge and Biosolids Samples. Amend RSA 485-A:4 by inserting after paragraph XVI-a the following new paragraph:

XVI-b. To implement a program of random on-site testing and inspection of sludge or biosolids samples to be used for any land application by any person obtaining a permit under RSA 485-A:4, XVI-a, provided that inspection shall not be required before the issuance of a permit. The procedures for random inspection and testing of sludge or biosolids samples on a site shall include an inspection for any setback or area requirements of a site for land application and may include testing for such pollutants as heavy metals, toxins, dioxins, and polychlorinated biphenyl, as determined in rules adopted by the commissioner pursuant to RSA 541-A. The department shall develop a database of inspection results and shall monitor adherence to state and federal requirements for the spreading of sludge or biosolids. The program of random inspection and testing of sludge or biosolids shall be funded by a fee of \$500 assessed annually to all sludge quality certification holders as defined in rules adopted by the commissioner. Such fee shall be payable to the department no later than January 1 of each year by all certification holders. All fees shall be deposited in a special nonlapsing account to be used by the department for the sampling and analysis of randomly collected sludge or biosolids samples.

3 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill requires the department of environmental services to implement a program of random on-site inspection of samples of sludge or biosolids to be used for land application. The program shall be funded by an annual fee which shall be deposited in a special nonlapsing account.

Adopted.

Report adopted and referred to Finance.

HB 1576-FN-A, permitting the development of an industrial hemp industry in New Hampshire and continually appropriating a special fund. MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. Betty B. Hall for the Majority of Environment and Agriculture: The Majority thought that it would be an injustice to the citizens of New Hampshire if a viable and beneficial industry was not allowed to be established and developed especially if that industry could contribute greatly to our communities in terms of jobs, agriculture and environmentally safe products as well as revenues. The evidence that legalized industrial and commercial hemp would aid crime and threaten society is not convincing. The evidence that legalized hemp would bring jobs, provide durable products and provide a versatile and abundant natural resource is overwhelming. Right now, we can legally do everything with hemp but grow it and this bill takes care of that. Vote 10-8.

Rep. Harold P. Melcher for the Minority of Environment and Agriculture: Because the varieties of Cannabis Sativa are so similar in appearance and qualities, making distinction between the drug and the industrial hemp difficult, and because growing marijuana would therefore be even easier to hide, the federal government, through the Drug Enforcement Agency, makes them both illegal. NH has no authority to be less restrictive than the DEA. Unless the United States of America makes marijuana legal, we have no business trying to pass this bill.

Reps. Flora, Boyce and Melcher spoke against.

Reps. Owen and Leishman spoke in favor and yielded to questions.

Rep. Robb-Theroux spoke in favor.

Rep. Robb-Theroux requested a roll call; sufficiently seconded.

The question being the adoption of the majority report.

Rep. Melcher moved Inexpedient to Legislate.
Adopted.

HB 204-FN-L, granting responsibility for court security and custody and control of prisoners while in the courthouse to the county sheriff and providing for state reimbursement of the sheriff for the costs of such security services. **OUGHT TO PASS WITH AMENDMENT**

Rep. Stephen T. DeStefano for Finance: This bill provides that county sheriffs are responsible for the security of the state's district courts and the custody and control of defendants appearing in these courts. The sheriffs already have such responsibilities for the state's superior courts. The amendment provides that, subject to legislative appropriation, the state will continue to reimburse the counties at \$50 per diem for each sheriff's bailiff assigned to court security and beginning July 1, 1999, will increase the rate to \$65 for each full day and \$35 for each half day. Testimony by county and municipal officials indicates that this bill will offset an estimated annual cost of \$800,000 in current county and local expense. Specific to Manchester, local police officers will be freed up for city enforcement and an estimated \$168,000 in annual expense will be saved. The bill as amended will save the state general fund \$16,285 in FY 1999. Vote 13-3.

Amendment (0571h)

Amend section 1 of the bill by replacing all after paragraph IV with the following:

V. The legislature intends that counties will assume the financial responsibilities for court security and custody.

Amend RSA 104:31, XII as inserted by section 4 of the bill by replacing it with the following:

XII. The state shall reimburse the sheriff's office, within available funds appropriated by the legislature, \$65 for each full day and \$35 for each half day, plus traveling expenses to attend any official business, for any person employed as a bailiff by the sheriff's office. For the purpose of this paragraph, a half day shall be defined as a day in which a bailiff works 4 hours or less. The state shall reimburse the counties, within available funds appropriated by the legislature, for all costs associated with employing court bailiffs, if those costs are the result of job requirements imposed by federal and state governments.

Amend the bill by replacing all after section 8 with the following:

9 Court Security; Transfer of Funds. Amend 1997, 350:1 by replacing PAU 02, 01, 06 for fiscal year 1999 with the following:

02 Admin of justice & public prtn

01 Judicial branch

06 Court security

10 Personal services - permanent

20 Current expenses

24 Maint. other than build. & grnds

30 Equipment new/replacement

11 Totals Adjusted; Court Security Funds. Amend PAU 01, 04, 01, 06 as inserted by 1997, 350:1 by replacing the estimated source of funds and totals for fiscal year 1999 with the following:

Total	9,461,320
Estimated source of funds for Court facilities	
01 Transfers from other agencies	9,234,694
09 Agency income	226,626
Total	9,461,320

12 Effective Date.

I. Section 4 of this act shall take effect July 1, 1999.

II. The remainder of this act shall take effect January 1, 1999.

AMENDED ANALYSIS

This bill makes the county sheriffs, through their deputies and bailiffs, responsible for providing adequate security in all state courts, except the supreme court. The bill abolishes judicial employee positions, except for court security officer positions at the supreme court, and transfers funds for fiscal year 1999 for this purpose. The bill increases, as of July 1, 1999, the rate of state reimbursement, within available funds appropriated by the legislature, to sheriffs and counties for providing such security services.

Adopted.

Rep. DeStefano yielded to questions.

Report adopted and ordered to third reading.

Reps. Christie and Perkins declared conflicts of interest and did not participate.

HB 587-FN, relative to the system benefits charge. OUGHT TO PASS WITH AMENDMENT

Rep. Arthur P. Klemm, Jr. for Finance: This bill establishes a capped system benefits charge for energy efficiency programs, new renewable programs and programs for low-income customers as part of the electric deregulation process. The amendment caps the low-income program at 1.5 mills until June 30, 2003, when the legislature will have to reinstate the authority of the PUC to impose such a charge. The low-income program will generate approximately \$13.2 million from rate payers and the committee felt that the program should be reviewed to make sure that the low-income charge was accomplishing what we intended it to do. Vote 11-4.

Amendment (0581h)

Amend paragraph IV of section 1 of the bill by replacing it with the following:

IV. The establishment of the limitations set forth in this act are not intended to set any precedent or to prejudice what, if any limits should be placed on the system benefits charge beyond the initial years of competition.

Amend RSA 374-F:4, VIII as inserted by section 2 of the bill by replacing it with the following:

VIII.(a) The commission is authorized to order such charges and other service provisions and to take such other actions that are necessary to implement restructuring and that are substantially consistent with the principles established in this chapter. The commission is authorized to require that distribution and electricity supply services be provided by separate affiliates.

(b) *The system benefits charge referred to in RSA 374-F:3, VI shall be limited as follows:*

(1) *During the first year after competition is certified to exist pursuant to RSA 38:36, the portion of the system benefits charge due to energy efficiency programs, new renewable programs, and programs for low income customers shall not exceed 2.5 mills per kilowatt hour for any utility whose rates are at or above regional average as determined by the commission.*

(2) *During the second year after competition is certified to exist pursuant to RSA 38:36, the portion of the system benefits charge due to energy efficiency programs, new renewable programs, and programs for low income customers shall not exceed 3 mills per kilowatt hour for any utility whose rates are at or above regional average as determined by the commission.*

(c) *The portion of the system benefits charge due to programs for low income customers shall not exceed 1.5 mills per kilowatt hour. The authority of the commission to impose such a charge shall terminate on June 30, 2003.*

(d) *The limitations of the system benefits charge in subparagraph (b) shall not apply to any member controlled electric cooperative.*

(e) Targeted conservation and load management programs and incentives that are part of a strategy to minimize distribution costs shall be included in the distribution charge, and not included in a system benefits charge.

(f) Beginning in 1999, the commission shall submit a report to the legislative oversight committee on electric utility restructuring by October 1 of each year. The report shall concern the results and effectiveness of the system benefits charge.

AMENDED ANALYSIS

This bill establishes limits on the amount of system benefits charge that may be assessed during the initial years of retail electric competition and prohibits the use of the charge for programs for low income customers after July 1, 2003. This bill also requires the public utilities commission to submit an annual report on the systems benefit charge.

Adopted.

Report adopted and ordered to third reading.

HB 651-FN-L, relative to electric rate reduction financing. OUGHT TO PASS WITH AMENDMENT

Rep. Arthur P. Klemm, Jr. for Finance: This bill authorizes the Public Utilities Commission to use securitization, a kind of ratepayers' guarantee, to buy down a maximum of six wood-to-energy plant rate orders. The cost of these PUC-approved rate orders are already in today's electric rates. The rate orders were approved pursuant to state and federal laws that mandated the purchase of electricity from independent producers. With securitization, PSNH ratepayers will save about \$60 million on the one PUC-approved rate order buydown, and if the other five are authorized by the PUC, the total present value savings to PSNH ratepayers would be almost \$160 million. In the absence of this legislation, the rate order buydowns cannot be completed and ratepayer savings will be lost. Customers will continue to pay the higher costs of wood-to-energy power in today's rates. The securitization authorized in this bill applies only to the six proposed wood-to-energy plant buydowns. Any further use of this financing technique must be approved in subsequent legislation. The Committee amendment makes clear that securitization shall not constitute a pledge of the full faith and credit of the state or its political subdivisions. The Committee amendment also makes clear that the PUC shall hold an evidentiary public hearing before proceeding with any securitization. Vote 18-2.

Amendment (0459h)

Amend RSA 369-A:3, I as inserted by section I of the bill by replacing it with the following:

I. The commission is authorized, after conducting a public evidentiary hearing in conformance with due process standards, to issue one or more finance orders pursuant to which rate reduction bonds shall be issued, if the commission finds that the issuance of such finance order or finance orders is consistent with the public good and will result in significant net savings for ratepayers.

Amend RSA 369-A:3 as inserted by section I of the bill by inserting after paragraph VI the following new paragraph:

VII. Rate reduction bonds issued pursuant to finance orders adopted by the commission under the provisions of this chapter shall not constitute a debt or liability of the state or of any political subdivision thereof, other than the financing entity, and shall not constitute a pledge of the full faith and credit of the state or any of its political subdivisions, other than the financing entity, but shall be payable solely from the funds provided therefor pursuant to the provisions of this chapter.

Adopted.

Report adopted and ordered to third reading.

Reps. Crowell and Joseph Foster declared conflicts of interest and did not participate.

HB 707-L, relative to municipal taxation of telecommunications poles and conduits. OUGHT TO PASS

Rep. Charles L. Vaughn for Finance: RSA 72:8 is the statute that allows municipalities to tax fixtures of all kinds and descriptions that belong to electric and gas companies. Almost 100 years old, the law's taxing provisions are a significant part of some communities' tax base. Electric companies are challenging the fairness of the law and seeking tax abatements from municipalities because their property is taxed but not the utility property which belongs to telephone companies. This bill removes this risk by eliminating inconsistencies in the law and permits municipalities to tax all poles and

conduits regardless of ownership. Studied for over a year, amended to protect municipalities, the bill was passed by the House on a voice vote and sent to the Finance Committee. The Finance Committee voted to ensure the protection of municipalities to tax all poles and conduits ignoring ownership. The Committee recognizes that this bill adds a burden on certain telecommunications service providers, upsetting the tax equity plan worked out by the legislature in 1990. Vote 19-0.

Adopted and ordered to third reading.

Rep. Joseph Foster declared a conflict of interest and did not participate.

HB 1403-FN-A, increasing the personal needs allowance of nursing home residents and certain other residents and making an appropriation therefor. INEXPEDIENT TO LEGISLATE

Rep. William S. Belvin for Finance: The bill raises the amount of personal allowance of Medicare nursing home residents from \$40 to \$60 per month. However, it excludes those Medicare persons who are in residential care facilities from the increase. Because of this inequity the Department of Health and Human Services (HHS) opposed the bill as drafted. The committee is supportive of an increased allowance as is HHS, but such an increase needs to be crafted within the context of total state reimbursement to both nursing homes and residential care facilities to not jeopardize their limited and regulated revenues, and on an equitable basis for all residents. The bill would require increased general fund expenditures of \$459,203 and increased county expenditures of \$604,117. These issues can best be dealt with in the next budget. Vote 13-6.

Adopted.

HB 1581-FN-A-L, relative to the payment of school building aid. INEXPEDIENT TO LEGISLATE

Rep. O. Alan Thulander for Finance: This bill deals with school building aid. A joint legislative committee was formed last session to address the myriad of issues affecting this program. The Committee expects that current legislation extending the reporting date to November 1, 1998 will be enacted. The Finance Committee feels that in view of the uncertain status of the Claremont II solution it is appropriate to await the report of the joint legislative committee. Vote 16-2.

Adopted.

SPECIAL ORDER

Rep. Emerton moved that **HB 1117**, repealing the needle exchange program, be made a Special Order for the first order of business after the lunch recess.

Adopted.

REGULAR CALENDAR (CONT'D.)

HB 1407, clarifying the unlawful practice of medicine. OUGHT TO PASS WITH AMENDMENT

Rep. Alice Z. Calvert for Health, Human Services and Elderly Affairs: This bill will clarify those who can use the title "physician". RSA 329 is the medical practice act which licenses people who are graduates of accredited medical schools. Other professional groups, i.e. chiropractors, dentists, naturopaths, ARNPs, veterinarians, have title by statute. "Physician" is referred to in over 100 RSAs in New Hampshire, thus the need to clarify titles. Vote 11-7.

Amendment (0364h)

Amend RSA 329:24 as inserted by section 1 of the bill by replacing it with the following:

329:24 Unlawful Practice. Whoever, not being licensed or otherwise authorized according to the law of this state, shall advertise oneself as practicing medicine, or shall practice medicine, according to the meaning of RSA 329, or in any way hold oneself out as qualified so to do, *or call oneself, or allow oneself to be called a "physician" or "surgeon" or use any physician's insignia*, or whoever does any such acts after receiving notice that such person's license has been revoked, shall be guilty of a misdemeanor for the first offense; and for any subsequent offense, the person shall be guilty of a misdemeanor if a natural person, or guilty of a felony if any other person.

Adopted.

Report adopted and ordered to third reading.

HB 1563, prohibiting physicians from prescribing or administering cannabis-type drugs. OUGHT TO PASS WITH AMENDMENT

Rep. Alphonse A. Haettenschwiller for Health, Human Services and Elderly Affairs: The amendment to this legislation changed the bill from an outright repeal of Section RSA 318-B:10, VI

permitting physicians to use cannabis-type drugs for certain treatments to deleting a phrase which restricted this treatment only to cancer patients. All involved, including the sponsor, agreed this change was appropriate. Vote 18-0.

Rep. Emerton moved Re-commit to Committee and spoke in favor.

Adopted.

CACR 31, relating to the rulemaking authority of the supreme court. Providing that supreme court rules are effective only when not inconsistent with statute. **OUGHT TO PASS**

Rep. Alf E. Jacobson for Judiciary and Family Law: CACR 31 addresses the most controversial amendment adopted by the people in many years from the perspective that people may have misunderstood its impact. An earlier effort was made by the Constitutional Convention of 1984 to add five words that were similar to the eight words now added at the end of Part II, Article 73-a by this CACR. The 1984 effort failed by a vote of 130 to 189; still the controversy boils. To give another chance to the people to affirm the earlier 1978 amendment or change the constitution seems an appropriate and reasonable way to bring resolution to a long standing controversy. Vote 10-6.

Rep. Pfaff moved Re-commit to Committee and spoke in favor.

Adopted.

CACR 32, relating to amending the New Hampshire constitution to provide that registers of probate be appointed instead of elected. Providing that registers of probate shall be appointed instead of elected. **MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Susan J. Clay for the Majority of Judiciary and Family Law: The committee supports changing the constitution to provide for the appointment of registers of probate. Registers of probate are the clerks of the probate court and are the only elected officials in the entire judicial branch. They handle complex administrative functions and procedures for the probate courts in each county. The Fairbanks case clearly demonstrated that election of people who are entrusted with purely administrative tasks does not necessarily yield desirable outcomes. The committee believes that it would provide more uniformity and accountability to have the registers appointed in the same manner as the clerks of court. Representatives of the court have testified that current registers would be grandfathered in. Vote 14-6.

Rep. Paul M. Mirski for the Minority of Judiciary and Family Law: There is no practical reason to change the present system of electing registers of probate. The performance of elected registers of probate has, in general, been more than acceptable. The procedure of electing registers of probate insures regular and reoccurring opportunity to review performance and to reject those individuals who have failed to perform their duties properly. Proponents of appointing registers of probate would place the position under the thumb of a judge of probate who is a lifetime appointee. Passage of this CACR would pull a curtain around the activities of the register's office to the disadvantage of the general public's right to know.

Rep. Desrosiers spoke against.

Rep. McCann spoke against and yielded to questions.

Rep. Keans spoke in favor and yielded to questions.

On a division vote, 151 members having voted in the affirmative and 183 in the negative, the majority report failed, lacking the Constitutionally required three-fifths.

Rep. McCann moved Ought to Pass with Amendment and offered a floor amendment.

Floor Amendment (0738h)

Amend the title of the resolution by replacing it with the following:

RELATING TO: requiring the election of probate judges every 2 years.

PROVIDING THAT: beginning in 1999, probate judges shall be elected every 2 years.

Amend the resolution by replacing all after the resolving clause with the following:

I. That article 80 of the second part of the constitution be amended to read as follows:

[Art.] 80. [Jurisdiction and Term of Probate Courts; *Election of Probate Judges.*] All matters relating to the probate of wills, and granting letters of administration, shall be exercised by the judges of probate, in such manner as the legislature have directed, or may hereafter direct: And the judges of probate shall hold their courts at such place or places, on such fixed days, as the convenience of the people may require; and the legislature from time to time appoint. *Beginning in 1999, and every 2 years thereafter, probate judges shall be elected by the inhabitants of the several towns in the several counties in the state, according to the method now practiced, and the laws of the state.*

II. That the above amendment proposed to the constitution be submitted to the qualified voters of the state at the state general election to be held in November, 1998.

III. That the selectmen of all towns, cities, wards and places in the state are directed to insert in their warrants for the said 1998 election an article to the following effect: To decide whether the amendments of the constitution proposed by the 1998 session of the general court shall be approved.

IV. That the wording of the question put to the qualified voters shall be:
Are you in favor of amending the Constitution to provide that *beginning in 1999, and every 2 years thereafter, probate judges shall be elected by the citizens of this state according to the method now practiced?*

V. That the secretary of state shall print the question to be submitted on a separate ballot or on the same ballot with other constitutional questions. The ballot containing the question shall include 2 squares next to the question allowing the voter to vote "Yes" or "No." If no cross is made in either of the squares, the ballot shall not be counted on the question. The outside of the ballot shall be the same as the regular official ballot except that the words "Questions Relating to Constitutional Amendments proposed by the 1998 General Court" shall be printed in bold type at the top of the ballot.

VI. That if the proposed amendment is approved by 2/3 of those voting on the amendment, it becomes effective when the governor proclaims its adoption.

AMENDED ANALYSIS

This constitutional amendment concurrent resolution provides that, beginning in 1999, probate judges shall be elected every 2 years.

Rep. McCann spoke in favor.

Rep. Pfaff spoke against and yielded to questions.

The floor amendment failed.

On a division vote, 87 members having voted in the affirmative and 249 in the negative, Ought to Pass failed.

Rep. Pfaff moved Inexpedient to Legislate.

Adopted.

RECESS

(Speaker Sytek in the Chair)

Rep. Mirski requested a quorum count. The Speaker declared a quorum present.

SPECIAL ORDER

HB 1117-L, repealing the needle exchange program. **INEXPEDIENT TO LEGISLATE**

Rep. Alphonse A. Haettenschwiller for Health, Human Services and Elderly Affairs: The majority of the committee felt that repeal of the needle exchange legislation was not appropriate at this time, since it was only passed last year and took effect on January 1, 1998. Vote 13-3.

Rep. Frances Riley spoke against.

Rep. Emerton spoke in favor.

Rep. Frances Riley requested a roll call; sufficiently seconded.

The question being the adoption of the report.

REGULAR CALENDAR (CONT'D.)

CACR 37, relating to administration of the courts. Providing that there shall be an independent administrative office of the courts. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Marjorie K. Smith for the Majority of Judiciary and Family Law: This CACR would transfer from the judicial to the legislative branch the power to manage the judiciary. The committee acknowledges the delicate balance that must be maintained among the three separate branches and concludes that the judiciary must have the right to manage the judiciary. The committee also notes that membership on both the Professional Conduct Committee and the Judicial Conduct Committee includes non-lawyers and that recent changes in law have eased secrecy requirements that limited public access to information about the operation of the judiciary. Vote 15-3.

Rep. Paul M. Mirski for the Minority of Judiciary and Family Law: The administrative obligation imposed upon the justices of the New Hampshire Supreme Court on the adoption of Article 73-A of New Hampshire's Constitution, adopted in the interest of streamlining the operation of the state court system, has created a plethora of conflicting interests within the state's judicial system beginning with the justices of the supreme court themselves. Fundamentally, the justices of the supreme court are obligated to administrate the activities of the minions below them, and then impartially adjudicate the affairs of those same individuals. The constitutional requirement for impartiality, under the present arrangement, is impossible to achieve. The constitutional conflicts caused by the present structure needs to be resolved. Creating an independent administrative office of the courts would free the justices from conflicts of interest and resolve the present constitutional problem which exists.

Rep. Mirski spoke against.

Rep. Marjorie Smith spoke in favor.

Majority report adopted.

HB 1268, prohibiting an attorney who is a director of a bank from holding client trust accounts in such bank without the permission of the client and the probate court. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Terence R. Pfaff for the Majority of Judiciary and Family Law: The majority of the committee did not see the need for a automatic conflict of interest presumption. Vote 12-5.

Rep. Paul M. Mirski for the Minority of Judiciary and Family Law: This bill simply seeks to remove the conflict of interest which exists when a bank director, acting on behalf of stockholders, can potentially violate the interest of those individuals who he represents as fiduciaries when those individuals' trust accounts are held in the same bank.

Majority report adopted.

SPECIAL ORDERS

HB 1587-FN, creating the woman's right to know law. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Andrew R. Peterson for the Majority of Judiciary and Family Law: The majority of the committee found this bill to have implications which go well beyond the stated intent of its sponsors. We questioned if, as a practical matter, it would be possible for a doctor to perform an abortion in

New Hampshire should this bill become law, as it so greatly expands liability for those performing this constitutionally protected procedure. The bill states, among other things, that a pre-abortion interview and consultation should be videotaped and shifts the standard of proof in a resulting dispute to place the preponderance of the burden on the physician as defendant. This bill, which the majority believes to be poorly drafted and conceived, will likely lead to unnecessary litigation and constitutional challenges if passed into law. Vote 13-2.

Rep. Thomas M. Colburn for the Minority of Judiciary and Family Law: It is inconceivable to the minority of the committee why any person, pro-choice or pro-life, would object to requiring that a pregnant woman be fully informed of all her options with respect to her pregnancy.

Rep. Mary Brown spoke against.

Rep. Peterson spoke in favor.

Rep. Mary Brown requested a roll call; sufficiently seconded.

The question being the adoption of the majority report.

and the majority report was adopted.

Reps. Bergin and Griffin did not vote and wished to be recorded in favor.

HB 1342, allowing members of the house of representatives and senate to take courses at no cost, and for no credit at any state institution of higher education. **INEXPEDIENT TO LEGISLATE** Rep. Robert L. Wheeler for Legislative Administration: This bill would allow members of the House and Senate to take courses at no cost and for no credit at state institutions of higher education. At a time when the costs of higher education are rapidly increasing and available scholarship and loan funds are not keeping pace, it did not seem fair to allow legislators to take the same courses at no cost. For that reason, the committee recommended that this bill be found inexpedient to legislate. Vote 12-1.

Rep. Burke spoke against and yielded to questions.

Rep. Wheeler spoke in favor and yielded to questions.

Rep. MacGillivray requested a roll call; sufficiently seconded.

The question being the adoption of the report.

and the report was adopted.

REGULAR CALENDAR (CONT'D)

HB 1418-FN-L, prohibiting gambling activities within one mile of a school. **INEXPEDIENT TO LEGISLATE**

Rep. Stephen G. Avery for Local and Regulated Revenues: While limiting youth gambling is a desirable objective the committee shared with the sponsor, this bill is not the answer. Ticket sales are now illegal to minors. Testimony from the Sweepstakes Commission indicated that this bill could result in a 50% reduction in sales impacting small stores and state revenues. Vote 12-5.

Rep. Katherine Rogers spoke against and yielded to questions.

Rep. Hess spoke in favor and yielded to questions.

Adopted.

HB 1404, establishing the fishing family protection act, prohibiting political subdivisions from interfering with commercial and recreational operations of fishing families. **INEXPEDIENT TO LEGISLATE**

Rep. Joseph E. Stone for Municipal and County Government: The committee fully supports the New Hampshire commercial fishing industry. Unfortunately, this bill is not about fishing. This is a zoning issue. Portsmouth regretted very much having to address this issue in zoning. In fact, in its revised Master Plan approved as recently as October 30, 1995, Portsmouth demonstrated a sympathetic and supportive approach to commercial fishing interests that have been part of their community for over 350 years. This bill was brought forth because of a zoning situation in Portsmouth. The party involved, although grandfathered, chose not to seek legal advice and did not appeal the local zoning board of adjustment's denial of the request for a variance. For us as legislators to pass this bill would in effect take away the home rule the voters of Portsmouth enacted when they supported Article II Section 10-206 of the Portsmouth Zoning ordinance. Vote 14-1.

Adopted.

Rep. Cushing wished to be recorded against.

HB 1100-FN, relative to the design and construction of a new medium security prison in Berlin and removing the population cap and closing date for the lakes region department of corrections facility. **OUGHT TO PASS WITH AMENDMENT**

Rep. Katherine D. Rogers for Public Works and Highways: This bill authorizes the Division of Public Works, Department of Transportation and the Department of Corrections to develop and issue a request for proposals for design and construction of a 500-bed medium security prison to be located in Berlin. HB 1100 would require that competitive bidding requirements would include, but not be limited to: * Construction shall begin no later than August 15, 1998, and be completed and ready for occupancy within 30 months; * Bidders shall demonstrate experience in similar corrections projects; * The successful bid shall not be based on cost alone; * The facility shall be constructed with a capacity of 500 beds, and infrastructure, administrative, and support services capable of accommodating future expansion to 1000 beds. This bill also authorizes the Commissioner of Corrections to es-

tablish two additional halfway houses and appoint ten additional probation and parole officers. Lastly, this bill removes the population cap on, and the July 1, 1998 closing date for, the Lakes Region Department of Corrections facility. The committee looked at the corrections needs for the state of New Hampshire as a total picture. The committee studied both construction and operating costs of locating a new facility in Berlin, as well as the department's needs for additional halfway houses to better manage New Hampshire's inmate population. While some additional operating costs could be incurred locating in the northern part of the state, these costs are minimal over time and would be offset by the economic development pluses to this region. Construction costs would be no different, and by moving the project to a "design-build" strategy will not only serve to fast track construction, but could offer substantial cost savings. The committee considered and overwhelmingly defeated an amendment inserting a time certain closure for the Lakes Region Department of Corrections facility. The committee was convinced this facility provided a much needed and praised program and facility to the state, and providing for its closing is not appropriate at this time. If the Legislature determined the closure of this facility was to be accomplished, it would need to appropriate funds for and site a replacement facility at the same time. Vote 19-0.

Amendment (0649h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the design and construction of a new medium security prison in Berlin, removing the population cap and closing date for the lakes region department of corrections facility, and authorizing the department of corrections to establish 2 additional halfway houses and appoint additional probation and parole officers.

Amend paragraphs I and II as inserted by section 1 of the bill by replacing them with the following:

I. The division of public works, department of transportation and the department of corrections shall develop and issue a request for proposals from experienced and qualified construction firms for design and construction of a medium security prison in Berlin.

II. Competitive bidding requirements shall include, but not be limited to, the following:

(a) Construction shall begin no later than August 15, 1998 and be completed and ready for occupancy by the department of corrections within 30 months of the commencing of such construction.

(b) Bidders shall demonstrate experience in similar corrections projects.

(c) While full consideration shall be given to the project cost structure, the successful bid shall not be based on cost alone.

(d) The facility shall be constructed with a capacity of 500 beds, and infrastructure, administrative, and support services space capable of accommodating future expansion to 1000 beds.

Amend the bill by replacing all after section 2 with the following:

3 Halfway Houses; Probation and Parole Officers. The commissioner of corrections is authorized to establish 2 additional halfway houses and to appoint 10 additional probation and parole officers, within the limits of funds already appropriated.

4 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill authorizes the division of public works, department of transportation and the department of corrections to develop and issue a request for proposals for design and construction of a 500-bed medium security prison. The bill establishes certain criteria for the bidding process.

The bill removes the population cap on and the July 1, 1998 closing date for the lakes region department of corrections facility.

The bill also authorizes the commissioner of corrections to establish 2 additional halfway houses and appoint 10 additional probation and parole officers, within the limits of funds already appropriated.

Adopted.

Rep. Vaillancourt offered a floor amendment.

Floor Amendment (0639h)

Amend the bill by replacing section 2 with the following:

2 Population Cap and Closing Date on Lakes Region Department of Corrections Facility Removed. Notwithstanding the provisions of 1991, 351:27, the population cap of 300 at the lakes region department of corrections facility may be exceeded up to a population of 500 and the authority to operate the facility shall extend beyond July 1, 1998 to December 31, 2001.

AMENDED ANALYSIS

This bill authorizes the expenditure of funds appropriated for preliminary design of expanded correctional facilities in the 1995 capital budget and extended in the 1997 capital budget for the design and planning of a new medium security prison in Berlin. The bill authorizes the division of public works and highways, in consultation with the department of corrections, to solicit requests for proposals for design and construction of the new facility. The bill also removes the population cap on and changes the closing date for the lakes region department of corrections facility from July 1, 1998 to December 31, 2001.

Reps. Vaillancourt and Rosen spoke in favor.

Reps. Katherine Rogers and Gene Chandler spoke against and yielded to questions.

Rep. Vaillancourt requested a roll call; sufficiently seconded.

The question being the adoption of the floor amendment.

and the floor amendment failed.

Rep. Vaillancourt requested that the question be divided. The Speaker ruled that the question was divisible.

The question now being the adoption of section 2 of the bill.

Rep. Vaillancourt requested a roll call; not sufficiently seconded.

Section 2 was adopted.

The remainder of the bill was adopted.

Referred to Finance.

HB 1141-FN-A, relative to a design study for conversion of the Walker building on the New Hampshire hospital grounds and making an appropriation therefor. **OUGHT TO PASS WITH AMENDMENT**

Rep. Leon Calawa, Jr. for Public Works and Highways: Once the committee became aware of new leases for the Sweepstakes Commission (24,300 square feet @ \$331,209 per year) and Revenue Administration (40,000 square feet @ \$495,200 per year), it seemed economically desirable to continue to rehabilitate vacant buildings, especially on the old state hospital grounds. Renovations to the Brown building are running \$63.00 per square foot. Further examples show that renovations to the Spaulding building are 60% less than the new Fish and Game headquarters, 70% less than the Department of Safety, and 60% less than the new office building at the Supreme Court. The amendment eliminates any new appropriation and transfers unexpended capital project funds from the Department of Health and Human Services. Vote 17-0.

Amendment (0376h)

Amend the bill by replacing all after the enacting clause with the following:

1 Appropriation; Study and Schematic Design; Walker Building Conversion to Office Space. The sum of \$150,000 is appropriated to the department of administrative services for the fiscal year ending June 30, 1999, for the purpose of funding the design study and schematic plan development for conversion of the Walker building to an office complex.

2 Transfer of Funds From Department of Health and Human Services. To provide funds for the appropriation in section 1 of this act, the commissioner of the department of health and human services shall transfer the sum of \$150,000 from the appropriation made in 1995, 310:191, as amended by 1997, 349:31, as extended by 1997, 349:34, XXXVII and as amended by this act to the commissioner of the department of administrative services for the purpose of funding the design study and schematic plan development for conversion of the Walker building.

3 Walker Building Design Study and Plan Added. Amend 1995, 310:191, as amended by 1997, 349:31 to read as follows:

310:191 Department of Health and Human Services; Acute Psychiatric Services Building Renovation; M & S Building; Thayer Building; Walker Building Design Study and Plan; Appropriation. The sum of \$2,800,000 is hereby appropriated to the department of health and human services for the design and renovation of, and purchase of equipment and furnishing for the B-wing of the acute psychiatric services building and furnishings, painting, safety features and other patient-required improvements in the M & S Building and the Thayer Building for the use of psychiatric nursing home services, and for the Walker building design study and plan. This appropriation is in addition to any other funds appropriated to the department of health and human services.

4 Lapse Extension. Amend RSA 1997, 349:34, XXXVII to read as follows:

XXXVII. The appropriation made to the department of health and human services by 1995, 310:191, as amended by section 31 of this act, for design and renovation of APS-B-wing, M and S building, [and] Thayer building safety improvements, and Walker building design study and plan.

5 Effective Date. This act shall take effect July 1, 1998

AMENDED ANALYSIS

This bill makes an appropriation to the department of administrative services for the purpose of funding a design study and schematic plan development for conversion of the Walker building to an office complex. Funds for the appropriation shall be transferred by the commissioner of health and human services from unexpended funds from a prior capital appropriation relating to the New Hampshire hospital.

Adopted.

Report adopted and ordered to third reading.

HB 1494, relative to public/private department of transportation partnership projects. **INEXPEDIENT TO LEGISLATE**

Rep. Steve Vaillancourt for Public Works and Highways: After a motion of Refer to Committee for Interim Study failed by a 9-9 vote, the committee decided that this bill presented too many concerns to pass at this time. Some believed the bill could lead to a patchwork of toll roads and even toll exits. Others felt the bill represented a move toward the dangerous precedent of the state abandoning the responsibility of road construction. It was also noted that by the time new federal monies (to replace the Intermodal Surface Transportation Efficiency Act (ISTEA) formula) are forthcoming later this year, the time for interim study will have expired. The Department of Transportation opposed the bill but left open the possibility that with a good deal of reworking, it could be reintroduced at some future time. The sponsors are encouraged to work on this concept with the Department of Transportation and present more detailed legislation next year. Vote 10-8.

Adopted.

HB 1341, relative to temporary seasonal docks on lakes and ponds. **OUGHT TO PASS WITH AMENDMENT**

Rep. David D. Kibbey for Resources, Recreation and Development: This bill exempts temporary seasonal docks on lakes and ponds from the excavating and dredging permit requirement. This bill establishes criteria as to maximum size, distance from property lines, minimum frontage required,

and other important factors in order for one small dock to be exempt on the lake frontage. This bill was supported by Department of Environmental Services and the Attorney General's Office and will relieve a large population of property owners as well as DES from unnecessary paperwork and enforcement. A second amendment which would require registration of these docks failed in committee and will be taken up in HB 1426. Vote 9-6.

Rep. Royce moved Re-commit to Committee, spoke in favor and yielded to questions.

Rep. Merritt spoke in favor.

Adopted.

HB 1106-FN, relative to special deer permits. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Michael S. Rollo for the Majority of Wildlife and Marine Resources: This bill amends a 1994 law which allowed the executive director to issue special deer permits in certain areas of the state over-populated with deer. The amended version would permit the fish and game department to charge a fee not to exceed \$10 for applications. In 1997, there were 1,500 requests for 400 permits issued on a first come-first serve basis. Substantial additional funds could be generated by charging for the applications as has been done with the moose lottery. The committee felt that a lottery was the fairest way to issue these special permits and that these additional funds could be used for deer related activities within the agency. The amendment changes the effective date to "upon passage" to accommodate the 1998 season. The majority feels this is, in fact, a fair and viable tool to effectively manage a growing and healthy deer population. Vote 12-3.

Rep. Dennis F. Abbott for the Minority of Wildlife and Marine Resources: Allowing the executive director of the fish and game department the authority to utilize a lottery system to control a growing deer population is, at best, both ineffective and unfair to the majority of license holders. It is questionable to limit opportunities for many while conducting a lottery benefiting few. Providing 400 additional permits in Area M last year, without a lottery, resulted in the taking of 24 deer (a 6% success rate for the hunters and 94% for the deer). The minority feels there are better management options available to cope with an expanding deer herd in some areas than resorting to a lottery system.

Amendment (0373h)

Amend the bill by replacing section 2 with the following:

2 Effective Date. This act shall take effect upon its passage.

Adopted.

Majority report adopted and referred to Finance.

HB 1432-FN, relative to hunting and fishing licenses for certain disabled persons. **INEXPEDIENT TO LEGISLATE**

Rep. Ronald J. Nowe for Wildlife and Marine Resources: This bill would have issued a free hunting and fishing license to any person who "is suffering from the loss of, or the loss of the use of" one leg. Presently, persons who have lost both legs or are suffering from paraplegia are issued free licenses. Free licenses are issued to totally and permanently disabled resident and nonresident veterans. There are other special considerations for issuance of certain permits for other disabilities. The committee felt that with today's state of the art prosthetics, coupled with the director's ability to issue certain "special exception" permits, that this bill was not necessary. Vote 10-0.

Adopted.

HB 1473-FN-A, establishing a wildlife damage control program and making an appropriation therefor. **OUGHT TO PASS**

Rep. Henry P. Mock for Wildlife and Marine Resources: This proposed legislation is the result of a study by the Animal Damage Control Commission established by HB 706, Chapter 60:1, Laws of 1997. This legislation would focus animal damage control on prevention instead of payment for lost crops. The study commission, this bill, and the Wildlife Committee recommends a three tiered response to animal damage control. The first is education prior to damage being done, the second is a 50/50 cost sharing program for fencing materials for commercial growers, and the third tier is the issuance of depredation permits to eliminate the nuisance animals. A Wildlife Damage Control Advisory Board is established to determine on an annual basis the recipients of fencing materials moneys for each year. An appropriation of \$62,500 from the general fund is requested as matching

funds for the cost/share fencing program. State funds, rather than sportsmen's funds, because the committee felt that wildlife, for the bad as well as the good, for riches or poorer, belong to ALL the citizens of New Hampshire, not exclusively to hunting and fishing license buyers. Vote 12-0. Adopted and referred to Finance.

HB 1275-FN, relative to training for marine patrol officers. **INEXPEDIENT TO LEGISLATE**
Rep. Bruce F. Hunter for Criminal Justice and Public Safety: This bill as introduced would have allowed a reduction of required hours for marine patrol certification from 100 hours to 80 hours. The goal was to allow more emphasis on training solely for marine patrol activities. The modules on motor vehicle laws would likely be dropped. In an agreement with the sponsors and the transportation committee, this bill will be incorporated into HB 1605 which sets up a study committee on the marine patrol. There will be a member from the criminal justice and public safety committee appointed to this study committee. The committee feels this bill is unnecessary. Vote 12-1.

Rep. David Welch spoke against.

The report failed.

Rep. David Welch moved Ought to Pass with Amendment and offered a floor amendment.

Floor Amendment (0779h)

Amend the bill by replacing all after section 1 with the following:

2 Prospective Repeal. RSA 188-F:26, III-a, relative to training standards for temporary, seasonal marine patrol officers, is repealed.

3 Effective Date.

I. Section 1 of this act shall take effect 60 days after its passage.

II. Section 2 of this act shall take effect November 1, 2001.

Reps. David Welch and Whalley spoke in favor.

Adopted.

Report adopted and ordered to third reading.

RECONSIDERATION

Having voted on the prevailing side, Rep. Wheeler moved that the House reconsider its action whereby it adopted the committee report of Ought to Pass and referred to Finance **HB 1473-FN-A**, establishing a wildlife damage control program and making an appropriation therefor, and spoke in favor.

Reconsideration prevailed and the question was the adoption of the Committee report of Ought to Pass.

Rep. Akins spoke against the Committee report.

Rep. Mock spoke in favor and yielded to questions.

On a division vote, 255 members having voted in the affirmative and 50 in the negative, the report was adopted.

Referred to Finance.

REGULAR CALENDAR (CONT'D.)

HB 1584, relative to the applicability of the youth access to and use of tobacco products law. **INEXPEDIENT TO LEGISLATE**

Rep. Susan B. Durham for Education: Last session, this legislature passed a law relative to youth access to tobacco which took effect on January 1, 1998. This legislation would change that law to allow adults to smoke 20 feet from a school facility during a non-school event such as a town meeting or a fund raiser, etc. The committee feels that it would be premature to change this law at this time. Vote 18-0.

Rep. Mirski spoke against.

Rep. Hunt spoke in favor and yielded to questions.

Adopted.

HB 1466-FN-A-L, relative to current use and the real estate transfer tax. **INEXPEDIENT TO LEGISLATE**

Rep. Donald R. Philbrick for Environment and Agriculture: Legislation would have a negative impact on the current use program which is working very successfully in the state of New Hampshire. The effectiveness of the current use board would become watered down with the addition of four representatives and one senator to the board. Also, many towns have voted at their town meet-

ings to use some or all of the moneys generated through land use change penalties to go to their conservation committee. This bill would eliminate that, taking away something people voted for at the local level. Vote 16-0.

Adopted.

Reps. Carlson, Edwin Smith and Turner declared conflicts of interest and did not participate.

HB 605-FN-L, relative to procedures regarding delinquent children under RSA 169-B. **OUGHT TO PASS WITH AMENDMENT**

Rep. O. Alan Thulander for Finance: This bill is a product of a two-year study by the Juvenile Justice Task Force which included representatives from the judicial system, law enforcement, community advocates and Department of Health and Human Services. The policy committee reviewed their findings over the summer. The bill more clearly defines diversion, intervention and parental responsibility. The amendment provides that juveniles who commit violations, currently addressed in the CHINS (children in need of services) laws, will now be addressed at the first offense level through the court diversion program at no cost to the state. Vote 19-0.

Rep. Kurk moved Re-commit to Committee and spoke in favor.

Adopted.

HB 606-FN-L, relative to procedures regarding children in need of services under RSA 169-D. **OUGHT TO PASS WITH AMENDMENT**

Rep. O. Alan Thulander for Finance: This bill originates from the same report as HB 605-FN-L. It clarifies CHINS procedures to require parents and children to become more accountable and thus more responsible. Since juveniles who commit violations are addressed in HB 605-FN-L, the amendment removes them from the CHINS laws. As a result this bill will have no fiscal impact. The prime sponsors of this bill and HB 605-FN-L concur in the Committee's approach Vote 19-0. Rep. Kurk moved Re-Commit to Committee.

Adopted.

SUSPENSION OF RULES

Reps. Kurk and Pfaff moved that the Rules be so far suspended as to permit final action after the deadline of **HB 605-FN-L**, relative to procedures regarding delinquent children under RSA 169-B and **HB 606-FN-L**, relative to procedures regarding children in need of services under RSA 169-D. Reps. Kurk and Pfaff spoke in favor.

Adopted by the necessary two-thirds.

CLERK'S NOTE

With less than two-thirds of the elected membership present, Part II, Article 20 of the state constitution requires the assent of two-thirds of those present and voting to take any action.

REGULAR CALENDAR (CONT'D.)

HB 1370, abolishing the judicial council. **INEXPEDIENT TO LEGISLATE**

Rep. Alf E. Jacobson for Judiciary and Family Law: No evidence was offered at the hearing that provided any reason to abolish the Judicial Council. Vote 18-0.

Rep. Hemon spoke against.

Rep. Jacobson spoke in favor.

On a division vote, 258 members having voted in the affirmative and 4 in the negative, the report was adopted by the necessary two-thirds.

HB 1505-FN, removing judges from the state defense and indemnification provisions. **INEXPEDIENT TO LEGISLATE**

Rep. Peter F. Bergin for Judiciary and Family Law: Testimony was given that if judges were removed from the provisions of RSA 99-D which allows state officers and employees to be defended by the attorney general and indemnified by the state, the judicial branch would have to hire an additional full-time staff attorney and support staff as well as purchase an indemnification policy that would cover each judge in the state. The Administrative Office of the Court estimates the cost of indemnification and a legal staff would cost the state \$429,000. Vote 15-1.

Rep. Mirski spoke against.

Rep. Kirby spoke in favor.

Adopted by the necessary two-thirds.

HB 1637-FN, repealing the requirement that the commissioner of the department of employment security maintain a state directory of new hires. **INEXPEDIENT TO LEGISLATE**

Rep. Susan J. Clay for Judiciary and Family Law: The committee heard compelling testimony from the Department of Employment Security office that repealing this bill, which was just passed in 1997, would lead to a huge financial penalty to New Hampshire employers. That penalty could exceed \$170 million dollars. The director also informed the committee that the process to report new hires is simple and has caused no problems for employers. He further testified that the security of all information in the computers is well guarded and safe from outside tampering. Vote 14-2.

Rep. Mirski spoke against.

Rep. Kirby spoke in favor.

Adopted by the necessary two-thirds.

CLERK'S NOTE

The constitutionally required two-thirds of the membership was declared present.

HB 1609, permitting municipal elections to be held on biennial election day. **INEXPEDIENT TO LEGISLATE**

Rep. Betsey L. Patten for Municipal and County Government: Traditionally local elections have not been held at the same time as state biennial elections. This bill would enable cities and wards elections (RSA 44:11) and town elections (669:1) to hold the balloting on the biennial election day. However, the committee felt a municipality has a local way to address the number of elections held. Vote 18-0.

Rep. Cloutier spoke against.

Rep. Patten spoke in favor.

On a division vote, 203 members having voted in the affirmative and 84 in the negative, the report was adopted.

HJR 21, requesting that the United States Congress return to the states the authority to regulate campaign finance. **OUGHT TO PASS**

Rep. Rita G. MacAuslan for State-Federal Relations and Veterans Affairs: The committee thanks the joint study committee for its thoughtful response to the need for campaign finance reform. We agree that there need to be restrictions on "soft money" and that the authority to regulate campaign finance revert to the states. Vote 11-1.

Rep. Edwin Smith spoke against.

The report failed.

Rep. Edwin Smith moved Ought to Pass with Amendment and offered a floor amendment.

Floor Amendment (0810h)

Amend the resolution by replacing the first paragraph after the resolving clause with the following:

That the general court of the state of New Hampshire hereby urges the United States Congress to take such actions as are necessary to return to the states the power to regulate campaign financing in connection with elections for the United States Senate and House of Representatives and to take immediate action to adequately regulate "soft money" donations to political committees of political parties; and

AMENDED ANALYSIS

This house joint resolution requests that the United States Congress adequately regulate "soft money" contributions and return to the states the authority to regulate campaign financing.

This house joint resolution is a result of the study committee established by 1997, 276.

Rep. Edwin Smith spoke in favor.

On a division vote, 196 members having voted in the affirmative and 89 in the negative, the floor amendment was adopted.

Report adopted and ordered to third reading.

SUSPENSION OF RULES

Reps. Wheeler and Burling moved that the Rules be so far suspended as to permit introduction, consideration and adoption, at the present time, of **HR 55**, urging timely responses to damage caused to forests by the ice storm of 1998, without the required referral to Committee, printing and notice of hearing.

Adopted by the necessary two-thirds.

Reps. Philbrick, Musler, Trelfa, Babson, Hall, Leighton Pratt and Marshall offered the following:

HOUSE RESOLUTION NO. 55

urging timely responses to damage caused to forests by the ice storm of 1998.

Whereas, the forests of New Hampshire are one of the state's most valuable natural resources, providing wood and timber products, wildlife habitat, recreational opportunities, clean air and water, and scenic vistas throughout the state; and

Whereas, there are more than 80,000 owners of forestland in New Hampshire; and

Whereas, the forest products industry is the third largest sector of the state's manufacturing economy, employing over 15,000 individuals and providing economic benefits to communities throughout the state; and

Whereas, the ice storm of January 1998 had a significant effect upon the forests of New Hampshire by damaging hundreds of thousands of acres of timberland; and

Whereas, the storm caused financial loss to landowners throughout the state estimated in the tens of millions of dollars; and

Whereas, the downed or damaged trees present long-term threats to the state's forests from increased danger of fire and insect and disease outbreaks; now, therefore, be it

Resolved by the House of Representatives:

That the New Hampshire house of representatives hereby urges landowners of the state to take all necessary and responsible actions to protect forests from future threats of fire and insect and disease outbreaks; and

That the New Hampshire house of representatives hereby urges municipalities to work closely with landowners, foresters, loggers, and arborists to provide for the removal of storm-damaged timber in a timely, efficient, and safe manner; and

That the New Hampshire house of representatives urges landowners of the state to utilize wood from the ice storm of 1998 in the state's biomass plants and pulpwood plants; and

That the New Hampshire house of representatives hereby commends the New Hampshire congressional delegation for their efforts to assure federal assistance to the state's landowners and forest industry in the form of low-interest loans and cost-share programs that encourage responsible land stewardship; and

That the New Hampshire house of representatives hereby encourages the New Hampshire congressional delegation to strive to provide tax incentives that recognize the economic loss suffered as a result of the ice storm of 1998; and

That copies of this resolution, signed by the speaker of the house of representatives, be forwarded by the clerk of the house of representatives to the President of the United States, the President of the United States Senate, the Speaker of the United States House of Representatives, to each member of the New Hampshire congressional delegation, and to the state library.

Rep. Teschner spoke in favor.

Adopted.

UNANIMOUS CONSENT

Reps. Goulet, Mirski, Laflam, Lovett and Dickinson addressed the House.

Rep. Lozeau moved that the remarks made by Rep. Lovett be printed in the Journal.

Adopted.

Rep. Lovett. Thank you, Madam Speaker. From the back bench, I want to speak on behalf of the person in the portrait, here, whose birthday it is today. I was a Republican once, in the state of Illinois where Mr. Lincoln served in the legislature for some years and then was the founder of the Republican Party in Illinois, the first banner carrier of the Republican Party in the presidential race of 1860. Those of us on the back bench think that this ought not to be lost over time. A product of three years of schoolroom education, self-educated, a person acquainted with sorrows and grief -

his mother died when he was, I think, seven or eight. He lost, as a father, three of his four children. His wife was certifiably, border-line insane and he lived with such grace in carrying that marriage relationship. He did not suffer fools gladly but he suffered with fools, three of whom in his cabinet thought they should have been elected president. General McClellan, coming home, after telling his wife that it was wonderful that he had been called to save the country, went upstairs even though the President was in the living room along with the Secretary of War. When word was sent up to McClellan that the President was waiting to see him, he said that he could wait until another day. Somehow, Lincoln had the capacity to not worry about the little indignities that people wanted to lay on him with humor, with caricature and in the cartoons, because he had a higher purpose. If people talk about his religion they are asking, perhaps, the wrong question. He never joined a church, but he attended many, studied the bible diligently and anyone who reads his speeches will know the cadence and the use of words which reflect the biblical understanding. But, I would point out that his faith was such that he believed that the Divine was in the midst of history and perhaps we are missing that from time to time. We somehow want to separate out and place the Divine in special pockets or in special formuli. Lincoln was probably our only President who spent his time deeply in concern for what would be the will of the Divine in the given situations of the moment. Before the Declaration of Emancipation in September of 1862, that was the result of a prayer that he had offered saying that if God would give him a victory in battle that then he would in his turn provide the declaration, and the Battle of Antietam which was a bare victory, hardly a full victory, but enough to provoke the President and to bring his Cabinet together and to respond with the Declaration. I just simply think we should honor the great man. We should try to emulate him and we should spend, perhaps, the weekend not only rejoicing in Valentine's Day, but also in one of our most distinguished Presidents. Thank you.

RECONSIDERATION

Having voted on the prevailing side, Rep. Melcher moved that the House reconsider its action whereby it voted **HB 1576-FN-A**, permitting the development of an industrial hemp industry in New Hampshire and continually appropriating a special fund, Inexpedient to Legislate and spoke against. Reconsideration failed.

RESOLUTION

Rep. Wheeler offered the following: **RESOLVED**, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet Wednesday, February 18, 1998 at 10:00 a.m. Adopted.

LATE SESSION

Third reading and final passage

HB 1125, repealing laws relative to trading stamp companies and solar equipment warranties.

HB 1128-FN, relative to space heaters.

HB 1279-FN-L, relative to the procedures for vacating uninhabitable or unsafe buildings.

HB 1515-FN, relative to discharge of persons imprisoned for failure to pay a penalty assessment or an administrative fee.

HB 1553-FN, prohibiting the possession or use of rohypnol, ketamine, and GHB.

HB 1592-L, relative to the enhanced 911 data base.

HB 1159, establishing a committee to study strategies for increasing parental involvement in public education.

HB 1169-L, clarifying the authority of the ballot law commission relative to the examination of programs used to count votes.

HB 630-FN-L, relative to additional voluntary contributions to provide for early retirement by members of the retirement system.

HB 747-FN-A, establishing a wildlife habitat stamp or license for persons engaged in taking wild animals or birds and continually appropriating the funds for wildlife habitats.

HB 784-FN-L, relative to changing the amount of estimated expenditures per pupil beyond which the department of education is liable for the cost of school district borrowing.

- HB 1249**, requiring budget line item appropriations for individual and departmental dues to national and regional organizations paid from state resources.
- HB 1627**, relative to deposits with the state treasurer of amounts due certain stockholders and creditors on the dissolution of a corporation.
- SB 205-FN-L**, establishing a special school district to provide special education for eligible inmates in the state prison system.
- HB 1167-L**, relative to a reappraisal process for community mental health programs and area agencies.
- HB 1174**, establishing a committee to study the state substance abuse treatment delivery system and relative to certain tests for alcohol concentration.
- HB 1182**, establishing an oversight committee to review the allocation of funds dispersed for the developmental disabilities waitlist.
- HB 1421**, relative to review of drugs by the board of nursing and the joint health council.
- HB 1457**, permitting physician assistants to possess, compound, administer, or distribute prescription drugs.
- HB 1190**, encouraging alternative dispute resolution as an alternative to litigation in domestic relations cases.
- HB 1191**, relative to limiting the liability of governmental units under certain circumstances.
- HB 1516**, requiring a criminal background investigation for certain department of health and human services personnel who come into direct contact with children.
- HB 1538-FN-A**, extending the reporting date for the committee to study judicial pensions, increasing the duties of the committee, and making an appropriation therefor.
- HB 1148**, relative to review of eligibility for a workers' compensation award where compensation was by lump sum agreement.
- HB 1650-FN**, relative to benefits under the unemployment compensation laws.
- HB 1154**, establishing a committee to study the issue of updating New Hampshire laws related to fences.
- HB 1168-L**, relative to municipal economic development and revitalization districts.
- HB 1192**, permitting the city of Concord to combine the positions of tax collector and treasurer.
- HB 1213-L**, relative to the authority of a town to appoint agents to expend funds for certain purposes.
- HB 1221-L**, relative to the acceptance of personal property donated to towns or village districts.
- HB 1539**, relative to property tax billing procedures for land parcels having multiple owners.
- HB 1157**, relative to the layout of highways.
- HB 1330-FN**, naming the bridge over the Newfound River on route 104 west in the town of Bristol, New Hampshire, the Richard W. Musgrove bridge.
- HB 1340-L**, establishing a committee to study the upgrade of Dean Memorial Airport in North Haverhill, New Hampshire.
- HB 1374**, relative to increasing the minimum amount of a state capital improvement project requiring competitive bidding and relative to contracts for major capital projects of the departments of fish and game and resources and economic development.
- HB 1155**, relative to wastewater in low flow areas.
- HB 1246**, relative to enforcement of oil spillage laws.
- HB 1274-FN**, relative to enforcement of air pollution laws by the department of environmental services.
- HB 1351-FN**, extending "The Laboratory for New Ideas in Information Technology" pilot project.
- HB 1651**, establishing a committee to study the protection of cable consumers and the enhancement of cable electronic services.
- HR 53**, urging Congress to pass and the President to sign a bill returning to the states the power to regulate campaign finance in state races for federal office.
- HB 1135**, relative to the use of watercraft and boats on Ledge Pond in the town of Sunapee.
- HB 1328-FN**, extending the exemption period for motor vehicle titles and modifying the process for obtaining a duplicate motor vehicle certificate.
- HB 1537**, relative to aeronautics enforcement authority.
- HB 1629**, relative to walking disability plates and placards.
- HB 1120**, establishing a commission to study the effects of and jurisdiction over alternative agricultural products.
- HB 1123**, relative to the control of wolf hybrids.
- HB 1331**, relative to granting special hunting and fishing licenses to persons aged 68 or over for trapping.

HB 1621, relative to the membership of the advisory committee on shore fisheries.

HB 1541-FN-A, creating a position in the insurance department.

HB 1175-L, relative to authorizing the state board of education to adopt rules on teacher education programs, teacher certification fees, and recertification standards.

HB 1393, extending the reporting date for the postsecondary educational assistance for members of the New Hampshire national guard study committee and extending the repeal date relative to such assistance.

HB 1162, relative to permit applications before the hazardous waste facility siting board.

HB 204-FN-L, granting responsibility for court security and custody and control of prisoners while in the courthouse to the county sheriff and providing for state reimbursement of the sheriff for the costs of such security services.

HB 587-FN, relative to the system benefits charge.

HB 651-FN-L, relative to electric rate reduction financing.

HB 707-L, relative to municipal taxation of telecommunications poles and conduits.

HB 1407, clarifying the unlawful practice of medicine.

HB 1141-FN-A, relative to a design study for conversion of the Walker building on the New Hampshire hospital grounds and making an appropriation therefor.

HB 1275-FN, relative to training for marine patrol officers.

HJR 21, requesting that the United States Congress return to the states the authority to regulate campaign finance.

RECESS MOTION

Rep. Wheeler moved that the House stand in recess for the purpose of introduction of bills, enrolled bill amendments and enrolled bill reports only.

Adopted.

The House recessed at 5:35 p.m.

RECESS

(Speaker Sytek in the Chair)

Rep. Lozeau moved that the House adjourn.

Adopted.

HOUSE JOURNAL No. 5

Wednesday, February 18, 1998

The House assembled at 10:00 a.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Prayer was offered by House Chaplain, Reverend Edward G. Horstmann.

O God of boundless energy in whom we live and move and have our being: make us patient enough to seek Your will yet restless enough to see Your dreams accomplished. In all that we do, save us from quick judgments and cynical thoughts and help us to live this day in gratitude and gladness, in the confidence that You have called us to be here and that we are ambassadors of Your truth. Amen.

Rep. Loren Jean led the Pledge of Allegiance.

LEAVES OF ABSENCE

Reps. Barody, Bishop, George Brown, Champagne, Earle Chandler, Clay, Crosby, Ferguson, Flint, Robert Foster, Gage, Gagnon, Gleason, Grassie, Healy, Robert Johnson, Micklon, Morello, Pepino, Root, Russell and Paul Taylor, the day, illness.

Reps. Bartlett, Battles-Peirce, Bonneau, Carney, Colburn, Henry Coulombe, Yvonne Coulombe, Daniels, Dowling, Dunham, Flanagan, Golden, Guthrie, Haley, Lundborn, Lynde, MacAuslan, Malcolm, O'Keefe, Neil Reardon, Katherine Rogers, Steere, Veazey and Whittemore, the day, important business.

Reps. Julie Brown, Copenhaver, David Cote, Patricia Cote, Krueger, Kenneth MacDonald, O'Connell, Phinney and St. Hilaire, the day, inclement weather.

INTRODUCTION OF GUESTS

Students from the Liberty School House in Bedford, guests of the Bedford Delegation. Members of the Vocational Student Organizations, guests of the House.

SENATE MESSAGE**CONCURRENCE**

HB 648-L, establishing a local option fee for local or regional transportation improvements.

COMMITTEE REPORTS**CONSENT CALENDAR**

Rep. Wheeler moved that the Consent Calendar with the relevant amendments as printed in the day's House Record be adopted.

HB 1176, prohibiting charges for the use of electronic customer service terminals, removed by Rep. Arthur Pelletier.

HB 1179, limiting fees charged by financial institutions for use of electronic customer service terminals, removed by Rep. Buckley.

HB 1583-FN-L, transferring the county attorneys' offices and the county sheriffs' offices to the department of justice and the unified court system, respectively, removed by Rep. Jacobson.

HB 1416-FN-L, requiring the state to pay for special education costs and to make tax information on special education services available to the public, removed by Rep. Cobbin.

HB 1522-FN, establishing the offices of inspector general, removed by Rep. Cobbin.

HB 1545-FN, increasing the salaries of the labor commissioner and the deputy labor commissioner, removed by Rep. Larrabee.

CACR 34, relating to broad-based sales or income taxes. Providing that adopting a broad-based sales or income tax is prohibited, removed by Rep. Mary Brown.

HB 1260, limiting the use of appropriated funds to influence state contracting and financial transactions, and legislation, removed by Rep. Cobbin.

HB 1362, requiring a vote of 2/3 of the house and senate to pass any bill approving the issuance of bonds which would increase state indebtedness, removed by Rep. Alger.

HB 1593-FN, codifying and revising the existing cooperative agreement between the department of health and human services and the judiciary, removed by Rep. Cobbin.

HB 1594-FN, transferring the authority of the judicial conduct committee to the legislature, removed by Rep. Cobbin.

HB 1392, relative to student drivers, removed by Rep. Amanda Merrill.
Consent Calendar adopted.

HB 1235-FN, relative to the small business innovation research program. **OUGHT TO PASS WITH AMENDMENT**

Rep. Anthony Syracuse for Commerce: This bill as amended will encourage and support Small Business Industries & Research in New Hampshire. The portion of the bill that required DRED to use limited funds for SBIR phase II matching grants has been made optional. Vote 12-0.

Amendment (0597h)

Amend RSA 12-A:37-39 as inserted by section 2 of the bill by replacing it with the following:

12-A:37 Recognition of Federal Grant Recipients. The director may issue a suitable plaque to New Hampshire residents that receive federal small business innovation research grants recognizing their achievement. The director shall also recommend that the governor issue a letter of commendation to all such recipients.

12-A:38 Matching Grants. The director may recommend to the review committee established in RSA 12-A:2-f that first-time federal grant recipients recognized under RSA 12-A:37 receive a grant from the New Hampshire economic development fund of up to \$50,000 to match the federal support received.

12-A:39 Seminars. The director may organize an annual seminar to promote and explain the small business innovation research program to members of the public. Participants in the seminar shall include previous grant recipients and representatives of relevant state agencies as determined by the director.

HB 1348, limiting fees for use of electronic customer service terminals. **INEXPEDIENT TO LEGISLATE**

Rep. David T. Mittelman for Commerce: This bill is one of three proposals (HB 1176, HB 1179, HB 1348) to regulate Automated Teller Machine (ATM) fees. In particular, HB 1348 limits ATM fees to 1% of the cash withdrawn. As with the other two bills, the committee unanimously agrees that artificially dictating the cost of ATMs is neither prudent policy nor consistent with traditions of New Hampshire. Government should not decide the price of a private transaction. Rather, the marketplace should be allowed to set its own course. ATMs are an optional service provided for the convenience of banking customers. No one is required to use an ATM nor is anyone charged a fee without being warned in advance. The choice belongs to the customer, and the committee believes it should remain there. Vote 15-0.

HB 1184-FN, expanding the victims eligible for compensation from the victims' assistance fund and changing the allocation of criminal penalty assessments. **INEXPEDIENT TO LEGISLATE**

Rep. Paul K. Chase, Jr. for Criminal Justice and Public Safety: The bill would make victims of economic damages resulting from crimes committed by officers of the court eligible for compensation from the victim's assistance fund. The bill would have changed the allocation of penalty assessments between the victim's assistance fund and the police standards and training council. The committee felt that the resulting proposed changes would result in a reduction in revenues which would cause the NH Police Standards and Training Council to have more than one of the following actions: staff layoffs, charge of all course offerings, eliminate all contracted instructors and elimination of training grants to cities and towns. The functions of the New Hampshire Police Standards and Training Council are currently supported entirely by penalty assessment funds with no funding required from the state's general fund. Vote 14-0.

HB 1290-FN, relative to the authority of the state fire marshal. **OUGHT TO PASS**

Rep. Andrew Christie, Jr. for Criminal Justice and Public Safety: This bill is a request of the fire marshal and makes three changes to present law. First, it changes the wording to make the statute gender neutral by specifically naming who has the authority to enforce this section. Second, it allows the authority to determine conditions to be hazardous to life and property and make orders to remedy the same. Lastly, it provides a penalty for the violation on this section which is in line with all of our penalties. Vote 15-0.

Referred to Finance.

HB 1318, relative to extended terms of imprisonment for crimes substantially motivated by hostility towards the victim's religion. **INEXPEDIENT TO LEGISLATE**

Rep. Doris MacIntyre for Criminal Justice and Public Safety: The committee agreed with the intent of the sponsor of this bill. Creating a listing of religions in statutes is dangerous. The omission of a particular religion could be devastating. Current statutes (RSA 651:6,I(g) cover extended terms of imprisonment for "hate crimes" that are substantially motivated by hostility towards the victim's religion. Vote 13-0.

HB 1474, establishing a study committee on a unified corrections system. **OUGHT TO PASS**

Rep. Andrew Christie, Jr. for Criminal Justice and Public Safety: This bill proposes a study committee to look at the costs, practicality, and consequences of unifying the corrections systems. There was total support for this bill from the ten counties and the state's department of corrections. All believed that a study would be in the best interest of all departments. Vote 14-0.

HB 1490, requiring defendants charged with certain crimes to turn over firearms to law enforcement agencies; requiring a protective order for surrender of firearms in cases of abuse; and allowing protective orders on behalf of public servants and witnesses who are victims of stalking or criminal threatening. **INEXPEDIENT TO LEGISLATE**

Rep. Yvonne Coulombe for Criminal Justice and Public Safety: This bill requires defendants charged with certain crimes to turn over firearms to law enforcement agencies, requires a protective order for surrender of firearms in cases of abuse and further allows protective orders on behalf of public servants who are or may be victims of stalking or criminal threatening. The areas addressed in this bill have been addressed earlier in HB 480 or should have much more time to determine possible consequences. Testimony indicated the volume of firearms to be stored with these new categories of crimes could overwhelm the local criminal justice system. The bill covers a vast area of the statutes. The committee felt that the bill was not well written as the time required to research was not available. Vote 14-0.

HB 1509-FN, relative to the content of motor vehicle registrations. **OUGHT TO PASS WITH AMENDMENT**

Rep. Andrew Christie, Jr. for Criminal Justice and Public Safety: This bill establishes a list of 4 categories that are added to the motor vehicle data base at the department of safety for the benefit of the police officer on the street. The four items are parole, probation, the subject of a restraining order, or released on bail. Presently, parole and probation are in the data base and shown on the appropriate records. Being the subject of a restraining order will be put in the data base in the next several months by agreement with the department of safety. We felt that bail status should also be in the data base but this would be a tremendous burden on safety. Bail should be shown only when safety and the courts are on line together. This will allow the addition or removal instantaneously, therefore, the wording "as soon as it becomes technologically feasible to do so" was added to the bill to accomplish this. Vote 15-0.

Amendment (0428h)

Amend RSA 261:58, III as inserted by section 1 of the bill by replacing it with the following:

III. (a) The department shall update its database regularly to include information regarding an individual who is:

- (1) Currently on parole.
- (2) Currently on probation.
- (3) Released on bail.
- (4) The subject of a restraining order.

(b) The department shall make available the information required in this paragraph as soon as it becomes technologically feasible to do so.

Referred to Finance.

HB 1542-FN, permitting the state to commit certain persons convicted of sexually violent crimes for psychiatric treatment after they have completed their sentences. **INEXPEDIENT TO LEGISLATE**

Rep. William V. Knowles for Criminal Justice and Public Safety: This legislation was introduced in 1994 and referred for interim study. The merits of civil commitment of sex offenders who have mental abnormality or personality disorder who are likely to reoffend are quite obvious but also quite expen-

sive. There is currently no room in the secure psychiatric unit at the state prison to house these individuals. The department of health and human services does not have a secure unit in the mental health division and it would take millions of dollars to construct such a unit as well as a cost of about \$170,000 per year for each individual committed. The department of corrections feels that lifetime supervision of certain sex offenders can accomplish control of these individuals at a minimum cost. There is currently in the senate, SB 460-FN which would accomplish this. Vote 14-0.

HB 1544-FN, prohibiting a prosecutor from testifying voluntarily as a character witness in a criminal case. **INEXPEDIENT TO LEGISLATE**

Rep. Andrew Christie, Jr. for Criminal Justice and Public Safety: This bill was brought to prohibit a prosecutor from testifying voluntarily as a character witness in a criminal case. This was in direct response to just one incident. The committee felt that this single event did not warrant a new law. The fact remains that the prosecutor could have testified to the exact same thing in response to a subpoena, which would circumvent what this bill proposed to do. Vote 15-0.

HB 1552-FN-L, relative to standards for juvenile court diversion programs. **INEXPEDIENT TO LEGISLATE**

Rep. L. Randy Lyman for Criminal Justice and Public Safety: This bill establishes standards for juvenile court diversion programs and requires the court to consider recommendations of the victim in determining the appropriate juvenile disposition. It was the consensus of the committee that the issues addressed in this bill have been fully addressed in a bill recently passed by the house (HB 605). Victims rights have been thoroughly addressed and were placed in law establishing the same provision addressed in this bill. Victims rights are now part of the process from the moment of the incident to the completion of the juvenile judicial process. Vote 12-0.

HB 1600, relative to the multiple DWI offender intervention detention center program. **OUGHT TO PASS WITH AMENDMENT**

Rep. Andrew Christie, Jr. for Criminal Justice and Public Safety: This bill deals with the DWI multiple offender program and is the direct result of a study committee (suggested in 1997, HB 271) within Criminal Justice and Public Safety. Our conclusions are reflected in HB 1600 which does four things. First, it forgives the debt of the program to the state, not the debt of the participant. This was done because we believe in the program and think it should run regardless of the financial situation. Second, we added the ability of the court to return someone's license up to one year early if the program fees are paid in full. This is a carrot to induce participants to pay so that we can increase our collections. Third, we have said the program shall accept gifts and grants to help offset the costs. Fourth, we have allowed people to be sentenced to the multiple offender program if the evidence demonstrates that alcohol was a contributing factor in the commission of the offense and provided that space is available in the program and such persons pay the fees for the program in full prior to admission. The offense charged in this case must be a felony or a class A misdemeanor. Vote 16-0.

Amendment (0612h)

Amend RSA 651:2, V(h) as inserted by section 5 of the bill by replacing it with the following:

(h) In cases of a person convicted of a felony or class A misdemeanor, a court may sentence such person to 7 consecutive 24-hour periods to be served at the state-operated 7-day multiple DWI offender intervention detention center program established under RSA 172-B:2-b, if the evidence demonstrates that alcohol was a contributing factor in the commission of the offense and provided that space is available in the program and such person pays the fees for the program in full prior to admission.

Referred to Finance.

HB 1614, relative to tobacco use violations by minors and establishing a committee on educational programs on tobacco use for minors. **INEXPEDIENT TO LEGISLATE**

Rep. L. Randy Lyman for Criminal Justice and Public Safety: This bill mandates that a minor who violates the youth access and use of tobacco products law attend a tobacco use cessation education program for the first offense, at the minor's own expense. After lengthy review of the subject matter, the consensus of the committee was that the provisions placed in statute in the last two years making teenage smoking, possession and purchasing along with the penalties placed on merchants as of

January 1998 for attempted selling to a minor need more time to demonstrate their effectiveness. Most existing diversion programs have a teenage smoking component and many of the schools have incorporated same in their curriculum. Vote 12-0.

HB 1220, establishing a committee to study prevention of youth drug abuse. **INEXPEDIENT TO LEGISLATE**

Rep. William A. Riley for Education: This bill establishes a committee to study prevention of youth drug abuse. Its substance will be subsumed in HB 1159 which establishes a committee to study strategies for increasing parental involvement in public education. Vote 15-0.

HB 1247, establishing a study committee relative to access to public school facilities by home school students. **OUGHT TO PASS WITH AMENDMENT**

Rep. Marie Rabideau for Education: The committee heard testimony which suggests widely divergent policies among school districts statewide concerning access to public school programs and facilities. The committee felt it would be worthwhile to examine which policies were most workable and effective. Vote 15-0.

Amendment (0390h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a study committee relative to access to public school facilities and programs by home school students.

Amend the bill by replacing section 1 with the following:

1 Committee Established. There is established a committee to study access to public school facilities and programs by home school students.

Amend the bill by replacing section 3 with the following:

3 Duties. The committee shall examine the following issues:

I. Access by home school students to public school facilities and programs, including, but not limited to, facilities and programs for art, music and science.

II. Whether current law provides for such access.

III. If current law does not provide for such access, then which laws, if any, assure equal access.

Amend the bill by replacing section 6 with the following:

6 Effective Date. This act shall take effect upon its passage.

HB 1355-FN-L, revising the New Hampshire statewide education improvement and assessment program to require minimum test scores. **INEXPEDIENT TO LEGISLATE**

Rep. Bruce L. Dearborn for Education: The committee felt that this bill, although well intended, was premature since the term adequate education has not been resolved. In addition, the New Hampshire Education Improvement and Assessment Program test does not lend itself to individual student measurement. This legislation equated assessment testing with a high school diploma. This is not the purpose of an assessment test. Vote 15-0.

HB 1475, relative to revising certain programs within the postsecondary education commission. **OUGHT TO PASS WITH AMENDMENT**

Rep. David E. Larrabee, Sr. for Education: This bill revises the requirements of certain scholarship opportunities within the postsecondary education commission. The amendment addresses career shortages and opens the opportunities for "incentive scholarship" beyond the field of nursing. Vote 16-0.

Amendment (0591h)

Amend the bill by replacing sections 2 and 3 with the following:

2 Career Incentive Scholarship Program; Subdivision Heading Amended. Amend the subdivision heading immediately preceding RSA 188-D:14 to read as follows:

~~[Nursing Scholarship]~~ **Career Incentive Program**

3 Career Incentive Program; References Changed. Amend RSA 188-D:14 through 18 to read as follows:

188-D:14 [Nursing] **Career Incentive Scholarships**. The commission shall administer a ~~[nursing]~~ **career incentive** scholarship program.

188-D:15 Rulemaking. The commission shall adopt rules, under RSA 541-A, to carry out the scholarship program, including establishing a reasonable maximum amount of money provided to a recipient under the program and a reasonable frequency of such loans, and setting minimum qualifications of applicants ~~[who are not registered nurses]~~.

188-D:16 Requirements; Terms.

I. Financial assistance shall be provided to qualified individuals who are residents in good faith of this state and need such assistance to attend ~~[nursing]~~ education programs approved by the commission. The loans shall be for education in ~~[professional or practical nursing]~~ programs given in New Hampshire, ~~[and for graduate courses in nursing]~~ *which prepare recipients for careers in shortage areas as determined by the commission.*

II. Recipients shall be chosen only on the basis of financial need. Each loan recipient shall sign a note to the state treasurer for the amount of each payment. The commission ~~[may]~~ *shall* require recipients to agree in writing to work ~~[as nurses]~~ *in the shortage area for which funds were received* in New Hampshire for a ~~[substantial]~~ *specified* period following completion of their training.

188-D:17 Loans. ~~[The commission shall submit annually to the state treasurer a list of loan recipients and the amount awarded to each recipient.]~~ The loans shall be paid through the financial aid office of the school in which the recipient is enrolled. The commission shall establish the maximum amount of money to be provided to a student, and the frequency of such loans, for completion of studies over the course of training ~~[to be a nurse]~~, provided, however, that such amount and frequency shall be reasonable.

188-D:18 Repayment.

I. Recipients of loans for one year shall have their notes canceled upon ~~[satisfactory]~~ completion of one year of full-time ~~[nursing]~~ service or part-time ~~[nursing]~~ service prorated to equal one year of full-time service *in the shortage area for which funds were received* in New Hampshire following licensure, *certification*, or completion of the ~~[graduate]~~ program *for which funding was received. Repayment by service shall be completed within 3 years from the date of licensure, certification or completion of the program.*

II. Recipients of loans for more than one year shall have their notes canceled upon ~~[satisfactory]~~ completion of 2 years of full-time ~~[nursing]~~ service or part-time ~~[nursing]~~ service prorated to equal 2 years of full-time service *in the shortage area for which funds were received* in New Hampshire immediately following licensure, *certification*, or completion of the ~~[graduate]~~ program *for which funding was received. Repayment by service shall be completed within 5 years from the date of licensure, certification or completion of the program.*

III. If the note is not canceled because of service ~~[as a nurse]~~, the recipient shall repay the loan within 2 years:

(a) After withdrawing from or completing the training program; or

(b) *From the date of the initial request for repayment after it has been determined that the recipient will be unable to repay with service within the time specified under paragraphs I and II of this section. This time period can be extended by an order of the court. If repayment has not been canceled through service, the amount of service performed shall be prorated against the total loan amount due. As this is a benefit to the recipient, it is intended to be available to those recipients who have already received loans under this program.*

IV. If a recipient refuses to repay a loan, the commission shall turn the account over to the appropriate collection agency.

V. The state treasurer shall credit all loan repayments to the ~~[nurses']~~ scholarship loan fund for use in granting other scholarship loans. Loan repayments credited to the loan fund shall be in addition to any other moneys appropriated to that fund.

VI. Nothing in this subdivision shall be construed to alter any rights or obligations incurred under RSA 326-B relative to the granting and repayment of scholarship loans.

VII. *A recipient shall not be considered in violation of the repayment schedule if he or she is:*

(a) *Engaged in a course of study, at least on a half time basis, at an institution of higher education, or*

(b) *Serving on active duty as a member of the armed services of the United States, serving as a member of VISTA, the Peace Corps, or Americorps, for a period not to exceed 3 years, or*

(c) *Temporarily totally disabled, as established by sworn affidavit of a qualified physician, for a period not to exceed 3 years, or*

(d) Unable to secure employment by reason of the care required by a disabled spouse, child, or parent for a period not to exceed 12 months.

VIII. *To qualify for any of the exceptions in paragraph VII of this section, a recipient shall notify the commission of such claim to the exception and provide supporting documentation as required by the commission.*

IX. *During the time the recipient qualified for any of the exceptions in paragraph VII of this section, such recipient need not make the repayments required under paragraph III of this section and the commission shall extend the 2-year repayment period established under paragraph III of this section by a period equal to the length of time a recipient meets any of the conditions listed in paragraph VII of this section, or if a recipient's inability to complete the loan repayments within this 2-year period, because of a financial condition, has been established to the commission's satisfaction.*

X. *The commission shall cancel a recipient's repayment obligation if it determines that:*

(a) The recipient is unable to work because of a permanent total disability, established on the basis of a sworn affidavit of a qualified physician, or

(b) The recipient has received relief under federal bankruptcy laws, or

(c) The recipient has died, established by a death certificate or other evidence deemed conclusive under state law.

XI. *The commission shall have the power to close the accounts of recipients who have completed their repayment obligation either through service or monetary repayment, and deem accounts as uncollectable if all reasonable means of collection have been exhausted.*

AMENDED ANALYSIS

This bill revises the former nursing scholarship program and expands it into a career incentive program making funding available to qualified applicants pursuing careers in certain designated career shortage areas.

HB 1493-L, relative to clarifying school district liability for children placed in homes for children, health care facilities, or state institutions. **OUGHT TO PASS WITH AMENDMENT**

Rep. Robert H. Guest for Education: This bill, as amended, clarifies school district residency requirements when students are placed in the home of a relative or friend by the Department of Health and Human Services. It also permits a student to attend school in the district of the legal guardian pending a court determination of guardianship, provided that a petition has been filed with the court. If custody changes when the Department of Health and Human Services is involved with a child, district liability is firmly established. Vote 19-0.

Amendment (0670h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to clarifying school district liability for certain placements of children pursuant to juvenile proceedings.

Amend the bill by replacing all after the enacting clause with the following:

1 Legal Residence Required; Right to Attend School Pending Guardianship Proceedings. Amend RSA 193:12, II (a) (3) to read as follows:

(3) If the minor is in the custody of a legal guardian appointed by a New Hampshire court of competent jurisdiction or a court of competent jurisdiction in another state, territory, or country, legal residence is where the guardian resides. If the department of health and human services has been appointed legal guardian, the residence of the minor is where the child is placed by the department or the court. Legal guardianship shall not be appointed solely for the purpose of allowing a pupil to attend school in a district other than the district of residence of the minor's parent or parents. *Whenever a petition for guardianship or legal custody is filed in a court of competent jurisdiction on behalf of a relative of a child, other than a parent, the child shall be permitted to attend school in the district in which the relative of the child resides pending a court determination relative to custody or guardianship.*

2 Legal Residence Required; Right to Attend School in District of Placement. Amend RSA 193:12, V to read as follows:

V. Except as provided in subparagraph II(b), nothing in this section shall limit or abridge the right of any child placed and cared for in any home for children, as defined in RSA 193:27, *or of any*

child placed in the home of a relative of that child by the department of health and human services, or placed in the home of a relative or friend by a court pursuant to RSA 169-B, RSA 169-C, RSA 169-D, or RSA 463, to attend the public schools of the school district in which the home for children or home of the relative or friend in which a child is placed by the department of health and human services or by a court of competent jurisdiction is located, as provided in RSA 193:28.

3 New Paragraphs; Legal Residence Required; Placement With a Relative; Residency Disputes. Amend RSA 193:12 by inserting after paragraph V the following new paragraphs:

V-a. Whenever a parent or guardian voluntarily places a child with a relative at the recommendation or request of the department of health and human services, that child shall be permitted to attend the public schools of the school district in which that relative resides provided that:

(a) Upon request of the school district, the department of health and human services shall confirm that the department recommended or requested that the child be placed with the relative to promote the child's well being, and not for the purpose of allowing the child to attend school in the district where the relative resides; and

(b) Upon request of the school district, the relative shall take reasonable steps to secure a court award of guardianship over the child, the child being allowed to attend school in that district while the relative seeks guardianship.

V-b. Whenever a dispute arises between 2 or more school districts as to the residency of a child who is in the legal custody or guardianship of the department of health and human services, or who has been placed pursuant to a court order in a proceeding under RSA 169-B, RSA 169-C, RSA 169-D, or RSA 463, the department of health and human services may request in writing that the respective superintendents resolve the dispute. If the residency dispute remains unresolved 10 days after such request, the department of health and human services may request that the commissioner of the department of education determine the residence of the child. The child may attend school in the district in which the child has been placed by the court or the department of health and human services pending the resolution of the residency dispute. Liability as to the cost of school attendance provided under this paragraph shall be determined by the commissioner of education.

4 Liability of Sending District. Amend RSA 193:27, IV to read as follows:

IV. "Sending district" means the school district in which a child most recently resided other than in a home for children, *the home of a relative or friend in which a child is placed by the department of health and human services or a court of competent jurisdiction pursuant to RSA 169-B, RSA 169-C, RSA 169-D, or RSA 463*, health care facility, or state institution, if such child is not in the legal custody of a parent or if the parent resides outside the state; if the child is retained in the legal custody of a parent residing within the state, "sending district" means the school district in which the parent resides. For the purposes of this paragraph a parent shall not have legal custody if legal custody has been awarded to some other individual or agency, even if that parent retains residual parental rights. *When custody is transferred subsequent to the original placement of a child in a home for children, the home of a relative or friend in which a child is placed by the department of health and human services or a court of competent jurisdiction pursuant to RSA 169-B, RSA 169-C, RSA 169-D, or RSA 463, health care facility, or state institution, the "sending district" shall be, from the change in legal custody or guardianship forward, that district in which the child resided at the time of the original placement.* An award of legal custody by a court of competent jurisdiction, in this state or in any other state, shall determine legal custody under this paragraph.

5 Right of Attendance; School District of Placement. Amend RSA 193:28 to read as follows:

193:28 Right of Attendance. Whenever any child is placed and cared for in any home for children, *or is placed by the department of health and human services in the home of a relative or friend of such child pursuant to RSA 169-B, RSA 169-C, RSA 169-D, or RSA 463*, such child, if of school age, shall be entitled to attend the public schools of the school district in which said home is located, unless such placement was solely for the purpose of enabling a child residing outside said district to attend such schools, provided that the school district for a child placed in a group home, as defined in RSA 170-E:25, II(b), within a cooperative school district, shall be the cooperative school district, not the pre-existing district within the cooperative.

6 Effective Date. This act shall take effect January 1, 1999.

AMENDED ANALYSIS

This bill clarifies the district of liability for costs of education associated with administratively or court ordered placement of children in licensed homes, facilities or institutions for children, or in an unlicensed home of a relative or friend of the child

This bill is a request of the department of education.

HB 1661, relative to eligibility for postsecondary education tuition grants. **OUGHT TO PASS WITH AMENDMENT**

Rep. Susan B. Durham for Education: The Postsecondary Education Commission gives scholarships to full-time New Hampshire students who are eligible. This bill allows such scholarships to be given to students who are not in college full-time. The amendment eliminates the phrase "students who delay their postsecondary education" and replaces it with "students who are enrolled at least half-time". The committee feels that struggling, part-time students deserve all the help they are eligible for. Vote 17-0.

Amendment (0744h)

Amend RSA 188-D:13, VIII as inserted by section 1 of the bill to read as follows:

VIII. Students enrolled in evening and weekend postsecondary education programs, and students who are enrolled at least half-time shall be eligible for grants under this chapter.

AMENDED ANALYSIS

This bill would allow students enrolled in evening or weekend postsecondary education programs, and those who are enrolled at least half-time, to be eligible for tuition grants offered under programs administered by the postsecondary education commission.

This bill is a request of the university system study committee.

HB 1115-L, relative to boundary markers. **OUGHT TO PASS WITH AMENDMENT**

Rep. Lynn C. Horton for Election Law: This bill was proposed by the Office of State Planning as a means to eliminate ward boundaries which are "imaginary lines" which are difficult to locate geographically. It requires that ward lines follow physical features or town/city boundaries. This is a much needed housekeeping bill which will eliminate difficulties experienced when trying to determine in which ward a voter resides. Vote 16-0.

Amendment (0408h)

Amend RSA 44:4-a as inserted by section 1 of the bill by replacing it with the following:

44:4-a Boundaries of Wards. All boundaries of wards, other than those boundaries which are coterminous with the boundaries of municipalities, shall follow easily identifiable physical features. For the purposes of this section, physical features include public and private ways, public utility lines, railroad tracks, and surface waters. Ward lines shall be clearly shown on a map of suitable scale. Those portions of physical features with names and used as ward boundaries shall be clearly labeled on the ward map.

HB 1170-FN, allowing municipalities to designate areas and conditions for the placement of political advertising and relative to the removal of improperly placed political advertising. **OUGHT TO PASS WITH AMENDMENT**

Rep. Jane A. Clemons for Election Law: This bill allows municipalities to designate areas and conditions for the placement of political advertising on municipal property. It also authorizes the governing bodies to designate employees responsible for the removal of improperly placed signs. It also allows the municipalities to fine the perpetrator \$100. per sign after notification if they so choose. Vote 16-0.

Amendment (0604h)

Amend RSA 664:17 as inserted by section 1 of the bill by inserting after paragraph IV the following and renumbering the original paragraphs V and VI to read as VI and VII, respectively:

V. Any removing authority may notify a candidate or campaign office of a candidate that a political advertisement promoting such candidate is improperly placed within the jurisdiction of the removing authority. If the sign or signs identified are removed within a timeframe specified in such notice, the provisions of paragraph II may be waived.

Amend RSA 664:17, VII as inserted by section 1 of the bill by replacing it with the following:

VII. Any person who violates any provision of paragraph VI, shall be guilty of a misdemeanor pursuant to RSA 664:21, V.

HB 1333-FN-L, relative to voting booth requirements at primary and special elections. OUGHT TO PASS WITH AMENDMENT

Rep. Susan W. Almy for Election Law: This bill as amended relieves local election officials of the requirement to erect more voting booths than they expect to need at a given election. The requirement to maintain access to one (1) booth for every 125 qualified voters across all elections remains intact, thus eliminating fiscal consequences. Vote 15-0.

Amendment (0747h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the erection of voting booths at polling places.

Amend the bill by replacing section 1 with the following:

I Pre-Election Procedure; Preparation of Polling Place; Arrangement; Number of Voting Booths to be Erected. Amend RSA 658:9, II to read as follows:

II. The voting booths shall be in plain view of the election officers, and both they and the ballot box shall be in plain view of those outside the guardrail. Each of said booths shall have 3 sides enclosed, one side in front to open and shut by a door swinging outward or to be enclosed with a curtain. Each side of the booths shall be not less than 6 feet high. The booth shall be between 28 and 36 inches wide, and between 28 and 36 inches deep. The door or curtain shall extend to within 2 feet of the floor and shall be closed while the voter is marking his ballot. Each booth shall be well lighted and shall contain a shelf between 12 and 15 inches wide running the width of the booth at a convenient height for writing. The number of such voting booths *available at each polling place* shall not be less than one for every 125 voters or fraction thereof qualified to vote at such polling places. There shall not, in any case, be fewer than 2 of the voting booths described in this paragraph and one of the voting booths described in paragraph III at any polling place. The number of booths erected at the polling place shall be the number estimated by the selectmen to be necessary for the efficient conduct of the election plus any additional number requested by the moderator.

AMENDED ANALYSIS

This bill provides that the number of voting booths erected at a polling place shall be determined by the selectmen and the moderator.

HB 1444, requiring a special primary for all parties if there are at least 2 candidates for election from one party. OUGHT TO PASS WITH AMENDMENT

Rep. Natalie S. Flanagan for Election Law: This is a much needed bill concerning Special Elections. We now have registration and voting on the same day, so it makes it necessary for all parties to be represented and to have a Special Election ballot. The amendment gives us a cut-off date for Special Elections in the second year of the biennium. Vote 17-0.

Amendment (0400h)

Amend the bill by inserting after section 1 the following and renumbering the original section 2 to read as 3:

2 Vacancies Among Public Officers; Executive Councilor, State Senator, and State Representative; Request for Special Primary Deadline. Amend RSA 661:8 to read as follows:

661:8 Executive Councilor; State Senator; State Representative. If a vacancy occurs in the office of executive councilor or state senator, it shall be filled as provided in Part II, Articles 34 and 62 of the state constitution. If a vacancy occurs in the office of state representative from a single town or ward district, the vacancy may be filled following the provisions of RSA 655:81 and 82 in the same manner as a state general election is held. In a multi-town or multi-ward district, a vacancy in the office of state representative shall be filled following the provisions of RSA 655:81 and 82 by a special election if the selectmen of any town or ward in said district so request of the governor or council. Within 21 days after proof of a vacancy or a request that a vacancy be filled, the governor, in the case of an executive council vacancy, or the governor and council, in the case

of any other vacancy, shall declare that there shall be a special election which shall be held as provided in RSA 655:81 and 82. *No request for a special election shall be considered after March 15 of the second year of the biennium.*

AMENDED ANALYSIS

This bill requires that all parties participate in special primaries and provides that requests for special elections to fill vacancies in state public offices shall not be considered after March 15 of the second year of the biennium.

HB 1488, amending the definition of candidate and requiring additional reporting under the political expenditures and contributions act. **OUGHT TO PASS**

Rep. Raymond C. Buckley for Election Law: This bill establishes the definition of a candidate as any person who, directly or indirectly, spends or receives \$5,000. It corrects the loophole of when a candidate becomes a candidate for the purpose of expenditures counting against the voluntary spending limit. It follows the federal definition of a candidate Vote 14-1.

HB 1495, relative to procedures for apportioning state representatives among counties and among legislative districts. **INEXPEDIENT TO LEGISLATE**

Rep. Thomas I. Arnold, Jr. for Election Law: This bill requires N.H. to apportion representatives to counties based on the method of equal proportions (2 U.S.C. Section 2b) which is Congress's third try at the "best method". It also provides that if any town, place, or ward is a part of any overlapping (floterial) district then all towns, places or wards must be a portion of an overlapping district. The committee recommended the bill ITL because it would inhibit the freedom of negotiation of those charged with re-apportionment following the forthcoming decennial census. Vote 13-0.

HB 1611, relative to reports of income by county officers. **INEXPEDIENT TO LEGISLATE**

Rep. C. Donald Stritch for Election Law: The committee felt that this bill which would exempt all county sheriffs and their deputies who receive fees in excess of salary from filing an annual statement with the Secretary of State was not necessary. A representative from a county registry of deeds was present and asked to also be exempt.

This committee further feels that since within our ten counties many sheriffs and their deputies and many deed registrars do and/or still receive fees in excess of salaries they should continue their once-a-year report to the Secretary of State. All state representatives and senators do this each year. Confession and disclosure is good for the soul. Vote 16-0.

HB 1139-FN, relative to group II retirement system eligibility for law enforcement training specialists and assistant directors employed by the police standards and training council. **INEXPEDIENT TO LEGISLATE**

Rep. Ray F. Langer for Executive Departments and Administration: This bill reduces from 10 to 5 years, the number of years an officer must be in group II for retirement in order to retain group II status as an instructor in the Police Standards and Training Council. It was felt that due to the small amount of turnover in this category (every couple of years), such a drastic change was not warranted. Vote 16-0.

HB 1222, increasing the membership of the Christa McAuliffe planetarium commission. **OUGHT TO PASS WITH AMENDMENT**

Rep. Maurice E. Goulet for Executive Departments and Administration: This bill increases the number of members of the planetarium commission appointed by the governor and council from two (2) to six (6) members. The intent is to include members from the private sector, the business community and/or the not-for-profit community. This change could enhance the educational and market driven approach to planetarium affairs. One technical addition changes the statute to read "The commissioner of regional community colleges" (it formerly read: post-secondary technical education), and adds the president of NH Technical Institute who shall serve as ex officio members of the commission with voting rights. Vote 18-0.

Amendment (0527h)

Amend the bill by replacing all after the enacting clause with the following:

1 Christa McAuliffe Planetarium Commission; Membership Increased. Amend RSA 188-F:59, III and IV to read as follows:

III. ~~[Two]~~ Six members *who shall be from the private sector and represent the business community or the not-for-profit community*, appointed by the governor with the consent of council for a term of 3 years.

IV. The commissioner of ~~[postsecondary technical education]~~ *regional community-technical colleges, the president of the New Hampshire Technical Institute*, the commissioner of cultural affairs, and the commissioner of education shall serve as ex officio members of the commission with voting rights.

2 Legislative Mileage Added. Amend RSA 188-F:60 to read as follows:

188-F:60 Offices and Compensation. The commission shall annually elect one of its members as chairperson (except that the commissioner of ~~[postsecondary technical education]~~ *regional community-technical colleges* shall not be chair), one as vice chairperson, and one as secretary-treasurer. The members of the commission shall receive no compensation for their services; however, *legislative members shall be paid mileage at the legislative rate and other* reasonable expenses incurred *by the members of the commission* in the performance of their duties shall be paid from available commission funds.

3 Effective Date. This act shall take effect 60 days after its passage.

HB 1233, relative to administrative attachment of regulatory boards and commissions. OUGHT TO PASS WITH AMENDMENT

Rep. Nancy C. Stickney for Executive Departments and Administration: The bill administratively attaches to the Department of Administrative Services both regulatory boards and commissions not currently administratively attached, and new boards and commissions which would not be obviously attached to another department or agency. However, the bill as originally written attaches existing boards and commissions to the Department of Administrative Services that should not be so attached, such as the Board of Education and the PELRB. The amendment, making the effective date July 1, 1998 corrects the bill to affect only newly created boards and commissions. Vote 18-0.

Amendment (0528h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Section; Administrative Attachment. Amend RSA 332-G by inserting after section 3 the following new section:

332-G:4 Administrative Attachment. Any regulatory board or commission established after July 1, 1998 which is not designated as administratively attached to any department of the state shall be administratively attached, according to the provisions of RSA 21-G:10, to the department of administrative services.

2 Effective Date. This act shall take effect July 1, 1998.

AMENDED ANALYSIS

This bill provides that any board or commission established after July 1, 1998 which is not designated as administratively attached shall be attached to the department of administrative services.

HB 1234-FN, establishing an office of volunteerism. OUGHT TO PASS

Rep. Maurice E. Goulet for Executive Departments and Administration: Numerous testimony, at the public hearing and at a subsequent sub-committee work session, revealed the need for more involvement in supporting volunteerism in the state. To replace the work product of volunteers with a paid work force would cost approximately \$1.3 million a year. The bill establishes an office of volunteerism and the governor and council shall appoint an executive director for a term of two years. The statute will make perfectly clear that the executive director shall receive NO compensation and shall not be entitled to reimbursement for expenses, but shall only receive mileage at the state rate. The office would not replace the governor's office on volunteerism, but would clearly handle many areas that the current staff of the governor's office on volunteerism can not do currently, due to their other duties and responsibilities. The creation of this office, without any funding in the first year, and the opportunity for outside funding (i.e.) gifts, grants, donations, etc.) each year thereafter, could ensure that "volunteerism is alive and well" in New Hampshire. Vote 17-0.

Referred to Finance.

HB 1245, relative to the management of New Hampshire retirement system funds by the board of trustees. **OUGHT TO PASS WITH AMENDMENT**

Rep. Merton S. Dyer for Executive Departments and Administration: The purpose of the bill was to repeal the return to the legal list for investing purposes. The committee felt that an oversight of the investment policies and the return on the investment should require a review at least every five years. The amendment added by the committee requires review every 5 years and a report to the legislature. To insure compliance the legislative budget assistant will monitor this subject when the required annual fiscal and performance audit are due and insure compliance with the subject matter of this bill. Vote 18-0.

Amendment (0684h)

Amend the bill by inserting after the enacting clause the following and renumbering the original sections 1 and 2 to read as 2 and 3, respectively:

1 New Paragraph; Legislative Review of Investment Policy. Amend RSA 100-A:15 by inserting after paragraph VII the following new paragraph:

VIII. The management, investment, and reinvestment practices for the assets held in trust by the board pursuant this section shall be subject to review by the legislature at least every 5 years. The review by the legislature, after acceptance by the general court, shall be published in the next comprehensive annual investment report of the retirement system. The legislative budget assistant shall inform the speaker of the house and the president of the senate when review is required under this paragraph. The legislative budget assistant shall also monitor compliance by the retirement system of the inclusion of any and all written reviews in the comprehensive annual investment report

AMENDED ANALYSIS

This bill repeals a prospective amendment to RSA 100-A:15, I, which was adopted in 1995, 271:2 and which would have amended, effective June 30, 1998, the authority of the board of trustees to invest in certain banking, trust, or international investments.

This bill also adds a provision for legislative review of the investment practices of the retirement system board of trustees.

HB 1262-FN-A, establishing the position of medical review subcommittee administrator under the board of registration in medicine. **OUGHT TO PASS WITH AMENDMENT**

Rep. Merton S. Dyer for Executive Departments and Administration: The purpose of this bill is to permit the board of medicine to hire a licensed physician as an administrator of the medical review subcommittee. There is a backlog of complaints pending before the medical review subcommittee, some long standing, and this position will help clear up this area. There is also a bill before the senate to allow the board of medicine to hire a part time prosecutor for the board. These positions will serve the public well as there will be a quicker resolution for the complaints against the medical practitioners. Vote 17-0.

Amendment (0727h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to authority for the board of medicine to employ a medical review subcommittee administrator.

Amend the bill by replacing all after the enacting clause with the following:

1 Purpose. It is the purpose of this act to permit the board of medicine to employ as necessary a licensed physician as the administrator of the medical review subcommittee for the purpose of enabling the board of medicine to respond to and prioritize complaints, conduct investigations, and determine appropriate discipline of physicians.

2 Board of Medicine to Employ a Physician as Subcommittee Administrator. Amend RSA 329:17, V-a to read as follows:

V-a. A medical review subcommittee of 7 members shall be nominated by the board of medicine and appointed by the governor and council. The subcommittee shall consist of one member of the board of medicine and 6 other persons, no more than 5 of whom shall be physicians. Any public member of the subcommittee shall be a person who is not, and never was, a member of the medical profession or the spouse of any such person, and who does not have, and never has had, a material financial interest in either the provision of medical services or an activity directly related

to medicine, including the representation of the board or profession for a fee at any time during the 5 years preceding appointment. The subcommittee members shall be appointed for 3-year terms, and shall serve no more than 2 terms. Upon referral by the board, the subcommittee shall review disciplinary actions reported to the board under paragraphs II-V of this section. Following review of each case, the subcommittee shall make recommendations to the board. Funds shall be appropriated from the general fund for use by the subcommittee to investigate allegations under paragraphs I-V of this section. *The board shall employ a physician as a medical review subcommittee administrator who shall serve at the pleasure of the board. The salary of the medical review subcommittee administrator shall be established by the board in accordance with duties, experience, and amount of time required for the position.*

3 Medical Review Subcommittee Administrator; Funding; Duties. The cost of salary, benefits, and expenses for the medical review subcommittee administrator position established in RSA 329:17, V-a, as amended by section 2 of this act, shall be paid from existing license fees collected by the board of medicine. The board shall develop criteria for the position of medical review subcommittee administrator and shall determine the scope of duties. The position may be part time at the discretion of the board.

4 Effective Date. This act shall take effect July 1, 1998.

AMENDED ANALYSIS

This bill requires the board of medicine to employ a physician full or part-time as medical review subcommittee administrator the cost of which shall be paid from existing fees of the board.

HB 1294-FN, establishing the propane and natural gas board and regulating propane and natural gas installers. INEXPEDIENT TO LEGISLATE

Rep. Kipp A. Cooper for Executive Departments and Administration: Through testimony provided by the industry representatives and the state fire marshal, the committee found that this bill would have little impact on consumer safety but would certainly have a significant impact on consumer cost. The fire marshal and industry representatives have agreed to work together and develop a training and inspection plan that will benefit both our citizens' safety and pocketbooks. Vote 18-0. Rep. Joseph Foster declared a conflict of interest and did not participate.

HB 1344-FN, relative to state employees receiving workers' compensation benefits. OUGHT TO PASS WITH AMENDMENT

Rep. Ray F. Langer for Executive Departments and Administration: The committee reviewed the bill and based on the comments that the adoption of the bill, as written, could create future problems either in bills submitted or collective bargaining, the bill was amended to provide that the same leave time is available to all part time workers. This creates a level playing field for all part time workers. Vote 18-0.

Amendment (0707h)

Amend the bill by replacing section 1 with the following:

1 Temporary Partial Workers' Compensation Benefits. RSA 99:2 is repealed and reenacted to read as follows:

99:2 Additional Increase. In addition to the increase provided in RSA 99:1 and, other provisions of law notwithstanding, classified state employees who are totally disabled as a result of work-connected accidental injury shall be entitled to all workers' compensation benefits under RSA 281-A, and by election of said employees, to sick or annual leave benefits except that the combination of workers' compensation and sick or annual leave benefits shall not exceed such employee's full pay, subject to payroll deductions with respect to sick or annual leave benefits; provided, however, that any employee on workers' compensation shall not be entitled to have each holiday added to annual leave accumulation; nor shall such employee be entitled to have any time added to sick or annual leave accumulation while on workers' compensation; except that any employees receiving temporary partial workers' compensation indemnity benefits shall accrue leave time in accordance with RSA 98-A:6, 98-A:6-a, and 98-A:6-b. The commissioner of administrative services is hereby directed to maintain separate accounts for the payment of wage benefits and medical costs pursuant to workers' compensation benefits for state employees.

AMENDED ANALYSIS

This bill declares that any state employee receiving temporary partial workers' compensation indemnity benefits shall accrue leave time in accordance with statutes governing work on a part-time basis.

Referred to Finance.

HB 1425-FN, regulating the practice of site evaluation of subsurface sewage or waste disposal systems and subdivision plans. **INEXPEDIENT TO LEGISLATE**

Rep. Howard C. Dickinson, Jr. for Executive Departments and Administration: The committee unanimously agrees that there is no need for the provisions of HB 1425-FN because the proposed responsibilities of "Site Evaluations" presently exist in RSA 485-A:29-36 (septic designers) and by RSA 310-A:75-97 (soil scientists and wetland scientists). Furthermore, when we certified wetland scientists last year in HB 197, the legislation was written so that most permitted septic designers could be grandfathered as wetland scientists if they wished. The Professional Septic Designers Association should convey this to their membership as soon as possible. The office of state planning also should inform their regional offices and New Hampshire municipalities that permitted septic designers have been, are, and will be able to determine wetland boundaries for the purpose of septic design even after the wetland scientist statute becomes effective. Hopefully, this will clear up any existing confusion on the subject. Vote 16-0.

HB 1450, relative to standards for certification of soil scientists and wetland scientists. **INEXPEDIENT TO LEGISLATE**

Rep. Howard C. Dickinson, Jr. for Executive Departments and Administration: The committee unanimously recommends inexpedient to legislate because the bill does not address the problem described by the sponsor. Apparently, the office of state planning disseminated the soil standards as described in "Site Specific Soil Mapping Standards of NH & VT (June 1997)" which have not been adopted by the department of environmental services under RSA 541-A. While this innovative flexibility on the part of OSP is not to be criticized, it has caused some confusion. Vote 16-0.

Rep. Joseph Foster declared a conflict of interest and did not participate.

HB 1525-FN, establishing an office of administrative hearings. **REFER FOR INTERIM STUDY**
Rep. Robert K. Dodge for Executive Departments and Administration: The committee is aware of the need for consistency and professionalism in administrative hearings. Inasmuch as all boards have different types of responsibilities, the committee believes that interim study would allow for a more complete and comprehensive solution. Vote 16-0.

HB 1573-FN, changing the name of the department of cultural affairs to the department of cultural resources and establishing a fund for educational purposes and historic preservation. **OUGHT TO PASS WITH AMENDMENT**

Rep. Maurice E. Goulet for Executive Departments and Administration: To adequately reflect the nature of services provided by this agency, this bill renames the Department of Cultural Affairs to the Department of Cultural Resources. The bill also allows the department to accept gifts, contributions and bequests to further educational objectives of (1) the council on the arts and (2) historic preservation. In addition, the bill amends the qualifications of the director of the division of arts by adding an experiential component as well as the academic credentials. Vote 16-0.

Amendment (0446h)

Amend the bill by replacing section 1 with the following:

1 Nonlapsing Fund Established. Amend RSA 21-K:4, V(a) to read as follows:

(a) Accept gifts, contributions and bequests of unrestricted funds from individuals, foundations, corporations, and other organizations or institutions for the ~~[purpose]~~ *purposes* of furthering the educational objectives of the programs established pursuant to RSA 19-A and RSA 227-C. *Such funds shall be deposited in a nonlapsing fund for the purpose of this subparagraph from which payments shall be made upon warrant of the governor and council.*

Referred to Finance.

HB 1574-FN-L, adding state and local government part-time employees to employees eligible to participate in the state group insurance coverage. **INEXPEDIENT TO LEGISLATE**
Rep. Merton S. Dyer for Executive Departments and Administration: The prime sponsor approached the committee after the public hearing and indicated the bill, as written, would not accomplish what was intended. The committee, in respect of the sponsors wish, voted the bill inexpedient to legislate. Vote 17-0.

HB 1590-FN, relative to vending facilities operated by blind persons and blind services. **INEXPEDIENT TO LEGISLATE**

Rep. Howard C. Dickinson, Jr. for Executive Departments and Administration: The committee has examined all legislation pertaining to blind services since the passage of HB 912, Chapter 260, Laws of 1975 when the agency was given the right to operate all vending facilities on state property with all revenues paid to the blind operator and blind services. At a hearing on HB 470 in 1979, it was discovered that the state was losing \$48,000 annually at the Mt. Washington and Sunapee concessions and would lose \$70,000 per year if blind services operated the Franconia concession according to HB 912. Although HB 470 failed in the Senate, the 1979 budget contained provisions to exempt Sunapee, Franconia and Mt. Washington from HB 912 (1975). In 1981, this exemption was formalized in SB 250, Chapter 403 and was echoed again in HB 368 (1985). During this 10 year review of blind services' right to operate vending facilities on state property, it was discovered that blind services supplied its blind operators with all capital requirements and initial inventory at no cost to the operator. With this competitive advantage, the legislature was convinced that a blind operator had an extremely favorable competitive advantage and should be able to win any bid to operate a facility. The 1981 law has worked well for the past 16 years and should not be changed. It has come to our attention that recently blind services may not have been notified every time a bid was advertised on a vending facility, so specified in the law. It was suggested that blind services should contact the attorney generals office to address concerns about the bid notification process. Vote 17-0.

HB 1607-L, exempting state agencies and counties from competitive bidding requirements when purchasing bulletproof vests and other personal body armor for law enforcement officers, other officers with powers of arrest, and corrections personnel. **INEXPEDIENT TO LEGISLATE**

Rep. Merton S. Dyer for Executive Departments and Administration: The purpose of this bill was to raise the amount exempted from the bidding process to \$10,000.00 for body armor for law enforcement personnel. This was required, the sponsors said, because of the slow bidding process and the requirements to accept the low bid. The bidding process is dependent upon the management issuing the bid. The quality of the equipment can be assured through the specifications written into the bid. The industry has well known standards. The committee was sensitive to the need for this equipment but feels that the problem will not be changed by lifting the exempt bid amount on one item. There is another bill in the legislative process that will raise the bid exemption to \$5,000.00 on a wide range of items. A bill with an increased exemption would provide more flexibility than HB 1607. Given the limited scope of this bill, the lack of support from the counties, who would also be affected, and the need to address the bidding process by the various managers responsible for the purchasing of equipment, the committee felt this bill should not pass. Vote 16-0.

HB 1612-FN, establishing a public information system to ensure electronic access to public records. **REFER FOR INTERIM STUDY**

Rep. Sylvia A. Holley for Executive Departments and Administration: This bill presents innovative ideas relevant to "Webster", our present state public electronic information system. The sponsor requested ED&A form a visionary group to explore emerging technology that would enable a private company to capitalize, develop and manage the Webster network under a long term contract. Do we wish to phase in department information OVER TIME or do we want all information on Webster NOW in a convenient, efficient, user-oriented format available to all citizens free of charge? The committee felt interim study was the prudent way to address these philosophies. Vote 19-0.

HB 1619, relative to the embossing of government seals. **INEXPEDIENT TO LEGISLATE**

Rep. Merton S. Dyer for Executive Departments and Administration: The purpose of this bill was to control the use of the state seal on certain documents. One of the co-sponsors indicated to the committee that the way the bill was written it would not do what was intended. The prime sponsor and the other co-sponsor did not appear. Vote 16-0.

HB 1636-FN, relative to the executive director of fish and game and the fish and game commission. **OUGHT TO PASS WITH AMENDMENT**

Rep. Merton S. Dyer for Executive Departments and Administration: This bill was the result of a study committee during 1997. The bill will permit the fish and game commissioners to submit one name to the governor and council for consideration for appointment as the executive director. The bill contains a process if the governor and council do not agree. Other changes consolidate various duties of the director in this statute from other statutes under the umbrella of RSA 541-A. The amendment proposed by the committee places the director in grade P of the unclassified system and will allow a fish and game executive director to remain in group II of the retirement system if the director has been a member of group II for at least 10 years prior to the appointment and maintains certification during the period of the appointment. Vote 17-0.

Amendment (0533hh)

Amend the bill by replacing section 7 with the following:

7 New Section; Retirement System. Amend RSA 206 by inserting after section 8 the following new section:

206:8-a Retirement System. For purposes of classification under the provisions of RSA 100-A, the executive director shall be considered a permanent policeman if the executive director was a permanent police member of group II for at least 10 years prior to appointment as executive director and continues to be certified as a police officer for purposes of RSA 206:26 and RSA 206:26-b.

Amend the bill by inserting after section 10 the following and renumbering the original sections 11 and 12 to read as 12 and 13, respectively:

11 Applicability ; Salary of Incumbent Executive Director. The incumbent executive director on the effective date of this act shall be placed at the lowest salary step in group P, as established in section 2 of this act, which is not less than the incumbent's salary immediately prior to the effective date of this act.

Referred to Finance.

HB 1655-FN-A, relative to the authority of the length of service awards program committee and making an appropriation therefor. **OUGHT TO PASS**

Rep. Frank J. Reidy for Executive Departments and Administration: The length of service awards program, defined contribution retirement program for volunteer firefighter and emergency personnel, that was passed a few years ago has run into legal and actuarial problems with changes in the internal revenue code. This bill will allow those charged with establishing the program the funds and the opportunity to seek legal advice and actuarial advice to establish the program within the guideline in RSA 100-B. Vote 17-0.

Referred to Finance.

CACR 30, relating to the levy of taxes. Providing that no taxes shall be levied without the consent of the people through a referendum vote. **INEXPEDIENT TO LEGISLATE**

Rep. Avis B. Nichols for Finance: This bill proposes an amendment to the Constitution that says no subsidy, charge, tax, impost or duty shall be established, fixed, laid or levied without a referendum vote of the people and the consent of their representatives in the legislature. This would be a prohibitive means of funding state government. In a representative government it is the duty of elected officials to fund the functions of government and this method would not only be unwieldy but untimely. On the surface this appears to be a solution to control spending but it would be cumbersome and ineffective. Vote 18-0.

HB 1040-FN-A, decreasing the rate of the communications services tax. **INEXPEDIENT TO LEGISLATE**

Rep. Kenneth L. Weyler for Finance: The communications services tax was passed at 3%, but almost immediately a surtax was added to bring it to 5.5%. That temporary rate has been renewed for at least four bienniums. We have another bill in interim study that we hope to use to fulfill the obligation to cease temporary rates. With the present unresolved financial situation and that bill in reserve, the Committee found this bill Inexpedient to Legislate. Vote 18-0.

HB 1241-FN-A, repealing the temporary increase of the communications services tax and increasing the tobacco tax. **INEXPEDIENT TO LEGISLATE**

Rep. Charles L. Vaughn for Finance: The prime sponsor requested that the bill be withdrawn in view of the Rules Committee decision to allow in a bill sponsored by the Governor that would raise the tobacco tax. Vote 18-0.

HB 1497, establishing a committee to study adoption of a single factor method of apportionment for business taxation purposes. **OUGHT TO PASS**

Rep. Charles L. Vaughn for Finance: A study of the single sales factor method of apportioning income for business taxation purposes was supported by both the business community and the Department of Revenue Administration. The results of the study may be useful in improving the state's business tax structure. Vote 18-0.

HB 1507-FN-A, providing for a graduated reduction in the temporary increases in the communications services tax, meals and rooms tax, and the real estate transfer tax. **REFER FOR INTERIM STUDY**

Rep. Charles L. Vaughn for Finance: This bill was recommended for interim study in the hope that, despite the fiscal pressures arising from the Claremont II decision, the state would be in a position to reduce these temporary taxes. For the time being, these taxes must remain part and parcel of state revenues. Vote 18-0.

HB 1555-FN, relative to including revocable trusts for medicaid estate recovery purposes. **OUGHT TO PASS WITH AMENDMENT**

Rep. O. Alan Thulander for Finance: This bill requires a trustee to submit written notice to the Department of Health and Human Services of the existence of a revocable trust of a decedent who has received medical assistance under the Medicaid program. The amendment inserts the word "revocable," where necessary, before the word "trust" to better clarify the meaning of the bill. This information would allow the state to recover assistance provided based upon the value of all property, real or personal. Vote 17-0.

Amendment (0749h)

Amend RSA 167:14-a, IV as inserted by section 1 of the bill by replacing it with the following:

IV. All property, real or personal, in a revocable trust is subject to recovery by the department for recovery for any medical assistance provided the decedent. Upon receipt of notice pursuant to RSA 564-A:3-b, the department shall provide the trustee with a statement containing the amount of medical assistance which was provided to the decedent.

Amend RSA 564-A:3-b, II as inserted by section 2 of the bill by replacing it with the following:

II. All property, real or personal, in a revocable trust is subject to recovery by the department for recovery for any medical assistance provided to the decedent.

Amend the bill by inserting after section 2 the following and renumbering the original section 3 to read as 4:

3 Applicability. Sections 1 and 2 of this act shall apply only to revocable trusts established on or after January 1, 1999.

AMENDED ANALYSIS

This bill requires a trustee to submit a written notice to the department of health and human services of a revocable trust if the decedent had received medical assistance from the department.

HB 1595-FN-A, repealing certain exemptions under the meals and rooms tax. **INEXPEDIENT TO LEGISLATE**

Rep. David J. Alukonis for Finance: This bill calls for eliminating certain exemptions in respect to the meals and rooms tax at educational institutions. The committee found that the proposal would create serious inequities and would be very difficult to enforce. Additionally, the sponsor of the bill agreed with the committee and asked that the bill be reported as Inexpedient to Legislate. The Committee concurred. Vote 18-0.

HB 1649-FN-A, providing an exemption under the interest and dividends tax for taxpayers on a fixed income. **INEXPEDIENT TO LEGISLATE**

Rep. David J. Alukonis for Finance: This bill would create an alternative exemption from the interest and dividends tax for those individuals on a "fixed income" up to a level of income

which is equal to 200% of federal poverty levels. The bill would delegate to the Department of Revenue Administration the ability to define what a fixed income is. The committee overwhelmingly agreed that such a delegation of authority was displeasing at best. Further, the committee concurred with the Department which stated that there could be no "clear definition of fixed income." Without adequate definition, neither the Department nor the committee could estimate the fiscal impact that this bill would have on the state's general fund revenues. Additionally, while some may consider the current levels of exemption from the interest and dividends tax to be too low, the committee believes that if additional relief from the tax is needed, it should be via adjustments to the current structure rather than by creating a new and undefined exemption. Vote 17-1.

HB 1396-FN, relative to training programs for emergency medical services instructors and funding of certain testing programs. **OUGHT TO PASS WITH AMENDMENT**

Rep. Peter L. Batula for Health, Human Services and Elderly Affairs: This bill is clearly a bill that protects the public and is long overdue. The bill requires EMT trainers/instructors to take a test and be licensed. Life and death type situations should require these individuals to be regulated by Health & Human Services, so an EMT who responds to an emergency will have been taught by a qualified person. All costs for testing/licensing to be borne by the individual who wants to be a trainer/instructor. Vote 16-0.

Amendment (0695h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to licensure and training programs for emergency medical services instructor/coordinators.

Amend the bill by replacing all after the enacting clause with the following:

1 New Paragraph; Definition Added. Amend RSA 151-B:2 by inserting after paragraph V the following new paragraph:

V-a. "Emergency medical services instructor/coordinator" means a person who has completed the requirements of an instructor training program under RSA 151-B:18, VIII.

2 Licensure Required. Amend RSA 151-B:7, II(f) to read as follows:

(f) License emergency medical care providers, emergency medical service units, *emergency medical services instructor/coordinators*, and emergency medical service vehicles.

3 New Section; License Required; Emergency Medical Services Instructor/Coordinator. Amend RSA 151-B by inserting after section 10 the following new section:

151-B:10-a Licensure of Emergency Medical Services Instructor/Coordinators. Emergency medical services instructor/coordinators shall be licensed in accordance with rules adopted by the commissioner.

4 Fees Added. Amend RSA 151-B:13 to read as follows:

151-B:13 Fees. The commissioner may charge a fee for licensure of an emergency medical service unit, an emergency medical service vehicle, *an emergency medical services instructor/coordinator*, or an emergency medical care provider. However, no fee shall be charged to a nonprofit corporation or volunteer association.

5 Rulemaking Added. Amend RSA 151-B:18, I to read as follows:

I. The licensing and operation of emergency medical service units, emergency medical service vehicles, *emergency medical instructor/coordinators*, and emergency medical care providers, including advanced emergency medical care providers.

6 Rulemaking Added. Amend RSA 151-B:18, VIII to read as follows:

VIII. Training, including training programs for students, testing and student supervision *and training programs for emergency medical instructor/coordinators*.

7 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill grants rulemaking authority to the commissioner of the department of health and human services to establish training programs for emergency medical services instructor/coordinators. The bill also requires licensure for such instructor/coordinators in accordance with rules adopted by the commissioner.

HB 1503-FN-A-L, relative to intergenerational homeshare programs and making an appropriation therefor. **OUGHT TO PASS**

Rep. Margaret A. Case for Health, Human Services and Elderly Affairs: This legislation would require the Department of Health & Human Services to establish a 2-year intergenerational homeshare pilot program which would link older or disabled adults with properly screened people who would provide minimal care in exchange for housing. This legislation would help older people to remain in their homes, thus reducing costs to the state. This is a major component of the long term care initiatives which are proposed by Health & Human Services. Vote 16-0.

Referred to Finance.

HB 1158, changing the process for designating a part-time district court justice a full-time district court justice. **OUGHT TO PASS**

Rep. Janet G. Wall for Judiciary and Family Law: Currently the supreme court appoints sitting part-time justices as full-time justices when caseloads increase, consistently requiring a full-time justice. For some time, the executive council has been concerned, viewing this as a constitutional issue. It is also thought that some part-time judges are chosen who might not be chosen for full-time. With the passage of this measure, the supreme court will make recommendations, and the governor and council will be involved, though they are not bound by the supreme court recommendation. This bill has the support of the governor, the governor's council, the supreme court, the district court, and the judicial council. Vote 15-1.

HB 1194, prohibiting a minor child from being forced to have visitation with an incarcerated parent. **INEXPEDIENT TO LEGISLATE**

Rep. David C. Allison for Judiciary and Family Law: As drafted, the bill seems to be all-encompassing, i.e., that the incarcerated parent may be imprisoned for a relatively minor offense. In such a circumstance, it seems to the committee excessive punishment to prevent this incarcerated parent from visits with his or her child. Vote 14-0.

HB 1347, providing visitation rights to siblings. **OUGHT TO PASS WITH AMENDMENT**

Rep. Julie M. Brown for Judiciary and Family Law: This bill preserves relationships between siblings who are separated as a result of court ordered out-of-home placements by including the appropriateness of preserving sibling relationship as a factor to be considered under current law, and by providing for visitation between siblings who have an existing relationship and have been separated as a result of a court ordered placement. Vote 16-0.

Amendment (0650h)

Amend the title of the bill by replacing it with the following:

AN ACT preserving relationships between siblings who are separated as a result of court ordered out-of-home placements.

Amend the bill by replacing all after the enacting clause with the following:

1 Adjudicatory Hearing; Preservation of Sibling Relationships. Amend RSA 169-C:18, V to read as follows:

V. If the court determines that a child has been abused or neglected, the court shall order a child placing agency to make an investigation and a social study consisting of, but not limited to, the home conditions, family background, and financial assessment, school record, mental, physical and social history of the family, *including sibling relationships and residences for appropriateness of preserving relationships between siblings who are separated as a result of court ordered placement*, and submit it in writing to the court prior to the final disposition of the case. No disposition order shall be made by a court without first reviewing the social study except pursuant to a voluntary consent order or when waived by all the parties. Preliminary orders, continued pursuant to RSA 169-C:16, may be entered or modified as appropriate until the dispositional hearing.

2 New Section; Visitation With Siblings. Amend RSA 169-C by inserting after section 19-c the following new section:

169-C:19-d Visitation With Siblings. The court shall, whenever reasonable and practical, and based on a determination of the best interests of the child, ensure that children who have an existing relationship with a sibling and who are separated from their siblings as a result of a court decree, court order, consent order, or court-recommended placement, including but not limited to, placement in

foster homes, or in the homes of parents or extended family members, have access to and visitation rights with such siblings throughout the duration of such placement, and subsequent to such placement if the children or their siblings are separated by long-term or short-term foster care placement.

3 Dispositional Hearing; Order of Protection; Contact With Siblings Included. Amend RSA 169-C:19, II (a) to read as follows:

II.(a) An order of protection may be issued setting forth conditions of behavior by a parent, relative, **sibling**, guardian, or a household member. Such order may require any such person to:

(1) Stay away from the premises, another party, or the child.

(2) Permit a parent or other named person to visit *supervised or otherwise, or have contact with* the child at stated periods and under such conditions as the court may order.

(3) Abstain from harmful conduct with respect to the child or any person to whom custody of the child is awarded.

(4) Correct specified deficiencies in the home that make the home a harmful environment for the child.

(5) Refrain from specified acts of commission or omission that make the home *or contact with the child* a harmful environment for the child.

4 Children in Need of Services; Adjudicatory Hearing; Sibling Relationship Considered. Amend RSA 169-D:14, III to read as follows:

III. If the court finds the child is in need of services, it shall, unless a report done on the same child less than 3 months previously is on file, order the department of health and human services or other appropriate agency to make an investigation and written report consisting of, but not limited to, the home conditions, school record and the mental, physical and social history of the child *including sibling relationships and residences for the purpose of preserving relationships between siblings who are separated as a result of court ordered placement*. Evaluations performed at the Philbrook center may occur only upon receiving prior approval for such evaluation from the commissioner of the department of health and human services or designee. When ordered by the court, such investigation shall include a physical and mental examination of the child, parents, guardian, or person having custody. The court shall inform the parents, guardian or person having custody and child of their right to object to the physical examination or mental health evaluation. Objections shall be submitted in writing to the court having jurisdiction within 5 days after notification of the time and place of the examination or evaluation. The court may excuse the child, parents, guardian, or person having custody upon good cause shown. No disposition order shall be made by the court without first reviewing the investigation report, if ordered.

5 Effective Date. This act shall take effect January 1, 1999.

AMENDED ANALYSIS

This bill preserves relationships between siblings who are separated as a result of court ordered out-of-home placements by including the appropriateness of preserving sibling relationships as a factor to be considered under current law, and by providing for visitation between siblings who have an existing relationship and have been separated as a result of a court ordered placement.

HB 1382, requiring a court order or a power of attorney executed by a beneficiary for sale of estate assets by the administrator of the estate. INEXPEDIENT TO LEGISLATE

Rep. Peter F. Bergin for Judiciary and Family Law: The probate court has put a number of rules in place to assure that the attorney, executor and executrix properly sell the estate assets and then notify the court and beneficiaries. If this legislation was enacted, it would mean additional cost to the court and beneficiaries. The court and beneficiaries would be burdened with additional paperwork which could delay the estate being settled. Vote 12-0.

HB 1390, adopting a drug dealer liability act. REFER FOR INTERIM STUDY

Rep. Irene A. Pratt for Judiciary and Family Law: Sponsors indicated complexity of the issues involved with this bill might be more effectively addressed if it were placed in interim study. Vote 12-0.

HB 1406, increasing the maximum amount for a small claim action. OUGHT TO PASS

Rep. Peter F. Bergin for Judiciary and Family Law: Testimony was given that currently the maximum amount of debt or damages which may be claimed in a small claim action is \$2,500. Over the last ten years rents have increased and landlords need access to justice. By increasing the maximum claim to \$5,000, justice will be served. A defendant still would have the right to a jury trial for damages over \$1,000. Vote 14-0.

HB 1500, relative to powers of appointment. OUGHT TO PASS WITH AMENDMENT

Rep. Susan J. Clay for Judiciary and Family Law: The bill provides an additional flexible tool for estate planning. The bill allows for older wills to address the complexity of new federal tax laws. Currently, new wills address this issue easily. The Department of Revenue Administration sees no problem with this legislation and no fiduciary loss to the state. Vote 15-0.

Amendment (0247h)

Amend the bill by replacing section 3 with the following:

3 Effective Date. This act shall take effect upon its passage.

HB 1549-FN, granting a right to trial by jury in any controversy between a person or persons and a state board, commission, or agency when the amount in controversy is at least \$1,500. REFER INTERIM STUDY

Rep. Paul M. Mirski for Judiciary and Family Law: The committee recommends Interim Study in order to examine this question further, particularly given the great sums of money which may be involved and the potentially crippling financial consequences which might accrue to defendants in certain cases. Vote 9-6.

HB 1580-FN, permitting a jury trial in the superior court for violations of the state law against discrimination for a certain time period or with the written assent of the commission for human rights after an action has been filed with the commission. REFER FOR INTERIM STUDY

Rep. Sandra B. Keans for Judiciary and Family Law: The committee believes there are issues of how the process works when a claim is brought to the Human Rights Commission. It appears that not every complainant gets a hearing with witnesses under oath. With further study we believe legislation can be drafted to ensure that citizens be granted the full due process that is allowed under RSA 354-A:1. Vote 15-0.

HB 1603-FN, relative to appointment and payment of guardians ad litem and establishing a complaint process against the guardian ad litem system. INEXPEDIENT TO LEGISLATE

Rep. Marjorie K. Smith for Judiciary and Family Law: The sponsor identified what he perceived to be a problem but informed the committee that neither the bill as submitted nor a subsequent amendment would appear to correct the problem. Vote 13-0.

HB 1130-FN, relative to the distribution of beverages. OUGHT TO PASS WITH AMENDMENT

Rep. Jean R. Wallin for Local and Regulated Revenues: This bill eliminates the cross stocking requirement for small beverage producers. This will not weaken the three tier system as this provision has never been used by the liquor commission. The amendment adds "brew pubs" to the licensee that must report delinquencies to the liquor commission. Vote 17-0.

Amendment (0427h)

Amend the bill by replacing section 2 with the following:

2 Brew Pub Licensees Added; Reports of Delinquencies. Amend RSA 179:13, III-IV to read as follows:

III. The commission shall inform holders of beverage manufacturer licenses, beverage vendor licenses, *brew pub licenses*, beverage vendor importer licenses, and wholesale distributor licenses of the names of licensees *who are delinquent in making payments of a total amount of \$100 or more* under the provisions of this section and no holder of a beverage manufacturer license, beverage vendor license, beverage vendor importer license, *brew pub license*, wholesale distributor license or beverage representative license shall knowingly make any delivery of beverages to any licensee whose payments for purchases of beverages are reported as delinquent under this section. The commission may withhold names of delinquent licensees under circumstances in which there is a dispute over payments, an agreement to liquidate which has been approved by the commission, or other reason which the commission may deem proper.

IV. ~~[The sum of \$150 shall be added to the fees provided under RSA 178:27 and collected by the commission for each failure of a holder of a beverage manufacturer license, beverage vendor license, beverage vendor importer license, wholesale distributor license, or beverage representative license to comply with the provisions of this section.]~~ *The commission may impose a fine of not less than \$100 nor more than \$500 for a violation of this section.* Determinations of a failure to comply with this section shall be made by the commission.

HB 1163, establishing a house study committee on methods used to compute tax rates related to funding for education and property tax assessments. **INEXPEDIENT TO LEGISLATE**
Rep. Linda T. Foster for Local and Regulated Revenues: Although some municipalities may be upset with their "bottom line" tax rate, the committee believes that the methods used to compute this rate are as accurate as possible and that the Department of Revenue Administration which oversees the process uses the data presented to them with both accuracy and integrity. Vote 17-0.

HB 1210-FN, relative to the licensing rate for beverage manufacturers. **OUGHT TO PASS WITH AMENDMENT**

Rep. Stephen G. Avery for Local and Regulated Revenues: This bill, as amended, would reduce the license fees that small brewers would pay for a beverage manufacture license. This will increase the opportunity for small brewers to operate within the state and will increase choices to consumers. Vote 17-0.

Amendment (0600h)

Amend the bill by replacing section 1 with the following:

1 Beverage Manufacturer License Fee. Amend RSA 178:27, III (a) to read as follows:

(a) Beverage manufacturer license[~~-, \$1,692;-~~]:

(1) *Domestic sales of 15,000 barrels or less per year, \$1,200;*

(2) *Domestic sales of more than 15,000 barrels per year, \$1,692.*

AMENDED ANALYSIS

This bill changes the fee for a beverage manufacturer license from \$1,692 to \$1,200 for domestic sales of 15,000 barrels or less and \$1,692 for domestic sales of more than 15,000 barrels.

Referred to Finance.

HB 1242-FN, prohibiting discounts and rebates of any wagers at racetracks. **INEXPEDIENT TO LEGISLATE**

Rep. Stephen G. Avery for Local and Regulated Revenues: The Pari-Mutuel commission voted to permit discounts and rebates on wagers at racetracks last year. This bill would have repealed that decision. The overwhelming feeling on the committee was that it had no desire to micro-manage the commission on this matter. There was little support for this bill. Vote 15-5.

HB 1313, relative to wholesale distributors who are delinquent in making payment of accounts. **OUGHT TO PASS WITH AMENDMENT**

Rep. Jean R. Wallin for Local and Regulated Revenues: This bill, as amended, adds brew pub licensees to the beer distribution credit reporting system by requiring them to report to the Liquor Commission the name and license number of wholesale distributor licensees who are delinquent in making payment of accounts. Vote 17-0.

Amendment (0430h)

Amend the title of the bill by replacing it with the following:

AN ACT requiring brew pub licensee's to report delinquencies by wholesale distributors.

Amend the bill by replacing all after the enacting clause with the following:

1 Reports by Brew Pub Licensees. Amend RSA 179:13, I and II to read as follows:

I. Each holder of a wholesale distributor or beverage manufacturer license shall report to the commission the name and license number of any on-sale or off-sale licensee who is delinquent in making payment of accounts *over a total of \$100* within 10 days, including Sundays and holidays, from the date of delivery of beverages on the premises of such on-sale or off-sale licensee or on the premises of a liquor/wine/beverage warehouse storing the beverages for an on-sale or off-sale licensee. Each holder of a wholesale distributor license, *brew pub license*, beverage manufacturer license, beverage vendor license, or beverage vendor importer license shall report to the commission the name and license number of any holder of a wholesale distributor license who is delinquent in making payments of accounts within 30 days from the date of delivery of beverages on the premises of such holder of a wholesale distributor license. Such report to the commission shall include the amounts purchased and the dates when payments were due and shall be forwarded to the commission within 5 days after said accounts become delinquent, unless the fifth day of such period is a Sunday or holiday in which case the report shall be forwarded the day following such Sunday or holiday.

II. Each holder of a beverage manufacturer license, a beverage vendor license, *brew pub license*, beverage vendor importer license, or wholesale distributor license shall immediately notify the commission of the receipt of the payment of any account which has been reported to the commission as delinquent. Post-dated checks beyond the 5-day reporting period shall not constitute payments of accounts for the purchases of beverages. Checks given in payment for beverages which are returned for nonpayment after the 5-day reporting period shall immediately constitute a delinquency and shall, upon return, be reported to the commission. Payments collected by beverage representatives or agents shall be reported as delinquent unless actually received at the place of business of the holder of the beverage manufacturer license, beverage vendor license, *brew pub license*, beverage vendor importer license, or wholesale distributor license on or before the fifth day of the reporting period. Payment of licensees' accounts by a holder of a beverage representative license when not actually collected from the licensee shall constitute a delinquency. When collections are made by a beverage representative or agent, the sales slips or invoices shall be clearly marked with the name of the person making the collection and the date of such collection.

2 Notification to Retailers; Brew Pub Licensees. Amend RSA 179:13, V to read as follows:

V. Each wholesale distributor, *brew pub licensee*, or beverage manufacturer shall notify any retailer reported to the commission pursuant to RSA 179:13, I who is delinquent in making payment of accounts. Notification shall be delivered in writing to the licensee by a representative of the wholesaler or beverage manufacturer. Proof of notification shall be forwarded to the commission, whose enforcement division shall issue an administrative notice for a violation of the provisions of RSA 179:13, I and shall forward a report of violation for administrative action. Any license issued to any business violating the provisions of RSA 179:13, I may be suspended by the commission for nonpayment of accounts which are delinquent more than 15 days from the date of the wholesale distributor's, *brew pub licensee's*, or beverage manufacturer's notification, providing the requirements of this section have been met.

3 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill requires brew pub licensees to report to the liquor commission wholesale distributor licensees who are delinquent in making payment of accounts.

HB 1395-L, relative to property tax exemptions for water and pollution control facilities. OUGHT TO PASS

Rep. Richard Noyes for Local and Regulated Revenues: This bill has a long history. Current law allows a 25-year tax exemption for pollution control equipment. A 1996-1997 study committee recommended that the exemption should continue over the useful and operating life of the equipment rather than arbitrarily end after 25 years. The committee adopted that recommendation. Vote 17-0.

HB 1480-L, allowing a city or town to petition the liquor commission to revoke the liquor license of a licensee located within the city or town. OUGHT TO PASS

Rep. Linda T. Foster for Local and Regulated Revenues: There was no testimony in opposition to this bill and the Liquor Commission enthusiastically supported it. This bill does not in any way change the due process procedures which must be allowed to revoke the liquor license of any licensee. It merely allows cities and towns to initiate the process. Vote 17-0.

HB 1558-FN-L, relative to games of chance. OUGHT TO PASS

Rep. Robert N. Kelley for Local and Regulated Revenues: This bill increases the statutory limit levied on individual wagers at "Monte Carlo" nights and other games of chance from \$1 to \$2. It also creates a comprehensive regulatory structure for charitable games of chance almost identical to that currently in place to regulate bingo and lucky 7 wagering. The result is to give charities the opportunity to increase their fundraising potential, but under much greater regulation. Vote 20-0. Referred to Finance.

HB 1579-FN-L, relative to exemptions to property taxes when the property is sold. INEXPEDIENT TO LEGISLATE

Rep. Douglass P. Teschner for Local and Regulated Revenues: Under current law, the tax rate for all real property throughout the state, including any exemptions, is set on April 1. This April town-wide evaluation is the basis on which local tax rates are established. This bill would complicate

this administrative burden by allowing exemptions to change during the course of the year and right up to the date the Department of Revenue Administration sets the tax rate. This bill was introduced on behalf of the selectmen of Chester, but no other witness appeared in support, the N.H. Municipal Association was opposed. This bill is virtually identical to another bill which was voted ITL on the consent calendar last year. Vote 17-0.

HB 1146, relative to the use of capital reserve funds for multiple payments of lease/purchase agreements. **OUGHT TO PASS WITH AMENDMENT**

Rep. Paul A. McGuirk for Municipal and County Government: As communities search for ways to alleviate the financial impact on taxpayers for high priced capital equipment on a yearly basis, many municipalities are opting to enter into lease/purchase agreements. Passage of this bill would allow municipalities to establish a capital reserve fund, by majority vote to be used to make multiple payments on these agreements. Any lease/purchase agreement must be approved by 2/3 of all voters present and voting at an annual or special meeting. Vote 17-0.

Amendment (0683h)

Amend RSA 35:15, III(a)(2) as inserted by section 1 of the bill by replacing it with the following:

(2) The lease/purchase agreement has been ratified by the legislative body by a vote by ballot of 2/3 of all the voters present and voting at an annual or special meeting.

HB 1250-FN-L, providing that beginning with the tax year 2002, the education portion of a property taxpayer's tax bill shall not exceed 50 percent of the total tax due and establishing a committee to recommend legislation necessary to implement this act. **INEXPEDIENT TO LEGISLATE**
Rep. Robert W. Brundige for Municipal and County Government: The sponsor of this bill testified he had submitted it prior to the Claremont decision. In view of that decision the Committee feels that this idea is premature and the sponsor agrees. Vote 14-1.

HB 1383-L, relative to zoning for small businesses in rural areas. **INEXPEDIENT TO LEGISLATE**
Rep. Thomas E. Rice for Municipal and County Government: This bill preempts part of the traditional power of local planning boards. We do not feel that the state should substitute its judgment for that of locally elected officials. This bill also would address a situation that may not occur. Vote 17-0.

HB 1388, establishing a committee to study commercial, suburban, and rural sprawl. **INEXPEDIENT TO LEGISLATE**

Rep. Robert A. Lockwood for Municipal and County Government: The committee recognizes the need for a study of the issue of commercial, suburban and rural sprawl and its recommendation of ITL is made with the intent of combining the study under HB 1238. Vote 17-0.

HB 1532, establishing a committee to study the village plan alternative to municipal subdivision procedures for the purpose of retaining open space in the development process. **INEXPEDIENT TO LEGISLATE**

Rep. Robert A. Lockwood for Municipal and County Government: The committee agrees that the study of village plan alternatives to retain open space as well as allow planned development is an intriguing idea. The committee vote of ITL was made with the idea that the subject matter and committee structure will be brought forward under HB 1238. Vote 17-0.

HB 1138-FN-L, relative to New Hampshire route 111. **OUGHT TO PASS WITH AMENDMENT**
Rep. Bernard J. Raynowska for Public Works and Highways: The amendment to this bill replaces the entire original bill and urges the Department of Transportation to make the New Hampshire Route 111 bypass project a top priority for construction and funding. The committee will consider the contents of the original bill in its forthcoming review of the 10-Year Highway Plan. Vote 16-1.

Amendment (0737h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Hampshire Route 111 Bypass Project. The department of transportation is hereby urged to make the New Hampshire route 111 bypass project a top priority and move to start and complete such project at the earliest possible date in the event highway funds, federal or state, exceed current or future projections.

2 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill urges the department of transportation to make the New Hampshire route 111 bypass project a top priority in the event highway funds exceed current or future projections.

HB 1208, authorizing the housing finance authority to sell or transfer certain land. OUGHT TO PASS WITH AMENDMENT

Rep. Leon Calawa, Jr. for Public Works and Highways: If this bill passes it would give the Housing Finance Authority an ability to sell land that has been transferred to the authority to build affordable housing. The authority is now authorized to only sell the house and lease the land the house sits on. The bill also provides the requirement that all requests go before the Council on Resources and Development before the land can be transferred as authorized in RSA 162-C. Vote 20-0.

Amendment (0585h)

Amend the bill by replacing section 1 with the following:

1 Housing Finance Authority Authorized to Sell or Transfer Land. Amend RSA 204-D:4, V to read as follows:

V. The authority ~~[shall not sell any land which is transferred to the authority pursuant to this chapter]~~ *may sell or otherwise transfer land transferred to the authority pursuant to this chapter upon which affordable housing has been constructed only if the authority has established controls to ensure that the housing shall remain affordable to persons of low or moderate income for a period of at least 30 years after such sale or transfer. The authority may sell or otherwise transfer undeveloped land transferred to the authority under this chapter only after receiving approval from the council on resources and development established in RSA 162-C.* The authority may lease land which is transferred to the authority under this chapter.

HB 1253-L, relative to disposal of state property which is no longer in use for state purposes. INEXPEDIENT TO LEGISLATE

Rep. Lou D'Allesandro for Public Works and Highways: At this time there is a process in place which handles this situation of surplus property which includes review and approval by the Council On Resources and Development (CORD), review and approval by the Long Range Capital Planning and Utilization Committee, and final approval by the Governor and Council. The current process is working and, thus, there is no need to take further action. Vote 15-1.

HB 1284-FN-A, appropriating funds to the liquor commission for the siting and design of a combination state liquor store, welcome center, and New Hampshire products store, to be located in the city of Keene. OUGHT TO PASS WITH AMENDMENT

Rep. Gene G. Chandler for Public Works and Highways: This bill, as originally written, appropriated \$125,000 for the purpose of siting and design of a liquor store in the city of Keene. Testimony showed that the city prefers a downtown location, yet the recommendation of the study committee was for an out-of-town location, providing a welcome center and New Hampshire products store in addition to the liquor store. The amendment deletes the appropriation and authorizes the liquor commission to continue to investigate the location of a new store and work with the Department of Transportation, Administrative Services and the city of Keene to find a suitable location. The chairman of the Liquor Commission indicated that this amendment would help the commission with its dealings regarding a new liquor store site in Keene. Vote 15-5.

Amendment (0587h)

Amend the title of the bill by replacing it with the following:

AN ACT directing the liquor commission to study and investigate the location of a new liquor store and possible welcome center and New Hampshire products store in the city of Keene.

Amend the bill by replacing all after the enacting clause with the following:

1 Liquor Commission; Study and Report. The liquor commission, with cooperation from the division of public works, department of transportation and the department of administrative services shall study and investigate the location of a new liquor store and possible welcome center

and New Hampshire products store in the city of Keene. The liquor commission is authorized to use any existing funds not otherwise obligated for the purposes of this act. The liquor commission shall submit a report on this study and investigation to the governor, the speaker of the house, and the senate president on or before November 1, 1998.

2 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill directs the liquor commission, with cooperation from the division of public works, department of transportation and the department of administrative services, to study and submit a report to the governor and presiding officers of the legislature on the location of a new liquor store and possible welcome center and New Hampshire products store in the city of Keene.

HB 1387-FN, relative to the state art fund. OUGHT TO PASS WITH AMENDMENT

Rep. Paul I. LaMott for Public Works and Highways: This bill, as originally proposed, would have repealed the highly successful 19 year program which provides New Hampshire art for its public buildings by removing the requirement that one half of one percent of the bid contract price of each new building or major addition in the capital budget be deposited in the State Art Program. A detailed review of the financial history of the program, together with recognition of the ever increasing cost of capital projects, prompted the committee to conclude that it is appropriate to retain the program, but cap the bid amount to which the one half of one percent formula will apply at \$15 million. The amendment also includes a senator or representative from the district in which a project is located to serve on the project selection committee. Vote 16-1.

Amendment 0677h)

Amend the bill by replacing all after the enacting clause with the following:

1 Art Fund. Amend the introductory paragraph of RSA 19-A:9, I to read as follows:

I. There is hereby established a non-lapsing art fund consisting of 1/2 of one percent of the *first \$15,000,000 of the* bid contract price of each new building or major addition authorized by the capital budget to be paid from the general fund. As used in this section, "major addition" means any addition which increases by 25 percent or more the square footage of the building to which it is being added. Contracts for the following projects are excluded:

2 Members Added. Amend RSA 19-A:10, IV to read as follows:

IV. To establish selection committees of interested citizens and experts to assist in the carrying out of the provisions of this chapter. The selection committees may include the project architect, a representative of the agency involved, a professional artist, ~~and~~ a local citizen, *and either a state senator or a state representative from the district in which the project will be located.* The members of the selection committee shall serve without pay, but may be compensated for mileage by the department of cultural affairs.

3 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill limits the amount deposited in the state art fund to 1/2 of one percent of the first \$15,000,000 of the bid contract price of each new building or major addition authorized by the capital budget to be paid from the general fund.
Referred to Finance.

HB 1389-FN-L, relative to agreements for telecommunications-related uses of the state highway system. OUGHT TO PASS WITH AMENDMENT

Rep. Winston H. McCarty for Public Works and Highways: This bill simplifies the process of locating telecommunications towers within the state highway system and state-owned railroad rights of way, yet giving proper authority to local municipalities to tax and to make the towers subject to local zoning and planning requirements. Vote 14-3.

Amendment (0662h)

Amend the bill by replacing all after the enacting clause with the following:

1 Statement of Intent. The general court recognizes that there is a need to streamline the process for the installation of telecommunication towers erected for commercial use in state-owned rights-of-way.

2 New Section; Agreements for Telecommunications-Related Uses of the State Highway System. Amend RSA 228 by inserting after section 31 the following new section:

228:31-a Agreements for Telecommunications-Related Uses of the State Highway System and State-Owned Railroad Rights-of-Way. The commissioner may, with the approval of the governor and council, execute contracts, leases, licenses, and other agreements relating to the use or occupation of state-owned rights-of-way, whether easement or fee-owned, for purposes of allowing the installation and maintenance of telecommunication towers. Such agreements, which shall be for commercially reasonable value, shall not extend for a period of more than 10 years. Any leases executed pursuant to this section shall be subject to the requirements of RSA 72:23 with regard to properly assessed real estate taxes and subject to local zoning and planning requirements. There shall be no advertising signs on these towers. The provisions of RSA 4:40 shall not apply to this section.

3 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill enables the commissioner of the department of transportation to enter into agreements for telecommunications-related uses of the state highway system.

Referred to Finance.

Rep. Joseph Foster declared a conflict of interest and did not participate.

HB 1401-FN-L, relative to the application of local planning and zoning to construction, development, or use of facilities on state-owned property. **INEXPEDIENT TO LEGISLATE**

Rep. Paul I. LaMott for Public Works and Highways: Committee research into this bill revealed that HB 1401, with amendments proposed by the sponsor, makes minor changes to existing statutes relative to the application of local planning and zoning to construction, development or use of facilities on state-owned property. The sponsor proposed a second amendment which was discussed but not accepted by the committee. The committee concluded that current laws governing this issue are working, and do not require changes at this time. Vote 16-0.

HB 1617-FN-L, requiring all state agencies to include in its budget request the cost for maintaining state-owned buildings based upon a formula and requiring the department of administrative services to maintain state-owned buildings. **OUGHT TO PASS**

Rep. Leon Calawa, Jr. for Public Works and Highways: This bill requires every state agency having responsibility for a state-owned building to include \$1.00 per square foot in its biennial operating budget request to cover building maintenance. This measure will help keep the needed repairs for our state buildings from capital budget projects. The bill will also help keep the cost of repairs down as there should be funds available to perform maintenance when needed. Vote 16-0. Referred to Finance.

HB 1639-A-L, relative to U.S. Route 3 from Twin Mountain in Carroll to Clarksville and making an appropriation therefor. **OUGHT TO PASS WITH AMENDMENT**

Rep. Gerald P. Merrill for Public Works and Highways: Since legislation was enacted requiring the collection of the tax on diesel fuel be done at the pump, the revenue to the highway fund from this tax has skyrocketed to the tune of a 9.5 million dollar increase! The committee feels that the best use of this increase is application to the Highway and Bridge Betterment Program. The amendment transfers \$6 million of the increased revenues to the betterment program in 1999, and establishes a mechanism whereby approximately that same \$6 million will be available to the betterment program each year. Funding of the betterment program is spread throughout all six highway districts in the state, assuring each area of the state will see increased highway paving, drainage work and bridge work each year. The amendment does not call for any increase in the fuel tax, just a reallocation of newly found revenue from fuel taxes. The Highway and Bridge Betterment account is one of, if not the most successful highway program in New Hampshire, and one which shows immediate results to our motoring constituents. Vote 16-0.

Amendment (0548h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the highway and bridge betterment program and making an appropriation therefor.

Amend the bill by replacing all after the enacting clause with the following:

1 Funding. Amend RSA 235:23-a, II to read as follows:

II. The program shall be funded from [~~\$.02~~] **\$.03** per gallon of the road toll imposed under RSA 260:32; of these revenues, in each fiscal year 88 percent shall be deposited into a separate account established in the highway fund called the highway and bridge betterment account, to be allocated as provided in paragraph III. The amount deposited into the highway and bridge betterment account is hereby continually appropriated and shall be nonlapsing. The remaining 12 percent shall be distributed in accordance with the formula in RSA 235:23, I, and shall be in addition to any amounts to be allocated under that paragraph.

2 Appropriation; Highway and Bridge Betterment Program. Amend 1997, 350:1 by amending PAU 04, 01, 03, 11, 01 for fiscal year 1999 to read as follows:

FY 1999

04 Transportation

01 Department of Transportation

03 Project Development Division

11 Non Matching Funds

01 Betterment

90 Betterments/State Bridge Aid	D	[+6,772,000]	22,772,000
---------------------------------	---	---------------------------	-------------------

Total		[+6,772,000]	22,772,000
-------	--	---------------------------	-------------------

Estimated Source of Funds for
Betterment

09 Agency Income			11,772,000
------------------	--	--	------------

Highway Funds		[5,000,000]	11,000,000
---------------	--	--------------------------	-------------------

Total		[+6,772,000]	22,772,000
-------	--	---------------------------	-------------------

3 Effective Date. This act shall take effect July 1, 1998.

AMENDED ANALYSIS

This bill increases the funding for the highway and bridge betterment program. The bill also makes an appropriation from highway funds for the purposes of the program.
Referred to Finance.

HB 1161-FN, requiring the state to rebuild and maintain the dam controlling Baxter Lake in the towns of Farmington and Rochester, New Hampshire. **INEXPEDIENT TO LEGISLATE**
Rep. Rudolf A. Adler for Resources, Recreation and Development: Testimony from the sponsor and the Department of Environmental Services disclosed that the present owner of this 75 year old dam is under an order from DES to repair the structure or to significantly lower the lake level as not to constitute a danger to downstream persons and properties. While the committee heard testimony regarding the value of the lake to the State, including a healthy bass fishery, it is clear that the main beneficiaries of this lake are the hundreds of properties around and adjacent to Baxter Lake. Testimony also revealed that the estimated cost to repair of \$233, 000 could be significantly reduced through the use of municipal equipment and manpower and could be further eased by a phased in repair plan worked out in conjunction with the DES. Both municipalities have options available to them to finance this project and to assess the primary beneficiaries of this lake. Vote 19-0.

HB 1240-FN, establishing wetlands permits for slips-only marinas. **INEXPEDIENT TO LEGISLATE**
Rep. William E. Williams, Jr. for Resources, Recreation and Development: The committee ascertained that the problem as purported in this bill only applied to one commercial owner and he had, in fact, not filed a permit application with the Department of Environmental Services. He was put in touch with the Director of the Wetlands Bureau and will work with him to ameliorate his problem. Vote 18-0.

HB 1291-FN, relative to management of the state ski areas at Mount Sunapee and Cannon Mountain. **OUGHT TO PASS WITH AMENDMENT**
Rep. H. Charles Royce for Resources, Recreation and Development: This is a contingency bill, if one or both of the state ski areas, (Cannon and Sunapee) are leased or managed by a private operator several existing RSAs will have to be repealed: i.e. RSA 12-A:24-5, relative to state ski operations, RSA 216-A:2, VI-IX, relative to duties of director of parks and recreation relative to state ski operations. If the state ski areas are not leased or managed by a private operation this bill will not go into effect. Vote 15-0.

Amendment (0746h)

Amend the bill by replacing all after the enacting clause with the following:

1 Directors of Forests and Lands and Parks and Recreation; Admission Without Charge; State-Owned Ski Areas Operated by a Lessee Exempted. Amend RSA 218:5-c to read as follows:

218:5-c Admission Without Charge. Any person who is a resident of this state and who has attained the age of 65 shall, upon proper identification, be admitted to any state recreation area, including but not limited to parks, historical sites, beaches, and *state-operated* ski areas, without charge. Persons qualifying under this section shall be allowed to use any state owned facility within the recreation area without charge for the use of the facility, except persons qualifying under this section shall be charged the usual fee for the use of so-called "uphill devices" on Saturdays and Sundays. Provided further that other special charges at state owned recreation areas, such as fees charged for parking at parking meters, shall be charged persons qualifying under this section at the usual rates. The provisions of this section shall not apply to state owned campsites or camping areas *or state-owned ski areas operated by a lessee*.

2 Department of Resources and Economic Development; State Ski Operations; Management; Cannon Mountain Deleted. Amend RSA 12-A:24-25 to read as follows:

12-A:24 State Ski Operations. The director of parks and recreation shall be responsible for the management and operation of the state ski ~~[areas]~~ *area* at Mount Sunapee ~~[and Cannon Mountain]~~, as provided in RSA 216-A:2.

12-A:25 Marketing and Ski Service Administrator; Mountain ~~[Managers]~~ *Manager*. The commissioner of resources and economic development shall appoint an administrator of ski area marketing and ski services, and ~~[2] a mountain [managers, one]~~ *manager* for ~~[each of]~~ Mount-Sunapee ~~[and Cannon Mountain]~~, who shall serve at the pleasure of the commissioner. These positions shall be unclassified positions.

3 Department of Resources and Economic Development; State Ski Operations; Management; Mount Sunapee Deleted. Amend RSA 12-A:24-25 to read as follows:

12-A:24 State Ski Operations. The director of parks and recreation shall be responsible for the management and operation of the state ski ~~[areas]~~ *area* at ~~[Mount Sunapee and]~~ Cannon Mountain, as provided in RSA 216-A:2.

12-A:25 Marketing and Ski Service Administrator; Mountain ~~[Managers]~~ *Manager*. The commissioner of resources and economic development shall appoint an administrator of ski area marketing and ski services, and ~~[2] a mountain [managers, one]~~ *manager* for ~~[each of Mount Sunapee and]~~ Cannon Mountain, who shall serve at the pleasure of the commissioner. These positions shall be unclassified positions.

4 Department of Resources and Economic Development; State Ski Operations; Purchases and Transfers; Cannon Mountain Deleted. Amend RSA 12-A:27-28 to read as follows:

12-A:27 Field Purchase Limits. Notwithstanding the provisions of RSA 21-I:17-a, I, the director of parks and recreation may make purchases by the use of field purchase orders for expenditures of up to \$1,000 for the Mount Sunapee ~~[and Cannon Mountain]~~ ski operations and facilities.

12-A:28 Transfers Authorized; Ski Areas. The commissioner of the department of resources and economic development may transfer funds for any specific purposes to funds for other purposes within and among the appropriations for the operation of ~~[Cannon Mountain and]~~ Mount Sunapee. The commissioner shall report on a quarterly basis to the legislative fiscal committee and the governor and council all transfers accomplished under the provisions of this section. The provisions of this section shall not be subject to RSA 9:17-a and RSA 9:17-c.

5 Department of Resources and Economic Development; State Ski Operations; Purchases and Transfers; Mount Sunapee Deleted. Amend RSA 12-A:27-28 to read as follows:

12-A:27 Field Purchase Limits. Notwithstanding the provisions of RSA 21-I:17-a, I, the director of parks and recreation may make purchases by the use of field purchase orders for expenditures of up to \$1,000 for the ~~[Mount Sunapee and]~~ Cannon Mountain ski operations and facilities.

12-A:28 Transfers Authorized; Ski Areas. The commissioner of the department of resources and economic development may transfer funds for any specific purposes to funds for other purposes within and among the appropriations for the operation of Cannon Mountain ~~[and Mount Sunapee]~~. The commissioner shall report on a quarterly basis to the legislative fiscal committee and the governor and council all transfers accomplished under the provisions of this section. The provisions of this section shall not be subject to RSA 9:17-a and RSA 9:17-c.

6 Public Recreation; Expansion of State Park System; Duties; Director of Parks and Recreation; Ski Areas; Cannon Mountain Deleted. Amend RSA 216-A:2, VI-IX to read as follows:

VI. The director shall purchase such merchandise for resale and such operating supplies and materials as may be necessary for the operation of the ski school, ski rental and repair, souvenir, and food services concessions at Mount Sunapee [~~and Cannon Mountain~~]. The operating costs shall be a direct charge against gross sales receipts.

VII. The director shall place an immediate emphasis within the division of parks and recreation, department of resources and economic development, on long-range planning and capital development at [~~both~~] Mount Sunapee [~~and Cannon Mountain~~] and prepare a capital budget for planning and design to be submitted by the commissioner to the general court on a biennial basis.

VIII. [~~The director shall, under a single PAU established for Mount Sunapee and Cannon Mountain, encourage cooperative operation and interchange of personnel and equipment between the 2 ski areas.~~]

IX.] The director shall be responsible for all personnel and equipment at [~~both~~] *the* ski operations, and any other duties that may be assigned to the director by the commissioner of resources and economic development.

7 Public Recreation; Expansion of State Park System; Duties; Director of Parks and Recreation; Ski Areas; Mount Sunapee Deleted. Amend RSA 216-A:2, VI-IX to read as follows:

VI. The director shall purchase such merchandise for resale and such operating supplies and materials as may be necessary for the operation of the ski school, ski rental and repair, souvenir, and food services concessions at [~~Mount Sunapee and~~] Cannon Mountain. The operating costs shall be a direct charge against gross sales receipts.

VII. The director shall place an immediate emphasis within the division of parks and recreation, department of resources and economic development, on long-range planning and capital development at [~~both Mount Sunapee and~~] Cannon Mountain and prepare a capital budget for planning and design to be submitted by the commissioner to the general court on a biennial basis.

VIII. [~~The director shall, under a single PAU established for Mount Sunapee and Cannon Mountain, encourage cooperative operation and interchange of personnel and equipment between the 2 ski areas.~~]

IX.] The director shall be responsible for all personnel and equipment at [~~both~~] *the* ski operations, and any other duties that may be assigned to the director by the commissioner of resources and economic development.

8 Public Recreation; Aerial Tramways; Resident Ski Rates; Establishment and Reduction of Rates; Cannon Mountain Deleted. Amend RSA 227:13-14 to read as follows:

227:13 Establishment of Rates. The department shall not exercise its authority pursuant to RSA 227:1 and 8, to establish fees, fares and tolls at [~~Cannon Mountain and~~] Mt. Sunapee so as to discriminate against or to the detriment of, financially or otherwise, resident skiers, either directly or indirectly.

227:14 Reduced Rates. Season tickets shall be made available to any resident of this state. For the purposes of this section "resident of this state" means a person whose domicile is in this state. A discount of 25 percent shall be given by the division to state residents, when proof of residency is provided, on all season tickets and coupon books sold prior to December 15 of each year for winter facilities at Mt. Sunapee [~~and Cannon Mountain~~] state ski areas. For purposes of this section, proof of residency shall include a state issued driver's license; a state issued I.D. card with a photograph, or information including name, sex, date of birth, height, weight and color of eyes; United States passport, or an affidavit from the town clerk certifying residency. Any person who is a full-time secondary school student and who has not attained the age of 19 by May 1 of the year following any winter season shall be eligible for a junior season ticket, and all minors who have not attained the age of 15 years by May 1 of the year following any winter season shall be eligible for a child's season ticket. The commissioner of the department of resources and economic development shall make quarterly reports on season tickets issued under this section to the fiscal committee, the senate president, the speaker of the house, and governor and council.

9 Public Recreation; Aerial Tramways; Resident Ski Rates; Establishment and Reduction of Rates; Mount Sunapee Deleted. Amend RSA 227:13-14 to read as follows:

227:13 Establishment of Rates. The department shall not exercise its authority pursuant to RSA 227:1 and 8, to establish fees, fares and tolls at Cannon Mountain [~~and Mt. Sunapee~~] so as to discriminate against or to the detriment of, financially or otherwise, resident skiers, either directly or indirectly.

227:14 Reduced Rates. Season tickets shall be made available to any resident of this state. For the purposes of this section "resident of this state" means a person whose domicile is in this state. A discount of 25 percent shall be given by the division to state residents, when proof of residency is provided, on all season tickets and coupon books sold prior to December 15 of each year for winter facilities at ~~[Mt. Sunapee and]~~ Cannon Mountain state ski areas. For purposes of this section, proof of residency shall include a state issued driver's license; a state issued I.D. card with a photograph, or information including name, sex, date of birth, height, weight and color of eyes; United States passport, or an affidavit from the town clerk certifying residency. Any person who is a full-time secondary school student and who has not attained the age of 19 by May 1 of the year following any winter season shall be eligible for a junior season ticket, and all minors who have not attained the age of 15 years by May 1 of the year following any winter season shall be eligible for a child's season ticket. The commissioner of the department of resources and economic development shall make quarterly reports on season tickets issued under this section to the fiscal committee, the senate president, the speaker of the house, and governor and council.

10 Repeal. The following are repealed:

I. RSA 12-A:24-25 and 27-29, relative to state ski operations.

II. RSA 216-A:2, VI-IX, relative to duties of director of parks and recreation relative to state ski operations.

III. RSA 227:2, relative to the procurement of liability insurance for Cannon Mountain.

IV. RSA 227:10, relative to the procurement of liability insurance for Mount Sunapee.

V. RSA 227:11, relative to revenues collected in connection with tramways.

VI. RSA 227:13, relative to the establishment of rates at Cannon Mountain and Mount Sunapee.

VII. RSA 227:14, relative to reduced rates for season tickets for New Hampshire residents.

11 Contingency. The commissioner of the department of resources and economic development shall certify to the secretary of state the date that the state enters into a lease agreement for the Cannon Mountain ski area, the Mount Sunapee ski area, or both. If the state enters into lease agreements for both Cannon Mountain and Mount Sunapee, section 10 of this act shall take effect upon the date that both Cannon Mountain and Mount Sunapee are subject to such lease agreements and sections 2-9 shall not take effect. If the state enters into a lease agreement for Cannon Mountain but not for Mount Sunapee, sections 2, 4, 6, and 8, and paragraph III of section 10 of this act shall take effect upon the date that Cannon Mountain is subject to such a lease agreement and sections 3, 5, 7, and 9, and paragraphs I-II and IV-VII of section 10 shall not take effect. If the state enters into a lease agreement for Mount Sunapee but not for Cannon Mountain, sections 3, 5, 7, and 9, and paragraphs IV and V of section 10 of this act shall take effect upon the date that Mount Sunapee is subject to such a lease agreement and sections 2, 4, 6 and 8, and paragraphs I-III and VI-VII of section 10 shall not take effect. If the state does not enter into a lease agreement for either Cannon Mountain or Mount Sunapee, sections 2-10 shall not take effect.

12 Effective Date.

I. Sections 2-10 of this act shall take effect as provided in section 11.

II. The remainder of this act shall take effect upon its passage.

AMENDED ANALYSIS

This bill amends or repeals laws relative to management of state ski areas by the department of resources and economic development. This bill also exempts state-owned ski areas operated by a lessee from the admission without charge law. Various provisions in this bill are contingent upon the lease arrangements for the Mount Sunapee and Cannon Mountain ski area operations. Referred to Finance.

HB 1412, relative to increasing the administrative fine for violations of wetlands laws. **INEXPEDIENT TO LEGISLATE**

Rep. Rudolf A. Adler for Resources, Recreation and Development: This bill proposed to increase administrative fines imposed by the Commissioner of the Department of Environmental Services from the present upper limit of \$2,000 for each offense to \$10,000 for each offense. Testimony included the value of oceanfront property relative to the fine level. While there was some merit based on individual situations the imposition of a "one size fits all" fine across the state would be severe in the extreme. The committee felt that fair and expeditious enforcement using present rules must be applied before any increased fine is contemplated. Vote 17-2.

HB 1531-FN, relative to reimbursement for removal of petroleum storage facilities from the oil pollution control fund. **OUGHT TO PASS WITH AMENDMENT**

Rep. Michael D. Whalley for Resources, Recreation and Development: This bill provides for reimbursement for removal of petroleum storage facilities from the oil pollution control fund. As amended this bill would place a lien on the real property for all costs incurred by the Department of Environmental Services in removing underground storage facilities or other petroleum storage facilities. The lien shall arise at the time such costs are incurred by the department and shall continue until the liability for such costs, including interest is satisfied. The lien may be foreclosed in accordance with the provisions of law relating to foreclosure of mortgages on real estate when there is a transfer of the property or when any petroleum storage facilities are reinstalled on the property. Further, any claims determined by the oil fund disbursement board to be eligible for reimbursement of cleanup costs or damages to third parties shall be exempt from the law imposing double damages. Vote 19-0.

Amendment (0706h)

Amend the bill by inserting after section 1 the following and renumbering the original section 2 to read as 5:

2 New Paragraph; Oil Spillage in Public Waters; Strict Liability for Containment, Cleanup and Removal Costs; Removal of Storage Facilities. Amend RSA 146-A:3-a by inserting after paragraph I the following new paragraph:

I-a.(a) Any operator or person who has legal ownership of real property upon which underground storage facilities or other petroleum storage facilities which are not in compliance with the requirements of RSA 146-A or RSA 146-C are located shall be strictly liable for the costs of removal. The department shall have a lien upon the real property for all costs incurred by the department in removing underground storage facilities or other petroleum storage facilities pursuant to RSA 146-A:11-a, III(f) from the real property, including interest calculated pursuant to RSA 336:1, II where such costs are not paid as prescribed by the department. Such lien shall arise at the time such costs are incurred by the department and shall continue until the liability for such costs, including interest is satisfied or becomes unenforceable. The lien shall become valid and effective against the real property upon the department's recordation of a notice of lien in the registry of deeds for the county in which the real property is located. The notice of lien shall identify the legal owner of record by name and address, the location of the real estate from which the facility was removed by the department, and the amount of the lien. The department shall send a copy of the notice of lien to the person identified in the notice at the address set forth in the notice by certified mail, return receipt requested, postage prepaid. There shall be no charge for filing the department's notice of lien. The fee for discharging the notice of lien shall be borne by the person identified in the notice of lien. The lien provided for by this section may be foreclosed in accordance with the provisions of law relating to foreclosure of mortgages on real estate upon violation of subparagraph I-a(b) of this section or upon transfer of title to the real estate

(b) Installation or replacement of underground storage facilities or other petroleum storage facilities regulated under RSA 146-A or RSA 146-C which contain or are designed to contain gasoline or diesel product on real property subject to a lien under this section shall be prohibited until such lien is discharged.

3 New Paragraph; Oil Discharge and Disposal Cleanup Fund; Penalties; Lien for Liability to Fund. Amend RSA 146-D:7 by inserting after paragraph I the following new paragraph:

I-a. Where any liability to a fund under RSA 146-D:6, RSA 146-E:6, or RSA 146-F:5 is not paid as prescribed by the oil fund disbursement board, the amount, including interest together with the costs that may accrue in addition thereto, shall become a lien in favor of the board upon all property and rights to property, whether real or personal, in the same manner as that prescribed in RSA 260:63 through RSA 260:65-a, which provisions shall govern the board's imposition and enforcement of the lien created by this section.

4 Oil Spillage in Public Waters; Tort Liability to Third Persons; Certain Claims Exempted. Amend RSA 146-A:10 to read as follows:

146-A:10 Tort Liability to Third Persons. Any person who negligently or intentionally discharges or spills oil into or on the waters of any lake, pond, river, stream, or into tidal waters or into the groundwater of the state which causes damage to the property of another shall be liable in tort to

the person whose property is so damaged in double the amount of the damages sustained by ~~him~~*that person. This section shall not apply to claims determined by the oil fund disbursement board to be eligible for reimbursement of cleanup costs or damages to third parties pursuant to RSA 146-D, RSA 146-E, or RSA 146-F.*

AMENDED ANALYSIS

This bill provides for reimbursement for removal of petroleum storage facilities from the oil pollution control fund. This bill makes operators or property owners strictly liable for removal of petroleum storage facilities that do not comply with RSA 146-A or RSA 146-C, creates a lien in favor of the department of environmental services upon the property for costs incurred by the department in removing such facilities, and prohibits the installation or replacement of petroleum storage facilities on real property subject to such a lien. This bill also creates a lien in favor of the oil fund disbursement board for certain liabilities to the fund and exempts certain claims from the law imposing double damages on persons negligently or intentionally discharging or spilling oil into or on public waters.

HB 1223-FN, repealing the alternative fuel motor vehicle law. OUGHT TO PASS

Rep. Jeffrey C. MacGillivray for Science, Technology and Energy: This bill repeals the twice-delayed alternative fuel motor vehicle law. This bill is a request of the Governor's Office of Energy and Community Services. Most of this law conflicts with a self-enforcing federal law, so this law is not necessary. The remaining environmental benefits have already been replaced by other air pollution emission reductions. Vote 17-0.

HB 1527, relative to unauthorized switching of service providers by utilities and clarifying the definition of "telephone cloning paraphernalia." OUGHT TO PASS WITH AMENDMENT

Rep. John H. Thomas for Science, Technology and Energy: The committee felt that the practice of "slamming" is becoming a problem in New Hampshire that should be addressed and that a substantial financial penalty will certainly reduce such activity. The committee also felt that the PUC should have determination in considering "intent" in the case of erroneous switching of telephone services. It has also been determined that the cloning issue has been addressed in another bill. Vote 18-0.

Amendment (0652h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to unauthorized switching of telecommunications or energy-related service providers.

Amend the bill by replacing all after the enacting clause with the following:

1 Findings. The general court finds that with increased competition in the provision of telecommunications and energy related services, there is a greater likelihood of unethical or questionable marketing tactics. The public utilities commission should provide assurance to consumers that they may not be switched to another carrier or provider without the express permission of the customer.

2 New Section; Public Utilities; Slamming Prohibited. Amend RSA 374 by inserting after section 28 the following new section:

374:28-a Slamming Prohibited.

I. "Slamming" is any practice that changes a consumer's telecommunications or energy-related service carrier or provider without the customer's knowledge or consent. For purposes of this section, a "customer" shall mean the person to whom the telecommunications or energy-related services are billed.

II. No person shall engage in slamming. Any person that engages in slamming shall be subject to an administrative fine in an amount to be determined by the commission, not to exceed \$2,000 per offense. The commission may consider intent as a factor when assessing administrative fines.

III. The commission, upon its own motion or upon petition of any interested party, may withdraw the person's authorization to engage in business in all or any part of the territory in which it is authorized to operate whenever it shall find, after notice and public hearing, that said person has engaged in slamming.

IV. The commission shall adopt rules, pursuant to RSA 541-A, and consistent with rules adopted by the Federal Communications Commission regarding telecommunications slamming, to enforce the provisions of this section.

3 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill prohibits unauthorized switching of telecommunications or energy-related service providers.

HB 1535, relative to local telephone calling areas and long distance access charges. **REFER FOR INTERIM STUDY**

Rep. John H. Thomas for Science, Technology and Energy: The committee, considering the fact that there is a major proposal before the Public Utilities Commission that it has not had enough time yet to fully consider, decided to recommend Interim Study. Vote 18-0.

HB 1630-FN, relative to the transportation of high-level radioactive waste. **OUGHT TO PASS WITH AMENDMENT**

Rep. Terie T. Norelli for Science, Technology and Energy: This bill responds to anticipated transport of high-level radioactive waste within or through the State of New Hampshire as a result of pending federal legislation creating a temporary repository for such waste in Nevada. This bill provides for the coordination of such shipments by authorizing the Department of Safety to engage in a permitting process to assure notification, compliance, financial responsibility, route coordination, and submission to the jurisdiction of courts of this state. It is intended that fees from the permit process would offset any cost to the state. The amendment addresses all modes of transport involved, insures consistency with all applicable federal regulations and includes a requirement to coordinate with other responsible agencies. Vote 18-0.

Amendment (0741h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Chapter; Transportation of High Level Radioactive Waste. Amend RSA by inserting after chapter 107-C the following new chapter:

CHAPTER 107-D

TRANSPORTATION OF HIGH LEVEL RADIOACTIVE WASTE

107-D:1 Definitions. As used in this chapter, the term:

I. "Carrier" means any person engaged in the transportation on the public roads or by water or by railroads in this state of goods or property in, to, or through this state, whether or not such transportation is for hire.

II. "Cask" means a package certified by the United States Nuclear Regulatory Commission for the transportation of irradiated reactor fuel or high-level radioactive waste.

III. "Commissioner" means the commissioner of the department of safety.

IV. "Department" means the department of safety.

V. "High-level radioactive waste" means:

(a) The highly radioactive material resulting from the reprocessing of irradiated reactor fuel, including liquid waste produced directly in reprocessing and any solid material derived from such liquid waste that contains fission products in sufficient concentrations;

(b) The highly radioactive material resulting from atomic energy defense activities; and

(c) Any other highly radioactive material, greater than class C in accordance with Title 10, Code of Federal Regulations, that the Nuclear Regulatory Commission, consistent with existing law, determines by rule requires permanent isolation.

VI. "Person" includes any individual, corporation, partnership, association, state, municipality, political subdivision of a state, and any agency or instrumentality of the United States government or any other entity and includes any officer, agent, or employee of any of the above.

VII. "Shipper" means any person who arranges for, provides for, solicits a carrier for, consigns to a carrier for, or contracts with a carrier for shipment or transport of goods or property.

VIII. "Irradiated reactor fuel" means irradiated reactor fuel in accordance with Title 10, Code of Federal Regulations.

107-D:2 Transportation of High-Level Radioactive Waste; Requirements; Rulemaking.

I. Notwithstanding any other provision of law to the contrary, any carrier transporting high-level radioactive waste shall be subject to the requirements of this chapter.

II. No person, including the state or any agency thereof, shall transport high-level radioactive waste in, to, or through this state on the public roads of this state or by water or by any railroad in

this state, whether or not the transportation originated in this state; nor shall any person deliver in this state any high-level radioactive waste to any person for transportation; nor shall any such person accept any high-level radioactive waste for transportation in this state without compliance with the following requirements:

(a) Such high-level radioactive waste shall be packaged, marked, labeled, handled, loaded, unloaded, stored, detained, transported, placarded, and monitored in compliance with rules adopted by the commissioner pursuant to RSA 541-A and consistent with federal law.

(b) Compliance with any rules shall be in addition to and supplemental of other regulations of the United States Department of Transportation, United States Nuclear Regulatory Commission, and any other laws or rules of an agency of this state, applicable to such persons.

III. The commissioner shall adopt rules pursuant to RSA 541-A such that no person shall arrange for the transportation of or cause to be transported in, to, or through this state on the public roads or by water or by any railroad in this state any high-level radioactive waste unless such person shall notify the commissioner or designee in accordance with such rules.

IV. Knowledge by a shipper that a carrier proposes to transport high-level radioactive waste in or through this state on the public roads or by water or by railroad in this state shall be sufficient contact with this state to subject such shipper to the jurisdiction of the courts of this state with respect to such transport.

107-D:3 Permit Required.

I. No transportation of high-level radioactive waste shall take place in or through this state until the commissioner or designee issues a permit authorizing the applicant to operate or move upon the state's public roads, waters, or railways a motor vehicle, combination of vehicles, vessels, or rail carrier which carry high-level radioactive wastes. The commissioner or designee may recommend changes to the United States Department of Energy in the proposed dates, times, routes, detention, holding, or storage of such materials during transport as necessary to maximize protection of the public health, safety, or welfare, or of the environment. The commissioner is authorized to adopt reasonable rules which are necessary or desirable in governing the issuance of permits.

II. The department shall require as a condition of any permit, to the extent not inconsistent with federal law, the following:

(a) Each permit application and permit shall contain documentation of the carrier's federal safety rating, proof of federally required liability insurance, and a nuclear incident prevention plan and a cleanup plan acceptable to the commissioner and containing at least the following:

(1) Identification of each route and shipment to which such permit is applicable;

(2) Identification of emergency response personnel accompanying each shipment, and emergency response personnel and resources available along each route;

(3) The name, address, and emergency response training record of emergency response personnel to accompany each shipment; and

(4) Identification of foreseeable accident and shipment disruption scenarios, including worst-case scenarios, with consideration of existing studies conducted by the Nuclear Regulatory Commission, the United States Department of Energy, or other federal agencies, and written response scenarios applicable to each such accident or disruption scenario.

(b) Each permit application and permit shall specify the route to be followed for each shipment covered by such permit. Any deviation from the designated permit route shall be reported at the earliest practicable time to the department.

(c) Routes identified on such applications and permits shall be consistent with all applicable state and federal laws, rules, and regulations, and each route shall be the safest practicable route calculated to minimize the potential exposure of members of the public to the shipment while maximizing availability of emergency response personnel and resources along the route. The department shall conduct at least one public hearing to the extent not inconsistent with federal law on each proposed shipment route before issuing a permit.

(d) Each permit application and permit shall list the number of casks of high-level radioactive waste to be shipped under said permit and shall identify the type and quantity of material contained in each cask, the origin and destination of each cask, and the identifying serial number of each cask.

III. All carriers of high-level radioactive waste are required to notify the department at least 7 days prior to the transportation within this state, identifying the permit under which such waste shall be shipped and the origin, destination, and place and approximate time of entry into and exit from the state, as appropriate.

IV. The commissioner or designee may issue:

(a) An annual permit which shall allow vehicles, vessels, or rail carriers transporting high-level radioactive waste to be operated on the public roads, waters, or railroads in this state for 12 months from the date the permit is issued.

(b) A single-trip permit to any vehicle, vessel, or rail carrier.

107-D:4 Fees.

I. The department shall establish in rules adopted by the commissioner pursuant to RSA 541-A the fees for the issuance of permits.

II. A fee shall be paid by the owner of the shipment for the purpose of defraying the expenses of the department in inspection, regulation, management, and training involving such shipments.

III. A shipment fee for high-level radioactive waste shall be paid at least 7 days before the shipment is made, or at the time of inspections provided for in RSA 107-D:5.

IV. Failure to pay the fee shall subject the carrier and the owner of the shipment to a civil action for the recovery of the amount of such fee, plus costs and a reasonable attorneys' fee, for which the carrier and owner shall be jointly and severally liable. Such action may be filed in the superior court of the county in which the shipment originated or in which it was or should have been inspected pursuant to RSA 107-D:5. Operating as a carrier engaged in the transportation of irradiated reactor fuel or high-level nuclear waste in this state or shipping irradiated reactor fuel or high-level nuclear waste on the public highways or by water or on the railroads of this state shall constitute submission to the jurisdiction of the courts of this state for the purposes of such an action.

107-D:5 Inspections. All carriers transporting irradiated reactor fuel or high-level radioactive waste entering the state may be subject to inspection by personnel designated by the commissioner. Shipments may be subject to inspection at the point of origin by personnel designated by the commissioner. All such inspections shall require the carrier to conform to all applicable federal safety regulations, and in the event that the United States Department of Energy adopts the Enhanced North American Standard Inspection for Transportation of Radioactive Materials, to the requirements of those standards.

107-D:6 Bond Required. Notwithstanding any other provisions of law, a bond or indemnity insurance required of carriers shall be established in rules adopted by the commissioner pursuant to RSA 541-A and shall, for all persons subject to this chapter, whether intrastate or interstate carriers, be at least in the maximum amount or amounts authorized or required by federal law or regulations. The department shall require applicants for permits for the transportation of high-level radioactive waste, as a condition of the granting of any such permit, to verify possession of a bond or indemnity insurance in at least the amount of \$25,000,000.

107-D:7 Application; Exceptions.

I. Notwithstanding any other provisions of this chapter, the department is authorized to establish such exceptions or exemptions from the requirements of this chapter, or any provision hereof, for such kinds, quantities, types, or shipments of high-level radioactive waste as it shall deem appropriate, consistent with the protection of the public health, safety, and welfare.

II. This chapter shall not apply to transportation of radioactive materials shipped by or for the federal government for military, national security, or national defense purposes.

107-D:8 Recovery for Damage. In the event of any damage to state property or any discharge of high-level radioactive waste from the authorized shipping package or container or any threat of such discharge which results from the transportation, storage, holding, detention, delivery for transportation, or acceptance for transportation of high-level radioactive waste in this state, the state may recover from any shipper, carrier, bailor, bailee, or any other person responsible for such storage, transportation, holding, detention, delivery, or acceptance all costs incurred by the state in the reparation of the damage and all costs incurred in the prevention, abatement, or removal of any such discharge or threatened discharge, including reasonable attorney's fees incurred with respect to recovery.

107-D:9 Coordination with Other Agencies. The department is expressly authorized to coordinate with or to contract with the office of emergency management established in RSA 107-C and with other state agencies or departments, including but not limited to the department of transportation and the department of health and human services, to perform any activities necessary to implement this chapter.

107-D:10 Penalty. In addition to any other liability imposed by law, any person who violates any provision of this chapter shall be guilty of a misdemeanor if a natural person or a felony if any other person.

2 Effective Date. This act shall take effect January 1, 1999.

AMENDED ANALYSIS

This bill provides for the department of safety to coordinate and regulate the transportation of high level radioactive waste by highway, water, or rail in the state.
Referred to Finance.

HB 1632-FN-A-L, promoting the development of telecommunications planning and coordination at a statewide level, establishing incentives for local government investment in telecommunications infrastructure, and permitting local governments to franchise or otherwise levy and collect payments for use of the rights-of-way. REFER FOR INTERIM STUDY

Rep. John H. Thomas for Science, Technology and Energy: This bill came to committee quite differently than how it ended after proposed amendments. There was very little support for revenue generation instruments for a municipality. After amendments, the bill essentially considered compensation for damages and a penalty clause. The committee felt that the questions raised by the meaning of adequate compensation are too great to be answered in the time left for reporting the bill Vote 18-0.

HJR 20, finding that the contract requiring Public Service Company of NH to assume financial responsibility for a decision by Northeast Utilities to acquire additional nuclear generating capacity has the potential to raise PSNH rates and was executed in violation of the 1989 Rate Agreement between NU and the state of New Hampshire and in violation of state law. REFER FOR INTERIM STUDY

Rep. Harold V. Lynde for Science, Technology and Energy: This resolution raises significant questions on the validity of a modification to the rate agreement between PSNH and the State of N.H. This modification affects costs associated with the base rate and decommissioning and impacts the stranded cost value of PSNH. The prime sponsor of this resolution presented extensive data in support of the substance of the resolution. The committee felt the issue was of sufficient import to require a thorough review of the data provided, which could not be done adequately in the time allotted, and, therefore, recommends the resolution be sent to interim study. Vote 16-0.

HJR 23, supporting the state's petition to the federal EPA to reduce interstate transport of air pollutants from other states, requesting that Congress make certain changes in the federal Clean Air Act, and requesting that the EPA enforce certain existing provisions of the Clean Air Act regarding interstate transport of air pollution. OUGHT TO PASS WITH AMENDMENT

Rep. Jeffrey C. MacGillivray for Science, Technology and Energy: This resolution supports the state's "Clean Air Act section 126" petition to EPA of August 1997, in conjunction with eight (8) other northeastern states, to request EPA to require air pollution emission reductions from up-wind stationary sources. The resolution also suggests that the Federal Clean Air Act be amended to allow such petitions to refer to non-stationary sources as well, and resolves that EPA should exercise its duty under the Clean Air Act to require up-wind states to submit plans which reduce emissions by a sufficient amount to allow New Hampshire to attain national air standards. The amendment corrects typographic errors in the original draft. Vote 18-0.

Amendment (0688h)

Amend the resolution by replacing all after the resolving clause with the following:

That the New Hampshire Senate and House of Representatives support the section 126 petition filed by the state of New Hampshire in August 1997; and

That the federal Clean Air Act should be amended so that section 126 petitions may refer not only to stationary sources and groups of stationary sources, but also to non-stationary sources and groups of non-stationary sources; and

That the EPA should exercise its duty under section 110 of the federal Clean Air Act to require states to submit plans consistent with attainment of the national air standards in their own state and in all areas downwind from them; and to refuse to accept plans containing emissions which significantly contribute to non-attainment of the national air standards in areas downwind, by determining what total reductions are needed to attain the standards and then apportioning the responsibility for reductions in a cost-effective equitable manner among all states that contribute significantly to non-attainment; and

That copies of this resolution be sent by the house clerk to the President of the United States, the President of the United States Senate, the Speaker of the United States House of Representa-

tives, the chairpersons of committees of the United States Congress having jurisdiction over the Clean Air Act, the Administrator of the United States Environmental Protection Agency, and each member of the New Hampshire congressional delegation.

HCR 25, requesting the U.S. Postal Service to issue a stamp commemorating the 200th anniversary of the United States naval shipyards. **OUGHT TO PASS**

Rep. Dennis H. Fields for State-Federal Relations and Veterans Affairs: The shipyards past and present have a great sense of pride in their accomplishments to keep our Navy strong and our country free, therefore a stamp commemorating the 200th anniversary of the United States Naval Shipyards is appropriate. Vote 12-0.

HB 1114, relative to registration procedures for the use of antique plates. **OUGHT TO PASS WITH AMENDMENT**

Rep. Robert J. Letourneau for Transportation: This legislation is a request of citizens who own and operate antique automobiles and motorcycles. It will allow the use of plates issued the year of manufacture to be displayed on the front of the vehicle. Surrounding states currently have these laws on the books, and it would be a convenience for New Hampshire citizens who collect and display these vehicles. This bill is revenue neutral and endorsed by the Department of Safety. Vote 15-0.

Amendment (0685h)

Amend RSA 261:89-a as inserted by section 1 of the bill by replacing it with the following:

261: 89-a Antique Motor ~~[ear]~~ *Vehicle or Motorcycle* Plates. The director may permit the owner of an antique motor ~~[ear]~~ *vehicle or motorcycle*, as defined in RSA 259:4, to use a registration plate which was issued in the same year that the antique motor ~~[ear]~~ *vehicle or motorcycle* was manufactured, provided the ~~[owner obtains a permit issued pursuant to this section stating that the date of manufacture was 1942 or earlier, the]~~ motor ~~[ear]~~ *vehicle or motorcycle* is registered as an antique motor ~~[ear]~~ *vehicle or motorcycle* under this chapter, and the number of the antique plate is recorded with the director. Any antique motor ~~[ear]~~ *vehicle or motorcycle* bearing a registration plate with the year of manufacture shall also carry, within it, a valid antique motor ~~[ear]~~ *vehicle or motorcycle* registration certificate and a permit issued under this section. ~~[The registration plate from 1942 or earlier shall be affixed to the front of the antique motor ear].~~ The registration plate matching the registration certificate shall be affixed to the rear of the antique motor ~~[ear]~~ *vehicle or motorcycle*. *The registration plate which was issued in the same year that the antique motor vehicle was manufactured shall be affixed to the front of the antique motor vehicle and may be affixed to either the front or rear of the antique motorcycle, provided it is not placed in a location where the registration plate is normally affixed.*

HB 1198, relative to the registration of vehicles owned by trusts. **OUGHT TO PASS**

Rep. Robert J. Letourneau for Transportation: The intent of this legislation is to enable those who have vehicles owned by a trust to register those vehicles in the birth month of the first person listed on that registration. They may also continue to register their vehicles as they do now. This is enabling legislation only. Currently, there is a formula used by the Department of Safety to determine the registration date. Many citizens have asked to change this for convenience. The only opposition to this bill was question of the ownership status. The committee asked for and received an opinion from a trust company that there was no problem or burden in the administration of the trust by this bill. Vote 18-0.

HB 1201-FN, relative to the use of motor vehicle repair plates. **OUGHT TO PASS WITH AMENDMENT**

Rep. Larry J. Cossette for Transportation: Last year a restructuring of the dealer, utility, wholesale and transport plates was instituted by this committee and the legislature. The one plate not addressed was the repair plate. After receiving numerous complaints by business concerns that state enforcement officers were restricting the use of these plates solely by their narrow interpretation of the current law, this bill will clarify the use of who can use them and for what purpose. The bill also allows for a supplemental utility plate; because of last year's changes some tractor and construction equipment dealers were being deprived the use of these plates. This bill will correct that problem. A further purpose of this bill is to help the small business concerns that depend on these plates to make a living. Vote 18-0.

Amendment (0610h)

Amend the bill by replacing all after the enacting clause with the following:

1 Definition of Repairer Modified. Amend RSA 259:87 to read as follows:

259:87 Repairer. "Repairer" shall mean any person who is ~~[actively and regularly engaged in the business of rebuilding, or repairing, vehicles]~~ *principally engaged in the motor vehicle business, but who is not a dealer and who has an established place of business.*

2 Utility Plate Use Modified. Amend RSA 261:121 to read as follows:

261:121 Use of Utility Plates.

I. Utility registration shall be used only for moving non-motorized vehicles or chassis with specialized equipment which are either owned or not owned by the utility dealer for business purposes, including but not limited to delivery, demonstration, sale, or repair.

II. A supplemental utility plate may be issued to a utility dealer for the sole purpose of allowing a customer to test drive motor vehicles taken in trade.

3 Application for Repairer Registration; Use Modified. Amend RSA 261:136 to read as follows:

261:136 Application for Repairer Registration. A repairer may make application to the department, upon blanks furnished by it for that purpose, ~~[for a general distinguishing number for use of any unregistered motor vehicle not owned by him and temporarily in his custody for no other purpose than the trial or adjustment of such motor vehicle, and for use upon any motor vehicle owned by him and used in direct connection with his repair business for service or towing purposes only. The director may, if he is satisfied with the facts stated in the application, issue to the applicant a certificate of registration containing the name, residence, and address of such applicant and the distinguishing number assigned, and such other information as the director may determine.]~~ *and for a supplemental repair plate.*

4 New Section; Use of Repairer Registration. Amend RSA 261 by inserting after section 136 the following new section:

261:136-a Use of Repairer Registration.

I. A repairer may use a repairer registration on unregistered vehicles not owned by the repairer and temporarily in the repairer's custody for transport to or from the repair facility for the purposes of repair, adjustment, reconditioning, or to install after market equipment.

II. The repairer may use a repair plate on tow trucks or service vehicles, provided the vehicle is clearly marked not for hire.

III. The repairer may use a supplemental repair plate on vehicles owned by the repairer and offered for sale for the sole purpose of allowing a customer to test drive the vehicle.

IV. A repairer shall not make personal use of the repair plate or the supplemental repair plate.

5 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill modifies the definition of "repairer" to include those persons who reupholster motor vehicles. The bill also authorizes repairers to use repairer registration numbers to deliver vehicles and creates a new section defining the appropriate uses of a repairer registration.

HB 1232-FN, establishing a procedure for the proposal of special license plates which designate the proceeds for use by a state agency. **REFER FOR INTERIM STUDY**

Rep. Sherman A. Packard for Transportation: This bill was an attempt to set up criteria for affinity groups or organizations who want the Dept. of Safety to issue them special license plates and have a portion of the extra fee charged directed to a particular cause. This committee has wrestled with this issue for years, and up to now we have been unable to come up with a solution that is acceptable to the dozens of special requesting groups, law enforcement and the Dept. of Safety. Realizing that the main purpose of license plates is for identification by law enforcement, and that the Dept. of Safety is in the process of manufacturing a new general issuance of license plates making it impossible to produce any special plates at this time, the committee felt that it would make sense to continue to try to come up with some solution to the problem. Vote 16-0.

HB 1305, requiring persons using roller blades, roller skates, and skateboards to adhere to the rules of the road. **INEXPEDIENT TO LEGISLATE**

Rep. Ralph L. Akins for Transportation: The committee recognized that roller blades and in-line skates being used on roadways is a problem. However, their use is not an allowed use on roadways

currently, and, therefore, to add them to a section of law governing bicycles is not necessary or appropriate. Towns and cities already have the power to make ordinances, bylaws and regulations respecting their use. The committee concluded that this bill was unnecessary. Vote 14-1.

HB 1345, relative to school crosswalks. **OUGHT TO PASS WITH AMENDMENT**

Rep. Robert J. Letourneau for Transportation: This legislation is the result of a continuing problem in this state - drivers who refuse to stop for school crossing guards. This legislation is imperative for the safety of our children and those who dedicate their service to those children. This legislation is supported by the departments of education and safety, law enforcement and the insurance community. The amendment is a clean-up of the original language. Vote 16-0.

Amendment (0687h)

Amend the title of the bill by replacing it with the following:

AN ACT requiring drivers of motor vehicles to obey school crossing guards.

Amend the bill by replacing all after the enacting clause with the following:

1 New Section; Obedience to School Crossing Guards. Amend RSA 265 by inserting after section 3 the following new section:

265:3-a Obedience to School Crossing Guards.

I. The driver of any vehicle shall obey the instructions of any school crossing guard invested with authority to direct, control, or regulate traffic. If the school crossing guard is displaying a signal to stop, the driver of a vehicle upon a way shall stop the vehicle at least 25 feet before reaching such school crossing guard. The driver shall not proceed until the school crossing guard indicates that traffic may proceed and until the driver can do so safely.

II. Any person who violates the provisions of this section shall be guilty of a violation and shall be fined not more than \$100 for the first offense and not more than \$250 for any subsequent offense committed during any calendar year.

2 Effective Date. This act shall take effect September 1, 1998.

AMENDED ANALYSIS

This bill requires the driver of a motor vehicle to obey the instructions of school crossing guards and provides for penalties for failure to obey.

HB 1572, establishing a study committee relative to inter-city commuter bus transportation. **IN-EXPEDIENT TO LEGISLATE**

Rep. John W. Flanders, Sr. for Transportation: This bill's intent was to study ways to improve rider-ship and increase bus routes. It was learned from testimony and with discussions from different bus companies that these proposed routes have already been studied by private enterprise and Department of Transportation. It was found to not be profitable enough to run a regular schedule without state or federal subsidies. Thus it was felt another study would serve no useful purpose. Vote 16-2.

HB 1605, establishing a study committee on marine patrol services. **OUGHT TO PASS WITH AMENDMENT**

Rep. John W. Flanders, Sr. for Transportation: Water-sports and boating are becoming increasingly popular and important to New Hampshire's tourism industry. Marine Patrol has expanded its operations to patrolling coastal waters. Testimony from lakes' associations and the Dept. of Safety, indicated that marine patrol is unable to keep up with the increasing demands being placed upon them. The committee feels that a comprehensive study encompassing all aspects of operations and training at Marine Patrol is necessary to bring that agency up to date. Vote 18-0.

Amendment (0613h)

Amend the bill by replacing all after section 1 with the following:

2 Membership and Compensation.

I. The members of the committee shall be as follows:

(a) Four members of the house of representatives, one from the executive departments and administration committee, one from the criminal justice and public safety committee, one from the transportation committee, and one from the wildlife and marine resources committee, appointed by the speaker of the house of representatives.

(b) Four members of the senate, appointed by the president of the senate.

II. Members of the committee shall receive mileage at the legislative rate when attending to the duties of the committee.

3 Duties. The committee's charge shall include, but not be limited to, the administration, operation, financial needs, and all other functions and responsibilities of the bureau of marine patrol and the establishment of minimum educational and training standards for employment as a marine patrol officer in temporary, seasonal status.

4 Chairperson; Quorum; Meetings. The members of the study committee shall elect a chairperson from among the members. The first meeting of the committee shall be called by the first-named house member. The first meeting of the committee shall be held within 30 days of the effective date of this section. Five members of the committee shall constitute a quorum. The committee may hold hearings and meetings in Concord or elsewhere in the state as needed.

5 Report. The committee shall report its findings and any recommendations for proposed legislation to the speaker of the house of representatives, the president of the senate, the house clerk, the senate clerk, the governor, and the state library on or before November 1, 1998 and a final report on or before November 1, 1999.

6 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill establishes a study committee to examine the administration of marine patrol services and training for temporary seasonal marine patrol officers. The committee is to submit a report on or before November 1, 1998 and submit a final report on or before November 1, 1999.

HB 1436, exempting resident or landowner permissions for applications and permits for wildlife reductions on Long Island from the right to know law. **INEXPEDIENT TO LEGISLATE**
Rep. Lawrence V. Guaraldi for Wildlife and Marine Resources: The bill's sponsor agreed that this bill probably isn't necessary at this time. The bill was initiated to make it clear that persons living on Long Island who give permission to take deer on their property would not have their names released to opponents of the hunt. The Fish and Game Department, with the concurrence of the Attorney General, does not presently release those names. Consequently, the committee saw no need to enact unnecessary legislation although they concurred with the concept. Vote 10-2.

HB 1481, granting rulemaking authority to the executive director of fish and game to determine the legal length of lobsters. **OUGHT TO PASS WITH AMENDMENT**
Rep. Ronald J. Nowe for Wildlife and Marine Resources: This bill permits the minimum and maximum length of lobsters which can be taken from state waters to be determined by the Executive Director. This will allow the state to react promptly to changes required by the Atlantic State Marine Fisheries Commission. Presently, the minimum length of 3 1/4" (carapace) is set by statute. New Hampshire has no maximum length at this time. This bill will bring our state in line with Maine and all other northeastern states (as soon as Massachusetts acts). The amendment totally eliminates the original bill and makes it clear that lobsters, larger than the state maximum, and taken in off-shore federal waters, may be legally possessed, transported, and landed in the state. Vote 12-0.

Amendment (0740h)

Amend the bill by replacing all after the enacting clause with the following:

1 Legal Length of Lobsters; Rulemaking. RSA 211:27 is repealed and reenacted to read as follows:
211:27 Legal Length; Rulemaking.

I. No person may transport, buy, sell, give away, or expose for sale, or possess for any purpose, any lobster less than the minimum legal length alive or dead, cooked or uncooked, measuring from the rear of the eye socket along a line parallel to the center line of the body shell to the rear end of the body shell. The minimum legal length shall be determined in rules adopted by the executive director under RSA 211:62.

II.(a) Whoever ships, transports, carries, buys, gives away, sells or exposes for sale, or possesses for any purpose, lobster meat before or after the meat has been taken from the shell, without the tail meat being whole and intact, and of a length determined in rules adopted by the executive director under RSA 211:62, shall be guilty of a violation of this section.

(b) All lobster meat shall be delivered in containers marked as prescribed by rules adopted by the executive director.

(c) For the purpose of this paragraph lobster meat taken from the shell shall be laid out straight and measured from end to end and it shall not include the small part that is on the body end of the tail meat. Lobster meat within the shell shall be laid out straight and measured from the proximal end of the first abdominal section to the distal end of the telson.

III.(a) Notwithstanding the provisions of paragraphs I and II, no person licensed pursuant to RSA 211:18 shall take, possess, or land any lobster greater than the maximum legal length from or on the waters under the jurisdiction of the state.

(b) A person not licensed to take lobster in accordance with RSA 211:18 may possess, transport, and land in accordance with RSA 211:49-a, RSA 211:49-aa, and RSA 211:49-c lobster greater than the maximum legal length if the lobster was legally taken from waters outside the jurisdiction of the state.

(c) The maximum length shall be measured from the rear of the eye socket along a line parallel to the center line of the body shell to the rear end of the body shell. The maximum legal length shall be determined by rules adopted by the executive director under RSA 211:62.

(d) All lobster possessed in accordance with this paragraph shall be whole and intact.

2 Effective Date. This act shall take effect January 1, 1999.

AMENDED ANALYSIS

This bill provides that the executive director of fish and game shall adopt rules to determine the legal length of lobsters.

REGULAR CALENDAR

HB 1127, requiring lending institutions to allow consumers to choose their own attorneys in connection with real estate financing loans. **INEXPEDIENT TO LEGISLATE**

Rep. Anthony Syracuse for Commerce: The subject of the bill has been debated during past sessions with the same outcome. Lending institutions require as a condition for loan application that the applicant agree to pay legal fees of the lender. Federal law clearly requires the lender to advise the borrower to seek legal counsel to represent their own interests, accept or reject lender terms, or seek arrangements with another lending institution. Vote 10-3.

Adopted.

HB1286-FN, establishing a "no sales solicitation calls" list. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: REFER FOR INTERIM STUDY.**

Rep. Gregory G. Carson for the Majority of Commerce: This legislation as written does not prevent sales solicitation calls, it merely adds a redundant layer of unnecessary bureaucracy to a troublesome problem being thoroughly debated at the federal level. The bill as written requires the Consumer Protection and Antitrust Bureau of the Department of Justice to compile and maintain a list of people who do not wish to receive telephone sale solicitation calls. The Federal Communications Commission(FCC) adopted rules in 1995 which allow for state enforcement action for telecommunications companies who violate internal do-not-call-lists. Similarly, the Federal Trade Commission(FTC) adopted rules requiring non-telecommunications companies to maintain internal do-not-call-lists. In either instance, a person receiving an unwanted call merely has to say "do not call me again" and the telemarketer is prohibited from calling them again. The telemarketing industry has taken steps to regulate itself through the Direct marketing Association(DMA) which maintains the Telephone Preference Service. This free service allows a consumer to place their name on a list which is used by telemarketing companies to scrub or remove names from call lists of those not wanting to be called. Legitimate telemarketers do not want to waste time or money on calling people who are unlikely to purchase their product. In addition to the aforementioned methods, there exist several alternatives to reduce the number of unsolicited calls. There are mechanical means such as: call ID devices, devices which politely hang up on the caller so you don't have to; and there are answering machines which allow you to screen your calls. There is an option from the telephone company to block all calls which have blocked caller ID, this prevents your telephone from ringing and the telephone company plays a message stating "...this telephone number does not accept calls of this type." Presently, the largest provider of local service offers installation of caller ID and provides the caller ID box to consumers free of charge. This legislation might in fact create false expectations because it will not be effective in preventing all telemarketing calls to those who place their name on the list. Persons having paid for unlisted numbers would risk having that

privacy violated by this legislation because unscrupulous telemarketers would have access to this public document. The majority of the committee believes there is a problem with the seemingly increasing number of interruptions of these type calls during our busy lives. With the number of options mentioned, the majority agrees there are sufficient choices to diminish unsolicited calls and believes the industry will continue to create new methods to that end. The majority of the committee, however, believes the simplest method is the most effective method, just hang up the telephone. Vote 10-5.

Rep. David T. Mittelman for the Minority of Commerce: Unsolicited telemarketing calls constitute an offensive and repetitive intrusion upon the daily lives of private individuals. This vexatious practice renders people captive in their homes and powerless over their tranquillity. While some mechanisms currently exist to address this problem, they are neither thorough nor effective. The minority of the committee therefore believe that the issue of unwanted telephone solicitations is substantial enough to warrant additional study.

Majority report adopted.

HB 1301, relative to ticket scalping. INEXPEDIENT TO LEGISLATE

Rep. Gregory G. Carson for Commerce: This legislation as written does not prevent ticket scalping, it merely makes a person guilty of a violation if he or she sells a ticket for more than 15% over the original cost of a ticket to any entertainment or sporting event. It was very clear to the committee that those supporting passage of this legislation had no problem with the act of ticket scalping, they just wanted to cap profits on a free market activity. The sponsor, during his testimony, tried to make an analogy between the sale of necessities such as food, water and gasoline, when a shortage exists and the sale of niceties, such as a ticket to a sporting event. This analogy clearly does not hold true in any instance. We all know it is illegal to price gouge on necessities during a shortage. One might argue the number of Rolling Stones concert tickets are a limited commodity and therefore their price should be regulated. That line of thought, however, is a clear violation of the very cornerstone of our free market economy. Clearly there are a limited number of Picasso's and a limited number of golf clubs used by J.F.K., not everyone can afford to get into the auction, never mind place a successful bid on those items. The great equalizer in purchasing a ticket to an event is anyone can stand in line and purchase a ticket. Why should it be a concern if someone chooses to pay someone to stand in line for him or pays a company who, in turn, pays someone to stand in line for them? One's willingness to pay a premium for a ticket creates a market and employs someone otherwise not employed. In some instances, entrepreneurs have formed companies with multiple employees earning wages and paying taxes. Again, the committee wants to stress there is no factor prohibiting anyone from standing in a line and purchasing a ticket at face value, there is no price gouging of necessities and there is certainly no reason to limit entrepreneurship or free markets. Vote 14-2.

Reps. William McCarthy and Vaillancourt spoke against.

Rep. Carson spoke in favor.

Rep. Hunt spoke in favor and yielded to questions.

Rep. Vaillancourt requested a roll call; sufficiently seconded.

The question being the adoption of the report.

and the report was adopted.

Rep. Teschner did not vote and wished to be recorded in favor.

HB 1336-FN, defining medical necessity for insurance purposes. **OUGHT TO PASS WITH AMENDMENT**

Rep. Keith R. Herman for Commerce: Medical necessity is the term health carriers use when reviewing treatment requests and claims approval. The original bill would have put a very specific

definition of medical necessity into the statutes. The committee feels allowing the NH Insurance Department to review and approve individual definitions of medical necessity forces a continual review of the issue and reflects the evolution of the health care industry. The amendment also requires the health carriers to disclose their definition in clear, concise language to the subscriber. Vote 14-0.

Amendment (0736h)

Amend the title of the bill by replacing it with the following:

AN ACT defining medical necessity for managed care insurance purposes.

Amend the bill by replacing all after the enacting clause with the following:

1 New Section; Filing Requirements for Medical Necessity Definitions. Amend RSA 420-J by inserting after section 7 the following new section:

420-J:7-a Filing Requirements for Medical Necessity Definitions.

I. A health carrier shall maintain a definition of medical necessity and shall file with the insurance department a copy of the health carrier's definition of medical necessity. Any subsequent modifications to the definition also shall be filed. The department shall have 60 days after such filing to object to a health carrier's definition of medical necessity; provided that if the department does not object within the 60-day period, such definition shall be deemed approved.

II. A health carrier shall provide a copy of the health benefit plan's medical necessity definition set forth in or attached to the policy, certificate, membership booklet, or other evidence of coverage provided to covered persons. The definition shall be written in easily understandable language, and shall be referenced in any table of contents of the above mentioned materials.

2 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill requires health carriers offering managed care plans to define "medical necessity" and to file such definition for approval by the insurance department.

Adopted.

Report adopted and ordered to third reading.

HB 1540-FN, allowing non-banks to establish cash dispensing machines. OUGHT TO PASS WITH AMENDMENT

Rep. David T. Mittelman for Commerce: This bill establishes a legal environment in which Automated Teller Machine (ATM) services can be provided by entities other than banks or credit unions. It is the product of a study committee and has the support of the retail merchants, retail grocers, and even the banking industry itself. Technologically, these private ATMs operate much the same as the "point of sale" devices currently available at gas pumps and supermarket check-out lines. Legally, federal law and network policies already exist to address error resolution and fraud prevention. This bill adds to these consumer protections by means of an extensive disclosure system. The experiences of other states indicate few if any problems or complaints involving these machines. Moreover, it is not uncommon for merchant-owned ATMs to be offered without any surcharge fee, as a means of drawing customers into a store. Indeed, consumers will be the ultimate beneficiary of non-bank ATMs due to increased competition and greater choice. Vote 15-0.

Amendment (0572h)

Amend RSA 399-F:4, I(b) as inserted by section 1 of the bill by replacing it with the following:

(b) A disclaimer indicating that the operator is not a bank nor a credit union; and

Amend the bill by replacing section 2 with the following:

2 Repeal. The following are repealed:

I. RSA 384-B:7, IV, relative to operation of electronic devices or machines by persons other than banks or credit unions.

II. 1997, 301:9 and 1997, 301:10, II, relative to the prospective repeal of RSA 384-B:7, IV.

3 Effective Date. This act shall take effect 60 days after its passage.

Adopted.

Report adopted and ordered to third reading.

HB 1578-FN, establishing the New Hampshire returnable beverage container law. **INEXPEDIENT TO LEGISLATE**

Reps. Barbara L. Spear and Keith R. Herman for Commerce: With so much emphasis and education on recycling, the committee felt it was not necessary to institute a returnable beverage container law. There would also be an income loss to some municipalities as consumers would return aluminum cans for refunds. Vote 12-1.

Rep. Lovett spoke against.

Rep. Spear spoke in favor.

On a division vote, 194 members having voted in the affirmative and 90 in the negative, the report was adopted.

HB 1226-FN, creating the educational credential of master teacher. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Iris Estabrook for the Majority of Education: This bill, as amended, directs the State Board of Education to create an advanced teaching credential, Master Teacher, with requirements for academic preparation, teaching experience and demonstrated quality teaching. The purposes of the credential are to provide experienced teachers an opportunity for professional growth and development and to allow them to act as mentors, supervisors and evaluators for teachers and to serve as a resource for their school and their district. Local school districts will determine whether, and in what capacity, Master Teachers will be utilized. Vote 15-3.

Rep. Michael F. Marcinkowski for the Minority of Education: This bill will add to the administrative level and additional cost to the district in future contract negotiations. This potential exists because the Master Teacher credential allows the holder to supervise and evaluate teachers.

Amendment (0524h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Subparagraph; State Board of Education; Rulemaking; Creating the Educational Credential of Master Teacher. Amend RSA 21-N:9, II by inserting after subparagraph (y) the following new subparagraph:

(z) Establishing the educational credential of master teacher as provided in RSA 189:14-f.

2 New Paragraph; Teaching Certification. Amend RSA 186:8 by inserting after paragraph III the following new paragraph:

IV. Certification standards for advanced teaching credentials, including administering the master teacher credential as provided in RSA 189:14-f.

3 New Paragraph; Certification Standards For The Credential of Master Teacher. Amend RSA 186:11 by inserting after paragraph XXXIV the following new paragraph:

XXXV. **CERTIFICATION STANDARDS FOR THE CREDENTIAL OF MASTER TEACHER.** Adopt rules creating the educational credential of master teacher based on the provisions of RSA 189:14-f.

4 New Section; Master Teacher. Amend RSA 189 by inserting after section 14-e the following new section:

189:14-f **Master Teacher.** The state board of education shall create the educational credential of master teacher including requirements for academic preparation, teaching experience, and demonstrated quality teaching. The purposes of this credential are to allow experienced teachers to act as mentors, supervisors, and evaluators for teachers, and to provide experienced teachers an opportunity for professional growth and development, and to serve as a resource for their school and their district. Master teachers shall have no authority to effectively recommend any personnel action. However, their activities may form the basis for an independent administrative performance review.

5 **Progress Report.** The state board of education shall report on its progress in implementing the master teacher credential no later than July 1, 1999 to the education committees of the house and senate.

6 **Effective Date.** This act shall take effect 60 days after its passage.

Adopted.

Reps. Marcinkowski and Donald White spoke against.

Rep. Estabrook spoke in favor.

Rep. O'Hearn spoke in favor and yielded to questions.

Rep. Donald White requested a roll call ; sufficiently seconded.

The question being the adoption of the majority report.

and the majority report was adopted.

Referred to Finance.

Rep. Mirski declared a conflict of interest and did not participate.

HB 1273-FN, relative to a percentage loss of state funding as a penalty for failing to comply with minimum public school standards. **REFER FOR INTERIM STUDY**

Rep. Susan B. Durham for Education: This bill is too complicated for the committee to deal with in the time available, therefore the decision is for interim study. There is an interest in minimum standards, concern about penalties for school districts, and a possible need for a definition of adequacy as determined in minimum standards. Vote 15-2.

Adopted.

HB 1526-FN-A, requiring the department of education to publish an annual report of special education statistics. **OUGHT TO PASS WITH AMENDMENT**

Rep. Clair A Snyder for Education: Although this is being developed now by the Department of Education, this bill as amended provides a vehicle to inform legislators, school districts, and the public the true revenues received to cover local special education costs. The amendment includes direction for data, criteria, and categories for reporting special education. Personally identifiable information will not be disclosed. Vote 16-0.

Amendment (0541h)

Amend the bill by replacing section 1 with the following:

I New Paragraph; Special Education Statistics Report. Amend RSA 186-C:3-a by inserting after paragraph II the following new paragraph:

II-a. In addition to the requirements of paragraph II, the division shall annually submit a report to the commissioner of the department that shows the identification of children with educational disabilities analyzed according to the following criteria: age or grade level, number of students in each disability category, and percentage of the total number of children with educational disabilities in each disability category. The report shall also include expenditures for special education as reported to the department by school districts and state and federal revenues for special education received by school districts. The first report shall include data from the 2 preceding school years. These findings shall be reported for the state and for each school district. The report shall be based on existing special education disability categories, and any other related special education data already collected within the department or the division. The commissioner shall make this report available upon request to all legislators, school officials from school districts, school administrative units, cooperative schools, AREA schools, and the general public. In preparing such reports, the department of education shall not disclose personally identifiable information.

Adopted.

Report adopted and ordered to third reading.

HB 1597-FN, relative to providing more cost-effective special education services. **OUGHT TO PASS WITH AMENDMENT**

Rep. Elizabeth K. Hoadley for Education: The amendment replaces a much longer original bill which had many features concerning special education costs. The amendment excludes special education services to persons ages 18-21 in adult correctional facilities if they had no previous individualized education program (IEP). It also requires sending school districts receive notice of court-ordered placements and allows those districts to respond with financial impacts connected with such placements. The amendment also revises procedures for appointing surrogate parents. Vote 16-0.

Amendment (0745h)

Amend the bill by replacing all after the enacting clause with the following:

1 Policy and Purpose. Amend RSA 186-C:1 to read as follows:

186-C:1 Policy and Purpose. It is hereby declared to be the policy of the state that all children in New Hampshire be provided with equal educational opportunities. It is the purpose of this chapter to insure that the state board of education and the school districts of the state provide a free and appropriate public education for all educationally disabled children *while taking into consideration the cost of that education when determining appropriateness.*

2 Definitions; Exclusion of Educationally Disabled Child. Amend RSA 186-C:2, I to read as follows:

I. "Educationally disabled child" means any person 3 years of age or older but less than 21 years of age who has been identified and evaluated by a school district according to the provisions of RSA 186-C:7 and determined to be mentally retarded, hearing impaired, speech or language impaired or both, visually impaired including blindness, seriously emotionally disturbed, orthopedically impaired, otherwise severely health impaired, deaf-blind, multi-disabled, traumatic brain injured, autistic, or as having specific learning disabilities, who because of such impairment, needs special education or special education and educationally related services. *"Educationally disabled child" shall not include a child aged 18 through 21, who, in the educational placement prior to their incarceration in an adult correctional facility was not actually identified as being a child with a disability or did not have an individualized education program.*

3 Liability for Expenses; Recommendations Required. Amend RSA 186-C:13, III to read as follows:

III. No school district shall be required to pay the expenses of the education program of a child adjudicated under RSA 169-B, 169-C, or 169-D except as provided by RSA 186-C. *The sending district shall be notified of a court ordered placement of a child adjudicated under the provisions of RSA 169-B, 169-C, or 169-D, and may submit recommendations to the court concerning the financial impact of the placement on the sending district.*

4 Definition of Surrogate Parent Clarified; Need for Surrogate Parent Clarified. Amend RSA 186-C:14, III to read as follows:

III. DETERMINING NEED. When, in the opinion of the commissioner of education or designee, an educationally disabled child, as defined in RSA 186-C:2, needs special education and the parent or guardian of the child is unknown or unavailable, *or after reasonable efforts, cannot be located*, or the child is a ward of the state, the commissioner or designee shall appoint a surrogate parent who shall represent the child in the educational decision-making process.

5 Review Committee. The state department of education shall establish a committee to review parental consent requirements in the state standards and the structure of the state's due process hearing system. The committee shall report its findings to the house and senate education committees no later than November 1, 1998.

6 Repeal. RSA 186-C:7, IV, relative to the department of education review of individual education plans, is repealed.

7 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

With regard to the delivery of special education services, this bill:

I. Excludes children ages 18 through 21 in an adult correctional facility who were not identified as a child with a disability prior to their incarceration or did not have an individualized education program.

II. Requires that sending districts be given notice of court ordered placements, and be permitted to submit recommendations concerning the financial impact of the placement on the district.

III. Revises the procedure for appointing a surrogate parent.

IV. Requires the department of education to establish a committee to review parental consent requirements and the structure of the state's due process hearing system.

Adopted.

Report adopted and referred to Finance.

HB 1156-FN-L, relative to primary elections and absentee ballots. **OUGHT TO PASS WITH AMENDMENT**

Rep. John Root for Election Law: This bill facilitates filing of candidacy by indigents for the offices of president and vice-president, prohibits the counting of absentee ballots prior to the closing of the polls, makes special provision for the early closing of the polls in Dixville and Hart's Location, and makes other technical changes to the election laws. Vote 13-2.

Amendment (0530h)

Amend RSA 657:15 as inserted by section 3 of the bill by replacing it with the following:

657:15 Sending Absentee Ballots. When the verification required by RSA 657:12 or 657:13 has been made, the clerk shall retain the application and, without delay, personally deliver or mail to the applicant the appropriate ballot and materials as described in RSA 657:7 through 657:9 or designate an assistant to deliver such materials to the applicant. The clerk may not designate as an assistant any person who is a candidate for nomination or office or who is working for such a candidate. Any ballots sent pursuant to the provisions of this section shall be mailed or delivered only by officials from the city or town clerk's office and delivered only to the applicant. If the address to which the absent voter's ballot is sent is outside the United States or Canada, such papers shall be sent by air mail. Said clerks shall keep lists of the names and addresses, arranged by voting places, of all applicants to whom official absent voting ballots have been sent, and shall identify those official absent voting ballots which have been returned to the clerk. ~~[Copies of said lists with names only shall be posted at the polling places on the day of election as provided in RSA 658:27.]~~ *Candidates whose names appear on the ballot may obtain copies of such lists; the lists shall not be available for public inspection at any time without a court order.*

Adopted.

Report adopted and ordered to third reading.

HB 1204, relative to political party expenditures. OUGHT TO PASS

Rep. Susan W. Almy for Election Law: This bill attempts to regulate soft money at the state level in an area unclaimed by the federal government. It would stop state political parties from spending funds from undisclosed sources on promotion of individual candidates. It could not stop spending from these sources on issue advocacy ads, nor would it stop soft money expenditures on party building and getting out the vote. Thus it would encourage state political parties to concentrate more on the grass roots. The committee thought that this could have a beneficial impact on our state's political culture, as well as send a useful message to Washington. Vote 12-3.

Adopted and ordered to third reading.

HB 1207-L, relative to the disqualification of election officials. REFER FOR INTERIM STUDY

Rep. Jackie K. Weatherspoon for Election Law: This bill requires relatives not to be involved in election duties if a relative is running for office. The committee felt that the bill has merit but it still needs work. Therefore, the committee voted to refer to committee for interim study. Vote 14-3.

Adopted.

HB 1218, requiring the secretary of state to print a question to the voters relative to the public financing of political campaigns on the 1998 general election ballot. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.

Rep. Thomas I. Arnold, Jr. for the Majority of Election Law: This bill requires the Secretary of State to put a question on the ballot asking voters if they wish to give public funds to state and federal candidates as a method of campaign finance reform. The committee felt (8 to 7) that a non-binding question of this nature would be an abrogation of the legislature's responsibility to act on campaign finance bills. Vote 8-7.

Rep. Susan W. Almy for the Minority of Election Law: Like the United States Congress, this legislature has difficulty adopting meaningful campaign reform partially because the current system benefits those already in office. Although it is often said the public is not interested in the public financing of campaigns, at the hearing on the bill, two dozen citizens came out in support of the bill. By contrast, only sitting members of the House and Senate spoke in opposition. We really don't know the extent of popular support or opposition for this idea. This bill lets us hear from the electorate in the form of a non-binding referendum. In Maine, a binding referendum on this issue passed with 57% of the vote. We should give our constituents the same opportunity.

Rep. Joseph Foster spoke against and yielded to questions.

Rep. Buckley spoke in favor and yielded to questions.

On a division vote, 196 members having voted in the affirmative and 90 in the negative, the Majority report was adopted.

HB 1485, establishing a redistricting commission. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.

Rep. Thomas I. Arnold, Jr. for the Majority of Election Law: This bill establishes a redistricting commission to accomplish only the functions prescribed by RSA 662-B:13. It further provides definitions, and methods of appointment to this commission. The bill further requires that the commission publish its product to the public as well as the General Court. The bill does not address funding of the commission's activities, but does provide for multiple attempts if the first plan fails in the House or Senate. The committee voted ITL because they felt the commission would be an unnecessary bureaucratic layer which might inhibit the legislature in the execution of its charge to redistrict decennially. Vote 10-5.

Rep. Raymond C. Buckley for the Minority of Election Law: The Minority believes that the bill provides for a fair and impartial redistricting authority. We believe that redistricting election districts should be conducted in the fairest manner possible. HB 1485 establishes a commission composed of impartial citizens charged with creating districts based on population and that no district shall be drawn for the purpose of favoring a political party, incumbent legislator, or other person or group. HB 1485 also includes many other mechanisms that would create fairness to a process that has been fraught with partisan deal making. We believe the public expects such fairness as HB 1485 would establish.

Majority report adopted.

HB 1520-FN, relative to primary petitions, political expenditures, and the jurisdiction of the ballot law commission. MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. Patricia Krueger for the Majority of Election Law: This bill modifies the language required on primary petitions and replaces the notarization with a personal oath. It also considers expenditures made after January 1 of the election year be counted towards expenditure limitations in U.S. senatorial, congressional and gubernatorial races. This bill also addresses increased disclosure. Vote 11-5.

Rep. Raymond C. Buckley for the Minority of Election Law: Passage of this bill, as amended, would be akin to placing a band-aid on a cancerous sore if campaign finance reform is the true intent of the legislation. It removes the notarization of primary petitions, duplicates previously passed legislation which increases the spending limits, declares the arbitrarily established date of January 1 as the beginning date of a campaign regardless of the possibility of the reality of large expenditures by candidates previous to the January 1 date. But most egregious, the amendment removes the bill's original intent of establishing in law the process and timetable for the Secretary of State to post the campaign financial reports for the major offices on the Internet. HB 1520 as amended fails to credibly address the problems of the voluntary spending limit.

Amendment (0692h)

Amend the bill by replacing section 4 with the following:

4 Political Expenditure Limitation Amounts. Amend RSA 664:5-b to read as follows:

664:5-b Political Expenditure Limitation Amounts. Total expenditures by a candidate who voluntarily agrees to limit campaign expenditures as provided in RSA 664:5-a shall be as follows:

I. For governor:

- (a) [~~\$500,000~~] **\$625,000** in a state primary election.
- (b) [~~\$500,000~~] **\$625,000** in a state general election.

I-a. For United States senator:

- (a) [~~\$500,000~~] **\$625,000** in a state primary election.
- (b) [~~\$500,000~~] **\$625,000** in a state general election.

II. For representative to Congress:

- (a) [~~\$250,000~~] **\$350,000** in a state primary election.
- (b) [~~\$250,000~~] **\$350,000** in a state general election.

III. For executive council:

- (a) \$50,000 in a state primary election.
- (b) \$50,000 in a state general election.

IV. For state senate:

- (a) \$20,000 in a state primary election.
- (b) \$20,000 in a state general election.

V. For representative to the general court and all county offices, based upon the latest figures filed with the secretary of state:

- (a) \$.50 per registered voter in the district or the county in a state primary election.
- (b) \$.50 per registered voter in the district or the county in a state general election.

VI. For the purposes of this section, RSA 664:5-a and the enforcement provisions of this chapter, "total expenditures" shall mean the sum of all expenditures made to influence either a state primary or a state general election made by a candidate and those made on [his] *the candidate's* behalf by [his] *the candidate's* committee or committees, [his] *the candidate's* party, and [his] *the candidate's* immediate family. *For candidates for governor, United States senator, and representative to Congress, "total expenditures" shall include any such expenditures made after January 1 of the election year, regardless of when the person actually declares his or her candidacy.* Each campaign expenditure limitation amount shall apply solely and independently to either the state primary election or the state general election.

Amend the bill by deleting section 5 and renumbering the original sections 6-7 to read as 5-6, respectively.

Amend the bill by replacing section 5 with the following:

5 Campaign Disclosure Information; 1998 Election Cycle. For the 1998 election cycle, each candidate or candidate's committee for governor and executive council shall file the reports required by RSA 664:7 on a computer disk, in addition to a paper copy. Candidates or candidates' committees for state senate may file their reports, as required by RSA 664:7, on a computer disk, in addition to a paper copy. The secretary of state is encouraged to make available on the Internet all campaign reports filed on a computer disk on the third business day after the filing is due. Campaign finance filings for United States Senate and representatives to Congress shall be available through a link from the secretary of state's website to the Federal Election Commission.

AMENDED ANALYSIS

This bill:

I. Modifies the language required on primary petitions for candidates that do not voluntarily accept expenditure limitations;

II. Replaces the notarization with an oath on primary petitions;

III. Requires primary petitions to be filed alphabetically;

IV. Increases primary expenditure limitations for governor, United States senator, and representative to Congress;

V. Specifies that any expenditures made after January 1 of the election year shall be counted towards expenditure limitations for governor, United States senator, and representative to Congress, regardless of when the person actually declares his or her candidacy;

VI. Requires certain candidates to file reports on a computer disk for the 1998 election cycle; and

VII. Encourages the secretary of state to post campaign disclosure information relating to the 1998 election on the Internet.

Rep. Arndt spoke in favor.

LAIID ON THE TABLE

Rep. Joseph Foster moved that **HB 1520-FN**, relative to primary petitions, political expenditures, and the jurisdiction of the ballot law commission, be laid on the table.

Adopted.

REGULAR CALENDAR (CONT'D.)

HB 1577-FN-A, relative to campaign finance expenditure and contribution reform. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.

Rep. Patricia Krueger for the Majority of Election Law: Campaign finance reform is of great concern to the committee and sections of this bill, especially regarding greater disclosure, have merit. However, passage of this bill would have eliminated voluntary limitations in political expenditures and would have required surplus campaign contributions be donated to charitable organizations. It further prohibits political contributions from certain groups including lobbyists and unions and it also limited personal contributions and out-of-state contributions. These latter aspects of this bill compelled the majority of the committee to vote ITL. Vote 10-6.

Rep. Jane A. Clemons for the Minority of Election Law: The minority feels if we want real campaign finance reform the answer is in disclosure of money in and money out. The petitions and the spending cap have been abused consistently and the general public has demanded reform. Therefore, retaining the petitions and the spending cap is business as usual not campaign finance reform.

LAI'D ON THE TABLE

Rep. Jane Clemons moved that **HB 1577-FN-A**, relative to campaign finance expenditure and contribution reform, be laid on the table.

Adopted.

RECESS

(Speaker Sytek in the Chair)

REGULAR CALENDAR (CONT'D.)

HB 1297-FN-A, establishing a program of integrated pest management and continually appropriating an integrated pest management fund. **OUGHT TO PASS WITH AMENDMENT**

Rep. David L. Babson for Environment and Agriculture: The committee feels that the integrated pest management program which currently is being practiced by fruit growers in this state should be expanded and funded. The IPM program has drastically reduced the use of pesticides in the apple industry while producing high grade apples. The committee feels that this type of success should be recognized. The amendment deals with the funding mechanism which is from non-appropriated revenue of the Department of Agriculture Markets & Foods pesticide registration fees to be addressed in the next biennium. Vote 18-0.

Amendment (0720h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Subdivision; Integrated Pest Management Program. Amend RSA 430 by inserting after section 49 the following new subdivision:

Integrated Pest Management Program

430:50 Program Established.

I. The commissioner of the department of agriculture, markets, and food shall establish an integrated pest management program. "Integrated pest management" means a sustainable approach to managing pests by combining the use of biological, cultural, physical, and chemical tactics in a way that minimizes economic, health, and environmental risks. The purpose of the program shall be to bring about the broadest possible application of the principles of integrated pest management to agriculture, horticulture, arboriculture, landscape and building maintenance, and any other areas in which economic poisons are employed. To this end, the commissioner shall work cooperatively with the university of New Hampshire agricultural experiment station, cooperative extension and college of life sciences and agriculture; other educational institutions with competence in relevant disciplines; commodity and trade organizations; conservation groups; other governmental agencies; and private sector individuals and corporations. Wherever, possible, such research, education, and evaluation endeavors shall be conducted cooperatively by 2 or more supporting entities.

II. There is established a nonlapsing fund to be known as the integrated pest management fund. Ten percent of the pesticide registration fees collected under RSA 430:38, III shall be deposited in the fund. The fund shall only be used to support the purposes of the integrated pest management program. The state treasurer may invest moneys in the fund as provided by law and all interest received on such investment shall be credited to the fund. The commissioner shall be authorized to accept grants, gifts, and donations from any public or private sources for deposit in the fund.

III. The commissioner shall report by October 1 of each year to the house environment and agriculture committee and the senate environment committee concerning the use of the fund, the work accomplished, and the effectiveness of efforts to broaden application of integrated pest management principles throughout the state.

2 New Subparagraph; Integrated Pest Management Fund. Amend RSA 6:12, I by inserting after subparagraph (qqq) the following new subparagraph:

(rrr) Moneys collected pursuant to RSA 430:50, II which shall be deposited in the integrated pest management fund.

3 Implementation Plan. The commissioner of agriculture, markets, and food shall prepare and submit to the house environment and agriculture committee, the house finance committee, the senate environment committee, and the senate finance committee, by November 1, 1998, a detailed implementation and financial plan for the integrated pest management program.

4 Effective Date.

I. Sections 1 and 2 of this act shall take effect July 1, 1999.

II. The remainder of this act shall take effect July 1, 1998.

Adopted.

Report adopted and referred to Finance.

HB 1259-FN, relative to the salaries of security employees of certain state institutions. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.** Rep. Jon P. Beaulieu for the Majority of Executive Departments and Administration: This bill grants security personnel, pharmacists, and dietitians at the New Hampshire Hospital a salary differential of \$5.00 per week. Since RSA 99:11 was passed in 1974, the criminally insane were moved to the high security jail. The number of persons held at the hospital reduced to a third. Jobs and job descriptions have changed immeasurably. Since RSA 99:11 passed in 1974, employees engaged in the treatment and care of patients at two additional state institutions have been added to those eligible for differential pay. In 1974, Sen. Trowbridge stated for the record, "That it is the legislative intent that the person who decides who is eligible for those extra premium payments shall be the warden or appropriate administrator at the institution." The legislative intent described by Sen. Trowbridge has never been the policy utilized over the last twenty years. Gov. Thompson at the signing of this bill in 1974 expressed reservations about some provisions in the bill stating that they were discriminatory because custodial, dietary and grounds personnel were not included for the pay differential. It is recommended that the differential pay of \$5.00 per week be implemented for those three classes of employees. The total cost for the fourteen employees involved in this differential is \$3,640 per year. The money is available in the current hospital budget. Vote 10-7.

Reps. James P. Pilliod, Maurice E. Goulet and Sylvia A. Holley for Executive Departments and Administration: The minority of the committee felt that this bill would open a Pandora's box and there would be additional requests for a differential pay in the amount of \$5.00 per week. Presently, this is paid to those actively engaged in the care and treatment of patients at various state medical units. This bill adds security personnel to those receiving this additional pay. The initial motion was to pass with amendment and many in the minority preferred a vote for interim study. There seems to be some inequities in the present system and it does not square with the legislative intent of the original bill. The minority had no disagreement with the amount of the differential but only that as it was applied it created inequities. Far better to remove all the non-hazardous differentials and increase the pay for the employees appropriately.

Amendment (0567h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to salary differentials for certain employees of the New Hampshire hospital.

Amend the bill by replacing section 1 with the following:

1 Salary Differentials; New Hampshire Hospital Security Employees, Pharmacists, and Dieticians Added. Amend RSA 99:11, I to read as follows:

I. The annual salaries of classified employees who are actively engaged in the care and treatment of patients or inmates at the New Hampshire hospital, Laconia developmental services, Glenciff home for the elderly, New Hampshire veterans' home, and the youth development center, *and the security employees, pharmacists, and dieticians employed at the New Hampshire hospital*, shall be increased by a \$5 per week differential. This paragraph shall not apply to those employees who receive hazardous duty pay under RSA 99:10.

AMENDED ANALYSIS

This bill grants security personnel, pharmacists, and dieticians at the New Hampshire hospital, a salary differential of \$5 per week.

Adopted.

Majority report adopted and referred to Finance.

HB 1304-FN, relative to the qualifications and compensation of division directors of the department of environmental services. **OUGHT TO PASS**

Rep. Merton S. Dyer for Executive Departments and Administration: This bill will place the air resources, waste management and water division directors at the same salary grade and require that all will be qualified by reason of education and experience before being nominated to the governor and council for appointment. This change will delete specific qualifications for each position. This was the original intent of HB 430, Chapter 202 in 1986 but it was amended in the senate to add specific qualifications for some of the positions. The position is a managerial position that requires expertise in the field. This change will allow the agency to get qualified persons for these positions. The present qualifications unduly restrict the agency in the recruiting of directors for these positions. Some committee members felt that the requirements should be included in the requirement of a professional engineer. There are many professional engineers in the divisions now to assist the director. The requirements in the bill will not prevent the hiring of a professional engineer if the candidate has the other qualifications. Vote 12-6.

Adopted and referred to Finance.

HB 1337-FN, making technical corrections in laws related to the department of corrections. **OUGHT TO PASS WITH AMENDMENT**

Rep. Robert E. Murphy for Executive Departments and Administration: This bill, requested by the Department of Corrections, makes certain grammatical changes throughout the statutes dealing with the administration of the prison system, the most extensive of which is pluralizing the word "prison" throughout RSA 622. In addition, it includes certain substantive changes: in RSA 21-H:8 the biennial report to the governor and council will now be annual and the commissioner is directed to designate the assistant commissioner to take over in his absence; in RSA 622 equipment purchases for the support and employment of prisoners requiring approval are increased from \$1000 to \$10,000 and the bill changes from a misdemeanor to class B felony the penalty for a prison employee who knowingly allows a controlled substance to be passed to a prisoner. The final section of the bill increases the salary of the director of administration. Vote 14-3.

Amendment (0648h)

Amend RSA 622:11 as inserted by section 6 of the bill by replacing it with the following:

622:11 **Illegal Privileges.** A person employed in the prisons is guilty of a misdemeanor if he negligently suffers a prisoner to be at large, or to be visited, comforted, or relieved contrary to the regulations of the prisons or the terms of the sentence of the prisoner, *and is guilty of a class B felony if he knowingly allows a controlled substance to be passed to a prisoner.*

Amend the bill by replacing section 17 with the following:

17 Salary Change. Amend RSA 94:1-a by:

- I. Deleting in group M: director of administration, department of corrections.
- II. Inserting in group N: director of administration, department of corrections.

AMENDED ANALYSIS

This bill allows the commissioner of the department of corrections to delegate authority to the assistant commissioner in the commissioner's absence. The bill changes the penalty for a prison employee who knowingly allows a controlled substance to be passed to a prisoner from a misdemeanor to a class B felony. The bill allows the department of corrections to make certain equipment purchase of up to \$10,000 without the approval of governor and council and the fiscal committee.

The bill changes "prison" to "prisons" in the RSA chapters governing the administration of state prison facilities.

The bill also increases the salary of the director of administration of the department of corrections.

This bill was requested by the department of corrections.

Adopted.

Report adopted and referred to Finance.

HB 1377-FN, establishing a state commission on the status of men. **OUGHT TO PASS WITH AMENDMENT**

Rep. Howard C. Dickinson, Jr. for Executive Departments and Administration: The commission on the status of women has existed for the past 30 years. It has served New Hampshire women well

at very little cost. This bill was introduced to establish a commission on the status of men along similar lines. In view of the provisions which sunset this commission on September 1, 2003, and requires annual reports each November, the committee believes that a commission to serve the needs of men, as we have served the needs of women, is most appropriate at this time. Vote 14-4.

Amendment 0644h)

Amend RSA 19-H:4 - 19-H:6 as inserted by section 1 of the bill by replacing them with the following:
19-H:4 Duties. The duties of the commission shall include, but not be limited to:

I. Examining issues and effects of cultural discrimination beginning with childhood experiences and progress in public schools, and extending to include a study of male suicide and adult concerns such as family relations.

II. Studying health problems unique to men or which predominantly affect men, and making appropriate recommendations.

III. Promoting initiatives and programs that will enable men to develop career skills and continue their education so that they become productive and responsible citizens.

19-H:5 Cooperation. The commission shall cooperate with any state or federal agency or any private organization in conducting investigations and studies in the area of the status of men. All state agencies shall assist the commission in carrying out its duties.

19-H:6 Report. The commission shall submit an annual report of its activities on or before November 1 to the governor and council, the commissioner of administrative services, the president of the senate, and the speaker of the house. The report may include any recommendations the commission has for legislation.

Amend RSA 19-H:9 as inserted by section 1 of the bill by replacing it with the following:

19-H:9 Administratively Attached. The commission shall be administratively attached to the department of administrative services.

Amend the bill by replacing section 2 with the following:

2 Prospective Repeal of Chapter. RSA 19-H, relative to the state commission on the status of men, is repealed.

3 Effective Date.

I. Section 2 of this act shall take effect September 1, 2003.

II. The remainder of this act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill establishes a state commission on the status of men, and prospectively repeals the provisions of the bill effective September 1, 2003.

Adopted.

Rep. John Pratt spoke against.

Rep. Dickinson spoke in favor and yielded to questions.

Rep. Luebker requested a roll call; sufficiently seconded.

The question being the adoption of the report.

Referred to Finance.

HB 1506-FN, changing the composition of the liquor commission. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.

Rep. Merton S. Dyer for the Majority of Executive Departments and Administration: This bill would eliminate two of the three present liquor commissioners that now oversee the liquor business in New Hampshire and place the responsibility in the hands of an executive director who would handle all the functions of a chief executive officer. Approximately three years ago this committee reported out a bill to make some changes in the structure of the department. It has been a very short time since this was passed and the results look good. This should stay in place for a while before we make sweeping changes. One present commissioner is on holdover status and under this bill the other commissioner would be released but there is no indication as to how he would be dismissed and whether the balance of his term would be bought out. There appeared to be little support from the public on this subject. Vote 12-3.

Rep. Timothy N. Robertson for the Minority of Executive Departments and Administration: There are very few organizations having three managers that are managed well. The liquor commission is no exception. It is past time that this issue is studied and action taken.

Rep. Burling spoke against and yielded to questions.

Rep. Dyer spoke in favor and yielded to questions.

Rep. Wheeler requested a roll call; sufficiently seconded.

The question being the adoption of the majority report.

and the majority report was adopted.

Rep. McCann declared a conflict of interest and did not participate.

HB 1508-FN, regulating the practice of hypnotherapy. INEXPEDIENT TO LEGISLATE

Rep. Maurice E. Goulet for Executive Departments and Administration: Hypnotherapists provide a variety of services, such as smoking cessation, stress reduction, weight loss, etc. These are areas that do not qualify as medical disorders and are not considered psychopathologies. We do have many hypnotists working in New Hampshire many who use hypnotherapy as an adjunct to their professional practice in medicine, dentistry, chiropractic, etc. However, we must conclude that there are fundamental differences between a skill, a craft, and a learned profession. One striking comment was made that hypnosis is a procedure and we don't license procedures. Because hypnotherapy is currently practiced openly in New Hampshire, and certain health plans can reimburse some of these services when they have been medically referred, it was decided that licensure is not warranted at this time. Vote 11-6.

Adopted.

HB 1523-FN, adding security officers of the New Hampshire hospital campus security force to group II of the New Hampshire retirement system. INEXPEDIENT TO LEGISLATE

Rep. Merton S. Dyer for Executive Departments and Administration: The purpose of this bill was to transfer the security personnel from group I of the New Hampshire Retirement System into group II of the system. The security personnel are trained to the level of part-time police

officers and as emergency medical personnel for assisting the staff of the hospital with difficult patients. Their present training does not meet the requirements of group II membership as full time police officers as outlined in RSA 100-A:3. Passage of this bill would mandate to the New Hampshire State Hospital that they be required to provide additional training to make the members eligible for this change. The majority of the committee felt that this was not a proper action to take. Vote 14-2.

Adopted.

HB 1524-FN, licensing bail recovery agents. REFER FOR INTERIM STUDY

Rep. Howard C. Dickinson, Jr. for Executive Departments and Administration: While this bill has the support of several law enforcement agencies and all who testified at the hearing, the committee wishes to hold the bill for further study because several other states and the federal government are working on this subject. It is important that the committee be in a position to advise the house on any future legislation pertaining to the licensing of bail recovery agents. Vote 10-7.

Adopted.

HB 1528, relative to the transfer of certain administratively attached agencies from the secretary of state to the department of administrative services. REFER FOR INTERIM STUDY

Rep. Nancy C. Stickney for Executive Departments and Administration: The intent of this bill is to remove boards and commissions which are presently attached and/or linked to the office of secretary of state to administrative services. There is a concern that some boards and commissions under this constitutional office do not have to adhere to RSA 541-A rulemaking process. The committee would like to look into incorporating in this study the feasibility of administratively attaching other unattached boards and commissions to the department of administrative services as well. More information is needed to make the appropriate decision. Vote 12-6.

Adopted.

HB 1616-FN-L, requiring the department of revenue administration to make available to the public certain tax and real estate assessing software. INEXPEDIENT TO LEGISLATE

Rep. Merton S. Dyer for Executive Departments and Administration: This bill would make the software developed by the Department of Revenue Administration available to the public. The majority of the committee felt that this was not in the best interest of the state. The department is under a mandate from the legislature, who appropriated the fund to develop this program, to make this information available for a fee to help offset the set-up costs. To provide this to the public and keep it current and provide support for the software program would require additional staff which is not provided in the bill and to provide this software for a small fee and no support or updates would lead to a great deal of confusion. The use and control of this software can be accomplished through the rules process (RSA 541-A). Given these facts, a majority of the committee voted inexpedient to legislate. Vote 15-2.

Adopted.

HB 1288-FN-A-L, relative to reimbursement of funds for recipients in nursing homes. INEXPEDIENT TO LEGISLATE

Rep. W. Gordon Allen for Finance: This bill proposes a major increase in the proportion of nursing home costs paid by the state with a corresponding decrease by the counties. While the bill raises the important issue of what the proper sharing should be and the lack of rationale for the current split of 30.55% for counties and 19.45% for the state, the Committee felt it prudent to not pass the bill at this time because the issue is being negotiated by the Department of Health and Human Services as part of the long-term care plan and the state has no budgeted funds to pay any increased share. Vote 14-4.

Reps. Hart and Cobbin spoke against.

Rep. Allen spoke in favor.

Rep. Kurk spoke in favor and yielded to questions.

Rep. Kurk requested a roll call; sufficiently seconded.

The question being the adoption of the report.

and the report was adopted.

HB 1514-FN, setting the biennial rate for the medicaid enhancement tax. **OUGHT TO PASS**
Rep. O. Alan Thulander for Finance: This bill continues the biennial rate at 6% for the medicaid enhancement tax through June 30, 2001. The tax is imposed upon gross patient services of every hospital with revenues estimated to be \$109.0 and \$112.3 million in years 2000 and 2001. Current law states that should the legislature fail to set the rate by April 1 preceding the first fiscal year of the biennium, such rate shall be zero for that biennium. Vote 18-0.

Rep. Thulander yielded to questions.

Adopted and ordered to third reading.

HB 1521-FN-A, making supplemental appropriations to certain academic institutions within the university system of New Hampshire for fiscal years 1998 and 1999. **INEXPEDIENT TO LEGISLATE**
Rep. O. Alan Thulander for Finance: This bill requested supplemental appropriations to the University System of New Hampshire for the current biennium from money in the treasury not otherwise appropriated in the amount of \$1,170,638. Proponents of the bill were hopeful that this additional appropriation would reduce the impact on in-state tuition rates. Chancellor Farrell felt that the budget process and reallocations were a fait accompli and that he could not support the initiative at this time. The committee, recognizing that there is no executive support or surplus revenues available, voted the bill Inexpedient to Legislate. Vote 12-6.

Adopted.

HB 1631-FN, extending the moratorium on new nursing home beds. **OUGHT TO PASS**
Rep. Frances L. Riley for Finance: Because there has been evidence of a decreased need for nursing home beds over the past few years, the Department of Health and Human Services reorganization act placed a moratorium on new nursing home beds through December 31, 1998. This bill extends the moratorium through December 31, 2000, at the request of the department. It is one part of a major restructuring of the state's long-term care programs. Vote 17-0.

Adopted and ordered to third reading.

HB 1219-FN, relative to the provision of free potable water at outdoor public events. **REFER FOR INTERIM STUDY**

Rep. Joseph P. Manning for Health, Human Services and Elderly Affairs: The committee felt that this bill merited further study to address questions raised by a proposed amendment. Vote 13-3.

Adopted.

HB 1564-FN, relative to testing for AIDS when necessary to protect the health of law enforcement officers. **INEXPEDIENT TO LEGISLATE**

Rep. Paul Perkins for Health, Human Services and Elderly Affairs: The committee was certainly sensitive to the fact that law enforcement officers may be frequently exposed to HIV

but felt that testing the perpetrator would not provide protection. At the present time post-exposure prophylactic therapy can begin immediately and seems to be the best course of action at this time. Vote 14-2.

Adopted.

SUSPENSION OF RULES

Rep. Jacobson moved that the Rules be so far suspended as to permit consideration at the present time of a non-germane amendment to **HB 1338-FN-A**, authorizing the extension and expanding the powers of the committee on investigations of the late John C. Fairbanks and others and making an appropriation therefor.

Rep. Jacobson spoke in favor.

Adopted by the necessary two-thirds.

HB 1338-FN-A, authorizing the extension and expanding the powers of the committee on investigations of the late John C. Fairbanks and others and making an appropriation therefor. **OUGHT TO PASS WITH AMENDMENT**

Rep. Alf E. Jacobson for Judiciary and Family Law: The amended version of this bill aims at establishing a committee to study three parts of the New Hampshire Constitution that relate to the judiciary as recommended by the Fairbanks II Committee. A committee of seven members of the House Judiciary and Family Law Committee will review the relationship between the constitutional authority of the judiciary and the public with special attention to the issues that relate to the interplay of the public and the judiciary. The committee will file its report by November 1, 1998. Vote 9-3.

Amendment (0678h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a house study committee to examine the adoption of articles 41, 72-a and 73-a of the second part of the New Hampshire constitution.

Amend the bill by replacing all after the enacting clause with the following:

1 House Committee Established. There is established a committee to study the 1966 adoption of part II, article 41 of the constitution, relative to the powers of the governor; the 1966 adoption of part II, article 72-a of the constitution, relative to the judicial powers of the courts; and the 1977 adoption of part II, article 73-a, relative to the supreme court and its administration. The committee shall also examine why the wording for these articles in the questions approved by the voters differed from the wording for these articles which is currently in the constitution.

2 Membership and Compensation.

I. The members of the committee shall be 7 members of the judiciary and family law committee of the house of representatives, appointed by the speaker of the house.

II. Members of the committee shall receive mileage at the legislative rate when attending to the duties of the committee.

3 Chairperson; Quorum. The members of the study committee shall elect a chairperson from among the members. The first meeting of the committee shall be called by the first-named house member. The first meeting of the committee shall be held within 45 days of the effective date of this section.

4 Report. The committee shall report its findings and any recommendations for proposed legislation to the senate president, the speaker of the house of representatives, the senate clerk, the house clerk, the governor, and the state library on or before November 1, 1998.

5 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill establishes a house study committee to examine the adoption of part II, article 41 of the state constitution, relative to the powers of the governor, and the adoption of part II, articles 72-a and 73-a of the state constitution, relative to the judicial powers of the courts and the supreme court and its administration.

Adopted.

Report adopted and ordered to third reading.

REGULAR CALENDAR (CONT'D.)

HB 1433-FN, relative to physician aid-in-dying for certain persons suffering from a terminal condition. **MAJORITY: REFER FOR INTERIM STUDY. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Marjorie K. Smith for the Majority of Judiciary and Family Law: The committee spent several hours discussing this bill and worked hard to sort through the complex issues raised. That earlier motions of OTP and ITL each failed by a 9-11 vote reflects the importance the committee placed on this bill and the inability to reach a reasoned decision within the time available. The committee therefore asks the House to support the motion to send this bill to interim study in order to insure that the issues raised receive due consideration. Vote 13-7.

Rep. Paul M. Mirski for the Minority of Judiciary and Family Law: There is no getting around the fact that this bill invites doctors to become accomplices in the killing of patients. Advocating enactment of any law which would diminish public advocacy on behalf of the enhancement of human life is bad public policy. It is also bad public policy to promote the idea that parties other than principals ought to be invited to make subjective, thumbs up, thumbs down, life or death decisions concerning the wisdom of the continued existence of those principals. The very idea that the state should advocate that a doctor's oath to "first do no harm" ought to include the active hastening of a patient's death creates an unresolvable irrationality for the practice of medicine. Enactment of such public policy would also create a breeding ground for suspicion concerning the motivation of those responsible for providing medical care - especially when the intentions of occasionally self-interested heirs are considered. There is no way to "fix" this bill.

Rep. Mirski spoke against.

Reps. Marjorie Smith and Cooper spoke in favor.

Rep. Mirski requested a roll call; sufficiently seconded.

The question being the adoption of the majority report.

---------------	----------------	----------------	-----------------

and the majority report was adopted.

HB 1534, granting an accused or aggrieved party the right to inform the jury of its right to find the defendant not guilty under certain circumstances when the state or a political subdivision is the opposing party. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.** Rep. David C. Allison for the Majority of Judiciary and Family Law: This bill, if passed, would permit a judge to say to a jury, "If you do not like the law this defendant is found guilty of, you are free to find the defendant not guilty." The committee votes to kill this bill because the committee fears that such a license could be the cause of confusion and courtroom mischief. Vote 11-5.

Rep. Paul M. Mirski for the Minority of Judiciary and Family Law: The minority believes knowledge is power. Plaintiffs and defendants have a right to a fully informed jury.

Majority report adopted.

HB 1296-FN, allowing race track licensees to offer telephone and account wagering. **OUGHT TO PASS** Rep. Betsy McKinney for Local and Regulated Revenues: Telephone account wagering now exists. A bettor in New Hampshire can call New Jersey or Pennsylvania and place bets on races running at Rockingham Park now. The money goes out of state and New Hampshire tracks, horse owners and state coffers see no share of this wagering. The Pari-Mutuel commission stated that this is the way to regulate this aspect of the industry and they will promulgate rules. Vote 11-9.

On a division vote, 125 members having voted in the affirmative and 175 in the negative, the report failed.

Reps. Eaton and Stone voted yea and intended to vote nay.

Rep. Kurk moved Inexpedient to Legislate.

Adopted.

HB 1352-FN-A, authorizing electronic games of chance at pari-mutuel licensee locations. **REFER FOR INTERIM STUDY**

Rep. Jean R. Wallin for Local and Regulated Revenues: Video gambling at racetracks in other states produces millions of dollars of revenue. It is incumbent on this legislature to research whether New Hampshire could benefit from similar action here. This bill is an appropriate vehicle to facilitate this study. Local and Regulated Revenues has spent no time as a committee studying the issue in spite of polls indicating that a plurality of New Hampshire citizens support this source of revenue over all others being mentioned. When this bill is sent to interim study, the committee will be required to examine statistics, projections, social ramifications and other pertinent information for its report back to the house. Furthermore, at least one important bill was not allowed in as a late filing solution to the Claremont dilemma because HB 1352 was already under consideration. We believe that an educated committee is best able to define issues surrounding this concept. A majority of Local and Regulated Revenues feel it is appropriate to place this subject matter in interim study to preserve all viable options for raising revenue to fund education Vote 11-9.

On a division vote, 187 members having voted in the affirmative and 116 in the negative, the report was adopted.

HB 1254-FN-L, relative to the taxation of land held for water supply purposes. **INEXPEDIENT TO LEGISLATE**

Rep. Joseph E. Stone for Municipal and County Government: This bill would regulate agreements between municipalities for payment in lieu of taxes for property owned or held by one municipality in another municipality for the purpose of water supply. This bill establishes a water supply mediation board to determine a fair amount of payment in lieu of taxes if the municipalities cannot come to agreement. It was brought forth in the public hearing that there were no problems existing at the present time. The committee presently has an interim study committee working on HB 543 relative to valuation of aeronautical facilities for purposes of payment in lieu of property taxes. Both that bill and this one relate to properties being in other towns and the committee feels that they should be studied as one. The committee voted ITL with the understanding that the contents of this bill would be fully considered and explored in conjunction with the study on HB 543. Vote 12-6.

Adopted.

HB 1315-L, relative to leasing of state-owned property. **INEXPEDIENT TO LEGISLATE**

Rep. Gene G. Chandler for Public Works and Highways: This bill would prohibit any state agency from leasing state-owned property unless specifically authorized by the legislature. While well intentioned, the committee felt that passage of this measure would present untold problems, delays and unnecessary expense for the many leases the state is and will be involved with. Presently, any state property subject to lease is presented to the Council on Resources and Development, a committee made up of a representative of each state agency to make sure no state agency has a need for the property in question. If approved, the request then goes to the Long Range Planning and Utilization Committee, made up of members of the House, Senate and a designee from the Governor's office. If approved by this legislative committee, the request then goes to the Executive Council. The Public Works and Highways Committee feels these administrative procedures are sufficient safeguards dealing with state leases. The committee turned down one amendment to the bill and found the bill inexpedient to legislate. At a later date the committee reconsidered its action so that the sponsor could offer another amendment. That amendment was also defeated, and the bill was found inexpedient to legislate. Vote 13-3.

Adopted.

HJR 24-FN, requiring the department of transportation to re-align U.S. Route 1. **OUGHT TO PASS WITH AMENDMENT**

Rep. Marlene M. DeChane for Public Works and Highways: Thoughtful reconsideration of this bill as amended, supports the re-aligning of US Rte. 1. It further urges the Department of Transporta-

tion, Office of State Planning, as well as conservation groups, businesses, local communities and residents to join in a voluntary cooperative effort to re-elm US Rte. 1. One of America's oldest highways, Rte. 1 is also known as Main Street America. The Elm Research Institute founded in Harrisville, NH is working from the Canadian border to Key West, Florida, in a cooperative effort to re-elm one of our more scenic byways. The passage of this resolution does not incur any cost to the Department of Transportation. Vote 12-8.

Amendment (0531h)

Amend the resolution by replacing the title of the resolution with the following:

A RESOLUTION supporting the initiative to re-elm U.S. Route 1 and urging the department of transportation, the office of state planning, and affected local communities, businesses, residents, and conservation groups to join in and cooperate with voluntary efforts to once again line U.S. Route 1 with elm trees.

Amend the resolution by replacing all after the title with the following:

Whereas, dating back to the time of the American Revolution when it served as a rallying point for the Sons of Liberty and became known as the "Liberty Tree", the majestic elm has been a part of the landscape and the fabric of the culture of our state and nation; and

Whereas, for centuries the elm provided shade and beauty and enhanced the environment of our cities and towns, standing as a graceful sentinel on almost every street and square, lining and giving protection and definition to roadways and public spaces across our land; and

Whereas, in the 1930's a disease known as the Dutch Elm disease began to spread throughout the countryside destroying millions of elms and the magnificent green archways that lined our streets; and

Whereas, in 1967 the Elm Research Institute was founded in Harrisville, New Hampshire with the twin goals of prolonging the lives of the remaining elm trees and to perpetuate the species by developing a disease resistant elm; and

Whereas, in recent years the Elm Research Institute and others have succeeded in developing disease resistant elms that hold the promise that once again the elm may grace our landscape and enhance our communities and our lives; and

Whereas, U.S. Route 1, running 2,209 miles through 14 states, including New Hampshire, from Fort Kent, Maine on the Canadian border to Key West at the tip of Florida, is one of the country's oldest highways and is rightfully known as "Main Street America", was once graced with a canopy of elms on much of its length; and

Whereas, an initiative is underway to re-elm "Main Street America" through the voluntary cooperation and partnership of conservation and civic groups, businesses and residential landowners, and local municipal governments; and

Whereas the re-elm of U.S. Route 1 would have a beneficial impact upon the natural environment, culture, and aesthetics of U.S. Route 1 in New Hampshire and the nation; now, therefore, be it

Resolved by the Senate and House of Representatives in General Court convened:

That the general court endorses and applauds the effort to re-elm U.S. Route 1 with disease resistant elms and urges support of such efforts by the state department of transportation, the office of state planning, affected New Hampshire municipalities, and New Hampshire citizens; and

That a copy of this resolution be sent by the house clerk to the executive councilors, the commissioner of transportation, the director of the office of state planning, and the municipal officers and planning boards of the state's U.S. Route 1 communities.

AMENDED ANALYSIS

This house joint resolution supports the effort to re-elm U.S. Route 1 and urges the department of transportation, the office of state planning, and affected local communities, business, residents and conservation groups to support such an initiative.

Adopted.

Report adopted and ordered to third reading.

HB 1426-FN, relative to structures in or over public waters. **INEXPEDIENT TO LEGISLATE**
Rep. William E. Williams, Jr. for Resources, Recreation and Development: This piece of legislation is a request for registration of existing structures over water. The bill states that the structures "shall be registered by the owner", however, it further states "no owner shall be penalized or prosecuted for

failure to register a structure". The Department of Environmental Services was unable to fully explain the necessity of this registration other than to say "it would be nice to have". Since the Wetlands Division of DES is in the process of revising rules, criteria, etc. for all permitting, the committee felt that this was a meaningless addition to their already gigantic workload. Vote 12-7.

Rep. Lovett spoke against.

Rep. William Williams spoke in favor.

Rep. Martin spoke against and yielded to questions.

Rep. Whalley spoke in favor and yielded to questions.

Rep. Whalley requested a roll call; sufficiently seconded.

The question being the adoption of the report.

HB 1443, relative to the time frame for the department of environmental services to act on certain wetlands applications. **OUGHT TO PASS WITH AMENDMENT**

Rep. H. Charles Royce for Resources, Recreation and Development: This is a simple notification bill for the Department of Environmental Services (DES) Wetlands Bureau. When an individual submits an application for wetlands work, the department has 7 (seven) working days to reply to the applicant and the applicants agent. This will only indicate the application has been received by DES. When the application is approved or disapproved, the applicant and agent will be notified in writing by the DES Wetlands Bureau. Vote 17-1.

Amendment (0619h)

Amend the bill by replacing section 1 with the following:

1 Water Management and Protection; Fill and Dredge in Wetlands; Excavating and Dredging Permit; Communications to Owner and Notice to Town or City Clerk of Complete Application Added. Amend RSA 482-A:3, I to read as follows:

I. No person shall excavate, remove, fill, dredge or construct any structures in or on any bank, flat, marsh, or swamp in and adjacent to any waters of the state without a permit from the department. The permit application together with a detailed plan and a map showing the exact location of the proposed project, along with 4 copies of the permit application, plan, and map, shall be submitted to the town or city clerk, accompanied by a filing fee in the form of a check made out by the applicant to the state of New Hampshire. The permit application fee shall be \$50 for minimum impact projects. Fees for minor and major projects shall be assessed based on the area of dredge, fill, or construction proposed and the number of boat slips requested. The rates shall be \$100 per boat slip and \$0.04 per square foot for all proposed projects under this chapter. At the time the permit application is submitted to the city or town clerk, the applicant shall provide postal receipts or copies, verifying that abutters, as defined in the rules of the department, and except as further provided in said rules, have been notified by certified mail. The postal receipts or copies shall be retained by the municipality. The town or city clerk shall immediately sign the application and forward by certified mail, the application, plan, map and filing fee to the department. The town or city clerk shall then immediately send a copy of the permit application, plan and map to the local governing body, the municipal planning board, if any, and the municipal conservation commission,

if any, and may require an administrative fee not to exceed \$10 plus the cost of postage by certified mail. One copy shall remain with the city or town clerk, and shall be made reasonably accessible to the public. *The department shall send notice that the application has been received to the owner of the real estate and to the town or city clerk within 7 working days of receipt of the application from the clerk. The notice shall neither be construed to imply that the department has reviewed the contents of the application for accuracy nor that the department will not request additional information relative to the application. The department shall send copies of their written communications relative to the application, including notices and approvals, to the owner of the real estate and to the applicant and agent of the owner, if such person is different from the owner.* The foregoing procedure notwithstanding, applications and fees for projects by agencies of the state may be filed directly with the department, with 4 copies of the application, plan, and map filed at the same time with the town or city clerk to be distributed as set forth above. Amend the bill by deleting section 2 and renumbering the original section 3 to read as 2.

AMENDED ANALYSIS

This bill requires the department of environmental services to send notice to the town or city clerk when an application for an excavating and dredging permit for wetlands has been received and to forward all communications relating to the application to the owner and the applicant.

Adopted.

Report adopted and ordered to third reading.

HB 1368, relative to distribution services and metering and billing in electric utility restructuring. **OUGHT TO PASS WITH AMENDMENT**

Rep. Clifton C. Below for Science, Technology and Energy: This bill clarifies the electric utility restructuring policy principles to provide that metering and billing services be subject to competition and customer choice when it is appropriate and feasible to do so. The Public Utilities Commission is authorized to require unbundling of metering and billing after finding that it is in the public interest. The amendment refines the bill as introduced, limits the commission's authority to require unbundling until the later of July 1, 2000 or the date that electric competition exists in 70% of the state, and requires a report on unbundling of metering and billing by the commission to the legislature by December 1, 1998. The bill also makes a technical correction to the electricity consumption tax to allow for unbundling of metering. Vote 18-0.

Amendment (0757h)

Amend the bill by replacing all after the enacting clause with the following:

1 Findings. The legislature finds that technological advances have made it possible for customers to choose among competitive suppliers for metering and billing services relating to the provision of electricity. Allowing customers to choose competitive metering and billing suppliers will, over time, increase service options and lead to lower prices for those services. The legislature further finds that the commission should allow unbundling of metering and billing but only after extensive review that insures reliable service, customer benefits, and true competition among providers.

2 Electricity Consumption Tax; Instruments, Books, Records, Papers, and Other Documents; Metering. Amend RSA 83-E:7, I to read as follows:

1. *In this paragraph, "responsible entity" means the entity responsible for metering a consumer's electric consumption. Every responsible entity [provider liable for collection of tax under this chapter] shall provide and keep the necessary instruments and records to show the amount expressed in kilowatt hours of electrical energy distributed, redistributed, or transmitted by such provider for consumption in this state. Every responsible entity shall report to the provider such consumer's electricity consumption, in order for the provider to collect and remit the tax to the state pursuant to RSA 83-E:3.* Every consumer making direct tax payments to the department shall provide and keep the necessary instruments and records to show the amount expressed in kilowatt hours of electrical energy consumed by such consumer.

3 Electric Utility Restructuring; Policy Principles; Regulation and Unbundling of Services and Rates; Traditional Distribution Services. Amend RSA 374-F:3, III to read as follows:

III. Regulation and Unbundling of Services and Rates. When customer choice is introduced, services and rates should be unbundled to provide customers clear price information on the cost components of generation, transmission, distribution, and any other ancillary charges. Generation

services should be subject to market competition and minimal economic regulation and at least functionally separated from transmission and distribution services which should remain regulated for the foreseeable future *except for metering and billing which may be subjected to customer choice when it is appropriate and feasible to do so*. However, distribution service companies should not be absolutely precluded from owning small scale distributed generation resources as part of a strategy for minimizing transmission and distribution costs. Performance based or incentive regulation should be considered for transmission and distribution services. Upward revaluation of transmission and distribution assets is not a preferred mechanism as part of restructuring. Retail electricity suppliers who do not own transmission and distribution facilities, should, at a minimum, be registered with the commission.

4 Electric Utility Restructuring; Implementation; Authority of Commission; Unbundling of Distribution. Amend RSA 374-F:4, VIII to read as follows:

VIII. The commission is authorized to order such charges and other service provisions and to take such other actions that are necessary to implement restructuring and that are substantially consistent with the principles established in this chapter. The commission is authorized to require that distribution and electricity supply services be provided by separate affiliates. *The commission is authorized to require the unbundling of metering and billing if the commission determines it to be in the public interest. Distribution service entities shall be allowed to compete for providing metering and billing services, subject to cost allocation regulation by the commission. When determining the public interest, the commission must find that unbundling of metering and billing is substantially consistent with the restructuring policy principles of this chapter, is technically feasible, is consistent with safe and reliable delivery of electricity, does not create significant customer confusion, and does not create unreasonable cost shifting among customers or customer classes. However, the commission shall not require unbundling of metering and billing until the later of July 1, 2000 or the date that competition has been certified, pursuant to RSA 38:36, to exist in at least 70 percent of the state.*

5 Report by Public Utilities Commission on Unbundling of Metering and Billing Services. The public utilities commission shall study the issue of unbundling metering and billing and report by December 1, 1998 to the legislative oversight committee on electric utility restructuring, the senate executive departments and administration committee, and the house science, technology and energy committee. The commission shall report its findings to date on the following subjects relative to unbundling of metering and billing services: the technological feasibility; its relation to the safe and reliable delivery of electricity; the likelihood of customer confusion; possible cost shifting among customers or customer classes; cost allocation regulation; dispute resolution among competitive electricity suppliers and distribution companies; how the obligation to connect customers is consistent with this unbundling of services; how loads will be estimated; how shutoffs will be handled; how the electricity consumption tax will be collected; how entry barriers will be minimized; how market power issues will be minimized; how potential stranded costs will be recovered; and a time line for implementation of unbundling of metering and billing for all customer classes.

6 Contingency. Section 2 shall take effect at 12:01 a.m. on the date that RSA 83-E becomes effective pursuant to 1997, 347:6. In the event that RSA 83-E does not take effect, section 2 shall not take effect.

7 Effective Date.

I. Section 2 of this act shall take effect as provided in section 6 of this act.

II. The remainder of this act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill makes the metering entity responsible for measuring electricity for consumption tax purposes and provides for the unbundling of metering and billing services. This bill also requires the public utilities commission to submit a report by December 1, 1998 on the unbundling of metering and billing services.

Adopted.

Report adopted and ordered to third reading.

Rep. Joseph Foster declared a conflict of interest and did not participate.

HB 1513-FN-L, extending the start date for the auto emissions testing program and requiring the commissioner of environmental services to propose for legislative consideration a diesel opacity testing program and a mobile source remote sensing pilot program. **OUGHT TO PASS WITH AMENDMENT**

Rep. Jeffrey C. MacGillivray for Science, Technology and Energy: This bill repeals the existing motor vehicle emissions tail-pipe inspection and maintenance law, and in accordance with a tentative agreement between the State of New Hampshire and the Environmental Protection Agency, replaces it with other more effective, less burdensome, less expensive emission reduction programs. The bill adds to the annual safety inspection an anti-tampering visual check for the presence of certain originally-installed emission control equipment. The bill also creates a roadside opacity testing program for diesel vehicles, to reduce smoke emissions from the dirtiest trucks. The agreement with EPA also requires that additional emissions reductions be made at electric generation stations owned by PSNH, and the State of New Hampshire is close to agreement with PSNH on the details of these reductions; the bill provides that expenditures to create these additional emission reductions will be recoverable through the fuel and purchased power clause. The committee thanks all of the state officials who contributed to the agreement with EPA to substitute this package of emission reductions, determined by recent science to be more environmentally beneficial than the tail-pipe testing originally envisioned by the Clear Air Act. Vote 18-0.

Amendment (0752h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to vehicle emissions control equipment and testing.

Amend the bill by replacing all after the enacting clause with the following:

1 New Section; Recovery of Public Utility Expenditures. Amend RSA 125-C by inserting after section 19 the following new section:

125-C:19-a Recovery of Public Utility Expenditures. All costs and expenses directly incurred by electric generating facilities for pollution reductions that are a component of, or are required in connection with, any vehicle inspection and maintenance program adopted by the state of New Hampshire and approved by the federal Environmental Protection Agency, or substitute for such program, shall be recoverable through the fuel and purchased power adjustment clause.

2 Emissions Trading Advisory Committee Renamed; Air Pollution Advisory Committee. Amend RSA 125-J:11 to read as follows:

125-J:11 Advisory Committee.

I. There is established the ~~[emissions trading]~~ **air pollution** advisory committee composed of the following members:

(a) ~~[Three]~~ **Four** representatives, appointed by the speaker of the house, of whom ~~[one is]~~ **at least 3 are** from the house science, technology, and energy committee~~[-one is from the house environment and agriculture committee, and one is from the house commerce, small business, consumer affairs and economic development committee].~~ **At least** one of the ~~[3]~~ **4** representatives shall be a member of a minority party.

(b) ~~[Three]~~ **Four** senators, appointed by the senate president~~[-of whom 2 are from the senate environment committee, and one is from the senate economic development committee].~~

(c) ~~[The commissioner of environmental services, or designee.~~

~~(d) The director of the division of air resources, department of environmental services.~~

~~(e) The commissioner of resources and economic development, or designee.~~

~~(f) The chairperson of the public utilities commission, or designee.~~

~~(g) The governor, or designee.~~

~~[(h) The attorney general, or designee.~~

~~(i) Two members of the public, of whom one shall represent business and industry, and one shall represent an environmental organization, appointed by the governor.]~~

I-a. The following additional members, whose terms shall be coterminous with their terms of office, shall be non-voting members of the committee and shall supply the committee with any information that it requests concerning matters subject to its purview.

(a) The commissioner of safety, or designee.

(b) The commissioner of environmental services, or designee.

II. ~~[The speaker of the house shall convene the first meeting no later than July 1, 1994.]~~ The committee shall elect a chairperson and vice-chairperson, and ~~[subsequent]~~ meetings shall be at the call of the chair or ~~[6]~~ 4 or more committee members. The terms of the members shall be co-terminous with their terms of office. ~~[The terms of the public members shall be 2 years.]~~

III. The committee shall perform an ongoing evaluation of the effectiveness of the ~~[emissions reduction credits trading program]~~ *following subjects* and report its findings and recommendations to the governor and council, the speaker of the house, the senate president, the senate clerk, the house clerk, the state library, the house environment and agriculture, the science, technology and energy, and the commerce, small business, consumer affairs and economic development committees and the senate environment and economic development committees by October 1 of each year[-]:

(a) *The effectiveness of vehicle emission related portions of the motor vehicle safety inspection.*

(b) *The effectiveness of the emission reductions credits trading program.*

IV. The committee shall also review and make recommendations to the commissioner on any proposed rule to be adopted under this chapter.

3 Reference Changed. Amend RSA 125-J:12, II to read as follows:

II. Any proposed special temporary rules to be adopted under paragraph I shall be submitted for review and recommendation to the ~~[emissions trading]~~ *air pollution* advisory committee and the air resources council at least 30 days prior to adoption. Any proposed rules to be adopted pursuant to RSA 541-A shall be submitted to the ~~[emissions trading]~~ *air pollution* advisory committee for review and recommendation at least 30 days prior to filing a notice of proposed rule with the director of legislative services under RSA 541-A:6.

4 Diesel Testing; Penalties to Highway Fund. Amend RSA 266:25, VI to read as follows:

VI. All fines and certification fees collected pursuant to this section, RSA 260:42, RSA 260:52, RSA 260:55, RSA 265:118, RSA 266:16, RSA 266:26, ~~RSA 266:59-c~~, and RSA 266:63 through 72-a shall accrue to the highway fund.

5 New Sections; Equipment of Motor Vehicles; Emission Control Equipment and Diesel Emission Testing. Amend RSA 266 by adding after section 59-a the following new sections:

266:59-b Emission Control Equipment.

I. Every motor vehicle driven on the ways of this state which is subject to inspection after December 31, 1998 under this chapter shall be equipped with all of the emission control equipment which was part of that motor vehicle as originally equipped, and be properly connected to prevent excessive emissions. Motor vehicle inspections conducted in accordance with this chapter shall visually check for the presence and proper connection of the following equipment on vehicles so equipped:

(a) Catalytic converter.

(b) Gas cap and properly fitting fuel inlet restrictor.

(c) Positive crankcase ventilation (PCV) valve and properly configured hoses.

(d) Properly connected air injection pump/pulse air systems.

II. If the commissioner determines oxygen sensor testing to be effective and appropriate, the commissioner, after public hearing and consultation with the commissioner of the department of environmental services and the air pollution advisory committee, and notification of the house science, technology and energy committee and the senate environment committee, and with the approval of the air pollution advisory committee not earlier than January 1, 2000, shall adopt rules under RSA 541-A, which require every motor vehicle driven on the ways of this state which is subject to state safety inspection, after a date specified by the commissioner, but not earlier than March 31, 2000, to be tested for failures of the oxygen sensor, on vehicles originally so equipped, using an appropriate combination of an on-board diagnostic (OBD) I malfunction indicator light illumination check, a visual and voltage meter functional check, and/or vehicle characteristics.

III. For motor vehicles equipped with on-board diagnostic sensors meeting the federal Environmental Protection Agency (EPA) OBD II standards, after the EPA has implemented OBD II emission test requirements, the commissioner, after public hearing and consultation with the commissioner of the department of environmental services and the air pollution advisory committee, and notification of the house science, technology and energy committee and the senate environment committee, and with the approval of the air pollution advisory committee, shall adopt rules under RSA 541-A, which require every motor vehicle driven on the ways of this state which is

subject to state safety inspection, after a date specified by the commissioner, to be tested for OBD II indications of failures. To the extent allowed by EPA OBD II policy, OBD II data may be substituted for visual and functional tests required by paragraphs I and II.

IV. This section shall not apply to vehicles manufactured prior to the 1975 model year.

266:59-c Diesel Emission Testing.

I. The commissioner shall adopt rules under RSA 541-A to implement a roadside diesel opacity testing program for vehicles registered either in New Hampshire or outside New Hampshire utilizing the SAE (Society of Automotive Engineers) J1667 ("Snap Acceleration") test procedure. The commissioner may provide for recognition of results of recent similar tests performed by other states on the same motor vehicle.

II. The department may impose an administrative fine for any violation of this section or rule adopted under the provisions of this section. The maximum amount of the fine which may be assessed for each violation shall be \$500. The commissioner shall have the authority to waive or reduce the amount of a fine assessed during the first 6 months of the implementation of a diesel emission testing program established pursuant to this section.

III. Notwithstanding any other provision of law, in case the expenditure of additional funds over budget estimates is necessary to implement and enforce this section, the governor and council, with the prior approval of the fiscal committee of the general court, upon request from the commissioner, may authorize the transfer of funds from the highway surplus account to the department of safety for such purpose.

6 Oxygen Sensor Test Pilot Program; Report Required; Intent.

I. The commissioner of the department of safety, in consultation with the commissioner of the department of environmental services, shall conduct a voluntary pilot program to examine failures of the oxygen sensor, on vehicles originally so equipped, using a combination of an OBD I malfunction indicator light illumination check, a visual and voltage meter functional check, and/or vehicle characteristics. The pilot program shall include testing only, and shall not require repair of any vehicle. The commissioner of the department of safety, in consultation with the commissioner of the department of environmental services, shall study the costs and the effectiveness of this pilot program and shall report any findings and recommendations to the air pollution advisory committee upon completion of the pilot program.

II. It is the intent of the legislature that the commissioner of the department of safety use the authority of RSA 266:59-b, II to implement oxygen sensor testing as part of the motor vehicle safety inspection unless the pilot program shows that this testing will not be appropriate and effective.

7 Mobile Source Remote Sensing Pilot Program; Report Required.

I. The commissioner of the department of environmental services, in consultation with the commissioner of the department of safety, shall study the effectiveness of options for a remote sensing pilot program for sensing emissions of nitrogen oxides (NOx) from some or all mobile sources of air pollution, and shall report findings and recommendations of the study to the air pollution advisory committee by November 1, 1998.

II. The commissioner of the department of safety, in consultation with the commissioner of the department of environmental services, shall study and propose for legislative consideration implementation of a remote sensing pilot program for sensing emissions of nitrogen oxides (NOx) from some or all mobile sources of air pollution, and shall report findings and recommendations to the air pollution advisory committee by November 1, 1998.

8 Exemption for Rulemaking. The rulemaking required by the commissioner of safety under RSA 266:59-b, I and RSA 266:59-c as provided in section 5 of this act, shall be exempt from the provisions of RSA 541-A to the degree necessary to implement the provisions of RSA 266:59-b, I and RSA 266:59-c, for any rules adopted by the commissioner prior to January 1, 1999. RSA 541-A shall apply to any rules adopted after December 31, 1998 under the authority established in RSA 266:59-b, I and RSA 266:59-c as provided in section 5 of this act.

9 Repeal. The following are repealed:

I. RSA 261:72-a, relative to emissions certificates.

II. RSA 261:72-b, relative to 10-day emissions registration.

III. RSA 268, relative to vehicle emissions testing.

IV. RSA 541-A:21, I(p), relative to rulemaking exception for emissions testing.

10 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill:

I. Establishes requirements for motor vehicle emissions inspections as part of the annual safety inspection.

II. Repeals the existing motor vehicle emissions inspection and maintenance law.

III. Establishes roadside opacity testing for diesel vehicles.

IV. Requires the establishment of a pilot program on oxygen sensor testing.

V. Requires the study of options for a pilot program on remote emissions sensing.

VI. Combines the emissions trading advisory committee and the vehicle emissions advisory committee into the air pollution advisory committee.

Adopted.

Report adopted and referred to Finance.

HB 1560-FN-A, reestablishing the New Hampshire energy authority, making an appropriation therefor, and directing it to explore the acquisition of the transmission and distribution system of the Public Service Company of New Hampshire. **REFER FOR INTERIM STUDY**

Rep. Clifton C. Below for Science, Technology and Energy: The committee examined the issue of re-enacting the N.H. Energy Authority. It was determined that this idea should be studied as the legislation may be necessary if resolution of electric industry restructuring cannot be accomplished in a timely fashion. Vote 18-0.

Adopted.

HB 1409-FN, relative to licenses for taking lobster and crab. **OUGHT TO PASS WITH AMENDMENT**
Rep. Allen K. MacNeil for Wildlife and Marine Resources: This bill was entered at the request of the Fish and Game Department in order for the state to comply with the mandates of the Atlantic States Marine Fisheries requirements to decrease the fishing pressure upon the lobster resources in our limited coastal waters. The bill basically divides lobster fishermen into two groups of commercial lobstermen-the number of traps allowed by each to be determined by administrative rule. The number of commercial licenses would be limited, until 2004 at which time it could be increased. The amendment became the bill, minus the effective date and made many minor changes in verbiage, plus lowered the cost of a commercial license from \$500 to \$300 dollars. Vote 12-0.

Amendment (0748h)

Amend the bill by replacing sections 1 and 2 with the following:

1 Lobster and Crab License; Authority of Executive Director. Amend RSA 211:18, I to read as follows:

I. No person shall take lobsters and crabs from any water under the jurisdiction of this state without first procuring a ~~[special]~~ **valid and proper** license to do so **as provided in paragraph III**. No such taking shall occur during the time from sunset to one hour before sunrise. The executive director shall adopt rules pursuant to RSA 541-A relative to the ~~[special]~~ licenses to be issued **under paragraph III** including, but not limited to, terms, limits, **eligibility**, transferability, sale, exemptions, revocation, **trap tag fees**, and control of entry date~~[-provided that any limitation on the number of licenses issued shall require legislation authorizing such a limitation].~~

2 New Paragraphs; Lobster Licenses Established; Fees. RSA 211:18, III is repealed and reenacted to read as follows:

III. The following fees shall apply to the following licenses:

(a) If a person does not take lobsters or crabs for the purpose of selling them and does not use more than 5 traps, the person may receive a noncommercial license for the fee of \$35.

(b)(1) Any individual meeting the requirements under RSA 211:23 and who possessed a valid commercial lobster and crab license or resident wholesale dealer's license pursuant to RSA 211:49-c or the provisions of former RSA 211:39-a in any year from 1994 to 1998, inclusive, and who had documented landings of more than 12,000 pounds of lobster and crab in at least 2 of those years shall be eligible to receive a commercial lobster and crab license for the fee of \$300.

(2) Notwithstanding subparagraph (b)(1), the executive director may, no earlier than January 1, 2004, increase the number of commercial licenses available under this subparagraph by 5

percent, from only those individuals who hold a valid limited commercial license, provided that the National Marine Fisheries Service does not consider the fishery under the jurisdiction of the department to be overfished.

(c) Any individual who is not eligible for the commercial license under subparagraph (b) and any other individual engaged in commercial taking of lobster and crab may receive a limited commercial license for the fee of \$103.

IV. The fees and fines collected under this subdivision and the expenses of enforcing the subdivision shall be accounted for separately by the executive director.

V. Nothing in this section shall pertain to the taking of green crabs.

Adopted.

Report adopted and referred to Finance.

SUSPENSION OF RULES

Reps. Wheeler and Burling moved that the Rules be so far suspended as to permit consideration at the present time without the required notice of **HB 1664-FN**, authorizing salary increases for state law enforcement officers.

Adopted by the necessary two-thirds.

HB 1664-FN, authorizing salary increases for state law enforcement officers. OUGHT TO PASS Rep. Arthur P. Klemm, Jr. for Finance: This bill deals with the pay raise for the state troopers. A pay raise of 5% is effective January 1, 1998 and another 5% May 14, 1999. The money to cover this pay raise for the troopers was included in Chapter 351, Laws of 1997 (the trailer bill) along with the pay raise for all other state employees. The Finance Committee received assurances from Commissioner Flynn that no additional funding would be necessary or requested. This action approves the action of the Joint Employee Relations Committee. Vote 17-0.

Adopted and ordered to third reading.

REGULAR CALENDAR (CONT'D.)

HB 1176, prohibiting charges for the use of electronic customer service terminals. INEXPEDIENT TO LEGISLATE

Rep. David T. Mittelman for Commerce: This bill is one of three proposals (HB 1176, HB 1179, HB 1348) to regulate Automated Teller Machine (ATM) fees. In particular, HB 1176 prohibits any and all fees affiliated with ATMs. As with the other two bills, the committee unanimously agrees that artificially dictating the cost of ATMs is neither prudent policy nor consistent with traditions of New Hampshire. Government should not decide the price of a private transaction. Rather, the marketplace should be allowed to set its own course. ATMs are an optional service provided for the convenience of banking customers. No one is required to use an ATM nor is anyone charged a fee without being warned in advance. The choice belongs to the customer, and the committee believes it should remain there. Vote 15-0.

Reps. Arthur Pelletier and Marsha Pelletier spoke against.

Rep. Mittleman spoke in favor and yielded to questions.

Rep. Hunt spoke in favor.

Rep. Buckley requested a roll call; sufficiently seconded.

The question being the adoption of the report.

Cloutier, John

Donovan, Thomas

Palmer, Lorraine

Robb-Theroux, Amy

and the report was adopted.

Rep. Robb-Theroux voted nay and intended to vote yea.

Rep. Packard did not vote and wished to be recorded in favor.

HB 1179, limiting fees charged by financial institutions for use of electronic customer service terminals. **INEXPEDIENT TO LEGISLATE**

Rep. David T. Mittelman for Commerce: This bill is one of three proposals (HB 1176, HB 1179, HB 1348) to regulate Automated Teller Machine (ATM) fees. In particular, HB 1179 prohibits banks from imposing fees upon ATM users who are not that bank's customers. As with the other two bills, the committee unanimously agrees that artificially dictating the cost of ATMs is neither prudent policy nor consistent with traditions of New Hampshire. Government should not decide the price of a private transaction. Rather, the marketplace should be allowed to set its own course. ATMs are an optional service provided for the convenience of banking customers. No one is required to use an ATM nor is anyone charged a fee without being warned in advance. The choice belongs to the customer, and the committee believes it should remain there. Vote 15-0.
Adopted.

HB 1583-FN-L, transferring the county attorneys' offices and the county sheriffs' offices to the department of justice and the unified court system, respectively. **INEXPEDIENT TO LEGISLATE**
Rep. Bruce F. Hunter for Criminal Justice and Public Safety: This bill transfers the county attorney's offices to the department of justice and the sheriff's offices to the unified court system. One of the arguments that was made was that this would reduce taxes locally (the county) and that is true. However, this ends up being a huge cost shift to the state. Absorbing these twenty departments into the state budget would be a huge financial burden and one that our committee was not willing to recommend. There are two other difficult problems that we felt conflicted with our beliefs. First, we did not want the attorney general to assume total control over the ten county attorneys by merging them into one agency. The closer to the people, the better. Secondly, we could never accept giving control of an executive branch of government (the sheriff's offices) to a judicial branch - the unified court system. The separation of powers of the three branches of government must remain intact. Vote 15-0.

Rep. Jacobson spoke against.

Rep. David Welch spoke in favor.

On a division vote, 229 members having voted in the affirmative and 57 in the negative, the report was adopted.

HB 1416-FN-L, requiring the state to pay for special education costs and to make tax information on special education services available to the public. **INEXPEDIENT TO LEGISLATE**

Rep. J. Arthur Tufts for Education: Only the sponsor spoke in favor of this measure. The Governor's office, New Hampshire Education Department and parents, spoke in opposition. The fiscal note stated FY 1998 increased state general fund by \$163,290,967. Paragraph III opened school records of pupils and stated that tax information shall not be exempt under this chapter. This is a violation of the Family Educational Rights and Privacy Act of 1974. Vote 15-0.

Rep. Cobbin spoke against.

Rep. Tufts spoke in favor.

Adopted.

HB 1522-FN, establishing the offices of inspector general. **INEXPEDIENT TO LEGISLATE**

Rep. Howard C. Dickinson, Jr. for Executive Departments and Administration: Although the idea of establishing an office of inspector general is intriguing, the thought of placing an inspector general in each of 30 agencies and the cost associated with such a program is staggering. Furthermore, we understand that over the next 12 months, the attorney general's office is planning to examine its organization and has an interest in adding inspector general functions. For these reasons, the committee gave its unanimous support to a vote of ITL. Vote 15-0.

Rep. Dickinson yielded to questions.

Adopted.

HB 1545-FN, increasing the salaries of the labor commissioner and the deputy labor commissioner. **OUGHT TO PASS WITH AMENDMENT**

Rep. Merton S. Dyer for Executive Departments and Administration: This bill with amendment will change the letter grade of the commissioner and deputy commissioner of labor and will change the term of office of the commissioner to 4 years, which is the norm for unclassified personnel appointed by the governor and council and it will change the deputy commissioner to a four year term.

The deputy commissioner will be nominated by the commissioner for approval by the governor and council, again the norm in state government. The present director will hold his present appointment and this amendment will only apply to the next deputy director. Vote 17-0.

Amendment (0556h)

Amend the title of the bill by replacing it with the following:

AN ACT increasing the salaries and changing the terms of office of the labor commissioner and the deputy labor commissioner.

Amend the bill by replacing all after the enacting clause with the following:

1 Salaries of Labor Commissioner and Deputy Labor Commissioner. Amend RSA 94:1-a, I by deleting:

I. In group K, deputy labor commissioner.

II. In group N, labor commissioner.

2 Salaries of Labor Commissioner and Deputy Labor Commissioner. Amend RSA 94:1-a, I by inserting:

I. In group M, deputy labor commissioner.

II. In group P, labor commissioner.

3 Commissioner; Term of Office. Amend RSA 273:2 to read as follows:

273:2 Term of Commissioner; Removal. The commissioner shall hold office for [3] **4** years from the date of [his] appointment and until [his] **a** successor shall be appointed and qualified, and may be removed for cause by the governor, with the advice and consent of the council.

4 Deputy Commissioner; Term; Consent of Council Added. Amend RSA 273:7 and 8 to read as follows:

273:7 Deputy Commissioner. The commissioner shall ~~[appoint]~~ **nominate for appointment by the governor** a deputy labor commissioner, **with the consent of the council. The deputy labor commissioner shall serve for a term of 4 years.** Said deputy shall exercise the powers and perform the duties of the commissioner whenever the labor commissioner is incapacitated, absent, unable to act from any cause, or whenever the commissioner deems it advisable and in the interest of all parties concerned. Whenever there is a vacancy in the office of labor commissioner the deputy shall have the powers and duties of the commissioner until another commissioner is appointed and qualified.

273:8 Compensation. The salary of the deputy labor commissioner shall be that as fixed by RSA ~~[94:1] 94:1-a.~~

5 Application of Term of Deputy Labor Commissioner. The term of office for the deputy commissioner of the department of labor, as provided for in RSA 273:3 as amended by section 4 of this act, shall apply to the deputy commissioner holding the office only after the incumbent deputy commissioner prior to the effective date of this act leaves the position.

6 Applicability; Salary of Incumbent Labor Commissioner and Deputy Labor Commissioner.

I. The incumbent labor commissioner on the effective date of this act shall be placed at step 3 in group P, as provided in section 2 of this act on the effective date of this act.

II. The incumbent deputy labor commissioner on the effective date of this act shall be placed at step 4 in group M, as provided in section 2 of this act on the effective date of this act.

7 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill increases the salary ranges and changes the terms of office of the labor commissioner and the deputy labor commissioner.

Adopted.

Reps. Larrabee and Hart spoke against.

Reps. Dyer and Mercer spoke in favor and yielded to questions.

Rep. Larrabee requested a roll call; sufficiently seconded.

MOTION TO LAY ON THE TABLE

Rep. Hart moved that **HB 1545-FN**, increasing the salaries and changing the terms of office of the labor commissioner and deputy labor commissioner, be laid on the table.

On a division vote, 82 members having voted in the affirmative, and 198 in the negative, the motion failed.

The question now being the adoption of the report.

and the report was adopted.

Referred to Finance.

HB 1260, limiting use of appropriated funds to influence state contracting and financial transactions and legislation. **INEXPEDIENT TO LEGISLATE**

Rep. Arthur P. Klemm, Jr. for Finance: This bill would prohibit lobbying by any state agency, non-profit organization or private business which receives state funds. The bill would have the effect of prohibiting state agencies from appearing before legislative committees without being invited, as an example. The committee felt that this bill could prohibit input that may be important in the decision-making process. Vote 18-0.

Rep. Cobbin spoke against.

Rep. Lynch spoke in favor.

Rep. Cobbin requested a roll call; not sufficiently seconded.

Report adopted.

HB 1362, requiring a vote of 2/3 of the house and senate to pass any bill approving the issuance of bonds which would increase state indebtedness. **INEXPEDIENT TO LEGISLATE**

Rep. Marie C. Hawkinson for Finance: We already have a number of mechanisms to assure fiscal restraint in the expenditure of funds: article 28(a), bicameral legislature, Governor's veto, House rule for balanced budget, oversight of all money bills by the Finance Committee. This bill is not necessary. Vote 16-2.

Reps. Alger and Mirski spoke against.

Rep. Vaughn spoke in favor.

Rep. Camm requested a roll call; sufficiently seconded.

The question being the adoption of the report.

and the report was adopted.

CACR 34, relating to broad-based sales or income taxes. Providing that adopting a broad-based sales or income tax is prohibited. **INEXPEDIENT TO LEGISLATE**

Rep. Avis B. Nichols for Finance: This bill proposes a constitutional amendment to prohibit a broad-base sales or income tax. This would tie the hands of the legislature in the event of an emergency, or any unforeseen situation. The legislature should be able to make this decision after taking all facts into consideration on an individual basis although under normal circumstances the majority of the legislators as well as the public have demonstrated they do not want these taxes. Vote 16-2.

Rep. Mary Brown spoke against.

Rep. Vaughn spoke in favor.

Rep. Mary Brown requested a roll call; sufficiently seconded.

The question being the adoption of the report.

and the report was adopted.

HB 1593-FN, codifying and revising the existing cooperative agreement between the department of health and human services and the judiciary. **INEXPEDIENT TO LEGISLATE**
Rep. Andrew R. Peterson for Judiciary and Family Law: The sponsor's stated intent in offering this legislation was not, in fact, to pass the bill, but to encourage the formation of a study committee to look into the issue of potential conflicted interest which could occur when an agency of government indirectly pays a part of the salary of a marital master who sits on a case to which the department is a party. The committee found that there was in fact no undue pressure on marital masters to reach a particular decision, and that they are in fact diligent in their efforts at impartiality. The contract, the terms of which are described in the bill, is designed to allow the maximum pass through of federal monies to help fund these services. This flexibility is required to respond to changing federal requirements. This biennial agreement must be approved by governor and council and pass muster of the legislature in the budget process. The committee felt that placing the language of the current contract in statute would be counterproductive. Funding these obligations out of the general fund would cost the taxpayers an estimated additional \$790,000 in the current biennium. Vote 19-1.
Reps. Cobbin and Pfaff spoke in favor.
Adopted.

HB 1594-FN, transferring the authority of the judicial conduct committee to the legislature. **INEXPEDIENT TO LEGISLATE**
Rep. Peter F. Bergin for Judiciary and Family Law: The Judicial Conduct committee was formed in 1977 and has under gone a number of reforms. Currently it is made up of 11 members: 4 judges, 2 attorneys and 5 lay people. The main function is to process complaints against the judiciary. Currently the process is to review the complaint, if the complaint is voted, a public hearing is held and a discussion rendered. The long-standing concern has been the public's perception of how complaints are handled. This bill as presented to the committee would not solve this problem. Vote 19-1.
Reps. Cobbin and McCann spoke against.
Rep. Bergin spoke in favor.
Rep. Cobbin requested a roll call; sufficiently seconded.
The question being the adoption of the report.

and the report was adopted.

HB 1392, relative to student drivers. OUGHT TO PASS WITH AMENDMENT

Rep. Robert J. Letourneau for Transportation: This legislation is the result of a study directed by HB 695, Chapter 154 from the 1997 session. This simple change in when a student may start driver education will make a significant improvement over current law. Currently students may start driver education at age 15 ½ years old, complete the course in 5 or 6 weeks, then wait four and half months until their 16th birthday to receive their license without the benefit of further behind the wheel experience. This has proven to be a very fatal error in the law. The amendment

clarifies the date a student may start an approved driver education course, two months before his or her 16th birthday. A teen may still start learning to drive with a parent at age 15 ½, the purpose of this legislation is to have teens complete their formal driver education as close to their 16th birthday as possible. Vote 16-0.

Amendment (0472h)

Amend RSA 263:19, II as inserted by section 1 of the bill by replacing it with the following:

II. An approved driver education course, whether conducted by a secondary school or by a school licensed under this chapter, shall consist of both classroom instruction and behind the wheel driver training, in accordance with rules adopted pursuant to RSA 541-A, published jointly by the commissioner of education and the commissioner of safety, such standards to be not less than those presently required. *Behind the wheel driver training may continue upon completion of classroom instruction. A person may not begin an approved driver education course until 2 months before the person has reached 16 years of age.*

AMENDED ANALYSIS

This bill provides that a person may not begin an approved driver education course until 2 months before the person has reached 16 years of age and allows behind the wheel driver training after the completion of classroom instruction.

Adopted.

Report adopted and ordered to third reading.

RECONSIDERATION

Having voted on the prevailing side, Rep. Moynihan moved that the House reconsider its action where by it voted Inexpedient to Legislate on **HB 1296-FN**, allowing race track licensees to offer telephone and account wagering, and spoke in favor.

Rep. DePecol spoke in favor.

Rep. Henderson spoke against.

Reconsideration failed.

RESOLUTION

Rep. Wheeler offered the following: **RESOLVED**, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet Thursday, March 5, 1998 at 10:00 a.m.

Adopted.

LATE SESSION

Third reading and final passage

HB 1235-FN, relative to the small business innovation research program.

HB 1474, establishing a study committee on a unified corrections system.

HB 1247, establishing a study committee relative to access to public school facilities and programs by home school students.

HB 1475, relative to revising certain programs within the postsecondary education commission.

HB 1493-L, relative to clarifying school district liability for certain placements of children pursuant to juvenile proceedings.

HB 1661, relative to eligibility for postsecondary education tuition grants.

HB 1115-L, relative to boundary markers.

HB 1170-FN, allowing municipalities to designate areas and conditions for the placement of political advertising and relative to the removal of improperly placed political advertising.

HB 1333-FN-L, relative to the erection of voting booths at polling places.

HB 1444, requiring a special primary for all parties if there are at least 2 candidates for election from one party.

HB 1488, amending the definition of candidate and requiring additional reporting under the political expenditures and contributions act.

HB 1222, increasing the membership of the Christa McAuliffe planetarium commission.

HB 1233, relative to administrative attachment of regulatory boards and commissions.

HB 1245, relative to the management of New Hampshire retirement system funds by the board of trustees.

HB 1262-FN-A, relative to authority for the board of medicine to employ a medical review sub-committee administrator.

HB 1497, establishing a committee to study adoption of a single factor method of apportionment for business taxation purposes.

HB 1555-FN, relative to including revocable trusts for medicaid estate recovery purposes.

HB 1396-FN, relative to licensure and training programs for emergency medical services instructor/coordinators.

HB 1158, changing the process for designating a part-time district court justice a full-time district court justice.

HB 1347, preserving relationships between siblings who are separated as a result of court ordered out-of-home placements.

HB 1406, increasing the maximum amount for a small claim action.

HB 1500, relative to powers of appointment.

HB 1130-FN, relative to the distribution of beverages.

HB 1313, requiring brew pub licensee's to report delinquencies by wholesale distributors.

HB 1395-L, relative to property tax exemptions for water and pollution control facilities.

HB 1480-L, allowing a city or town to petition the liquor commission to revoke the liquor license of a licensee located within the city or town.

HB 1146, relative to the use of capital reserve funds for multiple payments of lease/purchase agreements.

HB 1138-FN-L, relative to New Hampshire route 111.

HB 1208, authorizing the housing finance authority to sell or transfer certain land.

HB 1284-FN-A, directing the liquor commission to study and investigate the location of a new liquor store and possible welcome center and New Hampshire products store in the city of Keene.

HB 1531-FN, relative to reimbursement for removal of petroleum storage facilities from the oil pollution control fund.

HB 1223-FN, repealing the alternative fuel motor vehicle law.

HB 1527, relative to unauthorized switching of telecommunications or energy-related service providers.

HJR 23, supporting the state's petition to the federal Environmental Protection Agency to reduce interstate transport of air pollutants from other states, requesting that Congress make certain changes in the federal Clean Air Act, and requesting that the Environmental Protection Agency enforce certain existing provisions of the Clean Air Act regarding interstate transport of air pollution.

HCR 25, requesting the U.S. Postal Service to issue a stamp commemorating the 200th anniversary of the United States naval shipyards.

HB 1114, relative to registration procedures for the use of antique plates.

HB 1198, relative to the registration of vehicles owned by trusts.

HB 1201-FN, relative to the use of motor vehicle repair plates.

HB 1345, requiring drivers of motor vehicles to obey school crossing guards.

HB 1605, establishing a study committee on marine patrol services.

HB 1481, granting rulemaking authority to the executive director of fish and game to determine the legal length of lobsters.

HB 1336, defining medical necessity for managed care insurance purposes.

HB 1540-FN, allowing non-banks to establish cash dispensing machines.

HB 1526-FN-A, requiring the department of education to publish an annual report of special education statistics.

HB 1156-FN-L, relative to primary elections and absentee ballots.

HB 1204, relative to political party expenditures.

HB 1514-FN, setting the biennial rate for the medicaid enhancement tax.

HB 1631-FN, extending the moratorium on new nursing home beds.

HB 1338-FN-A, establishing a house study committee to examine the adoption of articles 41, 72-a and 73-a of the second part of the New Hampshire constitution.

HJR 24, supporting the initiative to re-elm U.S. Route 1 and urging the department of transportation, the office of state planning, and affected local communities, businesses, residents, and conservation groups to join in and cooperate with voluntary efforts to once again line U.S. Route 1 with elm trees.

HB 1443, relative to the time frame for the department of environmental services to act on certain wetlands applications.

HB 1368, relative to distribution services and metering and billing in electric utility restructuring.

HB 1664-FN, authorizing salary increases for state law enforcement officers.

HB 1392, relative to student drivers.

ENROLLED BILL REPORT

The Committee on Enrolled Bills has examined and found correctly enrolled Senate Bill numbered 84.
Rep. Pfaff for the Committee

UNANIMOUS CONSENT

Reps. Jacobson, Dunn, Tufts, Fuller Clark and Mirski addressed the House.

Rep. Lockwood moved that the remarks made by Rep. Jacobson be printed in the Journal.

Adopted.

Rep. Jacobson. Thank you, Madam Speaker. I apologize for doing this. I thought maybe it would happen tomorrow. Tomorrow is the 53rd anniversary of the Battle of Iwo Jima. Someone asked me why I make these little speeches. The answer is because of love and affection for all of those who fought with me and those who never had the great joys, the great experiences of life that I have enjoyed for these 53 years. I am compelled to get up and to remember these brave men, thousands of them, who never came back but they gave their lives in the interest of freedom for all of us. Thank you.

Rep. Burling moved that the remarks made by Rep. Dunn be printed in the Journal.

Adopted.

Rep. Dunn: Thank you, Madam Speaker. I also apologize for the lateness of the hour, although it is not my fault either. Rep. Jacobson mentioned an historic event and I would like to briefly mention another historic event which is the 1998 Olympics; the women's Team USA ice hockey team which won the gold and I'm sure that you are all aware of it. I would like to use a four-letter word, Madam Speaker, with your permission, because sometimes a word is very important. The word is spelled, G-I-R-L. If you listened to the male sportscasters on this hockey game, you'll see how hard they tried not to use this no-no word. I have no problem, whatsoever. I looked at the roster last night of 25 players and counted nine from New Hampshire. That is almost one-third. Not only is that unusual, I think it is quite incredible. There are two from Dartmouth College. There are four from UNH and there are three homegrown New Hampshire women, or girls, on that team. I thought that without New Hampshire there would be no gold medal. There might not even be a Team USA for women's hockey. The three women who are on that team are from three towns with which I have a particular personal affiliation and I have never met. Tricia Dunn, who is not a relative in any way, is from Derry. I spent two fine years at Pinkerton Academy in Derry. The second is Katie King from the town of Salem. I lived in Windham in the 1940s and we used to go the race track, my doctor dad and I, at 4:00 in the morning to watch the thoroughbreds exercise. That was before pacers and trotters came in and it was before Route 93 ever came in. And last, but not least, I am a Concord representative and incidentally, represent Tara Mounsey. I have been a Concord resident since 1966. I would like to suggest, Madam Speaker, that this House consider a New Hampshire House party. I don't mean a slumber party, but I mean a non-partisan, non-sexist party. I think that when the girls return home from their week in Hawaii, they may be available for some kind of a celebration. I have not polled the Concord Delegation to see if we would team up with the Derry and the Salem Delegations to work on some kind of a celebration. Some of you may or may not realize that the Concord Delegation involves 13 representatives here, all girls. I did not split out the Derry and Salem Delegations by sex, but I do know that a former classmate of mine at Pinkerton Academy is a Derry delegate, and George Katsakiores is no girl. We could also invite the Governor, she's a girl, and we have a Senator for this district who is a girl on the other side. I only hope that perhaps we could work together. This is a team to be really proud of and the State of New Hampshire is responsible for the gold medal that Team USA has won. Thank you very much.

RECESS MOTION

Rep. Henderson moved that the House stand in recess for the purpose of introduction of bills, enrolled bill amendments and enrolled bill reports only.

Adopted.

The House recessed at 5:45 p.m.

RECESS

(Rep. Mock in the Chair)

RESOLUTION

Their introduction having been approved by the Rules Committee:

Rep. Gene Chandler offered the following: **RESOLVED**, that in accordance with the list in the possession of the Clerk, House Bills numbered 1000, 1665 and 1666, shall be by this resolution read a first and second time by the therein listed titles, sent for printing, and referred to the therein designated committees.

Adopted.

INTRODUCTION OF HOUSE BILLS**First, second reading and referral**

HB 1000-FN-L, relative to a 10-year transportation plan and authorizing construction on the Spaulding Turnpike. (G. Chandler, Carr 1: Public Works and Highways)

HB 1665-FN-L, relative to the Manchester airport authority security force. (Dodge, Rock 4; Camm, Rock 17; Dolan, Rock 12; Francoeur, Dist 14; Whipple, Dist 8: Municipal and County Government)

HB 1666-FN-A-L, establishing a new statewide tax on land values to fund a constitutionally adequate education. (Noyes, Rock 26: Finance)

RECESS

(Rep. Amanda Merrill in the Chair)

RESOLUTION

Their introduction having been approved by the Rules Committee:

Rep. Wheeler offered the following: **RESOLVED**, that in accordance with the list in the possession of the Clerk, House Bills numbered 1667 and 1668, shall be by this resolution read a first and second time by the therein listed titles, sent for printing, and referred to the therein designated committees.

Adopted.

INTRODUCTION OF HOUSE BILLS**First, second reading and referral**

HB 1667, to place a question concerning electronic gaming machines to the voters on the November 1998 state general election ballot. (Guay, Coos 6; Thomas, Belk 3; Cooper, Carr 2; Hill, Graf 1; Horton, Coos 3; F. King, Dist 1: Education)

HB 1668-FN-A-L, establishing a personal income tax and a statewide school property tax to fund public education and making an appropriation therefor. (Below, Graf 13; Hager, Merr 18; W. Williams, Graf 3; Feuerstein, Merr 13; Allen, Hills 1: Finance)

RESOLUTION

Rep. Wheeler offered the following: **RESOLVED**, that in accordance with the list in the possession of the Clerk, Senate Bills numbered 91, 140, 191, 210, 302, 303, 305, 307-309, 313, 320, 322, 324, 327, 328, 336-338, 340, 344, 348, 357, 365, 366, 370, 372, 377, 391, 399, 402, 403, 405, 412, 428, 431, 433, 447, 452, 462, 476, 483, 486 and 495 and SCR 6 shall be by this resolution read a first and second time by the therein listed titles, and referred to the therein designated committees.

Adopted.

INTRODUCTION OF SENATE BILLS AND SCR**First, second reading and referral**

- SB 91-FN**, relative to the water well board. (Executive Departments and Administration)

SB 486, relative to old age and survivors' insurance. (Executive Departments and Administration)

SB 495, relative to the university system study committee. (Education)

SCR 6, urging Congress to establish a centralized registry for security interests in intellectual property to be located in New Hampshire. (State-Federal Relations and Veterans Affairs)

RECESS

(Rep. Lozeau in the Chair)

Their introduction having been approved by the Rules Committee:

Rep. Gene Chandler offered the following: **RESOLVED**, that in accordance with the list in the possession of the Clerk, House Bills numbered 1669 and 1670 and Constitutional Amendment Concurrent Resolutions numbered 46 and 47, shall be by this resolution read a first and second time by the therein listed titles, sent for printing, and referred to the therein designated committees.

Adopted.

INTRODUCTION OF HOUSE BILLS AND CACRs

First, second reading and referral

HB 1669-FN-A-L, adding a capital gains tax to the interest and dividends tax, and designating all revenues from the interest and dividends tax for funding education. (Almy, Graf 14; Finance)

HB 1670-FN-A-L, relative to a statewide school tax on income for purposes of funding a constitutionally adequate education and making an appropriation therefor. (Jacobson, Merr 2; French, Merr 3; Finance)

CACR 46, relating to the right of each educable child to an adequate education, and the proportionality and reasonableness of local taxes for education. Providing that the right of every child to an adequate education shall be enforced by appropriate legislation, that the state may delegate to its political subdivisions the duty to provide an adequate education, and that a tax imposed to implement such a delegated duty shall be proportional and reasonable. (G. Chandler, Carr 1; Carson, Rock 29; F. Riley, Hills 44; Finance)

CACR 47, relating to use of personal income taxes. Providing that the general court shall use net revenues from personal income taxes exclusively for educational purposes. (Hager, Merr 18; Below, Graf 13; Allen Hills 1; W. Williams, Graf 3; Feuerstein, Merr 13; French, Merr 3; Finance)

RECESS

(Rep. MacNeil in the Chair)

RESOLUTION

Their introduction having been approved by the Rules Committee:

Rep. Richardson offered the following: **RESOLVED**, that in accordance with the list in the possession of the Clerk, House Bills numbered 1671, through 1673, shall be by this resolution read a first and second time by the therein listed titles, sent for printing, and referred to the therein designated committees.

Adopted.

INTRODUCTION OF HOUSE BILLS

First, second reading and referral

HB 1671-FN-A-L, establishing a securities transfer excise tax to meet state obligations in funding education. (McCann, Straf 11; A. Pelletier, Straf 12; Hemon, Straf 11: Finance)

HB 1672-FN-A-L, replacing the business profits tax and the business enterprise tax with a reform business tax and establishing a committee to recommend a rate for the reform business tax. (Lovett, Graf 6: Finance)

HB 1673-FN-L, requiring the state board of education to establish a uniform salary schedule for public school teachers. (Melcher, Hills 11: Education)

RECESS

(Speaker Sytek in the Chair)

Rep. Lozeau moved that the House adjourn.

Adopted.

HOUSE JOURNAL No. 6

Thursday, March 5, 1998

The House assembled at 10:00 a.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Prayer was offered by Guest Chaplain, Reverend Lynne Hubley from the First Baptist Church in Bradford.

God of Truth and Wisdom: We come before You today seeking Your presence in our midst. May that presence provide strength and clarity, and direction to these representatives who have many tasks and challenges before them. Enable these particular leaders in this session to use the gifts and the power that have been given to them wisely and for the common good of the people whom they are serving. May their work and efforts be fruitful and may they be unified, despite their differences, as they strive to work as one body. We pray to You, O God, as one who hears all our prayers. Amen.

Rep. Cecelia Kane led the Pledge of Allegiance.

LEAVES OF ABSENCE

Reps. George Brown, Ferguson, Robert Foster, Gage, Healy, Robert Johnson, Nowe, O'Rourke, Pantelakos, Pepino, Rubin, Russell, Paul Taylor and Thulander, the day, illness.

Reps. Briefs, Clegg, Coes, Flint, MacAuslan, Morello, Robb-Theroux, Simmons and Woods, the day, important business.

Rep. Hunter, the day, death in the family.

Reps. Burney, Carney and Carson, the day, illness in the family.

INTRODUCTION OF GUESTS

Teachers, chaperons and students of the Bicentennial School in Nashua, guests of the Nashua Delegation. Christine Pina, guest of Reps. Nordgren and Weatherspoon. Students of the 6th, 7th and 8th grades at the Mountain Shadow School in Dublin, their teacher Casey Jones and Head of the school, Nancy Brighton, guests of Rep. Peterson. Greg, Cathy and Megan Kettmann, guests of Rep. Daniels. Andy Martel, John Lyons, Theresa Chabot, Lloyd Basnar, Linda Gerrish and Michael Quinlan, guests of Rep. Vaillancourt. Todd Ptak, guest of Rep. Belvin. The Sunapee High School Senior Class, Mr. Jack Iacopino and Mr. Frank Hammond, guests of Rep. Leone. Pat Champagne, guest of Rep. Haley. Don Madore, guest of Rep. McCarty.

SPECIAL GUEST

Megan Kettmann, winner of the Robert Frost Youth Poet Award, guest of the House.

COMMUNICATION

March 4, 1998

Karen Wadsworth, Clerk of the House

Please be advised that the following representative-elect was sworn into office by the Governor and Executive Council on this day:

Hillsborough 47, Ernest E. Chabot, r, Manchester (146 Cartier St.) 03012

William M. Gardner, Secretary of State

RESOLUTION

Rep. Wheeler offered the following: **RESOLVED**, that in accordance with the list in the possession of the Clerk, Senate Bills numbered 73, 304, 311, 315, 342, 349, 353, 394, 467, 484, 493 and 497, shall be by this resolution read a first and second time by the therein listed titles, and referred to the therein designated committees.

Adopted.

INTRODUCTION OF SENATE BILLS

First, second reading and referral

SB 73-FN, providing that telecommunications poles and lines be subject to the property tax. (Local and Regulated Revenues)

SB 304, allowing juvenile case and court records to be unsealed in certain cases. (Criminal Justice and Public Safety)

SB 311, establishing the Uniform International Wills Act. (Judiciary and Family Law)

SB 315, relative to divorce proceedings. (Judiciary and Family Law)

SB 342, relative to capital appropriations for the Glenclyff home for the elderly. (Public Works and Highways)

SB 349, enabling a town or school district moderator to postpone the deliberative session of a meeting because of a weather emergency. (Municipal and County Government)

SB 353-FN, relative to official ballot procedures. (Municipal and County Government)

SB 394, providing for revocation of wills by divorce. (Judiciary and Family Law)

SB 467-FN, requiring the department of transportation to construct sound barriers along certain streets in Nashua. (Public Works and Highways)

SB 484, prohibiting triple-trailer trucks from the ways of this state. (Transportation)

SB 493, establishing a commission to determine the feasibility of a new public-private partnership to conserve New Hampshire's priority natural, cultural, and historical resources. (Resources, Recreation and Development)

SB 497, relative to disbursement of tobacco settlement funds received by the state. (Finance)

SENATE MESSAGES

CONCURRENCE

HCR 12, a resolution urging the United States Senate to consider the Convention on the Elimination of All Forms of Discrimination Against Women.

HB 1664-FN, authorizing salary increases for state law enforcement officers.

REQUESTS CONCURRENCE WITH AMENDMENTS

HB 517, relative to aggravated felonious sexual assault. (Amendment printed SJ 2, 1/29/98)

Rep. David Welch moved that the House concur.

Adopted.

HB 1119, relative to the town line between the towns of Groton and Plymouth, New Hampshire. (Amendment printed SJ 4, 2/19/98)

Rep. Metzger moved that the House concur.

Adopted.

ENROLLED BILL AMENDMENT

SB 96-FN, relative to the priority of charges in probate of estates. (Amendment printed SJ 5, 3/5/98)

Adopted.

ENROLLED BILLS REPORT

The Committee on Enrolled Bills has examined and found correctly enrolled House Bills numbered 648, 1119 and 1664.

Rep. Pfaff, Sen. Barnes for the Committee

RESOLUTION

Their introduction having been approved by the Rules Committee:

Rep. Wheeler offered the following: **RESOLVED**, that in accordance with the list in the possession of the Clerk, House Bill numbered 1674 and Constitutional Amendment Concurrent Resolution numbered 48, shall be by this resolution read a first and second time by the therein listed titles, sent for printing, and referred to the therein designated committees.

Adopted.

INTRODUCTION OF HOUSE BILL AND CACR

First, second reading and referral

HB 1674-FN-A-L, establishing a proportional statewide property tax to provide equal per student funding for state-mandated education and funding for kindergarten and making an appropriation therefor. (Sapareto, Rock 13; Allen, Hills 1; Sabella, Rock 13; Wallin, Merr 15; Dodge, Rock 4; Finance)

CACR 48, relating to restricting any statewide property tax to education funding. Providing that all revenues resulting from a statewide property tax shall be used exclusively for elementary and secondary education. (Sapareto, Rock 13; Allen, Hills 1: Finance)

COMMITTEE REPORTS

CONSENT CALENDAR

Rep. Wheeler moved that the Consent Calendar with the relevant amendments as printed in the day's House Record be adopted.

HB 1178, relative to automobile leasing, removed by Rep. William McCarthy.

HB 1529, reinstating the corporate charter of Hampstead Garage, Inc, removed by Rep. Hunt.

HB 1598-FN, prohibiting the use of social security numbers except for taxation purposes and providing certain rights to victims of credit card fraud, removed by Rep. Donald White.

HB 1654, relative to consumer credit solicitations, removed by Rep. Sapareto.

HB 1327, clarifying enforcement when structures such as manufactured housing are relocated without payment of taxes, removed by Rep. Burling.

HB 1559, legalizing the possession and cultivation of marijuana for medicinal purposes, removed by Rep. Robertson.

HB 1465, relative to eligibility for athletic scholarships with the university system of New Hampshire, removed by Rep. Fesh.

HB 1371, requiring the collection of certain data on children and parents in the state case registry for use in child support enforcement, removed by Rep. Kurk.

HB 1445, relative to nonpublic sessions and relative to attorneys in certain proceedings, removed by Rep. Arthur Pelletier.

HB 1565-FN-A, establishing a joint legislative fiduciary oversight committee and making an appropriation therefor, removed by Rep. Jacobson.

HB 1107-L, relative to the rate setting duties of the department of revenue administration, removed by Rep. Dodge.

HB 1136, changing the appointing authority for board of tax and land appeals members from the supreme court to the governor and council, removed by Rep. Leishman.

Consent Calendar adopted.

HB 1147, relative to corporate filings with the secretary of state. OUGHT TO PASS WITH AMENDMENT

Rep. David T. Mittelman for Commerce: This bill a) clarifies which corporate officers may submit an annual report and b) repeals an expired grandfather clause relative to trade name registrations. Vote 16-0.

Amendment (0816h)

Amend the bill by replacing section 2 with the following:

2 New Subparagraph; Annual Report. Amend RSA 293-A:16.22(a) by inserting after subparagraph (5) the following new subparagraph:

(6) The signature of an officer, director, or any other person authorized by the board of directors to execute the annual report.

AMENDED ANALYSIS

This bill allows an annual report to be executed by an officer, director, or any other person authorized by the board of directors of a corporation.

The bill also repeals an obsolete provision concerning the registration of trade names.

HB 1153, establishing a committee to study uninsured and underinsured persons who have diabetes. INEXPEDIENT TO LEGISLATE

Rep. Gregory G. Carson for Commerce: The committee is currently addressing, in general, all persons who are uninsured or underinsured with consideration of HB 1411. With the passage of legislation in the last two sessions, including that supplies counseling and services be covered, the committee has addressed the issues specific to diabetes. The committee will continue to look at other issues as they arise through HB 1411. Vote 12-0.

HB 1165, relative to the incorporation, management, branching and merger of banks. **OUGHT TO PASS WITH AMENDMENT**

Rep. David T. Mittelman for Commerce: This bill makes technical corrections and improvements to the banking laws. In essence, these changes clarify director duties, operating procedures and parity provisions. Vote 15-0.

Amendment (0873h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Section; Change in Control of Nondepository Financial Institution. Amend RSA 383:9 by inserting after section 9-g the following new section:

383:9-h Change in Control of Nondepository Financial Institution. No change in control of a nondepository financial institution shall occur without the prior approval of the bank commissioner. The term "change of control" shall mean the direct or indirect acquisition by a person or group of persons acting in concert of 10 percent or more of the beneficial ownership or control of the voting shares. The person or group seeking to acquire control of the nondepository financial institution shall submit an application to the bank commissioner for approval which shall contain such financial, business, experience and other information as the bank commissioner shall require to determine whether such person or group is suitable to exercise control of a nondepository financial institution. Upon receipt of a complete application, the bank commissioner may hold a hearing on such application and shall make a decision within 60 days after receipt of the application.

2 Payment of Cost of Examination. Amend RSA 383:11, II(a) as follows:

(a) From banks and credit unions. Each state-chartered savings bank, commercial bank, trust company, cooperative bank, building and loan association, credit union, Morris Plan bank, or similar institution required to be examined under the provisions of RSA 383:9 shall be charged and pay such proportion of said balance applicable to such institutions under the banking department's program appropriation unit designation, as its total assets bear to the total assets of all such institutions as shown by their reports to the commissioner as of June 30 preceding such charges, except that only ~~50~~ 25 percent of the fiduciary assets shall be used in the calculation of the total assets of each institution and all such institutions.

3 Responsibilities of Directors or Trustees and Officers; Qualifications; Elections. RSA 384:3 is repealed and reenacted to read as follows:

383:3 Responsibilities of Directors or Trustees and Officers; Qualifications; Elections.

I. The governance of a state-chartered bank or savings association shall be the responsibility of the board of directors or trustees. The board shall establish the policies and procedures for the conduct of the affairs of the bank or savings association and shall supervise the affairs of the bank or savings association to ensure that such policies and procedures are being adhered to by its officers and employees and that its operations are in compliance with federal and state laws and regulations. Neither the board nor individual directors or trustees may delegate their duty to govern the bank or savings association.

II. Each director or trustee of a state-chartered bank or savings association shall discharge his or her duties under the same standards that exist for a director of a business corporation under RSA 293-A:8.30 and RSA 293-A:8.31, except that:

(a) A director or trustee of a bank or savings association which serves as a fiduciary shall be subject to a fiduciary duty when he or she is acting on matters related to the bank or savings association's fiduciary activities; and

(b) A trustee of a mutual savings bank or savings association shall be subject to a fiduciary duty when he or she is acting on matters related to the proprietary interests of depositors.

III. The president shall be responsible for carrying out the policies and procedures of the board and managing the day-to-day affairs of the bank or savings association and shall be accountable to the board of directors or trustees in the performance of his or her duties. Each officer with discretionary authority shall discharge his or her duties under the same standards that exist for an officer of a business corporation under RSA 293-A:8.42, except that any such officer of a bank or savings association which serves as a fiduciary shall be subject to a fiduciary duty when he or she is acting on matters related to the bank or savings association's fiduciary activities.

IV. Notwithstanding any other provision of law to the contrary, a state-chartered bank or savings association shall have at least 5 directors or trustees. A majority of the directors or trustees shall be

required to be citizens of and residents in the state of New Hampshire, except that this requirement shall not be applicable to the directors or trustees of a bank or savings association which is wholly owned by an out-of-state bank holding company within the meaning of RSA 384:57, VI.

4 Oath of Office. RSA 384:5 is repealed and reenacted to read as follows:

384:5 Election; Oath. Officers, directors and trustees shall be elected as frequently as the charter or bylaws of the bank or savings association may require, but not less than once every 3 years, and they shall hold office until others are elected and qualified. All officers, directors and trustees, upon election, shall be sworn to the faithful discharge of their duties, except that they shall be required to take an oath of office only on the first occasion of their election or appointment and shall not be required to take any such oath thereafter.

5 Limitation. Amend the introductory paragraph of RSA 384:5-a, I to read as follows:

I. No person shall at the same time serve as a trustee, director, or ~~[officer]~~ **senior executive officer who exercises significant influence over, or participates in, major policy decisions**, of more than one of the following types of financial institutions **if such financial institutions are doing business in the same assessment area as delineated under the federal Community Reinvestment Act, 12 USC 2901 et. seq., and regulations adopted thereunder**:

6 Limitation. Amend RSA 384:5-a, II to read as follows:

II. The provisions of paragraph I shall not apply:

(a) With respect to any persons who hold such positions in more than one of such financial institutions as of July 1, 1971, except where such persons are elected, appointed, re-elected or re-appointed subsequent to June 30, 1971;

(b) With respect to any person serving as trustee, director, or officer of more than one affiliate of a bank holding company as defined in RSA 384-B:1, IV and V; ~~[or]~~

(c) With respect to any person serving as a trustee, director, or officer of:

(1) ~~[Any one of a mutual savings bank, a guaranty savings bank, or a cooperative bank;]~~
An institution which does not engage in a trust business; and

(2) A ~~[limited]~~ trust company which does not make ~~[real estate mortgage]~~ loans and does not accept ~~[savings]~~ deposits ~~[from natural persons]; or~~

(d) **With respect to any person who is serving in a capacity that is permitted under federal laws or regulations governing depository institution management interlocks.**

7 Meetings; Records. Amend RSA 384:7 to read as follows:

384:7 Meetings; Records. The trustees or directors shall meet **on a regular basis** as often as ~~[once each month]~~ **necessary but not less than 9 times per year**; and at such ~~[monthly]~~ meetings the work for the preceding ~~[month]~~ **period** of the investment committee, and of all other committees appointed by the trustees or directors, shall be submitted to the board for examination. A record of the meeting shall be kept, showing the names of the trustees or directors present. A majority of the board of trustees or directors shall be a quorum for the transaction of business. **The board of trustees or directors shall adopt a policy providing standards for determining the number of absences by a director or trustee from meetings of the board or the committees which shall result in a declaration of dereliction of duty by the board and its removal of the director or trustee from office.**

8 New Sections; Action Without Meeting; Participation in Meetings. Amend RSA 384 by inserting after section 7 the following new sections:

384:7-a Action Without Meeting.

I. Unless the charter or bylaws provide otherwise, any action to be taken at a meeting of the board of directors or trustees or committee may be taken without a meeting if the action is taken by unanimous consent of all members of the board or committee. The action shall be evidenced by one or more written consents describing the action taken, signed by each director or trustee or other committee member, and included in the minutes or filed with the corporate records reflecting the action taken.

II. Action taken under this section is effective when the last director or trustee or committee member signs the consent, unless the consent specifies a different effective date.

III. A consent signed under this section has the effect of a meeting vote and may be described as such in any document.

384:7-b Participation in Meetings. Unless the charter or bylaws provide otherwise, a board of directors or trustees may permit any or all directors or trustees to participate in a regular or special meeting by, or conduct the meeting through the use of, any means of communication by which all

of the directors or trustees participating may simultaneously hear each other during the meeting. A director or trustee participating in a meeting by this means is deemed to be present in person at the meeting. However, a director or trustee shall be physically present at a majority of the meetings such director or trustee attends.

9 Branch Offices. RSA 384-B:2, IV is repealed and reenacted to read as follows:

IV. In making the decision on each application, the board shall take into consideration the following factors:

- (a) The financial history and condition of the bank or banks concerned including the adequacy of its or their capital funds;
- (b) Its or their prospects; and
- (c) The character of the management.

10 New Section; Exceptions. Amend RSA 384-B by inserting after section 2-d the following new section:

384-B:2-e Exceptions. Notwithstanding any provision to the contrary in RSA 384-B:2, I, III, IV and V and 384-B:2-c, II, a bank which is well-capitalized under applicable federal rules and regulations and has a composite camel rating of at least 2 as a result of its most recent examination by either its federal regulatory authority or the bank commissioner, may open a new branch if it does not exceed 20 percent of the dollar volume of the total deposits, time and savings, and demand of all banks, national banks, and federal savings banks and loan associations in the state as determined by the board as provided in RSA 384-B:2, I, by giving written notice to the bank commissioner at least 30 days in advance of the opening of the new branch and by paying the fee required by RSA 384-B:2, III.

11 Incorporators. RSA 386-A:1 is repealed and reenacted to read as follows:

386-A:1 Incorporators. Except as provided in this paragraph, 10 persons may subscribe to articles of agreement in writing for the purpose of forming a mutual savings bank or a guaranty savings bank and may, upon compliance with the provisions of this chapter, become a corporation with all the powers and privileges and subject to all the duties, restrictions, and liabilities of either a mutual savings bank or a guaranty savings bank, as set forth in the general laws now or hereafter in force relating to such corporations. If the bank is being organized by a bank holding company as defined by the federal Bank Holding Act of 1956, as amended, or by a savings and loan holding company as defined by the federal Savings and Loan Holding Company Act, as amended, or in connection with a reorganization of a bank into a holding company structure, then only the holding company is required to subscribe to the articles of agreement.

12 Considerations. RSA 386-A:6 is repealed and reenacted to read as follows:

386-A:6 Considerations. Before acting on any petition, the board shall consider such evidence as may be presented by the petitioners and all other interested persons, firms and corporations, including members of the general public and shall keep a permanent record of such evidence. The petitioners shall submit to the board full information as to the identity and background of each person, firm, or corporation who has subscribed to 3 percent or more of the initial capital of the proposed bank, including information on whether such person, firm, or corporation held an equity interest of 3 percent or more in or served as a director or officer of a bank which has failed. In making its decision on each petition, the board shall not take favorable action unless it determines that the following are adequate:

- I. The proposed bank's capital structure.
- II. The earning prospects of the proposed bank.
- III. The character and general standing in the community of subscribers, the prospective directors, proposed officers and other employees, and other persons connected with the petition or to be connected with the proposed bank.

IV. The banking ability and experience of proposed officers and other employees.

13 Limitations of Investments. RSA 387:3, I is repealed and reenacted to read as follows:

I. Except as otherwise provided in this chapter, not exceeding 15 percent of capital funds shall be invested in the obligations or stock of any individual, partnership or corporation except public obligations, obligations of agencies of the United States as are designated by written ruling of the bank commissioner, loans authorized by RSA 387:4, IV and V, and liabilities for money borrowed to the extent that they shall be secured, covered, underwritten or protected as to principal and interest by guaranties, or by commitments or agreements to take over or purchase the same, made by or on behalf of any federal reserve bank, or the United States or the state of New Hampshire, or

any other state, or any department, bureau, board, commission or establishment of the United States, the state of New Hampshire, or any other state including any corporation wholly owned directly or indirectly by the United States, the state of New Hampshire, or any other state, for the performance of which guaranties, commitments or agreements the faith of the United States, the state of New Hampshire, or any other state is pledged. Notwithstanding the foregoing a bank having deposits of \$1,500,000 or less may invest, in loans authorized by RSA 387:4, I, an amount to any one borrower not exceeding 2-1/2 percent of deposits or 15 percent of capital funds, whichever is greater, but in no case in excess of \$22,500, unless in such case 15 percent of capital funds exceeds said latter sum, in which case the limit shall be 15 percent of capital funds for such bank.

14 General Lending Authority. RSA 387:26 is repealed and reenacted to read as follows:

387:26 General Lending Authority. Notwithstanding any other provision of law to the contrary, a savings bank shall be authorized to make any type of secured or unsecured loan to any person, including without limitation any business or governmental entity. With respect to secured loans, a savings bank shall adopt prudent policies establishing loan-to-value ratios suitable for the type of property securing the loans. With respect to all loans, a savings bank shall adopt prudent policies establishing the creditworthiness of borrowers. The total liabilities of any person for money borrowed from a savings bank which is insured by the Federal Deposit Insurance Corporation shall not exceed the limitation prescribed for national banks under federal laws and regulations. The bank commissioner may adopt rules, pursuant to RSA 541-A, interpreting the applicability of such federal rules and regulations to savings banks. This limitation shall not apply to securities described in RSA 387:6, I-IV nor to liabilities for money borrowed to the extent that they shall be secured, covered, underwritten, or protected as to principal and interest by guaranties, or by commitments or agreements to take over or purchase the same, made by or on behalf of any federal reserve bank, or the United States or the state of New Hampshire, or any other state, or any department, bureau, board, commission, or establishment of the United States or the state of New Hampshire or any other state including any corporation wholly owned directly or indirectly by the United States or the state of New Hampshire or any other state, for the performance of which guaranties, commitments, or agreements the faith of the United States or the state of New Hampshire or any other state is pledged.

15 Fiduciary Powers. Amend RSA 390:13 to read as follows:

390:13 Power to Act as Fiduciary.

I. Any trust company [~~or similar corporation~~], **bank, or savings association** incorporated under the laws of this state, or any national bank **or federally chartered savings association** duly authorized and located within the state, may be appointed trustee or executor in any case where an individual can be appointed, upon the same conditions and subject to the same control, requirements, and penalties.

II. Any trust company [~~or similar corporation~~], **bank, or savings association** incorporated under the laws of any other state, or any national bank **or federally chartered savings association** having its principal place of business in any other state may be appointed trustee or executor as provided in this section if the state in which such trust company [~~or similar corporation~~], **bank, or savings association** incorporated under the laws of that state, or any national bank **or federally chartered savings association** duly authorized and having its principal place of business in that state similarly allows any trust company [~~or similar corporation~~], **bank, or savings association** incorporated under the laws of this state, and any national bank **or federally chartered savings association** duly authorized and located within this state to serve as appointed trustees or executors in that state.

III. Any trust company **bank, or savings association** organized under the laws of New Hampshire may be authorized and empowered to act as receiver, assignee, or agent for any person, firm, association, or corporation, public or private; and in all proceedings in court or elsewhere in relation to such trusts or agencies, all accounts and other papers may be signed and sworn to in behalf of the [~~corporation~~] **trust company, bank, or savings association** by any officer duly authorized.

IV. Nothing contained in this section shall affect the rights of religious, charitable, and eleemosynary corporations organized under the laws of New Hampshire to act in fiduciary capacities, or extend to corporations **or other forms of business entities** other than trust companies [~~and similar corporations~~] **banks, and savings associations**, or [~~any~~] national [~~bank~~] **banks and federally chartered savings associations** duly authorized and located within the state, power to act in a fiduciary capacity.

16 Limitation on Fiduciary Powers. Amend RSA 390:15 to read as follows:

390:15 Limitation. The exercise of the powers granted herein is limited to ~~[the specified corporations located]~~ *trust companies, banks and savings associations incorporated under the laws of this state and national banks and federally chartered savings associations duly authorized and having their principal place of business* in this state, except as otherwise expressly provided in RSA 390:13.

17 Establishment and Use of Common Trust by Holding Company Affiliates. Amend RSA 391:1-a to read as follows:

391:1-a Establishment and Use of Common Trust by Bank Holding Company Affiliates. Any such bank or trust company which is an affiliate of a bank holding company, as defined by ~~[RSA 384-B:1, IV and V]~~ *the federal Bank Holding Act of 1956, as amended, or of a savings and loan company as defined by the federal Savings and Loan Holding Company Act, as amended*, may establish common trust funds for the purpose of furnishing investments to itself as fiduciary, to other affiliates of the same bank holding company qualified to act as fiduciary in this state as fiduciary, or to itself and others as co-fiduciaries, or to such other affiliates and others as co-fiduciaries. Subject to the limitations upon the investment of funds held in a fiduciary capacity in common trust funds contained in RSA 391:1, the bank or trust company affiliate of a bank holding company establishing such common trust funds and other affiliates of the same bank holding company qualified to act as fiduciary in this state may, as such fiduciary or co-fiduciary, invest funds which it lawfully holds for investment in interest in such common trust funds. The bank or trust company establishing, maintaining, or so utilizing any such common trust fund shall comply with and be subject to all of the provisions of this chapter as though such bank or trust company and the other banks or trust companies participating in such common trust fund or funds were one and the same corporate entity. Any person acting as a co-fiduciary with any such bank or trust company is hereby authorized to consent to the investment in interest in a common trust fund or funds created hereunder.

18 Incorporators. RSA 392:2 is repealed and reenacted to read as follows:

392:2 Incorporators. Except as provided in this paragraph, 10 persons may subscribe to articles of agreement in writing for the purpose of forming a trust company and may, upon compliance with the provisions of this chapter, become a corporation with all the powers and privileges and subject to all the duties, restrictions and liabilities of a trust company, as set forth in the general laws now or hereafter in force relating to such corporations. If a trust company is being organized by a bank holding company as defined by the federal Bank Holding Act of 1956, as amended, or by a savings and loan holding company as defined by the federal Savings and Loan Holding Company Act, as amended, or in connection with a reorganization of a trust company into a holding company structure, then only the holding company is required to subscribe to the articles of agreement.

19 General Powers. RSA 392:33 is repealed and reenacted to read as follows:

392:33 In General. Such corporation may be authorized and empowered to receive on deposit, storage or otherwise, money, securities, jewelry, documents, evidences of debt, and other personal property of a similar character, for safekeeping, upon such terms or conditions as may be agreed upon, which said deposits may be made by corporations and persons acting individually or in any fiduciary capacity; to collect and disburse the income and principal of said property when due; to negotiate, purchase, and sell stocks, bonds, and other evidences of debt; to do a general banking business; and to conduct a savings bank business. Notwithstanding any other provision of law to the contrary, a trust company shall be authorized to make any type of secured or unsecured loan to any person, including without limitation any business or governmental entity. With respect to secured loans, a trust company shall adopt prudent policies establishing loan-to-value ratios suitable for the type of property securing the loans. With respect to all loans, a trust company shall adopt prudent policies establishing the creditworthiness of borrowers.

20 Limitations on Loans, and Holdings of Corporate Securities. RSA 392:39 is repealed and reenacted to read as follows:

392:39 Limitations of Loans, and Holdings of Corporate Securities. The total liabilities of a person for money borrowed from a state-chartered trust company which is insured by the Federal Deposit Insurance corporation shall not exceed the limitation prescribed for national banks under federal laws and regulations. The bank commissioner may adopt rules, pursuant to RSA 541-A, interpreting the applicability of such federal rules and regulations to trust companies. This limitation shall not apply to securities described in RSA 387:6, I-IV nor to liabilities for money borrowed to the extent that they shall be secured, covered, underwritten, or protected as to principal and

interest by guaranties, or by commitments or agreements to take over or purchase the same, made by or on behalf of any federal reserve bank, or the United States, the state of New Hampshire, or any other state, or any department, bureau, board, commission or establishment of the United States or the state of New Hampshire including any corporation wholly owned directly or indirectly by the United States, the state of New Hampshire, or any other state, for the performance of which guaranties, commitments, or agreements the faith of the United States or the state of New Hampshire is pledged.

21 Repeal. The following are repealed:

I. RSA 384:8, relative to absences.

II. RSA 384:9, relative to exceptions.

III. RSA 386:3, relative to report of stock ownership.

IV. RSA 386:5, relative to eligibility as affected by occupation.

V. RSA 392:8, III, relative to decision based on consideration of the convenience and need of the community.

VI. RSA 392:40, relative to limitations qualified.

22 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill makes technical corrections to the banking laws, most specifically with regard to incorporation and management of banks. The bill changes provisions governing the lending authority and holdings of corporate securities by banks.

The bill establishes criteria for the board of trust incorporation to consider when deciding on applications for branch offices.

HB 1203, establishing a committee to study methods of increasing the funding for the insurance fraud investigation unit. **INEXPEDIENT TO LEGISLATE**

Rep. George Hurt for Commerce: The committee found with testimony presented that current methods being used to alleviate fraud within the insurance marketplace is adequately being addressed within the legal framework of the insurance industry and the state insurance department. Vote 12-0.

HB 1237, relative to "salvage" motor vehicles. **INEXPEDIENT TO LEGISLATE**

Rep. Keith R. Herman for Commerce: The sponsor thought this bill was a lemon law for used vehicles. The bill doesn't accomplish this. The bill would require any owner of a vehicle which has a title with a salvage designation to report such designation when selling or transferring the vehicle. Current law requires any vehicle which has a salvage designation to have a sticker on the door frame. In addition, it is possible for an individual to trade in a used vehicle to a dealership and unknowingly be subject to this law. Vote 12-0.

HB 1257, authorizing landlords to conduct criminal background checks on prospective tenants with the consent of the prospective tenants. **INEXPEDIENT TO LEGISLATE**

Rep. Barbara L. Spear for Commerce: There are certain tenants who can be a problem for a landlord. Doing a criminal background check on each tenant applicant would burden local authorities and the FBI. Also, the report back to the landlord could take several weeks longer. Vote 11-1.

HB 1308, protecting the rights of distributors. **REFER FOR INTERIM STUDY**

Rep. David T. Mittelman for Commerce: The intent of this bill is to create a level playing field for negotiations between manufacturers and distributors. The committee would like additional time to examine the scope and impact of the problem, as well as the approach by other states. Vote 12-0.

HB 1311, adopting the 1994 revisions to article 8 of the uniform commercial code relative to investment securities. **OUGHT TO PASS WITH AMENDMENT**

Rep. David T. Mittelman for Commerce: This bill brings New Hampshire into conformity with other states relative to certificated securities, which serve to reduce the need for paper-based indicia of ownership by allowing registration as an alternative. UCC 8, in turn, governs this intermediation between issuers and beneficial owners. The 1994 revisions simply clarify and modernize the customs and usage of these certificated securities. Vote 12-0.

Amendment (0858h)

Amend the article title of RSA 382-A:8 as inserted by section 1 of the bill by replacing it with the following:

ARTICLE 8**INVESTMENT SECURITIES**

Amend RSA 382-A:8-203-8-205 as inserted by section 1 of the bill by replacing them with the following:

382-A:8-203 Staleness as Notice of Defect or Defense. After an act or event, other than a call that has been revoked, creating a right to immediate performance of the principal obligation represented by a certificated security or setting a date on or after which the security is to be presented or surrendered for redemption or exchange, a purchaser is charged with notice of any defect in its issue or defense of the issuer, if the act or event:

(1) requires the payment of money, the delivery of a certificated security, the registration of transfer of an uncertificated security, or any of them on presentation or surrender of the security certificate, the money or security is available on the date set for payment or exchange, and the purchaser takes the security more than one year after that date; or

(2) is not covered by paragraph (1) and the purchaser takes the security more than 2 years after the date set for surrender or presentation or the date on which performance became due.

382-A:8-204 Effect of Issuer's Restriction on Transfer. A restriction on transfer of a security imposed by the issuer, even if otherwise lawful, is ineffective against a person without knowledge of the restriction unless:

(1) the security is certificated and the restriction is noted conspicuously on the security certificate; or

(2) the security is uncertificated and the registered owner has been notified of the restriction.

382-A:8-205 Effect of Unauthorized Signature on Security Certificate. An unauthorized signature placed on a security certificate before or in the course of issue is ineffective, but the signature is effective in favor of a purchaser for value of the certificated security if the purchaser is without notice of the lack of authority and the signing has been done by:

(1) an authenticating trustee, registrar, transfer agent, or other person entrusted by the issuer with the signing of the security certificate or of similar security certificates, or the immediate preparation for signing of any of them; or

(2) an employee of the issuer, or of any of the persons listed in paragraph (1), entrusted with responsible handling of the security certificate.

Amend the bill by replacing section 7 with the following:

7 Definitions and Index of Definitions. Amend RSA 382-A:9-105(1)(h) and (i) to read as follows:

(h) "Goods" includes all things which are movable at the time the security interest attaches or which are fixtures (Section 9-313), but does not include money, documents, instruments, *investment property*, accounts, chattel paper, general intangibles, or minerals or the like (including oil and gas) before extraction. "Goods" also includes standing timber which is to be cut and removed under a conveyance or contract for sale, the unborn young of animals, and growing crops;

(i) "Instrument" means a negotiable instrument (defined in Section 3-104), ~~or~~ a certificated security (defined in Section 8-102), *a certificate of deposit (defined in Section 3-104(j))*, or any other writing which evidences a right to the payment of money and is not itself a security agreement or lease and is of a type which is in ordinary course of business transferred by delivery with any necessary indorsement or assignment.

Amend the bill by replacing section 9 with the following:

9 Definitions; Account; General Intangibles. Amend RSA 382-A:9-106 to read as follows:

382-A:9-106 Definitions: "Account"; "General Intangibles". "Account" means any right to payment for goods sold or leased or for services rendered which is not evidenced by an instrument or chattel paper, whether or not it has been earned by performance. "General intangibles" means any personal property (including things in action) other than goods, accounts, chattel paper, documents, instruments, *investment property*, and money. All rights to payment earned or unearned under a charter or other contract involving the use or hire of a vessel and all rights incident to the charter or contract are accounts.

Amend the bill by replacing section 11 with the following:

11 Attachment and Enforceability of Security Interest; Proceeds; Formal Requisites. Amend the introductory language of RSA 382-A:9-203(1) and RSA 382-A:9-203(1)(a) to read as follows:

(1) Subject to the provisions of Section 4-210 on the security interest of a collecting bank, ~~[Section 8-321 on security interests in securities]~~ *Sections 9-115 and 9-116 on security interests in investment property*, and Section 9-113 on a security interest arising under the Article on Sales, a security interest is not enforceable against the debtor or third parties with respect to the collateral and does not attach unless:

(a) the collateral is in the possession of the secured party pursuant to agreement, *the collateral is investment property and the secured party has control pursuant to agreement*, or the debtor has signed a security agreement which contains a description of the collateral and in addition, when the security interest covers crops growing or to be grown or timber to be cut, a description of the land concerned; and

Amend the bill by replacing section 21 with the following:

21 Savings Clause.

I. This act does not affect an action or proceeding commenced before January 1, 1999.

II. If a security interest in a security is perfected at the date this act takes effect, and the action by which the security interest was perfected would suffice to perfect a security interest under this act, no further action is required to continue perfection. If a security interest in a security is perfected at the date this act takes effect, but the action by which the security interest was perfected would not suffice to perfect a security interest under this act, the security interest remains perfected for a period of 4 months after the effective date and continues perfected thereafter if appropriate action to perfect under this act is taken within that period. If a security interest is perfected at the date this act takes effect, and the security interest can be perfected by filing under this act, a financing statement signed by the secured party instead of the debtor may be filed within that period to continue perfection or thereafter to perfect.

HB 1312, adopting the 1995 revisions to article 5 of the uniform commercial code relative to letters of credit. **OUGHT TO PASS**

Rep. Tara G. Reardon for Commerce: This bill revises and modernizes Article 5 of the Uniform Commercial Code use of letters of credit and makes conforming and miscellaneous amendments to Articles 1, 2, and 9. Letters of credit use is increasing in international and domestic transactions. From time to time New Hampshire must modernize and coordinate our laws with the uniform laws to keep up custom, practice and to provide solid standards for the governance of letter of credit transactions. Vote 14-0.

HB 1314, relative to enforceable provisions in retail installment contracts for motor vehicles. **OUGHT TO PASS WITH AMENDMENT**

Rep. David T. Mittelman for Commerce: This bill expands the exceptions to the prohibition against acceleration of a motor vehicle installment contract to include improper insurance coverage, unauthorized transfers and other significant impairments to the realization of the collateral. Vote 16-0.

Amendment (0837h)

Amend the bill by replacing all after the enacting clause with the following:

1 Retail Installment Sales of Motor Vehicles; Prohibitions as to Retail Installment Contracts; Acceleration of Principal Balance for Default; Exceptions Added. Amend RSA 361-A:7, IX(b) to read as follows:

(b) Any provision permitting the holder to accelerate the principal balance under the contract for default for any cause other than:

(1) Non-payment of any amount due under the terms of the contract~~[or]~~.

(2) Failure to insure the vehicle which secures the contract against loss, if such insurance is required by the terms of the contract ~~[and except where the contract provides for the holder to purchase such insurance and collect the premiums for the insurance from the borrower]~~. *Provided, however, that the holder may not accelerate the principal balance solely as a result of the failure to insure until the holder gives the buyer written notice conspicuously stating that the buyer has the opportunity to cure the default under this subparagraph by submitting proof of insurance to the holder within 15 days of the mailing of the notice. If no proof of insurance is submitted to*

the holder within 15 days of mailing of notice, the holder may accelerate the principal balance. This subparagraph shall not apply if the contract obligates the holder to purchase such insurance and collect the premiums for the insurance from the buyer.

(3) Removal of the collateral from the United States or Canada without the holder's permission.

(4) Sale, rental, lease, or other transfer of an interest in the collateral without the holder's permission.

(5) Commencement of a proceeding in bankruptcy by or against the buyer.

(6) Other significant impairment of the realization of the collateral, limited to encumbrance of the vehicle, abandonment of the vehicle, or loss, theft, or destruction of the vehicle that is not covered by insurance.

2 New Subparagraph; Retail Installment Sales of Motor Vehicles; Prohibitions as to Retail Installment Contracts; Waiver of Right Benefit, or Privilege. Amend RSA 361-A:7, IX by inserting after subparagraph (c) the following new subparagraph:

(d) Any provision under which a buyer waives any right, benefit, or privilege which is conferred upon the buyer under this chapter.

3 Effective Date. This act shall take effect January 1, 1999.

AMENDED ANALYSIS

This bill expands the exceptions to the prohibition against acceleration of a motor vehicle retail installment contract by the holder to include transfer by the buyer and proceedings in bankruptcy against the buyer. This bill also adds provisions under which a buyer waives a right, benefit, or privilege to the motor vehicle retail installment contract prohibitions.

HB 1379, making attorneys subject to the Consumer Protection Act. INEXPEDIENT TO LEGISLATE

Rep. Keith R. Herman for Commerce: The Consumer Protection Act doesn't apply to entities which are regulated by the state. Lawyers are regulated by the court system and the NH Bar Association. In addition, making an exception for lawyers would set a bad precedent. Vote 12-0.

HB 1380-FN, relative to energy costs for persons dependent upon life-support equipment. REFER FOR INTERIM STUDY

Rep. Keith R. Herman for Commerce: The bill as drafted is poorly crafted. However, the subject matter sparked some inquiry into the dilemma expressed by the proponents. The committee will be seeking input from the Health & Human Services, Science, Technology & Energy, and Finance Committees as to how best to address this issue. Vote 12-0.

HB 1391, requiring insurance coverage for the screening and treatment of glaucoma. REFER FOR INTERIM STUDY

Rep. Martha Fuller Clark for Commerce: The committee recognizes that glaucoma is a serious disease which can only be detected through screening and is a disease which will become increasingly prevalent as NH's population ages. The committee believes that the issue of mandating coverage for glaucoma clearly deserves more study. Currently, we lack an understanding of how prevalent are riders to cover this condition. Nor do we have a clear picture of how such mandates might affect the price of premiums in the individual market, which is already in such a precarious state in New Hampshire. Vote 14-0.

HB 1458, requiring health maintenance organizations to provide certain written statements. INEXPEDIENT TO LEGISLATE

Rep. Keith R. Herman for Commerce: This bill repeats efforts being made in SB 371 to ensure relevant information is provided to individuals when a health carrier makes an "adverse determination". The committee believes this bill is not necessary and the committee is committed to follow through on the intent of this legislation. Vote 15-0.

HB 1461, relative to the definition of "destroyed" and "transfer" involving cashier's checks. INEXPEDIENT TO LEGISLATE

Rep. David T. Mittelman for Commerce: The sponsor requested this bill's withdrawal because its focus is already adequately addressed in current law. Vote 12-0.

HB 1484, relative to motor vehicle insurance. INEXPEDIENT TO LEGISLATE

Rep. Keith R. Herman for Commerce: The bill as drafted prevents insurance companies forcing a specific repair shop be used for auto repairs. This House passed this law two years ago, so the bill as drafted is not necessary. The sponsor's intent was to require all auto repairs to be made using Original Equipment Manufacturer parts. The committee feels that this mandate would only lead to higher insurance premiums and that there are sufficient consumer protections in place to ensure auto repairs are made in a safe manner. Vote 12-0.

HB 1512-FN, relative to credit card rates and payments. INEXPEDIENT TO LEGISLATE

Rep. Eric N. Lindblade for Commerce: The sponsor asked to withdraw the bill. There is no way that this law could be enforced. Credit card companies in other states cannot be controlled by our banking department. There also is no mention of how to deal with variable rates. Vote 12-0.

HB 1536, establishing a committee to study women's health care and relative to breast feeding a baby. OUGHT TO PASS WITH AMENDMENT

Rep. Keith R. Herman for Commerce: This bill creates a study committee to look into women's health care issues. The amendment removes a provision allowing breast feeding in public. The committee wants to emphasize that the issue of breast feeding is a societal concern that the sponsor will be taking a closer look into to ensure that all concerns are addressed. Vote 12-0.

Amendment (0755h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a committee to study women's health care.

Amend the bill by deleting sections 6 and 7 and renumbering the original section 8 to read as 6.

AMENDED ANALYSIS

This bill establishes a committee to study women's health care.

HB 1551-FN, adding dental insurance to the continuing insurance coverage for certain employees. OUGHT TO PASS WITH AMENDMENT

Rep. Keith R. Herman for Commerce: This bill expands the COBRA law to dental insurance as it relates to state employees. State employees (including legislators) may extend their dental coverage for 18 months after termination if they choose to pay for it. The amendment simply clarifies that this applies to state employees only. Vote 12-0.

Amendment (0655h)

Amend the bill by replacing all after section 1 with the following:

2 Dental Insurance Added. Amend RSA 420-F:1, III to read as follows:

III. Delta shall be governed by this chapter and shall be exempt from this title, except for the provisions of RSA 400-A:39, *415:18, VII(g)(1), relative to continuation of dental insurance*, and 1961, 345; provided, however, if any of the provisions of 1961, 345 are inconsistent with this chapter the provisions of this chapter shall prevail. Delta and its agents shall be subject to the fees prescribed for ~~[hospital and medical]~~ *health* service corporations under RSA 400-A:29, VII.

3 Reference Change. Amend the introductory paragraph of RSA 400-A:29, VII to read as follows:

VII. ~~[Hospital and medical]~~ *Health* service corporations.

4 Effective Date. This act shall take effect January 1, 1999.

HB 1604, relative to ownership of shares of professional corporations and relative to shareholders of firms practicing public accountancy. REFER FOR INTERIM STUDY

Rep. David T. Mittelman for Commerce: This bill would allow professionals such as accountants to place their corporations' shares into a trust for estate planning purposes. While this goal is sound, the details need further refinement. Vote 15-0.

HB 1628, relative to health care liability. INEXPEDIENT TO LEGISLATE

Rep. Keith R. Herman for Commerce: This bill would allow individuals to sue HMOs for decisions which doctors within the HMOs network make, regardless of whether or not the HMO had anything to do with that decision. As it turns out, individuals in New Hampshire already have the ability under common law to file suits against HMOs. In addition, the state of Texas has a similar law being challenged as unconstitutional. Vote 12-0.

HB 1633, restricting unsolicited commercial electronic mail. **INEXPEDIENT TO LEGISLATE**
Rep. Gregory G. Carson for Commerce: This legislation requires the Consumer Protection and Antitrust Bureau to maintain a list of Internet Service Providers (ISP's) who register as a restricted solicitation electronic mail provider. The intent of the legislation is to reduce the number of unsolicited e-mails. This and similar services are currently available from ISPs' in the marketplace. While this is yet to be a significant issue, you can delete e-mail easier than throwing junk mail in the trash. The committee feels the work currently underway at the federal level better addresses the intent of this legislation. Vote 12-0.

HB 1129, relative to the penalty and substance abuse treatment for multiple DWI offenders who have previously successfully completed a multiple DWI offender intervention detention center program. **OUGHT TO PASS**

Rep. Herbert R. Hansen for Criminal Justice and Public Safety: This bill is applicable to persons who have committed and been convicted of three or more DWI offenses. Currently, a 28 day treatment programs is required. This bill will replace the 28 day program requirement to a treatment program, with no set time, the duration of which is determined by an evaluation by a licensed alcohol and other drug counselor. Vote 14-1.

HB 1149, relative to the power to detain an accused person without a warrant for breach of conditions of release on bail. **OUGHT TO PASS WITH AMENDMENT**

Rep. Bruce F. Hunter for Criminal Justice and Public Safety: This bill was introduced for the purpose of adding the basic language of RSA 173:B-8, I(a), violation of protective orders, penalty, and RSA 594:10, I(a+b), arrest without a warrant, into RSA 597:7-a, detention and sanctions for default or breach of conditions. Now, the domestic violence chapter, the arrest chapter, and the bail chapter will reflect the same interest. The amendment adds probation and parole officers to those who may detain as they may be assigned to supervise people on bail. Vote 13-1.

Amendment (0697h)

Amend the introductory paragraph of RSA 597:7-a, I(a) as inserted by section 1 of the bill by replacing it with the following:

I.(a) A peace officer, including a probation or parole officer, may detain an accused person without a warrant until such accused person can be brought before a justice if the peace officer has:

Amend the bill by inserting after section 1 the following and renumbering the original section 2 to read as 3:

2 New Paragraph; Probation or Parole Officer; Authority to Detain Accused Person Without Warrant. Amend RSA 504-A:12 by inserting after paragraph V the following new paragraph:

V-a. To detain an accused person without a warrant until such accused person can be brought before a justice in accordance with RSA 597:7-a.

AMENDED ANALYSIS

This bill authorizes a peace officer, including a probation or parole officer, to detain, without a warrant, an accused person who has been released on bail; if the officer views a breach of conditions of release or if the officer has probable cause to believe there was a breach of conditions of release within the 6 hours prior to the detention.

HB 1183, relative to use of force to prevent an unlawful taking of property. **INEXPEDIENT TO LEGISLATE**

Rep. Andrew Christie, Jr. for Criminal Justice and Public Safety: The intent of this bill is to use force to stop the taking of property by the government through its public servants. Most of the testimony was in opposition to the bill for many reasons including using force against regulatory taking, using force against the police when taking of firearms pursuant to a domestic violence order, using force in response to a bank foreclosure. Most of these situations end in some sort of court order. The courts are the impartial trier of fact under our system of government and although we sometimes disagree with the decisions, we must abide by them and not let those few who don't agree take the law into their own hands. None of the sponsors appeared to testify on behalf of this bill. Vote 18-0.

HB 1227-FN, authorizing extended terms of imprisonment for persons who assault emergency medical personnel and fire services personnel. **INEXPEDIENT TO LEGISLATE**
Rep. Bruce F. Hunter for Criminal Justice and Public Safety: Testimony indicated present statutes have not been used by EMS personnel. This bill would enhance a penalty for assaulting EMS, fire or emergency room personnel. If that statute is not being invoked, it does not make sense to increase the penalty. Nothing in this bill would provide protection for emergency services people that they don't already have. Vote 18-0.

HB 1258, establishing a committee to study and investigate issues related to The State of New Hampshire v. Edward Silva. **REFER FOR INTERIM STUDY**
Rep. William V. Knowles for Criminal Justice and Public Safety: The committee would like the opportunity to address the concerns of the sponsors of this legislation which relates to convictions of sex offenders. We would like to have time to study this over the summer which would allow us time to research any problems that may exist. Vote 18-0.

HB 1265, establishing a study committee on the enactment of laws which would allow the office of the attorney general to freeze assets in white collar crime cases. **INEXPEDIENT TO LEGISLATE**
Rep. Doris R. MacIntyre for Criminal Justice and Public Safety: It was the unanimous decision of the committee that this bill is too far reaching. It calls for the freezing of assets during the investigative stage of an alleged crime. Although we understand the sponsor's concerns, the committee felt that to freeze a persons assets prior to being charged with a crime is contrary to a basic tenet of our judicial system, "innocent until proven guilty". Vote 14-0.

HB 1307, relative to penalties for habitual offenders. **OUGHT TO PASS WITH AMENDMENT**
Rep. Andrew Christie, Jr. for Criminal Justice and Public Safety: This bill adds some language to RSA 262:19, IV Procedures of the Dept. of Safety in Habitual Defendant Hearing. Presently, the wording says "no conviction shall be annulled until at least 7 years after the conviction date." Presently, some cases are being continued at the motor vehicle hearing level and then the person goes to court and asks that they vacate the conviction. If the court does this, then the motor vehicle hearing officer has no option other than to dismiss the habitual offender hearing. By adding the words, "vacate, expunge, delete, cancel, or otherwise remove such a conviction...", we feel we have corrected this loophole in the law. Vote 14-1.

Amendment (0627h)

Amend RSA 262:19, IV as inserted by section 1 of the bill by replacing it with the following:

IV. No conviction for an offense specified under RSA 259:39 shall be annulled until at least 7 years after the conviction date. *No court shall vacate, expunge, delete, cancel or otherwise remove such a conviction for at least 7 years subsequent to the conviction date, unless it is determined by a court of competent jurisdiction that the conviction was illegal or otherwise improper and invalid.*

HB 1378-FN, making the penalty for the offense of official oppression a felony. **INEXPEDIENT TO LEGISLATE**

Rep. Richard F. Doucette for Criminal Justice and Public Safety: This bill increases the penalty for a public servant who commits an unauthorized act within the scope of his office to benefit to himself or to harm another. There was no evidence submitted that it was necessary to increase this penalty. There were no sponsors present at the public hearing. Vote 19-0.

HB 1448, relative to confidential communication between victims and counselors. **OUGHT TO PASS WITH AMENDMENT**

Rep. William V. Knowles for Criminal Justice and Public Safety: This legislation exempts domestic violence and sexual assault counselors from the duty to report under RSA 169-C:29 where a minor is 14 years of age or older, and is alleging abuse as defined by RSA 173-B:1, sexual assault as defined by RSA 632-A, stalking as defined by 633:3a, or sexual harassment as defined by state or federal law, and the alleged perpetrator is not related to the minor by consanguinity or affinity and does not reside either permanently or temporarily with the minor. Testimony indicated that confidentiality was very important to minors in the lower age category and they would be more likely to seek help from domestic violence and sexual assault counselors. The counselor is required to report child abuse under circumstances where such counselor has reason to believe a minor aged 14 or older is or may be in imminent danger of physical harm. Vote 14-0.

Amendment (0783h)

Amend the bill by replacing all after the enacting clause with the following:

1 Definitions; Confidential Communications. Amend RSA 173-C:1, I to read as follows:

I. "Confidential communication" means information transmitted between a victim, as defined in paragraph VI, of an alleged sexual assault [or], alleged domestic abuse, *alleged sexual harassment, or alleged stalking*, and a sexual assault or domestic violence counselor in the course of that relationship and in confidence by means which, so far as the victim is aware, does not disclose the information to a third person. The presence of an interpreter for the hearing impaired, a foreign language interpreter, or any other interpreter necessary for that communication to take place shall not affect the confidentiality of the communication nor shall it be deemed a waiver of the privilege. The term includes all information received by the sexual assault or domestic violence counselor in the course of that relationship.

2 Definitions; Victim. Amend RSA 173-C:1, VI to read as follows:

VI. "Victim" means any person alleging sexual assault under RSA 632-A [or], domestic abuse as defined in RSA 173-B:1, *stalking under RSA 633:3-a, or sexual harassment as defined under state or federal law*, who consults a sexual assault counselor [or], a domestic violence counselor for the purpose of securing support, counseling or assistance concerning a mental, physical, emotional, legal, housing, medical, or financial problem caused by an alleged act of sexual assault or domestic abuse, *stalking, or sexual harassment*, or an alleged attempted sexual assault [or] domestic abuse.

3 Exceptions to Counselor's Duty to Report Child Abuse. RSA 173-C:10 is repealed and reenacted to read as follows:

173-C:10 Counselor's Duty to Report Child Abuse. The domestic violence or sexual assault counselor shall have the same reporting duties under RSA 169-C:29 as other professionals, provided that, notwithstanding RSA 169-C:32, this duty shall not apply where a minor is 14 years of age or older, and is alleging abuse as defined by RSA 173-B:1, sexual assault as defined by RSA 632-A, stalking as defined by 633:3-a, or sexual harassment as defined by state or federal law, and the alleged perpetrator is not related to the minor by consanguinity or affinity, *and does not reside either permanently or temporarily with the minor. Nothing in this section shall be construed to alter, modify, or relieve a domestic violence or sexual assault counselor's duty to report child abuse under circumstances where such counselor has reason to believe a minor aged 14 or older is or may be in imminent danger of physical harm.*

4 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill exempts, under certain circumstances, domestic violence and sexual assault counselors from the reporting requirements found in current law, and expands the definitions of "confidential communication" and "victim" to include instances of alleged stalking or sexual harassment.

HB 1472, relative to employment of prisoners. INEXPEDIENT TO LEGISLATE

Rep. Lori Cardin for Criminal Justice and Public Safety: The committee felt this bill was inexpedient to legislate because the decision to employ prisoners should be made by the city or town and the county, not by the legislature. Further, such restrictions can be part of a collective bargaining agreement. There was no evidence presented to indicate that a problem exists. Vote 13-1.

HB 1547-FN-L, relative to mandatory incarceration for violators of protective orders. INEXPEDIENT TO LEGISLATE

Rep. Herbert R. Hansen for Criminal Justice and Public Safety: This bill would allow an individual who allegedly has violated a protective order to be arrested under a warrant and detained without bail until a hearing takes place. The committee unanimously felt that the defendant should not be incarcerated without an opportunity for bail or an immediate hearing as to whether he should be found in civil or criminal contempt of court and punished therefor. Vote 15-0.

HB 1561-FN, preventing computer pornography and child exploitation and increasing penalties for possession under the child pornography laws. OUGHT TO PASS WITH AMENDMENT

Rep. Lori Cardin for Criminal Justice and Public Safety: This bill, as amended, establishes penalties for child pornography and exploitation committed by means of computer. This strengthens

the state's child pornography laws to include online crimes. This technology is a new challenge for law enforcement who need new laws to help with those challenges. The penalty for possession is raised to a felony if a person knowingly buys, procures, possesses or controls any visual representation of a child engaging in sexual activity or causes same to be imported into the state. Vote 17-0.

Amendment (0852h)

Amend the bill by replacing all after the enacting clause with the following:

I Penalties for Offenses Increased; Misdemeanor to Felony. Amend RSA 649-A:3 to read as follows: 649-A:3 Offenses.

I. A person is guilty of a felony if ~~he~~ **such person**:

(a) Sells, delivers or provides, or offers or agrees to sell, deliver or provide, any visual representation of a child engaging in sexual activity; or

(b) Presents or directs a visual representation of a child engaging in sexual activity, or participates in that portion of such visual representation which consists of a child engaging in sexual activity; or

(c) Publishes, exhibits or otherwise makes available any visual representation of a child engaging in sexual activity; or

(d) Possesses any visual representation of a child engaging in sexual activity for purposes of sale or other commercial dissemination[-]; or

~~(e) Knowingly buys, procures, possesses, or controls any visual representation of a child engaging in sexual activity; or~~

~~(f) Knowingly brings or causes to be brought into this state any visual representation of a child engaging in sexual activity.~~

II. An offense under paragraph I shall be:

(a) A class B felony if such person has had no prior convictions in this state or another state for the conduct prohibited by paragraph I;

(b) A class A felony if such person has had one or more prior convictions in this state or another state for the conduct prohibited by paragraph I.

~~III. A person is guilty of a misdemeanor if he:~~

~~(a) Buys, procures, possesses, or controls any visual representation of a child engaging in sexual activity; or~~

~~(b) Brings or causes to be brought into this state any visual representation of a child engaging in sexual activity.]~~

2 New Chapter; Computer Pornography and Child Exploitation Prevention. Amend RSA by inserting after chapter 649-A the following new chapter:

CHAPTER 649-B

COMPUTER PORNOGRAPHY AND

CHILD EXPLOITATION PREVENTION

649-B:1 Short Title. This chapter shall be known and may be cited as the "Computer Pornography and Child Exploitation Prevention Act of 1998."

649-B:2 Definition. In this chapter, "child" means any person under the age of 16 years.

649-B:3 Computer Pornography Prohibited.

I. No person shall **knowingly**:

(a) Compile, enter into, or transmit by means of computer;

(b) Make, print, publish, or reproduce by other computerized means;

(c) Cause or allow to be entered into or transmitted by means of computer; or

(d) Buy, sell, receive, exchange, or disseminate by means of computer,

any notice, statement, or advertisement, or any minor's name, telephone number, place of residence, physical characteristics, or other descriptive or identifying information, for purposes of facilitating, encouraging, offering, or soliciting sexual conduct of or with any child, or the visual depiction of such conduct.

II. The fact that an undercover operative or law enforcement officer was involved in the detection and investigation of an offense under this section shall not constitute a defense to a prosecution under this section.

III. Any person who violates the provisions of this section is guilty of a class B felony.

649-B:4 Certain Uses of Computer Services Prohibited. Any person who knowingly utilizes a computer on-line service, internet service, or local bulletin board service to seduce, solicit, lure, or entice, or attempt to seduce, solicit, lure, or entice, a child or another person believed by the person to be a child, to commit any of the following is guilty of a class B felony:

I. Any offense under RSA 632-A, relative to sexual assault and related offenses.

II. Indecent exposure and lewdness under RSA 645:1; or

III. Endangering a child, as defined in RSA 639:3.

649-B:5 Owners or Operators of Computer Services Liable.

I. It shall be a class A misdemeanor for any owner or operator of a computer on-line service, internet service, or local bulletin board service knowingly to permit a subscriber to utilize the service to commit a violation of this chapter.

II. Any out-of-state computer service company doing business in New Hampshire which receives a subpoena from the state of New Hampshire resulting from an investigation of a violation of this chapter shall respond to such subpoena within 14 days. Failure to respond may result in the suspension or revocation of such company's right to do business in New Hampshire.

649-B:6 State Criminal Jurisdiction. A person is subject to prosecution for engaging in any conduct proscribed by this chapter within this state, or for engaging in such conduct outside this state if by such conduct the person commits a violation of this chapter involving a child or an individual the person believes to be a child, residing within this state.

3 Authorization for Interception of Telecommunications or Oral Communications; Child Pornography Crimes. Amend RSA 570-A:7 to read as follows:

570-A:7 Authorization for Interception of Telecommunications or Oral Communications. The attorney general, deputy attorney general, or a county attorney, upon the written approval of the attorney general or deputy attorney general, may apply to a judge of competent jurisdiction for an order authorizing or approving the interception of telecommunications or oral communications, and such judge may grant, in conformity with RSA 570-A:9, an order authorizing or approving the interception of telecommunications or oral communications by investigative or law enforcement officers having responsibility for the investigation of the offenses as to which the application is made, when such interception may provide, or has provided, evidence of the commission of organized crime, as defined in RSA 570-A:1, XI, or evidence of the commission of the offenses of homicide, kidnapping, gambling, theft as defined in RSA 637, corrupt practices as defined in RSA 640, *child pornography under RSA 649-A, computer pornography and child exploitation under RSA 649-B*, criminal conduct in violation of the securities law, as defined in RSA 421-B:3, 421-B:4, 421-B:5, 421-B:19, and 421-B:24, criminal conduct in violation of the security takeover disclosure laws, as defined in RSA 421-A:3, 421-A:7, 421-A:8, 421-A:11, and 421-A:13, robbery as defined in RSA 636:1, arson as defined in RSA 634:1, hindering apprehension or prosecution as defined in RSA 642:3, tampering with witnesses and informants as defined in RSA 641:5, aggravated felonious sexual assault as defined in RSA 632-A:2, felonious sexual assault as defined in RSA 632-A:3, escape as defined in RSA 642:6, bail jumping as defined in RSA 642:8, dealing in narcotic drugs, marijuana, or other dangerous drugs, hazardous waste violations under RSA 147-A:4, I, or any conspiracy to commit any of the foregoing offenses.

4 Effective Date. This act shall take effect January 1, 1999.

AMENDED ANALYSIS

This bill establishes penalties for child pornography, exploitation, and abuse offenses committed by means of computer. The bill makes owners and operators of computer services criminally liable for knowingly permitting subscribers to utilize their services to commit such offenses.

The bill also increases the penalty for possession offenses under the child pornography laws from a misdemeanor to a class B felony.

HB 1588-FN, making it a felony to cause bodily injury to a police dog or horse. **OUGHT TO PASS WITH AMENDMENT**

Rep. Andrew Christie, Jr. for Criminal Justice and Public Safety: The bill was brought forward to increase the penalty for injuring a police dog or horse from a misdemeanor to a class B felony. In

another section of the law, RSA 644:8, cruelty to animals, it was already a class B felony to beat, torture, whip, or mutilate any animal. Therefore, our amendment repeals 644:8-d dealing with police dogs or horses but adds police dog or horse to the definition of animal in RSA 644:8,II. We think this simplifies and clarifies the statute. Vote 14-0.

Amendment (0817h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to causing injury to a police dog or horse.

Amend the bill by replacing all after the enacting clause with the following:

1 Reference Added. Amend RSA 644:8, II to read as follows:

II. In this section, "animal" means a domestic animal, *including a police dog or horse*, a household pet, or a wild animal in captivity

2 Repeal. RSA 644:8-d, relative to interference with police dogs or horses, is repealed.

3 Effective Date. This act shall take effect January 1, 1999.

AMENDED ANALYSIS

This bill repeals the law relating to interfering with police dogs or horses. A penalty for cruelty to police dogs and horses is included in the law relative to cruelty to animals.

HB 1626-FN, relative to illegal gambling businesses. INEXPEDIENT TO LEGISLATE

Rep. Andrew Christie, Jr. for Criminal Justice and Public Safety: The subject matter of this bill is contained in the amendment to HB 1011-FN. Vote 18-0.

HB 1646-FN, removing the intent requirement for crimes of possession under the controlled drug law and increasing penalties for violations of the controlled drug law involving marijuana and hashish. INEXPEDIENT TO LEGISLATE

Rep. Frank M. Schanda for Criminal Justice and Public Safety: This bill would remove from RSA 318-B:2, I and I-a, the "intent" requirement for crimes of possession, under the controlled drug law and increase the penalties for violation of the controlled drug law involving marijuana and hashish. This bill would increase state expenditures each year, depending on the level of prosecution. It was the consensus of the committee that this bill needed more work if it were to be of any value in the war on drugs. Vote 19-0.

HB 1209, revising the interagency agreement for special education. OUGHT TO PASS WITH AMENDMENT

Rep. William A. Riley for Education: This bill, as amended, revises the interagency agreement for special education. Its purpose is to bring collaboration between the Department of Education and Health and Human Services for special education purposes. The amendment changes the date of the report from 1 May 1998 to 1 January 1999. Vote 19-0.

Amendment (0463h)

Amend RSA 186-C:7-a, IV as inserted by section 1 of the bill by replacing it with the following:

IV. The commissioners of education and health and human services shall submit a copy of the initial interagency agreement for special education to the appropriate standing committees of each house of the general court on or before September 1, 1985, *and shall submit a revision to the agreement no later than January 1, 1999*. Any subsequent proposed amendments or revisions to the agreement shall be submitted to the appropriate standing committees of the house and senate.

Amend the bill by replacing section 2 with the following:

2 Interagency Agreement for Special Education; Guidelines for Revision.

I. The department of education and the department of health and human services shall review the interagency agreement between the 2 departments dated August 23, 1985, and subsequently amended July 14, 1987 and April 20, 1990 executed pursuant to RSA 186-C:7-a. The department of education and the department of health and human services shall report the results of their review and any recommendation for legislative change necessary to the house education committee on or before January 1, 1999.

II. The review shall include, but not be limited to, the following issues:

(a) The population covered by the agreement.

(b) The roles and responsibilities of each department for services provided to the population covered by the agreement.

- (c) The costs of room and board and its relationship to the provision of special education.
- (d) The costs of educationally related services which have a medical component.
- (e) The administration of the Medicaid to Schools Program.
- (f) Establishment of rates for educationally related services for which local school districts seek reimbursement, in whole or in part, from either department.
- (g) Provisions for monitoring delivery of special education and educationally related services.
- (h) Provisions to resolve disputes between the departments and school districts or state agencies.

III. This review is not intended to limit the responsibility and authority of local school districts to identify and provide services needed by educationally disabled students.

IV. The commissioner of the department of education and the commissioner of the department of health and human service shall, within 30 days of the effective date of this paragraph, designate 2 or more representatives to participate in this review. The designated staff shall meet on or before March 15, 1998, and as often as necessary thereafter to complete the review.

HB 1320, amending provisions of the advisory committee on the education of students with disabilities. **OUGHT TO PASS WITH AMENDMENT**

Rep. Iris Estabrook for Education: This bill amends the membership structure of the advisory committee on the education of students with disabilities. These changes are consistent with the 1997 federal reauthorization of IDEA (Individuals with Disabilities Education Act). The amendment assures that the membership be a majority of people associated with the special education community and gives specific duties to the committee. Vote 16-3.

Amendment (0754h)

Amend RSA 186-C:3-b, II (q) as inserted by section 1 of the bill by replacing it with the following:

(q) Parents of children/students with disabilities, appointed by the governor. A simple majority of the members of the committee shall be individuals with disabilities or parents of children/students with disabilities.

Amend RSA 186-C:3-b, IV as inserted by section 1 of the bill by inserting after subparagraph (d) the following:

(e) Advise the department of education in developing corrective action plans to address findings identified in federal monitoring reports.

(f) Advise the department of education in developing and implementing policies relating to the coordination of services for children/students with disabilities.

HB 1356-L, revising the procedures for withdrawal from a cooperative school district. **INEXPEDIENT TO LEGISLATE**

Rep. Warren C. Henderson for Education: If adopted, this bill would have permitted any town which had joined a multi-town cooperative school district to unilaterally withdraw without concern for the adverse impact of those towns which remain in the cooperative. The committee felt that this process would result in discord among the towns of the cooperative and could be financially devastating if one large town withdrew from a co-op and left several small towns financially strained. Since every town involved must vote to form a school cooperative, every town in the co-op should have a say in any withdrawal initiative. Vote 19-1.

HB 1386, to establish a committee to study alternative school systems. **INEXPEDIENT TO LEGISLATE**

Rep. Marie Rabideau for Education: This bill creates a committee charged with studying educational organizations, non-traditional attendance areas, and alternative sources of funding. The objective of the sponsors, as understood by the committee, was to study alternative school systems as a vehicle for innovation and change. The committee found that the charge of the study committee was not in line with the sponsors' intent. Also, it was entirely unclear what the sponsors meant by "alternative school systems" even after considerable testimony. There exist opportunities for districts to do this now. Vote 17-2.

HB 1428, establishing requirements for teachers and teacher preparation programs to ensure that teachers are prepared to teach a broad range of students, including disabled students. **OUGHT TO PASS WITH AMENDMENT**

Rep. David E. Larrabee, Sr. for Education: This bill, as originally written, established requirements for teachers and teacher preparation programs to ensure that teachers are prepared to teach a broad

range of students, including disabled students. The amendment addresses the concerns of the committee so the range of students will be broadened to "exceptional learners" which includes gifted and special education students. Vote 17-1.

Amendment (0769h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing requirements for teachers and teacher preparation programs to ensure that teachers are prepared to teach to a broad range of students including exceptional learners.

Amend RSA 21-N:9, II (z) as inserted by section 1 of the bill by replacing it with the following:

(z) Establishing requirements for teachers and teacher preparation programs to ensure that all teachers are prepared to teach to a broad range of students' needs, including, but not limited to, the needs of exceptional learners, using a variety of methods, materials, and instructional techniques.

Amend RSA 186:8, IV as inserted by section 2 of the bill by replacing it with the following:

IV. Establishing requirements for teachers and teacher preparation programs to ensure that all teachers are prepared to teach to a broad range of students' needs, including, but not limited to, the needs of exceptional learners.

AMENDED ANALYSIS

This bill would grant rulemaking authority to the state board of education to establish requirements for teachers and teacher preparation programs to ensure that teachers are prepared to teach a broad range of students including exceptional learners.

HB 1429, amending state board of education rulemaking authority relative to certain educational personnel. **OUGHT TO PASS WITH AMENDMENT**

Rep. Charles B. Yeaton for Education: This bill brings the statute up to date by including special education administrators as personnel for which certification standards should be set and eliminates several categories which no longer are regulated by the state board of education. The amendment corrects the "special education director" to the appropriate term "special education administrator". Vote 16-0.

Amendment (0618h)

Amend RSA 21-N:9, II (s) as inserted by section 1 of the bill by replacing it with the following:

(s) Certification standards for educational personnel, including teachers, paraprofessionals, superintendents, assistant superintendents, ~~[teacher consultants,]~~ **special education administrators**, business administrators, principals, vocational directors, ~~[administrative associates,]~~ coordinators of comprehensive health education and services, directors of pupil personnel services, guidance directors, guidance counselors, school psychologists, associate school psychologists, ~~[school physicians, school dentists, emergency medical care providers, dental hygienists,]~~ speech-language specialists, social workers, health educators, physical education teachers, home economics teachers, elementary teachers, ~~[school nurses,]~~ specialists in assessment of intellectual functioning, media supervisors, **and** media generalists ~~[and media educational associates,]~~ as authorized by RSA 186:8 and RSA 186:11, X.

AMENDED ANALYSIS

This bill redefines the rulemaking authority of the state board of education by excluding certain education and education-related professions and including special education administrators.

HB 1437, requiring the designation of alternative acceptable reading material for use in a school course following objection by a parent. **INEXPEDIENT TO LEGISLATE**

Rep. Warren C. Henderson for Education: This bill would establish a mechanism whereby school boards could assign alternative reading material when a parent or group of parents objected to the assigned material. While a worthy goal, the bill set no limits on how many times a parent might object, and the bill did not give school boards the discretion to reject such requests under any circumstances. This bill would encroach on matters best left to local control. Vote 15-1.

HB 1462, establishing an independent committee to study the university system of New Hampshire. **INEXPEDIENT TO LEGISLATE**

Rep. Elizabeth K. Hoadley for Education: This bill and a further amendment by the sponsor concerned specific investigation into the admissions and scholarship programs in the New Hampshire

university system. Both the amendment and the bill were voted inexpedient to legislate. Instead, the concerns of the proposed legislation will be passed to the university system oversight committee. Vote 17-0.

HB 1487, allowing a receiving district to withdraw from an authorized regional enrollment area school. **INEXPEDIENT TO LEGISLATE**

Rep. Richard L. Hill for Education: This bill did not satisfy the problem for area schools. The committee felt that SB 400, after a senate summer study and recent testimony, would be a better solution to the problem. Vote 18-1.

HB 1121, making technical corrections to the election laws. **OUGHT TO PASS WITH AMENDMENT**
Rep. Susan W. Almy for Election Law: This bill as amended makes minor but useful technical changes dealing with voter registration forms and supervisors of the checklist. The amendments restore original supervisor hours, and remove proposed political contribution changes. Vote 15-0.

Amendment (0866h)

Amend the bill by replacing section 3 with the following:

3 Voter Checklists; Session for Correction; Notice. Amend RSA 654:27 to read as follows:

654:27 Session for Correction. In cities and towns, the supervisors of the checklist shall be in session for the correction of the checklist at some suitable place in the city or town on the Saturday 10 days prior to the election and upon which all hearings shall be finally closed; provided that if the Saturday falls on a holiday weekend, that session shall be held on Tuesday, 7 days prior to the election, between 7:00 p.m. and 9:00 p.m. *Notice of the day, hour, and place of each session of the board of supervisors shall be given upon the checklists first posted and shall be published in a newspaper of general circulation in the city or town at least 7 days prior to each such session.* The reconvening of any session which has been adjourned shall not require the publication of notice.

Amend the bill by deleting sections 4-7 and renumbering the original sections 8-9 to read as 4-5, respectively.

Amend the bill by replacing section 4 with the following:

4 Town Elections; Voters and Checklists; Session Time Changed. Amend RSA 669:5 to read as follow:

669:5 Voters and Checklists. An updated checklist shall be used at all town meetings and elections for the same purposes a checklist is used at a state election and to insure that only qualified voters participate in town meeting discussions and votes, by voice or otherwise. The supervisors shall prepare, post, and revise the checklist for a town meeting or election in the same manner as for a state election as provided in RSA 654:25-654:31, *provided, however, that the session for correction shall be held on Saturday 6 to 13 days prior to the election.* The supervisors shall also hold one session for correction of the checklist on the day immediately prior to the first day of the filing period for candidates for town office, as provided in RSA 669:19 or 669:42, as applicable, from 7 p.m. to 9 p.m.

AMENDED ANALYSIS

This bill modifies the time frame for checklist correction sessions for town elections and makes other technical changes to election laws.

HB 1124, relative to disposal of septage or sludge. **OUGHT TO PASS**

Rep. Peter R. Leishman for Environment and Agriculture: This bill transfers the authority of notification of planned sludge and septage spreading activities from the Department of Agriculture to the Department of Environmental Services. This would consolidate the authority to regulate sludge and septage management under one agency where it should be. Vote 21-0.

HB 1160, relative to the definitions of the terms "farm," "agriculture," and "farming." **OUGHT TO PASS WITH AMENDMENT**

Rep. Kenneth R. Marshall for Environment and Agriculture: The purpose of the act is to modernize the definition of "farm," "agriculture" and "farming" to represent what it really consists of today. The amendment merely adds "alpacas" to the list of animals, changes the word domestic to domesticated and included a sentence in the statement of intent that makes it clear that this bill cannot be construed as an exemption from any regulation nor can it be construed as a regulation. Vote 20-0.

Amendment (0878h)

Amend the bill by replacing all after the enacting clause with the following:

I Statement of Intent. The purpose of this act is to modernize the definition of "farming" and "agriculture" to more accurately reflect the scope of agriculture as practiced today in New Hampshire. This definition shall not be construed as a regulation, or as an exemption from any regulation, except to the extent that the defined terms are actually used in other statutes, including but not limited to RSA 432:32 through 432:35, RSA 672:1, and RSA 674:32-a through 674:32-c.

2 Definitions; "Farm," "Agriculture," and "Farming." RSA 21:34-a is repealed and reenacted to read as follows:

21:34-a Farm, Agriculture, Farming.

I. The word "farm" means any land, buildings, or structures on or in which agriculture and farming activities are carried out or conducted and shall include the residence or residences of owners, occupants, or employees located on such land. Structures shall include all farm outbuildings used in the care of livestock, and in the production and storage of fruit, vegetables, or nursery stock; in the production of maple syrup; greenhouses for the production of annual or perennial plants; and any other structures used in operations named in paragraph II of this section.

II. The words "agriculture" and "farming" mean all operations of a farm, including:

(a)(1) The cultivation, conservation, and tillage of the soil.

(2) The use of and spreading of commercial fertilizer, lime, wood ash, sawdust, compost, animal manure, septage, and, where permitted by municipal and state rules and regulations, sludge and biosolids.

(3) The use of and application of agricultural chemicals.

(4) The raising and sale of livestock, which shall include, but not be limited to, dairy cows and the production of milk, beef animals, swine, sheep, goats, as well as domesticated strains of buffalo or bison, llamas, alpacas, emus, ostriches, yaks, elk (*cervus elephus canadensis*), fallow deer (*dama dama*), red deer (*cervus elephus*), and reindeer (*Rangifer tarandus*).

(5) The breeding, boarding, raising, training, riding instruction, and selling of equines.

(6) The commercial raising, harvesting, and sale of fresh water fish or other aquaculture products.

(7) The raising, breeding, or sale of poultry or game birds.

(8) The raising of bees.

(9) The raising, breeding, or sale of domesticated strains of fur-bearing animals.

(10) The production of greenhouse crops.

(11) The production, cultivation, growing, harvesting, and sale of any agricultural, floricultural, forestry, or horticultural crops including, but not limited to, berries, herbs, honey, maple syrup, fruit, vegetables, tree fruit, flowers, seeds, grasses, nursery stock, sod, trees and tree products, Christmas trees grown as part of a commercial Christmas tree operation, trees grown for short rotation tree fiber, or any other plant that can be legally grown and harvested extensively for profit or subsistence.

(b) Any practice on the farm incident to, or in conjunction with such farming operations, including, but not necessarily restricted to:

(1) Preparation for market, delivery to storage or to market, or to carriers for transportation to market of any products or materials from the farm.

(2) The transportation to the farm of supplies and materials.

(3) The transportation of farm workers.

(4) Forestry or lumbering operations.

(5) The marketing or selling at wholesale or retail, on-site and off-site, where permitted by local regulations, any products from the farm.

(6) Irrigation of growing crops from private water supplies or public water supplies where not prohibited by state or local rule or regulation.

III. A farm roadside stand shall remain an agricultural operation and not be considered commercial, provided, that at least 35 percent of the product sales in dollar volume is attributable to products produced on the farm or farms of the stand owner.

IV. Practices on the farm shall include technologies recommended from time to time by the university of New Hampshire cooperative extension, the New Hampshire department of agriculture, markets, and food, and other appropriate agencies of the United States Department of Agriculture.

3 Motor Vehicles; Definitions; "Agriculture" and "Farming." RSA 259:3 is repealed and reenacted to read as follows:

259:3 Agriculture and Farming. The words "agriculture" and "farming" mean all operations of a farm, including:

- I.(a) The cultivation, conservation, and tillage of the soil.
- (b) The use of and spreading of commercial fertilizer, lime, wood ash, sawdust, compost, animal manure, septage, and, where permitted by municipal and state rules and regulations, sludge and biosolids.
- (c) The use and application of agricultural chemicals.
- (d) The raising and sale of livestock, which shall include, but not be limited to, dairy cows and the production of milk, beef animals, swine, sheep, goats, as well as domesticated strains of buffalo or bison, llamas, alpacas, emus, ostriches, yaks, elk (*cervus elephus canadensis*), fallow deer (*dama dama*), red deer (*cervus elephus*), and reindeer (*Rangifer tarandus*).
- (e) The breeding, boarding, raising, training, riding instruction, and selling of equines.
- (f) The commercial raising, harvesting, and sale of fresh water fish or other aquaculture products.
- (g) The raising, breeding, or sale of poultry or game birds.
- (h) The raising of bees.
- (i) The raising, breeding, or sale of domesticated strains of fur-bearing animals.
- (j) The production of greenhouse crops.
- (k) The production, cultivation, growing, harvesting, and sale of any agricultural, floricultural, forestry, or horticultural crops including, but not limited to, berries, herbs, honey, maple syrup, fruit, vegetables, tree fruit, flowers, seeds, grasses, nursery stock, sod, trees and tree products, Christmas trees grown as part of a commercial Christmas tree operation, trees grown for short rotation tree fiber, or any other plant that can be legally grown and harvested extensively for profit or subsistence.
- II. Any practice on the farm incident to, or in conjunction with such farming operations, including, but not necessarily restricted to:
 - (a) Preparation for market, delivery to storage or to market, or to carriers for transportation to market of any products or materials from the farm.
 - (b) The transportation to the farm of supplies and materials.
 - (c) The transportation of farm workers.
 - (d) Forestry or lumbering operations.
 - (e) The marketing or selling at wholesale or retail, on-site and off-site, where permitted by local regulations, any products from the farm.
 - (f) Irrigation of growing crops from private water supplies or public water supplies where not prohibited by state or local rule or regulation.

4 Effective Date. This act shall take effect 60 days after its passage.

HB 1229, exempting biological control agents from registration requirements for pesticides. OUGHT TO PASS WITH AMENDMENT

Rep. David L. Babson for Environment and Agriculture: This bill aligns the definitions and rules with those that are currently in place through the Federal Department of Agriculture. Vote 21-0.

Amendment (0863h)

Amend RSA 430:37, II as inserted by section 1 of the bill by replacing it with the following:

II. For nematodes and beneficial insects used as biological control agents, and which are also exempt from regulation by the United States Environmental Protection Agency under 40 CFR chapter 1, subpart B, section 152.20, provided that such nematodes and beneficial insects are under a permit issued by the United States Department of Agriculture pursuant to 7 CFR 330.

HB 1238, establishing a committee to study ways to manage land use and to preserve and protect the state's farmland, rural character, and environmental quality. OUGHT TO PASS WITH AMENDMENT

Rep. Harold P. Melcher for Environment and Agriculture: The committee finds this bill a useful and well crafted way to deal with a perceived problem of meaningless and undesigned growth. We feel that there are ways both to keep NH beautiful and to allow growth and development. Vote 21-0.

Amendment (0773h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a committee to study ways to manage land use and to preserve and protect the state's farmland, rural and community character, and environmental quality against low density sprawl and the loss of sense of place.

Amend the bill by replacing all after the enacting clause with the following:

I Statement of Intent.

I. Population forecasts indicate that growth and development will continue to be a part of New Hampshire's future. Development patterns in less developed areas have historically sprawled across the landscape, often disrupting the traditional, rural character of New Hampshire's communities. This low density sprawl has contributed significantly to the loss of any sense of place by disconnecting new development from the established, village-type growth patterns of many New Hampshire communities.

II. While this type of sprawl may not seem significant one subdivision at a time, the net result can have major impacts. The subtle conversion of a 50-acre wood lot into 10 5-acre backyards, or the conversion of a hay field into 10 5-acre lawns often results in the unnecessary consumption of land. The productive nature of this formerly rural land has been lost forever as it is converted to low density residential uses.

III. Preserving rural and community character is a goal endorsed by many New Hampshire communities in their master plans. This character relates not only to the visual quality of the undeveloped open space, but to the traditional, productive, growing trees, crops, livestock, or wildlife. Village, town, and urban center patterns are based on commerce and exchange, with open space scattered inside and along the edges.

IV. These distinctions are important pieces on New Hampshire's heritage and continue to make sense today. Development patterns, which concentrate activity in village, town, and urban centers, have the dual benefit of making it easier to provide municipal services (school busing, snow plowing, rubbish collection) and keeping infrastructure costs lower while still protecting open space, water quality, wildlife habitat, and recreational uses.

2 Committee Established. There is established a committee to study ways to manage land use and to protect and preserve the state's farmland, rural character, and environmental quality against low density sprawl, urban as well as rural, and the loss of sense of place. Such management strategies include, but are not limited to, creating a village plan alternative to municipal subdivision procedures.

3 Membership.

I. The committee shall be comprised of the following voting members:

(a) Five members of the house of representatives, one of whom shall be from the resources, recreation, and development committee, 2 of whom shall be from the environment and agriculture committee, and 2 of whom shall be from the municipal and county government committee, all appointed by the speaker of the house.

(b) Three members of the senate, appointed by the senate president.

II. The following shall serve as nonvoting members of the committee:

(a) The director of the office of state planning, or designee.

(b) The commissioner of the department of environmental services, or designee.

(c) The president of the New Hampshire Farm Bureau, or designee.

(d) The director of the New Hampshire Timberland Owners Association, or designee.

(e) The president of the New Hampshire Municipal Association, or designee.

(f) The president of the New Hampshire Home Builders Association, or designee.

(g) The president of the New Hampshire Association of Realtors, or designee.

(h) One member of the regional planning commission, appointed by the governor.

(i) The commissioner of the department of cultural affairs, or designee.

4 Duties. The committee shall examine the laws of states that provide mechanisms for local management of residential, commercial, and industrial development proposals and shall explore alternative approaches to protect and preserve the farmlands, rural and community character, and environmental quality of New Hampshire.

5 Meetings and Mileage. The first-named representative shall call the first meeting of the committee within 45 days after the effective date of this section. At the first meeting the committee shall elect a chairperson from among the voting members of the committee. All subsequent meet-

ings shall be at the call of the chairperson. Five voting members shall constitute a quorum. Legislative members shall receive mileage at the legislative rate when attending to the duties of the committee.

6 Report. The committee shall report its findings and any recommendations for legislation to the speaker of the house, the senate president, the house clerk, the senate clerk, the governor, and the state library on or before November 1, 1998.

7 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill establishes a committee to study ways to manage land use and to preserve and protect the state's farmland, rural and community character; and environmental quality against low density sprawl and the loss of sense of place.

HB 1185, creating a committee to study the feasibility of establishing an audit division within the department of justice to audit and review state contracts. **INEXPEDIENT TO LEGISLATE**
Rep. Merton S. Dyer for Executive Departments and Administration: The testimony before the committee was limited to construction contracts and dealt with the preparation of bids. The department of justice and department of transportation review all bids and contracts prior to awarding and also audit them for compliance during the execution at the present time. The committee was unclear as to the real focus of the study and what problems were to be examined. Therefore, the vote was inexpedient to legislate. Vote 15-0.

HB 1299, requiring members of executive branch councils to file annual financial statements and relative to certain person's who fail to file annual financial statements. **OUGHT TO PASS**
Rep. Robert K. Dodge for Executive Departments and Administration: This legislation, by adding a simple word, council, completes the original intent of RSA 21-G-5a and thus makes the filing of annual financial statements more inclusive and clarifies responsibility. Vote 17-0.

HB 1361, relative to rulemaking authority, subpoena powers, and establishment of civil penalties by the board of professional engineers. **OUGHT TO PASS WITH AMENDMENT**
Rep. Kipp A. Cooper for Executive Departments and Administration: This bill was introduced at the request of the engineers' board and will allow the board the ability to administer administrative fines and penalties, as well as the ability to issue subpoena with the approval of the attorney general. The committee felt this legislation will provide the engineers' board more flexibility in addressing misconduct issues among its membership and would be a positive step forward for the professional engineers and consumers alike. Vote 18-0.

Amendment (0742h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Subparagraphs; Civil Penalties; Retired Status. Amend RSA 310-A:6, I(p) to read as follows:

(p) Waiver of renewal fees for professional engineers 70 years of age or older under RSA 310-A:21[-];

(q) *Procedural and substantive requirements for assessing, compromising, and collecting civil penalties against licensees as authorized by RSA 310-A:23, V(f);*

(r) *The requirements for retired status.*

2 Subpoena Authority for Disciplinary Actions. RSA 310-A:23, II is repealed and reenacted to read as follows:

II(a). The board shall have the power to administer oaths or affirmations, preserve testimony, subpoena witnesses, and to compel, by subpoena duces tecum, the production of all books, records, files and documents, whether originals, copies, or in electronic or other form, and other materials, relevant to its investigation of any grievance, complaint, or disciplinary proceeding before the board.

(b) The board may issue subpoenas with the approval of the office of the attorney general.

(c) A minimum of 10 business days' notice shall be given for compliance with a subpoena under this chapter.

3 Disciplinary Action; Civil Penalties. RSA 310-A:23, V is repealed and reenacted to read as follows:

V. The board, upon making an affirmative finding under RSA 310-A:22, II, may take disciplinary action in any one or more of the following ways:

(a) By written reprimand.

(b) By suspension, refusal to renew, limitation or restriction of a license, or probation for a period of time determined to be reasonable by the board.

(c) By revocation of a license.

(d) By requiring the person to participate in a program of continuing education in the area or areas in which the person has been found deficient.

(e) By requiring the person to practice under the direct supervision of a licensed professional engineer for a period of time specified by the board.

(f) By assessing civil penalties in amounts established by the board which shall not exceed \$2,000 per offense or, in the case of continuing offenses, \$200 for each day the violation continues, whichever is greater.

4 Effective Date. This act shall take effect July 1, 1998.

AMENDED ANALYSIS

This bill adds new rulemaking authority to the board of professional engineers concerning assessing civil penalties and the requirements of retired status. The bill also expands the board's subpoena authority and grants new disciplinary authority to the board over licensees.

HB 1415, relative to the regulation of the practice of optometry REFER FOR INTERIM STUDY Rep. Sylvia A. Holley for Executive Departments and Administration: Although this bill was mainly crafted to do some "housekeeping" by the board of optometry, numerous issues surfaced during the public hearing and two ensuing subcommittee work sessions. One issue related to an optometrist having access to his/her office for an emergency, even if that office is located in a mall that is closed. Another issue was whether an optometrist should be required to issue a prescription for contact lenses only upon the request of the patient. Finally, numerous issues were raised regarding adjudicative hearings and subsequent concerns under RSA 541-A. The committee felt that interim study was indicated. Vote 18-0.

HB 1455, relative to the publication of administrative rules. OUGHT TO PASS WITH AMENDMENT Rep. Merton S. Dyer for Executive Departments and Administration: At the present time, an agency rule becomes effective when filed with the director of legislative services, usually very shortly after the final hearing before the joint legislative committee on administrative rules. The rule as filed becomes the official rule. This bill, as amended, will now require the agency to file a proofed and certified copy with the New Hampshire state library and the state supreme court law library within 120 days of filing the official rule. At the present time, official rules need editorial corrections and proofing to be sure they comply with the vote of the JLCAR committee but there is no time frame in which to file the certified copies. This bill will require that this be done in 120 days. The bill only applies to rules filed and effective after the effective date of this act but does not apply to interim rules or emergency rules. Vote 18-0.

Amendment (0836h)

Amend the bill by replacing all after the enacting clause with the following:

1 Administrative Rules; Publishing. Amend RSA 541-A:15, I to read as follows:

I. The director of legislative services shall compile, index, and publish, or require agencies to publish all effective rules adopted by each agency. *The text of an adopted rule as filed with the director and which is effective shall be the official version of the rule, unless or until a version prepared for publication, which may have editorial changes not affecting the substance of the rule, is certified by the agency as the same in substance as originally filed. The certified version shall be the official version. The official version of the rule shall be available to the public by the agency and the director pursuant to RSA 541-A:14, IV.*

I-a. The agency shall certify the rule under paragraph I within 120 days of the effective date of the rule. The 120-day deadline shall not apply to interim or emergency rules. A copy of each rule as filed and each as certified shall be sent by the director to the state library and the New Hampshire law library at the supreme court.

I-b. Compilations shall be supplemented, revised, or published as often as necessary. The compilation, indexing, or publishing of fiscal impact statements shall not be required. The director of legislative services, in consultation with state agencies, may enter into a contract for the prepa-

ration and publishing of the compilation of agency rules or any portion of it, or may certify a commercially prepared version of the compilation. Any version or portion of the code published under this section shall conform to all requirements of this chapter.

2 Applicability. The provisions of RSA 541-A:15 as amended by section 1 of this act shall apply to rules filed and effective after the effective date of this act.

3 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill requires agencies to certify the official version of a rule within 120 days of becoming effective, and requires certified copies of such rules to be sent to the state library, and the state supreme court law library.

HB 1459, requiring that all administrative rules adopted by every state agency under the Administrative Procedures Act identify the specific state or federal statute or regulation which the rule is designed to implement. **OUGHT TO PASS WITH AMENDMENT**

Rep. Merton S. Dyer for Executive Departments and Administration: The amendment to this bill will require state agencies adopting regular rules or interim rules to identify, in the rule making notice, the specific sections of state statutes or federal regulations for which the rules are designed to implement. The amendment also requires that the reference be specific in nature and in a uniform format as specified in the drafting and procedures manual. This will aid the public and the regulated community to reference the authority for promulgating such rule. Vote 17-0.

Amendment (0840h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the specificity of administrative rules and the identification of state and federal law in the rulemaking process.

Amend the bill by replacing all after the enacting clause with the following:

1 New Section; Specificity of Rules; Identification of State or Federal Law. Amend RSA 541-A by inserting after section 3 the following new section:

541-A:3-a Specificity of Rules; Identification of State or Federal Law. If an agency proposes a rule pursuant to RSA 541-A:3 or 541-A:19, the agency shall identify in the notice required pursuant to RSA 541-A:6 and 541-A:19, II, and in the rule, the specific section or sections of state or federal statute or regulation which the rule is intended to implement. The notice shall be in such form as the director of legislative services shall prescribe until otherwise provided by the drafting and procedure manual adopted pursuant to RSA 541-A:8. The identification in the rule shall be made in the manner specified in the drafting and procedure manual. General references to the name or title of a state or federal statute or regulation shall not suffice for the purposes of this section. To the extent that specific provisions of the proposed rule are designed to implement different sections or provisions of state or federal statutes or regulations, the agency shall reference the state or federal statute or regulation with the provision of the proposed rule that is intended to implement that statute or regulation.

2 Effective Date. This act shall take effect 60 days after its passage.

HB 1228, relative to notice required upon an agency's receipt of federal funds. **INEXPEDIENT TO LEGISLATE**

Rep. Margaret A. Lynch for Finance: This bill would require a state agency to notify the Legislative Fiscal Committee, Commissioner of Administrative Services, appropriate standing committees, and the coordinator of federal funds of the receipt of a federally funded grant. In the opinion of the committee, this bill serves little purpose as it simply requires notification after the fact. Current law requires Governor and Council to review, accept or refuse funds awarded outside the state budget, and in the event that a grant required the creation of a new position in any department, the Fiscal Committee would have to approve before the item could be forwarded to Governor and Council. Vote 17-0.

HB 1303-FN-A-L, continually appropriating boating fees and other revenues to the division of safety services. **OUGHT TO PASS WITH AMENDMENT**

Rep. Robert G. Holbrook for Finance: Starting with the next biennium, this bill, as amended, requires all boating registration fees and registration fines to be deposited into a non-lapsing fund

for the Division of Safety Services, Department of Safety, that provides appropriations for navigation safety and enforcement. The effect is to increase the funding for navigation safety and enforcement from approximately \$900,000 currently to some \$1,900,000. As a result of this increase it is no longer necessary to allocate one-half of unrefunded road tolls, amounting to some \$750,000, to navigation safety, and so the bill returns it to the General Fund. Vote 17-0.

Amendment (0812h)

Amend the bill by replacing all after the enacting clause with the following:

1 Purpose. Approximately \$2,000,000 is generated annually through boating registration fees and registration enforcement fines for use by the department of safety, division of safety services. The division of safety services is required to use this money to promote safe navigation and enforce the registration and uniform numbering requirements of vessels operating on inland public waters of the state of New Hampshire. Of the approximately \$2,000,000 generated, only approximately \$1,000,000 has actually been available to the division of safety services annually for these purposes. A nonlapsing and continual appropriation of these revenues will assure that these sums are appropriately expended on navigation safety and enforcement.

2 Administration of Motor Vehicle Laws; Road Tolls; Exception; Navigation Safety Fund Removed. Amend RSA 260:60 to read as follows:

260:60 Exception. Notwithstanding all other laws and rules to the contrary, annually, on or before June 1, the road toll administrator shall compare the number of gallons on which refunds have been made for the preceding calendar year for motor fuel used in the propulsion of boats on inland public waters of the state, with the number of gallons of such motor fuel sold and delivered directly into the fuel tanks, or supplementary fuel tanks, of boats or outboard motors upon the inland public waters for use in such boats or outboards, based on the number of boats registered in the state at 100 gallons usage per boat, and if there is any balance of unrefunded tolls so collected, the administrator shall report the same to the state treasurer who shall, on July 1, next following, credit 1/2 of said balance to ~~[a special navigation safety fund within the treasury, to be administered by the director of the division of safety services, which has jurisdiction over the navigation of such boats or motors]~~ **the general fund** and credit 1/2 of said balance to the fish and game department. ~~[Funds credited to the navigation safety fund shall be used by the division of safety services for the promotion of the safety of navigation, and]~~ The funds credited to the fish and game department shall be used by said department to carry out its program and be accounted for as the fish and game fund is accounted for. Any ~~[balances in the]~~ funds ~~[hereby]~~ credited **to the fish and game department** as above provided shall not lapse at the end of the fiscal year. ~~[Any funds in the navigation safety fund, not otherwise appropriated, may be used by the division of safety services for the promotion of the safety of navigation upon request from the commissioner of safety to the governor and council with the prior approval of the legislative fiscal committee.]~~ The department shall pay monthly to the state treasurer all revenue from the aircraft landing area toll.

3 Navigation; Vessel Registration and Numbering; Disposition of Revenues; Safety Services; Nonlapsing and Continual Appropriation. Amend RSA 270-E:7, I to read as follows:

I. Except as provided in paragraph II, all fines collected under this chapter~~[-all sums received from the state treasurer on account of the unrefunded motor vehicle road tolls,]~~ and the amount of fees generated by RSA 270-E:5, I and III shall be made available to the department of safety, division of safety services for the promotion of the safety of navigation and the administration and enforcement of this chapter. **Such sums shall be nonlapsing and shall be continually appropriated to the department of safety, division of safety services.**

4 Repeal. RSA 6:12, I(ppp), relative to the navigation safety fund general revenue exception, is repealed.

5 Effective Date. This act shall take effect July 1, 1999.

AMENDED ANALYSIS

This bill provides that fines and fees collected under RSA 270-E shall be nonlapsing and continually appropriated to the department of safety, division of safety services. This bill also credits the 1/2 of the unrefunded road tolls formerly credited to the navigation safety fund to the general fund.

HB 1321-FN-A, to provide marine patrol officers with adequate communications systems and making an appropriation therefor. INEXPEDIENT TO LEGISLATE

Rep. Stephen T. DeStefano for Finance: This bill made an appropriation of \$125,000 to the marine patrol for the purchase of communications equipment. The committee, marine patrol and sponsors

felt that this bill was not necessary based on the committee's support of HB 1303 which increases the revenue of the marine patrol by approximately \$800,000 by allowing it to keep the fines and licensing fees instead of sending them to the General Fund. Vote 22-0.

HB 1326, relative to applications for exemption to the state hiring delay. **OUGHT TO PASS WITH AMENDMENT**

Rep. Arthur P. Klemm, Jr. for Finance: This bill requires the department requesting an exemption from a hiring delay to obtain the approval of the Governor as well as the Fiscal Committee. The amendment adds the Governor as a recipient of the quarterly report from the Commissioner of Administrative Services concerning the savings realized from the hiring delay. This bill codifies what is existing practice. Vote 17-0.

Amendment (0832h)

Amend the bill by inserting after section 1 the following and renumbering the original section 2 to read as 3:

2 Hiring Delay; Quarterly Report by Administrative Services; Governor Added. Amend 1997, 351:45, IV to read as follows:

IV. The commissioner of the department of administrative services shall report quarterly to the **governor and the** fiscal committee concerning the savings realized under this section. The first report shall be submitted on or before November 1, 1997.

AMENDED ANALYSIS

This bill requires a department requesting an exemption to the hiring delay to seek approval from the governor as well as the legislative fiscal committee. Current law only requires approval of the legislative fiscal committee. This bill also requires that the commissioner of administrative services' quarterly report concerning savings realized by the hiring delay be submitted to the governor in addition to the fiscal committee.

HB 1384-FN-A, making appropriations for use by the New Hampshire Commission on the Smithsonian Festival of American Folklife. **OUGHT TO PASS WITH AMENDMENT**

Rep. Arthur P. Klemm, Jr. for Finance: In the summer of 1999, New Hampshire will be the featured state in a special exhibition at the Smithsonian Institution in Washington, D.C. The exhibit is being coordinated by the New Hampshire Commission on the Smithsonian Festival of American Folklife which was created by Chapter 204, Laws of 1996 and will showcase New Hampshire's cultural heritage with crafts, music, dance, storytelling, food ways, occupational skills and workshops. Also taking place on the National Mall will be a salute to New Hampshire's hometown communities with a celebration of Old Home Day, complete with parades, church suppers and other community festivities. In addition, the Commission will re-stage the festival in New Hampshire and will also generate a package containing various inter-generational learning guides, videos and compact discs which will be freely provided to all libraries and schools throughout the state.

The Finance Committee acknowledges that the festival will become a major opportunity for the state to develop and generate significant tourism and economic development partnerships. The festival is expected to attract over 1.2 million international and national visitors and will clearly serve as a major component of New Hampshire's 1999 tourism and economic development promotional activities. The bill, as amended, will provide the Commission with \$200,000 in FY 1999 which will join an additional \$2,000,000 in corporate and philanthropic gifts as well as federal funds which comprise a total Commission budget of \$2,200,000. The funds for this appropriation of \$200,000 will come from the additional \$1,000,000 budgeted for increased tourism and promotional activities at DRED in the current biennial operating budget for FY 1999. Vote 21-1.

Amendment (0899h)

Amend the title of the bill by replacing it with the following:

AN ACT making an appropriation for use by the New Hampshire Commission on the Smithsonian Festival of American Folklife.

Amend the bill by replacing all after the enacting clause with the following:

1 Appropriation; New Hampshire Commission on the Smithsonian Festival of American Folklife. The sum of \$200,000 for the fiscal year ending June 30, 1999 is appropriated to the New Hamp-

shire commission on the Smithsonian Festival of American Folklife for the purpose of funding the participation of the state in the Smithsonian Festival of American Folklife to be held on the National Mall in Washington DC in 1999 and featuring the state of New Hampshire.

2 Source of Funds for Appropriation. Notwithstanding any other provision of law, the appropriation made in section 1 of this act shall be funded from the general fund appropriation made to the department of resources and economic development for travel and tourism development in PAU 03, 03, 02, 03, class lines 90, 93, or 94, or any combination of these class lines within said PAU.

3 Effective Date. This act shall take effect July 1, 1998.

AMENDED ANALYSIS

This bill makes an appropriation for use by the New Hampshire Commission on the Smithsonian Festival of American Folklife.

HB 1456, relative to the budget making process. **OUGHT TO PASS WITH AMENDMENT**

Rep. Arthur P. Klemm, Jr. for Finance: This bill is the result of a study this past summer by the New Hampshire Center for Public Policy Studies in regard to preparation of our state budget. The bill requires the budget be available in electronic and printed format, that there be a narrative explanation of all appropriations recommended in the Governor's budget from a maintenance expenditure budget as well as putting into statute the ability for performance-based budgeting. The amendment states that an agency or program selected for performance-based budgeting must be approved in the budget process, not the Fiscal Committee. Vote 17-0.

Amendment (0790h)

Amend RSA 9:8-a, II as inserted by section 4 of the bill by replacing it with the following:

II. Performance budgeted agencies and programs shall be exempt from the requirements in paragraph I. The budget of a performance budget agency or program shall be presented as one line item for each program objective. In this section, performance budget agency and program means an agency, PAU, or program specified in the budget for the subsequent biennium on the basis of identified goals, objectives, and verifiable outcome measures.

Amend the bill by replacing all after section 6 with the following:

7 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill changes the budget process to require that the budget be available in printed and electronic format, clarifies proposed maintenance expenditures, and the budget process for performance based budget agencies and programs.

HB 1548-FN-A, providing for the health care of New Hampshire children and making an appropriation therefor. **REFER FOR INTERIM STUDY**

Rep. Mary Jane Wallner for Finance: This bill would provide a source of matching funds for a children's health insurance program. The federal government is making funding available to states to expand health care to low-income children. States will need to provide a source of state matching funds. At this time the committee is awaiting additional information in order to identify a source of matching funds. Vote 21-0.

HB 1586-FN-A, making an appropriation for the purpose of increasing coverage on highways by state troopers and for additional state troopers. **INEXPEDIENT TO LEGISLATE**

Rep. Stephen T. DeStefano for Finance: This bill made an appropriation of \$1,000,000 from the highway surplus account for the purpose of hiring six full-time state troopers to collect defaulted fines. The committee felt that although this was a worthwhile endeavor the price tag was far too high and the department should find other means to track down these individuals, either from within the department or through outside sources. Vote 22-0.

HB 1644-FN-A, relative to general fund operating budget surpluses. **INEXPEDIENT TO LEGISLATE**

Rep. Franklin G. Torr for Finance: The content of this bill was similar to HB 1300. Therefore, we combined the bills, and HB 1644 became unnecessary. Vote 17-0.

HB 1118, relative to the expiration of contact lens prescriptions. **OUGHT TO PASS WITH AMENDMENT**

Rep. Eileen P. Dawe for Health, Human Services and Elderly Affairs: This bill changes the expiration of a contact lens prescription under the law governing ophthalmic dispensing to match the one year expiration term under the law regulating optometrists. Vote 17-0.

Amendment (0724h)

Amend the bill by replacing section 1 with the following:

1 Contact Lens Prescription; Definition Changed; Expiration. RSA 327-A:1, IV is repealed and reenacted to read as follows:

IV. "Prescription for contact lenses" means a dated and signed, written direction specifying that it is for contact lenses and which shall include at least the power, size, curvature, color, and material composition of the contact lenses. A prescription for contact lenses may also include, at the prescriber's professional discretion, other parameters or instructions such as lens manufacturer, prescription expiration date, number of permitted refills, and a statement prohibiting substitutions. Such parameters or instructions shall be honored by a person filling the prescription. Unless otherwise specified by the prescriber for health reasons, a contact lens prescription shall expire one year from the date of issue.

AMENDED ANALYSIS

This bill changes the definition of a contact lens prescription under the law governing ophthalmic dispensing and changes the expiration term to match the one year term under the law regulating optometrists.

HB 1150, establishing a committee to study the authority, functions, duties, and responsibilities of the bureau of emergency medical services. **OUGHT TO PASS WITH AMENDMENT**

Rep. Peter L. Batula for Health, Human Services and Elderly Affairs: Currently, emergency medical services personnel guidelines, education, certification, and protocol are unclear with many unregulated options. This bill sets up a committee to study the authority, functions, duties, funding and responsibilities through a coordinated process to be set forth by the Bureau of Emergency Medical Services (a bureau within Health and Human Services). The goal is to have a coordinated and quality emergency response effort to life or death situations. Vote 17-0.

Amendment (0654h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a committee to study the authority, functions, duties, funding, and responsibilities of the bureau of emergency medical services.

Amend the bill by replacing section 1 with the following:

1 Committee Established. There is established a committee to study the authority, functions, duties, funding, and responsibilities of the bureau of emergency medical services, department of health and human services.

Amend the bill by replacing section 3 with the following:

3 Duties. The committee shall study all aspects of the authority, functions, duties, funding, and responsibilities of the bureau of emergency medical services, department of health and human services.

AMENDED ANALYSIS

This bill establishes a committee to study the authority, functions, duties, funding, and responsibilities of the bureau of emergency medical services, department of health and human services.

HB 1166, relative to the oversight committee on health and human services. **OUGHT TO PASS WITH AMENDMENT**

Rep. Robert Chabot for Health, Human Services and Elderly Affairs: This bill strengthens the current statute on the health and human services oversight committee by establishing a meeting and reporting schedule. Vote 15-1.

Amendment (0628h)

Amend the bill by replacing all after the enacting clause with the following:

1 Composition Changed; Duty Added. Amend RSA 126-A:13 and RSA 126-A:14 to read as follows:
126-A:13 Oversight Committee; Establishment.

I. There shall be an oversight committee on health and human services consisting of ~~(+3)~~ 8 members as follows:

(a) 3 members of the senate, at least one of whom shall be a member of the senate public institutions/health and human services committee, appointed by the president of the senate; *and*

(b) 5 members of the house appointed by the speaker of the house from the health, human services and elderly affairs committee~~[-and~~

~~[(c) 5 members from the department of health and human services, appointed by the commissioner].~~

II. ~~[For the members appointed under subparagraphs I(a) and (b),]~~ Membership on the oversight committee shall be for the biennium and shall be coterminous with membership in the general court.

126-A:14 Organization and Compensation. The oversight committee shall have a chairperson who shall be chosen by vote from among the committee membership. The chairperson's term of office shall be for the biennium. The committee shall have a clerk who shall be chosen by vote by the members of the committee. The clerk's term of office shall be for the biennium. ~~[The committee shall meet immediately upon the close of each legislative session.]~~ The ~~[legislative]~~ members of the committee shall receive legislative mileage when in performance of their duties.

2 Duties of Oversight Committee. RSA 126-A:15 is repealed and reenacted to read as follows:

126-A:15 Duty of Oversight Committee.

I. The committee shall provide legislative oversight of the programs, policies, and rules of the department of health and human services as brought to its attention by committee members, legislators, department personnel, or others. The committee's work may include, but is not limited to, analyzing the efficacy of selected programs, studying the characteristics of target populations, researching trends affecting program costs and participation and reviewing alternate approaches to programmatic and administrative concerns. The committee shall maintain communications with the department of health and human services, and any other departments, as necessary to accomplish its work.

II. The committee shall meet at the call of the chair but in no case less than every 2 months.

III. The committee shall report no later than the first day of November of the second year of the biennium as to its activities and recommendations to the speaker of the house and the president of the senate.

3 Effective Date. This act shall take effect 60 days after its passage.

HB 1298-FN-L, requiring health care providers to wear identification. OUGHT TO PASS WITH AMENDMENT

Rep. Alice Z. Calvert for Health, Human Services and Elderly Affairs: This bill requires caregivers, including consulting doctors, volunteers and students, who come in contact with clients and residents of a health care facility (licensed under RSA 151) to wear identification which discloses name, licensure status and staff position. Health and Human Services would be notified of a fault but the facility would not be cited for a deficiency. Vote 16-0.

Amendment (0663h)

Amend the bill by replacing all after the enacting clause with the following:

I New Section; Identification Required. Amend RSA 151 by inserting after section 3-a the following new section:

151:3-b Identification Required.

I. Facilities licensed under this chapter shall require all persons, including volunteers, consulting doctors, and students, in contact with clients and residents to wear a form of identification which readily discloses the first name, licensure status, if any, and staff position. This section shall also apply to home health care providers and hospice staff.

II. Failure to comply with the requirements of paragraph I shall not result in a citation for deficiency, but shall result in a notice from the department of health and human services that such compliance is mandated by law.

2 Identification Required. Amend RSA 151:21, I to read as follows:

I. The patient shall be treated with consideration, respect, and full recognition of the patient's dignity and individuality, including privacy in treatment and personal care *and including being informed of the name, licensure status, and staff position of all those with whom the patient has contact.*

3 Identification Required. Amend RSA 151:21-b, II(a) to read as follows:

(a) Be treated with consideration, respect, and full recognition of the client's dignity and individuality, including privacy in treatment and personal care and respect for personal property *and including being informed of the name, licensure status, and staff position and employer of all persons with whom the client/resident has contact.*

4 Effective Date. This act shall take effect 60 days after its passage.

HB 1498, requiring emergency medical care providers to inform patients of transport options. **OUGHT TO PASS WITH AMENDMENT**

Rep. Peter L. Batula for Health, Human Services and Elderly Affairs: This bill is one of three that tightens up and coordinates a more professional emergency medical services response as it deals with transportation options for the patient. Emergency medical service personnel may advise individuals of their options after an assessment of signs and symptoms is made. EMS personnel are authorized to secure a signed waiver from the individual if they refuse transportation to a medical facility. Vote 15-2.

Amendment (0664h)

Amend the title of the bill by replacing it with the following:

AN ACT authorizing emergency medical care providers to inform patients of transport options. Amend RSA 151-B:10-a as inserted by section 1 of the bill by replacing it with the following:

151-B:10-a Transport Options. Emergency medical care providers licensed under this chapter may, under medical control, inform individuals of transport options which, in the opinion of the provider, are suitable to such individual. This information shall be provided only after the emergency medical care provider has made a physical assessment of the signs and symptoms of the individual within the provider's level of licensure. All individuals who elect not to be transported or not to be transported by an emergency medical service vehicle shall sign an agreement releasing the emergency medical care provider, hospital, and the medical control physician from liability relating to such transport decision. Nothing in this section shall be construed to require an individual to choose any particular transport option.

AMENDED ANALYSIS

This bill authorizes licensed emergency medical care providers to inform patients of transport options.

HB 1652, establishing a pilot program relative to the administration of medications in residential care facilities. **OUGHT TO PASS WITH AMENDMENT**

Rep. Marion L. Copenhagen for Health, Human Services and Elderly Affairs: This bill establishes a 2-year pilot program for the administration of medications in certain residential care facilities. The amendment clearly sets out the criteria which have to be met by the Department of Health and Human Services. This lengthy amendment will appear in the session laws, not in the regular RSAs. The committee took pains to insure that the safety and well-being of these frail elderly are protected. Vote 16-0.

Amendment (0881h)

Amend the bill by replacing all after the enacting clause with the following:

1 Statement of Intent. The general court recognizes the growing need of frail elderly in the state who require supervised living environments but do not require 24-hour per day skilled nursing services. Residential care facilities offer elders these services in a cost-effective manner and their existence enables such elders to remain as independent as possible while receiving needed care. The general court recognizes that in order to address the growing number of frail seniors in the state, alternative means and settings for providing such care must be explored. It is the intent of the general court that investment in this form of care for seniors will result in more cost-effective means to provide services to the frail elderly in the state of New Hampshire. Therefore, the general court hereby establishes a pilot program relative to medication administration in residential care facilities.

2 Pilot Program.

I. The commissioner of the department of health and human services is hereby directed to create a pilot program for medication administration in residential care facilities. The commissioner may approve a waiver to He-P 804. The requirements for the pilot program shall be as follows:

(a) Facility criteria:

- (1) Residential care facility shall have had the same administrator for 2 previous years.
- (2) Facility may have any number of beds.

(b) Resident criteria:

- (1) Resident must be either cognitively intact, have a guardian who has power to make medical decisions, or have given power of attorney for medical decisions to another individual.
- (2) Cognitive state to be determined by bureau of health facilities, department of health and human services, needs assessment tool.
- (3) Cognitive ability to be determined within 30 days prior to application for medication waiver.

(c) Program criteria:

- (1) Residential care facilities with 24-hour RN staff are under no restrictions on the number of residents or number and type of medications that may be administered.
- (2) Residential care facilities with an LPN on staff and supervision provided by a RN are under no restrictions on number of residents or number and type of medications.
- (3) All medication administration under subparagraph (1) and (2) shall be in accordance with RSA 326-B.

(4) If the residential care facility does not have licensed staff, the following shall apply:

(A) Waiver request must be specific for both the resident and the individual or individuals who will be administering medications.

(B) The resident shall have resided in the home for at least 6 months prior to the waiver request.

(C) The resident shall have a single ordering health care practitioner and/or have a primary care practitioner sign off that he or she has reviewed all medications for compatibility.

(D) Medications (prescription and over the counter) shall come from the same pharmacy or medications shall be reviewed quarterly by a pharmacist. If a quarterly review is required, the first shall be completed prior to the waiver request. A drug review shall be completed each time a new medication is ordered.

(E) The resident shall be assessed utilizing the states' needs assessment no more than 30 days prior to request. A full resident needs assessment shall be done quarterly and sent to the bureau of health facilities within 7 days of completion.

(F) The facility shall have had no medication deficiencies which threaten the health and safety of a resident within the last year.

(G) Administration of injectable or rectal medication, class 2 or class 3 narcotics will be denied, except as deemed appropriate by the consulting RN.

(H) Administration of eyedrops shall require individualized training by an RN.

(I) All individuals administering medications shall have a minimum of a high school diploma.

(J) The number of medications shall be determined by the consulting RN based on the type of prescription, the type of medication, and the capability of the staff member.

(K) Waivers will be granted for no more than 5 residents per facility.

(L) Quarterly quality assurance reports shall be filed with the bureau of health facilities, department of health and human services using indicators developed by that bureau.

(M) Facilities shall hire a registered nurse consultant, qualified to perform the resident needs assessment.

(N) The nurse consultant shall be responsible for:

(i) implementing the program based on the requirements of He-M 1201, including staff training and procedures for documentation.

(ii) performing the quarterly resident assessments.

(iii) completing the quarterly quality assurance program.

(iv) performing any additional training required by a change in the residents' medications.

(d) Waiver may be revoked for any of the following reasons:

(1) The bureau of health facilities, in consultation with the consulting RN, determines that medication errors threaten the well being of the residents and/or are excessive.

(2) Allowing unauthorized staff to administer medications.

(3) Failure to follow any criterion for the pilot program.

II. Due process rights of the facility shall not apply to this pilot program.

III. Administration of medications under this pilot program shall be exempt from the provisions of RSA 326-B.

IV. This pilot program shall be exempt from the provisions of RSA 541-A.

V. Facilities eligible for the pilot program shall hire a registered nurse as a consultant.

VI. This pilot program shall terminate on December 31, 2000, unless authorized to continue by the legislature.

VII. The commissioner may pursue additional funding for the pilot program in the form of grants from federal and private foundations sources and expend such grants, moneys, and any appropriation for the purpose of said program.

VIII. The commissioner shall submit a report on the activities, findings and recommendations relative to the pilot program to the speaker of the house, the president of the senate, and the governor before the termination date specified in paragraph VI of this section.

3 Residential Care Pilot Program Advisory Committee Established.

I. There is hereby established the residential care pilot program advisory committee to review the implementation of the pilot program established in section 2 of this act. The members of the committee shall be as follows:

(a) The commissioner of the department of health and human services, or designee.

(b) An RN from the bureau of health facilities, department of health and human services, appointed by the commissioner of the department.

(c) A representative of the New Hampshire board of nursing, appointed by the board.

(d) A representative of the New Hampshire Residential Care Association, appointed by the association.

(e) A representative of the New Hampshire Nurses Association, appointed by the association.

(f) A representative of the New Hampshire Health Care Association, appointed by the association.

(g) A representative of the New Hampshire Home Care Association, appointed by the association.

II. The committee's duties shall include, but not be limited to reviewing the implementation of the pilot program established under section 2 of this act.

4 Funding. The pilot program established in section 2 of this act shall be funded through existing appropriations to the department of health and human services.

5 Repeal. Sections 1-4 of this act, relative to the residential care pilot program, are repealed.

6 Effective Date.

I. Section 5 of this act shall take effect December 31, 2000.

II. The remainder of this act shall take effect July 1, 1998.

AMENDED ANALYSIS

This bill requires the commissioner of health and human services to establish a pilot program for medication administration in residential care facilities. The pilot program shall terminate on December 31, 2000.

Referred to Finance.

HB 1164, relative to requests for changes in superior court justices assigned to trials. **INEXPEDIENT TO LEGISLATE**

Rep. Sandra B. Keans for Judiciary and Family Law: The committee feels this bill would bring about a scheduling nightmare and dramatically increase costs. New Hampshire has a limited number of judges and therefore are assigned only 2-3 days before the trial date. Further, there are ample opportunities to challenge judges if they do not recuse themselves. The administrative judge has developed an assignment system based on "weighted" case load in order to facilitate the system. Vote 12-0.

HB 1261-FN, prohibiting part-time judges from sitting on courts located within 50 miles of their primary places of business. **INEXPEDIENT TO LEGISLATE**

Rep. David C. Allison for Judiciary and Family Law: The committee believes this bill is unworkable and to be a possible cause of mischief within the courts. Vote 13-0.

HB 1266, relative to reporting of alleged criminal conduct by the professional conduct committee and the judicial conduct committee. **INEXPEDIENT TO LEGISLATE**

Rep. Marjorie K. Smith for Judiciary and Family Law: This bill requires the Professional and Judicial Conduct Committees to refer allegations of criminal conduct to the attorney general and the county attorneys. This bill is not necessary because the Judicial Conduct Committee is already required by statute to report alleged criminal behavior and the Professional Conduct Committee does this in practice. Additionally the attorney general can refer criminal investigations to the county attorneys. Vote 12-0.

HB 1302, relative to the liability of the university system of New Hampshire for civil damages arising from snow, ice, or inclement weather. **INEXPEDIENT TO LEGISLATE**

Rep. Sandra B. Keans for Judiciary and Family Law: The committee did not find a need for this bill at this time. The university testified that in the last two years there were seven cases brought forward, six of which were dismissed. While the university is a non-profit institution, it is not the same as a municipality. Vote 12-2.

HB 1325, relative to the rooms and meals tax and occupants of rooming houses. **INEXPEDIENT TO LEGISLATE**

Rep. Sandra B. Keans for Judiciary and Family Law: This bill was proposed last year and turned down. The sponsor had agreed to bring in a new bill which would address the concerns. Currently, rooming houses are considered transitional housing and give the landlord 90 days in which to make a determination on the character of the tenant. During that period the tenant is a "tenant at will" and has no rights to occupancy. The committee believes a six-month period during which the tenant has no rights is too long a period. Vote 11-2.

Rep. Guaraldi declared a conflict of interest and did not participate.

HB 1360, revising the formula for determining child support. **INEXPEDIENT TO LEGISLATE**

Rep. Sandra B. Keans for Judiciary and Family Law: This bill does not take into consideration HB 774 which was passed this January and is now in the senate. We need to wait to evaluate how that bill, which is a result of study committee, functions. It provides for major changes to the current support guidelines. Vote 12-1.

HB 1408, requiring a criminal background investigation for certain child care agencies. **OUGHT TO PASS WITH AMENDMENT**

Rep. Marjorie K. Smith for Judiciary and Family Law: This bill, as amended, would require criminal record and central registry checks for those who are receiving state funds for providing child care but are exempt from licensing. Currently, in New Hampshire, there are 1,500 providers caring for between 1,500 and 4,500 children who fall into that category. A finding would not result in an automatic denial but the Department of Health and Human Services would have the authority to conduct an investigation as to whether the individual poses a current threat. Health and Human Services says that there will be no additional costs. Vote 12-1.

Amendment (0800h)

Amend the bill by replacing section 1 with the following:

1 New Section; Criminal Records and Central Registry Check of Child Day Care Providers Exempt From Licensing. Amend RSA 170-E by inserting after section 3 the following new section:

170-E:3-a Criminal Records and Central Registry Check of Child Day Care Providers Exempt From Licensing. Any child day care providers exempt from licensing under RSA 170-E:3 which receive state funds or subsidies in payment for the provision of child day care shall, as a condition of receiving state funds or subsidies, provide their names, birth names, birth dates and addresses, and the same information for any individual residing in the child day care provider's household who may be responsible for the care of, or is in regular contact with children, to the department prior to the receipt of state funds or subsidies on or before July 1, 1999, and every 3 years thereafter. The department shall conduct criminal records and central registry checks on these names in accordance with the provisions of RSA 170-E:7.

Amend RSA 170-E:7, I as inserted by section 2 of the bill by replacing it with the following:

I. Licensed child day care agencies *and child day care providers exempt from licensing under RSA 170-E:4 but which receive state funds or subsidies in payment for the provision of child*

day care shall, within 30 days of adding new staff members responsible for care of or in regular contact with children, submit the names, birth names, birth dates, and addresses of such staff members to the department.

HB 1419, making victims of juvenile offenses eligible for compensation from the victim's assistance fund. INEXPEDIENT TO LEGISLATE

Rep. Andrew R. Peterson for Judiciary and Family Law: The committee unanimously found that this legislation would not serve to further the intent of the sponsor that juveniles should be made more accountable to the victims of crimes which involve personal property damage. The victim's assistance fund, according to testimony from the Attorney General's office, the Department of Justice and the N.H. Police Chiefs Association would be drained of needed resources if expanded to include victims of property crimes. Vote 12-0.

HB 1510-FN, requiring probate court judges to report attorneys who are fiduciaries and have been cited for delinquencies in accounting by the probate court to the professional conduct committee of the supreme court. INEXPEDIENT TO LEGISLATE

Rep. Wayne T. Moynihan for Judiciary and Family Law: There was no evidence presented that this bill was necessary to solve an existing problem. No sponsors appeared and no testimony in support was received. Enacting this bill would increase state expenditures by a significant but indeterminable amount. The vast majority of delinquencies are missed deadlines by one or two weeks, and internal probate procedures now ensure that the vast majority are cured in a timely fashion. The probate court judges already have the power to report attorneys who are delinquent fiduciaries to the professional conduct committee of the supreme court when they deem it to be warranted. Vote 12-1.

HB 1511-FN, requiring registers of probate to send a notice to each beneficiary when a fiduciary is delinquent in filing an inventory or account. INEXPEDIENT TO LEGISLATE

Rep. Peter F. Bergin for Judiciary and Family Law: The Probate Court has rules and systems in place to take care of this. RSA 548:5 mandates that the register of probate send notice of the default to the fiduciary by first class mail within 12 days after default. The fiduciary then has 30 days to either file the inventory or account or show good cause for the failure to file. If the fiduciary neither files nor shows good cause for the failure to file, the probate judge shall issue a citation to the fiduciary to appear before the judge. RSA 548:5-a, II mandates that the register of probate send a copy of such citation by first class mail to any beneficiary. Vote 11-1.

HB 1519, requiring registers of probate to be consistent and uniform in the enforcement of delinquency notices, citations, and contempt charges. INEXPEDIENT TO LEGISLATE

Rep. Marjorie K. Smith for Judiciary and Family Law: The procedures identified in this bill are already in place as a result of legislation passed in 1991, 1994 and 1995 and the adoption of rules proposed by the Probate Court Forms committee, the Probate Court Procedures committee and the Probate Court Rules committee. Vote 12-0.

HB 1554-FN, allowing punitive damages in actions for domestic violence and sexual assault. REFER FOR INTERIM STUDY

Rep. Andrew R. Peterson for Judiciary and Family Law: Although the committee was disinclined to pass this bill allowing an expansion of the use of punitive damages in civil court, the majority felt that giving victims of abuse enhanced access to "expanded compensatory damages" merits study. Vote 14-1.

HB 1610, relative to back wages owed by employers. REFER FOR INTERIM STUDY

Rep. Sandra B. Keans for Judiciary and Family Law: The committee believes a problem exists in that there are small corporations that build up debt including back wages and then leave town. However, we are not sure that this bill is worded correctly to solve the problem without opening up other problems for legitimate operating companies. Vote 7-5.

HB 1423-FN, modifying the definition of employment under the unemployment compensation statute and assignment of unemployment compensation payments for a claimant's child support obligations. OUGHT TO PASS WITH AMENDMENT

Rep. Robert E. Clegg, Jr. for Labor, Industrial and Rehabilitative Services: This bill allows the Commissioner of Employment Security to accept authorization for child support payments from a court or administrative agency of competent jurisdiction. It also allows the department to accept certain federal funds to administer the compensation statute. Vote 18-0.

Amendment (0277h)

Amend the bill by replacing section 1 with the following:

1 Unemployment Compensation; Definition of Employment. Amend RSA 282-A:9, IV(1) to read as follows:

(l) Service performed by an individual under the age of 18 in the delivery or distribution of newspapers or shopping news, not including delivery or distribution to any point for subsequent delivery or distribution; *or service performed by an individual in, and at the time of, the sale of newspapers or magazines to ultimate consumers, under an arrangement under which the newspapers or magazines are to be sold by the individual at a fixed price, his or her compensation being based on the retention of the excess of such price over the amount at which the newspapers or magazines are charged him or her, whether or not he or she is guaranteed a minimum amount of compensation for such service, or is entitled to be credited with the unsold newspapers or magazines turned back;*

HB 1109, allowing prepayment of property taxes before April 1. **OUGHT TO PASS WITH AMENDMENT**

Rep. Linda T. Foster for Local and Regulated Revenues: This bill allows taxpayers to prepay their taxes if the municipality has authorized such payments. The payment allows taxpayers to maximize the IRS federal tax deductions and allows the municipality up to 16 months of early collection. Any prepayment is entirely voluntary. Vote 14-0.

Amendment (0868h)

Amend RSA 80:52-a as inserted by section 1 of the bill by replacing it with the following:

80:52-a Prepayment. Any town by vote at a town meeting under a proper article in the warrant or by vote of the board of selectmen or the town council and any city by vote of its governing board may authorize the prepayment of taxes and authorize the collector of taxes to accept payments in prepayment of taxes. If a town or city so votes, any person, firm or corporation owning taxable property ~~[on April 1]~~ may, ~~[after April 1 and]~~ *at any time* before notice of the amount of taxes assessed against said property ~~[for that year]~~ has been received, make payments on account of such taxes *as will be due* and the collector shall receive such payments and give a receipt therefor and credit the amounts paid toward the amount of the taxes eventually assessed against said property. In any town or city which shall vote to authorize the prepayment of taxes the collector of taxes shall give such bond in the form and amount which the commissioner of revenue administration shall require, and ~~[he]~~ *the collector* shall pay over all sums so received to the town treasurer under the provisions of RSA 41:35. *No taxpayer shall be allowed to prepay taxes more than 2 years in advance of the due date of the taxes. No interest shall accrue to the taxpayer on any prepayment, nor shall any interest be paid to the taxpayer on any prepayment which is later subject to rebate or refund.*

AMENDED ANALYSIS

This bill allows property taxpayers to make prepayments on their taxes up to 2 years in advance of the due date of the taxes. No interest shall accrue on any prepayment, nor shall interest be paid to the taxpayer on any prepayment which is later subject to refund or rebate.

HB 1122, relative to the definition of charitable organization for the purposes of conducting bingo games. **OUGHT TO PASS WITH AMENDMENT**

Rep. Stephen G. Avery for Local and Regulated Revenues: This bill modifies existing law by allowing charitable organizations to play bingo and Lucky Seven in towns other than the town in which they are organized. It limits the play to one town during the term of the license and limits the charity to no more than ten game dates in one calendar month. Vote 12-1.

Amendment (0606h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the licensure of charitable organizations to conduct bingo games or sell lucky 7 tickets in towns and cities in which the organizations have been conducting charitable activities.

Amend the bill by replacing all after the enacting clause with the following:

1 Definition; Charitable Organization. Amend the introductory paragraph of RSA 287-E:1, V and subparagraphs (a) and (b) to read as follows:

V. "Charitable organization" means any bona fide religious, charitable, civic, veterans or fraternal organization which shall have been in existence *and organized under the laws of this state* for at least 2 years in ~~[the] a town or city [in which the bingo games are to be conducted, which is organized under the laws of this state]~~, and to which contributions are exempt from federal income tax. To be eligible for licensure under this chapter, a charitable organization shall do all of the following:

(a) Document that ~~[it is]~~ *contributions to the organization are* exempt from federal income tax.

(b) Establish that the religious, civic, fraternal, veterans, or charitable purposes for which it was organized, other than charitable gambling, are furthered through activities conducted in the town or city in which the ~~[bingo games are conducted]~~ *charitable organization is organized.*

2 License Eligibility; Charitable Organization. Amend RSA 287-E:5, VII(b) to read as follows:

(b) Establish that the religious, civic, fraternal, veterans, or charitable purposes for which it was organized, other than charitable gambling, are furthered through activities conducted in the town or city in which the ~~[bingo games are conducted; provided that any charitable organization which was licensed to play bingo games outside of the town or city in which it is organized on June 1, 1997 shall be eligible to be licensed to continue to play bingo games outside of the town or city in which it is organized until July 1, 1998]~~ *charitable organization is organized.*

3 Issuance of Licenses; Charitable Organizations. Amend RSA 287-E:6, II(a) to read as follows:

(a) No more than one license shall be issued to a charitable organization per calendar month, and the license shall permit no more than 10 game dates of bingo in one calendar month, *and in no more than one town or city which has authorized bingo games under RSA 287-E:27.* The license shall expire on the last game date authorized under said license.

4 Application Fee; Lucky 7. Amend RSA 287-E:19, I to read as follows:

I. The lucky 7 license application fee shall be \$10 per month *or any part of a month.*

5 Lucky 7 Licenses; Charitable Organizations. Amend RSA 287-E:20, I to read as follows:

I. The license shall specify where the tickets may be offered for sale, provided that the license shall not authorize a charitable organization to sell lucky 7 tickets except at a place where a bingo game has been authorized, or in ~~[the town or city where the organization has existed for at least 2 years prior to the date the tickets are sold]~~ *a town or city which has authorized the sale of lucky 7 tickets under RSA 287-E:27.*

6 New Paragraph; Organization Eligible for Lucky 7 Licensing. Amend RSA 287-E:20 by inserting after paragraph V the following new paragraph:

VI. Only charitable organizations as defined in RSA 287-E:1, V shall be eligible for licensing.

7 Sale of Lucky 7 Tickets; Locations. Amend RSA 287-E:21, II to read as follows:

II. Lucky 7 tickets may only be sold at the location specified in the license issued by the commission, which ~~[may]~~ *shall* include either:

(a) The regular meeting place of or a facility owned, leased or utilized by the charitable organization for its activities; or

(b) Any other location where the sale of lucky 7 tickets is conducted in conjunction with and at the same time as an event sponsored *or co-sponsored* by the charitable organization, *to be held once a year, and will be held for no more than 4 consecutive days.*

8 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill modifies the definition of "charitable organization" for the purposes of eligibility to conduct bingo games and sell lucky 7 tickets.

HB 1131, relative to the sale of liquor and beverages and relative to enforcement of the liquor laws. **OUGHT TO PASS WITH AMENDMENT**

Rep. Robert N. Kelley for Local and Regulated Revenues: This bill serves a variety of purposes in updating the operations of the liquor commission. The enforcement of liquor laws is strengthened by further tightening of photo identification requirements by increases in fines for underage possession of liquor and by more business-like reporting requirements for full service restaurant licenses. This bill is user friendly to the commission and the general public as well. No one appeared in opposition. Vote 16-0.

Amendment (0387h)

Amend RSA 178:20, V(j) as inserted by section 5 by replacing it with the following:

(j) Golf Facility. An operator or designee of a golf facility may be entitled to a cocktail lounge license for the sale of liquor and beverages to patrons in rooms *or any clearly defined area under the licensee's control* approved by the commission.

Amend RSA 179:10 as inserted by section 8 of the bill by replacing it with the following:

179:10 Unlawful Possession. Except as provided in RSA 179:23, any person under the age of 21 years who has in his possession any liquor or alcoholic beverage shall be guilty of a violation and shall be fined a minimum of [~~\$50~~] **\$250**. Any second and subsequent offense shall be fined at least [~~\$250~~] **\$500**. No portion of this mandatory minimum fine shall be waived, continued for sentencing or suspended by the court. Any person under the age of 21 years convicted of unlawful possession of liquor or beverage shall forfeit the same, and it shall be disposed of as the court directs. The proceeds, if any, shall be paid into the treasury of the county in which the proceedings were determined.

HB 1188, requiring a 24-hour rest for beer at the warehouse after delivery to the wholesale distributor by the brewer or manufacturer. **INEXPEDIENT TO LEGISLATE**

Rep. Jean R. Wallin for Local and Regulated Revenues: After hearing testimony, the committee decided this bill is unnecessary at this time. Vote 16-0.

HB 1276, relative to charitable organizations conducting bingo. **INEXPEDIENT TO LEGISLATE**
Rep. Lauren Carney for Local and Regulated Revenues: The intent of this bill has been incorporated into House Bill 1122 as amended. Vote 13-0.

HB 1277, prohibiting beverage, wine, and liquor tasting in grocery and convenience stores. **INEXPEDIENT TO LEGISLATE**

Rep. Jean R. Wallin for Local and Regulated Revenues: Beer, wine and liquor tasting in grocery and other retail outlets has been allowed for many years. This marketing tool has been used responsibly and successfully according to the Liquor Commission. The committee sees no reason to prohibit the practice. Vote 15-0.

HB 1381, relative to charitable organizations eligible to sell Lucky 7 tickets. **INEXPEDIENT TO LEGISLATE**

Rep. Stephen G. Avery for Local and Regulated Revenues: The concerns of the sponsor were taken care of in the amendment to House Bill 1122. Vote 13-0.

HB 1469-L, clarifying the value of public utility property for property tax purposes. **OUGHT TO PASS WITH AMENDMENT**

Rep. Linda T. Foster for Local and Regulated Revenues: The amendment to this bill establishes a study committee to examine the valuation of public utility property. The committee believes that the deregulation of the electric industry makes this issue especially relevant. Vote 15-0.

Amendment (0798h)

Amend the bill by replacing the title with the following:

AN ACT establishing a committee to examine the valuation of public utility property.

Amend the bill by replacing all after the enacting clause with the following:

1 Committee Established. There is hereby established a committee to examine the valuation of public utility property.

2 Membership and Mileage.

I. The committee shall be comprised of the following members:

(a) Two representatives from the committee on science, technology and energy, appointed by the speaker of the house.

(b) Two representatives from the committee on finance, appointed by the speaker of the house.

(c) Two representatives from the committee on local and regulated revenues, appointed by the speaker of the house.

(d) Three senators, appointed by the senate president.

II. Members of the committee shall receive mileage at the legislative rate when attending to the duties of the committee.

III. The first meeting of the committee shall be called by the first-named house member within 45 days after the effective date of this section. At the first meeting, members shall elect a chairperson from among the committee membership. All subsequent meetings shall be at the call of the chairperson. Five members of the committee shall constitute a quorum.

3 Duties. The committee shall examine the valuation of public utility property regulated by the public utilities commission. The committee shall address only those properties which are used in the distribution and transmission of electricity and telecommunications. The committee shall study ways to improve valuation equalization, including, but not limited to, the possible development of separate equalization ratios for such property and any other issues that arise during this study.

4 Report. The committee shall report its findings and any recommendations for legislation to the speaker of the house, the senate president, the house clerk, the senate clerk, the governor, and the state library on or before November 1, 1998.

5 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill establishes a committee to study the valuation of public utility property regulated by the public utilities commission. Specifically, the committee shall examine those properties which are used in the distribution and transmission of electricity and telecommunications.

HB 1492-L, relative to limiting increases in the assessed valuation of property. **INEXPEDIENT TO LEGISLATE**

Rep. Douglass P. Teschner for Local and Regulated Revenues: Property is assessed based upon the market value of that property. This bill would change this long-standing policy by capping increases in assessed valuations at 2 percent per year. The committee believes that this change would be disruptive of local property taxation and poor public policy. Vote 15-0.

HB 1566-FN-L, providing that state-owned lands leased to or under an operating agreement with a private business entity are subject to the local property tax. **REFER FOR INTERIM STUDY**
Rep. Linda T. Foster for Local and Regulated Revenues: This bill involves subject matter which ranges from taxation to tourism. Interim Study will provide the opportunity for the thoughtful and thorough consideration which this bill deserves. Vote 15-0.

HB 1111, relative to the types of investments allowable by local treasurers. **OUGHT TO PASS WITH AMENDMENT**

Rep. Joseph E. Stone for Municipal and County Government: The committee has a sub-committee currently studying county government. During one of its meetings with the NH Association of Counties, the problem of repurchase agreements was brought to the sub-committee's attention by the Grafton County Treasurer. Working closely with the State Treasurer the committee amended this legislation so now it is possible for county treasurers, when they have in their custody a surplus of funds not immediately needed for the purpose of expenditure, to invest in repurchase agreements with banks incorporated under the laws of the State of New Hampshire or in banks recognized by the State Treasurer. Vote 13-0.

Amendment (0784h)

Amend the bill by replacing all after the enacting clause with the following:

1 County Treasurers. Amend RSA 29:1 to read as follows:

29:1 Duties. The county treasurer shall have custody of all moneys belonging to the county, and shall pay out the same only upon orders of the commissioners. The county treasurer shall deposit the same in participation units in the public deposit investment pool established pursuant to RSA 383:22 or in solvent banks in the state, except that funds may be deposited in banks outside the state if such banks pledge and deliver to a third party custodial bank or the regional federal reserve bank collateral security for such deposits, United States government obligations, United States government agency obligations, or obligations of the state of New Hampshire in value at least equal to the amount of the deposit in each case. The amount of collected funds on deposit in any one bank shall not at any time exceed the sum of its paid-up capital and surplus. The county treasurer shall keep in suitable books provided for the purpose a fair and correct account of all sums received into and paid from the county treasury, and of all notes given by the county, with the particulars thereof. At the close of each fiscal year, the county treasurer shall make a report to the county, giving a particular account of all the treasurer's financial transactions during the year. The treasurer shall furnish to the commissioners statements from the books, and submit the books and vouchers to them and to the county auditors for examination, whenever so requested. Whenever the county treasurer has in custody an excess of funds which are

not immediately needed for the purpose of expenditure, the treasurer shall, with the approval of the commissioners, invest the same in obligations of the United States government, in participation units in the public deposit investment pool established pursuant to RSA 383:22, in savings bank deposits of banks incorporated under the laws of the state of New Hampshire or in certificates of deposits *and repurchase agreements* of banks incorporated under the laws of the state of New Hampshire or in ~~[national] banks [located within this state or the commonwealth of Massachusetts]~~ *recognized by the state treasurer*. Any person who directly or indirectly receives any such funds or moneys for deposit or for investment in securities of any kind shall, prior to acceptance of such funds, make available at the time of such deposit or investment, an option to have such funds secured by collateral having a value at least equal to the amount of such funds. Such collateral shall be segregated for the exclusive benefit of the county. Only securities defined by the bank commissioner in rules adopted pursuant to RSA 386:57 shall be eligible to be pledged as collateral. At least yearly, the county treasurer, with the approval of the county commissioners, shall review and adopt an investment policy for the investment of public funds in conformance with the provisions of applicable statutes.

2 Town Treasurers. Amend RSA 41:29, IV to read as follows:

IV. Whenever the town treasurer has in custody an excess of funds which are not immediately needed for the purpose of expenditure, the town treasurer shall, with the approval of the selectmen, invest the same in obligations of the United States government, in the public deposit investment pool established pursuant to RSA 383:22, in savings bank deposits of banks incorporated under the laws of the state of New Hampshire or in certificates of deposits *and repurchase agreements* of banks incorporated under the laws of the state of New Hampshire or in ~~[national] banks [located within this state or the commonwealth of Massachusetts]~~ *recognized by the state treasurer*. At least yearly, the selectmen shall review and adopt an investment policy for the investment of public funds in conformance with the provisions of applicable statutes.

3 City Treasurers. Amend RSA 48:16, III to read as follows:

III. Whenever the city treasurer has in custody an excess of funds which are not immediately needed for the purpose of expenditure, the city treasurer shall, with the approval of the mayor and a majority of the city council, invest the same in obligations of the United States government, in participation units in the public deposit investment pool established pursuant to RSA 383:22, in savings bank deposits of banks incorporated under the laws of the state of New Hampshire or in certificates of deposits *and repurchase agreements* of banks incorporated under the laws of the state of New Hampshire or in ~~[national] banks [located within this state or the commonwealth of Massachusetts]~~ *recognized by the state treasurer*. At least yearly, the city council or board of aldermen shall review and adopt an investment policy for the investment of public funds in conformance with the provisions of applicable statutes.

4 School District Treasurers. Amend RSA 197:23-a to read as follows:

197:23-a Treasurer's Duties. The treasurer shall have custody of all moneys belonging to the district and shall pay out the same only upon orders of the school board or upon orders of the 2 or more members of the school board empowered by the school board as a whole to authorize payments. The treasurer shall deposit the moneys in participation units in the public deposit investment pool established pursuant to RSA 383:22, or in solvent banks in the state, except that funds may be deposited in banks outside the state if such banks pledge and deliver to a third party custodial bank or the regional federal reserve bank collateral security for such deposits United States government obligations, United States government agency obligations, or obligations of the state of New Hampshire in value at least equal to the amount of the deposit in each case. The amount of collected funds on deposit in any one bank shall not at any time exceed the sum of its paid-up capital and surplus. The treasurer shall keep in suitable books provided for the purpose a fair and correct account of all sums received into and paid from the district treasury, and of all notes given by the district, with the particulars thereof. At the close of each fiscal year, the treasurer shall make a report to the district, giving a particular account of all of the treasurer's financial transactions during the year. The treasurer shall furnish to the school board statements from the books, and submit the books and vouchers to them and to the auditors for examination, whenever so requested. Whenever the treasurer has in custody an excess of funds which are not immediately needed for the purpose of expenditure, the treasurer shall, with the approval of the school board, invest the same in obligations of the United States government, in participation units in the public deposit investment pool

established pursuant to RSA 383:22, in savings bank deposits of banks incorporated under the laws of the state of New Hampshire or in certificates of deposits *and repurchase agreements* of banks incorporated under the laws of the state of New Hampshire or in [national] banks [~~located within this state or the commonwealth of Massachusetts~~] *recognized by the state treasurer*. Any person who directly or indirectly receives any such funds for deposit or for investment in securities of any kind shall, prior to acceptance of such funds, make available at the time of such deposit or investment an option to have such funds secured by collateral having a value at least equal to the amount of such funds. Such collateral shall be segregated for the exclusive benefit of the district. Only securities defined by the bank commissioner as provided by rules adopted pursuant to RSA 386:57 shall be eligible to be pledged as collateral. At least yearly, the school board shall review and adopt an investment policy for the investment of public funds in conformance with the provisions of applicable statutes.

5 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill allows county, town, city, and school district treasurers to invest excess funds in repurchase agreements and removes certain restrictions on the location of banks in which such funds may be invested.

HB 1112, relative to the placement of articles on the official ballot. OUGHT TO PASS

Rep. Robert A. Lockwood for Municipal and County Government: This bill clarifies that articles concerning the issuance of bonds and notes may be placed on the official ballot in municipalities that have adopted a charter authorizing such votes or have adopted the provisions of RSA 40:12-14. Vote 13-0.

HB 1113, relative to reports of town and school district meetings to be certified to the department of revenue administration. OUGHT TO PASS WITH AMENDMENT

Rep. Marilyn A. Fraser for Municipal and County Government: This bill provides a procedure for towns and school districts which have adopted official ballot voting, either by charter or adoption of RSA 40:13, to file their minutes and certify votes on ballots. This bill is a request of the Department of Revenue Administration. Vote 14-0.

Amendment (0872h)

Amend RSA 21-J:34, IV-a as inserted by section 1 of the bill by replacing it with the following:

IV-a. For municipalities which have elected to vote by official ballot either through adoption of a charter or through the adoption of RSA 40:12-14, the minutes of any meeting or any deliberative session of a municipality's legislative body at which any appropriations may be amended, voted, or rescinded shall be certified by the clerk. Such minutes shall be filed within 20 days after the date of the close of the meeting of the municipality's legislative body at which appropriations may be amended, voted, or rescinded.

HB 1126-L, relative to municipal debt limits. OUGHT TO PASS

Rep. Cynthia J. Dokmo for Municipal and County Government: This bill, sponsored at the request of the NH Municipal Association, would raise the municipal debt limit from 1.75% to 5%. Testimony revealed that many municipal bond counsels believe the municipal debt in New Hampshire is artificially low. A higher rate may favorably affect bond interest rates. Vote 13-1.

HB 1172-L, relative to the number of members on a municipal budget committee. OUGHT TO PASS

Rep. Kathleen N. Taylor for Municipal and County Government: This bill allows a municipal budget committee to consist of 3 to 12 members who shall serve staggered terms of three years. The law says 3, 6, 9 or 12 and this resulted sometimes in even numbers on a committee which would stymie progress on budget issues. Vote 12-0.

HB 1236-L, relative to limitations on the amendment of warrant articles in official ballot voting. OUGHT TO PASS WITH AMENDMENT

Rep. Betsey L. Patten for Municipal and County Government: During the recent official ballot process under RSA 40:13 collective bargaining agreements were amended at the first session and those amendments were required to be placed on the official ballot. Under RSA 273-A, the local

legislative body is authorized only to reject or accept a collective bargaining agreement. Any change negates the agreement and negotiations may either resume or the pre-existing contract is in force. The bill reinforces the current RSAs. If a change is necessary in the collective bargaining agreement process, then the House Labor, Industrial and Rehabilitative Services Committee needs to review RSA 273-A as it oversees the labor laws. Vote 15-0.

Amendment (0839h)

Amend the bill by replacing section 1 with the following:

1 Limitations on the Amendment of Warrant Articles. Amend RSA 40:13, IV(b) to read as follows:

(b) *Cost items in collective bargaining agreements shall not be amended.*

(c) Warrant articles that are amended shall be placed on the official ballot for a final vote on the main motion, as amended.

AMENDED ANALYSIS

This bill adds cost items in collective bargaining agreements to the types of warrant articles that cannot be amended in the first session of an annual meeting in a local political subdivision that votes by official ballot.

HB 1239-L, allowing school districts and village districts to independently adopt the provisions of the municipal budget law concerning establishment of a budget committee. **INEXPEDIENT TO LEGISLATE**
Rep. Cynthia J. Dokmo for Municipal and County Government: The Municipal Budget Act provides a coordinated framework in which one budget committee reviews and makes recommendations on all budgets proposed by all political subdivisions of a municipality. It is an efficient system which minimizes confusion and provides an efficient comprehensive evaluation of a municipality's appropriations. The committee unanimously believed that the proposed legislation would fragment this coordinated effort, leading to additional cost, work and confusion for our citizens. Vote 17-0.

HB 1282-L, requiring a public hearing and vote of the town before a conservation commission may expend funds received through the current use penalty. **INEXPEDIENT TO LEGISLATE**
Rep. Mary E. Griffin for Municipal and County Government: This bill requires that revenues received by a town through the current use penalty for deposit in the town's conservation fund be accounted for separately and that a public hearing and vote of the town be taken before such funds may be spent by the conservation commission to acquire real property. The sponsor of this bill stated this bill does not accomplish what he intended and therefore requests that the bill be ITL. Vote 14-0.

HB 1343, relative to multiple and contingent warrant articles under the official ballot voting process. **INEXPEDIENT TO LEGISLATE**

Rep. Betsey L. Patten for Municipal and County Government: This bill attempted to address some issues regarding multiple and contingent warrant articles that are on the official ballot. The attempt was to provide fairness and efficiency to the process which is a laudable goal. However, the committee felt that this seemingly simple bill would change the democratic process of majority rule into rule by the minority or plurality in that there would be three choices on any given warrant article-the governing body's proposal, the amended version from the first session and a "none of the above" option. This is a fundamental change in the official ballot process and the committee felt that it was a significant change and definitely in conflict with Article 39 of the Constitution which states that "No law changing the charter or form of government of a particular city or town shall be enacted by the legislature except to become effective upon the approval of the voters or such city or town upon a referendum to be provided for in said law". Vote 13-0.

HB 1434-L, simplifying the charter amendment procedure for the purpose of establishing official ballot voting. **OUGHT TO PASS**

Rep. Marilyn A. Fraser for Municipal and County Government: This bill references HB 141, Chapter 53, Laws of 1995 which established a charter commission for official ballot voting. HB 1434 allows a charter commission for the express purpose of official ballot voting and basically condenses and streamlines the charter process for official ballot voting. It provides that a charter commission question and the election of charter commission members shall be placed on the same ballot in situations in which the only issue to be addressed by the charter commission is the adoption of official ballot voting procedures. Vote 15-0.

HB 1447-L, relative to approval by the legislative body of cost items in a collective bargaining agreement. **OUGHT TO PASS**

Rep. Cynthia J. Dokmo for Municipal and County Government: This bill provides reasonable time lines in which cost items in a collective bargaining agreement must be submitted to and acted upon by the appropriate legislative body. The change was supported by the Granite State Taxpayers as well as NEA-NH. Vote 12-0.

HB 1482, providing a mechanism for optional fiscal year towns to use the official ballot voting procedures. **REFER FOR INTERIM STUDY**

Rep. Cynthia J. Dokmo for Municipal and County Government: This bill presents several important issues for which the committee needs additional time to thoroughly review. The issue relative to allowing May meeting dates for optional fiscal year official ballot towns will be addressed this year in Senate Bill 353, concerning the official ballot bill. Vote 15-0.

HB 1483, authorizing secret ballot voting at annual meeting. **INEXPEDIENT TO LEGISLATE**

Rep. Paul A. McGuirk for Municipal and County Government: Adoption of this bill would allow any municipality to conduct voting at annual and special meetings by secret ballot and require that the business portion of the meeting be conducted over two days. RSA 40:4-A, which has been on the books since 1971, provides for secret balloting, if so requested by a minimum of voters (three or five depending on the population of town), on any warrant article. The proposal to change the meeting to be conducted over a two day period was totally unacceptable to the committee. Vote 13-0.

HB 1491, making the second Tuesday in April, rather than the second Tuesday in March, the election day for all local offices and for official ballot voting. **INEXPEDIENT TO LEGISLATE**

Rep. Betsey L. Patten for Municipal and County Government: This bill would require the election date for local officials in all traditional and official ballot towns and school districts to change from the second Tuesday in March to the second Tuesday in April without a vote of the local legislative body. The committee feels that this mandated change without a local vote is not warranted. Vote 15-0.

HB 1533-L, requiring court diversion programs to provide an accounting of funds appropriated by municipalities, requiring municipalities to publish such accounting in the annual report of the municipality, and requiring municipalities to separately state anticipated expenditures for court diversion programs in the budget. **INEXPEDIENT TO LEGISLATE**

Rep. Norma A. Sabella for Municipal and County Government: To pass this bill would put the state legislature in the position of interfering with local control. Furthermore, such information is already available under the current right to know law. Vote 14-0.

HB 1567-L, relative to local excavation permits for bedrock quarrying or crushing operations. **REFER FOR INTERIM STUDY**

Rep. Joseph E. Stone for Municipal and County Government: This bill requires the existing local excavation permitting process be applied to certain bedrock quarrying or crushers operations and clarifies the extent of preemption of local regulations of excavation and reclamation sites. The feeling of the committee is this issue has many areas that should be studied in depth and there just was not enough time to do this. Therefore, the committee recommends continued work on the subject. Vote 15-0.

HB 1568, relative to the timing of special school district meetings. **OUGHT TO PASS**

Rep. Betsey L. Patten for Municipal and County Government: A request for a special meeting to raise and appropriate money or reduce or rescind an appropriation needs to be presented to the governing body no less than 60 days prior to the next annual meeting. By setting December 31 as the last day a vote may be taken to raise and appropriate or reduce or rescind an appropriation HB 1568 ensures that no special school district meetings are held so late in the property tax year that municipalities are unable to collect taxes with which to pay the school district requirement. Vote 15-0.

HB 1608, providing that the membership on any charter commission established in a multi-town school district shall reflect each town's proportionate membership of the district's school board. **OUGHT TO PASS**

Rep. Thomas E. Rice for Municipal and County Government: This bill is a simple exercise in fairness. It established proportional representation on a charter commission in a multi-school district along lines already established in the district. Vote 16-0.

HB 1571, relative to the acquisition of abandoned or inactive rail lines in the city of Lebanon. REFER FOR INTERIM STUDY

Rep. Merle W. Schotanus for Public Works and Highways: The committee learned in the public hearing on this bill that it was filed to influence or replace the ongoing negotiations between the New Hampshire Department of Transportation (NHDOT) and Guilford Transportation Co. to acquire a certain section of rail line in the city of Lebanon. The committee hopes this bill will not be needed, but concluded that is prudent to hold the bill and reactivate it in the unfortunate event that negotiations falter or breakdown. Vote 17-0.

HB 1585, requiring the state to notify the town or city in which state-owned real estate is located prior to a change in use of such real estate. INEXPEDIENT TO LEGISLATE

Rep. Paul I. LaMott for Public Works and Highways : The committee review of this bill and the issues to which it relates indicates the bill is not necessary. The state, as a matter of policy, routinely notifies the town or city in which state-owned property is located prior to sale, lease or change of use of the property. Vote 17-0.

HB 1591, relative to a width exception for highway building and maintenance equipment owned by private businesses and used for winter snow removal. INEXPEDIENT TO LEGISLATE

Rep. Robert A. Daigle for Public Works and Highways: While sympathetic with the plight of one individual constituent whose fixed blade plow exceeds the width limit, the committee could not support this bill. The plow in question is 150 inches, nearly half again as large as the 102 inch maximum currently in statutes. Considering how narrow some of our roads are, the committee felt removing this maximum width could well present a safety hazard. The largest plow used by the state's Bureau of Highway Maintenance is 12 feet, and that blade is angled. Vote 17-0.

HB 1496, relative to energy facility evaluation. OUGHT TO PASS WITH AMENDMENT

Rep. Jeffrey C. MacGillivray for Science, Technology and Energy: This bill updates the energy facility site evaluation laws (RSA 162-H) to be consistent with competition in electric generation. Under current RSA 162-H, proposed energy facilities are divided into "energy facilities", requiring environmental review by the site evaluation committee, and "bulk power supply facilities", requiring both this environmental review and an additional certificate from the Public Utilities Commission that the project is needed. The bill, as amended, moves all of the following from "bulk power supply facilities" to "energy facilities" and thus eliminates the need for them to obtain the certificate that the project is needed: (1) all electric plants built by entities not subject to rate regulation; (2) all electric plants built by anyone after competition exists in half of the state; and (3) transmission lines connecting generating plants to the transmission grid. The bill also exempts electric generating facilities of less than 30 megawatts from RSA 162-H, updates the purpose statement of RSA 162-H to conform with these changes, and corrects and eliminates cross references. Vote 16-0.

Amendment (0853h)

Amend the bill by replacing all after the enacting clause with the following:

1 Public Safety and Welfare; Energy Facility Evaluation, Siting, Construction, and Operation; Declaration of Purpose. Amend RSA 162-H:1 to read as follows:

162-H:1 Declaration of Purpose.

I. The legislature recognizes that the selection of sites for energy facilities will have a significant impact upon the welfare of the population, the economic growth of the state and the environment of the state. The legislature, accordingly, finds that the public interest requires that it is essential to maintain a balance between the environment and the possible need for new energy facilities in New Hampshire; that undue delay in construction of any needed facilities be avoided; ~~[that operation of the facility be consistent with the state's least cost energy policy;]~~ and that the state ensure that the construction and operation of energy facilities is treated as a significant aspect of land-use planning in which all environmental, economic and technical issues are resolved in an integrated fashion. The legislature, therefore, hereby establishes a procedure for the review, approval, monitoring and enforcement of compliance in the planning, siting, construction and operation of energy facilities. The legislature also recognizes that it has a broad responsibility to provide both economic and environmental protection for its coastal and estuarine waters and the adjoining land areas. The legislature therefore declares it to be its policy that any offshore facility,

other than pipelines, shall be located so as to at least comply with the policies and guidelines of the Federal Environmental Protection Agency; and that this policy may be relaxed only if it is shown by clear and convincing evidence that there are compelling technological or economic reasons for doing so, that no feasible alternative exists, and that there will be no substantial environmental risk.

II. The legislature also finds that the present and predicted growth in electric power demands in the state of New Hampshire requires the development of a procedure for the selection and utilization of sites for electric generating facilities and the identification of a state position with respect to each proposed site. The legislature recognizes that the selection of sites and the routing of associated transmission lines will have a significant impact upon the welfare of the population, the location and growth of industry, and the use of the natural resources of the state. The legislature, accordingly, finds that the public interest requires that it is essential to maintain a balance between the environment and the need for new power sources; ~~[that operation of the facility be consistent with the state's least cost energy policy;]~~ that electric power supplies must be constructed on a timely basis; that in order to avoid undue delay in construction of needed facilities and to provide full and timely consideration of environmental consequences, all ~~[electric]~~ entities ***planning to construct facilities*** in the state should be required to ~~[engage in adequate long-range planning and]~~ provide full and complete disclosure to the public of such plans; that a certifying body be established for the preconstruction review of ~~[bulk power supply facilities]~~ ***high voltage transmission lines***; that the siting of ~~[bulk power plants and]~~ ***electric generating plants*** and high voltage transmission lines should be treated as a significant aspect of land-use planning in which all environmental, economic and technical issues should be resolved in an integrated fashion, so as to assure the state an adequate and reliable supply of electric power in conformance with sound environmental utilization. The legislature, therefore, hereby establishes a procedure for the planning, siting, and construction of ~~[bulk power supply facilities]~~ ***large electric generating facilities and high voltage transmission lines***.

2 Public Safety and Welfare; Energy Facility Evaluation, Siting, Construction, and Operation; Definitions; Energy Facility; Certain Electric Generating Station Equipment and Facilities Added. Amend RSA 162-H:2, VII to read as follows:

VII. "Energy facility" means any industrial structure, other than bulk power supply facilities, as defined in paragraph II, that may be used substantially to extract, produce, manufacture, transport or refine sources of energy, including ancillary facilities as may be used or useful in transporting, storing or otherwise providing for the raw materials or products of any such industrial structure. This shall include but not be limited to industrial structures such as oil refineries, gas plants, equipment and associated facilities designed to use any, or a combination of, natural gas, propane gas and liquefied natural gas, which store on site a quantity to provide 7 days of continuous operation at a rate equivalent to the energy requirements of a 30 megawatt electric generating station and its associated facilities, plants for coal conversion and onshore and offshore loading and unloading facilities for energy sources. Energy facility shall also include energy transmission pipelines, storage tanks, or any other facility which the applicant or 2 or more petition categories as defined in RSA 162-H:2, XI request and the committee agrees, or which the committee determines requires a certificate, consistent with the findings and purposes set forth in RSA 162-H:1. ***Energy facility shall include electric generating station equipment and associated facilities only if they are designed for, or capable of, operation at a capacity of greater than 30 megawatts.***

3 New Paragraph; Public Safety and Welfare; Energy Facility Evaluation, Siting, Construction, and Operation; Prohibitions and Restrictions; Energy Facilities After Competition. Amend RSA 162-H:5 by inserting after paragraph III the following new paragraph:

IV. All electric generating facilities of capacity greater than 30 megawatts proposed and to be owned by entities not subject to rate regulation by the commission shall be considered energy facilities, and shall not be considered bulk power supply facilities. After the date when competition has been certified to exist, pursuant to RSA 38:36, in that portion of the state or in more than half of the state as a whole, all proposed electric generating facilities of capacity greater than 30 megawatts shall be considered energy facilities, and shall not be considered bulk power supply facilities. All transmission lines which would otherwise be considered bulk power supply facilities under RSA 162-H:2 and which are necessary to interconnect one electric generating facility or group of energy facilities to the transmission grid shall also be considered energy facilities, and shall not be considered bulk power supply facilities.

4 New Paragraph; Public Safety and Welfare; Energy Facility Evaluation, Siting, Construction, and Operation; Bulk Power Facility Plans; Exemption After Competition Added. Amend RSA 162-H:17 by inserting after paragraph II the following new paragraph:

III. Any utility in whose portion of the state competition has been certified to exist pursuant to RSA 38:36 shall be exempt from the requirements of this section with respect to electric generating plants.

5 Office of State Planning; Coordination; Reference Changed. Amend RSA 4-C:6, II(d) to read as follows:

(d) ~~[Bulk power supply facility]~~ Site evaluation committee as established in RSA ~~[162-F:3]~~162-H:3;

6 Fish and Game; Endangered Species Conservation Act; Exemptions and Restrictions; Reference Deleted. Amend RSA 212-A:13, III to read as follows:

III. The provisions of RSA 212-A or any rule promulgated under this chapter shall not interfere in any way with the siting or construction of any bulk power supply facility ~~[as defined in RSA 162-F:2]~~ or any energy facility as defined in RSA 162-H:2.

7 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill provides that electric generating facilities of capacity greater than 30 megawatts to be owned by entities not subject to rate regulation shall not be considered bulk power facilities. This bill provides that all proposed electric generating facilities of capacity greater than 30 megawatts and certain transmission lines may no longer be certified as a bulk power supply facility after electric competition is certified to exist. This bill also exempts public utilities from certain reporting requirements relative to bulk power supply facilities after electric competition is certified to exist, and makes technical corrections in certain laws relative to bulk power supply utilities.

HCR 23, urging Congress to provide relief for the Palestinian Christians by direct aid or by negotiation with the government of Israel. **INEXPEDIENT TO LEGISLATE**

Rep. Leighton C. Pratt for State-Federal Relations and Veterans Affairs: While well intentioned, this resolution posed serious difficulties to the committee, particularly in asking that the Congress usurp the role of the executive branch and enter into direct negotiation with a sovereign government. The committee offered to work with the sponsor to correct the language of the resolution, but that offer was not accepted. The committee, consequently, votes unanimously ITL. Vote 12-0.

HCR 24, urging Congress to enact legislation amending the Social Security Act to authorize issuance of waivers to states allowing design and implementation of alternative retirement plans. **INEXPEDIENT TO LEGISLATE**

Rep. Kenneth J. MacDonald for State-Federal Relations and Veterans Affairs: It would appear that Congress plans to make changes in Social Security or "fix Social Security". We should wait to review their work. Now is not the time to remove people from the system. Vote 15-0.

REGULAR CALENDAR

HB 1212, prohibiting the use of credit reports to deny property or casualty insurance. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: REFER FOR INTERIM STUDY.**

Rep. Anthony Syracuse for the Majority of Commerce: The use of credit reports to deny Homeowner Insurance, including Tenants Homeowners Insurance was discussed in detail at the public hearing and at two subcommittee meetings. The full committee, by overwhelming majority, believes passage at this time is inappropriate. The committee and the Insurance Department want to analyze more closely if a problem on this topic exists. In addition, SB 500 addresses a similar topic and may yield additional data. The committee is committed in any case, to review this issue in conjunction with the Insurance Department and the industry to prepare legislation, if needed, next session. Vote 11-1.

Rep. Tim S. McGough for the Minority of Commerce: This bill would prevent the extremely unfair practice of denying insurance based on a bad credit report. A consumer is not more likely to be a victim of theft and have to file a claim if they have had a bad credit history. Currently, insurance companies are all too readily refusing to cover a homeowner or tenant because they have had credit problems in the distant past. It is only right to allow consumers a fair shake when dealing with large insurance underwriting companies. SB 500 also deals with the subject of credit data usage in the insurance industry. If this bill is not passed by the Senate, the chairman of the House Com-

merce committee has committed to appointing an ad hoc committee to study the use of data in the insurance industry. It is for that reason the Minority supports referring this bill for Interim Study to provide a vehicle to examine all aspects of this practice.
Majority report adopted.

HB 1281, eliminating the requirement for precertification from a primary care physician to access OB/GYN services in managed care plans. **OUGHT TO PASS WITH AMENDMENT**
Rep. Keith R. Herman for Commerce: This bill creates a mechanism for OB/GYN physicians to be recognized as primary care physicians. In addition, plan subscribers may access OB/GYN services without a referral for covered services and follow-up treatment. This bill, as amended, recognizes the importance of a woman to seek specialized care while protecting the basic structure of managed care. Vote 16-0.

Amendment (0825h)

Amend the title of the bill by replacing it with the following:

AN ACT requiring managed care plans to permit a woman to select an obstetrician-gynecologist as a primary care physician or to obtain access for certain obstetrical or gynecological services.

Amend the bill by replacing all after the enacting clause with the following:

I New Section; Obstetrical-Gynecological Coverage. Amend RSA 420-J by inserting after section 6 the following new section:

420-J:6-a Obstetrical-Gynecological Coverage.

I.(a) A health carrier shall permit a covered person to designate a participating in-network obstetrician-gynecologist as the covered person's primary care physician if:

(1) The obstetrician-gynecologist meets the standards established by the plan for primary care physicians;

(2) The obstetrician-gynecologist requests that the carrier make the obstetrician-gynecologist available for designation as a primary care provider;

(3) The obstetrician-gynecologist agrees to accept the payment terms applicable under the plan to primary care physicians for services other than obstetrical-gynecological services; and

(4) The obstetrician-gynecologist agrees to abide by all other terms and conditions applicable to primary care physicians under the plan generally.

(b) This paragraph shall not be construed to require an individual obstetrician-gynecologist to accept primary care physician status if the obstetrician-gynecologist does not wish to be designated as a primary care physician. This paragraph shall also not be construed to interfere with the credentialing and other selection criteria usually applied by a health benefit plan with respect to other physicians in its network.

II. If a covered person does not select an obstetrician-gynecologist as a primary care physician, the covered person shall be permitted to receive obstetrical-gynecological care from a network obstetrician-gynecologist without being required to first visit a primary care physician for covered services including but not limited to:

(a) Maternity care;

(b) Annual visits; and

(c) Followup gynecological care for conditions diagnosed during maternity care or annual visits.

III. Following each visit for gynecological care under paragraph II, the obstetrician-gynecologist shall communicate with the covered person's primary care physician concerning any diagnosis or treatment rendered. The obstetrician-gynecologist shall confer with the primary care physician before performing any diagnostic procedure that is not a covered obstetrical-gynecological service rendered during an annual visit.

2 New Paragraph; Explanation of Benefits. Amend RSA 420-H:4 by inserting after paragraph V the following new paragraph:

VI. An explanation of a covered person's option to select an obstetrician-gynecologist as the covered person's primary care physician or receive direct access to limited obstetrical-gynecological care, pursuant to RSA 420-J:6-a.

3 Effective Date. This act shall take effect January 1, 1999.

AMENDED ANALYSIS

This bill allows an individual participating in a managed care plan to select an obstetrician-gynecologist as such individual's primary care physician.

Adopted.

Report adopted and ordered to third reading.

SPECIAL ORDER

Rep. Hunt moved that **HB 1365**, establishing a committee to study whether any state laws were violated or any misrepresentations made up to and including the present date in the merger of Catholic Medical Center and Elliot Hospital, be made a Special Order in the Regular Calendar for Thursday, March 12, 1998 and spoke in favor.

Rep. Vaillancourt spoke against.

Rep. Buckley requested a roll call; sufficiently seconded.

The question being the adoption of the motion to Special Order.

REGULAR CALENDAR (CONT'D.)

HB 1411, establishing a committee to study the feasibility of creating a nonprofit, public corporation to facilitate the availability of affordable health insurance for the uninsured and underinsured by organizing large purchasing groups of subsidized and non-subsidized subscribers. **OUGHT TO PASS WITH AMENDMENT**

Rep. Keith R. Herman for Commerce: This bill creates a study committee to look at an option to provide insurance to the uninsured and underinsured population. The amendment adds to the bill a "codification" of the New Hampshire Insurance Department's emergency order which creates a risk pool subsidized by the group health market. The committee feels this codification is an important first step in addressing the problems in the individual health market. Vote 10-3.

Amendment (0831h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a committee to study the feasibility of creating a nonprofit, public corporation to facilitate the availability of affordable health insurance for the uninsured and underinsured by organizing large purchasing groups of subsidized and non-subsidized subscribers and establishing the individual health insurance market mandatory risk sharing plan.

Amend the bill by replacing all after section 5 with the following:

6 New Chapter; Individual Health Insurance Market Mandatory Risk Sharing Plan. Amend RSA by inserting after chapter 404-F the following new chapter.

CHAPTER 404-G

INDIVIDUAL HEALTH INSURANCE MARKET MANDATORY RISK SHARING PLAN

404-G:1 Purpose of Provisions.

I. The purpose of this chapter is to protect the citizens of this state who participate in the individual health insurance market by providing a mechanism to equitably distribute the excessive risk associated with this market.

II. To provide this protection, an association of insurers is created to operate a mechanism for risk adjustment and subsidization whereby the risk of catastrophic claims experienced by writers of health insurance for individual policyholders is offset to a predetermined extent by a financial subsidy furnished by licensed writers of all health insurance on a proportional basis.

404-G:2 Definitions. In this chapter:

I. "Actively marketing" means currently accepting applications for insurance.

II. "Assessment" means the liability of the member insurer to the association.

III. "Association" means the entity created by this chapter.

IV. "Catastrophic claim" means an insurance liability that exceeds a certain amount.

V. "Commissioner" means the commissioner of insurance.

VI. "Covered lives" shall include all New Hampshire lives for which a carrier provides health insurance coverage. New Hampshire covered lives include those for which an individual policy or a group certificate, evidentiary of health insurance coverage, has been issued in New Hampshire. For group excess loss insurance, or other types of group health insurance for which no certificates are issued, covered lives shall mean those New Hampshire employees and their dependents who are protected, in part, by a policy, issued in New Hampshire, and purchased by a group health insurance plan subject to the Employee Retirement Income Security Act of 1974, Public Law No. 93-406 (ERISA).

VII. "Group health insurance" means health insurance coverage other than individual health insurance coverage.

VIII. "Health insurance" means health insurance coverages issued in accordance with RSA 415, 420-A and 420-B. For the purposes of this chapter, health insurance shall not include accident only, credit, dental, vision, Medicare supplement, Medicare Risk, Managed Medicaid, long term care, disability income, coverage issued as a supplement to a liability insurance, workers' compensation or similar insurance, automobile medical payment insurance, policies or certificates of specified disease, hospital confinement indemnity, limited benefit health insurance or short term, nonrenewable individual health insurance, coverage provided through the New Hampshire healthy kids association, coverage provided through the Federal Employees' Program. Non-profit health service corporations shall exclude coverage provided through national account policies originating outside of New Hampshire to the extent the non-profit health service corporation assumes no risk for the provision of such insurance. Health insurance does include group excess loss insurance.

IX. "Individual health insurance" means health insurance sold directly to an individual and not on a group remittance basis. Individual health insurance shall include franchise health insurance.

X. "Insurer" means any entity licensed pursuant to RSA 402, RSA 420-A, or RSA 420-B.

XI. "Order" means the insurance department findings and final order dated November 26, 1997, in the matter of the individual health insurance market in New Hampshire pursuant to RSA 404-C.

XII. "Writing" means engaged in the business of insurance.

XIII. "Writer" means a writing carrier.

404-G:3 Board of Directors.

I. The board of directors of the association shall consist of 5 member insurers who are representative of categories of members of the association and the commissioner who shall be an ex-officio member.

II. Two directors shall be representative of and elected by qualified writers of group health insurance; 3 directors shall be representative of and elected by qualified writers of individual health insurance.

III. To be qualified to vote for the election of directors, a member must provide coverage for at least 500 covered lives or 5 percent of the total covered lives in either New Hampshire's individual health insurance market or New Hampshire's group health insurance market.

IV. Members of the board of directors shall be elected to terms of one year.

V. The initial board of directors shall be the same as that set forth in the order.

VI. The board of directors shall take action by affirmative vote of 4 directors.

VII. The board shall elect officers in accordance with the bylaws of the association. The bylaws of the association shall also govern the place and frequency of meetings of directors and their reimbursement for expenses incurred.

404-G:4 Association's Powers and Duties.

I. The association shall be a not-for-profit, voluntary corporation under RSA 292 and shall possess all general powers as such and additional powers that are approved by the commissioner.

II. The association shall:

- (a) Prepare a plan of operation for approval by the commissioner;
- (b) Conduct activities in accordance with the plan of operation as approved;
- (c) Determine and collect assessments and to disburse subsidy payments, as provided in the plan of operation;
- (d) Enter into contracts as necessary or proper to administer the plan of operation;
- (e) Sue or be sued, including taking any legal action necessary or proper for the recovery of any assessments for, on behalf of, or against members of the association or other participating persons;
- (f) Appoint from among members appropriate legal, actuarial and other committees as necessary to provide technical assistance in the operation of the association, including the hiring of independent legal consultants as necessary; and
- (g) Perform any other functions within the authority of the association, as may be necessary or proper in carrying out the plan of operation.

404-G:5 Plan of Operation. The board of directors of the association shall prepare, adopt and submit to the commissioner a plan of operation which shall provide substantially the following:

I. Description of risks to be shared. Sharing shall be implemented through a risk adjustment and subsidization mechanism whereby writers in the group market will subsidize losses of writers in the individual market, but only to the predetermined extent to which individual writers incur a disproportionate number of catastrophic claims based on an appropriate standard. The mechanism shall include parameters which will limit its costs and ensure proper claims management by the nongroup writers. Only those individual health insurance writers that are currently actively marketing individual health insurance, in accordance with the provisions of RSA 420-G, shall be eligible for a subsidy. The plan of operation shall include the basis by which catastrophic claims shall be determined and the standard to be used in evaluating whether the number of catastrophic claims incurred by the individual writers was excessive.

II. Subsidy determination. Subsidies shall be determined on a calendar year basis. Subsidy calculations in a given calendar year shall be based on the experience of the prior year. Only those individual writers who are actively marketing individual health insurance, in accordance with the provisions of RSA 420-G, during the calendar year in which the subsidy calculation is made shall be eligible for a subsidy. The subsidy calculation shall be based on the risk characteristics of the eligible individual health insurance writers. The plan of operation shall include how the individual health writers' risk characteristics will be used in the subsidy determination. The use of risk characteristics in the subsidy calculation shall not violate the provisions of RSA 420-G.

III. Assessment determination.

(a) Assessment liabilities shall commence July 1, 1999.

(b) Assessments shall be calculated based on the number of covered lives. The number of covered lives shall be determined each month during the calendar year. The assessment shall be calculated as the number of covered lives times a specified amount. The specified amount shall be fixed throughout the calendar year and shall be determined by the board no later than the first day of November preceding the calendar year for which the amount is to be used. The amount shall be approved by the commissioner. The board shall provide a basis for recommending the specified amount, including a projection of the calculated subsidy and consideration of any prior year shortfalls or coverages. For the calendar year 1999, the specified amount shall be 18 cents per covered life per month.

(c) Each covered life should be included in the assessment only once. The board shall adopt procedures by which affiliated carriers calculate their assessment on an aggregate basis with procedures to ensure that no covered life is counted more than once.

IV. Administrative matters. The plan of operation shall further provide for all of the following:

- (a) Responsibility for the handling and accounting of funds and other assets of the association.
- (b) The financial and other records required to be kept, including the annual report to be submitted to the commissioner.
- (c) Such other administrative provisions as are necessary or proper for the execution of the powers and duties of the association.

404-G:6 Commissioner's Powers and Duties. In addition to duties and powers enumerated elsewhere in this chapter:

I. The commissioner shall upon request of the board of directors, serve a demand upon the member insurer to make good an assessment within a reasonable time; the failure of the member insurer to promptly comply with such demand shall not excuse the association from the performance of its powers and duties under this chapter.

II. The commissioner may suspend or revoke, after notice and hearing, the certificate of authority to transact insurance in this state of any member insurer which fails to pay an assessment when due or fails to comply with the plan of operation. As an alternative, the commissioner may levy a forfeiture on any member insurer which fails to pay an assessment when due. Such forfeiture shall not exceed 5 percent of the unpaid assessment per month, but no forfeiture shall be less than \$100 per month.

III. Any action of the board of directors or the association may be appealed to the commissioner by any member insurer if the appeal is taken within 30 days of the final action being appealed. If a member company is appealing an assessment, the amount assessed shall be paid to the association and available to meet association obligations during the pendency of an appeal. If the appeal on the assessment is upheld, the amount paid in error or excess shall be returned to the member company. Any final action or order of the commissioner shall be subject to judicial review pursuant to RSA 541.

IV. The commissioner may adopt rules as necessary to carry out the purposes of this chapter.

V. The powers of the commissioner enumerated in this chapter shall be in addition to those established under RSA 404-C.

VI. The commissioner may at any time prescribe provisions of the plan of operation, including, but not limited to, those requiring insurers to enter the individual health insurance market, as well as those varying any provisions of RSA 420-G as necessary to maintain an individual health insurance market in this state.

404-G:7 Examination and Annual Report. The association shall be subject to examination and regulation by the commissioner. The board of directors shall submit to the commissioner each year, not later than 120 days after the association's fiscal year, a financial report in a form approved by the commissioner and a report of its activities during the proceeding fiscal year. The association's fiscal year shall be the calendar year.

404-G:8 Tax Exemption. The association shall be exempt from payment of all fees and all taxes levied by this state or any of its subdivisions, except taxes levied on real property.

404-G:9 Immunity for Members and Employees. There shall be no liability on the part of and no cause of action of any nature shall arise against any member insurer or its agents or employees, the association or its agents or employees, members of the board of directors, or the commissioner or the commissioner's representatives, for any action or omission by them in the performance of their powers and duties under this chapter.

404-G:10 Severability. If any provisions of this chapter or the application thereof to any person or circumstance is held invalid, the invalidity does not affect other provisions or applications of the chapter which can be given effect without the invalid provisions or applications, and to this end the provisions of this chapter are severable.

7 Effective Date.

I. Section 6 of this act shall take effect January 1, 1999.

II. The remainder of this act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill establishes a committee to study the feasibility of creating a nonprofit, public corporation to facilitate the availability of affordable health insurance for the uninsured and underinsured by organizing large purchasing groups of subsidized and non-subsidized subscribers.

This bill also establishes the individual health insurance market mandatory risk sharing plan which provides a mechanism to distribute the risks associated with such market.

Adopted.

Rep Vachon offered a floor amendment.

Floor Amendment (0963h)

Amend paragraph II of section 2 of the bill by replacing it with the following:

The committee shall solicit information and assistance from the insurance commissioner and the commissioner of health and human services.

Rep. Vachon spoke in favor.

Rep. Herman spoke against and yielded to questions.

On a division vote, 172 members having voted in the affirmative and 158 in the negative, the floor amendment was adopted.

Report adopted and ordered to third reading.

HB 1011-FN, prohibiting possession of gambling machines unless specifically authorized under state law. **OUGHT TO PASS WITH AMENDMENT**

Rep. Andrew Christie, Jr. for Criminal Justice and Public Safety: This bill deals with the so-called "gray machines" that are being used all over the state for illegal video gambling. The revised bill incorporates the provisions of HB 1626-FN making it a class B felony to permit gambling or gambling machines at a business or to run a gambling business. It also expands the current forfeiture provisions to include cash and proceeds of the illegal gambling operation. Additionally, the bill increases from a misdemeanor to a class B felony the unlawful possession of a gambling machine. Exceptions are included for antique machines, cruise ship machines, and machines used at charity Monte Carlo night, the state lottery or other legal uses. This does not prohibit games of skill. Vote 17-1.

Amendment (0888h)

Amend the title of the bill by replacing it with the following:

AN ACT making it a felony to operate certain gambling businesses and prohibiting possession of gambling machines unless specifically authorized under state law.

Amend the bill by replacing all after the enacting clause with the following:

1 Gambling. RSA 647:2 is repealed and reenacted to read as follows:

647:2 Gambling.

I. A person is guilty of a misdemeanor if such person knowingly and unlawfully:

(a) Permits gambling in any place under the person's control.

(b) Gambles, or loans money or any thing of value for the purpose of aiding another to gamble.

II. (a) A person is guilty of a class B felony if such person conducts, finances, manages, supervises, directs, or owns all or part of a business and such person knowingly and unlawfully permits gambling on the premises of the business.

(b) A person is guilty of a class B felony if such person knowingly and unlawfully conducts finances, manages, supervises, or directs all or part of any proprietary interest operated for the purpose of gambling which:

(1) Has had gross revenue of \$2,000 in any single day; or

(2) Has been or remains in substantially continuous operation for a period in excess of 10 days.

III. For purposes of this section:

(a) "Gambling" means to risk something of value upon a future contingent event not under one's control or influence, upon an agreement or understanding that something of value will be received in the event of a certain outcome.

(b) "Unlawfully" means not specifically authorized by law.

IV. Any property including money, proceeds, all implements, equipment, and apparatus used in violation of this section shall be forfeited.

2 New Section; Gambling Machines. Amend RSA 647 by inserting after section 2 the following new section:

647:3 Gambling Machines.

I. A person is guilty of a class B felony if such person knowingly possesses any gambling machine. Any person having any interest in a gambling machine, who knowingly receives any money or proceeds from such machine, shall also be guilty of a class B felony. Liability under this section shall not require any showing that the machine was actually used, or that the person was aware or believed that the machine was being used, for gambling as defined in RSA 647:2, III(a).

II. For purposes of this section "gambling machine" means any machine or device, whether or not it is in working order or requires some act of manipulation, repair, adjustment, or modification to render it operational, which, upon the insertion of cash or tokens, or upon the payment of any consideration to another, is available to play or simulate the play of any game of chance. As used in this paragraph, a game of chance is any game the result of which is determined totally or predominantly by chance, including but not limited to poker, keno, line-up, or blackjack.

III. Any gambling machine as defined in this section shall be seized upon detection by any police officer, sheriff, constable or deputy, and shall be forfeited.

IV. This section shall not apply to:

(a) Any machine the use or possession of which is authorized pursuant to RSA 287-C, RSA 287-D, RSA 287-E, or RSA 287-F.

(b) Any machine or device at least 25 years old which is maintained for nostalgic reasons, monetary investment, or historical interest, and which is not operated for gambling purposes.

(c) Cruise ships which are equipped with gambling machines whose primary purpose is touring. Any such cruise ship shall be allowed to temporarily enter New Hampshire coastal waters and ports for up to 48 hours, provided that all gambling machines on board are not in use or capable of being used while in New Hampshire coastal waters and ports. For the purposes of this paragraph "cruise ship" means any vessel which is capable of providing overnight accommodations for 500 or more people.

3 Effective Date. This act shall take effect January 1, 1999.

AMENDED ANALYSIS

This bill makes it a felony for a person to operate certain gambling businesses. This bill also requires persons convicted of gambling or operating an illegal gambling business to forfeit any property used in furtherance of the crime to the state. Current law limits such forfeiture to implements, equipment, and apparatus.

The bill makes it a class B felony to knowingly possess a gambling machine, except for antique gambling machines which are not operated for gambling purposes, gambling machines on cruise ships, and gambling machines which are licensed or otherwise specifically authorized under state law.

Adopted.

Reps. D'Allesandro and Gosselin spoke against.

Rep. Knowles spoke in favor.

Reps. Christie and Henderson spoke in favor and yielded to questions.

Rep. Gosselin requested a roll call; sufficiently seconded.

The question being the adoption of the report.

Ordered to third reading.

Reps. David Lawton and Robert Lawton declared conflicts of interest and did not participate.

REMARKS

Rep. Dickinson moved that the remarks and the response to questions made by Rep. Christie on HB 1011, be printed in the Journal

On a division vote, 190 members having voted in the affirmative and 148 in the negative, the motion was adopted.

Rep Christie: Thank you, Madam Speaker. Members of the House, good morning. I rise in support of HB 1011. I will just give you a quick history of the bill. This is a combination of two bills, HB 1626 and HB 1011. The bill does three major things. It makes gambling businesses illegal and a

felony. It makes gambling machines illegal and a felony to have them or use them. It allows the forfeiture, as Rep. D'Allesandro spoke to, of property including money and proceeds. That is an important issue. I will address that in just a minute. Illegal gambling is a huge business in the state of New Hampshire. This bill is directed at stopping it by making the running of gambling businesses and the use of gambling machines a felony. We believe we have taken a giant step towards that goal by doing this. Last year, the state police seized over \$300,000 in cash in one raid alone. They discovered a machine that only accepted \$100 tokens; that was commonly used. This indicates the scope of the problem. Unfortunately, they probably will have to give the money back because the present statute does not allow for the forfeiture of proceeds. It only allows for the forfeiture of equipment. That is why we changed that part of the statute. The bill corrects that by adding property, including money and proceeds, to the forfeiture list. The bill further defines a gambling machine as being something to play or simulate the play of any game of chance. If we are dealing with games of skill, they are legal. If it becomes a game of chance, they are illegal. There have been some questions raised about family entertainment centers. In fact, this legislation does eliminate redemption slot machines which may be up to 15 percent of the total games in family entertainment centers. We understood what we were doing when we did that. We do not want children playing games of chance in arcades and getting rewarded where there is no skill involved. If we talk of teaching values in school, then I believe we should do our part and reward skill and ability, not luck or chance. There has also been some talk of creating a felony. Many businesses today, where there is this large handle of money, it is cheaper to pay the fine and get convicted of a misdemeanor and open up and run your business tomorrow just as usual. Our goal is to eliminate gambling businesses in the state of New Hampshire. To do that, we need to make it not economically viable. You must remember, though, that not everybody is going to go to jail if they are arrested for this. The prosecutor retains the authority in charging decisions in all felonies. If the individual is arrested and charged with a felony offense, if it is a first offense and the person has a clean record, it is very likely the prosecutor will charge the person with a misdemeanor under the first part of this Chapter. The prosecutor has the discretion to make this decision. The most significant sentence in a gambling case in the last ten years was six months in jail. This was a person who had been convicted numerous times in the past. In almost every one of these cases, if the person is convicted, he or she receives a suspended jail sentence or a minor fine. By making the possession of gambling machines and engaging in gambling businesses a felony, if the person is convicted of a felony he or she can receive absolutely no jail time. In fact this will probably be the likely outcome on the first offense. It is just as it is today for the first offense of theft, forgery, burglary, fraud or any other theft-related crime where the person has stolen even thousands of dollars. The potential penalty of up to seven years should only scare those who are making thousands of dollars a day, currently laughing at the state of New Hampshire and making a mockery out of the system. Out of all the people who are engaging in illegal gambling operations today, only a handful would go to prison on the first offense, if at all. The judge retains full authority to hand out a suspended sentence or simply place the person on probation. I don't see this as a major problem. I do see it as the elimination of gambling machines and video poker machines that are used for illegal purposes. They can be, for the places that have them and want to comply with the law made legal by the insertion or the change of a chip and I believe that to cost approximately \$75. That would turn those machines into games of skill, not games of chance. I would urge you to support the committee in its vote of 17-1, Ought to Pass, on this legislation. Thank you.

Rep. DePecol: Thank you, Madam Speaker and Rep. Christie. The part of this bill that troubles me is the forfeiture section. One of the words in the forfeiture section is "proceeds" from these machines. Would you define proceeds for me, please?

Rep. Christie: I think the proceeds from the machine is the money that the machine takes in from the gambling business. I alluded to the situation where we had \$300,000 on the table in one place. Actually, it was in a box, and they could not seize that money because the statute presently says, "implements, equipment and apparatus." So we added proceeds to that so we could seize the money. Otherwise, we are leaving them the money to pay the fine and continue on.

Rep. DePecol: Would proceeds also include anything that that money could buy, such as a house, a car or food?

Rep. Christie: I think the proposed legislation says "property" which I would assume would include or could include a house if it is used for that purpose, yes.

Rep. Cegelis: Thank you, Madam Speaker. Representative, my question is this. I have a personal computer at home and I have a disk called casino. I am curious to know if you could explain to me how this could be differentiated because it is a different type of machine; it is not table top. Could you elaborate on any of the illegality of that scenario with that type of game?

Rep. Christie: I believe that your computer at home is not defined as a machine based upon the insertion of cash or a token, or upon the payment of consideration to others, so that you may do that in your own home and that is not gambling. Further, I have been informed that in "property," we are not intending to include a house in property.

Rep. Hill: Thank you, Madam Speaker. I am a little confused. I hear games of chance. I hear games of skill. Would you please define what a game of skill is to me?

Rep. Christie: How about if I define what a game of chance is, and then everything else is skill? A game of skill would be something that you have the ability to control the outcome. Just as a simple matter, in an arcade, ski-ball is a game of skill because it is based on how you roll the ball and whether you are able to get it in the center hole. A game of chance is a slot machine where you have no control over the outcome of the game. You just play the game and hope that you get an outcome.

SPECIAL ORDER

Rep. Lozeau moved that **HB 1025-FN**, relative to capital murder, first degree murder, and second degree murder, be made a Special Order as the first order of business on Thursday, March 12, 1998. Adopted.

REGULAR CALENDAR (CONT'D.)

HB 1248-FN, establishing the crime of assault against a sports official. INEXPEDIENT TO LEGISLATE

Rep. Kathleen M. Flora for Criminal Justice and Public Safety: This bill creates a class "A" misdemeanor penalty for a simple assault under RSA 631:2-a. If the victim is a sports official and the assault takes place immediately prior to, during or immediately following an organized amateur or professional athletic contest. Although the committee fully understands and supports the need for the protection of sports officials from assault, the committee believes that this protection is provided in the current assault statutes Vote 12-5.

Adopted.

HB 1499, establishing a committee to study the circumstances and investigation of the deaths of Janet and Steven Dow; providing an exception from statutes of limitations for certain unlawful acts related to murders; relative to false reports to law enforcement officers; and nullifying the adoption of Steven Medeiros. REFER FOR INTERIM STUDY

Rep. Paul K. Chase, Jr. for Criminal Justice and Public Safety: The bill proposes the establishment of a committee to investigate the circumstances surrounding the deaths of Janet and Steven Dow which occurred in 1982. The proponents of the bill believe that the case was not properly or fully investigated thereby allowing an alleged murder to go unsolved. The committee heard testimony that the police investigators either did not gather or preserve some critical evidence needed to prove that the deaths were the result of murder and to prove who committed the murder. The committee does believe that mistakes were made in the investigation and that if a full and proper collection of evidence had occurred, the murders might have been solved and prosecuted. However, it is now 16 years later and although there is no statute of limitations on the prosecution of murder, the state's prosecutors have testified that they do not currently have enough evidence to charge a particular defendant or to prove beyond a reasonable doubt that the deaths were the result of murder. As the case is still open, the committee strongly urges continuing the investigation and aggressively pursuing and maintaining an ongoing review of the facts and evidence in the case. The committee also urges the attorney general to convene the grand jury when the evidence is sufficient to do so. The committee further believes that for many reasons, the legislature is not the forum for criminal investigations. The legislature does not have the resources, the training, the expertise, or the authority to investigate criminal cases. Furthermore, this would open up the possibility that every time in a criminal case there was dissatisfaction with a police investigation and/or prosecutorial decision making there would be an expectation that the legislature could solve the problem. This would raise false hope in victims of crimes that the legislature could fix every bad event. So, while the committee fully understands the frustration of the parties involved in this particular case and concedes that errors might have been

made, we do not believe that a legislative study committee is the proper vehicle to address the problem. The bill is recommended for interim study in order to inform the executive branch agency that there is strong support for continuing the investigation Vote 18-0.

Rep. Cobbin spoke in favor.

Adopted.

HB 1543-FN-L, relative to disbursement of income of persons held or imprisoned in a county department of corrections facility. MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. William V. Knowles for the Majority of Criminal Justice and Public Safety: Current law provides that a portion of the wages or salaries from the work of all persons held for trial or sentenced to imprisonment at a county department of corrections facility may be applied to the cost of board and all other expenses of the county maintaining the facility. This proposed legislation enables the county commissioners of each county to require sentenced inmates only to pay a fraction of their income payable to them from sources other than wages or salaries, to offset the costs of incarceration when sanctioned by the sentencing court. In setting the amount of such payments, the court shall take into consideration and make allowances for the maintenance and support of an inmate's spouses dependent children, or any other persons having a legal right to support and maintenance by the inmate. This proposed legislation shall not apply to persons on pre trial detention. Vote 10-5.

Rep. Walter J. Mikowski for the Minority of Criminal Justice and Public Safety: The minority of the committee was concerned that the pensions, interest from mutual funds, interest from savings accounts, and rental income could all be taken from joint accounts of the person being prosecuted and the spouse and family, leaving the spouse and family on welfare. These concerns came from the wording of the bill and the lack of a firm definition of what was a "portion". At present, a prisoner can be dunned part of his earnings from work in jail to cover the expense of their keep. The minority felt this bill went too far and left too much discretion to the judge.

Amendment (0770h)

Amend RSA 30-B:19 as inserted by section 1 of the bill by replacing it with the following:

30-B:19 Application of Earnings.

I. The wages or salaries from the work of all persons held for trial or for any other cause or sentenced to imprisonment in a county department of corrections facility shall be disbursed by the superintendent for:

[I:] (a) Restitution or reparation or both, to the victim of his conduct for the damage or injury which was sustained, in a sum and manner determined by the court.

[H:] (b) The cost of board and all other expenses of the county maintaining the facility with the county of commitment receiving a credit for the cost of board and all other expenses.

[HH:] (c) Payment of a fine.

[HV:] (d) Incidental expenses of the person so employed.

[V:] (e) Support of the person's dependents, if any.

[VT:] (f) The account of the person so employed which shall be payable to such person upon discharge.

II. *The county commissioners of each county may require sentenced inmates to pay a portion of their income payable to them from sources other than wages or salaries, to offset the costs of incarceration, when sanctioned by the sentencing court. In setting the amount of such payments, the court shall take into consideration and make allowances for the maintenance and support of an inmate's spouse, dependent children, or any other persons having a legal right to support and maintenance by the inmate.*

Adopted.

Rep. Mikowski offered a floor amendment.

Floor Amendment (0948h)

Amend RSA 30-B:19 as inserted by section 1 of the bill by replacing it with the following:

30-B:19 Application of Earnings.

I. The wages or salaries from the work of all persons held for trial or for any other cause or sentenced to imprisonment in a county department of corrections facility shall be disbursed by the superintendent for:

[I:] (a) Restitution or reparation or both, to the victim of his conduct for the damage or injury which was sustained, in a sum and manner determined by the court.

[H:] (b) The cost of board and all other expenses of the county maintaining the facility with the county of commitment receiving a credit for the cost of board and all other expenses.

[HH:] (c) Payment of a fine.

[HV:] (d) Incidental expenses of the person so employed.

[V:] (e) Support of the person's dependents, if any.

[V+:] (f) The account of the person so employed which shall be payable to such person upon discharge.

II. The county commissioners of each county may require sentenced inmates to pay a portion of their income payable to them from sources other than wages or salaries, to offset the costs of incarceration, when sanctioned by the sentencing court. In setting the amount of such payments, which shall in no case exceed the lesser of 15 percent of income from sources other than wages or salaries or \$20 per day, the court shall take into consideration and make allowances for the maintenance and support of an inmate's spouse, dependent children, or any other persons having a legal right to support and maintenance by the inmate.

Rep. Mikowski spoke in favor.

Rep. Knowles spoke against and yielded to questions.

Rep. David Welch spoke against.

The floor amendment failed.

Rep. David Welch yielded to questions.

Majority report adopted and ordered to third reading.

HB 1562, excepting cannabis-type drugs from forfeited drugs which may be delivered to the department of health and human services for medical use. **OUGHT TO PASS**

Rep. Edwin O. Smith for Criminal Justice and Public Safety: While now permissible, this type of distribution is not used by health and human services. They are not interested in starting to use this procedure for various reasons. The most important reason is the lack of quality control from possibly locally produced cannabis-type drugs. Since we do not have a need by health and human services for this bill, all cannabis-type drugs confiscated will be disposed of as is currently being done. Vote 17-0.

Adopted and ordered to third reading.

HB 1635-FN, establishing the crime of criminal storage of a firearm. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: REFER FOR INTERIM STUDY.**

Rep. Walter J. Mikowski for the Majority of Criminal Justice and Public Safety: This bill would make it a class A misdemeanor if a person did not secure a firearm by locking it up or using a gun lock and allowed a child to get it. Although well intended, the bill does not take into account the reason many people have firearms in the home, for security of themselves and their families. The majority felt that the answer was firearm safety training at home by the parents and possibly in schools. There are many safety training courses available by different organizations that can be used for this purpose. Vote 9-5.

Rep. William V. Knowles for the Minority of Criminal Justice and Public Safety: This proposed legislation has merit but we did not have the time to clarify and refine some parts. There seemed to be a high percentage of gun owners who admitted to having unsecured loaded firearms on their premises. This bill is aimed at preventing access to firearms by children.

Majority report adopted.

RECESS

(Speaker Sytek in the Chair)

CACR 42, relating to public money used to compensate individuals for sectarian education. Providing that the provision prohibiting public money from being used to compensate individuals for education at sectarian schools be replaced with federal constitutional church-state separation protections. **INEXPEDIENT TO LEGISLATE**

Rep. Charles B. Yeaton for Education: This measure would open the door to the use of public money for the support of sectarian schools. The committee felt that the separation of church and state is

a long cherished tradition in our state which should be preserved. In addition, with the changes which are being considered due to the Claremont decision, now is not the time to make such a major decision. Vote 14-4.

Reps. Colburn, Alger and Mary Brown spoke against.

Rep. Estabrook spoke in favor and yielded to questions.

Rep. Durham spoke in favor.

Rep. Colburn requested a roll call; sufficiently seconded.

The question being the adoption of the report.

and the report was adopted.

HB 1215, establishing a committee to study the shortage of qualified and certified personnel in the delivery of services related to special education. MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. Clair A. Snyder for the Majority of Education: There is a vast shortage of qualified and certified personnel required to deliver services to special education students. This committee will investigate methods of enabling more graduates in these shortage areas to avail themselves of scholarships, special training programs, and interstate agreements in higher education. It would also investigate opportunities for districts to share services in these shortage areas. Vote 17-2.

Rep. Michael F. Marcinkowski for the Minority of Education: The minority feels the study is premature at this point in time. This legislative body has not addressed the major task and issue of defining adequate education nor the attendant costs of providing the level of the yet undefined definition of adequate education.

Majority report adopted and ordered to third reading.

HB 1230-FN-L, establishing a teacher improvement and evaluation program. REFER FOR INTERIM STUDY

Rep. Iris Estabrook for Education: It is generally recognized that improvement of teacher performance is an essential element of a successful school system. It is also essential that there be adequate teacher evaluation in order to insure fair non-renewal of teachers who do not meet the standards of the district. Since members of the committee felt this bill had some remaining problems to resolve, it is recommended that interim study be carried out so that this important issue may be properly addressed. Vote 13-7.

Adopted.

HB 1280-L, clarifying the procedures for background criminal checks for school employees and volunteers. OUGHT TO PASS WITH AMENDMENT

Rep. Michael F. Marcinkowski for Education: The bill and amendment clarifies that the school district shall identify the circumstances under which "designated" volunteers are required to undergo a criminal background check and to formulate appropriate procedure to govern such circumstances. Vote 18-2.

Amendment (0435h)

Amend RSA 189:13-a as inserted by section 1 of the bill by inserting after paragraph VI the following new paragraph:

VII. It shall be the responsibility of the local school board or other appropriate governing body in every school administrative unit, school district, and charter school in the state to identify the circumstances under which volunteers who are designated as having regular contact with pupils are required to undergo criminal background checks, and formulate an appropriate procedure to govern such circumstances. Such procedure shall be implemented within one year of the effective date of this paragraph.

Adopted.

Report adopted and ordered to third reading.

HB 1357-L, authorizing teachers in public schools to remove dangerous, disruptive, or uncooperative pupils from the classroom. **INEXPEDIENT TO LEGISLATE**

Rep. Phil A. Weber for Education: This is a well intended bill. However, this bill is not the solution to the issue of disruptive students in the classroom. Vote 15-2.

Adopted.

HB 1369, revising the student membership of the university system of New Hampshire board of trustees. **OUGHT TO PASS WITH AMENDMENT**

Rep. Amanda Merrill for Education: The original version of this bill called for the addition of two students to the university system of New Hampshire board of trustees, such that UNH, Keene State College and Plymouth State College would each have a representative. (Presently representation rotates among the three campuses.) The amendment, instead, calls for the addition of one student, such that UNH will have a student representative and the Keene and Plymouth campuses will have rotating student representation. Two students working together, one from the university campus and the other rotating member from the smaller college campuses will have more to offer the board than one isolated student representative. The bill also changes the dates of students' terms of office from June 1 - May 31 to July 1 - June 30 so that the students are dealing with the system budget near the end of their terms rather than at the beginning. Vote 11-8.

Amendment (0702h)

Amend the introductory paragraph of RSA 187-A:13 as inserted by section 1 of the bill by replacing it with the following:

The general government of the university system and its constituent divisions and institutions shall be vested in a single board of ~~[25]~~ 26 trustees composed as follows and in accordance with the following conditions:

Amend RSA 187-A:13, III as inserted by section 2 of the bill by replacing it with the following:

III. ~~[One member shall be a student enrolled at the university of New Hampshire, Keene state college or Plymouth state college. The office of student trustee shall be rotated among the 3 schools in the order in which they are listed.]~~ *Two members shall be students enrolled at institutions within the university system of New Hampshire as follows: one from the university of New Hampshire and one member chosen on a rotating basis from Keene state college and Plymouth state college, in the order in which they are listed.* The student ~~[trustee]~~ *trustees* shall be elected by the student body at ~~[the]~~ *each* school responsible for providing the student ~~[trustee]~~ *trustees*. Said ~~[school]~~ *schools* shall provide for the election of the student ~~[trustee]~~ *trustees* in March of the year for which the student ~~[trustee]~~ *trustees* shall be elected. The ~~[student trustee's term]~~ *term of the student trustees* shall be for one year commencing ~~[June]~~ *July* 1 of the year for which the student was elected and ending ~~[May 31]~~ *June 30* of the next year. *Student trustees shall be expected to serve the full duration of their elected term.* In the event that a student trustee ceases for any reason to attend the school from which the student was elected, the chancellor of the university system shall declare a vacancy in ~~[the]~~ *that* student trustee position, and the ~~[next school in order]~~ *school causing the vacancy, or, in the case of the rotating member vacancy, the next school in order,* shall elect ~~[the]~~ *a replacement* student trustee who shall serve for the remainder of the predecessor's term and an additional one-year term, immediately following thereafter. *Graduation of a student trustee shall not constitute a vacancy under this paragraph.*

AMENDED ANALYSIS

This bill revises the student membership on the university system of New Hampshire board of trustees from one rotating member to one permanent member from the university of New Hampshire, and one member chosen on a rotating basis from Keene state college and Plymouth state college.

Adopted.

On a division vote, 280 members having voted in the affirmative and 52 in the negative, the report was adopted.

Ordered to third reading.

HB 1414, relative to review of non-renewal of teachers contracts. MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. Susan B. Durham for the Majority of Education: The underlying intent of this bill is to help local school boards maintain excellent teachers in our schools. Local school boards recommending the non-renewal of a teacher must provide a full and fair hearing for the teacher thereby guaranteeing that the teacher is afforded all rights of due process. This bill provides that the exclusive remedy from a local school board non-renewal decision is a review by the state board of education. The amendment was added to clarify that the review will make sure that the decision of the local board is based on proper procedure and is not clearly erroneous, arbitrary or capricious, or in violation of law. (A further review by the supreme court also remains available to an aggrieved teacher.) The bill eliminates another review of local school board decisions by prohibiting grievances of the failure of a teacher to be renewed to be subject to binding arbitration. This does not interfere with existing collective bargaining agreements because a provision in the bill specifically provides that all current teacher contracts with binding arbitration provisions remain valid until the expiration of the contracts. This bill has the support of the NH School Boards Association and the NH School Administrators. The committee believes that this bill guarantees teachers receive a full and fair process for review of non-renewal decisions while at the same time streamlining the currently cumbersome process for local school boards to non-renew a teacher which is costly and time-consuming to the local school districts. Vote 15-3.

Rep. Arthur J. Pelletier for the Minority of Education: The minority recognizes that although there may be some problems with the current system regarding teacher non-renewals, the bill, even as amended, doesn't protect the rights of teachers who are non-renewed for other than poor performance. Still more serious, though, is the provision regarding grievance procedures which states, "no grievance resulting from the failure of a teacher to be renominated or re-elected pursuant to RSA 189:14-a, shall be subject to arbitration or any other binding resolution, except as provided by RSA 189:14-a and RSA 189:14-b. Any such provision in force as of the effective date of this section shall be null and void upon the expiration date of that collective bargaining agreement." This is an unwarranted interference by the state in local affairs, as it restricts the terms of a local contract while eliminating previously negotiated provisions upon expiration of a contract.

Amendment (0904h)

Amend RSA 189:14-b as inserted by section 1 of the bill by replacing it with the following:
189:14-b Review by State Board.

I. A teacher aggrieved by such decision may request the state board of education for review thereof. Such request for review by the state board of education shall be the exclusive remedy available to a teacher on the matter of the failure of such teacher to be renominated or reelected. Such request must be in writing and filed with the state board within 10 days after the issuance of the decision to be reviewed. Upon receipt of such request, the state board shall notify the school board of the request for review, and shall forthwith proceed to a consideration of the matter. Such consideration shall include a hearing if either party shall request it. The state board shall issue its decision within 15 days after the request for review is filed, and the decision of the state board shall be final and binding upon both parties.

II. The review by the state board of education shall be limited to:

(a) Determining if the school district has provided adequate notice and hearing regarding its decision not to renew the teacher's contract; and

(b) Determining if the school district's findings of fact are clearly erroneous, or that the reasons given for the decision not to reelect or renominate the teacher are arbitrary, capricious, or contrary to law. For the purposes of this paragraph, "arbitrary" or "capricious" means a willful and unreasonable action unsupported by or in disregard of relevant facts and evidence.
Adopted.

Reps. William Riley and Burling offered a floor amendment.

Floor Amendment (0988h)

Amend the bill by replacing section 1 with the following:

1 Review by State Board; Teacher Renomination or Rehiring; Appointment of Fair Hearing Officer. Amend RSA 189:14-b as follows:

189:14-b Review by State Board.

I. A teacher aggrieved by such decision may request the state board of education for review thereof. Such request must be in writing and filed with the state board within 10 days [after the issuance] of receipt of the decision to be reviewed. Upon receipt of such request, the state board shall notify the school board of the request for review, and shall forthwith proceed to [a consideration of the matter. Such consideration shall include a hearing if either party shall request it] review whether there is reasonable cause for non-renewal of the teacher. Such review shall be based on the full and complete record of the proceeding before the local school board. If on review the record is found to be in any way less than full and complete, the state board shall hold a de novo hearing on the issue of whether there is reasonable cause for non-renewal of the teacher. The state board shall issue its decision within [15] 30 days after the [request for review is filed, and the] review or hearing. The decision of the state board shall be final and binding upon both parties.

II. The state board may appoint any impartial person as a hearing officer pursuant to RSA 186:10-a. If either party objects to the person appointed by the state board on the basis of partiality, the state board shall appoint another person to act as a hearing officer.

III. A request for review under this section shall be the exclusive remedy available to a teacher on the matter of the failure of such teacher to be renominated or reelected.

AMENDED ANALYSIS

This bill designates the state board review of a teacher's contract as the exclusive remedy in cases where a teacher is not renominated or reelected, provides for the appointment of a hearing officer to review such cases, and prohibits a teacher's grievance based on failure to be renominated or reelected from being subject to binding arbitration.

Reps. William Riley and Burling spoke in favor.

Reps. Hoadley and O'Hearn spoke against and yielded to questions.

Rep. Burling requested a roll call; sufficiently seconded.

The question being the adoption of the floor amendment.

and the majority report was adopted.

Rep. Leone declared a conflict of interest and did not participate.

HB 1420-L, establishing a committee to study the impact of class sizes on overall educational performance. **INEXPEDIENT TO LEGISLATE**

Rep. Bernard J. Luebkert for Education: Much of the comment was that class size is a local issue and should not be mandated by the state. The committee recognizes that class size is important in the educational process but a study of the issue is not necessary at this time. Vote 14-4.

Adopted.

HB 1441, establishing a committee to study reporting requirements for communities which pay for special education costs and the impacts of court-ordered placements and services. **INEXPEDIENT TO LEGISLATE**

Rep. Arthur Tufts for Education: The costs of special education are being assessed and are available to all. A subcommittee of the house education committee met from April 24 to October 8 of 1997 and held fifteen meetings. Most of the single proponent's testimony concerned federal concerns and not New Hampshire's concerns. Vote 16-1.

Adopted.

HB 1476-L, enabling school districts to allow parental choice among public and nonpublic schools. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Susan B. Durham for the Majority of Education: During an all-day hearing the committee heard from many New Hampshire residents and two experts from out-of-state. The supporters say this is just enabling, but it would allow a school district to pass this by majority vote at a special meeting. Many testified that this would cost taxpayers more overall because special education costs would remain with the local education agency. Charter schools could provide choice in public schools if the local voters felt it would be beneficial fiscally or educationally. Vote 12-5.

Rep. Phil A. Weber for the Minority of Education: School choice, and competition with the current monopolistic public school structure, is a must. We will never be able to provide quality educational opportunities until the public school system has accountability. An outstanding method of improving public education would be if parents had the ability to choose the best educational opportunities for their kids. The current system of confiscatory taxation to support a closed monopolistic structure will in the end fail, even as it has in the former Soviet Union. We must be willing to admit the truth about the shortcomings of our current system and have the courage to change.

Reps. Weber and Mary Brown spoke against.

Reps. Durham and O'Hearn spoke in favor and yielded to questions.

Rep. Mary Brown requested a roll call; sufficiently seconded.

The question being the adoption of the majority report.

and the majority report was adopted.

HB 1478, recognizing American sign language as the primary language of deaf citizens. **INEXPEDIENT TO LEGISLATE**

Rep. Warren C. Henderson for Education: The committee heard testimony that there are many variations of language used by the hearing impaired. Designating one as superior to the others seemed unwarranted. The bill also would permit American sign language to satisfy the college foreign language requirement. The University of New Hampshire already offers such a course for credit. It is also not the duty of the legislature to direct colleges or schools as to what to offer for credit courses. Vote 11-4.

Adopted.

HB 1479, establishing education partnership agreements to encourage and enhance the study of scientific and technological discipline in the public schools. **INEXPEDIENT TO LEGISLATE**

Rep. Susan B. Durham for Education: The committee is in favor of encouraging schools in New Hampshire to establish educational partnership with federal laboratories but legislation is not needed. The information about these opportunities will be sent to the school technology plan oversight committees around the state. The person in charge of technology transfer at the Cold Regions Lab in Hanover is willing to be a conduit for inquiries about partnerships with federal laboratories around the country. Vote 17-2.

Adopted.

HB 1501, relative to amending certain provisions of the charter school law. **OUGHT TO PASS**
Rep. Marie Rabideau for Education: This bill amends charter school law by clarifying school districts will be “held harmless” from charter school action or inaction. It also clarifies that no duties are to be added to those of the school board and revises the method used to determine cost per pupil to reflect most recent and available data. The committee felt this was a “housekeeping” bill which refines charter school law. Vote 17-2.

Adopted and ordered to third reading.

HB 1530, regarding the reappointment of teachers in their probationary period. **INEXPEDIENT TO LEGISLATE**

Rep. Stanley N. Searles for Education: Although this bill had some support in committee, its features have some overlap with HB 1414 and certain Senate bills. The committee chose to ITL this bill and deal with these features in the Senate bills. Vote 12-5.

Adopted.

HB 1618-L, requiring schools to provide evaluative materials to non-custodial parents of pupils. **INEXPEDIENT TO LEGISLATE**

Rep. Elizabeth K. Hoadley for Education: This bill allows non-custodial parents access to evaluative materials concerning their children. The bill provides those parents will also have access to notices of school-based activities. The committee found several unresolved problems with the bill. Accordingly, the study committee investigating parental involvement in schools will be asked to consider the issues raised by this bill. Vote 17-2.

Adopted.

HR 52, encouraging school districts to include special education students in drug education programs. **INEXPEDIENT TO LEGISLATE**

Rep. William A. Riley for Education: School districts must include special education students in drug education programs by law. Therefore, HR 52 was considered to be unnecessary by the majority of the committee. Vote 15-4.

Adopted.

HB 1145, relative to the definition of “livestock.” **OUGHT TO PASS WITH AMENDMENT**
Rep. Perley E. Davis for Environment and Agriculture: This bill expands the definition of “livestock” to more clearly define the term as it is used today in agriculture, by including domesticated strains of buffalo, bison, llamas, alpacas, emus, ostriches, yak, elk, fallow deer and reindeer. Vote 19-1.

Amendment (0877h)

Amend the bill by replacing all after the enacting clause with the following:

1 Livestock; Definition; Humane Slaughter. Amend RSA 427:33, II to read as follows:

II. The term “livestock” means cattle, horses, swine, sheep, goats, *as well as domesticated strains of buffalo, bison, llamas, alpacas, emus, ostriches, yaks, elk (cervus elephus canadensis), fallow deer (dama dama), red deer (cervus elephus), reindeer (Rangifer taradus)*, and other species of animals susceptible of use in the production of meat and meat products;

2 Livestock; Definition; Livestock Auction. Amend RSA 427:38, III to read as follows:

III. “Livestock” shall mean all cattle, goats, sheep, swine, horses[;] or other equidae, *as well as domesticated strains of buffalo, bison, llamas, alpacas, emus, ostriches, yaks, elk (cervus elephus canadensis), fallow deer (dama dama), red deer (cervus elephus), reindeer (Rangifer taradus)*.

3 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill expands the definition of “livestock” to include domesticated strains of buffalo, bison, llamas, alpacas, emus, ostriches, yaks, elk, fallow deer, red deer, and reindeer.

Adopted.

Report adopted and ordered to third reading.

HB 1225, restricting the land application of solid wastes within certain distances of natural, rural, and community rivers. **OUGHT TO PASS WITH AMENDMENT**

Rep. Peter R. Leishman for Environment and Agriculture: This bill would exempt current approved sludge and septage agricultural application practices from the 250 foot set-back requirements along

rural/community rivers. This exemption would continue for five years only for past agricultural uses and indefinitely for research done by the University of New Hampshire. The committee believes before we prohibit the use of sludge and biosolids from some of our agricultural lands, more research needs to be conducted. However, to remove the 250 foot protective set-back for new applications of sludge and bio-solids from the comprehensive Shoreland Protection Act would be unwise. Vote 20-0.

Amendment (0774h)

Amend the title of the bill by replacing it with the following:

AN ACT restricting the land application of solid wastes within certain distances of natural, rural, rural-community, and community rivers and exempting certain uses allowed under prior interpretations of the law.

Amend the bill by replacing all after the enacting clause with the following:

1 Findings and Intent.

I. The general court recognizes that land application of septage and sludge within 250 feet of the rivers designated under the rivers management and protection program was allowed under rules adopted by the department of environmental services, and that the practice has recently been prohibited due to the department reinterpreting portions of the rivers management and protection program statute.

II. The general court finds that this prohibition may create an economic hardship for those farmers who have been land applying septage and sludge in accordance with the department's rules and who are now forced to discontinue use of these materials. This prohibition will also halt a valuable research project being conducted by the University of New Hampshire concerning the land application of sludge.

III. The general court finds that it is reasonable to allow such farmers, for a 5-year period, and research scientists, for an indefinite period, to continue applying septage and sludge within 250 feet of these designated rivers, and that such allowances will not create an undue risk of harm to the public or the environment. Furthermore, the general court intends to reexamine this issue at the end of the 5-year period, taking into account all creditable scientific information concerning the safety and environmental effects of land applying septage and sludge near rivers.

2 Natural Rivers Protection; Application of Solid Waste. RSA 483:9, VI(c) is repealed and reenacted to read as follows:

(c) Any land application within the river corridor of septage, sludge, or solid waste, as defined in RSA 149-M:4, XXIV, shall be set back a minimum of 250 feet from the normal high water mark and shall be immediately incorporated into the soil. The provisions of this subparagraph shall not apply to manure, lime, or wood ash when used for agricultural purposes.

3 Rural River Protection; Application of Solid Waste. RSA 483:9-a, VII(b) is repealed and reenacted to read as follows:

(b) Any land application within the river corridor of septage, sludge, or solid waste, as defined in RSA 149-M:4, XXIV, shall be set back a minimum of 250 feet from the normal high water mark and shall be immediately incorporated into the soil. The provisions of this subparagraph shall not apply to manure, lime, or wood ash when used for agricultural purposes.

4 Rural-Community Rivers Protection; Application of Solid Waste. RSA 483:9-aa, VII(b) is repealed and reenacted to read as follows:

(b) Any land application within the river corridor of septage, sludge, or solid waste, as defined in RSA 149-M:4, XXIV, shall be set back a minimum of 250 feet from the normal high water mark and shall be immediately incorporated into the soil. The provisions of this subparagraph shall not apply to manure, lime, or wood ash when used for agricultural purposes.

5 Community Rivers Protection; Application of Solid Waste. Amend RSA 483:9-b, VII(b) is repealed and reenacted to read as follows:

(b) Any land application within the river corridor of septage, sludge, or solid waste, as defined in RSA 149-M:4, XXIV, shall be set back a minimum of 250 feet from the normal high water mark and shall be immediately incorporated into the soil. The provisions of this subparagraph shall not apply to manure, lime, or wood ash when used for agricultural purposes.

6 Temporary Use Authorization. The septage and sludge land application restrictions contained in RSA 483:9, VI(c), RSA 483:9-a, VII(b), RSA 483:9-aa, VII(b), and RSA 483:9-b, VII(b) shall

not apply until 5 years after the effective date of this act to any land upon which septage or sludge has been spread in accordance with all applicable rules adopted by the federal Environmental Protection Agency and the New Hampshire department of environmental services, during any portion of the 3-year period prior to January 1, 1998. In addition, there shall be no termination of this restriction exemption for qualifying land that is used for scientific research on septage or sludge. Any continued application of septage and sludge pursuant to this section shall comply with all applicable federal and state laws and any best management practices published by the university of New Hampshire cooperative extension.

7 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill restricts the land application of solid wastes within certain distances of natural, rural, rural-community, and community rivers.

The bill also allows current septage and sludge application practices which have been used by farmers and researchers to continue, for the next 5 years for farmers and indefinitely for researchers.

Adopted.

Report adopted and ordered to third reading.

HB 1346, relative to the definition of disposal under the solid waste management act. OUGHT TO PASS WITH AMENDMENT

Rep. Harold P. Melcher for Environment and Agriculture: This bill is an agency bill to make clear and consistent the regulations of incineration and disposal of solid waste. It changes no regulation and is necessary housekeeping. Vote 21-0.

Amendment (0725h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to certain definitions under the solid waste management act.

Amend the bill by replacing section 2 with the following:

2 New Paragraph; Definition Added; Incineration. Amend RSA 149-M:4 by inserting after paragraph X the following new paragraph:

XI. "Incinerator" means a facility which employs a method of using controlled thermal combustion, including flame combustion, to thermally break down waste or other materials, including refuse-derived fuel, to an ash residue that contains little or no combustible materials.

3 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill removes incineration from the definition of disposal under RSA 149-M, the solid waste management act and adds a definition of incinerator.

This bill is a request of the department of environmental services.

Adopted.

Report adopted and ordered to third reading.

HB 1431, prohibiting the aerial spraying of herbicides for forestry purposes. INEXPEDIENT TO LEGISLATE

Rep. David L. Babson for Environment and Agriculture: The committee felt that the revised rules on aerial spraying of herbicides which will be in place in the near future should be given an opportunity to work. Vote 14-6.

Adopted.

HB 1453, relative to products from sludge-treated soil. INEXPEDIENT TO LEGISLATE

Rep. Peter R. Leishman for Environment and Agriculture: The committee felt the bill as written was unworkable and could raise issues with labeling unwarranted from evidence presented. However, there may be merit in the concept and as a result the Committee Chairman has created a study committee on labeling to report back with potential legislation next session. Vote 18-3.

Adopted.

HB 1454, relative to the spreading of sludge or biosolids. **REFER FOR INTERIM STUDY**
 Rep. Betty B. Hall for Environment and Agriculture: This controversial issue, landspreading of sludge, has so many ramifications a moratorium is only one solution. More study is needed to review evolving research. New rules are in the process of adoption, random testing is currently happening and results need to be carefully analyzed. Vote 19-2.
 Adopted.

HB 1477, clarifying the waste reduction goals for the state of New Hampshire. **REFER FOR INTERIM STUDY**
 Rep. Betty B. Hall for Environment and Agriculture: The recycling sub-committee has been studying clarifying recycling goals and needs more time to complete its work. Therefore the committee recommends interim study. Vote 21-1.
 Adopted.

HB 1606-L, relative to liability for response to hazardous materials accidents. **OUGHT TO PASS WITH AMENDMENT**
 Rep. Richard T. Trelfa for Environment and Agriculture: As introduced this bill modified existing statutes to broaden liability for contamination of equipment and personnel gear occurring during response of police, fire, emergency preparedness or emergency response equipment to a discharge of hazardous or toxic wastes, and to include certain personnel costs. The bill also changed the initial appeal process for the liable person from the Commissioner of the Department of Environmental Services to the Commissioner of the Department of Safety. The amendment clarifies definition of the person liable, clarifies and limits that liable person's financial exposure and sets up appropriate mechanisms for control. Vote 17-2.

Amendment (0847h)

Amend the bill by replacing all after the enacting clause with the following:

1 Public Safety and Welfare; Firewards, Firefighters, and Fire Hazards; Liability Concerning Hazardous Materials Accidents. RSA 154:8-a, II-a is repealed and reenacted to read as follows:

II-a.(a) Any person whose act or omission caused the actual discharge of hazardous materials or toxic wastes which resulted in the response of police, fire, emergency preparedness, or emergency response equipment shall be responsible for payment of the cost of the equipment use or replacement of the equipment used, if damaged or expended, in containing the hazardous materials or toxic wastes.

(b) Any person whose act or omission caused the actual discharge of hazardous materials or toxic wastes shall be responsible for payment of the personnel costs of police, fire, public safety, and municipal personnel, including mutual aid standby personnel, directly involved in the emergency response, except that costs for on-duty paid personnel who have responded to the emergency involving the discharge of hazardous materials during their assigned duty shift shall not be costs eligible for reimbursement.

(c) The response to fires or other emergencies where the discharge of hazardous materials is incidental to the fire or other emergency and does not require the use of specialized hazardous materials response equipment or personnel specially trained pursuant to 40 C.F.R. section 311 shall not be costs eligible for reimbursement.

(d) Within 30 days after the equipment leaves the site of the incident, the municipality, organization, or mutual aid district which seeks payment shall submit a bill for cost of equipment use, equipment cleanup, or equipment replacement and the costs of personnel, if applicable, to the person responsible for the equipment contamination under subparagraph (a) and the costs of personnel under subparagraph (b). At the time of billing, the municipality, organization, or mutual aid district which seeks payment shall notify the billed party that an appeal may be filed with the commissioner of safety within 30 days of the receipt of the bill. Payment shall be made directly to the municipality, to the organization, or to the mutual aid district. A municipality, organization, or mutual aid district within whose jurisdiction the incident occurs is authorized to collect payment on behalf of the municipalities, organizations, or mutual aid districts that participated in the response and to disburse payment accordingly.

(e) The person responsible for the equipment contamination may appeal payment for such costs within 30 days of receipt of the bill for the costs to the commissioner of safety. The commis-

sioner shall hold an administrative hearing within 30 days after receiving the appeal, at which time the extent of liability for costs shall be determined. The commissioner shall issue a decision within 30 days after holding the hearing. Any person aggrieved by a decision of the commissioner under this section may appeal the decision to the superior court in the same manner as that prescribed in RSA 263:75, II and III.

(f) If no appeal is filed within 30 days after receipt of the bill, the person responsible for the equipment contamination shall be deemed to have waived all rights to appeal and shall be liable to the municipality, organization, or mutual aid district for the total amount billed.

(g) The commissioner of safety shall establish rates for equipment usage and personnel costs that shall be the maximum amount that may be charged by any municipality, organization, or mutual aid district in accordance with this section. The guidelines for establishing the rates shall be adopted pursuant to RSA 541-A. To the extent possible, the rates shall reflect the actual costs for emergency response to hazardous materials incidents for municipalities throughout the state.

2 Effective Date. This act shall take effect 60 days after its passage.

Adopted.

Report adopted and ordered to third reading.

HB 1623, relative to a waiting period before a dog or cat may be euthanized and relative to requirements for cats. **OUGHT TO PASS WITH AMENDMENT**

Rep. Richard T. Trelfa for Environment and Agriculture: As introduced, this bill required a waiting period before an animal care center could consider an unlicensed cat or dog to be abandoned. It also required outdoor cats to have identification and to be spayed or neutered. The amendment replaces the original bill and accomplishes the following: 1.) Increases the waiting period before euthanization for cats which have a form of positive identification. 2.) Mandates that all animal shelter facilities (as defined in RSA 437:2, I) shall have on premises a microchip scanner (no charge to the shelter) and a file of recognized pet retrieval agencies. Where an owner is not known all shelters shall inspect for tattoos, ear tags or other forms of positive identification and shall scan for a microchip upon admission of an animal and prior to transferring ownership of an unclaimed or abandoned animal. 3.) Sets up safeguards for transfer of ownership of a cat to include a) inoculation b) issuance of a health certificate and c) establishing a form of positive identification including but not limited to a tattoo, collar, microchip, ear tag, or any other permanent form of identification approved by the commissioner of agriculture, markets and food. 4.) Changes the holding period for vaccinated ferrets from 45 days to 10 days to reflect increased knowledge of ferret immune reactions pursuant to studies by the USDA. Vote 18-1.

Amendment (0797h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to a waiting period before a cat or ferret may be euthanized, relative to requirements for cats, ferrets, and dogs transferred from animal shelter facilities, and relative to ferret rabies suspects.

Amend the bill by replacing all after the enacting clause with the following:

1 Ferret Rabies Suspects. Amend RSA 436:105-b, II and III to read as follows:

II. Any *apparently healthy* ferret not vaccinated or whose vaccination status is unknown which has bitten any person and caused a puncture of the skin or which has caused a nonbite exposure of the person shall be seized and, *if the owner consents, impounded under the supervision of the local authorities for a period of not less than 10 days. If, upon examination by a licensed veterinarian, the ferret has no signs of rabies at the end of the impoundment, it may be released to the owner. Any illness in the ferret during confinement or before release shall be evaluated by a licensed veterinarian. If signs suggestive of rabies develop, the ferret shall be euthanized and the head sent for examination to the public health laboratory, department of health and human services. It shall be the responsibility of the owner for any expense for the examination and for the impoundment of the ferret. If the owner of the ferret is not known or if the owner does not consent to impoundment, the ferret shall be euthanized upon seizure and the head sent for examination to the public health laboratory, department of health and human services.* It shall be the responsibility of the owner for any expense for euthanizing the ferret and for preparing the head for shipment to the public health laboratory. If the owner of the ferret is not known, the state shall be responsible for the expense.

III. Any healthy ferret vaccinated in accordance with RSA 436:100, which has bitten any person and caused a puncture of the skin or which has caused a nonbite exposure, shall be confined by the owner or other responsible person as required by the local authorities for a period of [45] 10 days, at which time the ferret shall be examined by a licensed veterinarian. If no signs of rabies are observed by the veterinarian, the ferret may be released from confinement. Any illness in the ferret during confinement or before release shall be evaluated by a licensed veterinarian. If signs suggestive of rabies develop, the ferret shall be euthanized and the head sent for examination to the public health laboratory, department of health and human services. It shall be the responsibility of the owner for any expense for the examination and the impoundment of the ferret, for euthanizing the ferret and for preparing the head for shipment to the public health laboratory. If the owner of the ferret does not consent to the confinement or if the owner of the ferret is not known, the state shall be responsible for the expense.

2 Abandoned Cats and Ferrets; Waiting Period. Amend RSA 437:18, IV to read as follows:

IV. "Abandoned animal" means:

(a) Any animal whose owner neglects or refuses to reclaim it within 7 days after the mailing of the notification provided for in RSA 437:19[~~or~~].

(b) Any animal left in an animal care center by a person unknown or by an owner who, when leaving the animal, gives a false name or false address.

(c) *Any ferret in the custody of the animal care center for at least 7 days.*

(d) *Any cat in the custody of the animal care center for at least 7 days which has a form of positive identification including, but not limited to a tattoo, collar, microchip, eartag, or any other form of identification approved by the commissioner of agriculture, markets, and food pursuant to rules adopted under RSA 466:13-a.*

3 Exemption for Animal Shelters; Importation and Sale of Dogs, Cats, and Ferrets. RSA 437:10, III is repealed and reenacted to read as follows:

III. Animal shelter facilities, as defined in RSA 437:2, I, are exempt from the requirements of this subdivision relative to accepting, selling, or transferring dogs, cats, and ferrets except that:

(a) All animal shelter facilities shall have on premises a microchip scanner and shall maintain a file of recognized pet retrieval agencies including but not limited to national tattoo or microchip registries.

(b) Where an owner is not known, all animal shelter facilities shall inspect for tattoos, ear tags, or other permanent forms of positive identification and shall scan for a microchip upon admission of an unclaimed or abandoned animal as defined in RSA 437:18, IV and prior to transferring ownership of an unclaimed or abandoned animal.

(c) All animal shelters shall comply with the provisions of RSA 437:13-a, IV.

4 Health Certificates for Cats; Section Heading Changed. Amend RSA 437:13-a to read as follows: 437:13-a [Breeder's] Health Certificate *for Cats*.

I. No cat shall be [~~sold~~] *transferred by any person in the state or out of the state [by a breeder] for a fee* without first being inoculated against infectious diseases using a vaccine approved by the state veterinarian and unless accompanied by an official health certificate issued by a licensed veterinarian within 14 days. Said *health* certificate shall be in triplicate, of which one copy shall be sent to the state veterinarian, one copy shall be kept by the [~~breeder~~] *person transferring ownership* of said cat for a period of at least 3 years, and one copy shall be given to the [~~purchaser~~] *new owner*.

II. For purposes of this section, an official health certificate means a certificate signed by a licensed veterinarian on a form approved by the state veterinarian, containing the name and address of the [~~breeder~~] *person transferring ownership of the cat*, the age, sex, breed and description of the cat, a list of all types of vaccines or medication administered to the cat, and the certification of the veterinarian that the cat is free from visual evidence of any communicable diseases.

III. No [~~breeder~~] *person* shall deliver or cause to be delivered any cat less than 8 weeks of age.

IV. All incorporated or chartered humane societies with operating shelters in the state of New Hampshire are exempt from the requirements of this section relative to selling or transferring cats *except that all cats transferred out of an animal shelter facility shall have a form of positive identification, including but not limited to a tattoo, collar, microchip, ear tag, or any other permanent form of identification approved by the commissioner of agriculture, markets, and food and shall have been vaccinated against rabies in accordance with RSA 436.*

V. [In this section, "breeder" means any person who breeds cats for sale:

~~VH:~~ The commissioner of the department of agriculture, markets, and food or [his] designee is hereby authorized on [his] *the commissioner's* own initiative or pursuant to complaints of other persons to investigate any complaints made pursuant to this section and to enforce the penalties of RSA ~~(437:13-a, VH)~~ *437:13-a, VI*. The commissioner shall adopt rules under RSA 541-A relative to the procedures for such investigations.

~~[VH:]VI.~~ Notwithstanding the provisions of RSA title LXII, any person violating any of the provisions of this section shall be fined not less than \$100 for the first offense, \$200 for the second offense, and \$500 for each succeeding offense. Each violation shall be considered a separate offense. Fines and penalties under this section shall be delivered to the state treasurer for deposit into the general fund.

5 Section Heading Changed; Reclaiming of Animals; Application to Cats. Amend RSA 437:19 to read as follows:

437:19 Notice to Owner; *Reclaiming of Animals*. The operator of an animal care center having custody of an animal, the owner of which has refused or neglected to reclaim the animal for a period of 7 days, or has refused or neglected to pay the just fees and charges due for boarding, grooming, surgical, medical or other care of the animal for a period of 7 days, shall notify the owner by certified mail of the intention of the operator to treat the animal as an abandoned animal within the meaning of this subdivision if the owner does not reclaim the animal or pay the charges and fees within 7 days after the mailing of the notification. *Any cat not licensed in accordance with RSA 466:13-a and which is reclaimed from an animal care center shall be released to the owner only upon proof of a current, valid rabies vaccination or upon being vaccinated against rabies in accordance with RSA 436.*

6 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill:

(a) Adds requirements for a waiting period before an animal care center may consider a cat or ferret to be abandoned.

(b) Adds new requirements for cats relative to reclaiming, health certificates, and identification.

(c) Changes the procedure for ferret rabies suspects.

(d) Adds requirements for animal shelter facilities relative to dogs, cats, and ferrets.

Adopted.

Report adopted and ordered to third reading.

HB 1438, establishing a committee to study the regulation of personnel employed in early care and education including, but not limited to, center and family-based child care and preschools. **OUGHT TO PASS WITH AMENDMENT**

Rep. Miriam D. Dunn for Executive Departments and Administration: This bill creates a study committee to examine the issues of regulating personnel employed in early child care and education, including, but not limited to, center and family-based child care and preschools. The committee will review relevant research and national studies with specific attention to the role of regulation in improving the quality of care for our youngest children. The amendment expands the committee's duties to include input from the public, professionals, parents and related state agencies. Vote 14-4.

Amendment (0838h)

Amend the bill by replacing section 3 with the following:

3 Duties.

I. The committee shall examine the implications of implementing occupational regulation of personnel employed in early childhood programs, including directors, teachers, teacher assistants, and child care workers. Other duties shall include, but not be limited to, review and documentation of the effects of occupational regulation on the health, safety, and quality of care and education of young children; the position of the National Association for the Educators of Young Children (NAEYC) with regard to occupational regulation in early childhood education; and preparation of a report of the studies of occupational regulation and certification in early childhood education in other states with special attention to possible agreements of reciprocity.

II. The committee shall consult with the following individuals and groups to obtain additional information:

- (a) The commissioner of the department of education, or designee.
- (b) The commissioner of the department of health and human services, or designee.
- (c) The president of the New Hampshire Association for the Education of Young Children.
- (d) The president of the New Hampshire Child Care Association, or designee.
- (e) The president of the New Hampshire Child Care Directors Association, or designee.
- (f) The president of the New Hampshire Family Child Care Association, or designee.
- (g) A faculty member from an institution of higher education who teaches early childhood education.

(h) Individual parents as the committee deems necessary.

(i) Members of the New Hampshire Child Care Advisory Committee as established by RSA 126-A:17.

Adopted.

Report adopted and ordered to third reading.

HB 1556-FN, transferring the division of fire standards and training to the department of regional community-technical colleges. INEXPEDIENT TO LEGISLATE

Rep. Ray F. Langer for Executive Departments and Administration: Except for the sponsor all of the testimony the committee heard was opposed to the bill for various reasons: (1) there were no funds to support the division if the transfer was approved, (2) the firemen would have difficulties meeting training standards, and (3) such a move would place training for firefighters back 20 to 40 years. Vote 17-0.

Adopted.

HB 1640-FN, prohibiting the use of public resources for political purposes. REFER FOR INTERIM STUDY

Rep. Howard C. Dickinson, Jr. for Executive Departments and Administration: This bill as written made little sense, so the committee focused on the sponsor's amendment which prohibits public employees or appointed officials of the state or its political subdivisions from working on political agendas or committees for candidates. Also, these same employees or officials would be prevented from using public facilities or their office equipment or supplies or from soliciting contributions for their purposes. While this may seem to make good sense and many were surprised to discover that this was not already on the books, the amendment goes on to say that the prohibitions shall not apply to public employees who work for elected officials. Clearly, this leads to some very strange places and situations, and the committee wished to explore these further during the interim. Vote 15-3.

Adopted.

HB 1653, relative to the composition of the board of barbering, cosmetology, and esthetics. OUGHT TO PASS

Rep. Sylvia A. Holley for Executive Departments and Administration: This bill changes the make up of the Board of Barbering, Cosmetology and Esthetics. One of two licensed barbers members is replaced by a licensed manicurist. This change in make up of the board more accurately reflects the membership of those licensed by the board. No other changes are made. Vote 12-5.

Rep. Goulet spoke against.

The report failed.

Rep. Goulet moved Ought to Pass with Amendment and offered a floor amendment.

Floor Amendment (0974h)

Amend the bill by replacing sections 1 and 2 with the following:

1 Board Composition Changed; Licensed Manicurist and Additional Public Member Added.
Amend RSA 313-A:2, I to read as follows:

I. There shall be a board of barbering, cosmetology, and esthetics consisting of 7 members as follows: [2] *one* licensed [~~barbers~~] *barber*, [2] *one* licensed [~~cosmetologists~~] *cosmetologist*, one licensed esthetician, *one licensed manicurist*, one licensed cosmetology school owner who shall be a resident of New Hampshire or a designee of such owner who shall be a licensed cosmetolo-

gist and a resident of New Hampshire, and ~~[one]~~ 2 public ~~[member]~~ *members*, each to be appointed by the governor with the consent of the council to a term of 5 years. No board member shall be appointed to more than 2 consecutive terms. Only board members provided for in this paragraph shall have the authority to vote in board determinations.

2 Application; Current Board Members. Barber members and cosmetologist members of the board of barbering, cosmetology, and esthetics serving on the effective date of this act shall serve for the remainder of their terms. The appointment of a manicurist member of the board as required by RSA 313-A:2, I as amended in section 1 of this act shall be made upon the first expiration of the term, or other vacancy, of a barber member occurring on the board. The appointment of the additional public member of the board as required by RSA 313-A:2, I as amended in section 1 of this act shall be made upon the first expiration of the term, or other vacancy, of a cosmetologist member occurring on the board, who is not the cosmetology school owner or designee.

AMENDED ANALYSIS

This bill changes the membership on the board of barbering, cosmetology, and esthetics by replacing a member who is licensed barber with a member who is a licensed manicurist and by replacing a member who is a licensed cosmetologist with an additional public member.

Rep. Dodge spoke in favor.

Adopted.

Report adopted and ordered to third reading.

CACR 40, relating to imposing limitations on state government spending. Providing that the legislative and executive budgets cannot be more than 98 percent of the previous year's revenues, with the remainder being placed into a stabilization fund. **INEXPEDIENT TO LEGISLATE**

Rep. Arthur P. Klemm, Jr. for Finance: This bill, if passed, would limit the legislative and executive budgets to 98 percent of the previous year's revenues with the remainder being placed into a stabilization fund. The committee felt that we already have the power to do this and we would not be giving ourselves any new authority that we don't already possess and that there must be some flexibility to deal with the budget in good times as well as bad. Vote 17-5.
Adopted.

HB 1217, relative to balancing the operating budget. **OUGHT TO PASS WITH AMENDMENT**
Rep. Arthur P. Klemm, Jr. for Finance: This bill puts into statute what is the legislature's current practice. This bill states that the General Court must pass a balanced budget not only from the Finance Committee but the entire House and Senate. The amendment puts into statute that in creating a balanced budget neither the Governor nor the General Court can bond indebtedness to fund operating appropriations. The amendment also states that projected lapses may be used in balancing the budget. Vote 16-6.

Amendment (0894h)

Amend the bill by replacing all after the enacting clause with the following:

1 Gender-Neutral; Governor's Budget; Transmission to the Legislature. Amend RSA 9:2 to read as follows:

9:2 Transmission to the Legislature. Not later than February 15 of the year of each biennial legislative session, the governor shall transmit to the legislature a document to be known as a budget setting forth ~~[his]~~ *the governor's* financial program for each of the fiscal years of the ensuing biennium and having the character and scope hereinafter set forth.

2 Governor's Budget; Form and Contents. Amend RSA 9:3 to read as follows:

9:3 Form and Contents. The budget shall consist of 3 parts, the nature and contents of which shall be as follows:

I. Part I shall consist of the governor's budget message, in which ~~[he]~~ *the governor* shall set forth:

~~[(1)-His]~~ (a) *The governor's* program for meeting all the expenditure needs of the government for each of the years of the biennium to which the budget relates, indicating the classes of funds, general or special, from which such appropriations are to be made and the means through which such expenditures shall be financed;

~~[(2)]~~ (b) Financial statements giving in summary form:

[(a)] (1) The condition of the treasury at the end of the last completed fiscal year, the estimated condition of the treasury at the end of the year in progress, and the estimated condition of the treasury at the end of each of the 2 years to which the budget relates if [his] *the governor's* budget proposals are put into effect;

[(b)] (2) Statements showing the bonded indebtedness of the state, debt authorized and unissued, debt redemption and interest requirements, and condition of the sinking funds, if any;

[(c)] (3) A summary of appropriations recommended for each of the years of the biennium to which the budget relates for each department and for the state as a whole in comparison with actual expenditures for the last completed fiscal year and estimated expenditures for the year in progress;

[(d)] (4) A summary of the revenue estimated to be received by the state during each of the 2 years of the biennium to which the budget relates, classified according to sources in comparison with the actual revenue received by the state during the last completed fiscal year and estimated income during the year in progress, and

[(e)] (5) Such other financial statements, data, and comments as in [his] *the governor's* opinion are necessary or desirable in order to make known in all practicable detail the financial condition and operations of the state and the effect that the budget as proposed by [him] *the governor* will have on such condition and operations. If the estimated revenues of the state for the ensuing biennium as set forth in the budget on the basis of existing laws, plus the estimated amounts in the treasury at the close of the year in progress available for expenditure in the ensuing biennial period is less than the aggregate recommended for the ensuing biennial period as contained in the budget, the governor shall make recommendations to the legislature in respect to the manner in which such deficit shall be met, whether by an increase in the state tax or the imposition of new taxes, increased rates on existing taxes, or otherwise; and if the aggregate of such estimated revenues, plus estimated balances in the treasury is greater than such recommended appropriations for the ensuing biennial period, [he] *the governor* shall make such recommendations in reference to the application of such surplus to the reduction of debt or otherwise, to the reduction in taxation, or to such other action as in [his] *the governor's* opinion is in the interest of the public welfare. *The governor's operating budget shall not use bonded indebtedness to fund operating appropriations. Nothing contained herein shall prohibit the use of projected lapses in determining compliance with this section.*

II. Part II shall present in detail [his] *the governor's* recommendations for appropriations to meet the expenditure needs of the state from each general class of funds, classified by departments, and indicating for each the appropriations recommended for[-(a)] meeting the cost of administration, operation, and maintenance of such departments.

III. Part III shall embrace a draft or drafts of appropriation bills having for their purpose to give legal sanction to the appropriations recommended to be made in parts I and II. Such appropriation bills shall indicate the funds, general or special, from which such appropriations shall be paid, but such appropriations need not be in greater detail than to indicate the total appropriation to be made for[-(a)] administration, operation, and maintenance of each department for each fiscal year of the biennium.

3 New Section; Legislature; Adoption of Operating Budget. Amend RSA 9 by inserting after section 8-a the following new section:

9:8-b Adoption of Operating Budget. The general court shall not adopt an operating budget for any fund, or any other legislation which provides for appropriations, which exceed the state's total estimated revenues from existing, increased, or new taxes, fees, operating income and other sources. If the estimated revenues of the state for the ensuing biennium as set forth in the budget on the basis of existing laws, plus the estimated amounts in the treasury at the close of the year in progress available for expenditure in the ensuing biennial period is less than the aggregate recommended for the ensuing biennial period as contained in the budget, the general court shall adopt a budget in which such deficit shall be met, whether by an increase in the state tax or the imposition of new taxes, increased rates on existing taxes, or otherwise; and if the aggregate of such estimated revenues, plus estimated balances in the treasury is greater than such recommended appropriations for the ensuing biennial period, the general court shall adopt a budget applying such surplus to the reduction of debt or otherwise, to the reduction in taxation, or to such other action as is in the interest of the public welfare. Such operating budget shall not use bonded indebtedness to fund operating appropriations. Nothing contained herein shall prohibit the use of projected lapses in determining compliance with this section.

4 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill prohibits the governor from proposing and the legislature from adopting an operating budget for any fund or any other legislation which provides for appropriations which exceed the total estimated revenues from taxes, fees, operating income, and other sources. The bill also prohibits the use of bonded indebtedness to fund operating appropriations.

Adopted.

Report adopted and ordered to third reading.

HB 1295-FN, relative to reimbursing the state medical assistance program. **OUGHT TO PASS**
Rep. William S. Belvin for Finance: This bill is a clarification that allows the state to recover Medicaid payments from third parties, typically insurance companies. It requires that timely notice be given to the Department of Health and Human Services prior to disbursement of any third party funds to recipients. No attorneys' fees shall be deducted from the amount due the state from such award or settlement. \$250,000 of annual revenue is estimated, half of which will be returned to the federal government as their Medicaid match. Vote 12-5.

Adopted and ordered to third reading.

HB 1300, relative to the revenue stabilization reserve account. **OUGHT TO PASS WITH AMENDMENT**

Rep. Arthur P. Klemm, Jr. for Finance: This bill, as amended, is an attempt by the Finance Committee to build up our reserves in the "rainy day" fund and the Health Care Transition Fund. It will require at the end of the biennium any surplus be divided as follows: 25% would go into the General Fund surplus account, and the remaining 75% would be split 50/50 between the Revenue Stabilization Reserve Account and the Health Care Transition Fund. There is a cap of \$100,000,000 of principal being placed on the Health Fund with any extra money going into the Revenue Stabilization Reserve Account. The amendment also changes the cap on the "rainy day" fund from 5 to 10% of the actual General Fund unrestricted revenues for the most recently completed fiscal year as well as changing the name of the Health Care Transition Fund to the Health Care Fund. Vote 19-3.

Rep. Kurk moved Recommit to Committee and spoke in favor.

Adopted.

HB 1310, relative to legislative approval of expenditure of federal and other funds. **OUGHT TO PASS WITH AMENDMENT**

Rep. O. Alan Thulander for Finance: This bill adds the Legislative Fiscal Committee to the present procedure utilized for the acceptance and expenditure of non-state funds, i.e., federal aid, bequests, gifts, etc. by the Governor and Council for sums exceeding \$100,000. Vote 13-9.

Amendment (0886h)

Amend the bill by replacing sections 2 and 3 with the following:

2 New Paragraph; Fiscal Committee Approval Required for Acceptance and Expenditure of Funds Over \$100,000 From Any Non-State Source. Amend RSA 14:30-a by inserting after paragraph V the following new paragraph:

VI. Any non-state funds in excess of \$100,000, whether public or private, including refunds of expenditures, federal aid, local funds, gifts, bequests, grants, and funds from any other non-state source, which under state law require the approval of governor and council for acceptance and expenditure, may be accepted and expended by the proper persons or agencies in the state government only with the prior approval of the fiscal committee.

3 Fiscal Committee Approval Required for Expenditure of Federal Aid. Amend RSA 124:4 to read as follows:

124:4 Application for[;] and Administration of *Federal Aid*. Notwithstanding any other provision of law, the governor and council are hereby authorized to designate from time to time, as they may deem in the best interest of the state, the proper persons or agencies in the state government to take all necessary action to apply for, receive and administer any federal benefits, facilities, grants-in-aid, or other federal appropriations or services made available to assist state activities, for which the state is, or may become eligible. *All such moneys in excess of \$100,000 made available, after designation by the governor and council, may be expended by the proper persons or agencies in the state government only with the prior approval of the joint legislative fiscal com-*

mittee. In addition to such other instruments, documents and agreements as may be executed ~~[hereunder]~~ **under the authority of this section**, such persons or agencies may ~~[, whenever the same shall be required as a condition to the receipt of such federal assistance, with the approval of the governor and council]~~ execute indemnification agreements, **with the approval of governor and council**, in the name of the state with and for the benefit of the United States *whenever such execution is required as a condition of receipt of such federal assistance*.

AMENDED ANALYSIS

This bill requires that acceptance and expenditures of federal aid and any other non-state funds in excess of \$100,000 be approved by the joint legislative fiscal committee.

Adopted.

Report adopted and ordered to third reading.

SPECIAL ORDER

Rep. Kurk moved that **HB 1397-FN-A-L**, reestablishing the investment tax credit against the business profits tax under the community development finance authority, be made a Special Order in regular calendar order for Thursday, March 12, 1998.

Adopted.

REGULAR CALENDAR (CONT'D.)

HB 1399-FN, revising certain information required in the state operating budget. **OUGHT TO PASS WITH AMENDMENT**

Rep. Margaret A. Lynch for Finance: This bill provides for the elimination of all but Class 90 accounts in the University System of New Hampshire budget. The USNH budget will show only the General Fund activity within the Class 90 accounts. This change recognizes the reality of the existing situation, which is that the state funds the University System on a grant basis. All budget details, however, would be available for executive and legislative review. The amendment removes the section of the bill requiring all departments to prepare a supplemental schedule of equipment inventories. This addition would have required the establishment of a Supervisor I labor grade 18 position. Because of the fiscal impact, this section was removed from the original bill. Vote 22-0.

Amendment (0906h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Section; General Fund Accounts; Higher Education. Amend RSA 9 by inserting after section 4-d the following new section:

9:4-e General Fund Income Accounts for Higher Education. Beginning with fiscal year 2000, for the higher education fund (06-06) the state operating budget shall show only the class 90 general fund income accounts. Nothing in this section shall prevent a legislative or executive request for detailed budgets of the institutions included in higher education.

2 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill provides for the elimination of all but class 90 accounts in the higher education portions of the budget.

Adopted.

Report adopted and ordered to third reading.

HB 1400-FN, relative to the powers and duties of the commissioner of health and human services. **OUGHT TO PASS WITH AMENDMENT**

Rep. Mary Jane Wallner for Finance: This bill as amended makes several changes to the powers and duties of the Commissioner of Health and Human Services. The first change is restoring to the transfer of funds process the need for Fiscal Committee approval before funds are transferred. This process will end at the end of this biennium (June 30, 1999). In 1995 with HB 32, the legislature took away the bumping privileges of the employees of Health and Human Services. This bill will restore the bumping privileges. The bill also provides that a department will not need prior authorization from the Governor and Council for out-of-state trip expenses unless four or more employees are traveling. This provision of the bill pertains to all departments. In addition,

the bill requires the Department of Health and Human Services to produce quarterly reports on accounts payable and how promptly bills are being paid to providers of services. The bill also repeals the rule-making authority given to the Commissioner of Health and Human Services in HB 32. Vote 20-1.

Amendment (0911h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the powers and duties of the commissioner of health and human services and relative to out-of-state trips by state officials or employees.

Amend the bill by replacing all after the enacting clause with the following:

1 Statement of Intent. In 1995, the general court granted broad powers to the commissioner of health and human services to reorganize the department and institute budgetary efficiencies while maintaining citizen services. The general court recognizes that the increased authority has largely served its purpose with respect to reorganization. It is the intent of the general court to restore comparability in powers among state agencies and reestablish the traditional system of checks and balances among the branches of government.

2 Out-of-State Trips. Amend RSA 9:25 to read as follows:

9:25 Out-of-State Trips. Expenses for ~~[out-of-the-state]~~ *out-of-state* trips by *4 or more* state officials or employees shall not be a charge against the state, unless advance authorization for such trips has been procured from the governor and council.

3 Transfer Authority. Amend RSA 126-A:1(a) to read as follows:

(a) Make such transfer among any and all accounts and program appropriation units of the department as the commissioner shall deem necessary and appropriate to effect a reorganization of the department, address present or projected budget deficits, or respond to changes in federal laws, regulations or programs and otherwise as necessary for the efficient management of the department. ~~[At least 10 days prior to executing such transfer, the commissioner shall notify the legislative fiscal committee of such transfer and of the impact of such transfer on programs and services of the department. Within 10 days of the commissioner's notification to the legislative fiscal committee, the committee shall determine whether the transfer will eliminate or substantially reduce a departmental program or service. If the committee determines that the transfer eliminates or substantially reduces a departmental program or service, the committee shall inform the commissioner of its determination before the 10-day period lapses, and the commissioner shall not execute the transfer without obtaining the approval of the legislative fiscal committee and the governor. If the legislative fiscal committee makes a determination that the transfer does not eliminate or substantially reduce a departmental program or service, the committee shall notify the commissioner that the commissioner may execute the transfer. If the legislative fiscal committee does not make a determination on the transfer within the 10-day period, the commissioner may execute the transfer without the approval of the legislative fiscal committee and the governor.]~~ *The commissioner shall not execute a transfer without obtaining the approval of the legislative fiscal committee and the governor and council.*

4 New Paragraph; Quarterly Reports on Grants Required. Amend RSA 126-A:5 by inserting after paragraph II the following new paragraph:

II-a. The commissioner shall produce a quarterly report, starting with the quarter ending September 30, 1998, which shall list the quarterly and fiscal year-to-date expenditures and payables for each of the separate class 90 grant accounts administered by the department exceeding \$1,000,000 for the fiscal year. The report shall be on an accrual basis. Payables shall be aged in standard 30-day increments and aging of payables shall start with the date the bill is received by the department without regard to whether the bill is subsequently adjusted. The report shall be submitted to the legislative budget assistant, the house and senate finance committees, the house speaker, senate president, and the governor.

5 Repeal. RSA 126-A:1(a), relative to the commissioner's transfer authority is repealed.

6 Repeals. The following are repealed:

I. RSA 9:26, relative to an exception to out-of-state trips.

II. RSA 126-A:16, III relative to departmental rules.

III. RSA 99:9, IV, relative to bumping privileges.

IV. 1995, 310:3, I, relative to the prospective repeal on December 31, 1998, of the commissioner's transfer authority.

7 Effective Date.

I. Section 5 of this act shall take effect June 30, 1999.

II. The remainder of this act shall take effect upon its passage.

AMENDED ANALYSIS

This bill makes certain changes in the powers and duties of the commissioner of the department of health and human services. Specifically, this bill:

- (1) Amends the provision of law authorizing broad transfer authority within program appropriation units.
- (2) Repeals certain aspects of the commissioner's rulemaking authority.
- (3) Repeals the provision of law limiting bumping privileges.

This bill requires out-of-state trips by 4 or more state officials or employees to be approved by the governor and council.

This bill also requires the commissioner of health and human services to produce certain quarterly reports.

Adopted.

Reps. Perkins and Kurk spoke in favor.

Report adopted and ordered to third reading.

Reps. Flora and Salatiello declared conflicts of interest and did not participate.

HB 1439-FN-A, relative to reducing the amount of meals and rooms tax retained by operators and designating the moneys to a nonlapsing fund in the department of resources and economic development for the promotion of tourism. **INEXPEDIENT TO LEGISLATE**

Rep. Marie C. Hawkinson for Finance: The Department of Revenue Administration requires businesses to keep records and submit taxes collected by them. This bill would reduce the amount of meals and rooms tax retained by operators from 3% to 1½% and put the other 1½% into a non-lapsing fund in the Department of Resources and Economic Development for the promotion of tourism. This would affect harshly many small businesses which receive the small reimbursement fee. During the last session DRED received substantial increases in its budget for printing and advertising, joint promotion advertising, and international tourism. Additional funds for this biennium are unnecessary. Vote 17-0.

Adopted.

Rep. Krueger declared a conflict of interest and did not participate.

HB 1563, prohibiting physicians from prescribing or administering cannabis-type drugs. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: OUGHT TO PASS WITH AMENDMENT.**

Rep. Alphonse A. Haettenschwiller for the Majority of Health, Human Services and Elderly Affairs: This bill was recommitted to consider more information. The original bill called for repeal of the schedule allowing physicians to prescribe cannabis derivatives, mainly Marinol, which has been law since 1981, for treatment of some post-treatment cancer patients. As amended by the committee, the bill was passed 18-0 to permit prescribing for other medical conditions. After receiving further information, the committee majority decided to retain the bill as originally amended. Vote 15-1.

Rep. Robert K. Boyce for the Minority of Health, Human Services and Elderly Affairs: All discussion in the committee revolved around the schedule II drug, Marinol, a derivative of marijuana. There was question about whether this section allows the prescriptive use of marijuana. The consensus was that it should not. The committee rejected an amendment stating that this RSA does not allow prescriptive use of marijuana.

Majority Amendment (0479h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the professional use of cannabis-type drugs.

Amend the bill by replacing all after the enacting clause with the following:

1 Professional Use of Cannabis-Type Drugs. Amend RSA 318-B:10, VI to read as follows:

VI. Notwithstanding any other law to the contrary, an attending physician, in good faith and in the course of [his] *the attending physician's* professional practice only, may prescribe and administer cannabis-type drugs, or the attending physician may cause such drugs to be administered by a nurse or intern under [his] *such physician's* direction and supervision[~~to a patient who is receiving radiation or chemotherapy treatment for cancer~~].

2 Effective Date. This act shall take effect January 1, 1999.

AMENDED ANALYSIS

This bill clarifies the professional use of cannabis-type drugs for illness.
Rep. Emerton spoke against the Majority amendment.
The amendment failed.
Rep. Emerton offered a floor amendment.

Floor Amendment (0929h)

Amend the title of the bill by replacing it with the following:
AN ACT relative to the professional use of cannabis-type drugs.
Amend the bill by replacing all after the enacting clause with the following:

1 Professional Use of Cannabis-Type Drugs. Amend RSA 318-B:10, VI to read as follows:

VI. Notwithstanding any other law to the contrary, an attending physician, in good faith and in the course of [his] *the attending physician's* professional practice only, may prescribe and administer *federal Food and Drug Administration approved and classified* cannabis-type drugs, or the attending physician may cause such drugs to be administered by a nurse or intern under [his] *such physician's* direction and supervision[~~to a patient who is receiving radiation or chemotherapy treatment for cancer~~].

2 Effective Date. This act shall take effect January 1, 1999.

AMENDED ANALYSIS

This bill clarifies the professional use of cannabis-type drugs for illness.
Rep. Emerton spoke in favor and yielded to questions.
Rep. Boyce spoke in favor.
Adopted.
Report adopted and ordered to third reading.

HB 1658-FN, relative to prohibiting the cloning of human beings in New Hampshire. OUGHT TO PASS WITH AMENDMENT

Rep. Thomas E. Donovan for Health, Human Services and Elderly Affairs: This bill establishes a 5-year moratorium relative to the cloning of a human being. The bill also establishes a commission to study the issue of cloning and requires the commission to present annual reports to the house, senate and governor. Vote 11-6.

Amendment (0859h)

Amend the bill by replacing all after section 1 with the following:

2 New Chapter; Human Cloning Prohibited. Amend RSA by inserting after chapter 141-H the following new chapter:

CHAPTER 141-I

HUMAN CLONING PROHIBITED

141-I:1 Human Cloning.

I. No person shall clone a human being.

II. No person shall purchase, sell, offer, make available, or have in his or her possession an ovum, zygote, embryo, or fetus for the purpose of cloning a human being.

III. For purposes of this chapter:

(a) "Clone" means the practice of creating or attempting to create a human being by transferring the nucleus from a human cell from whatever source into a human egg cell from which the nucleus has been removed for the purpose of, or to implant, the resulting product to initiate a pregnancy that could result in the birth of a human being.

(b) "Commissioner" means the commissioner of the department of health and human services.

141-I:2 Commission Established.

I. There is hereby established a commission on human cloning. The commission shall consist of the following members:

(a) The commissioner, or designee.

(b) Two members of the house of representatives, appointed by the speaker of the house.

(c) Two members of the senate, appointed by the president of the senate.

(d) Eight members appointed by the governor and council, one licensed physician, one each representing the fields of religion, biotechnology, genetics, law, and bioethics, and 2 public mem-

bers. The term of the members in subparagraphs (a) - (c) shall be coterminous with their terms in office. The term of office of each member appointed by the governor and council shall be 3 years and until a successor is appointed. Vacancies shall be filled in the same manner and for the unexpired terms. The legislative members of the commission shall be reimbursed for mileage when attending to the duties of the commission.

II. The commission shall evaluate the medical, ethical, and social implications of human cloning and shall review public policy of such implications.

III. The commission shall make an annual report on or before January 1 of each year to the speaker of the house of representatives, the president of the senate, and the governor.

141-I:3 Civil Penalty; Disciplinary Actions.

I. Any person who violates the provisions of this chapter shall be subject to a civil penalty not to exceed \$250,000 if a natural person or \$1,000,000 if any other person. In addition, any person who derives pecuniary gain from a violation of this chapter shall be assessed a civil penalty of not more than an amount equal to the amount of the gross gain multiplied by 2. All penalties collected under this section shall be deposited in the general fund.

II. Any physician, licensed pursuant to RSA 329, who violates this chapter shall be subject to disciplinary action under RSA 329:17.

III. Any business incorporated pursuant to RSA 293-A which violates the provisions of this chapter shall have its certificate of authority revoked.

3 New Subparagraph; Human Cloning. Amend RSA 329:17, VI by inserting after subparagraph (k) the following new subparagraph:

(l) Has violated the provisions of RSA 141-I.

4 Applicability. The commissioner of health and human services shall call the first meeting of the commission established in section 2 of this act within 30 days after passage of this act. The members of the commission shall elect a chairperson at the first meeting.

5 Funding. The department of health and human services has determined that no additional funds are necessary to implement this act.

6 Repeal. RSA 141-I, relative to human cloning, is repealed.

7 Effective Date.

I. Section 6 of this act shall take effect January 1, 2004.

II. The remainder of this act shall take effect upon its passage.

Adopted.

Rep. Jacobson spoke against.

Reps. Cushing and Donovan spoke in favor and yielded to questions.

On a division vote, 224 members having voted in the affirmative and 89 in the negative, the report was adopted.

Ordered to third reading.

CACR 31, relating to the rulemaking authority of the supreme court. Providing that supreme court rules are effective only when not inconsistent with statute. **INEXPEDIENT TO LEGISLATE**
Rep. Sandra B. Keans for Judiciary and Family Law: It is inappropriate to put this question before the voters because another bill setting up a study committee has been passed to deal with the same sections of the Constitution. The report of the study is due November 1, 1998. If there is a reason to go forward this CACR can be introduced in January. Vote 10-5.

Rep. Jacobson spoke against and yielded to questions.

Rep. Keans spoke in favor and yielded to questions.

Reps. Cobbin and Mirski spoke against.

Rep. Peterson spoke in favor.

Rep. Weber requested a roll call; sufficiently seconded.

The question being the adoption of the report.

PROTEST

Pursuant to Part 2, Article 24 of the New Hampshire Constitution, Rep. Cobbin requested that his protest be entered on the Journal.

The notion that the people amending the Constitution would provoke a constitutional crisis is, of course, ludicrous as is the report of the Committee and the vote of the House.

REMARKS

Rep. Hill moved that the remarks made by Rep. Jacobson on CACR 31 be printed in the Journal. Adopted.

If you are feeling confused about the changes in the committee report regarding CACR 31, you can relax. It is only a demonstration of the power of the court's lobbyist and that of the Bar Association. The lobbyist is an attractive young woman and if it were not for the fact that I am so irascible, I also may have succumbed. In 1969, when I came to the Legislature, I was under the naïve assumption that the public good is the standard for measuring the validity of a measure, but after 24 years the public good still seems shadowy and distant as a criterion for the passage or defeat of proposed legislation. I have also learned that even if the public good is there, it oftentimes does not have a lobbyist. CACR 31, which seeks some legislative input into certain questions in the court's rule-making power with respect to Part II, Article 73-a, has, since its adoption, been more controversial than any other amendment to the New Hampshire Constitution. May I also say that this is going to be very stodgy and boring, so do not feel that I will be offended if you get up and leave for more charming conversations. So, for those who are willing to endure and in order that each member has an opportunity to understand the issue, a little bit of history is in order. For 194 years, the court operated successfully without Part II, Article 73-a, without much controversy. In the 1974 Constitutional Convention, Resolution 141 was introduced which said that the Chief Justice of the Supreme Court "shall be the administrative head of the courts." Nothing was said about any rules of procedure. However, when it came out of committee, it had the following sentence: "The rules so promulgated shall have the force and effect of law." As many of us know, this sentence has been the source of continuing controversy because it fundamentally changed the historic relationship between the court and the legislature. At this 1974 meeting, Delegate Martin Gross asked what effect that sentence would have on the legislature's ability in providing statutes on court procedures in the future. "Is my understanding correct that this amendment, if adopted, would not deprive the legislature of its right that it presently has, to regulate court procedure by statute?" Delegate Nighswander answered: "I would think that any power that they have now, they would still have." But it certainly did not turn out that way as the court now, under this amendment, claims exclusive power. Now, in the 1984 Constitutional Convention, there was Resolution 100 in which the majority report suggested that there be a legislative review of the rules so promulgated. Again, Delegate Martin Gross said, "The issue is whether authority over court procedures is to be allowed to slip from the exclusive control of the courts themselves, or whether we will continue to allow the legislature to step into reform procedures when necessary." On the other hand, Delegate Conti argued that "The court, in a government of separate powers, does not and cannot intrude on these internal rules of the legislature. The Legislature in turn, in my judgment, is without constitutional authority to intrude on the court's power to make rules." What is interesting about this is the comparison of judicial rules and legislative rules. Our constitutional right to make rules affects only those who are the members, whereas the rules of court can affect

every individual. The meeting failed to adopt that by a vote of 130-to-189. Now, we come to 1996 when the House passed HB 1549 which had to do with the rule of evidence with respect to sexual assault. It passed the House. When it got to the Senate, the bill was sent up for an advisory judicial opinion. In January of 1997, the court said that HB 1549 was unconstitutional. There was a wave of anguish in the legislature over the decision. Our distinguished House Speaker, Donna Sytek, had a wonderful response. This is what she said: "This was an attempt to walk on the rocks of this raging stream of judicial opinion and not get wet. We got splashed on this one. We may have to find some other rocks. We may have to build a bridge over that stream." The court argued that "The legislature has no more right to break down the rules prescribed by the court to assure fundamental due process in criminal trials than the court has to prescribe the mode and manner in which the legislature shall perform its legislative duties." That is exactly the same kind of thing that was argued before. I think it is important to remember that the New Hampshire Constitution's separation of powers, as in Part I, Article 37, is bound in by the consent of the governed, and the only direct appeal that the people have is through its legislature. If that be not so, we are confronted by a dangerous philosophy. What is most fascinating about this 1997 decision in support of the court with regard to judicial opinions is that the classic one used was Merrill v. Sherburne in 1818. I say classic because this is the case that established the power of judicial review in New Hampshire that is consistent with Marbury v. Madison on the federal level, and with which I agree. Prior to that, this legislature actually acted as though it were judicially, and legislatively as well, a court. But in that decision it contained some very interesting words and I would like to quote these: "Nor can they be both judicial and legislative because a marked difference exists between the employments of judicial and legislative tribunals. The former decide upon the legality of claims and conduct; the latter make rules upon which, in connection with the constitution, those decisions should be founded." In other words, it affirmed the right of the legislature to make rules with regards to procedure. What is also fascinating about this 1997 decision is that if you read it through never once does it utilize Part II, Article 73-a in its argument, but solely relies on this decision and Part I, Article 37. One could well conclude from that argument that Part II, Article 73-a is actually unnecessary. I read this rather than just talk because it is a complicated subject. What I am saying to you is, and what I believe is, that we ought to have, that is the people of New Hampshire, ought to have an opportunity to review this most controversial amendment and let them affirm it or let them deny it. Then, the matter can be settled. I leave it up to you to make that kind of decision. Thank you.

REGULAR CALENDAR (CONT'D.)

HB 1144, relative to protecting personal privacy. INEXPEDIENT TO LEGISLATE

Rep. Andrew R. Peterson for Judiciary and Family Law: The committee deadlocked twice on this piece of legislation which concerns personal privacy issues to which we are all sensitive. However, the majority found that this bill, if enacted, would leave the State of New Hampshire an island in the broad ocean of credit (and other) practices in the United States and could result in serious unintended consequences to the flow of commerce. The aims of this bill, in the opinion of the majority, are better pursued through Federal legislation, as it presupposes changes which would indeed be national in scope. Vote 9-7.

Rep. Sabella spoke against and yielded to questions.

Rep. Peterson spoke in favor.

Rep. McGough requested a roll call; sufficiently seconded.

The question being the adoption of the report.

Leone, Richard			

and the report was adopted.

HB 1376, relative to co-parenting of children. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.

Rep. Terence R. Pfaff for the Majority of Judiciary and Family Law: In 99% of divorce cases joint legal custody is granted. This bill presumes we can legislate better communication between parents when it is the breakdown in communications which frequently precedes divorces. While the intent of this bill is to have more and better contact between children and parents, this isn't the appropriate method to achieve that. The committee believes that within the context of the best interest of the child the custody issues are extremely important and urge the court to ensure that judges and masters take advantage of every possible opportunity to receive training that will help them render fair and impartial decisions based on the very real individual circumstances of each family. Vote 13-2.

Rep. David A. Bickford for the Minority of Judiciary and Family Law: This bill recognizes the value of both parents and would create a policy to assure minor children could have frequent and significant time with each parent on a shared basis whenever possible, but not necessarily equal in time and hours.

Majority report adopted.

HB 1452, relative to expanding the court's authority for debt collection by including license revocation and suspension. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.

Rep. Sandra B. Keans for the Majority of Judiciary and Family Law: The committee is sympathetic with the intent of the sponsor to use the threat of removal of a driver's license to collect debts between individuals. The courts do use this system to enforce child support payments because the state sees this as in the best interests of the child's security. However, we don't believe there is a compelling state reason to enter into the middle of financial matters between two adults. Vote 11-1.

Rep. David A. Bickford for the Minority of Judiciary and Family Law: License revocation is a collection method presently used for the benefit of custodial parents which helps alleviate jail overcrowding. This bill expands this tool to benefit all citizens. It would be of particular help to non-custodial parents to collect debts owed to them thereby reducing the need to lower child support payments. The collection of debts owed to all members of a family is paramount to supporting families.

Majority report adopted.

HB 1470, relative to protection of religious freedoms. INEXPEDIENT TO LEGISLATE

Rep. Marjorie K. Smith for Judiciary and Family Law: This bill alludes to some serious and complex issues relating to balancing potentially competing constitutional rights. However, it was not heard by the committee until the Friday before the reporting deadline, leaving no time for appropriate consideration. There was testimony that the bill might not adequately address the issue. Some suggested that a constitutional amendment might be the appropriate solution, others favored legislation under consideration in other states. Because this is the second year of the biennium and the Judiciary and Family Law has already committed to interim study on six bills, the committee concluded that it would be appropriate to ask the sponsor to work with interested parties both within and outside of the legislature in order to come back in the next session with a bill which more closely meets the goals of the sponsors. Vote 10-3.

Adopted.

HB 1471, allowing loss of familial relationship damages in wrongful death actions. OUGHT TO PASS

Rep. Benjamin J. DePecol for Judiciary and Family Law: At times our legal system seems to treat our children as economic property. In our non-agrarian society this concept is outdated. This bill says to the courts that our children provide we parents with comfort, society, affection, guidance, companionship and many other qualities as the parents provide to our children. This puts all concerned on an equal legal level of recovery in wrongful death cases. Vote 9-5.

Adopted and ordered to third reading.

HB 1486, establishing a committee to study joint physical custody and child support guidelines. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.

Rep. Irene A. Pratt for the Majority of Judiciary and Family Law: It appears premature to establish another study committee regarding joint physical custody and child support guideline issues when the 1995 study and findings are presently addressed in HB 774. Vote 14-1.

Rep. David F. Bickford for the Minority of Judiciary and Family Law: This bill would have merely studied what 14 other states have adopted in whole or part.

Majority report adopted.

HB 1622-FN, relative to remedies and appeals under the whistleblowers' protection act. **OUGHT TO PASS**

Rep. David A. Bickford for Judiciary and Family Law: This bill allows compensation and attorneys' fees for employees under the whistleblowers' protection act and permits appeals to the superior court. Vote 7-5.

Rep. DePecol yielded to questions.

Adopted and ordered to third reading.

HB 1417-L, relative to involvement in mediation in collective bargaining negotiations by certain municipalities. **MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.** Rep. Robert E. Clegg, Jr. for the Majority of Labor, Industrial and Rehabilitative Services: This bill only pertains to those municipalities where the employer is also the legislative body. Under current law a mediator can require that the full employer body attend mediation in public bargaining. Being that the employer is also the legislative body, the result is that anything done during negotiations is done as a legislative body, making it impossible to separate the two functions. In at least a couple of cases the mediator has called the full body into negotiations. In those cases the employer body, recognizing the conflict, refused to participate as a whole and sent a representative(s) instead. While those known cases came to agreement, had they not the employer body could have been hit with an unfair labor practice for not following the mediator's instructions. It is worthy of noting that while mediators have instructed full employer/legislative bodies to participate in negotiations, no such requirement has ever been placed upon the union's bargaining unit—that the full legislative body of the union participate in negotiations. Those individuals serving in governing positions within municipalities currently affected want nothing more than to make the process fair, even, and beneficial for those they were elected to represent. This bill will do that. Vote 10-9.

Rep. Edgar H. Mears for the Minority of Labor, Industrial and Rehabilitative Services: The Minority contends that no compelling testimony was given to justify changes to RSA 273-A:12. Under current law, mediation is a voluntary process where either party can walk away. Furthermore, the Labor Committee is currently sponsoring public sessions to further study the public employee labor relations law. We feel it is premature to change the law at this time.

Rep. Daniels spoke against the Majority report.

The report failed.

Rep. Daniels moved Ought to Pass with Amendment and offered a floor amendment.

Floor Amendment (0942h)

Amend the bill by replacing all after the enacting clause with the following:

1 Mediation with Certain Municipalities. Amend RSA 273-A:12, IV to read as follows:

IV. If the impasse is not resolved following the action of the legislative body, negotiations shall be reopened. Mediation may be requested by either party and may, *at the mediator's option*, involve the board of the public employer [if the mediator so chooses]. *In cases where the board of the public employer also serves as the legislative body of a political subdivision, the mediator may request no more than one less than a quorum of the legislative body to participate in the mediation.*

2 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill provides that in mediation in collective bargaining negotiations, where the public employer also serves as the legislative body of a political subdivision, the mediator may request no more than one less than a quorum of the legislative body to participate in the mediation.

Rep. Daniels spoke in favor.

Adopted.

Report adopted and ordered to third reading.

HB 1446, relative to certain private employers under workers' compensation. **OUGHT TO PASS** Rep. Robert E. Clegg, Jr. for Labor, Industrial and Rehabilitative Services: This allows small farmers with an aggregate payroll of less than \$2,000. per calendar year to elect to carry private insurance instead of Workers' Compensation Insurance. Vote 13-5.

Adopted and ordered to third reading.

RESOLUTION

Rep. Wheeler offered the following: **RESOLVED**, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet Thursday, March 12, 1998 at 10:00 a.m. Adopted.

LATE SESSION**Third reading and final passage**

HB 1147, relative to corporate filings with the secretary of state.

HB 1165, relative to the incorporation, management, branching and merger of banks.

HB 1311, adopting the 1994 revisions to article 8 of the uniform commercial code relative to investment securities.

HB 1312, adopting the 1995 revisions to article 5 of the uniform commercial code relative to letters of credit.

HB 1314, relative to enforceable provisions in retail installment contracts for motor vehicles.

HB 1536, establishing a committee to study women's health care.

HB 1551-FN, adding dental insurance to the continuing insurance coverage for certain employees.

HB 1129, relative to the penalty and substance abuse treatment for multiple DWI offenders who have previously successfully completed a multiple DWI offender intervention detention center program.

HB 1149, relative to the power to detain an accused person without a warrant for breach of conditions of release on bail.

HB 1307, relative to penalties for habitual offenders.

HB 1448, relative to confidential communication between victims and counselors.

HB 1561-FN, preventing computer pornography and child exploitation and increasing penalties for possession under the child pornography laws.

HB 1588-FN, relative to causing injury to a police dog or horse.

HB 1209, revising the interagency agreement for special education.

RECESS

(Speaker Sytek in the Chair)

Rep. Lozeau moved that the House adjourn.

Adopted.

HOUSE JOURNAL No. 7

Thursday, March 12, 1998

The House assembled at 10:00 a.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Prayer was offered by Guest Chaplain, Representative Eric Lindblade.

God of yesterday, today and tomorrow, as we plunge into the agenda of the day, remind us that each is a little life never to be lived again. Help us to be patient and forgiving in the fret and jar of our deliberations, mindful of how lonely it can be to espouse an unpopular point of view or fight for lost causes. Teach us a less strident tone of voice, a greater charity of words and more openness of mind, that when this day is past, we part content and without regret for what we have said and done. Amen.

Rep. Edwin Smith led the Pledge of Allegiance.

LEAVES OF ABSENCE

Reps. George Brown, David Cote, Ferguson, Robert Foster, Gosselin, Hall, Healy, O'Rourke, Pepino, Perkins, Rubin, Paul Taylor and Carol Williams, the day, illness.
